Victoria F. Sheehan
Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
July 13, 2020

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Southern Road & Bridge, LLC (Vendor 281040), of Tarpon Springs, FL on the basis of a low bid of \$1,854,350.00, for lead paint removal and maintenance painting of two overpass bridges on I-95 in North Hampton, from the date of Governor and Council approval through November 19, 2021, unless extended by the Department in accordance with the Standard Specifications. 100% Turnpike Funds.

Funding is available in State Fiscal Year 2021, and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2022 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-961017-7025		
Turnpike Renewal & Replacement		
400-500870 Highway Contract Payments	\$1,390,762.50	\$463,587.50

2. Further authorize that a contingency in the amount of \$92,717.50 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-961017-7025		
Turnpike Renewal & Replacement		
400-500870 Highway Contract Payments		\$92,717.50

EXPLANATION

This project is part of the Turnpike's Renewal and Replacement Program. This project consists of the removal of lead-containing paint and maintenance repainting of two steel beam overpass bridges spanning over Interstate 95 in North Hampton, NH. The work will be performed within negative-pressure containment enclosures and requires environmental protection and compliance with lead-paint

removal regulations. The painted color is dark brown. The bridges are listed by location and identified as follows:

- North Hampton, South Road over I-95 NB & SB, Br. No. 079/079, MM 6.3
- North Hampton, NH 111 over I-95 NB & SB, Br. No. 081/093, MM 6.6

Both bridges (Br. No. 079/079) and (Br. No. 081/093) were built in 1975. Paint on the structural steel beams has deteriorated dramatically on interior surfaces. Some flakes of bare weathering steel have fallen onto the travel way below. This maintenance work will prevent further deterioration, extend the life and structural integrity of the bridge beams, while enhancing the safety of the motoring public.

The proposed contingency amount is 5% of the contract amount. This is to account for unanticipated repair work.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 100% Turnpike Funds "Renewal and Replacement (R&R) Program"

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/pcj

Department Estimate: \$2,002,895.00
Contract Amount: \$1,854,350.00
Under Estimate: \$ 148,545.00

May 26, 2020

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project consists of the removal of lead-containing paint and maintenance repainting of two steel beam overpass bridges spanning over Interstate 95 in North Hampton, NH. The work will be performed within negative-pressure containment enclosures and requires environmental protection and compliance with lead-paint removal regulations. The painted color is dark brown. The bridges are listed by location and identified as follows:

Location	Town	Route	Over	Br. No.	I-95 Mile Marker
1	North Hampton	South Road	I-95 NB & SB	079/079	6.3
2	North Hampton	NH 111	I-95 NB & SB	081/093	6.6

FEDERAL FUNDING: 0% (100% Turnpike Bureau's "Renewal and Replacement (R&R) Program")

CONTINGENCY: The contingency is proposed to be 5% of the contract amount due to unanticipated repair work.

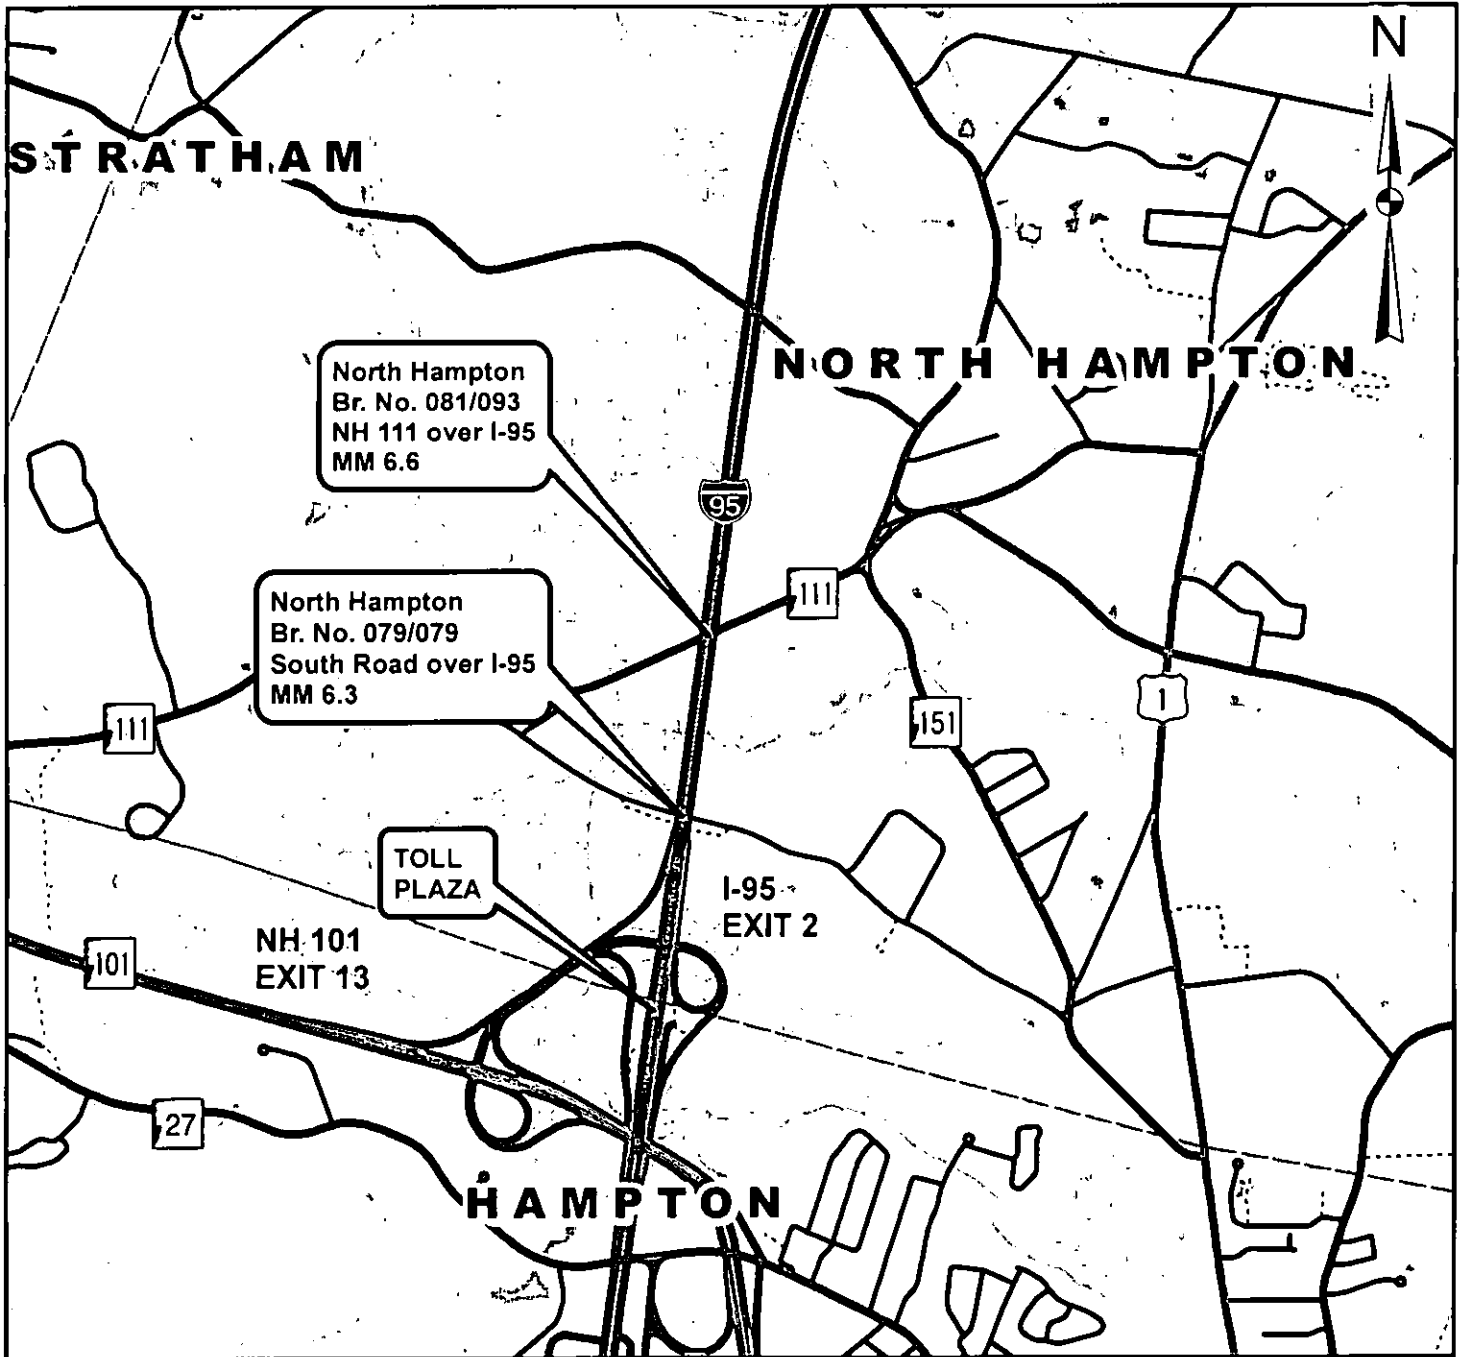

PROJECT INITIATED: Under the Turnpike Bureau's bridge preservation initiative.

PROJECT EXPLANATION: Both bridges (Br. No. 079/079) and (Br. No. 081/093) were built in 1975. Paint on the structural steel beams has deteriorated dramatically on interior surfaces. Some flakes of bare weathering steel have fallen onto the travel way below. This maintenance work will prevent further deterioration, extend the life and structural integrity of the bridge beams, while enhancing the safety of the motoring public.

TRAFFIC IMPLICATIONS: Traffic impacts along I-95 will be minimized as the work over paved travel and breakdown lanes is restricted to nighttime hours with lower traffic volumes and requires the use of truck-mounted rapid-deployment units. Traffic volumes will range from 400 to 1800 vph during the construction timeframe of 8PM to 5AM. The rapid deployment equipment will clear out of the roadway at the end of each work shift. Supplemental traffic control between the NH 27 bridge and ORT zone, will be required, supported by use of dynamic message signs (DMS). Work beyond the pavement outside the reach of the rapid deployment units at the abutment ends of the bridge requires a suspended platform from the bridge and an appropriate protective installation of concrete barrier, lighting and attenuator. The work may be completed at night or during daytime hours with a limited 9am-3pm shoulder and adjacent lane closure.

Re: Southern Road & Bridge, LLC
PEO Relationship

To Whom it May Concern,

Vested HR Solutions* is a Professional Employer Organization (PEO) operating in a co-employment relationship with client businesses providing human resource consulting, safety and risk mitigation services, benefit administration payroll processing, employer payroll tax filing, and workers' compensation insurance.

Southern Road & Bridge is in a PEO relationship with Vested HR Solutions*. The PEO co-employment relationship involves a contractual allocation and sharing of certain employer responsibilities between the client and the PEO, as delineated in the Client Service Agreement.

The PEO has purchased a Master Policy to provide coverage to its clients for the PEO co-employees. The PEO is insured for the Master Policy and therefore is the insured of the policy.

Should you have any question, please feel free to contact me directly.

Sincerely,

Lisa Sevastou-Aivatoglou
VP/Controlling Person
