REQUESTED ACTION

Authorize the Office of Strategic Initiatives (OSI) to amend the **SOLE SOURCE** Contract Agreement (Contract #1057164) with Community Action Partnership of Strafford County, Inc. (VC #177200), Dover, NH, by increasing the contract amount by \$51,915.00 from \$51,915.00 to \$103,830.00 for the repair or replacement of malfunctioning heating systems in low income households receiving weatherization services, effective upon approval of Governor and Executive Council, through June 30, 2018. This contract was originally approved by Governor and Executive Council on July 19, 2017, Item #45. 100% Federal Funds (US DHHS/LIHEAP).

01-02-02-024010-77050000	
074-500587 Grant for Pub. Assist & Relief	\$51,915.00

EXPLANATION

This contract amendment is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAAs) in implementing both the Fuel Assistance Program and the Weatherization Assistance Program, their outreach and client service capabilities, the synergies that result from the five statewide CAAs' implementation of several other federal assistance programs, and the infrastructure that is already in place to deliver these services.

The Heating Repair and Replacement Program (HRRP), funded through the US Department of Health and Human Services Low Income Home Energy Assistance Program (LIHEAP), provides resources to repair or replace malfunctioning and unsafe heating systems in eligible low income homes. Each year dozens of heating systems are repaired or replaced, providing heat to low income families and often enabling weatherization improvements to their homes. The HRRP program is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with Community Action Partnership of Strafford County (VC #177200), Dover, NH in the amount of \$51,915.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective July 19, 2017 through June 30, 2018, upon approval of Governor and Executive Council. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account, Fuel Assistance, contingent upon the availability and continued appropriation of funds in the FY2018 operating budget, as follows:

01-02-02-024010-77050000-500587	<u>FY 2018</u>
Grants for Pub Assist & Relief	\$51,915.00

2) Further request authorization to advance the vendor \$9,371.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Assistance Program.

OEP is responsible for administering both the Weatherization Assistance Program and the HRRP. The objective of the Weatherization Assistance Program is to weatherize homes to reduce energy consumption and energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or which require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

The advance of funds will allow the CAA to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

EXHIBIT A

Scope of Services

1. The Heating Repair and Replacement Program (HRRP) provides funds for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services from the Community Action Agencies. The HRRP is funded through the Federal Low Income Home Energy Assistance Program (LIHEAP) administered by the Office of Energy and Planning.
2. This Heating Repair and Replacement Program (HRRP) contract term is from July 19, 2017, through June 30, 2018, pending approval of the Governor and Executive Council.
3. Community Action Partnership of Strafford County, hereinafter "the Contractor," agrees to perform HRRP Weatherization-related services, and all such services and other work necessary to implement said services for low income individuals in accordance with the regulations set forth by the U.S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 2 CFR 200 as amended, when applicable in accordance with the Low Income Home Energy Assistance Program Federal regulations 45 CFR 96; and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, NHWAP Policies and Procedures Manual (P&PM) and Field Guide; and as otherwise administered by the NH Office of Energy and Planning (OEP).

Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NHWAP Policies and Procedures Manual. The Contractor agrees to alter the Program procedures in accordance with a SG, SN, or other instructions.

4. The Contractor agrees to perform HRRP and weatherization services, as identified in Exhibit "B," using HRRP funds, on the number of units proposed in the Contractor's Management Plan submitted to and approved by OEP. All such services shall be implemented according to the standards outlined in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide, as modified by the rules governing LIHEAP-funded weatherization practices.
 - a) No HRRP funds shall be reimbursed to the Contractor until a management plan and a budget for the Contractor's HRRP project period have been approved by OEP.
 - b) Unit production – the number of heating systems repaired or replaced and the amount of funds expended – shall conform to the Management Plan approved by OEP. Best efforts should be made to expend all funds within the allotted contract period. Shortfalls of more than 20% from expected production goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors. Reallocations will occur at OEP's discretion.
 - c) HRRP funds shall only be used for the repair and/or replacement of heating and heating distribution systems, domestic hot water systems, and associated repairs necessary to perform said heating system or distribution system repairs and such systems shall be repaired or

replaced as described in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide. Any completed units determined by OEP not to meet minimum program standards shall be improved by the Contractor to meet said standards within thirty days of notification or the costs associated with such unit will be disallowed by OEP and the unit will not count as a production completion.

5. This agreement consists of the following documents: Exhibits A, B, C, D, E, F, G, H, I, and J, which are all incorporated herein by reference as if fully set forth herein.

