EXPLANATION

This request is sole source Riverbend Community Mental Health has identified its ability to provide critical peer recovery support services in the Concord area following the closure of the Hope for NH Recovery Concord location earlier this year. If approved, this sole source contract will add funding for Riverbend Community Mental Health to support the delivery of peer recovery support services in the Capital region.

In response to Hope for New Hampshire Recovery's decision to no longer provide recovery

services in the Concord region, the Department sought local providers that had the capacity to fill the gap in services while also adhering to the required data collection expectations of entities delivering recovery supports.

Funds in this agreement will be used to provide Peer Recovery Support Services (PRSS) in the Concord area. Riverbend will provide a minimum of two peer recovery coaches that will work in both the community and hospital based settings to offer recovery support services to individuals seeking to gain and or maintain recovery. Peer recovery coaches will collaborate with clients of Riverbend's Mobile Crisis program to provide recovery coaching to patients with substance use disorder. Additionally, Riverbend will provide hospitals with 24/7 response and support to patients who have consented to services and ensure they are contacted within twenty four (24) hours of discharge and offer recovery services. Riverbend will ensure that individuals have access to recovery oriented groups such as Alcoholics Anonymous, SMART Recovery and Narcotics Anonymous. Additionally guaranteeing that such groups will be in operation and accessible at a minimum of ten (10) hours per day, with both day and evening hours, five days per week including Saturday and Sunday.

Peer recovery coaches will work jointly with not only the patient but also recognize the role that family members and support systems lend to the recovery process. Peer recovery coaches shall receive family dynamics training and become familiar with family oriented treatment models and outcomes before providing services. Peer recovery coaches also will be trained to administer naloxone for opiate overdose and learn to train community partners on the process such as local businesses, state offices and schools.

Currently Peer Recovery Support Services are not available within the Concord area and without such services individuals are not able to access supports that are critical to the success of their recovery. Wraparound hospital and community based services and supports have a positive impact on the success of persons in recovery. Additionally the training that Riverbend will be providing its recovery coaches will include family dynamics training. Prior to PRSS provider services being terminated in the Concord area; persons were able to receive support services through the Hope for NH recovery community center.

Should Governor and Executive Council not authorize this request; persons seeking successful recovery from a variety of substance use disorders in the Concord area would have limited have access to recovery support services. Without such services, persons in recovery and their families may struggle with finding resources to support continued sobriety for themselves or family members. This may lead to an increase in substance use relapses, reoccurring emergency room visits and hospitalization stays.

In Exhibit C-1 of this contract, this Agreement has the option to extend for up to two (#2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

The following performance measures/objectives will be used to measure the effectiveness of the agreement:

- Reduction in emergency department recidivism of people with substance use disorder, as measured by a change in baseline and post implementation data collected by the Contractor.
- Reduction in the cost of emergency department treatment of substance use disorders, as measured by a change in baseline and post implementation data collected by the Contractor.

- Increase in the awareness, hope, healing and recovery for people with substance use disorder, their families and the community at large, as measured by a change in results from a pre- and post- assessment conducted by the Contractor.
- Reduction in the wait time between initial emergency department triage, treatment initiation, and maintained recovery, as measured by a change in baseline and post-implementation data collected by the Contractor.
- Reduction in the wait time between initial emergency department triage, treatment initiation, and maintained recovery, as measured by a change in baseline and post-implementation data collected by the Contractor.

Notwithstanding any other provision of the Contract to the contrary, no services shall be provided after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2018-2019 biennia.

Area served: Concord Area.

Source of Funds: 100% General Funds.

In the event that the Federal (or Other) Funds become no longer available, General Funds will not be requested to support this program.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Riverbend Community Mental Health, Inc.
Concord, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of Riverbend Community Mental Health, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Riverbend Community Mental Health, Inc. as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on Schedules 1 through 5 and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 1, 2017, on our consideration of Riverbend Community Mental Health, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Riverbend Community Mental Health, Inc.'s internal control over financial reporting and compliance.

Riverbend Community Mental Health, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Riverbend Community Mental Health, Inc. (Riverbend) is a nonprofit corporation, organized under New Hampshire law to provide services in the areas of mental health, and related non-mental health programs. The organization qualifies for the charitable contribution deduction under Section 170 (b)(1)(a) and has been classified as an organization that is not a private foundation under Section 509(a)(2). It operates in the Merrimack and Hillsborough counties of New Hampshire.

Income Taxes

Riverbend Community Mental Health, Inc., is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Therefore, it is exempt from income taxes on its exempt function income.

Consideration has been given to uncertain tax positions. The federal income tax returns for the years ended after June 30, 2014, remain open for potential examination by major tax jurisdictions, generally for three years after they were filed.

Related Organizations

Riverbend is an affiliate of Capital Region Health Care (CRHC). CRHC is a comprehensive healthcare service system consisting of one hospital, one visiting nurse association, real estate holding companies and a variety of physician service companies. The affiliation exists for the purpose of integrating and improving the delivery of healthcare services to the residents of the central New Hampshire area.

Penacook Assisted Living Facility (PALF) is managed by Riverbend. PALF is a 501(c)(3) organization and operates the "John H. Whitaker Place" assisted care community located in Penacook, New Hampshire.

Property

Property is recorded at cost or, if donated, at fair market value at the date of donation. Depreciation is provided using both straight-line and accelerated methods, over the estimated useful lives of the assets.

Depreciation

The cost of property, equipment and leasehold improvements is depreciated over the estimated useful life of the assets using the straight-line method. Estimated useful lives range from 3 to 40 years.

Grants

Riverbend receives a number of grants from and has entered into various contracts with the State of New Hampshire and the federal government related to the delivery of mental health services.

Riverbend Community Mental Health, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Temporarily Restricted Funds

Specific purpose funds are used to differentiate resources, the use of which is restricted by donors, from resources of general funds on which the donors place no restriction or that arise as a result of the operations of Riverbend for its stated purposes. Specific purpose contributions and other donor-restricted resources are recorded as additions to temporarily restricted net assets at the time they are received and as expenses when expended for the specific purpose for which they were given.

In 2002, Riverbend developed an endowment fund to support current programs and to expand community mental health services in the future. These funds were raised through a capital campaign "Helping People Help Themselves".

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Vacation Pay and Fringe Benefits

Vacation pay is accrued and charged to the programs when earned by the employee. Fringe benefits are allocated to the appropriate program expense based on the percentage of actual time spent on the programs.

In-Kind Donations

Various public and private entities have donated facilities for Riverbend's operational use. The estimated fair value of such donated services is recorded as offsetting revenues and expenses in the accompanying statement of revenue support and expenses of general funds.

Revenue

Grant revenue received by Riverbend is deferred until the related services are provided.

Accounts Receivable

Accounts receivable are recorded based on the amount billed for services provided, net of respective allowances.

Policy for Evaluating Collectability of Accounts Receivable

In evaluating the collectability of accounts receivable, Riverbend analyzes past results and identifies trends for each major payor source of revenue for the purpose of estimating the appropriate amounts of the allowance for doubtful accounts. Data in each major payor source is regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to clients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established for amounts outstanding for an extended period of time and for third-party payors experiencing financial difficulties; for receivables relating to self-pay clients, a provision for bad debts is made in the period services are rendered based on experience indicating the inability or unwillingness of clients to pay amounts for which they are financially responsible.

Riverbend Community Mental Health, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Based on management's assessment, Riverbend provides for estimated uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Balances that remain outstanding after Riverbend has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

During 2017, Riverbend increased its estimate in the allowance for doubtful accounts from 35% to 54% of total accounts receivable to \$1,251,893 as of June 30, 2017 from \$910,010 as of June 30, 2016. The current contracts will remain in place while the parties work out the remaining details of a return to a capitated system.

