Explanation

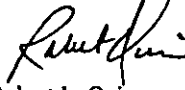

This request is retroactive due to the timing of invoice receipt and G&C agenda deadlines. The National Association of State EMS Officials (NASEMSO) supports the State of New Hampshire, as one of its members, in developing Emergency Medical Services (EMS) policy and oversight as well as providing leadership and resources to develop and improve state, regional, and local EMS and emergency care systems. The goal of this organization is to develop a seamless nationwide network of coordinated and accountable EMS and emergency care systems that utilize public health principles, data, and evidence as a basis for safe and effective care in day-to-day operations as well as during catastrophic events.

Listed below are answers to standard questions required for Governor and Council organization dues and membership approval submissions:

2. *Is there is no other organization which provides the same or similar benefits which your agency belongs to?* No
3. *How many other state's belonging to this organization and is your agency the sole New Hampshire state agency that is a member?* There are 56 total entities that belong to this organization: i.e., 50 states as well as the District of Columbia and the 5 territories.

5. *What benefit does the state receive from participating in this membership?* NASEMSO membership affords a variety of opportunities to participate in activities with state EMS officials. Benefits include representation and advocacy on EMS issues; a twice-monthly newsletter with EMS issues updates; a professional journal; "mini-survey" short data collection

- projects on specific EMS issues; opportunities for committee service and networking; an Annual Meeting and Expo; and the EMS Leadership Skills Workshop.
6. *Are training or educational research materials included in the membership? If so, is the coast included? Explain in detail.* Materials included in the membership dues are the following: a twice-monthly newsletter with EMS issues updates; a professional journal; "mini-survey" short data collection projects on specific EMS issues; an Annual Meeting and Expo; and the EMS Leadership Skills Workshop.

 9. *Which state agency employees are directly involved with this organization? (Indicate if they are members, voting members, committee members, and/or officers of the organization).* The state agency employees directly involved with this organization are as follows: 1) acting as State Director to organization, Bureau Chief Justin Romanello; 2) acting as State Data Manager, Captain Richard Cooper; 3) acting as State Health and Medical Preparedness Coordinator, Chief Nick Mercuri; 4) acting as State Medical Director, Dr. Joey Scollan; 4) acting as State Alternate Member, Assistant Director Jeffrey Cooper; 5) acting as State Pediatric Emergency Care Coordinator, Anna Sessa; 6) acting as State Personal Licensure Coordinator, Captain Kathy Doolan; and 7) acting as State Trauma Manager, Vicki Blanchard.
 10. *Explain in detail any negative impact to the State if the Agency did not belong to this organization.* NAEMSO is a nationally recognized organization that provides multiple benefits, as indicated above, to its members across the United States. At this time, the organization has representation to all 50 states as well as the District of Columbia and the five territories. By electing to not participate in the organization, the Department of Safety would not only lose the opportunity to collaborate with all of the other representatives on both daily and long-term operational needs, but would also lose connection with the rest of the nation regarding EMS matters.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety
