Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

19 Beaulac

Bureau of Construction
November 3, 2017

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with E.D. Swett, Inc. (Vendor 154176) of Concord, NH on the basis of a low bid of \$7,950,099.25 for replacement of two "Red List" bridges, the Woodbury Avenue Bridge over US Route 1 bypass and the Stark Street bridge over the US Route 1 bypass as well as roadway reconstruction in the City of Portsmouth, from the date of Governor and Council approval through November 15, 2019 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2018 and 2019 and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2020 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

| | | | |
|--------------------------------------|----------------|----------------|----------------|
| Funding is available as follows: | <u>FY 2018</u> | <u>FY 2019</u> | <u>FY 2020</u> |
| 04-96-96-963515-3054 | | | |
| Consolidated Federal Aid | | | |
| 400-500870 Highway Contract Payments | \$3,450,099.25 | \$4,000,000.00 | \$500,000.00 |

2. Further authorize that a contingency in the amount of \$477,005.96 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 6% of the contract amount.

| | | | |
|--------------------------------------|----------------|----------------|----------------|
| Funding is available as follows: | <u>FY 2018</u> | <u>FY 2019</u> | <u>FY 2020</u> |
| 04-96-96-963515-3054 | | | |
| Consolidated Federal Aid | | | |
| 400-500870 Highway Contract Payments | \$150,000.00 | \$277,005.96 | \$50,000.00 |

EXPLANATION

This construction contract encompasses two projects; the replacement of the Woodbury Avenue and Stark Street Bridges over the US 1 Bypass (13455D), and the reconstruction of the US 1 bypass at Submarine Way. These projects are part of the State's Ten Year Transportation Improvement Plan.

The 13455D project will replace two "Red List" bridges: the Woodbury Avenue Bridge over US Route 1 Bypass; and the Stark Street Bridge over the US Route 1 Bypass. The project begins on the US Route 1 Bypass approximately 700 feet (0.1 mile) north of the Portsmouth Traffic Circle and proceeds north approximately 1,500 feet (0.3 mile). The work on Woodbury Avenue begins approximately at the intersection of Franklin Drive / US Route 1 Bypass southbound on/off ramps and proceeds east, approximately 375 feet, to just east of the intersection of Woodbury Avenue and the northbound on/off ramps with US Route 1 Bypass. This project also

includes sign replacements along US Route 1 Bypass, from the intersection with Greenleaf Ave north to the Portsmouth Traffic Circle, and from the Portsmouth Traffic Circle east to the intersection of US Route 1 Bypass with the Submarine Way.

The 13455E roadway reconstruction project, located on the US Route 1 Bypass in Portsmouth, begins approximately 0.8 miles north of the Portsmouth Traffic Circle, at the northern limits of the Maplewood Avenue Bridge project (Portsmouth 13455C), and continues north approximately 0.2 miles to Submarine Way (formerly known as Albacore Connector), to the southern limits of the Sarah Mildred Long Bridge project (Portsmouth-Kittery 15731). The project also extends along Submarine Way, from US Route 1 Bypass west to Market Street.

This contract will replace two the "red list" bridges over US Route 1 Bypass in Portsmouth. The existing bridges were constructed around 1940 and are in need of replacement. US Route 1 Bypass was originally constructed in the 1930's with a concrete slab roadway, which is still in place. The 3-inch mill and inlay will improve the roadway structure and performance. Submarine Way was originally constructed in 2006, as the Albacore Connector, in response to the Sarah Mildred Long Bridge emergency closure and repair. This project will formalize Submarine Way and provide connectivity between US Route 1 Bypass and Market Street. Submarine Way ownership will be transferred to the City of Portsmouth upon completion of construction.

