EXPLANATION

The purpose of this amendment is to increase the vendor's hourly rate and remove the mileage reimbursement rate to better align with program services provided. On July 1, 2014, DCYF assumed full supervisory responsibility of the FAIR program and its contractors. At that time, DCYF contracted with six individuals to serve as FAIR Facilitators. Each of the facilitators is responsible for a specific catchment area and facilitation of FAIR meetings for all children in DCYF out-of-home placement in their respective catchment area.

Since July 2014, and more significantly, in the past year and a half DCYF has encountered a dramatic increase in the number of children in out-of-home placement. This increase has been much more dramatic in four (4) of the six (6) FAIR catchment areas. At the time of the initial contracts in 2014, all facilitators were to be paid for their time (salary) and mileage. Given the caseloads and geographic catchment area size from the previous fiscal year, mileage amounts were calculated, with more allotted to the North Country and Keene/Claremont catchment areas (\$9,000 and \$8,500, respectively). The smaller geographic areas in the southern and eastern part of the state ranged from \$3,500 to \$5,500.

While the catchment areas in the North Country and Keene/Claremont remain larger than the other areas, the imbalance in caseloads in the four (4) more urban areas balance out geographic differences. Therefore, each facilitator/contractor will make the same hourly rate for all of their expenses, including mileage. This will allow for the fairest and most equitable division of resources among facilitators in order to continue supporting the FAIR program while meeting the ever changing dynamics of the DCYF District Offices.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management, as such; these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

The Division has been satisfied with the services provided. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The original contracts calls for the provision of these services for approximately two years and reserves the right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval. The Department has exercised two (2) of the four (4) years of renewal in Amendment #1.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which may inadequately serve families in the state. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placements for youths.

EXPLANATION

The purpose of this amendment is to increase the price limitation of the vendors listed above to support program requirements. The original agreements included six (6) vendors. However, due to an unexpected vacancy, the workload was disbursed to the four (4) vendors while a Request for Application was posted and a new vendor was awarded the vacant position. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting ther from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-bieng for the children served. Family Assessment and Inclusive Reunificaiton meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management, as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to intitiate and complete a comprehensive review process.

The Division has been satisfied with the services provided. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The original contracts calls for the provision of these services for approximately two years and reserves the right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval. The Department has exercised two (2) of the four (4) years of renewal in Amendment #1.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which may inadequately serve families in the state. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placements for youths.

EXPLANATION

The purpose of this amendment is to exercise the renewal options in the attached contracts for the Family Assessment and Inclusive Reunification program. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The original contracts were competitively bid, the Department of Health and Human Services published a Request for Application(s) on their website and received seven (7) applicants. After careful review one applicant for each catchment area was selected.

The original contracts calls for the provision of these services for approximately two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

The Division has been satisfied with the services provided. During the first two years of the current contract, beginning July 2014, the FAIR program has experienced a 100% retention rate. This has resulted in program stability, improved rapport with the DCYF District Offices and improved job performance as observed by the Division Program Manager. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The Division is requesting approval to exercise two years of the renewal option reserving the Division's option to renew for the remaining two years based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

1530 FAMILY ASSESSMENT AND INCLUSIVE REUNIFICATION (FAIR) REVIEWS	
Chapter: Case Management Standards for CP and JJ Field Services	Section: Engaging Families
	New Hampshire Division for Children, Youth and Families Policy Manual Policy Directive: 15-41 Effective Date: September 2015 Scheduled Review Date:
	Approved:  Joraine Bartlett, DCYF Director
Related Statute(s): RSA 169-B, RSA 169-C, RSA 169-D, RSA 186-C, and RSA 193:27 Related Admin Rule(s): Related Federal Regulation(s): SSA 422, SSA 471, SSA 475, 1355.20, and 1356.21	Related Form(s): FORM 1530, FORM 1531, FORM 1532, FORM 1533, FORM 1534, FORM 1535, FORM 1536, and FORM 1537 Bridges' Screen(s) and Attachment(s):

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency goal is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful case plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any supportive people identified by the family, in a solution-focused process together with DCYF and service providers. FAIR aims to empower families in their own decision-making, case planning, and goal development immediately following the removal of their child(ren). Together, FAIR participants will continuously assess family needs and provide necessary support towards achieving permanency for the family.

Definitions

"Adult Living Preparation" means a process of assessing, planning, and supporting youth with the guidance of identified adult connections through the transition from childhood and adolescence, into independence and adulthood. This term includes "independent living."

"Age or Developmentally-Appropriate" means the federal standard in SSA 475(11)(A) that qualifies activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity, or that are determined to be developmentally-appropriate for a specific child based on the developmental stages attained by that child with respect to his/her cognitive, emotional, physical, and behavioral capacities.

"APPLA" or "Another Planned Permanent Living Arrangement" means a permanency goal in which the Division maintains supervision of, and placement and care responsibility for a youth age 16 or older through the deliberate out-of-home placement of the youth with an identified permanent connection until the youth reaches adulthood based on compelling information that it is not in the youth's best interest to seek a more permanent goal.

"Case Plan" means a document that is developed jointly within 60 days from date of removal by the CPSW or JPPO, the parents, and the child/youth, as appropriate, that incorporates Solution Based Casework and describes: the type, necessity, safety and appropriateness of placement; the needs

"Children for Whom DCYF has Placement and Care Responsibility" means individuals, ages birth through 21 for whom DCYF has temporary protective custody, legal supervision, custody, or guardianship pursuant to RSA 169-C, 170-B, 170-C, and 463, or who JJS has custody pursuant to RSA 169-B and 169-D for the purposes of placement, excluding youth committed to the Sununu Youth Services Center (SYSC) or incarcerated at any other secure facility where they are awaiting disposition by the court of jurisdiction.

"Close Proximity to Parents" means a placement nearest the home community or residence of the child/youth's parents or legal guardian that is consistent with the child or youth's best interest and special needs. The following factors are included in determining the placement: (1) the ease with which the child/youth and family may visit each other; and (2) the availability of services the child/youth may require.

"Concurrent Goal" means the alternate plan for the child/youth in out-of-home placement, which will achieve another permanency goal if reunification with a parent is not possible.

"CPS" means the Bureau of Field Services' Child Protective Services within DCYF.

"JJS" means the Bureau of Field Services' Juvenile Justice Services within DCYF.

"JPPO" or **"Juvenile Probation and Parole Officer"** means an employee of DCYF who discharges the powers and duties established by RSA 170-G: 16, and supervises paroled delinquents pursuant to RSA 170-H.

"Out-of-Home Placement" means the 24-hour care of children or youth who must live apart from their parents and includes care at resource homes, relative homes, pre-adoptive homes, and residential facilities including group homes, educational, psychiatric or physical health-related facilities.

"Parents" means the child/youth's birth or adoptive parents, stepparents, or legal guardians, as established by state law.

"Permanency" means that a child/youth has a legally permanent caregiver to nurture his/her healthy development. As defined in the Child and Family Services Reviews, a child in foster care is determined to have achieved permanency when any of the following occurs: (1) The child is discharged from foster care to reunification with his or her parent or other relative; (2) the child is discharged from foster care to a legally finalized adoption; or (3) the child is discharged from foster care to the care of a legal guardian.

