His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

Authorize the Department of Safety, Division of State Police to exercise the first two-year renewal options of the contract with CI Technologies, Inc. (VC# 271151-P001), P. O. Box 551700, Jacksonville, FL 32255-1700, in an amount not to exceed \$9,476.67, increasing the total contract amount from \$59,461.00 to \$68,937.67 and by extending the end date from February 28, 2020 to a new end date of December 31, 2021 for the provision of an Internal Affairs Case Management and Tracking System. Effective upon Governor and Council approval through December 31, 2021 with the option to renew at the sole option of the State for one more additional two-year term. Funding source 100% Federal Funds.

Funding is available in the SFY 2020/2021 operating budget and contingent upon availability and continued appropriations in SFY 2022 with the authority to adjust between fiscal years through the Budget Office if needed and justified.

\$491.67	\$5,990.00	\$2,995.00	\$9,476.67

Explanation

This contract renewal allows for the continued provision of the Internal Affairs Case Management and Tracking System. This system allows the State Police to process "Use of Force", "Pursuit", and other reports while tracking related data within a single system. This system also provides notifications when a Division member has been involved in a predetermined number of incidents so that members can be monitored.

Respectfully submitted,

Explanation

This contract is for the provision of an Internal Affairs Case Management and Tracking System. This system will take the place of the current "paper" system, which is inefficient and time-consuming. It will allow the State Police to process "Use of Force", "Pursuit", and other reports while tracking related data within a single system. Once the system is set up, it will also provide notification when a Division member has been involved in a predetermined number of incidents so that members can be monitored. A Request for Proposal was posted on the Administrative Services website March 27, 2015 through May 21, 2015. CI Technologies, Inc. submitted the sole proposal.

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the Governor and Executive Council of the State of New Hampshire, if applicable, this Agreement, and all obligations of the parties hereunder, shall become effective on the date the Governor and Executive Council approve this Agreement as indicated in block 1.18, unless no such approval is required, in which case the Agreement shall become effective on the date the Agreement is signed by the State Agency as shown in block 1.14 ("Effective Date").

3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT.

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. This may include the requirement to utilize auxiliary aids and services to ensure that persons with communication disabilities, including vision, hearing and speech, can communicate with, receive information from, and convey information to the Contractor. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provisions of Executive Order No. 11246 ("Equal Employment Opportunity"), as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this

Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. **TERMINATION.** In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT A.

11. **CONTRACTOR'S RELATION TO THE STATE.** In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. **ASSIGNMENT/DELEGATION/SUBCONTRACTS.** The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written notice and consent of the State. None of the Services shall be subcontracted by the Contractor without the prior written notice and consent of the State.

13. **INDEMNIFICATION.** The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate; and

14.1.2 special cause of loss coverage form covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than thirty (30) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each certificate(s) of insurance shall contain a clause requiring the insurer to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than thirty (30) days prior written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION.

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the Contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("*Workers' Compensation*").

15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire unless no

such approval is required under the circumstances pursuant to State law, rule or policy.

19. CONSTRUCTION OF AGREEMENT AND TERMS.

This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

5. DELIVERABLES

5.1 CI TECHNOLOGIES RESPONSIBILITIES

CI Technologies shall be solely responsible for meeting all requirements, and terms and conditions specified in this Contract, regardless of whether or not a subCI Technologies is used.

CI Technologies may subcontract Services subject to the provisions of the Contract, including but not limited to, the terms and conditions in the Contract Agreement. CI Technologies must submit all information and documentation relating to the SubCI Technologies, including terms and conditions consistent with this Contract. The State will consider CI Technologies to be wholly responsible for the performance of the Contract and the sole point of contact with regard to all contractual matters, including payment of any and all charges resulting from the Contract.

5.2 DELIVERABLES AND SERVICES

CI Technologies shall provide the State with the Deliverables and Services in accordance with the time frames in the Work Plan for this Contract, and as more particularly described in Contract Exhibit A: *Contract Deliverables*. Upon its submission of a Deliverable or Service, the Contracted Vendor represents that it has performed its obligations under the Contract associated with the Deliverable or Services.

5.3 NON-SOFTWARE AND WRITTEN DELIVERABLES REVIEW AND ACCEPTANCE

After receiving written Certification from CI Technologies that a Non-Software or Written Deliverable is final, complete, and ready for Review, the State will Review the Deliverable to determine whether it meets the Requirements outlined in Contract Exhibit A: *Contract Deliverables*. The State will notify CI Technologies in writing of its Acceptance or rejection of the Deliverable within five (5) business days of the State's receipt of CI Technologies's written Certification. If the State rejects the Deliverable, the State shall notify CI Technologies of the nature and class of the Deficiency and CI Technologies shall correct the Deficiency within the period identified in the Work Plan. If no period for CI Technologies's correction of the Deliverable is identified, CI Technologies shall correct the Deficiency in the Deliverable within five (5) business days. Upon receipt of the corrected Deliverable, the State shall have five (5) business days to review the Deliverable and notify CI Technologies of its Acceptance or rejection thereof, with the option to extend the Review Period up to five (5) additional business days. If CI Technologies fails to correct the Deficiency within the allotted period of time, the State may, at its option, continue reviewing the Deliverable and require CI Technologies to continue until the Deficiency is corrected, or immediately terminate the Contract, declare CI Technologies in default, and pursue its remedies at law and in equity.

5.4 SOFTWARE AND DELIVERABLES REVIEW AND ACCEPTANCE

Software Testing and Acceptance shall be performed as set forth in the Test Plan and more particularly described in Exhibit F: *Testing Services*.