Although the bid costs exceeded the Department's estimate by 1.95%, the low bid is felt to be reasonable for the work involved. There were four bids received which were all competitive. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

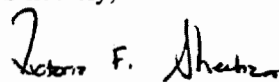

The contingency amount is proposed to be approximately 6% of the contract amount. Utility relocations and environmental concerns related potentially contaminated soil and/or groundwater are higher risk items that can potentially increase costs. Schedule risk and coordination with Sarah Mildred Long Bridge replacement and other unforeseen item adjustments (i.e. limits of concrete slab removal, bridge deck rehabilitation, etc.) can potentially increase costs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/md

Department Estimate: \$7,797,983.09

Contract Amount: \$7,950,099.25

Over Estimate: \$ 152,116.16

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION:

Portsmouth 13455D: This bridge replacement project will replace two “Red List” bridges: the Woodbury Avenue Bridge over US Route 1 Bypass; and the Stark Street Bridge over the US Route 1 Bypass. The project begins on the US Route 1 Bypass approximately 700 feet (0.1 mile) north of the Portsmouth Traffic Circle and proceeds north approximately 1,500 feet (0.3 mile).

The work on Woodbury Avenue begins approximately at the intersection of Franklin Drive / US Route 1 Bypass southbound on/off ramps and proceeds east, approximately 375 feet, to just east of the intersection of Woodbury Avenue and the northbound on/off ramps with US Route 1 Bypass.

This project also includes sign replacements along US Route 1 Bypass, from the intersection with Greenleaf Ave north to the Portsmouth Traffic Circle, and from the Portsmouth Traffic Circle east to the intersection of US Route 1 Bypass with the Submarine Way.

Portsmouth 13455E: This roadway reconstruction project, located on the US Route 1 Bypass in Portsmouth, begins approximately 0.8 miles north of the Portsmouth Traffic Circle, at the northern limits of the Maplewood Avenue Bridge project (Portsmouth 13455C), and continues north approximately 0.2 miles to Submarine Way (formerly known as Albacore Connector), to the southern limits of the Sarah Mildred Long Bridge project (Portsmouth-Kittery 15731). The project also extends along Submarine Way, from US Route 1 Bypass west to Market Street.

FEDERAL FUNDING: Construction funding is from the State’s Ten-Year Transportation Improvement Program with 80% Federal funding, and utilizing Turnpike Toll credits as the State’s 20% match.

CONTINGENCY: The contingency amount is proposed to be approximately 6% of the contract amount.

Portsmouth 13455D: Utility relocations and environmental concerns related potentially contaminated soil and/or groundwater are higher risk items that can potentially increase costs.

Portsmouth 13455E: Schedule risk and coordination with Sarah Mildred Long Bridge replacement and other unforeseen item adjustments (i.e. limits of concrete slab removal, bridge deck rehabilitation, etc.) can potentially increase costs.

PROJECT INITIATED: State’s Ten-Year Transportation Improvement Program

PROJECT EXPLANATION:

Portsmouth 13455D: This project will replace two the “red list” bridges over US Route 1 Bypass in Portsmouth. The existing bridges were constructed around 1940 and are in need of replacement.

Portsmouth 13455E: US Route 1 Bypass was originally constructed in the 1930’s with a concrete slab roadway, which is still in place. The 3-inch mill and inlay will improve the roadway structure and performance. Submarine Way was originally constructed in 2006, as the Albacore Connector, in response to the Sarah Mildred Long Bridge emergency closure and repair. This project will formalize Submarine Way and provide connectivity between US Route 1 Bypass and Market Street. Submarine Way ownership will be transferred to the City of Portsmouth upon completion of construction.

