and the Honorable Council  
State House

**REQUESTED ACTION**

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into a **sole source** agreement with Biotage, LLC, (Vendor 210654), 10430 Harris Oaks Blvd., Suite C, Charlotte, NC 28269, in an amount not to exceed \$33,273 for service and repair of the Extrahera automated laboratory system effective August 9, 2017 or upon Governor and Council approval, whichever is later, through August 8, 2020. 70% Federal Funds, 30% General Funds.

Funds are anticipated to be available in State Fiscal Year 2018, State Fiscal Year 2019 and State Fiscal Year 2020 upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office if needed and justified, without approval from Governor and Executive Council.

Fiscal Year	Class/Account	Class Title	Job Number	Budget Amount
2018	102-500731	Contracts for Program Services	90077410	\$9,810
2019	102-500731	Contracts for Program Services	90077410	\$11,445
2020	102-500731	Contracts for Program Services	90077410	\$12,018
			<b>Total:</b>	<b>\$33,273</b>

**EXPLANATION**

This request is **sole source** because Biotage is the sole supplier of manufacturer-authorized service parts for the Extrahera product line and is the sole supplier of manufacturer-authorized and factory-trained service personnel.

It is imperative that this equipment and associated software be maintained and fully operational in order to respond to chemical emergencies.

Funds in this agreement will be used for services and repair to the Extrahera System, a laboratory instrumentation used for the automated solid phase extraction of urine and serum samples. The system supports three Laboratory Response Network-Chemical (LRNc) core methods, as part of the Public Health Emergency Preparedness Program. The Extrahera System has eliminated the need for labor intensive manual extractions, resulting in the increased capacity of the Laboratory Response Network-Chemical laboratory section for threat response.

To provide service for this equipment, the following vital criteria must be met:

- Form-fit-function, tested replacement parts;
- Extrahera manufacturer software and electronic firmware updates and checks; and
- Access to key research and development technical expertise.

This equipment will increase the capability of the chemical threat response laboratory to rapidly process the large number of samples in the case of a large scale event(s) involving exposure to chemical terrorism agents such as highly toxic nerve agents, detecting the level of exposure in a timely manner as a result. The timeliness of detecting and reporting results of chemical terrorism events is critical for preventing serious health consequences, including death, in the general public. This shortened time frame will also help the health care personnel to make proper treatment recommendations for the exposed individuals.

Chemical threat emergency situations require results to be reported within twenty-four (24) to forty-eight (48) hours. Therefore, it is essential that these instruments are properly functioning and well maintained at all times. Additionally, the equipment will increase productivity and improve safety in the workplace. After the initial sample set-up, the equipment is automated and requires minimal hands-on operations.

Reliable data produced from the use of this equipment will help identify individuals who have been exposed to chemical agents and will help emergency responders and health care providers make informed decisions such as prevention of further exposure and treatment of the individuals who are actually exposed.

To measure the effectiveness of the agreement, the laboratory will monitor the response time and effectiveness of services done on the equipment by the Contractor to make sure that these align with the emergency response equipment maintenance requirements.

The Department reserves the right to extend the agreement for up to three (3) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Notwithstanding any other provision of the Contract to the contrary, no services shall be provided after June 30, 2017, and the Department shall not be liable for any payments for services provided after June 30, 2017, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2018-2019 and SFY 2020-2021 biennia.

Should the Governor and Executive Council not authorize this request, without properly functioning equipment, the laboratory would be required to use current manual technology, resulting in reduced capacity to respond to a chemical threat event(s) in a timely manner. This may result in a decreased response time to threats involving warfare agents like nerve agents or highly toxic compounds including Abrin/Ricin and may affect the State's ability to protect the citizens of New Hampshire.

Area served: Statewide

Source of Funds: 70% Federal Funds from Centers for Disease Control and Prevention, CFDA #93,074 and 30% General Funds.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lisa Morris, MSSW  
Director

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.
