WHEREAS, portions of New Hampshire received more than three inches of rain in less than an hour on Tuesday, July 2, 2013;

WHEREAS, the National Weather Service has forecasted that the severe weather pattern will continue to persist in the region;

WHEREAS, the severe weather system has caused flooding and extensive damage to state and local roads;

WHEREAS, citizens have been evacuated from their homes because of the weather damage and emergency shelters have been opened to provide the emergency services to individuals who have been displaced because of localized flooding;

WHEREAS, the severe weather system has caused high river levels and ground saturation, increasing the risk for additional flash flooding as the rain continues;

WHEREAS, I have directed Homeland Security and Emergency Management and other state agencies to respond to the storm by activating the Emergency Operations Center, implementing the State's Emergency Operations Plan, monitoring weather and flood conditions, and providing local assistance and planning in response to this severe weather event;