Client Service Revenue

Riverbend recognizes client service revenue relating to services rendered to clients that have third-party payor coverage and are self-pay. Riverbend receives reimbursement from Medicare, Medicaid and Insurance Companies at defined rates for services to clients covered by such third-party payor programs. The difference between the established billing rates and the actual rate of reimbursement is recorded as allowances when received. For services rendered to uninsured clients (i.e., self-pay clients), revenue is recognized on the basis of standard or negotiated discounted rates. At the time services are rendered to self-pay clients, a provision for bad debts is recorded based on experience and the effects of newly identified circumstances and trends in pay rates. Client service revenue (net of contractual allowances and discounts but before taking into account of the provision for bad debts) recognized during the year ended June 30, 2017 totaled \$19,421,000, of which \$18,958,205 was revenue from third-party payors and \$462,795 was revenue from self-pay clients.

Riverbend has agreements with third-party payors that provide payments to Riverbend at established rates. These payments include:

New Hampshire Medicaid

Riverbend is reimbursed for services rendered to Medicaid clients on the basis of fixed Fee for Service rates.

Cenpatico

This a managed care organization that reimburses Riverbend Medicaid funds for services rendered on a fee for service and capitated structure.

Beacon Wellness

This a managed care organization that reimburses Riverbend Medicaid funds for services rendered on a fee for service and capitated structure.

State of New Hampshire

Riverbend is reimbursed for certain expenses through support from the State of New Hampshire general funds accounts. Assertive Continuous Treatment Teams (ACT) for both adults and children, Mobile Crisis Teams, Refugee Interpreter Services are such accounts.

Riverbend Community Mental Health, Inc.
 NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Concord Hospital

Riverbend is reimbursed for certain projects through support from the Concord Hospital for behavioral health services rendered in the emergency room inpatient psychiatric unit and for general administrative services are all reimbursed on a contractual basis.

Approximately 81% of net client service revenue is from participation in the state-sponsored Medicaid programs for the year ended June 30, 2017. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation and change. As a result, it is possible that recorded estimates could change materially in the near term.

Interest Rate Swap Agreements

Riverbend has adopted professional accounting standards which require that derivative instruments be recorded at fair value and included in the statement of financial position as assets or liabilities. Riverbend uses interest rate swaps to manage risks related to interest rate movements. Interest rate swap contracts are reported at fair value. Riverbend's interest rate risk management strategy is to stabilize cash flow requirements by maintaining contracts to convert variable rate debt to a fixed rate.

Advertising

Advertising costs are expensed as incurred. Total costs were \$89,117 and \$73,150 at June 30, 2017 and 2016, respectively.

NOTE 2 CASH

At June 30, 2017 and 2016, the carrying amount of cash deposits was \$2,486,371 and \$1,060,418 and the bank balance was \$2,602,200 and \$1,070,795. Of the bank balance, \$1,051,231 and \$925,710 was covered by federal deposit insurance under written agreement between the bank and Riverbend, \$1,547,196 and \$142,950 was covered by an irrevocable letter of credit with TD Bank, N.A., and the remaining \$3,773 and \$2,135 is uninsured.

NOTE 5 FAIR VALUE MEASUREMENTS

Professional accounting standards established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1- Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2- Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3- Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

All investments are categorized as Level 1 and recorded at fair value, as of June 30, 2017. As required by professional accounting standards, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Riverbend Community Mental Health, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Riverbend Community Mental Health, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 1, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Riverbend Community Mental Health, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Riverbend Community Mental Health, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Riverbend Community Mental Health, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors
Riverbend Community Mental Health, Inc.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Riverbend Community Mental Health, Inc. financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

In planning and performing our audit of compliance, we considered Riverbend Community Mental Health, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Riverbend Community Mental Health, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
