Assistant Commissioner

Bureau of Construction
May 23, 2017

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with R.M. Piper, Inc. (Vendor 174180) of Plymouth, NH on the basis of a low bid of \$274,978.00 for reconstruction of the railroad crossing on Foster Street and realign Foster Street to allow for a perpendicular at-grade railroad crossing in Plymouth, from the date of Governor and Council approval through September 29, 2017 unless extended by the Department in accordance with the Standard Specifications. 90% Federal Funds, 10% Other Funds.

Funding is available as follows for FY 2017, and is contingent upon the availability and continued appropriation of fund for FY 2018:

Funding is available as follows:	<u>FY 2017</u>	<u>FY 2018</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$74,978.00	\$200,000.00

2. Further authorize that a contingency in the amount of \$27,497.80 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2017</u>	<u>FY 2018</u>
04-96-96-963515-3054

400-500870 Highway Contract Payments	\$0.00	\$27,497.80

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan, under the Railroad Reconstruction of Crossings & Signals Program (RRRCS). This project proposed to reconstruct the railroad crossing on Foster Street and realign Foster Street to allow for a perpendicular at-grade railroad crossing. Work includes minor adjustments to the railroad profile to match the reconstructed at-grade crossing on Foster Street and coordination with the Town of Plymouth to improve subsurface utility crossings at the railroad and US Route 3/Foster Street intersection.

This project will improve the safety of an at-grade railroad crossing by realigning the roadway to allow for a perpendicular crossing of the railroad tracks. This project will also improve the safety and service of the Foster Street/US Route 3 intersection by reducing the skew of the intersection and adjusting intersection geometry to allow for improved truck turning movements.

The proposed contingency amount is 10% of the contract amount. This is a short duration contract, involving railroad and utility coordination work that could involve additional costs due to handling railroad soils.

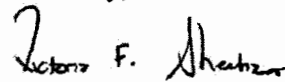

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

Although the bid costs exceeded the Department's estimate by 9%, the low bid is felt to be reasonable for the work involved as there were 2 bids submitted for this project and they were within 15% of one another. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

This project funding is 90% federal funds with anticipated 10% Municipal match for the other funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan
Commissioner

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project proposed to reconstruct the railroad crossing on Foster Street and realign Foster Street to allow for a perpendicular at-grade railroad crossing. Work includes minor adjustments to the railroad profile to match the reconstructed at-grade crossing on Foster Street and coordination with the Town of Plymouth to improve subsurface utility crossings at the railroad and US Route 3/Foster Street intersection.

FEDERAL FUNDING: 90% (Federal) with anticipated Municipal 10% match.

CONTINGENCY: The proposed contingency amount is 10% of the contract amount. This is a short duration contract, involving railroad and utility coordination work. The design work for the additional utility coordination is not anticipated to be completed prior to advertising.

