**REPORT
AND
FINDINGS
OF**

ANDRU VOLINSKY, designee of the Governor and Council of The State of New Hampshire, under the provisions of the New Hampshire Health and Education Facilities Authority Act, Chapter 195-D of the New Hampshire Revised Statutes Annotated, on the undertaking by the Authority of a certain project in participation with **NEW ENGLAND COLLEGE** of Henniker, New Hampshire, pursuant to said Act.

Introductory

The New Hampshire Health and Education Facilities Authority (hereafter referred to as the “Authority”) requested of Governor Christopher T. Sununu and the Executive Council that a hearing be held pursuant to the New Hampshire Health and Education Facilities Authority Act, Chapter 195-D of the New Hampshire Revised Statutes Annotated (hereafter referred to as the “Act”), and particularly as prescribed in Section 21 of the Act. The hearing is required as the result of an application submitted to the Authority by New England College, a not-for-profit, voluntary corporation formed under New Hampshire law and located in Henniker, New Hampshire (hereafter referred to as the “College”) which is a participating educational institution under RSA 195-D:3. Such application seeks the participation of the Authority, under the Act, in the financing of the construction and acquisition of certain capital expenditures (hereafter referred to as the “Project”).

Pursuant to RSA 195-D:21, the Governor and Council designated me to hold a hearing and make findings in connection with the application. Following Public Notice given in accordance with Chapter 91-A of the New Hampshire Revised Statutes Annotated, by notice posted at the Henniker Town Hall and on the Authority’s website on Monday, November 13, 2017, the hearing was held commencing at 1:15 p.m. on Wednesday, November 15, 2017 in the Conference Room of the New Hampshire Health and Education Facilities Authority at 54 South State Street, Concord, New Hampshire. All witnesses were duly sworn. A summary of testimony presented at the hearing follows:

Summary of Testimony

Dr. Paula Amato, the Senior Vice President and Chief Financial Officer of the College, was the first witness. She stated that New England College is an educational institution providing undergraduate and graduate programs focused in the liberal arts, education and business. The College has its main campus in Henniker and offers certain courses online and through cohort programs.

Dr. Amato explained that as of 2017, the College had a total undergraduate enrollment of 1848 students and a graduate enrollment of 995. She stated that New England College offers 37 different majors for undergraduates. The most popular majors are Business, Education and Health Sciences. The College offers 12 graduate programs with various concentrations and one doctoral program.

Dr. Amato testified that proceeds of the Series 2017 Bonds (the "Bonds") will be used, along with certain of the College's funds, to finance the construction of the New Rosemond Page Putnam Center for the Performing Arts and pay the costs of issuing the bonds. She further testified that the Project serves a need presently not fulfilled in providing education facilities within the State and it is of public use and benefit.

Dr. Amato stated that the principal amount of the Bonds to be issued will not exceed \$6 million. The bonds are expected to be purchased by the Bank of New Hampshire in a private placement. She testified that, under the Loan Agreement with the Authority, the College will be required to continue to carry blanket fire and extended coverage as well as general liability insurance.

Dr. Amato testified that, based upon her position with the College, she is of the opinion that the College will be able to meet its financial obligations under the proposed bond issue and that the College is currently operating in a financially responsible manner.

Bonnie Payette was the final witness. She stated that she is the Director of Operations and Finance of the New Hampshire Health and Education Facilities Authority and assists in overseeing the administration of the Authority's day-to-day affairs. In her capacity as Director of

Operations and Finance she has become acquainted with the Project and the details of its financing, having worked closely with the College's officers in developing the financial arrangements to be reflected in the bonds proposed to be issued. She stated that the Authority will vote to issue its bonds for the Project on November 16, 2017, subject to compliance being had with all laws bearing upon such issue and the advice of counsel, including Bond Counsel. She testified that the Authority will vote to adopt a resolution on November 16, 2017, approving issuance of bonds for New England College.

Ms. Payette testified that certain documents are being prepared for execution in connection with the Project, including the Loan Agreement to be entered into among the Authority, the College and the purchaser of the Bonds. She stated that there will be a provision in the Loan Agreement under which the College is obligated to hold and use the Project for educational purposes so long as the bonds are outstanding. She testified to the language in the Loan Agreement which requires that each bond issued by the Authority for New England College bear on its face the following provision:

Neither the State of New Hampshire nor any political subdivision thereof shall be obligated to pay the principal of or interest on this bond, other than from Pledged Revenues, and neither the faith and credit nor the taxing power of the State of New Hampshire or of any political subdivision thereof is pledged to the payment of the principal of or interest on this bond.