"Permanency Facilitator" or **"Facilitator"** means a trained, independent contracted individual who is responsible for conducting the FAIR Case Review.

"Permanency Goal" means the desired outcome of interventions and services, which is determined to be consistent with the health, safety, well-being, and best interest of the child/youth. For each child/youth, there will be one primary current goal from the following options:

- (1) Maintain in own home;

Exhibit A-1 Amendment #1 - Fair Policy

"Reasonable Efforts" means measurable actions taken by DCYF staff and service providers to prevent a child/youth's placement, or to return a child/youth to his or her family, or to achieve another permanency goal for the child/youth.

 - C. To ensure compliance with the federally required elements for periodic case review, specifically including regulations in SSA Section 422 (Title IV-B) and SSA Section 475(5) (Title IV-E);
 - D. To identify and utilize families' strengths and needs in order to achieve safety, permanency, and well-being for families; and
 - E. To explore relatives and natural connections for ongoing support to the child/youth and family in order to expedite achievement of permanency.
- II. FAIR Meetings must be held for:
 - A. Every child/youth in an out-of-home placement;
 - B. Each child/youth up to the age of 21 who remains in out-of-home placement;

 - D. Each child/youth whose parents' rights have been voluntarily surrendered or legally terminated, until adoption or another permanency goal has been completed; and
 - E. Each child/youth up to the age of 21 who is under the co-guardianship of DCYF and a foster parent, relative or other designated individual.

 - C. For youth who have been at SYSC or in shelter care and then discharged to a placement, a FAIR review must be held no later than 30 calendar days from the date of discharge.
 - D. The subsequent FAIR meeting must occur within 4 months of the child/youth entering out-of-home placement.
 - E. Following the 4-month case review, FAIR meetings must continue every 6 months while the child/youth remains in out-of-home placement.
 - F. If the meeting schedule is interrupted, the FAIR meeting must be held as soon as possible, but no later than 30 calendar days after the scheduled meeting date.
 - G. FAIR meetings may be coordinated with court reviews and other case planning conferences, such as treatment team meetings at residential treatment programs, educational meetings at local schools, or behavioral health treatment team meetings, as appropriate;
- IV. FAIR meetings are facilitated by an independent, trained individual that has no responsibility for the case management or the delivery of services to, either the child/youth or the parents;

 - C. Identifying the permanency goal and concurrent goal with the family, and projected date of completion.
 - 1. The primary goal before the permanency hearing is reunification.
 - 2. The concurrent goal should be an agreed upon alternate plan to achieve another permanency goal if reunification with a parent is not possible.

- VI. While each FAIR meeting must discuss the topics listed in section V above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 1537):
- A. The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent and child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the ongoing case.
 - B. The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent goal is also appropriate.
 - C. The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency goal and the concurrent goal. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent goal. It is important to also assess that all reasonable efforts are being made to achieve the permanency goal for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - D. Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency goal implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the

Exhibit A-1 Amendment #1 - Fair Policy

parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- E. Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care and explore efforts being made to identify a primary caring adult, if one is not already identified. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency goal, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency goal? Does the youth have regular, ongoing opportunities to engage in age or developmentally appropriate activities? Determine the steps the Division is taking to ensure the child's out-of-home placement provider is following the reasonable and prudent parent standard.
- VII. With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 1530 and Form 1532) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
- A. The child/youth's parents;

Practice Guidance – Social Media Guidelines

Division employees are role models for the children, youth, families, community, and public we serve. It is important to remember that even when not working, we are Division employees and therefore must hold ourselves to a high standard of conduct, reflecting the dignity and esteem in which the Division should be held. Division employees need to have an understanding that any use of social media that could be deemed inappropriate may affect their credibility and ability to perform duties associated with their supplemental job description.

The following guidelines were written to caution and make all Division employees aware about the possibility, even inadvertently, of violating the Division's code of conduct through inappropriate use of social media. Social Media means websites and applications that enable users to create and share content or to participate in social networking.

- Employees owe a common law of duty to their employer and this duty does not end at the end of their workday. Social media should not interfere with employee's responsibilities to their employer or affect their ability to perform their duties with credibility and integrity.
- It is important that employees understand that social media sources are not necessarily private and the great majority of posts are public domain for all to read. Even anonymous posts can be traced back to the person who generated them.
- Employees must understand privacy does not exist in the world of social media and the Internet. Once posted, your content is immediately disseminated throughout the Internet and cannot be retrieved or rescinded.
- If an employee makes a derogatory social media post about the Division or Department that puts them in a negative light they may be subject to corrective action.
- Employees should use their best judgment in posting material that may be deemed inappropriate or harmful to the Division, other employees, programs, children, youth and families we serve.
- Employees must understand that their personal opinions are not representative of the Division and therefore must not be posted as such.
- Employees should be aware that the Division may observe content and information made public by the use of social media.
- Employees are not to publish, post, or release any information that is considered confidential. If there are questions surrounding what is considered confidential, employees should speak to their immediate supervisor.
- Although not an exhaustive list, some specific examples of prohibited social media conduct include posting commentary, content or images that are defamatory, pornographic, proprietary, harassing, libelous, could create a hostile work environment or effect your credibility or ability to perform duties associated with your supplemental job description.

When creating a professional media application, employees must gain approval from the DCYF Director/Designee and refer to DHHS Social Media Guidelines, DoIT Usage Policy, and any information available through the Public Information Office.

Practice Guidance – Professional Dress Guidelines

Think of someone you work with in the community who you respect as a professional. Why is that? What about them do you respect? Would they view you the same way?

As a representative of the State of New Hampshire you are a professional who plays a key role in working with children, families and stakeholders across the State. How you present yourself strengthens your credibility, how you are perceived, the respect you receive, and the role you play.

Everyone has heard the saying that most judgments are made within the first 10 seconds of meeting you. As such you want to look your best to make the best first impression. It is appropriate and important for you to dress professionally for all work-related activities. Unprofessional dress can inhibit the ability to be a productive worker inside and outside the office. Guidelines such as these are geared towards enhancing your ability to achieve professional success. Studies show a more professional work appearance can lead to:

- ✓ Increased productivity and quality of work;
- ✓ Increased commitment to the mission and vision of the agency;
- ✓ Increased timeliness to work and work appointments;
- ✓ Increased use of polite and respectful language in the workplace; and
- ✓ Increased teamwork and office morale.

Be considerate of your work environment, co-workers, colleagues and clients.

Strive for consistency in professionalism.

Below are some guidelines to consider as acceptable dress for men and women:

Men

- General Attire
 - ✓ Dress slacks;
 - ✓ Shirts with collars (dress or polo); and
 - ✓ Sweaters with a shirt underneath.
- Attire for Court
 - ✓ Dress shirt with collars and ties; or
 - ✓ Suits, blazers or sports jackets are acceptable.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, golf shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."

