ADDENDUM TO ELECTION LAW COMPLAINT FORM, SEEKING TO REMOVE FROM THE BALLOT PRESIDENTIAL CANDIDATE FROM DEMOCRAT PARTY BARACK HUSSEIN OBAMA, II DUE TO LACK OF ELIGIBILITY, LACK OF PROOF OF NATURAL BORN US CITIZEN STATUS DUE TO LACK OF ANY LEGAL AND VERIFYABLE IDENTIFICATION DOCUMENTS AND DUE TO FRAUDULENT USE OF A CONNECTICUT SOCIAL SECURITY NUMBER 042 -68-4425, WHICH WAS NEVER ASSIGNED TO HIM ACCORDING TO E-VERIFY AND SSNVS, AND DUE TO USE OF A COMPUTER GENERATED FORGERY INSTEAD OF A VALID LONG FORM U.S. BIRTH CERTIFICATE.

Complaint is procedurally timely and correct

I. Filing a Complaint

a. Anyone may report alleged violations of State or Federal election laws subject to enforcement by the Attorney General by submitting a completed Election Law Complaint Form.

b. The Election Law Complaint Form shall:

(1) Be written legibly and signed by the complainant;

(a) If the complaint relates to a violation of a right established by Title III of the Help America Vote Act of 2002, the complaint must be sworn to by the complainant in front of a Notary Public or Justice of the Peace.

(b) The Attorney General's Office and the Secretary of State's Office will provide Notary Public or Justice of the Peace services for an Election Law Complaint Form free of charge. Town Clerks, City Clerks, and other public officials who are Notaries Public or Justices of the Peace are encouraged to provide their services free of charge for the purpose of filing an Election Law Complaint Form.

(2) Contain a statement that an election official, a town/city/village district, a candidate, a political committee, an individual, or a corporation has violated a State election law or Federal election law subject to enforcement by the Attorney General and, if known, the requirement, statute, or regulation that has been violated;

(3) Contain a statement of the facts on which the complaint is based;

(4) Allege a violation that occurred not more than one year prior to the date the complaint is being submitted, unless a longer period is reasonable because the violation is continuing; and

(5) Identify by name, address, and phone number any known witnesses or other victims.

c. Any written communication satisfying the requirements set forth above shall constitute a complaint for the purposes of these procedures.

d. Complaints shall be mailed, faxed, or delivered to:

Attorney General
Civil Bureau
33 Capital Street
Concord, NH 03301
Fax 603-271-2110

Complaints shall be considered filed on the date that they are received at the Attorney General's Office.

II. Investigation

a. The Attorney General or his designee will evaluate each complaint.

(1) If the complaint does not state a violation of any State or Federal election law subject to enforcement by the Attorney General, the complainant and the subject(s) of the complaint shall be notified in writing.

(2) If the complaint alleges a violation of any State or Federal election law subject to enforcement by the Attorney General, an inquiry shall be initiated.

b. Unless the nature of the allegation makes doing so inappropriate, an initial step in the inquiry will be to notify the subject of the complaint and afford the subject an opportunity to provide a response to the complaint.

c. The Attorney General's Office will publicly neither confirm nor deny the receipt of a complaint nor the existence of an investigation, unless doing so is deemed necessary to gather information or alert the public to a preventable hazard.

d. If the subject of the complaint elects to provide a response, upon receipt of the response, the complaint and response will be evaluated to determine if an investigation is necessary to resolve the complaint.

e. Complaints shall be resolved in one of the following ways:

(1) Criminal Prosecution – If a criminal penalty exists for the election law violation and the evidence and circumstances warrant criminal prosecution, the Attorney General, directly or through a County Attorney or Police Prosecutor, will prosecute the alleged offender.

(2) Civil Prosecution – If a civil penalty exists for the election law violation and the evidence and circumstances warrant imposition of a civil penalty, the Attorney General will pursue imposition of a civil penalty in accordance with applicable law.

(3) Cease and Desist Order – If the election law authorizes the Attorney General to issue a Cease and Desist Order and the evidence and circumstances warrant issuance of a Cease and Desist Order, the Attorney General will pursue issuance of a Cease and Desist Order in accordance with applicable law.

(4) Written Warning – If the election law does not provide for any penalty or if the evidence and circumstances support a conclusion that wrongdoing occurred, but the evidence and circumstances do not support or warrant a criminal prosecution, a civil penalty, or a cease and desist order, the Attorney General will issue a written warning if warranted.

(5) Closure Letter with Recommendations – If the evidence and circumstances do not warrant any of the above actions, but the Attorney General concludes that the subjects of the complaint failed to follow recommendations issued by the Secretary of State or the Attorney General or recognized best practices, the Attorney General may issue a Closure Letter to the subject of the complaint with recommendations for best practices.

(6) Closure Letter, Complaint Unfounded – If the evidence and circumstances support the conclusion that the subject of the complaint did not violate any election laws and followed the published recommendations of the Secretary of State and the Attorney General, the Attorney General will issue a Closure Letter declaring the complaint unfounded.

f. If the complaint involves a violation of a right established by Title III of the Help America Vote Act and the Attorney General determines that the complaint will be resolved by a criminal prosecution or civil penalty, the complainant shall be notified and afforded an opportunity to attend any public court sessions held to resolve the complaint.

g. If the complaint involves a violation of a right established by Title III of the Help America Vote Act and the Attorney General determines that the complaint will be resolved by a Cease and Desist Order, a Written Warning, Closure Letter with Recommendations or Closure Letter Complaint Unfounded, the complainant shall be issued a copy of the closure letter.

h. The complainant and the subject of the complaint shall have a right to request a hearing on the record before a hearing officer appointed by the Attorney General. The purpose of the hearing will be to afford the complainant, the subject, and the Assistant

Attorney General who handled the matter to present evidence and arguments supporting resolution or arguing for an alternative resolution.

III. Hearing Process

a. Notice – The complainant or the subject of the complaint must file a written notice challenging the resolution with the Attorney General within 30 days of the date on which the documents announcing the resolution of the complaint are issued.

b. The Attorney General shall appoint a hearing officer who shall be a senior member of the Attorney General's Office who was not previously involved in any way in the investigation of the complaint, or a private attorney.

c. The Hearing Officer shall schedule a hearing within 30 days of the receipt by the Attorney General's Office of the written request for a hearing.

d. The Hearing Officer shall issue a notice of hearing that includes:

- (1) Parties names and addresses;
- (2) Date, time, and location of hearing;
- (3) Statute(s) in question;
- (4) A copy of the Cease and Desist Order, Written Warning, Closure letter with Recommendations or Closure letter concluding the matter was unfounded;
- (5) A copy of the notice filed challenging the resolution;
- (6) The consequence for failure to appear at the hearing as prescribed below; and
- (7) The right of the parties to be represented by counsel at the hearing at their own expense.

e. The Hearing Officer shall issue a recommendation to the Attorney General either proposing a different resolution or affirming the previously issued resolution.

f. Hearing Record

(1) The Attorney General shall cause the hearing to be recorded verbatim, and the recordings shall become part of the record.

(2) The Hearing Officer shall include in the record any documents submitted, and accepted as relevant, by the parties during the hearing

g. Procedural Rules – The hearing shall be conducted in conformance with Administrative Rules Chapter JUS 800.

h. Burden – Unless otherwise specified by law, the burden of proof shall be on the party challenging the original resolution.

i. Adjournment, Postponement, or Continuance – Adjournment, postponement, or continuance shall be directed, granted, or ordered for good cause shown, which shall include prejudice due to the inability of counsel or a critical witness to attend unless such inability is due to action or inaction on the part of the party. Notice of adjournment, postponement, or continuance shall be sent to all affected parties.

j. Failure to Request Continuance or Postponement, or to Appear – Failure to appear at any scheduled hearing, or to request for good cause a postponement or continuance of the hearing in advance thereof, shall be deemed to be a withdrawal of the complaint or waiver of right to be heard, as the case may be, and the challenge shall be closed, dismissed or a decision rendered.

k. Resolutions of complaints shall be made no later than 90 days from the receipt of the complaint (as required by 42 U.S.C. §15512(a)(2)(F)), unless the complainant has agreed to an extension.

(1) If the complaint is not resolved in 90 days, upon receipt of a written request from the complainant the matter shall be submitted to the Ballot Law Commission.

As complaint is not limited to residents of New Hampshire, complainant has standing in bringing current complaint .

Complaint is timely, as the primary is scheduled for January 10, 2012.

ALLEGATIONS IN THE COMPLAINT

Foregoing complaint and election challenge is based on New Hampshire election laws 655 et sequitur, Article 2, section 1 of the US Constitution and Help America Vote Act of 2002

New Hampshire – Election Laws.

“655:14 Filing: General Provisions. The name of any person shall not be printed upon the ballot of any party for a primary unless he or she is a registered member of that party, he or she shall have met the age and domicile qualifications for the office he or she seeks at the time of the general election, he or she meets all the other qualifications at the time of filing, and he or she shall file with the appropriate official between the first Wednesday in June and the Friday of the following week a declaration of candidacy as provided in RSA 655:17.”

To ‘meet the all other qualifications’ (which would be a positive claim), then one must be able to prove said qualification(s).

"655:17-b Declaration of Intent; Presidential Candidates Who File Nomination Papers. I. Declarations of intent for each candidate for president who seeks nomination by nomination papers shall be in the form provided in paragraph II. Declarations of Intent required by this section shall be filed with the secretary of state, signed by the candidate, and notarized by a notary public.

II. I, _____, swear under penalties of perjury that I am qualified to be a candidate for president of the United States pursuant to article II, section 1, clause 4 of the United States Constitution, which states, "No person except a natural born citizen, or a citizen of the United States, at the time of the adoption of this Constitution, shall be eligible to the office of President; neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years, and been fourteen years a resident within the United States." I further declare that I am domiciled in the city (or town or unincorporated place) of _____, county of _____, state of _____, and am a qualified voter therein; that I intend to be a candidate for the office of president to be chosen at the general election to be held on the _____ day of _____; and I intend to file nomination papers by the deadline established under RSA 655:43. I further declare that, if qualified as a candidate for said office, I shall not withdraw; and that, if elected, I shall be qualified for and shall assume the duties of said office."

'I am qualified' & 'I will be qualified" are positive claims, requiring proof.

"655:43 Filing Deadline. I. Nomination papers shall be filed with the secretary of state no later than 5:00 p.m. on the Wednesday one week before the primary. Nomination papers to be filed shall be grouped by municipality. No nomination papers shall be accepted by the secretary of state unless the candidate shall have met the age and domicile qualifications for the office he or she seeks at the time of the general election and meets all the other qualifications at the time of filing; and, if a candidate for the office of governor, executive councilor, state senator, or state representative, unless the candidate shall file with the nomination papers an affidavit of qualifications as provided for in RSA 655:28 and 655:29; and if a candidate for United States senator or United States representative, unless the candidate shall meet the qualifications for office under RSA 655:3 and 655:4."

So that the candidate 'meets all the other qualifications', proof must be provided.

"655:44 Objections. Nomination papers made in accordance with the provisions of this chapter shall be regarded as valid and shall be received by the secretary of state unless objection thereto is made in writing no later than the Monday following the last day for the filing of such papers."

Object in writing.

"Presidential Nominations

655:47 Declaration of Candidacy. I. The names of any persons to be voted upon as candidates for president at the presidential primary shall be printed on the ballots upon the filing of declarations of candidacy with the secretary of state in the following form and signed by the candidate: "I, _____, swear under penalties of perjury that I am qualified to be a candidate for president of the United States pursuant to article II, section 1, clause 4 of the United States Constitution, which states, "No person except a natural born citizen, or a citizen of the United States, at the time of the adoption of this Constitution, shall be eligible to the office of President; neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years, and been fourteen years a resident within the United States." I further declare that I am domiciled in _____, in the city (or town or unincorporated place) of _____, county of _____, state of _____, that I am a registered member of the _____ party; that I am a candidate for the nomination for the office of president to be made at the primary election to be held on the _____ day of _____; and I hereby request that my name be printed on the official primary ballot of said _____ party as a candidate for such nomination."

'I am qualified to be a candidate for president of the United States pursuant to article II, section 1, clause 4 of the United States Constitution.....'

1. Barack Hussein Obama, II is not a natural born citizen and is not qualified to be on the ballot as a Presidential candidate. In 2008, when Mr. Obama ran for the U.S. presidency, he was never vetted and he never provided any documentary evidence of his natural born status. Any challenger to his eligibility, including complainant herein was mobbed with allegations of racism coming from largely left leaning pro-Obama media. We have seen an unprecedented level of corruption in all 3 branches of the U.S. government and the government of HI, which allowed Mr. Obama to get into the White House without any valid identification papers.

2. The most staggering evidence, is Mr. Obama's lack of a valid Social Security number and his use of a fraudulently obtained Social Security number from the state of Connecticut, a state, where he never resided, which was never assigned to Obama, according to E-Verify and SSNVS

3. Complainant herein, is Dr. Orly Taitz, ESQ, attorney and doctor licensed in the state of California, who is an attorney admitted to the Supreme Court of the United States, 9th Circuit Court of Appeals and Third Circuit Court of Appeals. Dr. Taitz

is a civil rights leader, who is fighting an unprecedented level of corruption in the government and courts in order to preserve an unalienable right of U.S. citizens to elect eligible candidates and vote in fraud free elections. Dr. Taitz is also a Republican candidate for the U.S. Senate 2012 in the state of California.