Ms. Payette testified that the bond documents will make adequate provision for the payment of principal and interest on the bonds, as well as the costs of the Project, so that the State will not be obligated in any way for their repayment.

Ms. Payette concluded her testimony by stating that, based on her familiarity with the statute under which the Authority operates, on her experience as Director of Operations and Finance of the Authority, and on the advice of counsel, including Bond Counsel, the Project is within the powers conferred by law upon the Authority.

Findings

Upon the testimony submitted at the hearing, and upon consideration, I find as follows:

(1) The construction and acquisition of the project as the same is described in such testimony, will enable and assist New England College (herein called the "College"), a not-for-profit institution for post-secondary education located in Henniker, New Hampshire, to provide education within the State of New Hampshire (herein called the "State"); and

(2) The Project will be leased to, or owned by, the College, which is a financially responsible participating institution within the State; and

(3) Adequate provision has been, or will be, made for the payment of the cost of the construction and acquisition of the Project and under no circumstances will the State be obligated, directly or indirectly, for the payment of the principal of, or interest on, any obligations issued to finance such construction and acquisition or to provide for the refinancing of existing indebtedness, or obligations to which such refinancing of existing indebtedness relates; and

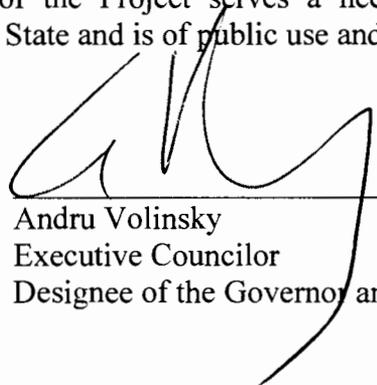

(4) Adequate provision has been, or will be, made for the payment of all costs of operation, maintenance and upkeep of the Project by the College so that under no circumstances will the State be obligated, directly or indirectly, for the payment of such costs; and

(5) Adequate provision has been made to obligate the College to hold and use the Project for educational purposes so long as the principal of and interest on bonds or other obligations issued by the New Hampshire Health and Education Facilities Authority (herein called the "Authority") to finance the cost of the Project, including any refunding bonds issued to refund and refinance such bonds, have not been fully paid and retired and all other conditions of the resolution or trust agreement authorizing and securing the same have not been satisfied and the lien of such resolution or trust agreement has not been released in accordance with the provisions thereof; and

(6) The construction and acquisition of the Project will be within the authority conferred by Chapter 195-D of the New Hampshire Revised Statutes Annotated upon the Authority; and

(7) The construction and acquisition of the Project serves a need presently not fulfilled in providing education facilities within the State and is of public use and benefit.

Dated: November 15, 2017

Andru Volinsky
Executive Councilor
Designee of the Governor and Council

RATIFICATION AND GOVERNOR'S APPROVAL

The Governor and Council hereby ratify, confirm, approve and adopt the findings set forth in the Report and Findings attached hereto made by Andru Volinsky, the Designee of the Governor and Council to hold a hearing and make findings pursuant to Section 21 of the New Hampshire Health and Education Facilities Authority Act, Chapter 195-D of the New Hampshire Revised Statutes Annotated. The hearing was required and held as a result of an application submitted to the New Hampshire Health and Education Facilities Authority by New England College, a not-for-profit institution for post-secondary education which is located in Henniker, New Hampshire. The hearing was held on November 15, 2017, following public notice posted at the Henniker Town Hall and on the Authority's website on Monday, November 13, 2017, in the Conference Room of the Authority, 54 South State Street, Concord, New Hampshire at 1:15 in the afternoon.

The Governor's signature constitutes his approval under Section 147(f) of the Internal Revenue Code of 1986, as amended, of the issuance of the bonds described herein and in the hearing held by the Authority on December 1, 2017 as described in the Notice of Public Hearing published on November 17, 2017 in the New Hampshire Union Leader.

Dated: December 6, 2017

Governor and Council:
