ANNUAL REPORT

MISSION

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

This report is submitted to Governor Margaret Wood Hassan and Members of the Executive Council:

December 1, 2014

Her Excellency,
Governor Margaret W. Hassan
And Honorable Council
Senate President Chuck Morse
Speaker Terri Norelli

Dear Governor Hassan, Honorable Councilors, Speaker Norelli, and Senate President Morse,

It is my pleasure to present to you and the citizens of New Hampshire the Department of Revenue Administration's (DRA) 2014 annual report, as required by RSA 20:7. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as some useful data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

The state fiscal year (SFY) 2014 / 2015 operating budget provided by the Legislature and signed by the Governor was intended to allow the DRA to begin to rebuild from several years of deep personnel cuts. During SFY 2014, over 20 staff was added in many key operational areas, which had a significant impact on our ability to timely process tax documents. Internally, we have focused significant attention on improving internal controls by issuing over 40 new or updated policies and procedures covering areas such as tax processing, taxpayer interaction, and human resources. With an eye towards meeting the needs and expectations of our external stakeholders, we have embarked on a modernized e-file ("MeF") project to allow taxpayers and tax practitioners to file returns with the DRA using commercial tax preparation software. While the MeF project is just beginning, we also expect to complete a project next month that will allow taxpayers to pay amounts due the DRA, up to \$50,000, using a credit card. As our team looks ahead, our goals include continuously improving internal operations, enhancing taxpayer convenience and service, and maintaining the integrity of New Hampshire's state and local tax laws.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information on the DRA, please do not hesitate to contact me directly.

Sincerely,

John T. Beardmore
Commissioner

II. ORGANIZATIONAL CHART

DIVISION PRIMARY FUNCTIONS

Administration Unit - Performs administrative functions necessary to support NHDRA operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources and project management.

Audit Division - Conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with NHDRA to ensure compliance with New Hampshire tax laws and rules.

Central Tax Services Unit - Provides general assistance to the public for all taxes administered by NHDRA and maintains taxpayer accounts.

Collection Division - Initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by NHDRA.

Document Processing Division - Receives, processes, and stores all tax documents, return payments and electronic transactions filed with NHDRA. Manages forms development for all forms filed with NHDRA.

Municipal and Property Division - Establishes and approves municipal, school, county and village district tax rates. Provides technical assistance, relative to taxation and finance, to the political subdivisions of the state; and prescribes a uniform chart of accounts for all municipalities, schools, counties and village districts. Assists and educates municipalities with the methods of appraisal and assessment of real property. Provides revaluation monitoring statewide to municipalities at no cost, and conducts once in five-year assessment review. Equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. Advises and assists municipalities and taxpayers in timely collection of the excavation tax. Advises and assists municipalities and taxpayers in full and true appraisals and timely collection of timber yield tax. Appraises public utility and railroad property for equalization, as well as local tax purposes. Assists local municipalities with the administration of the Current Use law (RSA 79-A).

Department of Information Technology (Embedded Personnel) - Designs, develops and maintains computerized systems to support the administration of taxes and to automate labor intensive functions.

III. TECHNOLOGY DEVELOPMENTS

The NHDRA, with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process which benefits the NH taxpayer by providing modernized operations and accurate information.

During FY 2014, NHDRA extended the use of the automated Document Management and Electronic Remittance system to process the following forms: Low & Moderate Income Homeowners Property Tax Relief form (DP-8); Small Business Corporation (S-Corp) Information Report (DP-9); Meals and Rentals Tax Form (DP-14); Tax Notice Payment form (TNPYMT); and New Hampshire Payment Voucher (NHPYT).

The Municipal and Property Division had several technology projects underway in FY 2014. These include the development of a new municipal finance and tax rate generation system, and the modernization and deployment of Real Estate Transfer Tax forms to a scan-ready format. Additionally, the DoIT staff is integral to the maintenance of the Low and Moderate Taxpayer relief program, a DoIT-developed and managed program for the administration of property tax relief payments.

Over the upcoming Fiscal Year, NHDRA in conjunction with DoIT plans on continuing the modernization. NH will begin to accept Interest and Dividend tax forms through the Internal Revenue Service's Modernized Electronic Filing (MeF) system. The MeF platform will be a foundational component for additional tax types going forward. Applications and processes will continue to be reviewed and updated as needed to improve service quality and consistency.

IV. MUNICIPAL AND PROPERTY DIVISION DEVELOPMENTS

The mission of the Municipal and Property Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property, and administering timber and gravel taxation.

The Division is comprised of two units with several areas of responsibility, as follows:

Municipal

The Municipal Bureau establishes and approves municipal, school, county, state and village district tax rates. It provides technical assistance relative to taxation and finance to the over 500 political subdivisions of the state and provides general supervision over municipal tax collectors. Other services performed include:

- Prescribing a uniform chart of accounts for all municipalities;
- Establishing a standard technical assistance manual for use by municipalities;
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit; and,
- Conducting workshops and seminars for municipal officials, including selectmen, budget committees, trustees of trust funds, tax collectors, and school officials.

Property

The Property Assessment unit oversees the assessment review process and the monitoring of revaluations and revaluation contracts. The Equalization Bureau has the responsibility of determining the total equalized value of all taxable property in the state on an annual basis. In this way, shared tax burdens such as the state education tax and county property taxes are apportioned at a single standard, market value. The equalization process includes compiling assessment data, conducting ratio studies, and preparing statistical reports. Additional areas of responsibility include:

- Valuing all utility and railroad properties in order to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes;
- Providing administrative support to the municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax;
- Providing direct education to municipal officials and assessment, taxation and finance professionals; and,
- Providing support to the Assessing Standards Board and the Current Use Board, two administratively attached boards.

Municipal and Property Division FY 2014 Accomplishments

The Division undertook numerous efforts to improve the provision of services to municipalities and municipal officials and improve visibility into the Division's important work. Some of these efforts are completed, while others are ongoing. The largest accomplishment of the year for the Division was the merger of the former Property Appraisal and Municipal Services Divisions. These two separate functional units are now combined and have a single management effort. There have been significant cost savings realized in this consolidation. In addition, the Division accomplished the following:

- Completed and delivered to the House Finance Committee a report outlining the construction, use and sharing of information contained within the Mosaic Parcel GIS system. The report explored cost-sharing plans, and reviewed users of the system and data.

- Undertook a major rewrite of the REV 600 rules to fulfill the Commissioner's duties relative to rulemaking in the area of reassessment contracting and monitoring or reassessments. Supported by the Office of the Revenue Counsel, this represented the completion of a significant task that better defines the anticipated provisions to be found in assessing contracts at the local level, and the monitoring that the Division undertakes.
- Completed all of the data entry and processing of the 2013 Low and Moderate Tax Relief program well in advance of statutory deadlines.
- Prepared and presented dozens of educational presentations that were given to hundreds of municipal officials, contractors, agents, employees, and county and school finance officials. This education also included several direct presentations to taxpayers that included basic revaluation and tax rate calculations as well as a presentation on the valuation of wind-powered electrical generation facilities.
- Established new internal policies and procedures on the administration of the Merrimack River Valley Flood Control Commission and the Connecticut River Valley Flood Control Commission municipal reimbursement program.
- Provided support to the Tax Policy and Legislative Analysis Group in the tracking, analysis and testimony of dozens of legislative proposals that involved NHDRA, local tax assessment, local tax collection, and municipal and county finance.

Additionally, the following is a brief description of the ongoing efforts that were not completed by the end of the fiscal year, but were a major focus of the Division's efforts:

- The development and implementation of an on-line municipal finance and tax rate generation program. The development and initial build were completed, as were the deployment of several fill-able Adobe .pdf forms that provide an efficient electronic filing platform for most municipal reports. The project is well underway, and is anticipated to be fully deployed by March of 2015.
- The better administration of the Real Estate Transfer Tax, developing direct Audit Division relationships and establishing procedures and processes to ensure fair compliance with the Real Estate Transfer Tax laws.
- Development of a stronger process to increase our review and follow-up on the results of local audits.
- Improving the manner in which we track and communicate our activities by documenting in Balanced Score Cards the processes that we complete, and developing meaningful metrics by which to document our successes.

These important tasks that were ongoing also form the foundation of our work in the coming year.

In response to the duties included in RSA 21-J:11-b,II & III, the following table reports the number of training opportunities made available to municipal officials. No count is available of the number of communities assisted; however, the number of individuals aligns closely with communities served.

V. VOLUNTARY COMPLIANCE – DOCUMENT PROCESSING & CENTRAL TAX SERVICES

DOCUMENT PROCESSING

The mission of the Document Processing Division is to process taxpayer documents in an accurate, efficient, and timely manner. The Division is committed to continuous improvement, strong customer service, and maintaining a positive team environment.

During FY 2014, the Document Processing Division became fully staffed with the hiring of a new Director and seven additional Data Control Clerks, bringing the staffing levels to twenty-five. With the additional staff, the Division was able to accomplish many goals, such as reviewing internal procedures, providing educational training for staff, completing file room destruction and streamlining various processes to ensure efficiency and accuracy.