6. SOFTWARE

CI Technologies shall provide the State with Software Licenses and Documentation set forth in the Contract, and particularly described in Exhibit J: *Software License and Related Terms*.

7. SERVICES

CI Technologies shall provide the Services required under the Contract Documents. All Services shall meet, and be performed, in accordance with the Specifications.

7.1 ADMINISTRATIVE SERVICES

CI Technologies shall provide the State with the administrative Services set forth in the Contract, and particularly described in Exhibit D: *Administrative Services*.

7.2 IMPLEMENTATION SERVICES

CI Technologies shall provide the State with the Implementation Services set forth in the Contract, and particularly described in Exhibit E: *Implementation Services*.

7.3 TESTING SERVICES

CI Technologies shall perform testing Services for the State set forth in the Contract, and particularly described in Exhibit F: *Testing Services*.

7.4 TRAINING SERVICES

CI Technologies shall provide the State with training Services set forth in the Contract, and particularly described in Exhibit L: *Training Services*.

7.5 MAINTENANCE AND SUPPORT SERVICES

CI Technologies shall provide the State with Maintenance and support Services for the Software set forth in the Contract, and particularly described in Exhibit G: *System Maintenance and Support*.

7.6 WARRANTY SERVICES

CI Technologies shall provide the State with warranty Services set forth in the Contract, and particularly described in Exhibit K: *Warranty Services*.

8. WORK PLAN DELIVERABLE

CI Technologies shall provide the State with a Work Plan that shall include the tasks to be completed for the installation, training, and production deployment of IAPro.

9. CHANGE ORDERS

The State may make changes or revisions at any time by written Change Order. The State originated changes or revisions shall be approved by the Department of Information Technology. Within five (5) business days of CI Technologies' receipt of a Change Order, CI Technologies shall advise the State, in detail, of any impact on cost (e.g., increase or decrease), the Schedule, or the Work Plan.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY
INTERNAL AFFAIRS CASE MANAGEMENT AND TRACKING
DOS - RFP 2015-052
CONTRACT AGREEMENT – GENERAL PROVISIONS**

CI Technologies may request a change within the scope of the Contract by written Change Order, identifying any impact on cost, the Schedule, or the Work Plan. The State shall attempt to respond to CI Technologies' requested Change Order within five (5) business days. The State Agency, as well as the Department of Information Technology, must approve all Change Orders in writing. The State shall be deemed to have rejected the Change Order if the parties are unable to reach an agreement in writing.

All Change Order requests from CI Technologies to the State, and the State acceptance of CI Technologies' estimate for a State requested change, will be acknowledged and responded to, either acceptance or rejection, in writing. If accepted, the Change Order(s) shall be subject to the Contract amendment process, as determined to apply by the State.

10. INTELLECTUAL PROPERTY

10.1 SOFTWARE TITLE

Title, right, and interest (including all ownership and intellectual property rights) in the Software, and its associated Documentation, shall remain with CI Technologies.

10.2 STATE'S DATA AND PROPERTY

All rights, title and interest in State Data shall remain with the State. All Data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demandor upon termination of this Agreement for any reason.

10.3 CI TECHNOLOGIES'S MATERIALS

In accordance with the provision of this Contract, CI Technologies shall not distribute any products containing or disclose any State Confidential Information. CI Technologies shall be free to use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques that are acquired or used in the course of its performance under this Contract, provided that such is not obtained as the result of the deliberate memorization of the State Confidential Information by CI Technologies employees or third party consultants engaged by CI Technologies.

Without limiting the foregoing, the parties agree that the general knowledge referred to herein cannot include information or records not subject to public disclosure under New Hampshire RSA Chapter 91-A, which includes but is not limited to the following: records of grand juries and petit juries; records of parole and pardon boards; personal school records of pupils; records pertaining to internal personnel practices, financial information, test questions, scoring keys and other examination data use to administer a licensing examination, examination for employment, or academic examination and personnel, medical, welfare, library use, video tape sale or rental, and other files containing personally identifiable information that is private in nature.

10.4 STATE WEBSITE COPYRIGHT

WWW Copyright and Intellectual Property Rights

All right, title and interest in the State WWW site, including copyright to all Data and information, shall remain with the State. The State shall also retain all right, title and interest in any user interfaces and computer instructions embedded within the WWW pages. All WWW pages and any other Data or information shall, where applicable, display the State's copyright.

10.5 CUSTOM SOFTWARE SOURCE CODE

Should any custom source code be developed specifically for the State, CI Technologies shall provide the State with a copy of the custom code, which shall be subject to the License rights. The State shall receive a worldwide, perpetual, irrevocable, non-exclusive paid –up right and license to use, copy, modify and prepare derivative works of any custom developed software that is developed specifically for the State.

10.6 SURVIVAL

This Contract Agreement Section 10: *Intellectual Property* shall survive the termination of the Contract.

11. USE OF STATE'S INFORMATION, CONFIDENTIALITY

11.1 USE OF STATE'S INFORMATION

In performing its obligations under the Contract, CI Technologies may gain access to information of the State, including State Confidential Information. "State Confidential Information" shall include, but not be limited to, information exempted from public disclosure under New Hampshire RSA Chapter 91-A: *Access to Public Records and Meetings* (see e.g. RSA Chapter 91-A: 5 *Exemptions*). CI Technologies shall not use the State Confidential Information developed or obtained during the performance of, or acquired, or developed by reason of the Contract, except as directly connected to and necessary for CI Technologies's performance under the Contract.

11.2 STATE CONFIDENTIAL INFORMATION

CI Technologies shall maintain the confidentiality of and protect from unauthorized use, disclosure, publication, and reproduction (collectively "release"), all State Confidential Information that becomes available to CI Technologies in connection with its performance under the Contract, regardless of its form.

Subject to applicable federal or State laws and regulations, Confidential Information shall not include information which: (i) shall have otherwise become publicly available other than as a result of disclosure by the receiving party in breach hereof; (ii) was disclosed to the receiving party on a non-confidential basis from a source other than the disclosing party, which the receiving party believes is not prohibited from disclosing such information as a result of an obligation in favor of the disclosing party; (iii) is developed by the receiving party independently of, or was known by the receiving party prior to, any disclosure of such information made by the disclosing party; or (iv) is disclosed with the written consent of the disclosing party. A receiving party also may disclose Confidential Information to the extent required by an order of a court of competent jurisdiction.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY
INTERNAL AFFAIRS CASE MANAGEMENT AND TRACKING
DOS - RFP 2015-052
CONTRACT AGREEMENT – GENERAL PROVISIONS**

Any disclosure of the State Confidential Information shall require the prior written approval of the State. CI Technologies shall immediately notify the State if any request, subpoena or other legal process is served upon CI Technologies regarding the State Confidential Information, and CI Technologies shall cooperate with the State in any effort the State undertakes to contest the request, subpoena or other legal process, at no additional cost to the State.

In the event of the unauthorized release of State Confidential Information, CI Technologies shall immediately notify the State, and the State may immediately be entitled to pursue any remedy at law and in equity, including, but not limited to, injunctive relief.

11.3 CI TECHNOLOGIES CONFIDENTIAL INFORMATION

Insofar as CI Technologies seeks to maintain the confidentiality of its confidential or proprietary information, CI Technologies must clearly identify in writing all information it claims to be confidential or proprietary. Notwithstanding the foregoing, the State acknowledges that CI Technologies considers the Software, Database Schema and Documentation to be Confidential Information. CI Technologies acknowledges that the State is subject to State and federal laws governing disclosure of information including, but not limited to, RSA Chapter 91-A. The State shall maintain the confidentiality of the identified Confidential Information insofar as it is consistent with applicable State and federal laws or regulations, including but not limited to, RSA Chapter 91-A. In the event the State receives a request for the information identified by CI Technologies as confidential, the State shall notify CI Technologies and specify the date the State will be releasing the requested information. At the request of the State, CI Technologies shall cooperate and assist the State with the collection and review of CI Technologies's information, at no additional expense to the State. Any effort to prohibit or enjoin the release of the information shall be CI Technologies's sole responsibility and at CI Technologies's sole expense. If CI Technologies fails to obtain a court order enjoining the disclosure, the State shall release the information on the date specified in the State's notice to CI Technologies, without any liability to CI Technologies.

11.4 SURVIVAL

This Contract Agreement Section 11, *Use of State's Information, Confidentiality*, shall survive termination or conclusion of the Contract.

12. LIMITATION OF LIABILITY

12.1 STATE

Subject to applicable laws and regulations, in no event shall the State be liable for any consequential, special, indirect, incidental, punitive, or exemplary damages. Subject to applicable laws and regulations, the State's liability to CI Technologies shall not exceed the total Contract price set forth in Contract Agreement – General Provisions, Block 1.8.

12.2 CI Technologies

CONTRACT AGREEMENT – GENERAL PROVISIONS**

Subject to applicable laws and regulations, in no event shall CI Technologies be liable for any consequential, special, indirect, incidental, punitive or exemplary damages and CI Technologies's liability to the State shall not exceed two times (2X) the total Contract price set forth in Contract Agreement – P-37, General Provisions, Block 1.8.

Notwithstanding the foregoing, this limitation of liability shall not apply to CI Technologies's indemnification obligations set forth in the Contract Agreement-General Provisions Section 13: *Indemnification* and confidentiality obligations in Contract Agreement-General Provisions Section 11: *Use of State's Information, Confidentiality*, which shall be unlimited.

12.3 STATE'S IMMUNITY

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive termination or Contract conclusion.

12.4 SURVIVAL

This Section 12: *Limitation of Liability* shall survive termination or Contract conclusion.

13. TERMINATION

This Section 13 shall survive the termination or Contract Conclusion.

13.1 TERMINATION FOR DEFAULT

Any one or more of the following acts or omissions of CI Technologies shall constitute an event of default hereunder ("Event of Default")

- a. Failure to perform the Services satisfactorily or on schedule;
- b. Failure to submit any report required; and/or
- c. Failure to perform any other covenant, term or condition of the Contract

13.1.1 Upon the occurrence of any Event of Default, the State may take any one or more, or all, of the following actions:

- a. Unless otherwise provided in the Contract, the State shall provide CI Technologies written notice of default and require it to be remedied within, in the absence of a greater or lesser specification of time, within thirty (30) days from the date of notice, unless otherwise indicated within by the State ("Cure Period"). If CI Technologies fails to cure the default within the Cure Period, the State may terminate the Contract effective two (2) days after giving CI Technologies notice of termination, at its sole discretion, treat the Contract as breached and pursue its remedies at law or in equity or both.
- b. Give CI Technologies a written notice specifying the Event of Default and suspending all payments to be made under the Contract and ordering that the portion of the Contract price which would otherwise accrue to CI Technologies

during the period from the date of such notice until such time as the State determines that CI Technologies has cured the Event of Default shall never be paid to CI Technologies.

- c. Set off against any other obligations the State may owe to the Vendor any damages the State suffers by reason of any Event of Default;
- d. Treat the Contract as breached and pursue any of its remedies at law or in equity, or both.
- e. Procure Services that are the subject of the Contract from another source and CI Technologies shall be liable for reimbursing the State for the replacement Services, and all administrative costs directly related to the replacement of the Contract and procuring the Services from another source, such as costs of competitive bidding, mailing, advertising, applicable fees, charges or penalties, and staff time costs; all of which shall be subject to the limitations of liability set forth in the Contract.

13.1.2 The Vendor shall provide the State with written notice of default, and the State shall cure the default within thirty (30) days.

13.2 TERMINATION FOR CONVENIENCE

13.2.1 The State may, at its sole discretion, terminate the Contract for convenience, in whole or in part, by thirty (30) days written notice to CI Technologies. In the event of a termination for convenience, the State shall pay CI Technologies the agreed upon price, if separately stated in this Contract, for Deliverables for which Acceptance has been given by the State. Amounts for Services or Deliverables provided prior to the date of termination for which no separate price is stated under the Contract shall be paid, in whole or in part, generally in accordance with Contract Exhibit B, *Price and Payment Schedule*, of the Contract.

13.2.2 During the thirty (30) day period, CI Technologies shall wind down and cease Services as quickly and efficiently as reasonably possible, without performing unnecessary Services or activities and by minimizing negative effects on the State from such winding down and cessation of Services.

13.3 TERMINATION FOR CONFLICT OF INTEREST

13.3.1 The State may terminate the Contract by written notice if it determines that a conflict of interest exists, including but not limited to, a violation by any of the parties hereto of applicable laws regarding ethics in public acquisitions and procurement and performance of Contracts.

In such case, the State shall be entitled to a pro-rated refund of any current development, support, and maintenance costs. The State shall pay all other contracted

payments that would have become due and payable if CI Technologies did not know, or reasonably did not know, of the conflict of interest.

13.3.2 In the event the Contract is terminated as provided above pursuant to a violation by CI Technologies, the State shall be entitled to pursue the same remedies against CI Technologies as it could pursue in the event of a default of the Contract by CI Technologies.

13.4 TERMINATION PROCEDURE

13.4.1 Upon termination of the Contract, the State, in addition to any other rights provided in the Contract, may require CI Technologies to deliver to the State any property, including without limitation, Software and Written Deliverables, for such part of the Contract as has been terminated.

13.4.2 After receipt of a notice of termination, and except as otherwise directed by the State, CI Technologies shall:

- a. Stop work under the Contract on the date, and to the extent specified, in the notice;
- b. Promptly, but in no event longer than thirty (30) days after termination, terminate its orders and subcontracts related to the work which has been terminated and settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the State to the extent required, which approval or ratification shall be final for the purpose of this Section;
- c. Take such action as the State directs, or as necessary to preserve and protect the property related to the Contract which is in the possession of CI Technologies and in which the State has an interest;
- d. Transfer title to the State and deliver in the manner, at the times, and to the extent directed by the State, any property which is required to be furnished to the State and which has been accepted or requested by the State; and
- e. Provide written Certification to the State that CI Technologies has surrendered to the State all said property.
- f. Assist in Transition Services, as reasonably requested by the State at no additional cost.

14. CHANGE OF OWNERSHIP

In the event that CI Technologies should change ownership for any reason whatsoever, the State shall have the option of continuing under the Contract with CI Technologies, its successors or assigns for the full remaining term of the Contract; continuing under the Contract with CI Technologies, its successors or assigns for such period of time as determined necessary by the State; or immediately terminate the Contract without liability to CI Technologies, its successors or assigns.

15. ASSIGNMENT, DELEGATION AND SUBCONTRACTS

15.1 CI Technologies shall not assign, delegate, subcontract, or otherwise transfer any of its interest, rights, or duties under the Contract without the prior written consent of the State. Such consent shall not be unreasonably withheld. Any attempted transfer, assignment, delegation, or other transfer made without the State's prior written consent shall be null and void, and may constitute an event of default at the sole discretion of the State.

15.2 CI Technologies shall remain wholly responsible for performance of the entire Contract even if assignees, delegates, SubCI Technologies, or other transferees ("Assigns") are used, unless otherwise agreed to in writing by the State, and the Assigns fully assumes in writing any and all obligations and liabilities under the Contract from the Effective Date. In the absence of a written assumption of full obligations and liabilities of the Contract, any permitted assignment, delegation, subcontract, or other transfer shall neither relieve CI Technologies of any of its obligations under the Contract nor affect any remedies available to the State against CI Technologies that may arise from any event of default of the provisions of the contract. The State shall consider CI Technologies to be the sole point of contact with regard to all contractual matters, including payment of any and all charges resulting from the Contract.

15.3 Notwithstanding the foregoing, nothing herein shall prohibit CI Technologies from assigning the Contract to the successor of all or substantially all of the assets or business of CI Technologies provided that the successor fully assumes in writing all obligations and responsibilities under the Contract. In the event that CI Technologies should change ownership, as permitted under Section 15: *Change of Ownership*, the State shall have the option to continue under the Contract with CI Technologies, its successors or assigns for the full remaining term of the Contract; continue under the Contract with CI Technologies, its successors or assigns for such period of time as determined necessary by the State; or immediately terminating the Contract without liability to CI Technologies, its successors or assigns.

16. DISPUTE RESOLUTION

Prior to the filing of any formal proceedings with respect to a dispute (other than an action seeking injunctive relief with respect to intellectual property rights or Confidential Information), the party believing itself aggrieved (the "Invoking Party") shall call for progressive management involvement in the dispute negotiation by written notice to the other party. Such notice shall be without prejudice to the Invoking Party's right to any other remedy permitted under the Contract.

The parties shall use reasonable efforts to arrange personal meetings and/or telephone conferences as needed, at mutually convenient times and places, between negotiators for the parties at the following successive management levels, each of which shall have a period of allotted time as specified below in which to attempt to resolve the dispute:

DELIVERABLES

1. DELIVERABLES, MILESTONES AND ACTIVITIES

Project Overview

The general scope of the project is to implement IAPro at the State. IAPro is a COTS application developed by CI Technologies, Inc. and used by over 600 police agencies in four countries at this time. IAPro is developed for use by the Professional Standards/Internal Affairs Unit of the agency and has an optional component, BlueTeam, that is deployed for field level reporting. The scope of this project will be to implement IAPro and BlueTeam for use by the State.

General Project Assumptions

1. Prior to the commencement of work on Non-Software and Written Deliverables, CI Technologies, Inc. shall provide an implementation plan outlining the steps and deliverables for installation, training and deployment of IAPro at the State.
2. CI Technologies, Inc. shall ensure that appropriate levels of security are implemented and maintained in order to protect the integrity and reliability of the State's Information Technology resources, information, and services. Security requirements are defined in Exhibit H Requirements. CI Technologies, Inc. shall provide the State resources, information, and Services on an ongoing basis, with the appropriate infrastructure and security controls to ensure business continuity and to safeguard the confidentiality and integrity of State networks, Systems and Data.
3. The Deliverables are set forth in the Schedule described below in Section 2. By unconditionally accepting a Deliverable, the State reserves the right to reject any and all Deliverables in the event the State detects any Deficiency in the System, in whole or in part, through completion of all Acceptance Testing, including but not limited to, Software/System Acceptance Testing, and any extensions thereof.

Pricing for Deliverables set forth in Exhibit B: *Price and Payment Schedule*. Pricing will be effective for the Term of this Contract, and any extensions thereof.

1.2 Future Vendor Rates Worksheet

The State may request additional Services from the selected Vendor and requires rates in the event that additional Service is required. The following format must be used to provide this information. "SFY" refers to State Fiscal Year. The New Hampshire State Fiscal Year runs from July 1 through June 30 of the following calendar year. Positions not identified in the Proposed Position Worksheet may be included in the Future Vendor Rates Worksheet.

1.3 Software Licensing, Maintenance, and Support Pricing Worksheet

Pricing must reflect the payment of maintenance through the Contract end date. Price estimate should reflect the most optimistic implementation date. Actual payments may differ from the estimate if project start date slips or if implementation takes longer as this will cause a shorter maintenance period.

2. CONTRACT PRICE

Notwithstanding any provision in the Contract to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments made by the State exceed \$59,461 ("Total Contract Price"). The payment by the State of the total Contract price shall be the only, and the complete reimbursement to CI Technologies for all fees and expenses, of whatever nature, incurred by CI Technologies in the performance hereof.

The State will not be responsible for any travel or out of pocket expenses incurred in the performance of the Services performed under this Contract.

3. INVOICING

CI Technologies shall submit correct invoices to the State for all amounts to be paid by the State. All invoices submitted shall be subject to the State's prior written approval, which shall not be unreasonably withheld. CI Technologies shall only submit invoices for Services or Deliverables as permitted by the Contract. Invoices must be in a format as determined by the State and contain detailed information, including without limitation: itemization of each Deliverable and identification of the Deliverable for which payment is sought, and the Acceptance date triggering such payment; date of delivery and/or installation; monthly maintenance charges; any other Project costs or retention amounts if applicable.

Upon Acceptance of a Deliverable, and a properly documented and undisputed invoice, the State will pay the correct and undisputed invoice within thirty (30) days of invoice receipt. Invoices will not be backdated and shall be promptly dispatched.

1. TRAVEL EXPENSES

The CI Technologies, Inc. must assume all reasonable travel and related expenses. All labor rates will be "fully loaded", including, but not limited to: meals, hotel/housing, airfare, car rentals, car mileage, and out of pocket expenses.

2. SHIPPING AND DELIVERY FEE EXEMPTION

The State will not pay for any shipping or delivery fees unless specifically itemized in the Contract.

3. ACCESS/COOPERATION

As applicable, and subject to the applicable laws and regulations, the State will provide CI Technologies, Inc. with access to all program files, libraries, personal computer-based systems, software packages, network systems, security systems, and hardware as required to complete the contracted Services.

The State will use reasonable efforts to provide approvals, authorizations, and decisions reasonably necessary to allow CI Technologies, Inc. to perform its obligations under the Contract.

4. STATE-OWNED DOCUMENTS AND COPYRIGHT PRIVILEGES

CI Technologies, Inc. shall provide the State access to all State-owned documents, materials, reports, and other work in progress relating to this RFP. Upon expiration or termination of the Contract with the State, CI Technologies, Inc. shall turn over all State-owned documents, material, reports, and work in progress relating to this RFP to the State at no additional cost to the State. Documents must be provided in both printed and electronic format.

5. RECORDS RETENTION AND ACCESS REQUIREMENTS

CI Technologies, Inc. shall agree to the conditions of all applicable State and federal laws and regulations, which are incorporated herein by reference, regarding retention and access requirements, including without limitation, retention policies consistent with the Federal Acquisition Regulations (FAR) Subpart 4.7 *Contractor Records Retention*.

CI Technologies, Inc. and its Subcontractors shall maintain books, records, documents, and other evidence of accounting procedures and practices, which properly and sufficiently reflect all direct and indirect costs invoiced in the performance of their respective obligations under the Contract. CI Technologies, Inc. and its Subcontractors shall retain all such records for three (3) years following termination of the Contract, including any extensions. regarding the Contract shall be kept for one (1) year following the termination of all litigation, including the termination of all appeals or the expiration of the appeal period.

Upon prior notice and subject to reasonable time frames, all such records shall be subject to inspection, examination, audit and copying by personnel so authorized by the State and federal officials so authorized by law, rule, regulation or Contract, as applicable. Access to these items shall be provided within Merrimack County of the State of New Hampshire, unless otherwise agreed by the State. Delivery of and access to such records shall be at no cost to the State during the three (3) year period following termination of the Contract and one (1) year term following litigation relating to the Contract, including all appeals or the expiration of the appeal period. CI Technologies, Inc. shall include the record retention and review requirements of this section in any of its subcontracts.

The State agrees that books, records, documents, and other evidence of accounting procedures and practices related to CI Technologies, Inc.'s cost structure and profit factors shall be excluded from the State's review unless the cost of any other Services or Deliverables provided under the Contract is calculated or derived from the cost structure or profit factors.

6. ACCOUNTING REQUIREMENTS

CI Technologies, Inc. shall maintain an accounting system in accordance with Generally Accepted Accounting Principles. The costs applicable to the Contract shall be ascertainable from the accounting system and CI Technologies, Inc. shall maintain records pertaining to the Services and all other costs and expenditures.

TESTING SERVICES

1. TESTING AND ACCEPTANCE

CI Technologies, Inc. will assist the state with testing the LPro and BlueTeam applications after they have been implemented at the state. This testing is to insure that the applications are functioning properly after installation and are ready for production use. Since LPro and BlueTeam are off the shelf products, no additional testing will be performed by CI Technologies, Inc.

1.1 User Acceptance Testing (UAT)

UAT begins upon completion of the Software Installation as required and user training according to the Work Plan. Testing ends upon issuance of a letter of UAT Acceptance by the State.

CI Technologies, Inc.'s Project Manager must certify in writing, that the CI Technologies, Inc. staff has successfully executed all prerequisite testing, along with reporting the actual testing results prior to the start of any testing executed by State staff.

1.2 Security Review and Testing

IT Security involves all functions pertaining to the securing of State Data and Systems through the creation and definition of security policies, procedures and controls covering such areas as identification, authentication and non-repudiation.

All components of the Software shall be reviewed and tested to ensure they protect the State's hardware and software and its related Data assets. Tests shall focus on the technical, administrative and physical security controls that have been designed into the System architecture in order to provide the necessary confidentiality, integrity and availability. Tests shall, at a minimum, cover each of the service components. CI Technologies must provide certification that application vulnerability scanning is performed and vulnerabilities have been corrected, at least annually and prior to every major release.

Service Component	Defines the set of capabilities that:
Identification and Authentication	Supports obtaining information about those parties attempting to log onto a system or application for security purposes and the validation of users
Verification	Supports the confirmation of authority to enter a computer system, application or network
Audit Trail Capture and Analysis	Supports the identification and monitoring of activities within an application or system

Tests shall focus on the technical, administrative and physical security controls that have been designed into the System architecture in order to provide the necessary confidentiality, integrity and availability. Tests shall, at a minimum, cover each of the service components.

I. SYSTEM MAINTENANCE AND SUPPORT

Provision of product upgrades

Major and minor upgrades are obtainable by customers from the IAPro web-site customer support area. Minor upgrades are released roughly quarterly, and major ones are release roughly annually.

Provision of documentation

Documentation including user manual, system administrator manual and upgrade manual are obtainable by customers from the IAPro web-site customer support area located at www.iapro.com

Provision of technical and end user support

While the annual maintenance agreement is in-effect, CI Technologies will provide technical and end user support to the State as follows:

Availability: Via our 1-800 number and personal cell phones during normal working hours. Also, e-mail for lower priority issues. CI typically makes itself available after working hours if a high priority problem is pending.

Two hours is our typical response time to medium and high priority calls. CI typically responds to call or e-mails related to training or usage issues within 24 hours.

The following escalation procedures will be employed to insure an appropriate response to any interruption of service in order to minimize downtime. Problems are addressed quickly during the hours of 8:00am and 6:00pm EST Monday through Friday excluding Holidays and weekends.

General problem reporting and resolution procedures

When a problem is encountered during regular business hours, the following steps will be preformed:

The agency user will ideally first contact the IAPro designated coordinator of their agency. This will probably be a person in either the IA or IT areas who is most familiar with IAPro.

(Please note: Users are also welcome to call CI Technologies directly, but including the IAPro designated coordinator in problem resolution is desired.)

If the problem seems to require assistance from CI Technologies, they will be contacted at this point. Otherwise, the agency's IAPro designated coordinator will attempt to correct the

MAINTENANCE AND SUPPORT SERVICES

problems. The IAPro designated coordinator will verify network connects, resolve printer problems and any desktop issues associated with using IAPro.

If internal resources are unable to determine the cause of the failure, the IAPro designated coordinator will contact CI Technologies. CI technologies will be notified through E-Mail and via phone.

CI Technologies resources will work with the agency to diagnose the problem. After investigating the issue, CI Technologies and the agency will jointly categorize the problem into:

Type of Problem	Ownership

Statement of Work

CI will work with the Agency's IT in advance to get IAPro installed for production use, as well as a separate "training version" of IAPro for training use.

