14.4. **Limitation on Grantee Liability for Subgranted Funds.** Notwithstanding anything in this Agreement to the contrary and absent the presence of fraud or negligence on the part of Grantee in enforcing its rights and obligations under the terms of any subrecipient agreement, the sole obligation of Grantee with respect to the return of Grant Funds, in the event of default on a grant condition or other termination of the Project or event requiring return of Grant Funds, shall be to make a good faith effort to return to the State of New Hampshire all grant funds paid to Subrecipient through Grantee. Such delegation or assignment shall be effective only in the event of a default by Subrecipient or Beneficiary in its or their obligations under the Subrecipient Agreement or other agreement. In the event that CDFA assumes any of the obligations of Grantee as provided herein, Grantee shall pay all costs and expenses incurred by CDFA in the enforcement of the Subrecipient Agreement, collection upon any loan, mortgage or other security, or in curing any Event of Default.

14.6. Where the Grant Agreement or Subrecipient Agreement is terminated or the Project is otherwise terminated due to a default, inability to perform, or reason other than project completion and Grant Funds are required to be returned by Grantee, the disposition of Grant Funds to be returned shall be determined solely by CDFA.

15. ADDITIONAL GRANT REQUIREMENTS

In such event, Grantee agrees to pay and shall pay all reasonable costs and expenses incurred by CDFA in the enforcement of the Subrecipient or Mortgage obligations or in curing any Event of Default thereunder.

15.5. **Special Assessment.** Grantee certifies that it shall not levy special assessments or charge access fees against properties owned and occupied by low- and moderate-income persons to recover capital costs of public improvements which were assisted in whole or in part with CDBG funds. Grantee may request in writing and the Director of CDFA may give written permission in certain situations under 24 CFR 570.482 (b) to recover that portion of capital costs financed with non-CDBG funds from non-low- and moderate-income households.

15.6. **Affirmatively Furthering Affordable Housing.** Grantee certifies that it has no ordinances, codes or written policies which effectively exclude mobile homes or manufactured housing and rental housing which may be occupied by low- and moderate-income households.

City of Somersworth – Albert J. Nadeau Homes Energy Improvements- \$500,000 – (Housing)

The City of Somersworth is requesting \$500,000 in CDBG funds on behalf of the Somersworth Housing Authority (SHA) to implement energy improvements at the Albert J. Nadeau Homes affordable housing development in Somersworth.

The Albert J. Nadeau Homes (AJNH) development is owned by SHA and was constructed in the early 1970s. It consists of 56 units of affordable family housing spread out among 17 buildings. As public housing, all units (100%) are restricted for occupancy by low- and moderate-income tenants

Heat for the buildings is provided by a 45 year old central boiler with a continuous loop fed hot water system. As the boiler ages, AJNH has experienced underground breaks in the black iron piping leading to each building which has caused numerous heat outages. Also, as the heat circulates, the units at the beginning of the loop are too hot prompting tenants to open windows, resulting in a significant heat loss, while the end units at the end of the loop are not warm enough thus reducing comfort levels within the units.

An energy audit conducted by the Resilient Buildings Group (RBG) in 2014 concluded that by implementing energy improvements, the complex could reduce energy use by up to 72% and reduce energy costs by 25%. This project proposes to implement the following improvements recommended by RBG:

- Individual natural gas heat and hot water boilers for each of the 17 buildings along with building structures to house them;
- New hot water baseboard;
- Targeted air sealing and insulation;
- Interior lighting upgrades; and
- Replacement of refrigerators.

The energy improvements to the AJNH will improve the quality of the living environment for the residents as well as extend the useful life of the building.

Without reinvestment in this property, its outdated systems will continue to deteriorate and eventually the obsolescence of the property's infrastructure systems will make the property too expensive to maintain.

Funding for the project would come from a combination \$500,000 in CDBG funds, \$85,000 from the SHA Capital Fund Program and \$88,500 in utility rebates.