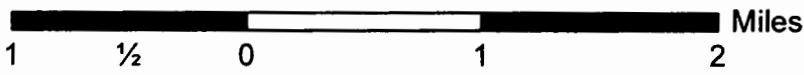

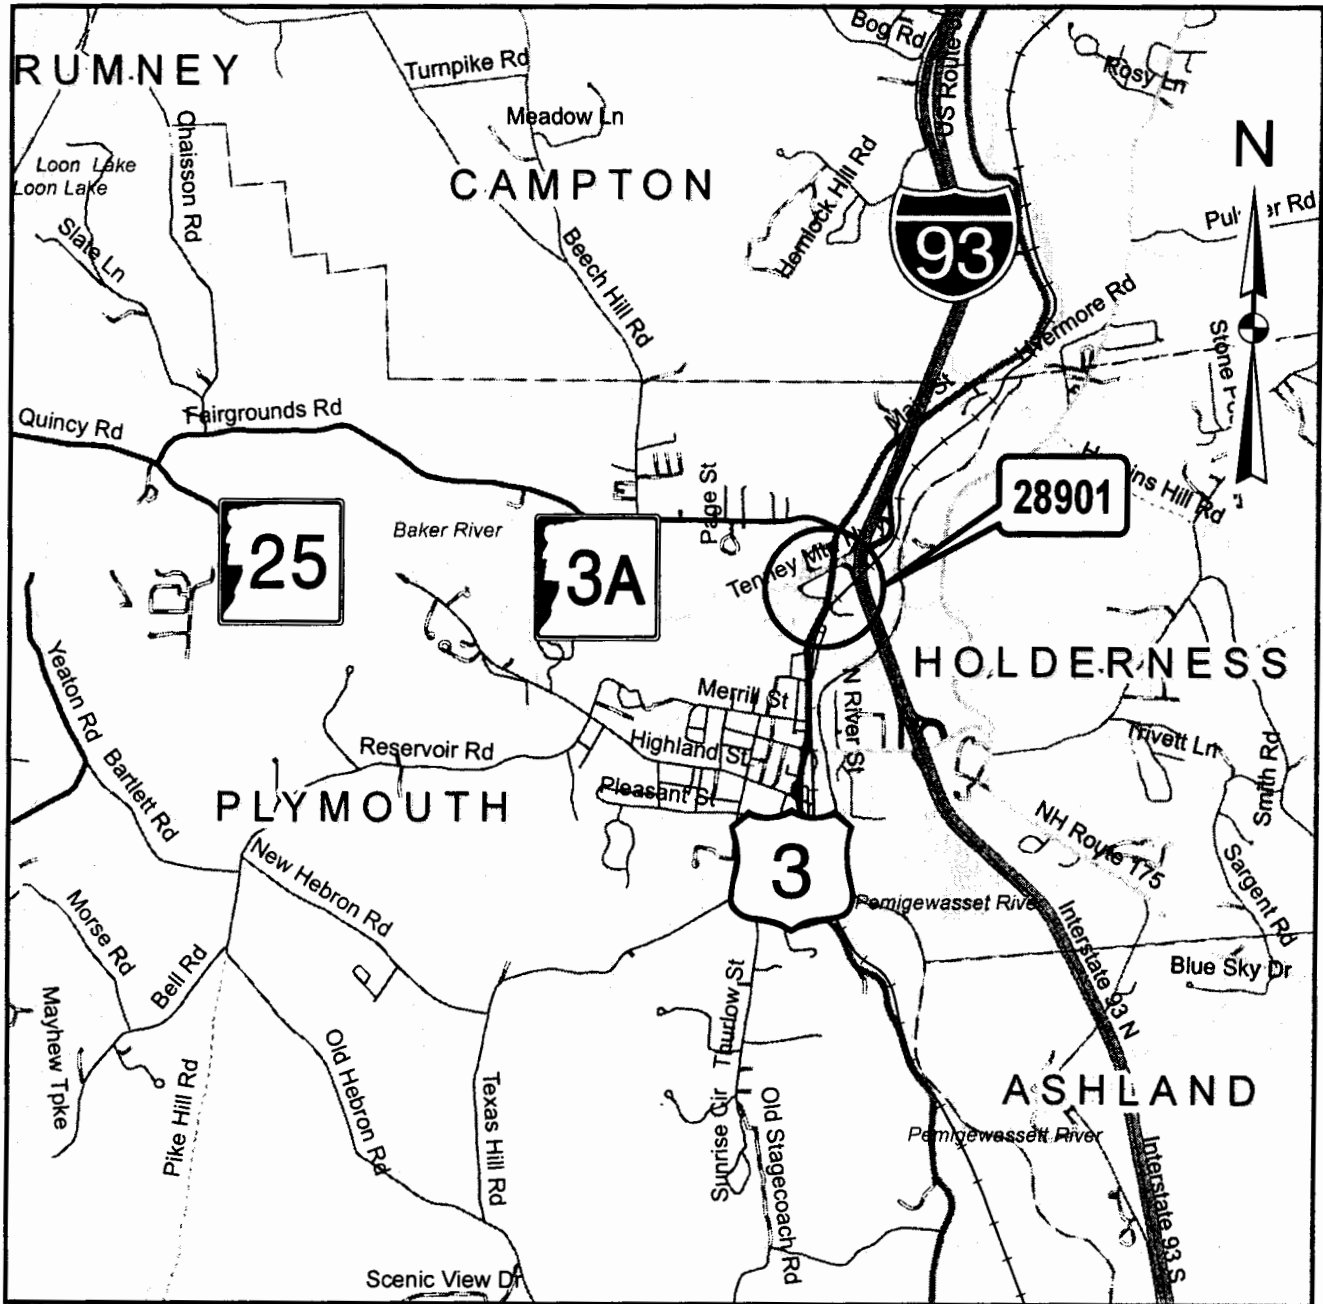

PROJECT INITIATED: Hazard Elimination, Railway – Highway at grade crossing reconstruction.

PROJECT EXPLANATION: This project will improve the safety of an at-grade railroad crossing by realigning the roadway to allow for a perpendicular crossing of the railroad tracks. This project will also improve the safety and service of the Foster Street/US Route 3 intersection by reducing the skew of the intersection and adjusting intersection geometry to allow for improved truck turning movements.

TRAFFIC IMPLICATION: Construction activities will require temporary lane closures and short term use of one lane, alternating two-way traffic supplemented with flaggers on Foster Street. During non-construction hours traffic will be returned to two-way traffic.
