His Excellency, Governor Christopher T. Sununu  
and the Honorable Executive Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Pursuant to RSA 21-I:80, I(b), authorize the Department of Natural and Cultural Resources, Division of Parks and Recreation, Cannon Mountain and Franconia Notch State Park to enter into a **Sole Source** and **Retroactive** contract with AC Electric Corp. (VC #175253), Auburn, ME in the amount of \$47,655 for the rewind and reconditioning of the Peabody Express Quad Detachable Ski Lift 600HP DC Motor (600HP DC motor) effective upon Governor and Executive Council approval for the period from August 1, 2019 through November 1, 2019. 100% Other Funds (Cannon Mountain Capital Improvement Fund)

Funding is available in account, RSA 12-A:29-B Cannon Cap Imp, as follows:

03-35-35-351510-31320000-034-500162 Cannon Projects

FY 2020  
\$47,655

**EXPLANATION**

AC Electric Corp. (AC Electric) is our preferred and highly trusted lift motor overhaul vendor. They have performed extensive work on various motors located at Cannon Mountain over the last decade, including the reconditioning of this 600HP DC motor last season (approved by Governor and Executive Council on October 3, 2018, Item #45). As such, they have intimate critical knowledge of the interior of the 600HP DC motor on our primary lift and thus, are uniquely positioned with the expertise and documented records of maintenance to perform this particular contract on a sole source basis.

As part of last season's infrastructure maintenance routine, Cannon Mountain sent out its 600HP DC ski lift motor for standard reconditioning. At that time, AC Electric noted that the compensating windings and inter-poles of the lift motor would require rewinding and reconditioning prior to operational use for the next season at a minimum and that Cannon may have to replace the motor.

Based on that assessment and their familiarity with the status of maintenance on the motor unit, this summer the lift motor was removed and sent to AC Electric for a follow through full assessment to make a proper determination as to whether reconditioning would suffice or if a replacement was indeed needed.

After discussions with AC Electric, it was determined that we did not need to replace the motor at this time.

However, given that substantial time was necessary to perform the extensively needed maintenance, reconditioning and required testing of the motor combined with AC Electric's intimate knowledge of the motor system and documented record of performed maintenance on the motor, we determined that the proper course of action was to ask AC Electric to proceed immediately to complete the work.

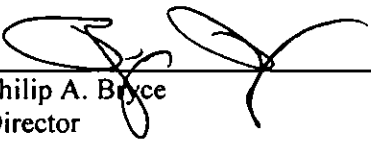

For reasons of reliance on the knowledge base and record of maintenance established with AC Electric to ensure safety and reliability combined with a short timeline to be operationally ready by November, we are requesting retroactive approval.

The Attorney General's Office has reviewed and approved this contact as to form, substance and execution.

Respectfully submitted,

Concurred,

(RM)