In 2012, a document management system was implemented to allow employees to scan, validate and process tax forms in high volumes efficiently. In FY 2014, phase II of the system was implemented, which included the Meals & Rooms Tax Document, Low & Moderate Tax Document, the Tax Notice, Payment Voucher and additional internal forms. In addition, the Division purchased a secondary scanner to assist during heavier processing times.

Document Processing Counts:

	FY 2012	FY 2013	FY 2014
# of Documents Scanned	106,762	280,021	287,303
# of Documents Processed Manually	206,063	50,744	48,721
# of Documents Processed Electronically	82,799	85,579	87,606
Total	395,624	416,344	423,630

CENTRAL TAX SERVICES

The Central Tax Services Unit of the Audit Division (CTS) is dedicated to courteously, knowledgeably, and effectively handling taxpayer inquiries and account maintenance. In an effort to provide better customer service to taxpayers, CTS was reorganized during FY 2014 to realign functions and duties to make better use of its 25 employees. A Call Center was established within to provide better, more focused customer service.

During FY 2014, CTS performed maintenance on over 30,000 taxpayer accounts of which 17,300 resulted from requests for refunds, 800 resulted from bad checks, 3,500 resulted from issuance of notices of assessment, 2,600 resulted from payments received from taxpayers on assessments, and 990 resulted from resolution requests initiated by taxpayers. CTS issued 1,124 notices of good standing, withdrawal or dissolution at the request of taxpayers. Federal reports of change affecting state tax liabilities accounted for 430 of the accounts maintained, which netted the state \$8,278,959 of the \$10,327,990 processed through CTS during the fiscal year.¹

The newly-established Call Center assisted 36,000 taxpayers and tax practitioners with a variety of tax questions from substantive technical issues to filing deadlines.

¹ Fiscal Year 2014 accomplishments that pertain to the Audit Division as a whole and to CTS as part of that whole are reported in the Audit Activity section, under VI. Enforcement and Compliance – Audits and Collections.

VI. ENFORCEMENT COMPLIANCE – AUDITS & COLLECTIONS

When voluntary compliance efforts fail, enforcement through audit and collection efforts must be pursued. NHDRA's Audit Division and Collections Division ascertain and pursue those with tax obligations who fail to file or pay as required by law. Most taxpayers voluntarily file and pay the proper amount of taxes when due, but those who do not comply create an unfair burden on the public, resulting in inequities, which must be remedied.

AUDIT ACTIVITY

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to team work, professional development, and high professional standards for auditors. The Central Tax Unit of the Division is dedicated to courteously, knowledgeably, and effectively handling taxpayer inquiries and account maintenance.

The Division is overseen by a Director and an Assistant Director. There are 30 staff members, 26 of whom are in-state, multi-entity, and multi-state auditors, who conduct both desk audits and field audits depending on the nature and scope of the audit and the proficiency of the auditor. The Central Tax Services Unit is staffed by 23 employees.

In fiscal year 2014, the auditors reviewed the returns of 1,460 taxpayers.² Of that number, 634 taxpayers were audited resulting in assessments totaling \$25,483,498³ in tax, penalties, and interest and 826 taxpayers were reviewed, but not contacted, because there were no apparent audit issues.

Apart from its audit and maintenance activities in fiscal year 2014, the Division had several promotions and new hires, increasing the audit and CTS staff by 6 individuals after considering the net effect of new hires and staff attrition. The Division also reclassified its Tax Auditor series through the Division of Personnel to better reflect the professional nature of the field auditor positions while maintaining the grade levels of those positions. A Tobacco Unit was established and staffed to focus on tobacco tax compliance and compliance with the Master Settlement Agreement.

Staff members took advantage of many training opportunities including, Access I, II, III, Multi-State Tax Commission's Nexus School, New England State and Local Tax Conference, Excel I, II, III, Front Line Customer Service, Lean Process Improvement Techniques, and State Supervision, among others.

COLLECTION ACTIVITY

The mission of the Collections Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules and policies.

² In FY 2013, Audit changed its view of what constitutes an "audit." Between FY 2006 and FY 2012, Audit was reporting 4,000 to 6,000 "audits" per year. An "audit" was considered a review of a single return. Thus, if a single taxpayer was under review for business taxes and meals and rental taxes for tax periods 2006, 2007 and 2008, this was reflected as 39 audits (3 years of business returns plus 3 years of monthly M&R returns or 36 M&R returns). Under the new methodology, an "audit" consists of all open years, taxes, and entities of a taxpayer under review; therefore, there are far fewer "audits."

For comparison's sake, in FY 2014, the review of 1,460 taxpayers' returns required examination of more than 4,200 returns. Prior to FY 2013, this would have been reflected as 4,200 "audits."

³ For FY 2006 through 2012, Audit revenues consisted of assessments made as result of audit activity plus the additional tax, interest, and penalties from federal reports of change (ROCs). To better compare audit activity of FY 2014 to prior years the ROCs reported by CTS should be included as part of Audit's total assessments. For FY 2014, the total is \$33,762,457.

The Collections Division is established by RSA 21-J:8 with two defined tasks:

- a) Collecting all outstanding taxes owed to the state which are within the department's jurisdiction.
- b) Securing all delinquent returns required to be filed with the state by any taxpayer.

The Division carries out these tasks by: (1) collecting delinquent notices of assessments resulting from tax returns, (2) following up on Meals and Rentals (M&R) tax returns not filed by the 15th of the month as mandated by RSA-78-A, (3) selling tobacco stamps to be affixed to packages of cigarettes; and (4) licensing and educating M&R operators charging for taxable meals, room rentals and motor vehicle rentals. The Division's budget authorized 10 full-time positions (1 unclassified and 9 classified) of which 1 classified position is unfilled. The Division began the year with a delinquent tax inventory of \$25.8 million and ended the year with a delinquent tax inventory of \$22.5 million, a 12% reduction.

The Division's goals for FY 2014 included: (1) increase field visits for M&R, (2) analyze why 10% of the open M&R operators did not take action needed to renew their license and assist the operators in meeting the renewal requirement, (3) review Notices of Assessment to improve readability, (4) provide a credit card payment option, (5) identify new ways of providing training to new M&R operators, (6) develop and implement a consistent staff training program, (7) identify uncollectible tax notices, and (8) address the deficiencies found in the performance audit (see below). All of these goals were either completed during FY 14 or will be completed by September 30, 2014.

During FY 2013, the Office of Legislative Budget Assistant (LBA) conducted a performance audit of the Division. Their report, published July 2013, contained thirteen recommendations with which the Division concurred fully or in part. On August 14, 2013, the Division Director began preparing an action plan to address the thirteen recommendations. The plan was completed and reviewed with the Commissioner on September 19, 2013 with a target date of April 30, 2014 to carry out the planned activities to positively respond to the LBA recommendations. By letter to the Joint Legislative Fiscal Committee dated June 25, 2014, Commissioner Beardmore provided information about the actions taken to address the recommendations.

VII. LEGAL DEVELOPMENTS

Office of Revenue Counsel

The Office of Revenue Counsel provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; drafting and coordinating the adoption of administrative rules; handling Right-to-Know Law requests; representing the Department before the Board of Tax and Land Appeals and the Department's Hearings Bureau, and providing assistance and advice in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Office of Revenue Counsel coordinates and assists with the Department of Justice's representation of the Department and acts as co-counsel in certain cases.

During this FY 2014, the Office of Revenue Counsel defended civil cases filed in administrative appeal tribunals and state courts, concerning appeals of tax assessments and challenges to state taxing statutes, managed bankruptcy cases in which the Department is a creditor, and managed the administrative rules process, in addition to providing advice and legal opinions. Often, the cases managed by the Office of Revenue Counsel have a substantial potential fiscal impact or significant precedential value. Below is a description of the decisions issued during FY 2014, as well as a few noteworthy cases pending during FY 2014.

1. Decisions Issued During FY 2014

EDUCATION TAX CREDIT: Bill Duncan, et al. v. The State of New Hampshire, et al. and Network for Educational Opportunity et al., Strafford Superior Court Docket No. 219-2012-CV-00121. While the Department is not a party to this action, the case concerns a tax credit program administered by the Department and, for that reason, is included in this annual report. The Petitioners filed an action, seeking a declaration that the Education Tax Credit program set forth in RSA Chapter 77-G violated the New Hampshire Constitution and sought injunctive relief to prohibit the program's implementation. After briefing the issues, the Court held that the program violated the No-Aid Clause of Part II, Article 83 of the New Hampshire Constitution and injunctive relief was granted. An appeal and cross-appeal were filed to the New Hampshire Supreme Court.

EQUALIZED VALUATION OF PROPERTY: Coos County Commissioners (on behalf of the Unincorporated Places of Dixville, NH and Millsfield, NH) v. New Hampshire Department of Revenue Administration, Board of Tax and Land Appeals Docket Nos. 26676-13ER and 26677-13ER. The Petitioners brought this action, pursuant to RSA 71-B:5, II(a), seeking an order that the Department reconsider and reduce the 2012 total equalized valuations of the two unincorporated places. In its decision, the Board found that the Petitioners did not meet their burden of proof in the appeals and denied the requested relief. Thereafter, the Petitioners appealed to the New Hampshire Supreme Court. In Docket No. 2013-504, the New Hampshire Supreme Court affirmed in part, by ruling that the DRA was not statutorily obligated to adjust the value of the Windpark, but reversed in part and remanded the case back to the Board to allow the testimony of its expert witness and to allow its motion to compel. The parties resolved the dispute without a further hearing before the Board.

GAMBLING TAX WINNINGS: Eby, David B., et al. v. State of New Hampshire, New Hampshire Department of Revenue Administration, New Hampshire Supreme Court Docket No. 2013-035. The Petitioners brought a Superior Court action, seeking a declaratory judgment that the now-repealed Gambling Winnings Tax ("GWT") was unconstitutional. In response to summary judgment motions, the Court found that the GWT did not violate the New Hampshire Constitution with respect to Petitioner Eby and granted summary judgment for the State. However, the Court found that summary judgment was not appropriate for Petitioner Willey as to whether or not he was a professional gambler. Eventually, Petitioner Willey conceded that he did not meet the criteria for a professional gambler and, thereafter, both Petitioners sought summary judgment based on the 2012 amendments to the declaratory judgment statute (RSA 491:22), asserting that each had standing as a class representative. The Court denied Petitioner Eby's new claim as untimely because the Court had already rendered a decision against him. The Court denied Petitioner Willey's motion for summary judgment, finding that the amendment to the statute was intended to allow persons who claim to be

injured by governmental action to proceed with an action. The Petitioners appealed to the New Hampshire Supreme Court, which held that (1) the GWT neither lacked uniformity nor was disproportional and unreasonable and (2) the Petitioners lacked standing to bring their remaining challenges.

MEDICAID ENHANCEMENT TAX: Northeast Rehabilitation Hospital v. New Hampshire Department of Revenue Administration, Rockingham Superior Court Docket No. 218-2012-CV-00185. The Petitioner filed this action seeking a refund of its Medicaid Enhancement Tax (“MET”) payments on the basis that the MET statute (RSA Chapter 84-A) violates the federal and state constitutions. The parties filed cross motions for summary judgment and the Court held that (1) the fact that the Petitioner was subject to BPT and MET did not result in double taxation and (2) the Petitioner’s MET on outpatient therapy services was unconstitutional. The parties appealed to the New Hampshire Supreme Court and, thereafter, resolved the dispute.

2. **Noteworthy Cases Pending During FY 2014**

MEDICAID ENHANCEMENT TAX: Catholic Medical Center, Exeter Hospital and St. Joseph Hospital v. New Hampshire Department of Revenue Administration, Hillsborough North Superior Court Docket Nos. 216-2011-CV-955; 226-2011-CV-00850; and 218-2011-CV-01394. The Petitioners filed this action seeking a refund of their Medicaid Enhancement Tax (“MET”) payments on the basis that the MET statute (RSA Chapter 84-A) violates the federal and state constitutions. The parties filed cross motions for summary judgment and the Court ruled in favor of the Petitioners. The disputes in this action have been resolved as to all but one Petitioner. Post-decision motions are still pending.

NHDRA'S Hearings Bureau

Summary of Adjudicative Proceedings

During FY 2014, the Hearings Bureau continued to increase efficiency to provide better service to the taxpayer given the available resources. The Bureau continued to review administrative tasks and work flow to ensure that its processes are as lean and efficient as possible to maximize productivity.

In FY 2014, the time required to produce a Final Order after the close of the record decreased to an average of 27.38 days; as compared to 142.28 days in FY 2013. There were two complex cases with lengthy written decisions issued in FY 2014, in which the Final Orders were issued more than six months after the close of the record. If one removes these cases from the equation, the average number of days to produce a Final Order after the close of the record was 12.31 days in FY 2014.

During FY 2014, the Hearings Bureau continued to make progress in more fully implementing the use of technology in order to increase efficiency. The Bureau continues to convert paper records from 1985 to the present to electronic files, and to make them searchable by tax type and legal issues presented, aiding the Hearing Officer in conducting legal research more quickly and efficiently. The Bureau also streamlined some of its internal distribution processes to reduce the time spent making copies and reduce paper use and cost.

The Hearings Bureau's goal for FY 2014 is to continue to maintain an appeal process which provides a fair and efficient system that ensures the highest degree of confidence in the integrity of this system, and timely performance. This includes continuing to streamline administrative processes in order to allow Final Orders to be prepared within 60 days after the close of the record in each case.

The following statistics summarize the activity of the Hearings Bureau during the past fiscal year as compared to the prior fiscal year:

	FY '13	FY '14	% Change

VIII. SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE (FY2013)

This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

BUSINESS PROFITS TAX - RSA CHAPTER 77-A

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at 6%. The rate steadily increased to a high of 9.56% in Fiscal Year (FY) 1983. The rate then decreased to 7% beginning FY 1995, then increased to 8% for tax years ending on or after July 1, 1999. The current rate of 8.5% was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. This tax is assessed on income from conducting business activity within the state. For multi-state businesses, income is apportioned using a weighted sales factor of two and the standard payroll and property factors. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than \$200, paid at 25% each. Proprietorship, partnership and fiduciary returns are due on April 15th or the 15th day of the 4th month following the end of the taxable year. Corporate returns are due on March 15th or the 15th day of the 3rd month following the end of the taxable year. Business organizations with \$50,000 or less of gross business income from all their activities are not required to file a return. Business organizations, however, that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether or not the business organization's gross business income is in excess of \$50,000 during the taxable period.

BUSINESS ENTERPRISE TAX - RSA CHAPTER 77-E

In 1993, a 0.25% (.0025) tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid by the business enterprise after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from 0.25% to 0.5%. The rate was increased to 0.75% in 2001. Also in 2001, the filing threshold increased to \$150,000 (from \$100,000) of gross business receipts or \$75,000 (from \$50,000) of the enterprise value tax base. In 2013, the filing thresholds increased to \$200,000 (from \$150,000) of gross business receipts or \$100,000 (from \$75,000) of the enterprise value tax base. Four annual estimate payments are required on liabilities greater than \$200 for taxable periods ending before December 31, 2013 and \$260 for taxable periods ending on or after December 31, 2013; paid at 25% each on the 15th day of the 4th, 6th, 9th and 12th months of the taxable year. The Business Enterprise Tax return is due at the same time the Business Profits Tax return is due. The Business Enterprise Tax may be used as a credit against the Business Profits Tax under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the Business Profits Tax for five taxable periods from the taxable period in which the Business Enterprise Tax was paid for credits from taxable periods ending before December 31, 2014 and for ten taxable periods from the taxable period in which the Business Enterprise Tax was paid for credits from taxable periods ending on or after December 31, 2014.

COMMUNICATIONS SERVICES TAX - RSA CHAPTER 82-A

First enacted in 1990 at 5.5%, this tax was assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to 4.5% and continued the surtax of 2.5%, resulting in an overall tax rate of 7% for the period beginning July 1, 2001 and ending June 30, 2003. A permanent rate of 7% was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the provider on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than \$100. Any provider/retailer who can reasonably estimate its average monthly liability

to be in excess of \$10,000 is required to make an estimated payment equal to 90% of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

EDUCATION TAX - RSA 76:3

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally \$6.60 per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. Chapter 158, Laws of 2001 reduced the rate from \$6.60 per \$1,000 of value to \$4.92 per \$1,000 of value beginning with the April 1, 2003 tax year (school year 7/1/03-6/30/04). The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was \$3.33 per \$1,000. Beginning in July of 2005, and every fiscal year thereafter, the Commissioner is required to set the tax rate at a level sufficient to generate revenue of \$363,000,000.

ELECTRICITY CONSUMPTION TAX - RSA CHAPTER 83-E

Effective May 1, 2001, the Electricity Consumption Tax is imposed at a rate of \$.00055 per kilowatt hour on persons, including government units, distributing, redistributing or transmitting electrical energy for consumption in this state. The tax is paid by the consumer, collected and submitted by distribution companies, except in the case of consumers who generate their own power. These self-generating companies or individuals must submit tax returns on their own behalf. Returns (Form DP-133) must be filed on the 15th day of the second month following the month in which the electrical energy was provided to a consumer and for which tax is due.

INTEREST & DIVIDENDS TAX - RSA CHAPTER 77

The Interest & Dividends (I&D) Tax, which was first enacted in 1923, applied a tax based on the “average rate of property taxation” upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption was increased from \$1,200 to \$2,400. The exemption for joint filers increased from \$2,400 to \$4,800. Estimated I&D Tax payments are due April 15th, June 15th, September 15th and January 15th on tax liabilities greater than \$500. The I&D Tax return is due on April 15th. Additional exemptions are available for residents who are 65 years of age, who are blind, and who are handicapped and unable to work, provided they have not reached their 65th birthday. The current tax rate of 5% has remained the same since FY 1977. For taxable periods ending on or after December 31, 2013 trusts are no longer taxable under the I&D Tax. Instead, interest and dividend income received by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation.