Exhibit A-3, DCYF Professionalism and Ethics Policy

Women

- General Attire
 - ✓ Dresses;
 - ✓ Suits;
 - ✓ Dress slacks;
 - ✓ Loose fitting knit pants;
 - ✓ Gauchos (below the knee);
 - ✓ Knee-length dresses;
 - ✓ Skirts;
 - ✓ Blouses; and
 - ✓ Sweaters.
- Attire for Court
 - ✓ Business suits (pants or skirts);
 - ✓ Simple dresses;
 - ✓ Dress pants with suit coat;
 - ✓ Dress with a sweater; or
 - ✓ Blouses paired with skirts.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, casual blouses and shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."
- Hemlines should not be shorter than two inches above the knee.

Suggestion:

If you would normally wear the outfit or footwear for the beach, yard work, weekend around the house, dance clubs, exercise sessions or sports contests, then it would likely not be appropriate for the workplace.

Please Note:

This document serves as an example of professional and appropriate attire. Any questions or decisions needed beyond the scope of this document are at the supervisors'/administrations' discretion.

EXPLANATION

The Family Assessment and Inclusive Reunification program involves a review process that ensures the Division for Children, Youth and Families' compliance with the Federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The Department of Health and Human Services was presented with a total of seven (7) applications for Family Assessment and Inclusive Reunification facilitation process services in response to a Request for Applications that was posted on the Department's website from March 6, 2014 through March 27, 2014, March 31, 2014 through April 15, 2014 and from April 17, 2014 through April 25, 2014. After careful review six (6) applicants were selected, one applicant for each of the Family Assessment and Inclusive Reunification catchment areas. The bid summary is attached.

The attached contracts calls for the provision of these services for two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
Page 3 of 3

Should Governor and Council not authorize this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

Area Served: Statewide.

Source of Funds: 100% Federal Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Mary Ann Cooney

632 Family Assessment and Inclusive Reunification Reviews (FAIR)

Philosophy

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency plan is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful permanent plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any welcoming supportive people identified by the family, in a solution-focused process together with DCYF and service providers. The primary goals for FAIR participants are to effectively plan for safety, permanency, and well-being. FAIR aims to empower families in their own decision-making immediately following the removal of their child(ren). Together, FAIR participants will identify strengths, needs and risk management strategies through case planning and goal development outlined in this policy. The FAIR process will continuously assess family needs and provide necessary support towards achieving permanency for the family.

- (20) Reviewing CPSW or JPPO child/youth visits and outcomes.
- (f) The CPS review process must begin within 10 calendar days of the child/youth entering an out-of-home placement.
 - (g) The JJS review process must begin within 30 calendar days of the youth entering an out-of-home placement.
 - (h) The subsequent review must occur within 4 months of the child or youth entering out-of-home placement.
 - (i) Following the 4-month case review, reviews must continue every 6 months while the child/youth remains in out-of-home placement.
 - (j) If the meeting schedule is interrupted, the FAIR meeting must be held as soon as possible, but no later than 30 calendar days after the scheduled meeting date.
 - (k) If the child/youth goes on a trial home visit with their parents, the FAIR meeting schedule continues, unless it is clear the child/youth will not return to an out-of-home placement.
 - (l) While each FAIR meeting will discuss the topics listed in Section (e) above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 2272E):
 - (1) The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent/child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the family service case.
 - (2) The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent plan is also appropriate.
 - (3) The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency plan and the concurrent permanency plan. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent plan. It is important to also assess that all reasonable efforts are being made to achieve the permanency plan for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - (4) Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency plan implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

Exhibit A-1 Fair Policy

- (5) Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency plan, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency plan?
- (m) With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 2272 and Form 2272A) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals;
- (1) The child/youth's parents;
 - (2) The youth;
 - (3) Other family members, supportive friends, clergy, or others;
 - (4) The child/youth's foster parents or relative caregivers;
 - (5) The residential care provider;
 - (6) The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - (7) The child/youth's surrogate parent as defined by RSA 186-C:14;
 - (8) The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - (9) The child/youth's behavioral health therapist;
 - (10) The service providers; and
 - (11) Other involved professionals, as determined by the case plan.
- (n) DCYF does not provide financial reimbursement for review time, travel time, or mileage expenses for any of the invited participants.
- (o) The child or youth, regardless of age, is invited to attend and participate in an age appropriate manner;
- (p) Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend the FAIR meeting.
- (q) If the parents and/or child/youth do not attend, the FAIR meeting must still be held to review the case.
- (r) When more than one child/youth in the family needs to have a FAIR meeting within the same timeframe, all the children and youth may be reviewed during the same meeting, but one Form 2272B must be completed for each child/youth.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

 - 8.2. **Statistical Records:** Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
- 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
 - 9.2. **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.
10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

New Hampshire Department of Health and Human Services

 - 11.1. **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.
12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.
13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
 - 13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.
14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.
15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.
16. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to

subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 16.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function

- 16.3. Monitor the subcontractor's performance on an ongoing basis
- 16.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

 - ii. As required by law, pursuant to the terms set forth in paragraph d. below; or
 - iii. For data aggregation purposes for the health care operations of Covered Entity.

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

- a. - b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- d. - e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) **Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) **Miscellaneous**

- a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

EXPLANATION

The purpose of this amendment is to increase the price limitation of the vendors listed above to support program requirements. The original agreements included six (6) vendors. However, due to an unexpected vacancy, the workload was disbursed to the four (4) vendors while a Request for Application was posted and a new vendor was awarded the vacant position. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting therefrom: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management, as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

The Division has been satisfied with the services provided. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The original contracts call for the provision of these services for approximately two years and reserves the right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval. The Department has exercised two (2) of the four (4) years of renewal in Amendment #1.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which may inadequately serve families in the state. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placements for youths.

EXPLANATION

The purpose of this amendment is to exercise the renewal options in the attached contracts for the Family Assessment and Inclusive Reunification program. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The original contracts were competitively bid, the Department of Health and Human Services published a Request for Application(s) on their website and received seven (7) applicants. After careful review one applicant for each catchment area was selected.

The original contracts calls for the provision of these services for approximately two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

The Division has been satisfied with the services provided. During the first two years of the current contract, beginning July 2014, the FAIR program has experienced a 100% retention rate. This has resulted in program stability, improved rapport with the DCYF District Offices and improved job performance as observed by the Division Program Manager. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The Division is requesting approval to exercise two years of the renewal option reserving the Division's option to renew for the remaining two years based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency goal is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful case plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any supportive people identified by the family, in a solution-focused process together with DCYF and service providers. FAIR aims to empower families in their own decision-making, case planning, and goal development immediately following the removal of their child(ren). Together, FAIR participants will continuously assess family needs and provide necessary support towards achieving permanency for the family.

- VI. While each FAIR meeting must discuss the topics listed in section V above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 1537):
- A. The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent and child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the ongoing case.
 - B. The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent goal is also appropriate.
 - C. The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency goal and the concurrent goal. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent goal. It is important to also assess that all reasonable efforts are being made to achieve the permanency goal for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - D. Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency goal implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the

Exhibit A-1 Amendment #1 - Fair Policy

parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- E. Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care and explore efforts being made to identify a primary caring adult, if one is not already identified. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency goal, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency goal? Does the youth have regular, ongoing opportunities to engage in age or developmentally appropriate activities? Determine the steps the Division is taking to ensure the child's out-of-home placement provider is following the reasonable and prudent parent standard.
- VII. With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 1530 and Form 1532) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
- A. The child/youth's parents;
 - B. The child/youth, regardless of age (each child/youth is invited to attend and participate in an age appropriate manner);
 - C. Family members, supportive friends, clergy, or others, as requested by the parents or youth (see V-D:1(a) above);

 - E. The residential care provider;
 - F. The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - G. The child/youth's surrogate parent as defined by RSA 186-C:14;
 - H. The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - I. The child/youth's behavioral health therapist;
 - J. The service providers;
 - K. The identified primary caring adult for a youth with a goal of APPLA; and
 - L. Other involved professionals, as determined by the case plan.
- VIII. Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend and engage in the FAIR meeting.

Exhibit A-1 Amendment #1 - Fair Policy

- A. The FAIR meeting may be held at the family's home, district office, a residential treatment facility, a school, or another setting that is mutually agreeable to the participants.

 - C. If circumstances arise within 24 hours of the scheduled meeting, that are a barrier to a parent or child/youth attending, the use of a conference line to participate by phone must be offered or the meeting may be rescheduled.
 - D. If all efforts to include the parents and/or child/youth in the FAIR meeting have been made but they do not attend, the FAIR meeting must still be held to review the case.

Practice Guidance – Social Media Guidelines

Division employees are role models for the children, youth, families, community, and public we serve. It is important to remember that even when not working, we are Division employees and therefore must hold ourselves to a high standard of conduct, reflecting the dignity and esteem in which the Division should be held. Division employees need to have an understanding that any use of social media that could be deemed inappropriate may affect their credibility and ability to perform duties associated with their supplemental job description.

The following guidelines were written to caution and make all Division employees aware about the possibility, even inadvertently, of violating the Division's code of conduct through inappropriate use of social media. Social Media means websites and applications that enable users to create and share content or to participate in social networking.

- Employees owe a common law of duty to their employer and this duty does not end at the end of their workday. Social media should not interfere with employee's responsibilities to their employer or affect their ability to perform their duties with credibility and integrity.
- It is important that employees understand that social media sources are not necessarily private and the great majority of posts are public domain for all to read. Even anonymous posts can be traced back to the person who generated them.
- Employees must understand privacy does not exist in the world of social media and the Internet. Once posted, your content is immediately disseminated throughout the Internet and cannot be retrieved or rescinded.
- If an employee makes a derogatory social media post about the Division or Department that puts them in a negative light they may be subject to corrective action.
- Employees should use their best judgment in posting material that may be deemed inappropriate or harmful to the Division, other employees, programs, children, youth and families we serve.
- Employees must understand that their personal opinions are not representative of the Division and therefore must not be posted as such.
- Employees should be aware that the Division may observe content and information made public by the use of social media.
- Employees are not to publish, post, or release any information that is considered confidential. If there are questions surrounding what is considered confidential, employees should speak to their immediate supervisor.
- Although not an exhaustive list, some specific examples of prohibited social media conduct include posting commentary, content or images that are defamatory, pornographic, proprietary, harassing, libelous, could create a hostile work environment or effect your credibility or ability to perform duties associated with your supplemental job description.

When creating a professional media application, employees must gain approval from the DCYF Director/Designee and refer to DHHS Social Media Guidelines, DoIT Usage Policy, and any information available through the Public Information Office.

Practice Guidance – Professional Dress Guidelines

Think of someone you work with in the community who you respect as a professional. Why is that? What about them do you respect? Would they view you the same way?

As a representative of the State of New Hampshire you are a professional who plays a key role in working with children, families and stakeholders across the State. How you present yourself strengthens your credibility, how you are perceived, the respect you receive, and the role you play.

Everyone has heard the saying that most judgments are made within the first 10 seconds of meeting you. As such you want to look your best to make the best first impression. It is appropriate and important for you to dress professionally for all work-related activities. Unprofessional dress can inhibit the ability to be a productive worker inside and outside the office. Guidelines such as these are geared towards enhancing your ability to achieve professional success. Studies show a more professional work appearance can lead to:

- ✓ Increased productivity and quality of work;
- ✓ Increased commitment to the mission and vision of the agency;
- ✓ Increased timeliness to work and work appointments;
- ✓ Increased use of polite and respectful language in the workplace; and
- ✓ Increased teamwork and office morale.

Be considerate of your work environment, co-workers, colleagues and clients.

Strive for consistency in professionalism.

Below are some guidelines to consider as acceptable dress for men and women:

Men

- General Attire
 - ✓ Dress slacks;
 - ✓ Shirts with collars (dress or polo); and
 - ✓ Sweaters with a shirt underneath.
- Attire for Court
 - ✓ Dress shirt with collars and ties; or
 - ✓ Suits, blazers or sports jackets are acceptable.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, golf shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."

Exhibit A-3, DCYF Professionalism and Ethics Policy

Women

- General Attire
 - ✓ Dresses;
 - ✓ Suits;
 - ✓ Dress slacks;
 - ✓ Loose fitting knit pants;
 - ✓ Gauchos (below the knee);
 - ✓ Knee-length dresses;
 - ✓ Skirts;
 - ✓ Blouses; and
 - ✓ Sweaters.
- Attire for Court
 - ✓ Business suits (pants or skirts);
 - ✓ Simple dresses;
 - ✓ Dress pants with suit coat;
 - ✓ Dress with a sweater; or
 - ✓ Blouses paired with skirts.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, casual blouses and shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."
- Hemlines should not be shorter than two inches above the knee.

Suggestion:

If you would normally wear the outfit or footwear for the beach, yard work, weekend around the house, dance clubs, exercise sessions or sports contests, then it would likely not be appropriate for the workplace.

Please Note:

This document serves as an example of professional and appropriate attire. Any questions or decisions needed beyond the scope of this document are at the supervisors'/administrations' discretion.

EXPLANATION

The Family Assessment and Inclusive Reunification program involves a review process that ensures the Division for Children, Youth and Families' compliance with the Federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The Department of Health and Human Services was presented with a total of seven (7) applications for Family Assessment and Inclusive Reunification facilitation process services in response to a Request for Applications that was posted on the Department's website from March 6, 2014 through March 27, 2014, March 31, 2014 through April 15, 2014 and from April 17, 2014 through April 25, 2014. After careful review six (6) applicants were selected, one applicant for each of the Family Assessment and Inclusive Reunification catchment areas. The bid summary is attached.

The attached contracts calls for the provision of these services for two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
Page 3 of 3

Should Governor and Council not authorize this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

Area Served: Statewide.

Source of Funds: 100% Federal Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Mary Ann Cooney

632 Family Assessment and Inclusive Reunification Reviews (FAIR)

Philosophy

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency plan is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful permanent plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any welcoming supportive people identified by the family, in a solution-focused process together with DCYF and service providers. The primary goals for FAIR participants are to effectively plan for safety, permanency, and well-being. FAIR aims to empower families in their own decision-making immediately following the removal of their child(ren). Together, FAIR participants will identify strengths, needs and risk management strategies through case planning and goal development outlined in this policy. The FAIR process will continuously assess family needs and provide necessary support towards achieving permanency for the family.