New Hampshire Office of Energy and Planning

EXHIBIT B

Methods and Conditions of Payment

In consideration of the satisfactory performance of the Services set forth in Exhibit A, the State agrees to pay the Contractor, Community Action Partnership of Strafford County, Inc. up to the total sum of:

\$ 51,915.00 (which hereinafter is referred to as the "Contracted Amount"), of which
\$ 2,596.00 is the maximum to be spent on HRRP related administrative costs,
\$ 9,371.00 will be issued as a cash advance for HRRP production.

The cash advance will be distributed after approval of this contract by the Governor and Executive Council but not before the funds are available federally, by and for the State.

Drawdowns from the total contracted amount will be paid to the Contractor only after written documentation of cash need is submitted to OEP. Disbursement of the contracted amount shall be made in accordance with the procedures established by the State and 2 CFR 200.305(b) on an advance basis; limited to minimum amounts needed; and be timed to be in accordance with the actual, immediate cash requirements of the Contractor in carrying out the purpose of the program. The Contractor must make timely payments to (sub)contractors in accordance with the contract provisions. Contractor shall submit a payment request to OEP for each month of the contract period. Payment requests from Contractor shall be received at OEP no later than the 15th day of each month, or the first business day following the 15th day.

Administrative costs are provided in exchange for a number of unit completions to be specified by the Contractor in its PY17 HRRP Management Plan, which must be approved by OEP prior to the reimbursement of any HRRP funds. Administrative funds may be pro-rated by OEP if unit production completions do not meet expected goals during the course of the program year.

OEP will also be allowed, as a function of its administrative oversight, to modify contracted budget amounts as necessary and identified in Exhibit "A" part 4(a) to ensure the efficient and effective operation of the Grant as long as these modified expenditures do not exceed the total "Contracted Amount" as specified above.

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Energy and Planning (OEP) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OEP determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OEP may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OEP agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).

The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OEP may terminate this transaction for cause or default.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended December 31, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2015 and 2014, and its cash flows for the years then ended, and the changes in its net assets for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Partnership of Strafford County's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 10, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and schedule of revenues and expenditures – Electrical Assistance Program are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2016, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.

COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Partnership of Strafford County (the Agency) is a 501(c)(3) private New Hampshire non-profit organization established under the provisions of the Equal Opportunity Act of 1964. Without services provided by the Agency, many local residents would be without a means to provide for their basic needs, including food, education, child care, utilities assistance, transportation, housing, emergency shelter and access to other services. The mission of the Agency is to educate, advocate and assist people in Strafford County to help meet their basic needs and promote self-sufficiency. The vision of the Agency is to eliminate poverty in Strafford County through compassion, education, self-sufficiency, transparency, accountability, team work, client focus and professionalism.

In addition to its administrative office located in Dover, the Agency maintains its outreach capacity by operating program offices in Farmington, Milton, Rochester, Dover and Somersworth. The Agency is funded by Federal, state, county and local funds, as well as United Way grants, public utilities, foundation and charitable grant funds, fees for service, private business donations, and donations from individuals. The Agency is governed by a tripartite board of directors made up of elected officials, community leaders from for-profit and non-profit organizations and residents who are low income. The board is responsible for assuring that the Agency continues to assess and respond to the causes and conditions of poverty in its community, achieve anticipated family and community outcomes, and remain administratively and fiscally sound. The Agency administers a wide range of coordinated programs to more than 15,000 people annually, and the programs are designed to have a measureable impact on poverty and health status among the most vulnerable residents: those under the age of 6, the elderly and those living in poverty. This coordinated approach is accomplished by providing a broad array of services that are locally defined, planned and managed with community agencies.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

The financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958-210, the Agency is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets

and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Agency.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor-imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

At December 31, 2015 and 2014 the Agency had unrestricted and temporarily restricted net assets.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are performed or expenditures are incurred.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Agency reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

Fair Value of Financial Instruments

Accounting Standard Codification No. 825, "Financial Instruments", requires the Agency to disclose estimated fair value for its financial instruments. The carrying amounts of cash, investments, accounts receivable, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximate fair value because of the short maturity of those instruments.

Inventory

Inventory materials are fixtures for installation and recorded at cost or contributed value, using the first-in, first-out method.

Property and Depreciation

Property and equipment, which have a cost greater than \$5,000, are capitalized at cost or, if donated, at the approximate fair value at the date of donation. Specific grants and awards may have a threshold lower than this amount and that program will abide by those guidelines. Assets are depreciated over their estimated useful lives using the straight-line method as follows:

Buildings and improvements	15 - 40 years
Furniture, equipment and machinery	3 - 10 years
Vehicles	5 - 7 years

Depreciation expense aggregated \$43,903 and \$69,333 for the years ended December 31, 2015 and 2014, respectively.