LOCAL PROPERTY TAX - RSA CHAPTER 76

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property's actual use, such as:

- Current Use assessments under RSA chapter 79-A are available for certain Farm Land, Forrest Land, and Unproductive Land. The program is for the properties dedicated to remain as open space. A Land Use Change tax of 10% of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically ten acres or more of dedicated land is required. Application to local officials on or before April 15th is required.

- Taxes on the value of standing timber are assessed under RSA chapter 79. These are assessed by local officials, at a rate of 10% of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials are assessed under RSA chapter 72-B. These are assessed at a rate of at the rate of \$.02 per cubic yard of earth excavated.

Local Property tax exemptions, credits and deferrals:

Elderly Exemption: Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemptions, and the cities and towns may modify them. The statutory exemption levels for all municipalities are adopted by each individual municipality.

- Amount of exemption from value of residential real estate: Ages 65-74; 75-79; and 80+
- Net Income Limits, including Social Security Income or pension payment Net Asset Limits

Blind Exemption - RSA 72:37

The exemption for the legally blind must be adopted by the municipality. The exemption is a minimum \$15,000 reduction of the assessed value of the residential real estate (RSA 72:29) and could be higher if amended through referendum vote.

Deferral for the Elderly or Disabled - RSA 72:38-a

The assessing officials "... may annually grant a person qualified under this paragraph a tax deferral..." Property taxes are deferred and accrue interest at the rate of 5% per annum. The deferred property tax may not exceed more than 85% of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older, or eligible for benefits for the totally and permanently disabled under the federal social security act, has owned the home for at least five years, and is currently residing there.

Veterans Tax Credit - RSA 72:28

Qualifying residents shall receive the following amounts deducted from their tax bills:

- \$ 50:Basic credit available to all veterans.
- \$700:For the surviving spouse of a veteran, pursuant to RSA 72:29-a, and veterans having a total and permanent service-connected disability pursuant to RSA 72:35

Towns may adopt a local option to increase the above dollar amounts to \$100 and \$1,400.

Disability Exemption - Residents who qualify under RSA 72:36-a as totally and permanently disabled from service connection, and is paraplegic or having double amputation from military service connected disability or blind (5/200 vision or less) as a result of service connection, and owning a specially adapted home acquired with V.A. assistance are exempt from all taxation on that home.

Tax Exemption for Improvements to Assist Persons with Disabilities - RSA 72:37-a

This exemption is limited to a physically handicapped person who resides at the residential real estate, and is applicable only upon the value of any special aids required by the resident to enable them to propel themselves.

Tax Exemption for Wind-Powered, Solar and Wood Heating Energy System - RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns, and must be voted upon locally. If further information is required, contact the assessing officials of the municipality.

Tax Exemption for the Disabled - RSA 72:37-b

Available to persons eligible under the Social Security Act for benefits to the Totally & Permanently Disabled. Applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

MEALS & RENTALS TAX - RSA CHAPTER 78-A

The Meals and Rentals (M&R) Tax was enacted in 1967 at a rate of 5%. The tax is assessed upon patrons of hotels and restaurants, on certain rentals, and upon meals costing \$.36 or more. Chapter 144, Laws of 2009, increased the rate from 8% to the current rate of 9%. An M&R Tax Operators License is required. The M&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax. The M&R Tax return is also required to be filed with the State on the 15th day of the month following the collection of tax. An M&R Operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a 3% commission.

MEDICAID ENHANCEMENT TAX – RSA CHAPTER 84-A

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of 8% of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to 6% of gross patient services revenue. In 2004, the 6% tax on gross patient services revenue was changed to a 6% tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to 5.5% of net patient services revenue. For taxable periods ending June 30, 2014 and prior, hospitals are required to pay 100% of the tax due for the taxable period no later than the 15th day of the fourth month of the taxable period and are required to file a tax return with the Department on or before the 10th day of the month following the expiration of the taxable period. For taxable periods ending June 30, 2015 and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return on or before the 15th day of April in the taxable period. In addition, every hospital shall on or before January 15 in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate decreases to 5.45% for the taxable period ending June 30, 2016, to 5.4% for the taxable period ending June 30, 2017 and will remain at 5.4% for the taxable period ending June 30, 2018 and every taxable period thereafter unless the total aggregate uncompensated care for hospitals with both a critical and a noncritical access hospital definition falls below \$375 million, at which point the tax rate shall be 5.25%.

REAL ESTATE TRANSFER TAX - RSA CHAPTER 78-B

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to \$.75 per \$100, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of \$1.50 per \$100. Where the price or consideration is \$4,000 or less, there is a minimum tax of \$20 assessed on both the buyer and seller. Chapter 158, Laws of 2001, removed the exception from the tax on transfer of real property for transfers of title pursuant to a merger, consolidation or other reorganization qualifying as a tax-free reorganization. It also removed the exception of the transfer of title from one business entity to another, the ownership interest of which may be the same. These changes were effective for transfers occurring on or after July 1, 2001. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration (Form CD-57-P and Form CD-57-S) must be filed with the Department of Revenue Administration by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

RAILROAD TAX - RSA CHAPTER 82

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in the State of New Hampshire shall pay an annual Railroad Tax as of April 1 of each year. The Railroad Tax is on the market value of the property's full and true value as defined in RSA 75:1. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad "property" applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State of New Hampshire.

TOBACCO TAX - RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler for the purpose of convenience and facility. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax Stamp on the tobacco product. Consumers who purchase unstamped tobacco products will be taxed directly for the Tobacco Tax on such product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013 the Tobacco Tax rate increased from \$1.68 to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate "proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes." In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by NHDRA.

UTILITY PROPERTY TAX - RSA CHAPTER 83-F

Utility property is defined as "all real estate, buildings, and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combination thereof, water, or sewage." In 2011, "utility property" was amended to exclude: the electrical generation, production, and supply equipment of an "eligible customer-generator" as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment's generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce. The Utility Property Tax rate is \$6.60 per \$1,000 of value of utility property. On December 1 of each year the Department determines the value of utility property as of the previous April 1. The effective date was April 1, 1999. The tax is due annually on or before January 15th. Every corporation or company required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period. Quarterly estimated payments of the Utility Property Tax are due on April 15th, June 15th, September 15th, and December 15th.

	6/25/11	CH 207	RSA 77-A:4, III, for taxable periods beginning on or after January 1, 2011: Modified the standards and burden of proof with respect to the Business Profits Tax deduction for reasonable compensation attributable to owners of partnerships, limited liability companies, and sole proprietorships that file a business tax return as a partnership or proprietorship. Keeps the standards set forth in IRC §162(a)(1) and the \$50,000 "record-keeping safe harbor." Amends the burden of proving the reasonableness of the compensation deduction: A business organization claiming a deduction bears the burden of proving that all proprietors, partners, or members for whom a deduction is being claimed provided actual personal services to the business organization at any time during the taxable period. Once a business organization satisfies this burden of proof, the amount claimed as a deduction shall be presumed to be reasonable, unless the Department proves by a preponderance of the evidence that the deduction claimed by the business organization is clearly unreasonable.

This tax is handled basically the same as the telephone tax was handled before the enactment of the Communications Services Tax. The Department appraises the entire company to determine the "Current Market Value" of the company. A portion of this value is then allocated to the state, based on the original cost of investment in NH compared to the original cost of investment everywhere. The result is the "Market Value in NH". From this value, the amount taxable at the local level is deducted by comparing the total original cost of land and buildings at the local level, to the total original cost in NH. This result is the "Market Value Taxable at the state level (the items taxable at the state level would include lines poles switching equipment...). This value must be reduced to the average level of assessment in the state (for 1989 it was 63%). Then the "Average State Tax Rate is applied to calculate the taxes due in NH.

EX. MARKET VALUE OF ENTIRE COMPANY= 1,000,000
 ORIGINAL COST IN NH = 50,000
 ORIGINAL COST EVERYWHERE = 2,000,000

ALLOCATION FACTOR FOR NH = $(50,000/2,000,000) = .025$
 MARKET VALUE IN NH = $(1,000,000 \times .025) = 25,000$

ORIGINAL COST TAXABLE AT THE LOCAL LEVEL = 20,000
 ORIGINAL COST IN NH = 50,000

ALLOCATION FACTOR FOR STATE PORTION = $(1-(20,000/50,000)) = 60\%$
 MARKET VALUE IN NH = 50,000

X STATE PORTION FACTOR - 60% = 30,000
 = MARKET VALUE TAXABLE AT STATE LEVEL

MARKET VALUE TAXABLE AT STATE LEVEL = 30,000

X STATE RATIO (AVERAGE LEVEL OF ASSESSMENT) - 63% = ASSESSED VALUE = 18,900

X AVERAGE STATE TAX RATE (PER THOUSAND) \$24.87 = TAXES DUE THE STATE = \$470.03

IX. NEW HAMPSHIRE 2014 LEGISLATIVE SESSION IN REVIEW

This Legislative Review is published as a convenient reference guide of relevant statutory changes made during the 2014 Legislative Session by the New Hampshire General Court. This review is intended to provide a summary or synopsis of enacted legislation. It is not intended to be relied upon as full and complete text or as a substitute for the actual state law. Please refer to the applicable statute and rules to determine how this information applies to specific persons or situations.

