REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into a **sole source** Contract with Bi-State Primary Care Association, Inc. (Vendor #166695-B001) of 525 Clinton Street, Bow, New Hampshire 03304 to build oral workforce capacity in areas that serve vulnerable populations in an amount not to exceed \$779,832, effective upon Governor and Executive Council approval through August 31, 2018. Funding is 100% Federal Funds.

Funds to support this request are available in State Fiscal Year 2017 and are anticipated to be available in State Fiscal Year 2018 and State Fiscal Year 2019 upon availability and continued appropriation of funds in the future operating budgets, with the authority to adjust encumbrances between state fiscal years through the Budget Office without Governor and Executive Council approval, if needed and justified.

2018	102	500731	Contracts for Program Services	90080500	\$392,861.92
2019	102	500731	Contracts for Program Services	90080500	\$56,359.90
					\$779,832.00

EXPLANATION

This request is **sole source** because Bi-State Primary Care Association, Inc., (Bi-State), over the years has developed very strong working relationships with all of the principal oral health stakeholders in New Hampshire. Bi-State is a private, nonprofit 501(c)(3) charitable organization with 30 years of performance as a strong Primary Care Association (PCA) for New Hampshire and Vermont.

This contract is being approved for an eighteen-month (18) period with no renewal option. The Department intends to issue an RFP for any services after August 31, 2018.

Bi-State's Recruitment Center has provided technical assistance to recruit dentists to establish practices in rural underserved areas. Bi-State's relationships and proven expertise in oral health workforce development and recruitment; as well as their successful track record of working in coordination with the Department to expand access to care in rural areas, are necessary assets for the success of this project.

The purpose of the project is to develop and implement programs that address oral health workforce needs in geographic shortage areas and among underserved populations in Dental Health Professional Service Areas (DHPSA) in the state. These models will increase access to preventive and restorative oral health services in rural areas.

The Bi-State Project Team Coordinator will: execute sub-recipient agreements; monitor progress and communicate as needed with all partners; recruit and support dental auxiliaries for thirteen positions and provide six training scholarships for two new workforce models that increase access to dental care; increase health centers' capacity by purchasing and installing equipment; increase services delivered in schools, senior centers and nursing homes by purchasing portable equipment and supplies, identify an appropriate national/regional speaker, create an agenda, and conduct a training session for at least 50 dental professionals; initiate a subcontractor to conduct an environmental scan of existing inter-professional health/oral health educational curricula to develop and implement a curriculum at one pilot location; and place two dental externs at federally qualified health centers and monitor the placements.

Should the Governor and Executive Council not approve this request, low-income, uninsured children, adults, seniors, and frail elders in nursing homes, and people enrolled in New Hampshire Medicaid and Medicare living in Coos, Grafton, Sullivan, Rockingham and Strafford counties will likely continue to lack access to dental care. They may continue to seek relief of infection and dental pain in hospital emergency departments where treatment is costly, does not resolve the dental problem, and exposes them to pain medications that could have been avoided with appropriate, timely dental treatment.

Area served: Coos, Grafton, Rockingham, Strafford and Sullivan Counties.

Source of funds: 100% Federal Funds from the United States Department of Health and Human Services Health Resources and Services Administration, Catalog of Federal Domestic Assistance #93.236, Federal Award Identification Number T12HP30316.

In the event that Federal Funds become no longer available, no additional General Funds will be requested to support this request.

Respectfully submitted,

Lisa Morris
Director
Division of Public Health Services

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

JH2

1/4/17

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Bi-State Primary Care Association, Inc. and Subsidiary

Report on Financial Statements

We have audited the accompanying consolidated financial statements of Bi-State Primary Care Association, Inc. and Subsidiary, which comprise the consolidated balance sheets as of June 30, 2016 and 2015, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Bi-State Primary Care Association, Inc. and Subsidiary as of June 30, 2016 and 2015, and the changes in their net assets and their cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2016 on our consideration of Bi-State Primary Care Association, Inc. and Subsidiary's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bi-State Primary Care Association, Inc. and Subsidiary's internal control over financial reporting and compliance.

BI-STATE PRIMARY CARE ASSOCIATION, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

June 30, 2016 and 2015

Organization

Bi-State Primary Care Association, Inc. (BSPCA) is a non-stock, not-for-profit corporation organized in New Hampshire. The Association's mission is to foster the delivery of primary and preventive health services with special emphasis on the medically underserved, and its vision is to promote healthcare access for all.

Subsidiary

Center for Primary Health Care Solutions, LLC (CPHCS) is a limited liability company formed pursuant to the New Hampshire Limited Liability Company Act. CPHCS's primary purpose is to provide healthcare industry services and other industry-related consulting services. BSPCA is the sole member of CPHCS.

1. Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of BSPCA and its subsidiary, CPHCS (collectively, the Association). All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

BSPCA is a public charity under Section 501(c)(3) of the Internal Revenue Code. As a public charity, the entity is exempt from state and federal income taxes on income earned in accordance with its tax-exempt purpose. Unrelated business income is subject to state and federal income tax.

CPHCS is a limited liability company; however, for federal tax purposes, it is considered to be a disregarded entity and, as such, CPHCS's income, expenses, losses, gains, deductions and credits are reported on BSPCA's income tax return. Management believes the services provided by CPHCS are consistent with BSPCA's tax-exempt purpose and, as a result, its revenue does not constitute unrelated business income.

Management has evaluated the entity's tax positions and concluded that there are no unrelated business income or uncertain tax positions that require adjustment to the consolidated financial statements.

BI-STATE PRIMARY CARE ASSOCIATION, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

June 30, 2016 and 2015

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and money market accounts.

Grants and Other Receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. All such amounts are considered collectible. Grants whose restrictions are met within the same year as recognized are reported as grant revenue in the accompanying consolidated financial statements.

Investments and Investment Income

Investments in equity securities with readily-determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are excluded from the excess of revenue over expenses.

Investments are exposed to various risks, such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets and consolidated statements of operations and changes in net assets.

Property and Equipment

Property and equipment acquisitions are recorded at cost, less accumulated depreciation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method.

Deferred Revenue

Deferred revenue represents unearned grants or contracts paid in advance of expenditure.

Excess of Revenue over Expenses

The consolidated statements of operations include the excess of revenue over expenses. Changes in unrestricted net assets which are excluded from the excess of revenue over expenses, consistent with industry practice, include unrealized gains and losses on investments other than trading securities.

BI-STATE PRIMARY CARE ASSOCIATION, INC. AND SUBSIDIARY

Notes to Consolidated Financial Statements

June 30, 2016 and 2015

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are disclosed as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Association has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair market value of the Association's investments is measured on a recurring basis using Level 1 inputs.

4. Investment in Limited Liability Companies

8. Concentrations of Risk

The Association has cash deposits in a major financial institution which exceeds federal depository insurance limits. However these deposits are included in an Insured Cash Sweep (ICS) account which consists of high-yield savings accounts in other Federal Deposit Insurance Corporation insured institutions with no individual institution exceeding federal depository insurance limits. This strategy is endorsed by the American Banking Association. The bank provides monthly reporting.

9. Retirement Plans

The Association offers a defined contribution plan to eligible employees. The Association's contributions to the plan for the years ended June 30, 2016 and 2015 amounted to \$87,623 and \$105,620, respectively.

The Association has established an unqualified deferred compensation plan under Internal Revenue Code Section 457(b) for certain key employees. Under this plan, participating employees can elect to defer their compensation within the Internal Revenue Code limits. The Association may make a discretionary contribution to the plan; however, it has not elected to do so.

10. Related Party Transactions

The Association's board of directors is composed of elected executive directors or the most senior primary care directors of its members. BI-STATE PRIMARY CARE ASSOCIATION, INC. AND SUBSIDIARY

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2016

1. Basis of Presentation

The schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Bi-State Primary Care Association, Inc. and Subsidiary (the Association) under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Association, it is not intended to, and does not, present the consolidated financial position, changes in net assets, or cash flows of the Association.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. The Association has elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Bi-State Primary Care Association, Inc. and Subsidiary

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bi-State Primary Care Association, Inc. and Subsidiary, which comprise the consolidated balance sheet as of June 30, 2016, and the related consolidated statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 15, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Bi-State Primary Care Association, Inc. and Subsidiary's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bi-State Primary Care Association, Inc. and Subsidiary's internal control. Accordingly, we do not express an opinion on the effectiveness of Bi-State Primary Care Association, Inc. and Subsidiary's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bi-State Primary Care Association, Inc. and Subsidiary's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bi-State Primary Care Association, Inc. and Subsidiary's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bi-State Primary Care Association, Inc. and Subsidiary's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR THE MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
Bi-State Primary Care Association, Inc. and Subsidiary

Report on Compliance for the Major Federal Program

We have audited Bi-State Primary Care Association, Inc. and Subsidiary's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on its major federal program for the year ended June 30, 2016. Bi-State Primary Care Association, Inc. and Subsidiary's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Bi-State Primary Care Association, Inc. and Subsidiary's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Bi-State Primary Care Association, Inc. and Subsidiary's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Bi-State Primary Care Association, Inc. and Subsidiary's compliance.

Opinion on the Major Federal Program

In our opinion, Bi-State Primary Care Association, Inc. and Subsidiary complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of Bi-State Primary Care Association, Inc. and Subsidiary is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered Bi-State Primary Care Association, Inc. and Subsidiary's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Bi-State Primary Care Association, Inc. and Subsidiary's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