 - (l) While each FAIR meeting will discuss the topics listed in Section (e) above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 2272E):
 - (1) The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent/child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the family service case.
 - (2) The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent plan is also appropriate.
 - (3) The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency plan and the concurrent permanency plan. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent plan. It is important to also assess that all reasonable efforts are being made to achieve the permanency plan for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - (4) Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency plan implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- (5) Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency plan, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency plan?
- (m) With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 2272 and Form 2272A) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
 - (1) The child/youth's parents;
 - (2) The youth;
 - (3) Other family members, supportive friends, clergy, or others;
 - (4) The child/youth's foster parents or relative caregivers;
 - (5) The residential care provider;
 - (6) The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - (7) The child/youth's surrogate parent as defined by RSA 186-C:14;
 - (8) The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - (9) The child/youth's behavioral health therapist;
 - (10) The service providers; and
 - (11) Other involved professionals, as determined by the case plan.
- (n) DCYF does not provide financial reimbursement for review time, travel time, or mileage expenses for any of the invited participants.
- (o) The child or youth, regardless of age, is invited to attend and participate in an age appropriate manner.
- (p) Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend the FAIR meeting.
- (q) If the parents and/or child/youth do not attend, the FAIR meeting must still be held to review the case.
- (r) When more than one child/youth in the family needs to have a FAIR meeting within the same timeframe, all the children and youth may be reviewed during the same meeting, but one Form 2272B must be completed for each child/youth.

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established.

- 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

 - 11.1. **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.
12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

 - 13.1. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Prior to

subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
 - g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
 - h.  - i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
 - j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
 - k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
 - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

EXPLANATION

The purpose of this amendment is to increase the price limitation of the vendors listed above to support program requirements. The original agreements included six (6) vendors. However, due to an unexpected vacancy, the workload was disbursed to the four (4) vendors while a Request for Application was posted and a new vendor was awarded the vacant position. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting ther from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-bieng for the children served. Family Assessment and Inclusive Reunificaiton meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management, as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to intitiate and complete a comprehensive review process.

The Division has been satisfied with the services provided. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The original contracts calls for the provision of these services for approximately two years and reserves the right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval. The Department has exercised two (2) of the four (4) years of renewal in Amendment #1.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which may inadequately serve families in the state. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placements for youths.

EXPLANATION

The purpose of this amendment is to exercise the renewal options in the attached contracts for the Family Assessment and Inclusive Reunification program. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The original contracts were competitively bid, the Department of Health and Human Services published a Request for Application(s) on their website and received seven (7) applicants. After careful review one applicant for each catchment area was selected.

The original contracts calls for the provision of these services for approximately two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

The Division has been satisfied with the services provided. During the first two years of the current contract, beginning July 2014, the FAIR program has experienced a 100% retention rate. This has resulted in program stability, improved rapport with the DCYF District Offices and improved job performance as observed by the Division Program Manager. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The Division is requesting approval to exercise two years of the renewal option reserving the Division's option to renew for the remaining two years based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency goal is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful case plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any supportive people identified by the family, in a solution-focused process together with DCYF and service providers. FAIR aims to empower families in their own decision-making, case planning, and goal development immediately following the removal of their child(ren). Together, FAIR participants will continuously assess family needs and provide necessary support towards achieving permanency for the family.

- VI. While each FAIR meeting must discuss the topics listed in section V above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 1537):
- A. The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent and child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the ongoing case.
 - B. The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent goal is also appropriate.
 - C. The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency goal and the concurrent goal. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent goal. It is important to also assess that all reasonable efforts are being made to achieve the permanency goal for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - D. Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency goal implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the

Exhibit A-1 Amendment #1 - Fair Policy

parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- E. Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care and explore efforts being made to identify a primary caring adult, if one is not already identified. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency goal, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency goal? Does the youth have regular, ongoing opportunities to engage in age or developmentally appropriate activities? Determine the steps the Division is taking to ensure the child's out-of-home placement provider is following the reasonable and prudent parent standard.
- VII. With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 1530 and Form 1532) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
- A. The child/youth's parents;
 - B. The child/youth, regardless of age (each child/youth is invited to attend and participate in an age appropriate manner);
 - C. Family members, supportive friends, clergy, or others, as requested by the parents or youth (see V-D:1(a) above);
 - D. The child/youth's foster parents or relative caregivers;
 - E. The residential care provider;
 - F. The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - G. The child/youth's surrogate parent as defined by RSA 186-C:14;
 - H. The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - I. The child/youth's behavioral health therapist;
 - J. The service providers;
 - K. The identified primary caring adult for a youth with a goal of APPLA; and

- VIII. Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend and engage in the FAIR meeting.

Exhibit A-1 Amendment #1 - Fair Policy

- A. The FAIR meeting may be held at the family's home, district office, a residential treatment facility, a school, or another setting that is mutually agreeable to the participants.

 - C. If circumstances arise within 24 hours of the scheduled meeting, that are a barrier to a parent or child/youth attending, the use of a conference line to participate by phone must be offered or the meeting may be rescheduled.
 - D. If all efforts to include the parents and/or child/youth in the FAIR meeting have been made but they do not attend, the FAIR meeting must still be held to review the case.
- IX. DCYF does not provide financial reimbursement for meeting time, travel time, or mileage expenses for any of the invited participants.

Practice Guidance – Social Media Guidelines

Division employees are role models for the children, youth, families, community, and public we serve. It is important to remember that even when not working, we are Division employees and therefore must hold ourselves to a high standard of conduct, reflecting the dignity and esteem in which the Division should be held. Division employees need to have an understanding that any use of social media that could be deemed inappropriate may affect their credibility and ability to perform duties associated with their supplemental job description.

The following guidelines were written to caution and make all Division employees aware about the possibility, even inadvertently, of violating the Division's code of conduct through inappropriate use of social media. Social Media means websites and applications that enable users to create and share content or to participate in social networking.

- Employees owe a common law of duty to their employer and this duty does not end at the end of their workday. Social media should not interfere with employee's responsibilities to their employer or affect their ability to perform their duties with credibility and integrity.
- It is important that employees understand that social media sources are not necessarily private and the great majority of posts are public domain for all to read. Even anonymous posts can be traced back to the person who generated them.
- Employees must understand privacy does not exist in the world of social media and the Internet. Once posted, your content is immediately disseminated throughout the Internet and cannot be retrieved or rescinded.
- If an employee makes a derogatory social media post about the Division or Department that puts them in a negative light they may be subject to corrective action.
- Employees should use their best judgment in posting material that may be deemed inappropriate or harmful to the Division, other employees, programs, children, youth and families we serve.
- Employees must understand that their personal opinions are not representative of the Division and therefore must not be posted as such.
- Employees should be aware that the Division may observe content and information made public by the use of social media.
- Employees are not to publish, post, or release any information that is considered confidential. If there are questions surrounding what is considered confidential, employees should speak to their immediate supervisor.
- Although not an exhaustive list, some specific examples of prohibited social media conduct include posting commentary, content or images that are defamatory, pornographic, proprietary, harassing, libelous, could create a hostile work environment or effect your credibility or ability to perform duties associated with your supplemental job description.

When creating a professional media application, employees must gain approval from the DCYF Director/Designee and refer to DHHS Social Media Guidelines, DoIT Usage Policy, and any information available through the Public Information Office.

Practice Guidance – Professional Dress Guidelines

Think of someone you work with in the community who you respect as a professional. Why is that? What about them do you respect? Would they view you the same way?

As a representative of the State of New Hampshire you are a professional who plays a key role in working with children, families and stakeholders across the State. How you present yourself strengthens your credibility, how you are perceived, the respect you receive, and the role you play.

Everyone has heard the saying that most judgments are made within the first 10 seconds of meeting you. As such you want to look your best to make the best first impression. It is appropriate and important for you to dress professionally for all work-related activities. Unprofessional dress can inhibit the ability to be a productive worker inside and outside the office. Guidelines such as these are geared towards enhancing your ability to achieve professional success. Studies show a more professional work appearance can lead to:

- ✓ Increased productivity and quality of work;
- ✓ Increased commitment to the mission and vision of the agency;
- ✓ Increased timeliness to work and work appointments;
- ✓ Increased use of polite and respectful language in the workplace; and
- ✓ Increased teamwork and office morale.

Be considerate of your work environment, co-workers, colleagues and clients.

Strive for consistency in professionalism.

Below are some guidelines to consider as acceptable dress for men and women:

Men

- General Attire
 - ✓ Dress slacks;
 - ✓ Shirts with collars (dress or polo); and
 - ✓ Sweaters with a shirt underneath.
- Attire for Court
 - ✓ Dress shirt with collars and ties; or
 - ✓ Suits, blazers or sports jackets are acceptable.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, golf shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."

Exhibit A-3, DCYF Professionalism and Ethics Policy

Women

- General Attire
 - ✓ Dresses;
 - ✓ Suits;
 - ✓ Dress slacks;
 - ✓ Loose fitting knit pants;
 - ✓ Gauchos (below the knee);
 - ✓ Knee-length dresses;
 - ✓ Skirts;
 - ✓ Blouses; and
 - ✓ Sweaters.
- Attire for Court
 - ✓ Business suits (pants or skirts);
 - ✓ Simple dresses;
 - ✓ Dress pants with suit coat;
 - ✓ Dress with a sweater; or
 - ✓ Blouses paired with skirts.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, casual blouses and shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."
- Hemlines should not be shorter than two inches above the knee.

Suggestion:

If you would normally wear the outfit or footwear for the beach, yard work, weekend around the house, dance clubs, exercise sessions or sports contests, then it would likely not be appropriate for the workplace.

Please Note:

This document serves as an example of professional and appropriate attire. Any questions or decisions needed beyond the scope of this document are at the supervisors'/administrations' discretion.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- 19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
- 19.3. Monitor the subcontractor's performance on an ongoing basis

- 19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
- 19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

EXPLANATION

The Family Assessment and Inclusive Reunification program involves a review process that ensures the Division for Children, Youth and Families' compliance with the Federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The Department of Health and Human Services was presented with a total of seven (7) applications for Family Assessment and Inclusive Reunification facilitation process services in response to a Request for Applications that was posted on the Department's website from March 6, 2014 through March 27, 2014, March 31, 2014 through April 15, 2014 and from April 17, 2014 through April 25, 2014. After careful review six (6) applicants were selected, one applicant for each of the Family Assessment and Inclusive Reunification catchment areas. The bid summary is attached.

The attached contracts calls for the provision of these services for two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
Page 3 of 3

Should Governor and Council not authorize this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

Area Served: Statewide.

Source of Funds: 100% Federal Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Mary Ann Cooney
Associate Commissioner

632 Family Assessment and Inclusive Reunification Reviews (FAIR)

Philosophy

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency plan is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful permanent plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any welcoming supportive people identified by the family, in a solution-focused process together with DCYF and service providers. The primary goals for FAIR participants are to effectively plan for safety, permanency, and well-being. FAIR aims to empower families in their own decision-making immediately following the removal of their child(ren). Together, FAIR participants will identify strengths, needs and risk management strategies through case planning and goal development outlined in this policy. The FAIR process will continuously assess family needs and provide necessary support towards achieving permanency for the family.

- (k) If the child/youth goes on a trial home visit with their parents, the FAIR meeting schedule continues, unless it is clear the child/youth will not return to an out-of-home placement.
- (l) While each FAIR meeting will discuss the topics listed in Section (e) above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 2272E):
- (1) The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent/child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the family service case.
 - (2) The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent plan is also appropriate.
 - (3) The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency plan and the concurrent permanency plan. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent plan. It is important to also assess that all reasonable efforts are being made to achieve the permanency plan for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - (4) Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency plan implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

Exhibit A-1 Fair Policy

- (5) Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency plan, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency plan?
- (m) With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 2272 and Form 2272A) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
 - (1) The child/youth's parents;
 - (2) The youth;
 - (3) Other family members, supportive friends, clergy, or others;
 - (4) The child/youth's foster parents or relative caregivers;
 - (5) The residential care provider;
 - (6) The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - (7) The child/youth's surrogate parent as defined by RSA 186-C:14;
 - (8) The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - (9) The child/youth's behavioral health therapist;
 - (10) The service providers; and
 - (11) Other involved professionals, as determined by the case plan.
- (n) DCYF does not provide financial reimbursement for review time, travel time, or mileage expenses for any of the invited participants.
- (o) The child or youth, regardless of age, is invited to attend and participate in an age appropriate manner;
- (p) Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend the FAIR meeting.
- (q) If the parents and/or child/youth do not attend, the FAIR meeting must still be held to review the case.
- (r) When more than one child/youth in the family needs to have a FAIR meeting within the same timeframe, all the children and youth may be reviewed during the same meeting, but one Form 2272B must be completed for each child/youth.

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

 - 8.2. **Statistical Records:** Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

- 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department.
 - 11.1. **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.
12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.
13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
 - 13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.
14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Prior to

subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 16.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (11)(b) of this certification; and
 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
 - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

 - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) **Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) **Miscellaneous**

- a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. **Amendment.** Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. **Data Ownership.** The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. **Interpretation.** The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

EXPLANATION

The purpose of this amendment is to increase the price limitation of the vendors listed above to support program requirements. The original agreements included six (6) vendors. However, due to an unexpected vacancy, the workload was disbursed to the four (4) vendors while a Request for Application was posted and a new vendor was awarded the vacant position. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting ther from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management, as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

The Division has been satisfied with the services provided. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The original contracts calls for the provision of these services for approximately two years and reserves the right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval. The Department has exercised two (2) of the four (4) years of renewal in Amendment #1.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which may inadequately serve families in the state. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placements for youths.

EXPLANATION

The purpose of this amendment is to exercise the renewal options in the attached contracts for the Family Assessment and Inclusive Reunification program. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The original contracts were competitively bid, the Department of Health and Human Services published a Request for Application(s) on their website and received seven (7) applicants. After careful review one applicant for each catchment area was selected.

The original contracts calls for the provision of these services for approximately two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

The Division has been satisfied with the services provided. During the first two years of the current contract, beginning July 2014, the FAIR program has experienced a 100% retention rate. This has resulted in program stability, improved rapport with the DCYF District Offices and improved job performance as observed by the Division Program Manager. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The Division is requesting approval to exercise two years of the renewal option reserving the Division's option to renew for the remaining two years based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency goal is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful case plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any supportive people identified by the family, in a solution-focused process together with DCYF and service providers. FAIR aims to empower families in their own decision-making, case planning, and goal development immediately following the removal of their child(ren). Together, FAIR participants will continuously assess family needs and provide necessary support towards achieving permanency for the family.

- VI. While each FAIR meeting must discuss the topics listed in section V above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 1537):
- A. The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent and child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the ongoing case.
 - B. The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent goal is also appropriate.
 - C. The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency goal and the concurrent goal. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent goal. It is important to also assess that all reasonable efforts are being made to achieve the permanency goal for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - D. Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency goal implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the

Exhibit A-1 Amendment #1 - Fair Policy

parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- E. Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care and explore efforts being made to identify a primary caring adult, if one is not already identified. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency goal, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency goal? Does the youth have regular, ongoing opportunities to engage in age or developmentally appropriate activities? Determine the steps the Division is taking to ensure the child's out-of-home placement provider is following the reasonable and prudent parent standard.
- VII. With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 1530 and Form 1532) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
- A. The child/youth's parents;
 - B. The child/youth, regardless of age (each child/youth is invited to attend and participate in an age appropriate manner);

 - J. The service providers;
 - K. The identified primary caring adult for a youth with a goal of APPLA; and

Practice Guidance – Social Media Guidelines

Division employees are role models for the children, youth, families, community, and public we serve. It is important to remember that even when not working, we are Division employees and therefore must hold ourselves to a high standard of conduct, reflecting the dignity and esteem in which the Division should be held. Division employees need to have an understanding that any use of social media that could be deemed inappropriate may affect their credibility and ability to perform duties associated with their supplemental job description.

The following guidelines were written to caution and make all Division employees aware about the possibility, even inadvertently, of violating the Division's code of conduct through inappropriate use of social media. Social Media means websites and applications that enable users to create and share content or to participate in social networking.

- Employees owe a common law of duty to their employer and this duty does not end at the end of their workday. Social media should not interfere with employee's responsibilities to their employer or affect their ability to perform their duties with credibility and integrity.
- It is important that employees understand that social media sources are not necessarily private and the great majority of posts are public domain for all to read. Even anonymous posts can be traced back to the person who generated them.
- Employees must understand privacy does not exist in the world of social media and the Internet. Once posted, your content is immediately disseminated throughout the Internet and cannot be retrieved or rescinded.
- If an employee makes a derogatory social media post about the Division or Department that puts them in a negative light they may be subject to corrective action.
- Employees should use their best judgment in posting material that may be deemed inappropriate or harmful to the Division, other employees, programs, children, youth and families we serve.
- Employees must understand that their personal opinions are not representative of the Division and therefore must not be posted as such.
- Employees should be aware that the Division may observe content and information made public by the use of social media.
- Employees are not to publish, post, or release any information that is considered confidential. If there are questions surrounding what is considered confidential, employees should speak to their immediate supervisor.
- Although not an exhaustive list, some specific examples of prohibited social media conduct include posting commentary, content or images that are defamatory, pornographic, proprietary, harassing, libelous, could create a hostile work environment or effect your credibility or ability to perform duties associated with your supplemental job description.

When creating a professional media application, employees must gain approval from the DCYF Director/Designee and refer to DHHS Social Media Guidelines, DoIT Usage Policy, and any information available through the Public Information Office.

Practice Guidance – Professional Dress Guidelines

Think of someone you work with in the community who you respect as a professional. Why is that? What about them do you respect? Would they view you the same way?

As a representative of the State of New Hampshire you are a professional who plays a key role in working with children, families and stakeholders across the State. How you present yourself strengthens your credibility, how you are perceived, the respect you receive, and the role you play.

Everyone has heard the saying that most judgments are made within the first 10 seconds of meeting you. As such you want to look your best to make the best first impression. It is appropriate and important for you to dress professionally for all work-related activities. Unprofessional dress can inhibit the ability to be a productive worker inside and outside the office. Guidelines such as these are geared towards enhancing your ability to achieve professional success. Studies show a more professional work appearance can lead to:

- ✓ Increased productivity and quality of work;
- ✓ Increased commitment to the mission and vision of the agency;
- ✓ Increased timeliness to work and work appointments;
- ✓ Increased use of polite and respectful language in the workplace; and
- ✓ Increased teamwork and office morale.

Be considerate of your work environment, co-workers, colleagues and clients.

Strive for consistency in professionalism.

Below are some guidelines to consider as acceptable dress for men and women:

Men

- General Attire
 - ✓ Dress slacks;
 - ✓ Shirts with collars (dress or polo); and
 - ✓ Sweaters with a shirt underneath.
- Attire for Court
 - ✓ Dress shirt with collars and ties; or
 - ✓ Suits, blazers or sports jackets are acceptable.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, golf shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."

Exhibit A-3, DCYF Professionalism and Ethics Policy

Women

- **General Attire**
 - ✓ Dresses;
 - ✓ Suits;
 - ✓ Dress slacks;
 - ✓ Loose fitting knit pants;
 - ✓ Gauchos (below the knee);
 - ✓ Knee-length dresses;
 - ✓ Skirts;
 - ✓ Blouses; and
 - ✓ Sweaters.
- **Attire for Court**
 - ✓ Business suits (pants or skirts);
 - ✓ Simple dresses;
 - ✓ Dress pants with suit coat;
 - ✓ Dress with a sweater; or
 - ✓ Blouses paired with skirts.
- **On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.**
 - ✓ Examples are sweaters, shirts with collars, casual blouses and shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."
- **Hemlines should not be shorter than two inches above the knee.**

Suggestion:

If you would normally wear the outfit or footwear for the beach, yard work, weekend around the house, dance clubs, exercise sessions or sports contests, then it would likely not be appropriate for the workplace.

Please Note:

This document serves as an example of professional and appropriate attire. Any questions or decisions needed beyond the scope of this document are at the supervisors'/administrations' discretion.

EXPLANATION

The Family Assessment and Inclusive Reunification program involves a review process that ensures the Division for Children, Youth and Families' compliance with the Federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The Department of Health and Human Services was presented with a total of seven (7) applications for Family Assessment and Inclusive Reunification facilitation process services in response to a Request for Applications that was posted on the Department's website from March 6, 2014 through March 27, 2014, March 31, 2014 through April 15, 2014 and from April 17, 2014 through April 25, 2014. After careful review six (6) applicants were selected, one applicant for each of the Family Assessment and Inclusive Reunification catchment areas. The bid summary is attached.