4. In 2009 Dr. Taitz received reports from licensed investigators Neil Sankey and Susan Daniels, which show, that according to most reputable national databases for most of his life Barack Obama used a Connecticut Social Security number 042-68-4425, issued in 1977, even though he was never a resident of the state of Connecticut. In 1977, Social Security numbers were assigned according to the state where application were submitted. In 1977 Obama was nowhere near Connecticut, he was a student at the Punahoa school in Hawaii, where he resided. Additionally, national databases showed another birth date, associated with this number, a birth date of 1890. In around of 1976-1977, due to changes in Social Security administration, many elderly individuals, who never had Social Security numbers before, had to apply for their Social Security number for the first time in order to obtain Social Security benefits. It appears, that the number in question was assigned to an elderly individual in CT around March of 1977, the death of this elderly individual was never reported, and from around 1980-1981 this number was fraudulently assumed by Barack Obama. Exhibit 1, Affidavit of Susan Daniels

5. Taitz was a delegate at the Continental Congress Convention in 2009, where she had a discussion on the matter of Barack Obama's fraudulent use of the aforementioned Connecticut Social Security number with a recently retired senior deportation officer from the department of Homeland Security, John Sampson. Mr. Sampson provided her with an affidavit, attesting to the fact, that indeed according to national databases Obama is using a Connecticut Social Security number, even though there is no reasonable justification or explanation for such use by one, who

resided in Hawaii in and around the time the Social Security number in question was issued. Exhibit 2 Affidavit of John Sampson.

3. In 2010, Barack Obama posted on line on WhiteHouse.gov his 2009 tax returns. As he posted those returns, he forgot to flatten the PDF file, so all of the layers of modification of the file became visible to the public. One of the pages contained Obama's full Social Security number 042-68-4425. Taitz received an affidavit from Adobe Illustrator program expert Chito Papa, attesting to the fact, that initially posted tax returns of Barack Obama contained Connecticut Social security number 042-68-4425. While the file was later flattened and the Social security number can no longer be seen, thousands of US citizens and individuals around the world were able to obtain the original file with the full Social Security number.

4. Taitz checked an official site for Selective Service SSS.gov. She entered name Barack Obama, date of birth 08.04.1961 (Obama's alleged birth date) and Connecticut Social Security number 042-68-4425, which Obama is using in his tax returns. She got a verification, showing, that Barack Obama registered for Selective Service, using this CT SSN. At this point she had three investigator reports and two US government documents, showing Obama using CT SSN 042-68-4425.

5. Taitz received an affidavit from a witness Linda Jordan, who ran a E-Verify check for the above Social Security number 042-68-4425. According to E-Verify, there is no match between Obama's name and the Social security he used in his tax returns and his Selective service application.

6. Taitz received an e-mail from a US Army officer, Colonel Gregory Hollister, whereby he did an independent check and found, that indeed Obama is using this Connecticut number 042-68-4425. He also, contacted SSNVS (Social Security

Number Verification Systems) and found that the number Obama is using was never assigned to him. Exhibit 6. Additionally, there is a clear pattern of Social Security fraud by Obama's family members and close associates. Recently Obama's uncle Onyango Obama was arrested for drunk driving and found to be using for employment a Social Security number, even though he is an illegal alien and not allowed to work. Obama's aunt Zeutuni Obama was stealing tax payer dollars by living in subsidized housing and using a state of Indiana-issued Social Security number, even though she is an illegal alien and was never a resident of the state of Indiana. Obama's close associate, mentor and co-board member from Annenberg Challenge, William Ayers, in his book "Fugitive Days" admitted to creating over a hundred fraudulent Social Security numbers using names of deceased infants, who did not get their Social Security numbers before their deaths. "After the Baltimore fiasco, stealing ID was forbidden. Instead we began to build ID sets around documents as flimsy as a fishing license or a laminated card available in a Times Square novelty shop called "Official ID." We soon figured out that the deepest and most foolproof ID had a government-issued Social Security card at its heart, and the best source of those were dead-baby birth certificates. I spent impious days over the next several months tramping through rural cemeteries in Iowa and Wisconsin, Illinois and North Dakota, searching for those sad little markers of people born between 1940 and 1950 who had died between 1945 and

1955. The numbers were surprising: two in one graveyard, a cluster of fourteen in another. Those poor souls had typically been issued birth certificates—available to us at any county courthouse for a couple of bucks and a simple form with information I could copy from the death announcement at the archive of the local paper—but they had never applied for a Social Security card.

Collecting those birth certificates became a small industry, and within a year we had over a hundred. For years I was a paper-made Joseph Brown, and then an Anthony Lee, remarkably durable identities. My on-paper official residences: a transient hotel in San Francisco and a warehouse in New York." Bill Ayers, Fugitive Days. Ayers had a whole business of forged social security card making. It is unfortunate, that the person, occupying the position of the U.S. president, was using and is using a bogus social security number.

7. For 3 years after his inauguration Obama refused to provide to the public his long form birth certificate. On April 27, 2011, when Obama posted his alleged long form birth certificate on line, just as with his tax returns, he originally did not flatten the file, which means that anyone with an Adobe Illustrator program on his computer could see layers of alterations in this alleged "birth certificate", which looked like a complete joke. Multiple long form birth certificates from 1961 are available. In those years green safety paper was not available and was not used. Other birth certificates, as one for Susan Nordyke, born the next day on August 5,

1961, in the same hospital, and signed by the registrar on August 11, 1961, show white paper with yellow aging stains, clear borders, raised seal and a lower serial number. Obama's alleged birth certificate is on a safety paper, which was not used in 1961, does not have a clear border, no raised seal and the serial number is higher, than the numbers issued later by the same registrar. Exhibit 9

8. Taitz received an affidavit from Adobe illustrator expert Chito Papa exhibit 7.

It showed layers of alteration of the alleged birth certificate. It showed a signature of Obama's mother Stanley Ann D. Soetoro, where it looks, like Soetoro (her married name by her second husband) was erased, whitened out and computer graphics was used to add "unham Obama" and a signature "Stanley Ann Dunham Obama" was created by pasting and filling the blanks with computer graphics.

9. Taitz received an affidavit from scanning machines expert Douglas Vogt. Exhibit 8. It shows further evidence of forgery, such as different types of ink used. Some of the document shows, as gray scale scanning, some as black and white scanning, some color. It shows different types of letters and kerning, meaning some letters encroaching into the space of other letters, which is possible only with computer graphics, not with a typewriter used in 1961. Numerous other parameters lead to the same conclusion, that the document in question is not a copy of a 1961 type written document, but a computer generated forgery, created by cutting and pasting bits and pieces from different documents and filling in the blanks with computer graphics. It appears, that Obama used a Social Security number of a deceased elderly individual, as well as a birth certificate number of a deceased infant. Research pointed to the fact, that one, Virginia Sunahara was born in Honolulu on August 4, 1961 and passed away the next day. Recently her surviving brother Dunken Sunahara demanded to see her long form birth certificate, but the department of Health denied the request, even though it came from a close relative. Department of Health provided Mr. Sunahara only with a computer generated short

form birth certificate with a serial number, which was suspiciously out of sequence from all the other numbers issued to infants born August 4, 1961.

