

THE STATE OF NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan Commissioner William Cass, P.E.
Assistant Commissioner

Bureau of Construction March 11, 2019

His Excellency, Governor Christopher T. Sununu and the Honorable Council State House Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Northeast Traffic Control Services (Vendor 162193) of Plymouth, MA on the basis of a low bid of \$792,465.00 for horizontal curve signs on all state owned roadways in maintenance District 1, from the date of Governor and Council approval through August 14, 2020 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2019 and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2020 and Fiscal Year 2021 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	FY 2019	FY 2020	FY 2021
04-96-96-963515-3054			
Consolidated Federal Aid			
400-500870 Highway Contract Payments	\$100,000.00	\$600,000.00	\$92,465.00

2. Further authorize that a contingency in the amount of \$31,698.60 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 4% of the contract amount.

Funding is available as follows:	FY 2019	FY 2020	FY 2021
04-96-96-963515-3054			
Consolidated Federal Aid			
400-500870 Highway Contract Payments	\$0.00	\$0.00	\$31,698.60

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan, under the Highway Safety Improvement Program (HSIP). The scope of this project includes installation, relocation, and removal of horizontal curve signs on all state owned roadways in maintenance District 1. Brush clearing and tree trimming will be required in some locations to provide adequate sign visibility.

This is a systemic Highway Safety Improvement Project. The project will update horizontal curve signs on all state owned roadways in maintenance District 1 to meet the requirements in the 2009 Manual on Uniform Traffic Control Devices (MUTCD). Having all curves in our state signed consistently will improve safety on the roadways and reduce runoff the road crashes.

The Contingency amount is proposed to be 4% of the contract amount. This is to account for the risks associated with the unknown extent of traffic control needs required for the project.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 90% Federal Funds with 10% state match. Tumpike toll credit is being utilized for match requirements, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan Commissioner

VFS/pcj

Department Estimate: \$895,840.00 Contract Amount: \$792,465.00 Under Estimate: \$103,375.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: The scope of this project includes installation, relocation, and removal of horizontal curve signs on all state owned roadways in maintenance District 1. Brush clearing and tree trimming will be required in some locations to provide adequate sign visibility.

FEDERAL FUNDING: 90% (Highway Safety Improvement Program) with Turnpike Toll Credits for the State's 10% match.

CONTINGENCY: The proposed contingency amount is 4% of the contract amount. This is to account for the risks associated with the unknown extent of traffic control needs required for the project.

PROJECT INITIATED: Initiated as a systemic project through the Highway Safety Improvement Program.

PROJECT EXPLANATION: This is a systemic Highway Safety Improvement Project. The project will update horizontal curve signs on all state owned roadways in maintenance District 1 to meet the requirements in the 2009 Manual on Uniform Traffic Control Devices (MUTCD). Having all curves in our state signed consistently will improve safety on the roadways and reduce runoff the road crashes.

TRAFFIC IMPLICATION: All work will be completed using mobile or short-term operations. Some work on shoulders may require closure of adjacent travel lanes. Uniformed Officers when applicable shall be located at all active work areas and at other locations adjacent to the work areas where restricted sight distance impedes traffic flow

FINAL COMPLETION DATE: August 14, 2020.