BUSINESS TAX:

Senate Bill 243 (Chapter 192:1, Laws of 2014) amends RSA 77-A:5, X to clarify that any unused Business Enterprise Tax (BET) credit from taxable periods ending on or after December 31, 2014 may be carried forward for 10 years from the taxable period in which it was paid.

Effective: July 1, 2014 at 12:01 a.m. and shall apply to taxable periods ending on or after December 31, 2014.

Amended: RSA 77-A:5, X.

Senate Bill 327 (Chapter 139, Laws of 2014) amends Chapter 263:176, X, Laws of 2007 (as amended by Chapter 311:1, Laws of 2010) to extend the availability of economic revitalization zone tax credits under RSA 162-N until 2020 and allows for the issuance of unclaimed credit amounts in subsequent years under RSA 162-N:5.

Effective: August 15, 2014.

Amended: Amend 2007, 263:176, X as amended by 2010, 311:1 and RSA 162-N:5.

House Bill 1531 (Chapter 28, Laws of 2014) establishes a Joint Committee on Tax Expenditure Review to review all qualifying tax expenditures on a rotating basis every five years in order to recommend continuance, amendment or repeal of relevant provisions. In addition, this law repeals RSA 77-A:5-a, relative to the annual Tax Expenditure Report by the New Hampshire Department of Revenue Administration (NHDRRA) and creates a new annual Tax Expenditure and Potential Liability Report by the NHDRRA under RSA 71-C:4.

Effective: May 23, 2014.

Amended: New Chapter RSA 71-C and repeal RSA 77-A:5-a.

MEALS AND RENTALS TAX:

Senate Bill 265 (Chapter 109, Laws of 2014) makes technical corrections to update RSA 78-A:26, II, relative to the disposition of Meals and Rentals Tax revenue, by removing references to prior fiscal years 1995, 1996 and 1997 and correcting a reference to a subparagraph.

Effective: June 11, 2014.

Amended: RSA 78-A:26, II.

Senate Bill 300 (Chapter 76:2, Laws of 2014) changes the deadline for the DRA to determine the cost of administration of the Meals and Rentals Tax from October 1st of each year to September 15th of each year for purposes of revenue distribution by Treasury.

Effective: July 26, 2014.

Amended: RSA 78-A:26, I.

MEDICAID ENHANCEMENT TAX:

Senate Bill 369 (Chapter 158:1-9, 11 and 19, Laws of 2014) amends RSA 84-A as follows:

- Removes “specialty hospitals for rehabilitation” from the definition of “hospital” under RSA 84-A:1;
- Clarifies the definition of “net patient services revenue” under RSA 84-A:1, by specifying gross revenue includes inpatient and outpatient hospital services;
- Adds a definition for “inpatient hospital services” and “outpatient hospital services,” which includes those services that are classified as inpatient hospital services and outpatient hospital services for purposes of section 1903(w) of the Social Security Act, and are defined in 42 C.F.R. sections 440.10 and 440.20, respectively, regardless of the patient receiving the service or the payer for that service;
- Changes the period upon which MET is imposed on net patient services revenue from the hospital’s fiscal year ending during the first full calendar year preceding the taxable period to *the hospital’s fiscal year ending during the calendar year in which the taxable period begins*;
- Maintains the existing tax rate of 5.5% for the current taxable period ending June 30, 2015;
- Reduces the tax rate to 5.45% for the taxable period ending June 30, 2016;
- Reduces the tax rate to 5.4 % for taxable period ending June 30, 2017;
- Maintains the tax rate at 5.4% for taxable periods ending June 30, 2018 and beyond, unless the total aggregate uncompensated care for hospitals with both a critical and noncritical designation falls below \$375,000,000, at which point the tax rate is reduced to 5.25%;
- Requires hospitals to pay MET and file a MET return with the New Hampshire Department of Revenue Administration (NHDRA) on or before April 15th in the taxable period;
- Allows the New Hampshire Department of Health and Human Services to withhold a hospital’s distribution if a MET payment is past due by more than 60 days; and
- Requires every hospital to make a non-binding estimate of its projected April 15th MET payment to the NHDRA by January 15th.

The new law also requires the NHDRA to submit a report to the Fiscal Committee of the General Court, on or before September 30, 2014, regarding the details of the reporting plan for the offsetting for past due payments required by RSA 84-A:3, II, as inserted by Section 6 of this act. In addition, the NHDRA and the Department of Health and Human Services are required to submit a report to the Fiscal Committee of the General Court, no later than October 1, 2018, recommending adjustments to the Uncompensated Care Program that reflect funding levels at no less than those provided by this act for fiscal year 2019.

Effective: Section 1 is effective on July 1, 2014 and applies to the taxable period ending June 30, 2014 and to every taxable period thereafter;

Sections 2-4, 9 and 11 are effective June 30, 2014 and applies to taxable periods beginning on or after July 1, 2013;

Sections 6-8 are effective July 1, 2014; and

Sections 5 and 19 are effective June 30, 2014.

Amended: RSA 84-A:1, III, IV-a and VI, RSA 84-A:2, RSA 84-A:3, RSA 84-A:4, and RSA 84-A:5, I; inserts new paragraphs RSA 84-A:1, III-a and IV-b; and inserts new sections RSA 84-A:14 and RSA 84-A:15 .

REAL ESTATE TRANSFER TAX:

Senate Bill 243 (Chapter 192:2, Laws of 2014) allows for written examples in rulemaking relative to taxable and nontaxable real estate transactions.

Effective: September 9, 2014.

Amended: RSA 78-B:8, I.

TOBACCO TAX:

Senate Bill 243 (Chapter 192:4-7, Laws of 2014) clarifies that sub-jobbers, vending machine operators, retailers or anyone else who is not licensed under RSA Chp. 78 or licensed under RSA Chp. 178 shall not sell, offer for sale, display for sale, ship, store, import, transport, carry, or possess with or without the intent to sell any tobacco products without the proper documentation of tax paid; and clarifies that any tobacco products without the proper documentation of tax paid shall be declared contraband goods and subject to forfeiture to the State. In addition, the new law clarifies that cigarettes in packs of 20 and 25 are stamped and tobacco products other than cigarettes in packs of 20 or 25 may be exempt from affixing stamps.

Effective: September 9, 2014.

Amended: RSA 78:12, II, RSA 78:14, RSA 78:16, I and RSA 78:18.

MUNICIPAL:

Senate Bill 216 (Chapter 70, Laws of 2014) amends RSA 31:22 to allow a town's board of trustees of trust funds to recommend to the appointing authority the names of not more than two people who may serve as alternate members on the board. The alternate members will be appointed for one-year terms.

Effective: July 26, 2014.

Amended: RSA 31:22.

Senate Bill 219 (Chapter 71, Laws of 2014) adds a new section, RSA 289:2-a, that provides upon the sale of cemetery lots, the legislative body may, at any annual or special meeting, vote to determine whether funds received from such sale shall be deposited in the general fund of the town as a sale of town property as an alternative to being deposited with the trustees of trust fund for the maintenance of cemeteries under RSA 31:19-a.

Effective: May 27, 2014.

Amended: New section RSA 289:2-a.

Senate Bill 223 (Chapter 4, Laws of 2014) establishes a new section, RSA 149-I:4-a, that authorizes private developers and cities and towns to enter into contracts for the private funding and repayment of construction of sewer systems.

Effective: April 11, 2014.

Amended: New section RSA 149-I:4-a and add new paragraph RSA 149-I:10, IV.

House Bill 297 (Chapter 32, Laws of 2014) allows for the maintenance of records of the trust fund activities electronically and modifies the deadline to transfer funds from a municipality to the trustees of the trust funds for capital reserve funds from December 31st to December 15th for calendar year municipalities; and from June 30th to June 15th for optional fiscal year municipalities.

Effective: July 26, 2014.

House Bill 1245 (Chapter 60, Laws of 2014) amends RSA 33:7-e to clarify that, for purposes of municipal lease agreements of equipment and the Uniform Commercial Code (RSA 382-A), building or facility improvements related to the installation, purpose, or operation of such equipment are deemed to constitute equipment and the costs of such improvements may be financed through lease agreements.

Effective: July 26, 2014.

Amended: RSA 33:7-e.

House Bill 1386 (Chapter 25, Laws of 2014) amends RSA 28:2 to require the county clerk to compose, or be responsible for the composition of, a record of the proceedings of the commissioners, the claims allowed by them, the annual report of the county treasurer, and the proceedings of the county convention. In addition, the county clerk shall keep on file, in a secure location, all original papers, claims and accounts acted upon by the board.

Effective: July 22, 2014.

Amended: RSA 28:2.

PROPERTY:

Senate Bill 233 (Chapter 284, Laws of 2014) provides that the real property owned by the Southwestern New Hampshire District Fire Mutual Aid system in the city of Keene, when used for the purposes of a district fire mutual aid system under RSA 154:24-30, shall be exempt from property taxation under RSA 72.

Effective: July 28, 2014.

Amended: N/A

Senate Bill 333 (Chapter 288, Laws of 2014) establishes a new section, RSA 72:7-d, exempting recreational vehicles from taxation as real estate. To be exempt, a recreational vehicle, as defined in RSA 216-I:1, VIII, must have a valid motor vehicle registration and current number plate, have a maximum width of 8 feet and 6 inches while being transported, and be located at a “recreational campground or camping park,” as those terms are defined in RSA 216-I:1 VII. Annually, before April 1st, each campground owner, as defined in RSA 216-I:1, III, shall provide the local assessing officials with the name and address for each owner of a recreational vehicle at the campground, and identify which of such recreational vehicles at the campground currently meet the criteria described above. The new statute clarifies that campground owners are not responsible for payment of any taxes imposed on a recreational vehicle located at the campground, unless the campground owner is the owner of the recreational vehicle. The new law also clarifies the term “manufactured housing” in RSA 72:7-a, I and I-a to be manufactured housing as defined in RSA 205-A:1, I.

Effective: April 1, 2015.

Amended: New section RSA 72:7-d and amends RSA 72:7-a, I and I-a.

House Bill 1110 (Chapter 232, Laws of 2014) repeals RSA 21-J:14-b, I(d), relative to the statutory requirement for the Assessing Standards Board to recommend statutory standards for sales chasing, and amends RSA 21-J:14-b, I-a (a)(1) to add the establishment of a definition and practices which constitute sales chasing and penalties associated with knowingly committing or being party to sales chasing as a standard for assessing officials to the rulemaking duties of the Assessing Standards Board.

Effective: September 19, 2014.

Amended: RSA 21-J:14-b, I-a (a)(1) and repeal RSA 21-J:14-b, I(d).

House Bill 1139 (Chapter 46, Laws of 2014) repeals the authority for granting of property tax abatements for watering troughs and shade trees.

Effective: July 26, 2014.

Amended: RSA 76:18 and RSA 76:19 repealed.

House Bill 1196 (Chapter 175, Laws of 2014) allows the selectmen or assessors, for good cause shown, to abate prior years' taxes.

Effective: September 9, 2014.

Amended: RSA 76:16, I and II, RSA 76:16-a, RSA 76:17, RSA 76:19-a, II and RSA 81:5.

House Bill 1549 (Chapter 277, Laws of 2014) provides that those cities and towns that have payment in lieu of taxes agreements with renewable electricity generators will have the value of the facility calculated for the purpose of determining the total equalized value of the city or town by imputing the value of the facility and adding that amount to the market value of all other property. Imputing the value is calculated by dividing the amount of the payment in lieu of taxes by the tax rate.

Effective: July 28, 2014 and applicable beginning with the property tax year ending March 31, 2015.

Amended: RSA 21-J:3, XIII, RSA 72:75, II and RSA 75:1.

House Bill 1590 (Chapter 159, Laws of 2014) provides that for the duration of the current voluntary payment in lieu of taxes agreement under RSA 72:74 between the Granite Reliable Power project and Coos County, the valuation of the project for county tax purposes shall remain at \$113,000,000.

Effective: April 1, 2014.

Amended: N/A

RSA CHAPTER 21-J ADMINISTRATIVE:

Senate Bill 243 (Chapter 192:3, Laws of 2014) amends RSA 21-J:14, V to allow for the disclosure of Department records, files, or returns to the United States Department of Justice in accordance with compacts for the exchange of information between the Department and the United States Department of Justice, but only for the purpose of, and to the extent necessary in, the administration and enforcement of RSA 541-C and RSA 541-D relative to the tobacco Master Settlement Agreement.

Effective: September 9, 2014.

Amended: New section RSA 21-J:14, V(g).

Senate Bill 300 (Chapter 76:1, Laws of 2014) amends RSA 21-J:35 to require the State Treasury (Meals and Rentals distribution pursuant to RSA 78-A:26), the Department of Transportation (highway construction aid pursuant to RSA 235:23), the Department of Environmental Services (water pollution control grants pursuant to RSA 486, water filtration grants pursuant to RSA 486-A, and landfill closure grants pursuant to RSA 149-M:43) and the Department of Education (federal forest land aid pursuant to RSA 227-H:20 through RSA 227-H:22, state aid for an adequate education pursuant to RSA 198:40-a, school building aid pursuant to RSA 198:15-a, and catastrophic aid pursuant to RSA 186-C:18) to provide the DRA, on or before October 1st of each year, with estimates of local aid to be distributed to municipalities and school districts in the current fiscal year.

Effective: July 26, 2014.

Amended: New section RSA 21-J:35, VII.

Senate Bill 369 (Chapter 158:10, Laws of 2014) amends RSA 21-J:33-a, I, to add a penalty for the substantial understatement of Medicaid Enhancement Tax (RSA Chp. 84-A) equal to 25% of the amount of any underpayment attributable to such understatement.

Effective: June 30, 2014.

Amended: RSA 21-J:33-a, I.

Senate Bill 386 (Chapter 78:1-4, Laws of 2014) amends RSA Chapter 21-J to: 1) authorize returns, declarations, or other documents containing monetary values filed with the NHDRA be prepared by rounding to the nearest whole dollar; 2) allow a reasonable charge for "indirect" associated costs in providing training to municipal employees; 3) remove the lien requirement and taxpayer demonstration of inability to pay for Installment Payment Agreements; and 4) refine the Refund Report required by statute for the Joint Legislative Fiscal Committee.

Effective: May 27, 2014.

Amended: New section RSA 21-J:3, XXX and amend RSA 21-J:24-a, IV(b), RSA 21-J:43 and RSA 21-J:45.

MISCELLANEOUS ADMINISTRATIVE:

Senate Bill 350 (Chapter 247, Laws of 2014) amends RSA 198:45 to require the Department of Education to provide adequacy aid estimates for the current fiscal year to the NHDRA no later than October 1st of each year.

Effective: September 19, 2014.

Amended: New paragraph RSA 198:45, II.

Senate Bill 386 (Chapter 78:5, Laws of 2014) transfers for the biennium ending June 30, 2015, the appropriation for the expenditure of Low and Moderate Income Homeowners Property Tax Relief grants (hardship grants) under RSA 198:57 from the Department of Education budget to the NHDRA budget. The new law authorizes the NHDRA to create a new accounting unit and expenditure class as required and deemed necessary and appropriate for the expenditure of Low and Moderate Income Homeowners Property Tax Relief grants under RSA 198:57.

Effective: May 27, 2014.

Amended: N/A

House Bill 1282 (Chapter 300:6 & 7, Laws of 2014) appropriates the sum of \$542,672 from the \$1,112,377.74 settlement agreement dated January 17, 2014 under the Merrimack River flood control compact to the NHDRA. This appropriation is in addition to any other appropriations to the NHDRA and the remainder of the settlement moneys shall lapse to the general fund. In addition, the Governor is authorized to draw a warrant for the purpose of reimbursing the towns for the Massachusetts shares of the Merrimack River flood control compact and the Connecticut River flood control compact for state fiscal year 2012.

The DRA is required to distribute the moneys in the manner prescribed in RSA 122:4, I.

Effective: August 1, 2014.

Amended: N/A

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE
ADMINISTRATION

2013
PROPERTY TAX
TABLES BY COUNTY
VALUATIONS, TAXES AND TAX RATES
(AS REQUIRED BY RSA 21-J:3 XII)

2013 TABLES BY COUNTY

This report presents the 2013 Tables by Counties as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XII, which states:

"XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available."

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the Summary Inventory of Valuation, MS-1 Report.

Assessment information is also gathered regarding exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer's assessment vs. a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.

LAND VALUATION: The sum of the *taxable* land valuations for the following land subcategories:

- CURRENT USE: RSA 79-A
- CONSERVATION RESTRICTION: RSA 79-B
- DISCRETIONARY EASEMENT: RSA 79-C
- DISCRETIONARY PRESERVATION EASEMENT: RSA 79-D
- TAXATION OF FARM STRUCTURES & LAND UNDER FARM STRUCTURES: RSA 79-F
- RESIDENTIAL
- COMMERCIAL/INDUSTRIAL

The values in the above columns are prior to the application of any exemption and do not include any utility land value.

BUILDING VALUATION: The sum of the *taxable* building valuations for the following building subcategories:

- RESIDENTIAL
- MANUFACTURED (MFG) HOUSING: RSA 674:31
- COMMERCIAL/INDUSTRIAL
- DISCRETIONARY PRESERVATION EASEMENT: RSA 79-D
- TAXATION OF FARM STRUCTURES & LAND UNDER FARM STRUCTURES: RSA 79-F

The values in the above columns are prior to the application of any exemptions and do not include any utility building value.

PUBLIC UTILITIES: The sum of all utility values classified as PUBLIC WATER, GAS, ELECTRIC, OIL, PIPELINE or OTHER pursuant to RSA 83-F. OTHER utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of OTHER utilities include hydro plants, water and certain gas companies.

MATURE WOOD & TIMBER: RSA 79:5

GROSS VALUATION: The valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

EDUCATIONAL & SPECIAL EXEMPTIONS: The sum of the following exemptions:

- RSA 72:36-a, Certain Disabled Veterans
- RSA 72:38-b, Improvements to Assist the Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities
- RSA 72:23 IV, School Dining, Dormitory and Kitchen Exemption
- (maximum \$150,000 per property)
- RSA 72:12-a, Water & Air Pollution Control Facilities Exemption

MODIFIED ASSESSED VALUATION: The sum of the gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

LOCAL OPTIONAL EXEMPTIONS OR EXEMPTIONS WITH OPTIONAL ELEMENTS:

Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt the other exemptions listed below in this section:

- RSA 72:37, Blind Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:70, Wood-Heating Energy Systems Exemption
- RSA 72:62, Solar Energy Systems Exemption
- RSA 72:66, Wind-Powered Energy Systems Exemption
- RSA 72:23 IV, Additional School Dining, Dormitory and Kitchen Exemption (amount > \$150,000 per property)

NET LOCAL ASSESSED VALUATION: The sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

GROSS PROPERTY TAXES: The sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

LESS VETERANS TAX CREDITS: The sum of tax credits granted pursuant to RSA 72:28; 72:29-a 72:32 and RSA 72:35.

NET TAX COMMITMENT: The sum of the gross property taxes minus the sum of the veteran's credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

ACTUAL TAX RATE: The sum of the municipal, county, local and state school education tax rate. This tax rate does not include any village district or precinct tax rates.

RESIDENTS TAX: The sum of monies collected by a municipality for the Resident's Tax pursuant to RSA 72:1.

COUNTY SUMMARY: The total of each of the above listed columns for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

EDUCATIONAL & SPECIAL EXEMPTIONS REPORT: A breakdown of the educational and special exemptions granted by municipalities. These are not optional.

LOCAL OPTIONAL EXEMPTIONS REPORT: A breakdown of what each municipality currently grants. These are optional, and must be adopted by the legislative body of the municipality.

**NEW HAMPSHIRE PROPERTY TAX SYSTEM
SUMMARY
May 1, 2014**

The following explanation summarizes the budget, assessment, equalization and assessment review processes to assist taxpayers in understanding New Hampshire's property tax system.

STEP I: THE BUDGET PROCESS

Every property owner is responsible for paying a portion of the money necessary to operate their town or city, their school district, their village district (if any) and their county. Each town or city, school district, village district and county must establish a budget, hold public hearings on the budget and submit the budget to their legislative body for approval.

Who are the legislative bodies that vote the appropriations necessary to fund the town or city, school and county budgets? For a town, the annual town meeting is the legislative body, which appropriates money to operate the town. The annual school district meeting does the same for the schools, and the annual village district meeting does the same for districts. Generally for a city, or a town with a town council form of government, the council or board of mayor and alderman vote the appropriations. The county delegation comprised of the State Representatives from the county, appropriate the money necessary to fund county government. This amount is apportioned to each town or city in that county based on its proportion of the total equalized property value in that county.

It is these appropriations, voted by either your elected representatives at county delegation meetings and council meetings, or voted by you at your annual town and annual school district meetings, which establish the basis for property taxes in New Hampshire.

STEP II: THE ASSESSMENT PROCESS

Your property taxes are based upon the assessed value of your property as of April 1. This means that your tax bill, generally due in December, reflects the assessment of your property on the previous April 1. For example, if you built a garage on May 15 of this year, you would not be assessed taxes on that garage until **next** year, since the garage did not exist on April 1.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within your municipality as of April 1 each year. This assessment is best determined by a complete revaluation or update of all property within your town or city.

During a revaluation, property is physically reviewed and then valued based upon either the sale prices of other comparable properties or by other means. Theoretically, the intent of a revaluation is to assess property at its "full and true" value, often referred to as "market" value. But more importantly, the purpose of a revaluation is to insure that property within your municipality is assessed proportionally so that each property owner bears their share of the property tax burden based upon the "value" of their property.

A complete annual revaluation can be costly and time consuming. Consequently, a complete revaluation is not conducted every year. A revaluation establishes base year property values. In the years following a revaluation, the assessors value the pick-ups: the new construction, the subdivisions, and other changes to the property. Depending on the amount of change reflected in current sales, assessors may also conduct partial revaluations or statistical updates. In any event assessors must maintain proportionality among all property values on an annual basis.

Pick-ups (new construction and improvements) are assessed as of April 1. Unless all properties are

updated to current market value; pick-ups are valued not at current year values, but valued at the revaluation year values. That way, if a revaluation had been done in 2013, a 3-bedroom cape style home built in 2012 will be assessed comparably to a 3-bedroom cape style home built in 2012. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc.

STEP III: THE TAX RATE

The appropriations voted by the town or city, the school district, village district (if any) and the county, less revenue from all other sources, equals the amount of money needed to be raised by taxes. The money needed to be raised by taxes is then divided by the local assessed property values to arrive at the property tax rates.

For example, if an annual town meeting appropriated \$1,000,000 to fund town appropriations and anticipates receiving \$300,000 from motor vehicle registrations, other fees, gifts and grants to the town, then the balance of money needed to be raised by taxes would be \$700,000. This amount divided by a local assessed property value of \$25,000,000, for example, would equal a tax rate of \$28.00. Property tax rates are normally expressed per \$1,000 of valuation.

The equation for determining the local property tax rate is as follows:

$$\frac{\text{VOTED APPROPRIATIONS minus ALL OTHER REVENUE} \times 1,000}{\text{LOCAL ASSESSED PROPERTY VALUE}} = \text{PROPERTY TAX RATE}$$

By law, your property tax bill must show the assessed value of your property, along with the tax rate for each component of the tax: the town/city, village districts (if any), county, local education and state education tax rates.

STEP IV: EXEMPTIONS AND TAX CREDITS

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due.

Every municipality offers some form of an exemption for elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt and grant the following exemptions: blind exemption, deaf exemption, solar, wind-powered, wood-heating energy systems exemptions, and exemptions for the totally and permanently disabled. In addition, property tax credits are available to qualifying veterans or their surviving spouses.

Applications for an exemption or a tax credit must be made to the municipality by April 15th prior to that year's tax bill.

Education property tax relief is available to low and moderate income homeowners who:

- Own a homestead or an interest in a homestead subject to the education property tax;
- Have resided in the homestead on April 1 of the year for which the claim is made; and
- Had a total "household income" of
 1. \$20,000 or less if a single person;
 2. \$40,000 or less if married or head of a New Hampshire household.

Forms for the low and moderate income homeowners property tax relief program are available each spring once all the equalization ratios are completed.

Pursuant to RSA 198:57, VI, education property tax relief claims must be filed with the Department of Revenue between May 1st and June 30th following the due date of the final tax bill. Since a required element of the claim form is the equalization ratio for the municipality in which the property is located, claim forms cannot be completed for release to the public until the annual ratio setting process is complete. Ratios for each municipality are issued by the department generally in April as a result of the Equalization Process described below. For more information, contact the Department at (603) 230-5950 or visit our web site at www.nh.gov/revenue

STEP V: THE EQUALIZATION PROCESS

All towns and cities do not conduct revaluations in the same year. Some may be assessing property close to full value (because they just conducted a revaluation) while other towns and cities are assessing property at more or less than full value (because their revaluation is not current). This inconsistency makes it difficult to compare towns and cities to one another since the local assessed valuations are based upon different revaluation years.

The annual equalization survey conducted by the Department of Revenue Administration addresses this inconsistency by adjusting each municipality's total local assessed property value to full value.

The sole purpose for equalizing local assessed property values is to ensure that public taxes and state revenues shared by towns and cities will be reasonably apportioned. This includes state education tax, county tax, some cooperative school district taxes and some village districts taxes. The equalization process involves a detailed study of property sales throughout the state and compares those sales with the local property assessments. A by-product of the equalization process is the determination of a ratio. Generally, the ratio shows the average level at which the town or city assessed property in the previous year in comparison to full value.

For example, a ratio of 90% would indicate that the town generally assessed property at approximately 90% of full value. The ratio does not necessarily apply to any specific property assessment, but rather indicates the average level of assessment throughout the town or city.

Over a period of several years, as the value of property increases or decreases due to market fluctuations, the ratio (the comparison of the local assessed value to full value) also fluctuates. A ratio of 100% indicates that, on the average, the municipality is assessing at full value. A ratio below 100% indicates average assessments are below full value, and a ratio above 100% indicates average assessments are above full value.