In spite of numerous demands, Director of Health, Loretta Fuddy refused to allow the inspection of the original birth certificate of either Obama or Sunahara in lieu of the alleged certified copy, and the Social Security administration refused to provide even a redacted application for CT SSN 042-68-4425, which Obama is fraudulently using. It is imperative, that this office investigate not only Obama, but also director of Health Loretta Fuddy, registrar Alvin Onaka, Deputy attorney General Nagamine and former Chairwoman of the Democrat National Convention in 2008 Nancy Pelosi, who certified Obama's prior certificate of candidate, as well as Attorney General Eric Holder, Commissioner of Social Security Michael Astrue, and a number of judges involved in this affair, for purpose of criminal prosecution for conspiracy to commit fraud, uttering of forged documents, alteration/forgery of documents, elections fraud and Social Security Fraud.

10. Based on all of the above, Obama does not have any valid identification papers, which are necessary to be a candidate on the ballot, running for the US Presidency, based upon New Hampshire elections law 655-17 and on Article 1, section 2 of the U.S. Constitution.

11. Additionally, many believe, that "Natural Born Citizen," as it is applied to the U.S. Presidency, means one born in the country regardless of citizenship of the parents. Taitz submits evidence, that from the time of the adoption of the constitution until today, the standard was: One born in the country to parents who are citizens, who do not owe allegiance to other nations.

The US Constitution was largely based upon the book "the Law of Nations" by Emer De Vattel, stating that Natural born citizens are ones born in the Nations to citizens (Emer De Vattel "The Law of Nations" p499, §212). A similar definition

EXHIBIT 1

further, I found an additional eight social security numbers. One of the numbers had (Deceased) behind it. I was able to find the name of the person the SSN actually belonged to and printed it from the Social Security Administration death index.

6. I researched social security numbers for Michelle Obama. When I ran her name, two different social security numbers appeared for her, including one that does not belong to her but is listed for her at 1600 Pennsylvania Ave., Washington, D.C.

7. The true and correct copies I personally obtained are attached.

8. I solemnly swear under penalty of perjury that all the facts stated and circumstances described above are true and correct statements.

9. I have not received any compensation for making this affidavit.

Further, Affiant saith naught.

Signed and executed in Mentor, OH on this 19th day of
October, 2009.

Barrack Hussein Obama,)	
Defendant)	

Affidavit of John N. Sampson

1. My name is John N. Sampson. I am over 18 years of age, am of sound mind and free of any mental disease or psychological impairment of any kind or condition.
2. I am a citizen of the United States of America, I am 58 years old, and was born in Jackson Heights, Queens, New York and raised in the State of New York.
3. I am the Chief Executive Officer, Owner, and Operator, of CSI Consulting and Investigations LLC, a consulting and private investigative firm registered with the Secretary of State of Colorado as a Limited Liability Company pursuant to the laws of the State of Colorado. The company was formed in the State of Colorado on January 2, 2009 and is in good standing with the Secretary of State of Colorado. Colorado does not have any licensing requirements or provisions for private investigators.
4. I have personal knowledge of all of the facts and circumstances described herein below and will testify in open court to all of the same.
5. On, or about, November 16, 2009, Orly Taitz, the attorney who is prosecuting the above captioned matter, requested that I access LocatePlus, a commercial database that I subscribe to,

which is located in the State of Massachusetts, and with whom I have a user agreement, and requested that I obtain any and all legally available information relating to U.S. Social Security number 042-68-4425.

6. On, or about, November 16, 2009, pursuant to the aforementioned request by Orly Taitz, I requested from LocatePlus, any and all legally obtainable information relating to SSN 042-68-4425.

7. As a result of this inquiry, I came to learn that Plaintiff Barrack Hussein Obama, has used this Social Security number since at least from June 1, 1986 to present. A detailed report was generated showing family relationships, past residence history, real property owned by Mr. Obama, and other detailed information to include, but not limited to, driver's license information, telephone numbers associated with Mr. Obama, and people possibly related to Mr. Obama.

8. This information was obtained pursuant to a legitimate and permissible search under the user agreement I have with LocatePlus. This request was made in connection with a pending civil action, which is one of the expressed permissible purposes to conduct such an inquiry through LocatePlus, as well as a possible criminal violation of United States law, and possible fraud.

9. As a result of this search and the results that were obtained, on or about November 17, 2009, I accessed a public access database named "SSN Validator" at <http://www.ssnvalidator.com/>. The information this site provided me was that SSN 042-68-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.

10. Based upon information and belief, Plaintiff Barrack Hussein Obama has never had a direct connection with the State of Connecticut and has never claimed residency in the State of Connecticut.

11. I am a recently retired Senior Deportation Officer of the United States Department of Homeland Security, Immigration and Customs Enforcement (DHS ICE) having retired on August 30, 2008.

12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC), located in Brunswick, Georgia, and advanced training received at FLETC in Artesia, New Mexico and elsewhere during my 27 year career, as well as my professional experience spanning 27 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant habitually resides and has their official residence.

13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Barrack Hussein Obama habitually resided solely within the State of Hawaii and was between the ages of 14 and 16 during the time period stated above. During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as "Jim Russo", Operations Manager for LocatePlus, 100 Cummings Center, Suite 235M, Beverly, MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to SSN 042-68-4425.

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 2, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

20. Despite all of this, as of March 8, 2010, my account remains frozen and I am unable to conduct legitimate, legal database searches in connection with my business. As a result, I am being financially harmed, unable to conduct legal, lawful, legitimate investigations pursuant to law, and unable to provide to my clients, the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

21. Based upon information and belief, misuse of a Social Security number is a direct violation of Title 42 United States Code, Section 408(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment of up to five years, or both.

22. I swear under the penalties of perjury that all the facts stated and circumstances described above are true and correct to the best of my knowledge and belief.

23. I have not been compensated for making this affidavit.

Further, Affiant sayeth not.

Signed and executed in Aurora, Colorado on this 8 day of March, 2010.

EXHIBIT 4

I, Linda Jordan am over 18 years old, do not suffer from any mental impairment, have personal knowledge of the facts listed below and declare under penalty of perjury:

I used the government run E-Verify System to verify the employment eligibility for Barack H Obama (Obama) and it revealed a "Notice of Mismatch" between Obama's name, birth date and Social Security Number (SSN), compared to the information the Social Security Administration has on file.

I saw Obama's Selective Service Registration (SSR) form which was available on the web at www.sss.gov and copied the SSN Obama used on that form. I also read the reports of licensed investigators Neil Sankey, Susan Daniels and the opinion of retired senior deportation officer of the department of Homeland Security John Sampson, that the SSN Obama was using was fraudulent and/or never issued to him.

Between October 2008 and May 2011, I submitted several requests to agencies and people with the legal responsibility and authority to investigate the use of forged documents and election fraud, concerning Obama's birth records and SSN. (attachment A)

To date no one with the legal responsibility and authority has responded to any of my requests.

I read part of the testimony of Marianna LaCanfora before the Committee on Ways and Means Sub Committee on Social Security in the House of Representatives dated April 14th, 2011. She explained that a SSN in conjunction with a proper identity document determine whether a person is authorized to work. LaCanfora said that the E-Verify system run by the government is a free, Internet-based system that allows employers to electronically verify the employment eligibility of their employees. The Immigration Reform and Control Act of 1986 required all employers to verify the identity and employment eligibility of all new employees regardless of citizenship or national origin.

I considered myself to be one of the employers of the President of the United States.

On July 26, 2011, I tried to enroll in the E-Verify System but it required the employer to enter data from their employees I-9 Employment Eligibility Verification Form. I have been unable to locate one for Obama.

On August 17, 2011, I went back on the E-Verify website and saw that there was a "Self-Service" function that was more streamlined and easier to use when checking an employees eligibility. I entered the name Barack H Obama, birth date August 4, 1961 and SSN 042-68-4425. This data was entered correctly. The report I got back from the SSA included a "Notice of Mismatch with Social Security Administration (SSA) Records". (attachment B)

EXHIBIT 5

AFFIDAVIT OF ORLY TAITZ

1. I, Orly Taitz, am over 18 years old, I am an attorney, licensed in the state of California and admitted in all courts of California, 9th Circuit Court of Appeals, 3rd Circuit Court of Appeals and Supreme Court of the United States. I have personal knowledge of the facts described below and I can competently testify at trial to the following:

2. I received information from licensed investigators Sankey and Daniels as well as recently retired senior deportation officer John Sampson, that for most of his life Barack Obama used and is currently using a Connecticut social security number 042-68-4425.

3. The first three digits of the number 042 were assigned by the Social Security administration to the state of Connecticut.

4. Based on information and belief, Obama was never a resident of Connecticut.

5. Concerned that we have an individual fraudulently using a stolen social security number from a state, where he never resided, I decided to verify this information through official sources of the U.S. government.

6. I went on the official website for the U.S. government www.sss.gov. This website provides verification of the Selective Service registration with the U.S. military.

7. One cannot occupy an executive position with the U.S. government without such registration with the Selective Service.

8. For verification one is supposed to enter the name, birthdate and social security number of the individual. If all three parameters match to the identification information on file, it will show "Matched record".

9. I personally entered name "Obama", birthdate 08.04.1961 and social security number 042-68-4425, given to me by investigators Sankey, Daniels and Sampson.

10. I got a response "Matched record" . selective service number 61-1125539-1. Date of registration 9.4.1980.

11. From birth and until date of registration Obama was not a resident of Connecticut.

12. I also received a sworn affidavit from expert Chito Papa, showing, that Barack Obama is using the same Connecticut social security number 042-68-4425 on his 2009 tax returns, which were posted on the official web site WhiteHouse.gov. This tax return was later reposted with the file flattened and the social security number electronically whitened, however the original file with the visible social security number was downloaded by Mr. Papa and multiple other individuals. A true and correct copy of such affidavit is attached herein.

13. I also received a sworn affidavit from Ms. Linda Jordan. A true and correct copy of such affidavit is attached herein.

12. As an attorney and officer of the court I declare under penalty of perjury, that above is true and correct statement of the facts. As an officer of the court I am requesting an immediate hearing on this matter, as it shows that we have an unprecedented breach of the U.S. National security, we have an individual with a fraudulently obtained Social Security number from a state, where he never resided, occupying the position of the President of the United States and Commander-in-chief.

Dear Ms. Taitz,

I have been monitoring your efforts at a distance reference the eligibility of Barack Obama to serve as POTUS. I see that you are now filing suit reference his many SSNs.

I have a copy of Obama's selective service card with the SSN affixed. I, as a small business owner, have access to the Social Security Number Verification System. As a result, I checked the SSNVS for the SSN Obama used for registering with Selective Service. The SSNVS search resulted in a report sheet that states that number Obama used to register for Selective Service was never issued.

Let me be direct - I have not agreed with many of your tactics in this endeavor. However, I have continued to follow your efforts to see where there may be synergy and this is one.

Therefore, if you think the documents will be helpful, please let me know and I will send you the PDF files for both the Selective Service Card and the SSNVS report that states that SSN was never issued.

Sincerely

Greg Hollister

Obamas Tax Return RELEASED For 2009: President Pulled In \$5.5 Million Last Year

Huffington Post | Ryan McCarthy First Posted: 04-15-10 01:20 PM | Updated: 04-15-10 02:24 PM

What's Your Reaction?

President Obama's taxes have been filed -- and our nation's commander-in-chief and the first lady together reported an adjusted gross income of \$5,505,409 in 2009.

As reported on the [White House blog](#), the Obamas paid \$1,792,414 in federal income tax.

The majority of the Obamas' income (\$5,661,666 on a gross basis) is from book sales which required \$868 dollars in office expenses, the forms show.

The Obamas gave \$320,100 to 40 charities, the largest were \$50,000 donations to CARE and the United Negro College Fund. In addition, the president donated his \$1.4 million Nobel Prize funds to 10 charities.

The Bidens, for their part, reported \$333,182 in income and paid \$71,147 in federal income taxes. (SEE a PDF of their returns [here](#).)

8. I submit Exhibit B1 (attached herewith) Form 709 U.S. Gift Tax Return of First Lady Michelle Obama with her social security number revealed. The following information are revealed:

- 1. Michelle Obama's SSN 350-60-2302
- 2. Barack Obama's SSN. 042-68-4425
- 3. Preparer's SSN or PIN P00570974

Phone no. 312/372-0440

9. It is apparent that the tax preparer for Forms 709 of Mrs. Obama may have forgotten to lock or flatten the covering top layers before posting them on the Internet. I later noticed that after April 15, 2010, the pdf file posted at the White House has been modified. The top layers on President Obama's Income Tax Return have been locked or flatten and could no longer be dragged out. His SSN and his wife's SSN were no longer visible.

Revised and Expanded Affidavit

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct

My Credentials

I have a unique background for analyzing this document. I owned a typesetting company (Nova Typesetting) for 11 years so I know type and form design very well. I currently own Archive Index Systems since 1993, which sells all types of document scanners worldwide and also developed document imaging software (TheRepository). I know how the scanners work and their capabilities. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, so I know their procedures with imaging systems and everything about the design of such programs. This will be important in understanding what has happened with Obama's Certificate of Live Birth. I also have a good working knowledge of Adobe Photoshop and Illustrator.

Figure 1. High resolution image of the Obama's Certificate of Live Birth dated August 8, 1961.

Figure 2. The microfilmed Certificate of Live Birth of Susan Nurdyka dated August 11, 1961.

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department, but this form is a created forgery. Ironically the country has a lot to thank Mr. Donald Trump and Mr. Jerome Corsi and his new book, because they made President Obama's birth certificate a public issue which in turn forced the White House to produce this forgery to answer both of them. The Obama Certificate of Live Birth Long Form is a forgery for the following reasons.

1. Curved and non-curved type. The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side) is produced by scanning in grayscale. It also means that the county employee who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all, and again the line just below drops down 2 pixels, but not the name *Kapiolani*.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flatten the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early 1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design I think

is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

2. There is a white haloing around all the type on the form. Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. This means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

Figure 5. Obama's form

Figure 6. Grayscale.

Figure 7. Color image.

The next question would be: What would have caused the haloing effect? We know that all the original Certificates of Live Birth (COLB) were microfilmed because we can see the Nordyke Certificate (Figure 2) was microfilmed. Then some time after 2004 the paper original copies, in post binder books, were scanned using a commercial document scanner with a flatbed, scanned as grayscale images. The forger was working with two types of images. He/she may have used images printed from the microfilmed copy and then scanned the printout in grayscale. At that point the forger would have to invert the image so as to have a white background, black type. Figure 10 is an example of an inverted image of Figure 2. The result would be like Figure 9 but a whiter background. The image I am working with in Figure 10 is only 94 DPI but the forger was working with much higher resolution (≥ 240 dpi). At that point the forger converted the grayscale to a binary image and placed it onto the background form image. The problem was that there were still image values for the pixels around the placed type so when he/she placed the type image over the

background and instructed the program to bring the type "forward" it blanked out the background image, hence the halloing effect around the type.

3. The Obama Certificate is loaded with both binary and grayscale letters which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 11 and Figure 4 give one example. You will notice that the *H* and, *al*, in Hospital, *I* in Institution, (*H* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty that the form type was scanned in at a lower resolution (≤ 200 dpi). This is because of the size of the pixels on the letters were such that the openings on the *a* and *s* on the first line are not visible and filled in. This may also further indicate that forger took some of the type images from the microfilmed copies.

Hospital or Institution (If not in hospital c
Lani Maternity & Gyneco

Figure 11. showing a mixture of grayscale and binary type on the same line.

Another example is found in form box 1a, his name *BARACK*. For some reason the "R" is a grayscale image and the rest is binary (Figure 13). That means the "R" was originally on the form and the rest was not until it was added.

The question again is: Why did the forger leave some grayscale type images in the form and not just erase the whole form? The answer is that he/she needed the grayscale images to re-establish the baseline of the type for the superimposed binary type. This also told me that the forger was an experienced graphic artist.

Figure 13. Another example of grayscale and binary on the same line.

Another example is the Certificate number itself (Figure 14). The last "1" on the form is a grayscale image but the rest of the numbers are not. This is just another example of a cut and paste job. It also means we do not know what the real Certificate number is if there even is one. There are other form boxes that display the same feature, boxes: 5b, 7e, 11, 13, 16, 18a.

Figure 14. The last "1" is grayscale, but the rest are binary.

4. The Sequential Number is a fraud. I would like you to refer back to Figures 1 and 2. You will notice that Barack Obama was supposed to have been born on Friday at 7:24 p.m. August 4, 1961 and the local registrar supposedly accepted it on Tuesday August 8, 1961 and hand stamped the Certificate number "61 10641." Then notice that the other Certificate of Susan E. Nordyke was born on Saturday at 2:12 p.m. August 5, 1961 and another registrar date stamped it on August 11, but her Certificate number is "61 10637." Susan Nordyke was a twin and her sister's Certificate number is 61 10638. Keep in mind there would be only one bates stamp machine in the office so the numbers would all be unique. There cannot be any duplicates so every Certificate has a unique serial number. Obama's Certificate would have most likely been mailed on the following Monday, the 7th and received by the Clerk Tuesday the 8th. Susan Nordyke and her sisters' Certificates looks like they were mailed sometime earlier that week and not accepted until the 11th but Susan has a Certificate 4 numbers less than Obama's. It is impossible to have Obama's Certificate number to be four numbers higher than a Certificate that came in 3 days later.

As stated in #3 the last "1" on the form is a grayscale image but the rest of the numbers are not (Figure 14), again irrefutable proof that the Certificate number is a composite of two numbers and hence a forgery. This forgery comes under a separate offense and carries with it 5-years in prison [see Appendix D: Title 19, Ch.47, Sec, 1028(d)1].

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, searched the database for someone close to the actual birth date of Obama and found someone near the 4th of August, if in fact he was born on the 4th and we should not assume that at all. Obama may have chosen the 4th of August because they had a baby who died close to his date of birth. The clerk may have crossed referenced the death database to find someone who had died and had a birth date close to Obama's. It has been reported that an infant girl named Virginia Sunahara was born on August 4, 1961 at Wahiawa Hospital in Wahiawa, Oahu, HI who died on August 5, 1961 at the Kapiolani Women and Children's Medical Center, due to complications. This happens to coincide with date of birth and birthplace of the Nordyke twins. We could make two assuming here. The first would be that the Wahiawa Hospital would have filled the COLB form as customary and mailed it to the County Health Department and the Kapiolani Medical Center would have filled out the death certificate. The other less probable would be that her medical records were transferred to Kapiolani Hospital and they would produce the birth certificate and later the death certificate was later included in the group of birth certificates that contained the Nordyke twins.

The Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. We can conclude from this that more than one person was involved in the Hawaii Department of Health to assemble the different components that were used and also do the database searches to find the right Certificates to create the fraudulent Certificate of Live Birth and finally someone who signed the fraudulent certificate. I believe that after all the components were assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. That graphic artist could be located anywhere. In short this was a multi-state conspiracy to defraud the United States.

5. Two different colors and font sizes in Form box 22 and 20 Date Accepted by Reg. General.

What is very revealing about this box and date entry is there are two different colors on both lines where there should be no color at all. Both lines were scanned using binary mode, but I see two different colors (Figure 15). What I think this is showing us is that the person who put this fraud together was looking for a form that had the right date namely "August 8 19..1." As you can see the only things that are printed in dark green (R=71, G=92, B=73) are "Date A" and "AUG -8 6." The rest of the type is in black. This tells me that the forger was working in color mode and what they copied from had a color value for some reason unless they put a color value on it. ~~Finally the font size of the rubber stamp in box 22 is larger than the stamp used in box 20. This is unlikely because the same rubber stamp would have been used, at the same time, by the same registrar to stamp the date in both places and sign the form in box 21. Since we have two size letters and numbers, this means these elements were taken from two separate forms that may have been years apart using different rubber stamps.~~

Orly Taitz

Figure 15. Two different colors, dark green and black.

The same thing is found in form box 20 "Date Accepted by Local Reg." Figure 16 again shows that the date has two different colors. The "AUG -8 196" is in dark green (R=87, G=111, B=87) and the "1" is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays the same two color image in the word "None". The "Non" is in dark green.

Figure 16. Another example of two colors on the same line.

6. The official seal is not part of the Certificate of Live Birth. The Hawaiian law (Section 11-1-2 Seal of the Department of Health) states:

- a) The official seal of the department of health shall be circular in shape, two and one-fourth inches in diameter. At the curve on the top portion there shall be the words "DEPARTMENT OF HEALTH" and at the curve on the bottom portion there shall be the words "STATE OF HAWAII." At the curve on each side portion shall be a star. In the center of the seal shall be the Caduceus, a winged rod entwined with two serpents, which has long been recognized as a universal symbol of medicine. The Caduceus shall be encircled by an indentation, which shall separate it from the words "DEPARTMENT OF HEALTH" and "STATE OF HAWAII."

