**EXPLANATION**

The purpose of this amendment is to exercise two years of the four year renewal option available in order to ensure the continuation of special educational consultation and advocacy services for children and youth residing in a private placement. As of August 2015, there were two-hundred forty-four (244) children in residential placement.

Many children, who are in placement through the involvement with the Department of Health and Human Services, Division for Children, Youth and Families, have complicated educational needs due to factors, such as: prenatal exposure to drugs, alcohol, and other pre-birth trauma, early trauma resulting from abuse and/or neglect. These factors often cause children to need specialized educational strategies, techniques and specialized school placements. In addition, navigating the special education system can be very challenging for parents and residential staff, especially when the child's needs are particularly complex.

The Department is satisfied with the services provided by Ms. Fox. Ms. Fox brings a unique perspective and experience in working with residential and education programs as well as parents. This unique experience has fostered improvements within the special education needs of the children residing in placement through the involvement of the Division for Children, Youth and Families.

This contract was competitively bid.

This agreement contains language which allows for the option to renew for up to four additional years, based upon continued availability of funds, satisfactory performance and approval of the Governor and Executive Council.

Should the Governor and Executive Council not approve this request, children residing in private placement with involvement of the Division for Children, Youth and Families may not have access to special educational and/or advocacy services. These services ensure the child's educational needs are met. In addition, Title 1 Program school team may not have the assistance necessary for future planning and strategies for students transitioning out of the Title 1 Program.

In the event that Other Funds become no longer available, no further general funds will be requested to support this contract.

The purpose of this agreement is for the provision of necessary special educational and educational consulting and advocacy for children and youth residing in a private placement. As of August 2015, there were two-hundred and forty-four (244) children in residential placement.

These factors often cause children to need specialized educational strategies, techniques and specialized school placements.

This contract was competitively bid. The Department issued a Request for Applications from individuals or organizations for a DCYF Educational Consultant for the provision of educational consulting (including special education consultation) and advocacy for children and youth residing in a private placement with private placement education staff on the Department's website from July 22, 2015 to August 13, 2015. **INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
