EXPLANATION

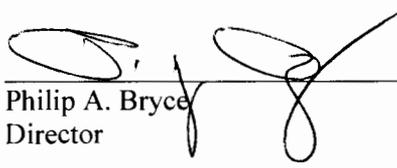

Lamprey Suburban Septic will perform septic pumping and disposal services at 5 state park facilities in order to prevent damage to wastewater systems. Inspections of the systems will also be performed at the time of pumping to foresee and/or prevent any long term problems. The Department is seeking an additional 20% over the contract amount as a contingency should any unforeseen septic issue be found once the septic pumping is performed.

In February 2014, an invitation to submit bids for septic pumping and disposal services at 41 state park facilities, 6 welcome information centers and 1 DRED facility located across the State of New Hampshire was advertised on the Department of Administrative Services' website. Ten (10) companies submitted bid proposals of which Lamprey Suburban Septic was the low bid for 5. Attached for your information is the entire bid tabulation received for these services.

The Attorney General's Office has approved this contract as to form, substance, and execution.