Figure 17, Seal on Obamas Short Form

Figure 18: Nordyke seal from 1966

Figure 19: Obama's COLB long form Apr.2011

The first Certificate of Live Birth Obama the candidate produced in June of 2008 was the "Short Form" of the COLB. It had the Department of Health's seal embossed on it (Figure 17) appearing on it about 3" from the bottom of the 11 inch paper. That told me the Health Department is using an electric embosser, which applies ample pressure to leave a clearly visible embossment. Hand seal embossers have only 1¼ inch or less, clearance for a 2¼ inch seal, from the edge of the paper. The Health Department seal does not appear obvious on the Obama COLB. A good embossment will

distort the type and lines on a form and is clearly visible (Figure 21). Even on the Nordyke Certificate (Figure 18) in spite of it being an inverted image from a microfilmed image, it is clearly seen. Figure 19 shows Obama's seal on the COLB presented on April 27, 2011 is visible only because a color filter was used to see it, otherwise it completely disappears in the design of the security paper (Figure 20).

Figure 20: Seal on Obama's COLB From April 27, 2011.

Figure 21: Hand stamped seal from an original COLB from 1962.

The official seal on the Obama COLB is a second or even third generation image from another form. The seal embossing did not distort the lines or type on the form and it most likely was never part of his Certificate. Yet another indication this Certificate of Live Birth is an obvious forgery.

7. The hand stamped certification from the current registrar is a forged stamped notice.

The Department of health has the right to produce a legal copy of the original Certificate of Live Birth to people who have the appropriate right to receive one. The Clerk in the office would search the document imaging database and retrieve the correct Certificate. The Clerk would then print out the Tiff image on the green security paper. They would then take a rubber stand that states the following: I CERTIFY THIS IS A TRUE COPY OR ABSTRACT OF THE RECORD ON FILE IN THE HAWAII STATE DEPARTMENT OF HEALTH. Then below this notice would be the likeness of the State Registrar's signature, in this case it was Alvin T. Onaka, Ph.D. Then the clerk would stamp the date to the left of the certification. See Figure 22 for a Certificate done one month before the Obama's April 25, 2011 Certificate. Please note that since it is a hand stamp the certificate stamp is skewed up on the right-hand side.

Figure 22. Registrar stamp on a persons Certificate done March 2011.

Now let us look at the Obama's Certificate (Figure 23) supposedly done on Aril 25, 2011. Notice the registrars' rubber stamp has an error on the word "the" which reads "TXI;" but this error does not show up on the same rubber stamp used one month before. In Figure 24 you will see an enlargement of the word. You will notice that the "X" had been created by the graphic artist by filling in pixels so it appears like an "X" but it really is not. Also notice that the whole stamp is too straight on the form. The red lines drawn under two of the lines of type are aligned with the pixels. The stamp rises only two pixels over 3". My conclusion is that the whole stamp was placed there by

the graphic artist to look as straight as possible. The only problem is that no hand stamped notice like this would be placed that perfect on the page.

Other investigators have mentioned what looks like an italic "E" under the capital A in Alvin. In Figure 22 the same artifact does not appear. We have to assume either the artifact was already on the security image the forger used, and forgot to erase it, or it was placed there deliberately for some reason that we don't know yet.

8. Multiple layers in the PDF file from the White House. I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Illustrator and you turn on layers, you see a long list of nine different layers that correspond to different sections of the form, including the signatures on the form. Figure 25 shows the layer that contains most of the Typewriter and form text.

I discovered using just my Adobe Acrobat 8 Standard that I could also see the different components disappear when I enlarged the image to just 400% and used the "hand" tool to quickly move around the image. When I moved the image fast, the various type components would disappear from the form but the lines stayed just as I had concluded.

I also opened up the White House PDF file in WordPad so I could see the codes and headers in the file. There I discovered the evidence for the 9 layers embedded in the code (see below). The big surprise I discovered was that the file was finished or created on April 27, 2011 and the copy I had downloaded from the White House web site was modified on April 28, 2011 at 9:58 AM, the day after the news conference. The whole White House story that the President had his Seattle based lawyer fly to Hawaii and pick up a signed and stamped paper Certificate of Live Birth and fly directly to Washington DC, is obviously not the document the public has been shown. In other words the whole story is not true. The Press Secretary proudly stated that he personally put up the PDF on the White House web site and that's probably all they got was the PDF by e-mail.

This letter may have been accompanied by a CD with the files and images I worked from and the screen shots displayed in this report. I have also included MP4 files of the three videos listed below. You may freely use these images and text for your own report or public notice.

Some of the examples of the layering can be found on the following YouTube web sites.

This one shows the layering in Illustrator:

<http://www.youtube.com/watch?v=wQAqvtXenKg&feature=related>

This one shows that letter "B" in box 1c and 8 are exactly the same. An example of cut and paste.

<http://www.youtube.com/watch?v=uMI.dhC1-ss&feature=related>

Another good explanation of layering showing at least 9 layers.

<http://www.youtube.com/watch?v=-QNJfKCbH4&feature=related>

The original PDF is on the enclosed CD with this report and you can also download it from the web site: http://www.vectorph.com/Obamas_Certificate_Forgery.html. The discovering of nine layers in the PDF image didn't matter for my analysis 1 through 7 because I was able to export the image as a TIFF (18.35 MB) out of that PDF using my Adobe Standard software. So I was working from a flattened image and was able to find all that I did, in other words the layers were irrelevant to me but was just further proof that the Obama's Certificate of Live Birth is a forgery.

Figure 25; The layer that contains most of the forms text and typewriter text.

A Rebuttal to the Discovery of the Multi Layers Found in the PDF File.

The only rebuttal to the nine layers discovered in the PDF file released by the White House was a statement from a Canadian graphic artists from Quebec by the name of Jean-Claude Tremblay on April 29. It was reported by Fox News and on their web site at:

<http://www.foxnews.com/politics/2011/04/29/expert-says-obamas-birth-certificate-legit/>

He tries to excuse the multi-layers as merely an artifact of an OCR (Optical Character Recognition) engine and then saved as a PDF. There are two major reason he is wrong and I know from his statement he knows nothing about OCR engines and how they work and their file structure. First of all the Obama PDF certificate was supposed to have come directly from the Health Departments office. As stated before, the records they have would have absolutely no reason to be OCRed and if they were asked to give the customer a PDF image it would be from their existing TIFF image stored in their document imaging program on the server. The program would have done no OCR processing at that time.

My qualifications on OCR programs are considerable. Our own document imaging program, TheRepository, has an OCR option from Expervision that is called TypeReader. We integrated TypeReader into our program but to do this we had to sign a non-disclosure statement with them and then we got their Took Kit and API. When an OCR program saves a file as a searchable PDF, the file contains three main files within it. The first file is an image file, usually a compressed Group4 TIFF. The second file is a ASCII text file and the last file is a matrix file that contains the X and Y coordinates of all the words in the document. The Starting point for the image file and the matrix file is usually the upper left hand corner of the image measured in pixels. The text file and matrix files would never be seen as separate layers and there is certainly no nine layers. The three files would be in a PDF "wrapper" and that's all. All OCR programs work on the same principle.

Conclusion

The Certificate of Live Birth Obama presented on television on Aril 27, 2011 is a forgery.

Affidavit

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct

My Credentials

I have a unique background for analyzing this document. I owned a typesetting company for 11 years so I know type and form design very well. I currently own Archive Index Systems since 1993, which sells all types of document scanners worldwide and also developed document imaging software (TheRepository). I know how the scanners work. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, so I know their procedures with imaging systems and everything about the design of such programs. This will be important in understanding what has happened with Obama's Certificate of Live Birth.

Figure 1. Tiff image of the Obama's Certificate of Live Birth dated August 8, 1961, presented on TV 4/27/2011.

Figure 2. Another Person's microfilmed Certificate of Live Birth dated August 11, 1961.

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department. The form is a created forgery for the following reasons.

1. **Curved and non-curved type.** The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side). It also means that the county employees who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all. And again the line just below drops down 2 pixels, but not the name *Kapiolani*.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form from the county. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flattened the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early

1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

2. There is a white haloing around all the type on the form. Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. That means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

Figure 5. Obama's form

Figure 6. Grayscale.

Figure 7. Color image.

Figure 8. Binary image.

Figure 9. An enlarged version of Figure 6 showing grayscale type.

3. The Obama Certificate is loaded with both binary and grayscale letters which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 10 and Figure 4 give one example. You will notice that the *H* and, *al*, in Hospital, *I* in Institution, (*I* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty that the form type was scanned in at a lower resolution (≤ 200 dpi). This is because of the size of the pixels on the letters were such that the openings on the *a* and *s* on the first line are not visible and filled in.

Figure 10. showing a mixture of grayscale and binary type on the same line.

Another example is found in form box 1a, his name *BARACK*. For some reason the "R" is a grayscale image and the rest is binary (Figure 11). That means the "R" was originally on the form and the rest was not until it was added.

BARACK

Figure 11. Another example of grayscale and binary on the same line.

Another example is the Certificate number itself (Figure 12). The last "1" on the form is a grayscale image but the rest of the numbers are not. This is just another example of a cut and past job. It also means we do not know what the real Certificate number is if there even is one. There are other form boxes that display the same feature, boxes: 5b, 7c, 11, 13, 16, 18a.

**ARTMENT OF HEALT
61 10641**

Figure 12. The last "1" is grayscale, but the rest are binary.

4. The Sequential Number is a fraud. I would like you to refer back to Figures 1 and 2. You will notice that Barack Obama was supposed to have been born on Friday at 7:24 p.m. August 4, 1961 and the local registrar accepted it on Tuesday August 8, 1961 and hand stamped the Certificate number "61 10641." Then notice that the other Certificate of Susan E. Nordyke was born on Saturday at 2:12 p.m. August 5, 1961 and another registrar date stamped it on August 11, but her Certificate number is "61 10637." Keep in mind there would be only one bates stamp machine in the office so the numbers would all be unique. There cannot be any duplicates so every Certificate has a unique serial number. Obama's Certificate would have most likely been mailed on the following Monday, the 7th and received by the Clerk Tuesday the 8th. Susan Nordyke's Certificate looks like it was mailed sometime earlier that week and not accepted until the 11th but she has a Certificate 4 numbers less than Obama's. It is impossible to have Obama's Certificate number to be four numbers higher than a Certificate that came in 3 days later.

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, search the database for someone close to the actual birth date of Obama and found someone near the 4th of August. They may have crossed referenced the death database to find someone who had died and had a birth date close to Obama's. If you remember, the Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. 2. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. 3. More than one person is involved in the Hawaii Department of Health to assemble the different components that were used, do the database searches to find the right Certificates to create President Obama's fraudulent Certificate of Live Birth and finally sign the fraudulent certificate. I believe that after all the components were

assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. In short this was a conspiracy to defraud the United States.

5. Two different colors and font sizes in Form box 22 and 20 Date Accepted by Reg. General.

What is very revealing about this box and date entry is there are two different colors on both lines. Both lines were scanned using binary mode, but I see two different colors (Figure 13). What I think this is showing us is that the person who put this fraud together was looking for a form that had the right date namely "August 8 19_1." As you can see the only things that are printed in dark green (R=71, G=92, B=73) are "Date A" and "AUG -8 6." The rest of the type is in black. This tells me that the forger was working in color mode. ~~Finally the font size of the rubber stamp in box 22 is larger than the stamp used in box 20. This is unlikely because the same rubber stamp would have been used by the same registrar to stamp the dates in both places and sign the form in box 21. Since we have two size letters and numbers, that means these elements were taken from two separate forms that may have been years apart using different rubber stamps.~~

Figure 13. Two different colors, dark green and black.

The same thing is found in form box 20 "Date Accepted by Local Reg." Figure 14 again shows that the date has two different colors. The "AUG -8 196" is in dark green (R=87, G=111, B=87) and the "1" is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays the same two color image in the word "None". The "Non" is in dark green.

Figure 14. Another example of two colors on the same line.

6. Multiple layers in the PDF file from the White House. I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Illustrator and you turn on layers, you see a long list of nine different layers that correspond to different sections of the form, including the signatures on the form. I discovered using just my Adobe Acrobat 8 Standard that I could also see the different components disappear when I enlarged the image to just 400% and used the "hand" tool to quickly move around the image. When I moved the image fast, the various type components would disappear from the form but the lines stayed just as I had concluded.

A Rebuttal to the Discovery of the Multi Layers Found in the PDF File.

The only rebuttal to the nine layers discovered in the PDF file released by the White House was a statement from a Canadian graphic artists from Quebec by the name of Jean-Claude Tremblay on April 29. It was reported by Fox News on their web site at

<http://www.foxnews.com/colifiles/2011/04/29/expert-sees-obamas-birth-certificate-legal/>

He tries to excuse the multi-layers as merely an artifact of an OCR (Optical Character Recognition) engine and then saved as a PDF. There are two major reason he is wrong and I know from his statement he knows nothing about OCR engines and how they work and their file structure. First of all the Obama PDF certificate was supposed to have come directly from the Health Departments office. As stated before, the records they have would have absolutely no reason to be OCRred and if they were asked to give the customer a PDF image it would be from their existing TIFF image stored in their document imaging program on the server. The program would have done no OCR processing at that time.

My qualifications on OCR programs are considerable. Our own document imaging program, TheRepository, has an OCR option from Exprevision that is called TypeReader. We integrated TypeReader into our program but to do this we had to sign a non-disclosure statement with them and then we got their Took Kit and API. When an OCR program saves a file as a searchable PDF, the file contains three main files within it. The first file is an image file, usually a compressed Group4 TIFF. The second file is a ASCII text file and the last file is a matrix file that contains the X and Y coordinates of all the words in the document. The Starting point for the image file and the matrix file is usually the upper right-left hand corner of the image measured in pixels. The text file and matrix files would never be seen as separate layers and there is certainly no nine layers. The three files would be in a PDF "wrapper" and that's all. All OCR programs work on the same principle.

Conclusion

The Certificate of Live Birth Obama presented on television on Aril 27, 2011 is a forgery.

In witness whereof he has hereto set his hand and seal.