One Software application will be installed, IAPro – Windows client application. Databases used by IAPro will be installed. Our preferred database engine is SQLServer 2005 or 2012.

Support for a more proactive approach

Important Note

The purchase of the IAPro system does not include hardware, OS licensing or SQL Server licensing. Most agencies that purchase IAPro have an existing server with existing Microsoft SQL Server licensing. IAPro can be installed on the State's existing hardware and within the States existing SQL Server instance.

Schedule

Month One- Conference call planning session with CI Technologies staff, Internal Affairs Staff, and IT Staff to plan implementation and training schedule.

Month One- We'd like to receive an extract of the States officers/employees, preferably in MS Excel, CSV or Access format. See the relevant section below for data elements. This pre-load of officer/employee data will enable the unit to get started with IAPro without having to enter officer/employee information.

Month Two – Installation of server databases and production workstations. We will work via phone with a designated IT person to install IAPro, so that when the trainer arrives to conduct training and system configuration, he can focus on those activities. MS SQLServer 2005 to 2012 is the preferred IAPro database engine.

Month Two – CI will also assist the State in installing the training version of IAPro onto the training room workstations. Please note this is a separate installation from the database and production workstations.

Month Three- On-site training for IAPro. A computer-equipped training room is the preferred facility to train in with each trainee having their own training computer.

IAPro Installation

IAPro installation takes place prior to the on-site training. CI Technologies will be responsible for working with the State on database and desktop installation.

Installation activities include:

- Adding 2 databases to a SQLServer or MSDE server and creating a login for use by the application.
- Creating a shared drive available to all IAPro network users.
- Installation of IAPro on each desktop workstation and creating the ODBC system data sources necessary.
- Pre-load of officers/employees data.
- Advice on configuring database backup processes.

Installation of IAPro and SQLServer databases normally takes 2 or 3 hours at most.

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY
INTERNAL AFFAIRS CASE MANAGEMENT
CONTRACT 2015-052
EXHIBIT J
SOFTWARE LICENSE

We prefer that the customer have their database server available and installed. Please note that SQLServer/MSDE must be installed in case insensitive mode and with authentication set for either Windows or SQLServer.

IAPro Training

Training days are typically 8 hours each day from 8:00 a.m. until 5:00 p.m. In addition to conducting training, the trainer will work with the key IAPro users to configure that database for use: setting up the IAPro users and their privileges, the user-defined organizational fields, etc.

CI recommends that a computer training room be used for training (although it's not mandatory) instead of conducting training in the users' workplace location. Based on experience, CI finds that this approach minimizes interruptions and is much more conducive for training purposes.

The training version of IAPro is installed on each PC to be used by the trainees. The trainer will bring along an LCD projector for use during training.

On the last day of IAPro training CI recommends that the users have access to their live production database as the trainer will assist them in populating their drop down fields and setting up user permissions.

Officer/Employee Data Pre-load and HR interface

CI Technologies offers a free service whereby prior to installing IAPro, CI will import the State's employee information into the IAPro database. This is a one-time service offered for no cost.

The current officer/employee data will be loaded to the IAPro officers table so that the latest employee data will exist in the IAPro database. CI would like to receive an extract of the State's officers/employees, preferably in MS Excel, CSV or Access.

Optional Human Resource Database Interface

CI also offer a separate service from the Pre-Load whereby CI will create a batch process to update the State's IAPro employee information on a routine basis.

If this option is preferred, please contact us so that CI can learn more about the State's existing HR database and possible output formats in order to provide a price quote for this service. Pricing for this service can *only* be provided after analysis of your existing human resources database.

The IAPro HR Integration process is designed to provide updated employee information from the State's Human Resources data into the IAPro application. Specifically, data is read from the State's HR system and employee information is either added or updated. The process requires that each employee have a unique identification number (Payroll #, Badge ID, Employee ID....) that will be used as the link between HR information and IAPro.

1. LICENSE GRANT

Subject to the payment of applicable license fees set forth in Contract Exhibit B: *Price and Payment Schedule*, CI Technologies hereby grants to the State a worldwide, perpetual, irrevocable, non-exclusive, non-transferable, limited license to use the Software and its associated Documentation, subject to the terms of the Contract. The State may allow its agents and Contractors to access and use

the Software, and in such event, the State shall first obtain written agreement from such agents and Contractors that each shall abide by the terms and conditions set forth herein.

2. SOFTWARE AND DOCUMENTATION COPIES

CI Technologies shall provide the State with online and downloadable copies of the Software's associated Documentation and one (1) electronic version in Microsoft WORD and PDF format. The State shall have the right to copy the Documentation for its internal business needs. The State agrees to include copyright and proprietary notices provided to the State by CI Technologies on such copies.

3. RESTRICTIONS

Except as otherwise permitted under the Contract, the State agrees not to:

- a. Remove or modify any program markings or any notice of CI Technologies' proprietary rights;
- b. Make the programs or materials available in any manner to any third party for use in the third party's business operations, except as permitted herein; or
- c. Cause or permit reverse engineering, disassembly or recompilation of the programs.

4. TITLE

Title, right, and interest (including all ownership and intellectual property rights) in the Software, and its associated Documentation, shall remain with CI Technologies.

5. VIRUSES

CI Technologies shall provide Software that is free of viruses, destructive programming, and mechanisms designed to disrupt the performance of the Software in accordance with the Specifications.

As a part of its internal development process, CI Technologies will use reasonable efforts to test the Software for viruses. CI Technologies shall also maintain a master copy of the appropriate versions of the Software, free of viruses. If the State believes a virus may be present in the Software, then upon its request, CI Technologies shall provide a master copy for comparison with and correction of the State's copy of the Software.

6. AUDIT

Upon forty-five (45) days written notice, CI Technologies may audit the State's use of the programs at CI Technologies' sole expense. The State agrees to cooperate with CI Technologies' audit and provide reasonable assistance and access to information. The State agrees that CI Technologies shall not be responsible for any of the State's reasonable costs incurred in cooperating with the audit. Notwithstanding the foregoing, CI Technologies' audit rights are subject to applicable State and federal laws and regulations.

7. SOFTWARE NON-INFRINGEMENT

CI Technologies warrants that it has good title to, or the right to allow the State to use all Services, equipment, and Software ("Material") provided under this Contract, and that such Services, equipment, and Software do not violate or infringe any patent, trademark, copyright, trade name or other intellectual property rights or misappropriate a trade secret of any third party.

In the event that someone makes a claim against the State that any Material infringe their intellectual property rights, CI Technologies shall defend and indemnify the State against the claim provided that the State:

- a. Promptly notifies CI Technologies in writing, not later than 30 days after the State receives actual written notice of such claim;
- b. Gives CI Technologies control of the defense and any settlement negotiations; and
- c. Gives CI Technologies the information, authority, and assistance reasonably needed to defend against or settle the claim.

Notwithstanding the foregoing, the State's counsel may participate in any claim to the extent the State seeks to assert any immunities or defenses applicable to the State.

If CI Technologies believes or it is determined that any of the Material may have violated someone else's intellectual property rights, CI Technologies may choose to either modify the Material to be non-infringing or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, CI Technologies may end the license, and require return of the applicable Material and refund all fees the State has paid CI Technologies under the Contract. CI Technologies will not indemnify the State if the State alters the Material without CI Technologies' consent or uses it outside the scope of use identified in CI Technologies' user Documentation or if the State uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the State at no additional cost. CI Technologies will not indemnify the State to the extent that an infringement claim is based upon any information design, Specification, instruction, Software, data, or material not furnished by CI Technologies. CI Technologies will not indemnify the State to the extent that an infringement claim is based upon the combination of any Material with any products or services not provided by CI Technologies without CI Technologies' consent.

8. SOFTWARE ESCROW

8.1 CI Technologies will provide a copy of the application source code to the State for escrow by the Professional Standards Unit of the NH State Police. The source code should be stored in a secure site and not be made available to the State other than for the reasons detailed in 8.2 below.

8.2 The State, acting in its capacity to preserve and secure the source code, shall make and release a copy of the applicable Deposit Materials to the State upon the occurrence of any of the following events ("Release Events"):

- (a) CI Technologies has made an assignment for the benefit of creditors;
- (b) CI Technologies institutes or becomes subject to a liquidation or bankruptcy proceeding of any kind;

Training

CI Technologies, Inc. shall provide the following Training Services.

General training course Information

Description

This course is designed to provide an overview of Early Intervention and Professional Standards concepts and detailed study on the use of CI Technologies, Inc.'s IAPro® software.

Expectations and Goals

Students are expected to attend all classes with no interruptions to the extent possible. Administrators will learn how to set up and manage the database. Members will learn how to use the client version.

Course Materials

Required Materials

- Projector and Screen for trainer
- Computer terminals with IAPro for each trainee
- Note taking materials
- Computer capable of accessing the IAPro software
- Organization chart
- Actual cases that have tangible value for entry

Optional Materials

- Use of force, collision, pursuit policy
- PSU Investigation policy
- Early intervention policy

Required Text

This course is based on a simple overview and introduction. The rest of the course is hands on training and does not require a manual while the trainer is onsite.

Training Details

Training is usually two, two and a half or three days and is conducted on-site for the new customer. If a data conversion is involved, the trainer will work with the new customer and our data conversion specialists to ensure that the conversion is accurate and complete.

, Each training specialists is a subcontractors...they are also current law enforcement officers with investigative and/or professional standards experience. Our trainers can therefore offer more than just a "how-to" instructional approach. They bring along valuable insight that helps

the new customer identify and deal with the issues that inevitably arise with the introduction of software into a key part of the public safety organization.

IAPro training is heavily oriented towards hands-on usage. The "training" version of IAPro is installed on each workstation used for training. This is a full-featured version of IAPro with demo/training database installed by IT staff. It is strongly recommended that training be conducted in a computer equipped training room, and that there be one trainee per training workstation. CI recommends that the training room be equipped with a suitable screen for display purposes and an LCD projector.

12 – 15 persons in a training session for IAPro is the recommended number of trainees. CI Technologies, Inc. training days are generally eight (8) hour days with a lunch break Monday through Friday.

CI Technologies, Inc. prefers to start each day at 8am and conclude at 5pm each day.

If the training session is 2.5 days, the third day onsite will be 8am until 12:00pm//Noon.

CI tries to be as flexible as possible with the training sessions depending on the need of the client.

A1.4	The Solution must comply with Open Standards as specified in RSA 21-R:10 and 21-R:13, including but not limited to Open Data Formats.	M	No	Not Available /Not Proposing	IAPro is a COTS application written using Microsoft development tools. Our source code is not open source nor is it available to the customer. By definition of RSA 21-R:10, my understanding is that the State would need access to the source code in order for us to comply with this. We do not make our source code available to our customers at this time. *I believe we do, however, meet the requirement of RSA 21:13, since our database is MS SQL Server and not proprietary or "locked down". Based on this, I put "No" for not meeting this need.