Neither a high nor a low ratio, in itself, should be cause for alarm. Whether a town or city is assessing at 110% or 90% of full value is really not significant. What's important is that the assessments are proportional, so that each property owner bears their share of the property tax burden based upon the value of their property.

STEP VI: ASSESSMENT REVIEW

As a result of the Supreme Court's decision in *Sirrell v. State of New Hampshire*, RSA 75:8-a was adopted which requires all towns and cities in New Hampshire to reappraise all real estate within the municipality so that the assessments are at the full and true value at least as often as every fifth year. The Department of Revenue Administration is mandated by RSA 21:J II-a & b to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules. The third five-year cycle will begin in 2013. Approximately one-fourth of the towns and cities will be scheduled for this Assessment Review in 2013, 2014, 2015, and 2016 respectively. The Assessing Standards Board (ASB) has adopted recommended standards to be met by towns and cities for their assessment review. The Department's staff conducts field reviews of the records and assessing practices of all towns and cities in accordance with the ASB recommended standards and reports their findings to the municipalities and to the ASB. This report becomes a public document upon its issuance.

STEP VII: PROPERTY ASSESSMENT APPEAL PROCESS

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error.

The first level of appeal to request an abatement of property taxes must be made to the local assessing officials. The request for abatement must be made in writing by March 1st after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is either to the Board of Tax and Land Appeals or to the Superior Court in the county where the property is located.

An opinion that property taxes are “too high” is not adequate grounds to justify an abatement. The “amount of tax” is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property in order to qualify for an abatement.

CONCLUSION

Property taxation in New Hampshire is a process involving all levels of government, from the voters at town and school district meeting, city councilors, and local assessing officials, to state legislators and court officials. It is a yearly process beginning with the preparation of the budget and voting of appropriations, continuing with the assessment of property and the setting of the tax rates, and concluding with the appeal process. Residents and non-residents, homeowners and landlords, commercial and industrial businesses, all bear the responsibility for paying their proportional share of property taxes.

2013 EQUALIZATION SURVEY

"Including Utility & Railroad"

STATE OF NEW HAMPSHIRE

**DEPARTMENT
OF
REVENUE ADMINISTRATION**

Revised 8/14/14

2013 EQUALIZATION SURVEY

“INCLUDING UTILITIES AND RAILROADS”

May 1, 2014

This report presents the results of the 2013 Equalization Survey “**including utilities and railroads**”. It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XIII (*Revised 4/1/99*) which states:

“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2012, to September 30, 2013, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of the Inventory of Property Transfer, Form PA-34. Our goal is to use only arm’s-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm’s length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2013 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3 XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality’s 2013 Summary Inventory of Valuation (MS-1 Report).

“GROSS LOCAL ASSESSED VALUATION” - Sum of all assessed values in the municipality

- Certain Disabled Veteran’s: RSA 72:36-a
- Improvements to Assist Persons who are Deaf: RSA 72:38-b V
- Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a
- School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV (\$150,000 max per exemption)
- Water & Air Pollution Control Exemption: RSA 72:12-a

= **“MODIFIED ASSESSED VALUATION”**

- Blind Exemption: RSA 72:37
- Elderly Exemption: RSA 72:39-a & b
- Deaf Exemption: RSA 72:38-b
- Disabled Exemption: RSA 72:37-b
- Wood-Heating Energy System Exemption: RSA 72:70
- Solar Energy System Exemption: RSA 72:62
- Wind Powered Energy System Exemption: RSA 72:66
- Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV (Exemption amount > \$150,000)

= **“NET LOCAL ASSESSED VALUATION”** The municipal, county and local school tax rates are computed using the net local assessed valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10 III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value plus any unretained value is used to set a municipality’s tax rates.

DRA INVENTORY ADJUSTMENT: The sum of the adjustments of the modified local assessed valuation is divided into three categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities) buildings and manufactured housing is equalized by the 2013 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, land under farm structures, The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2012 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction

assessments, and discretionary easements.

Category 3: A DRA adjustment for public utilities, as defined by RSA 83-F, is made by comparing the market value of the utility as determined by the DRA to the net local assessed value of the utility. The difference between the assessed value and the market value equals the adjustment. The value of public utilities is not added into the "Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes."

EQUALIZED ASSESSED VALUATION: The sum of the "modified local assessed valuation" plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all "taxable" properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the "Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes."

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: The sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

- Apportion county taxes for the 2014 tax year;
- Calculate state reimbursements, and;
- Apportion cooperative school taxes for the 2014 tax year.

LOCAL TAX RATE: The actual tax rate as calculated by the Department of Revenue Administration, Municipal Services Division. The tax rate includes the municipal, county, local school and state education property tax rates.

EQUALIZATION RATIO: The 2013 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's equalization staff.

FULL VALUE TAX RATE: The 2013 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

% PROPORTION TO COUNTY TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the county comparing each municipality's total equalized value to the total equalized value of the county.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

COUNTY & STATE TAX RATE: The sum of the 2013 gross property taxes to be raised by each municipality in each county and the state divided by the total net local assessed value for each municipality in each county and the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only. They are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2013 Notification of Total Equalized Valuations on **April 30, 2014**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

REVENUE ADMINISTRATION**

2013 EQUALIZATION SURVEY

“NOT INCLUDING UTILITIES AND RAILROADS”

May 1, 2014

This report presents the results of the 2013 Equalization Survey “**not including utilities and railroads**”. It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XIII (*Revised 4/1/99*) which states:

“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2012, to September 30, 2013, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of the Inventory of Property Transfer, Form PA-34. Our goal is to use only arm’s-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm’s length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2013 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3 XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality’s 2013 Summary Inventory of Valuation (MS-1 Report) “not including utility values taxed pursuant to RSA 83-F.”

“GROSS LOCAL ASSESSED VALUATION” - Sum of all assessed values in the municipality

- Certain Disabled Veteran’s: RSA 72:36-a
- Improvements to Assist Persons who are Deaf: RSA 72:38-b V
- Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a
- School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV (\$150,000 max per exemption)
- Water & Air Pollution Control Exemption: RSA 72:12-a

= **“MODIFIED ASSESSED VALUATION”**

- Blind Exemption: RSA 72:37
- Elderly Exemption: RSA 72:39-a & b
- Deaf Exemption: RSA 72:38-b
- Disabled Exemption: RSA 72:37-b
- Wood-Heating Energy System Exemption: RSA 72:70
- Solar Energy System Exemption: RSA 72:62
- Wind Powered Energy System Exemption: RSA 72:66
- Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV (Exemption amount > \$150,000)

= **“NET LOCAL ASSESSED VALUATION Not Including Utility Valuation”**

The education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10 III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality’s tax rates.

DRA INVENTORY ADJUSTMENT: The sum of the adjustments of the modified local assessed valuation is divided into two categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2013 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2012 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

EQUALIZED ASSESSED VALUATION: The sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, and others.

TOTAL EQUALIZED VALUATIONS *NOT INCLUDING* UTILITY VALUE AND EQUALIZED RAILROAD TAXES: The sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The **2013** “total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities” will be used to apportion the state education property tax for the tax year 2015. The **2012** total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2014.

EQUALIZATION RATIO: The 2013 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only. They are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2013 Notification of Total Equalized Valuations on **April 30, 2014**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town’s notification** of the municipality’s total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

BASE VALUATION FOR DEBT LIMITS

Revised 8/14/14

Borrowing Power RSA 33:4-a & b and RSA 195:6

RSA 33:4-b Debt Limit; Computation. The debt limitations hereinbefore prescribed, *except for counties*, shall be based upon the applicable last locally assessed valuation of the municipality as last equalized by the commissioner of revenue administration under RSA 21-J:3, XIII and shall include the equalized value of property formerly taxed pursuant to the provisions of RSA 72:7; 72:15, I, V, VII, VIII, IX, X and XI; 72:16; 72:17; 73:26; 73:27 and 73:11 through 16 inclusive, all as amended, which was relieved from taxation by 1970, 5:3, 5:8, and 57:12, as determined under the provisions of RSA 71:11 as amended. Whenever several municipalities possessing the power to incur indebtedness cover or extend over identical territory, each such municipality shall so exercise the power to incur indebtedness of such municipalities shall not exceed 9.75 percent of the valuation of the taxable property as hereinbefore determined, except as provided for cooperative school districts under RSA 195:6. A written certificate signed by the commissioner of the department of revenue administration shall be conclusive evidence of the base valuation of municipalities for computing debt limits hereunder.

Revised 8/14/14

2013 COMPARISON OF FULL VALUE TAX RATES

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2013 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest (1-227 for 2013). If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by ****) have no 2013 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

For example:	Town A	$\frac{100,000 \times 21.95}{1000} =$	\$2,195.00
	Town B	$\frac{100,000 \times 26.56}{1000} =$	\$2,656.00

Due to diverse real estate values in New Hampshire, properties of equal value do not equate to properties of equal size or quality.

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