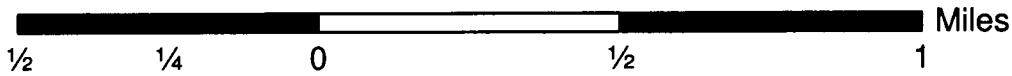

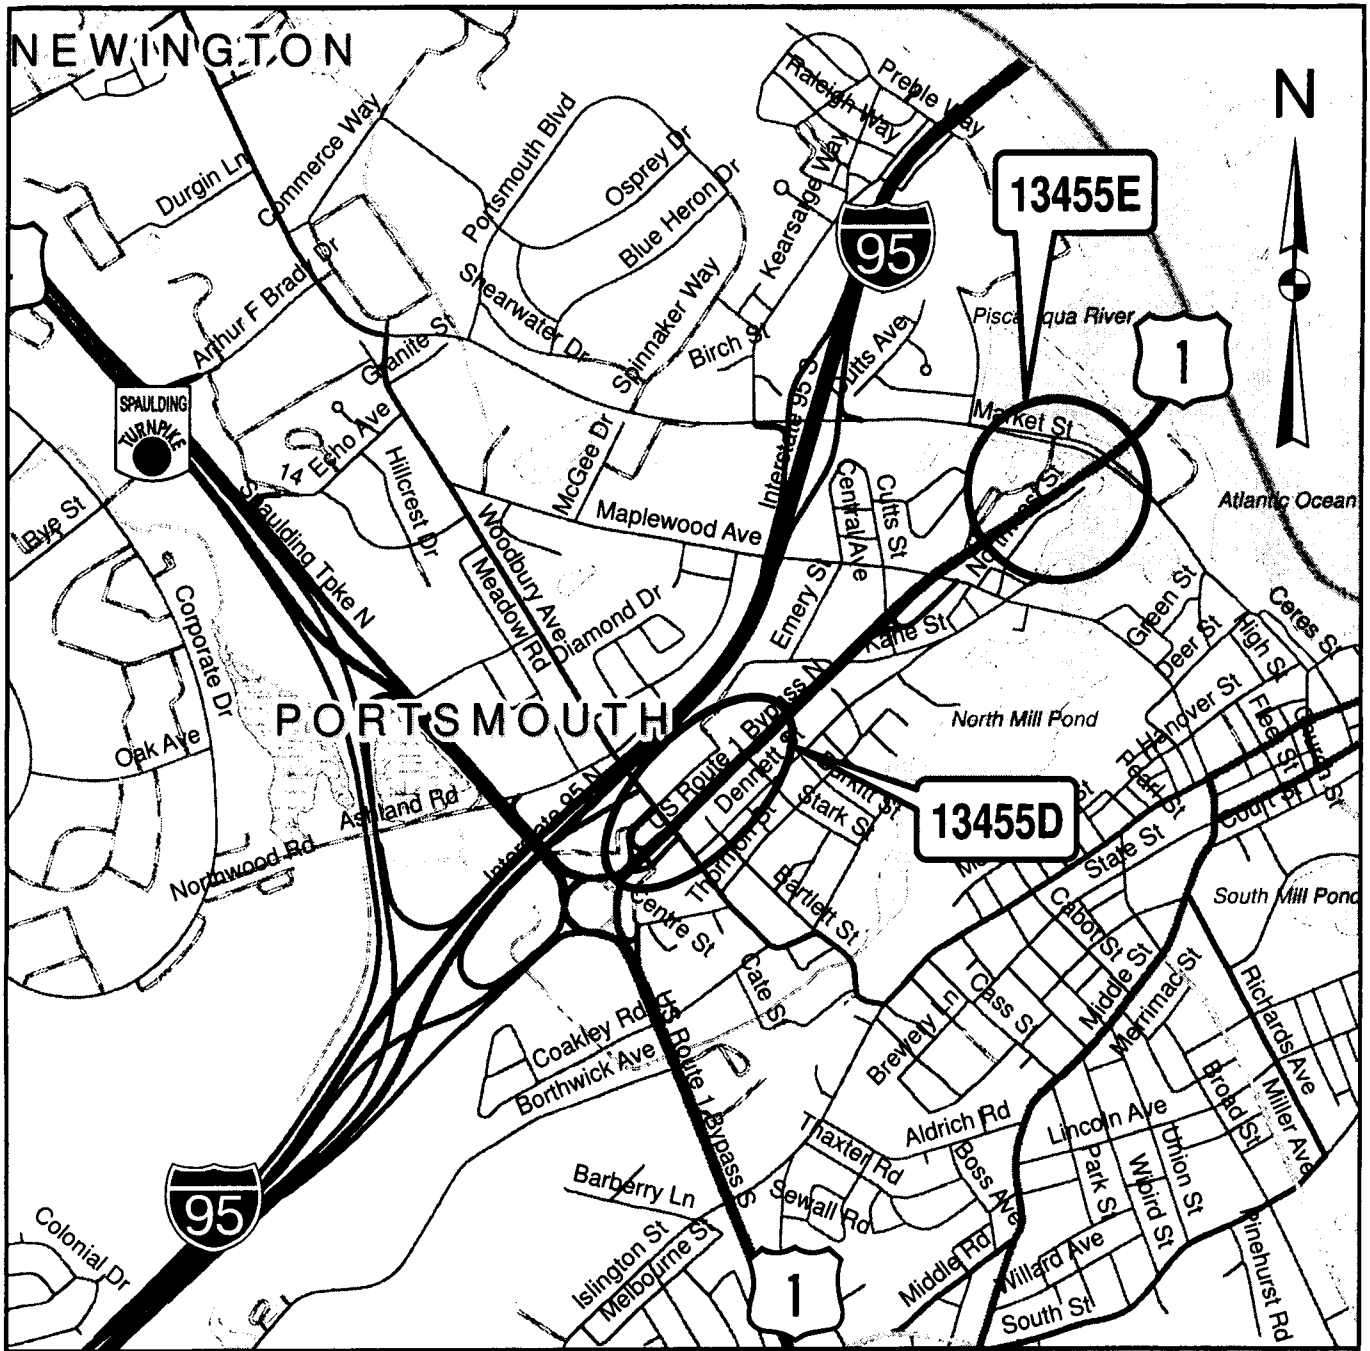

TRAFFIC IMPLICATIONS:

Portsmouth 13455D: Two lanes of travel NB and SB will be maintained on US Route 1 Bypass whenever possible. Along US Route 1 Bypass, temporary lane or shoulder closures will be permitted for work operations Monday through Friday, Northbound and Southbound, except between the hours of 4:00 PM to 6:00 PM, Saturdays, and for nightwork, with the approval of the Engineer. Lane closures shall be discontinued whenever the Engineer determines that backups may contribute to unacceptable delays for the traveling public. Traffic shall be shut down on US Route 1 Bypass during the removal of the existing structural steel, erection of the new structural steel, and for any authorized, unprotected work over the travel lanes for the removal of the Stark Street Bridge. Traffic shutdowns will be permitted between the hours of 10:00 PM to 5:00 AM. The traffic shutdowns shall not exceed 15 minutes, with only two 15-minute shutdowns allowed per hour. Traffic will be shut down on US Route 1 Bypass during the removal of the Woodbury Avenue Bridge for 48 hours (28 daytime work hours). The Woodbury Avenue and Stark Street bridges will be closed during construction. The aerial (distribution), water line, and sewer line relocations need to be complete before the bridges can be closed. Detour signage will be provided to direct motorists to alternate routes during the bridge closures.

Portsmouth 13455E: One lane in each direction will remain open to traffic at all times during construction of US Route 1 Bypass. Shoulder closures will be permitted Monday through Thursday, 9:00 AM to 4:00 PM and 7:00 PM to 6:00 AM. Alternating closure of the Northbound/Southbound barrels are permitted for two consecutive nights, Monday through Thursday, 7:00 PM to 6:00 AM, to complete drainage, lighting, and signal conduit installation. A regional sign package is provided as part of the contract. Phased construction will occur for work on Submarine Way.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
10/19/2017

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