Accrued Earned Time

The Agency has accrued a liability of \$81,878 and \$78,154 at December 31, 2015 and 2014, respectively, for future compensated leave time that its employees have earned and which is vested with the employee.

Income Taxes

The Agency is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Agency to be other than a private foundation. The Agency is also exempt from the New Hampshire Business Enterprise Tax.

Accounting Standard Codification No. 740, "Accounting for Income Taxes", establishes the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Agency's tax position taken on its information returns for the years (2012 through 2015), for the purposes of implementation, and has concluded that no additional provision for income taxes is necessary in the Agency's financial statements.

Cash and Cash Equivalents

The Agency considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Expenses

The Agency expenses advertising costs as they are incurred. Total advertising costs for the years ended December 31, 2015 and 2014 amounted to \$15,799 and \$12,641, respectively.

In-kind Donations

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$268,238 and \$199,684 for the years ended December 31, 2015 and 2014, respectively.

The Agency also receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$131,488 and \$82,809 for the years ended December 31, 2015 and 2014, respectively.

The Agency also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$136,081 and \$96,644, respectively, for the year ended December 31, 2015. For the year ended December 31, 2014, the estimated fair value of these food commodities and goods was determined to be \$132,268 and \$25,070, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through June 1, 2016, the date the December 31, 2015 financial statements were available for issuance.

NOTE 2. PROPERTY

As of December 31, 2015 and 2014, property consisted of the following:

	<u>2015</u>	<u>2014</u>
Land, buildings and improvements	\$ 430,128	\$ 416,435
Furniture, equipment and machinery	522,213	507,304
Vehicles	<u>249,779</u>	<u>302,466</u>
Total	1,202,120	1,226,205
Less accumulated depreciation	<u>723,696</u>	<u>790,759</u>
Net property	<u>\$ 478,424</u>	<u>\$ 435,446</u>

NOTE 3. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at December 31, 2015 and 2014. The Agency has no policy for charging interest on overdue accounts.

NOTE 4. PLEGDED ASSETS

As described in Note 5, all assets of the Agency are pledged as collateral under the Agency's demand note payable agreement.

NOTE 5. DEMAND NOTE PAYABLE

The Agency has available a revolving line of credit with a bank in the amount of \$250,000. The note is payable upon demand, but in the absence of demand, is due on November 30, 2016. Interest is stated at the prime rate plus 1% which result in an interest rate of 4.50% and 4.25% at December 31, 2015 and 2014, respectively. The note is collateralized by all the assets of the Agency.

NOTE 6. TEMPORARILY RESTRICTED NET ASSETS

At December 31, 2015 and 2014, the Agency had \$108,595 and \$129,297 in net assets temporarily restricted by donor-imposed use restrictions, respectively.

NOTE 7. LEASE COMMITMENTS

Facilities occupied by the Agency for its community service programs are rented under the terms of various operating leases. For the years ended December 31, 2015 and 2014, the annual lease/rent expense for the leased facilities was \$169,849 and \$163,615, respectively. Certain equipment is leased by the Agency under the terms of various operating leases.

The approximate future minimum lease payments on the above leases are as follows:

<u>Year Ended December 31</u>	<u>Amount</u>
2016	\$ 120,523
2017	34,071
2018	8,730
2019	2,022
2020	<u>204</u>
Total	<u>\$ 165,550</u>

NOTE 8. RETIREMENT PLAN

The Agency maintains a 403(b) Plan and Trust (the Plan) covering substantially all employees. Employee contributions to the Plan are made at predetermined rates elected by employees. Additionally the Agency provides a matching contribution equal to 25% of the first 5% of an employee's contribution. Effective April 1, 2016, the Agency instituted an auto enrollment feature mandating a minimum 1% employee contribution; however employees reserve the right to decline the auto enrollment. Employer matching contributions for the years ended December 31, 2015 and 2014 totaled \$13,047 and \$15,988, respectively.

NOTE 9. CONCENTRATION OF RISK

A large percentage of the Agency's total revenue was received from two contractors, the Federal Government and the State of New Hampshire. It is always considered to be at least reasonably possible that either contractor could be lost in the near term; however, Management feels this risk is of no particular concern at this time.

NOTE 10. CONCENTRATION OF CREDIT RISK

The Agency maintains its cash balances at several financial institutions in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Agency maintains an agreement with its primary financial institution to collateralize the balances in excess of \$250,000. At December 31, 2015, the Agency had uninsured cash balances of approximately \$51,000. At December 31, 2014, there were no uninsured cash balances.

NOTE 11. CONTINGENCIES

The Agency receives grant funding from various sources. Under the terms of these agreements, the Agency is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Agency might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of December 31, 2015 and 2014.