The attached contracts calls for the provision of these services for two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
Page 3 of 3

Should Governor and Council not authorize this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

Area Served: Statewide.

Source of Funds: 100% Federal Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Mary Ann Cooney

632 Family Assessment and Inclusive Reunification Reviews (FAIR)

Philosophy

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency plan is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful permanent plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any welcoming supportive people identified by the family, in a solution-focused process together with DCYF and service providers. The primary goals for FAIR participants are to effectively plan for safety, permanency, and well-being. FAIR aims to empower families in their own decision-making immediately following the removal of their child(ren). Together, FAIR participants will identify strengths, needs and risk management strategies through case planning and goal development outlined in this policy. The FAIR process will continuously assess family needs and provide necessary support towards achieving permanency for the family.

 - (j) If the meeting schedule is interrupted, the FAIR meeting must be held as soon as possible, but no later than 30 calendar days after the scheduled meeting date.
 - (k) If the child/youth goes on a trial home visit with their parents, the FAIR meeting schedule continues, unless it is clear the child/youth will not return to an out-of-home placement.
 - (l) While each FAIR meeting will discuss the topics listed in Section (e) above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 2272E):
 - (1) The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent/child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the family service case.
 - (2) The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent plan is also appropriate.
 - (3) The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency plan and the concurrent permanency plan. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent plan. It is important to also assess that all reasonable efforts are being made to achieve the permanency plan for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - (4) Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency plan implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- (5) Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency plan, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency plan?
- (m) With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 2272 and Form 2272A) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
 - (1) The child/youth's parents;
 - (2) The youth;
 - (3) Other family members, supportive friends, clergy, or others;
 - (4) The child/youth's foster parents or relative caregivers;
 - (5) The residential care provider;
 - (6) The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - (7) The child/youth's surrogate parent as defined by RSA 186-C:14;
 - (8) The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - (9) The child/youth's behavioral health therapist;
 - (10) The service providers; and
 - (11) Other involved professionals, as determined by the case plan.
- (n) DCYF does not provide financial reimbursement for review time, travel time, or mileage expenses for any of the invited participants.
- (o) The child or youth, regardless of age, is invited to attend and participate in an age appropriate manner;
- (p) Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend the FAIR meeting.
- (q) If the parents and/or child/youth do not attend, the FAIR meeting must still be held to review the case.
- (r) When more than one child/youth in the family needs to have a FAIR meeting within the same timeframe, all the children and youth may be reviewed during the same meeting, but one Form 2272B must be completed for each child/youth.

- (s) If a parent or child/youth is not fluent in English, the service of an interpreter must be arranged by the CPSW or JPPO, and DCYF pays the expense incurred for the interpreter.
- (l) The FAIR meeting may be held at the family's home, district office, a residential treatment facility, a school, or another setting that is mutually agreeable to the participants.
- (u) FAIR Meetings:
 - (1) Must be facilitated by an independent, trained individual that has no responsibility for the case management or the delivery of services to, either the child/youth or the parents;

 - (6) Maintaining a time-limited discussion;
 - (7) Explaining confidentiality and that all information discussed is protected;
 - (8) Determining that the permanent plan and the evaluation of progress are consistent with the facts of the case as presented at the review;
 - (9) Determining that the tasks, services, timeframes, and child and family outcomes are appropriate for the permanent plan;
 - (10) Recommending modification or change in the case plan, when in the facilitator and family's judgment, the plan is insufficient based on information presented at the review and the recommendations do not conflict with the outstanding court order, and
 - (11) Providing a written report on the findings and recommendations;
- (w) The facilitator has no authority to change a case plan or other conditions that have been established by court order but may make recommendations to the participants.

- (x) The CPSW or JPPO responsibilities at the FAIR meetings are to:
 - (1) Present information regarding the problem that led the child/youth to go into out-of-home placement and to present the case plan, which was developed in collaboration with the family and is based on an assessment of child and family strengths and needs;
 - (2) Present information regarding the permanent plan, the tasks and services necessary to achieve reunification or the alternate permanent plan, and the anticipated date of completion;

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;

- 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

11. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department.
 - 11.1. **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

 - 13.1. 14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Prior to

subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

 - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).
14. - b. Business Associate may use or disclose PHI:
- I. For the proper management and administration of the Business Associate;
 - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
 - III. For data aggregation purposes for the health care operations of Covered Entity.

- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. - b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. - i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

- e. **Segregation.** If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. **Survival.** Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) l, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

EXPLANATION

The Family Assessment and Inclusive Reunification program involves a review process that ensures the Division for Children, Youth and Families' compliance with the Federally mandated Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting ther from: Titles IV-B, Section 422 and IV-E Section 476(5) of the Social Security Act.

20 mac

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management, as such; these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

A Request for Application was posted to the Department's website on May 27, 2016 and has remained posted until the position is filled. One application was received. A team of individuals with extensive program knowledge reviewed the application. Heather Carignan was selected. The bid summary is attached.

The contract contains language which allows the Department the option to renew for up to two (2) additional years, subject to the continued availability of funds, satisfactory performance of services and approval by the Governor and Executive Council.

Should the Governor and Executive Council not authorize this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the state. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

Area served: Keene/Claremont Catchment Area. All other areas of the state are currently under contract with other vendors.

Source of Funds: 100% Federal Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lorraine Bartlett
Director

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency goal is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful case plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any supportive people identified by the family, in a solution-focused process together with DCYF and service providers. FAIR aims to empower families in their own decision-making, case planning, and goal development immediately following the removal of their child(ren).  - K. Reviewing Aftercare Plan for youth 17 and older in DCYF; and
 - L. Reviewing CPSW or JPPO child/youth visits and outcomes.
- VI. While each FAIR meeting must discuss the topics listed in section V above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 1537):
- A. The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent and child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the ongoing case.
 - B. The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent goal is also appropriate.
 - C. The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency goal and the concurrent goal. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent goal. It is important to also assess that all reasonable efforts are being made to achieve the permanency goal for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - D. Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency goal implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the

Exhibit A-1

parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- E. Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care and explore efforts being made to identify a primary caring adult, if one is not already identified. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency goal, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency goal? Does the youth have regular, ongoing opportunities to engage in age or developmentally appropriate activities? Determine the steps the Division is taking to ensure the child's out-of-home placement provider is following the reasonable and prudent parent standard.
- VII. With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 1530 and Form 1532) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
- A. The child/youth's parents;
 - B. The child/youth, regardless of age (each child/youth is invited to attend and participate in an age appropriate manner);
 - C. Family members, supportive friends, clergy, or others, as requested by the parents or youth (see V-D:1(a) above);
 - D. The child/youth's foster parents or relative caregivers;
 - E. The residential care provider;
 - F. The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - G. The child/youth's surrogate parent as defined by RSA 186-C:14;
 - H. The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - I. The child/youth's behavioral health therapist;
 - J. The service providers;
 - K. The identified primary caring adult for a youth with a goal of APPLA; and
 - L. Other involved professionals, as determined by the case plan.
- VIII. Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend and engage in the FAIR meeting.

Exhibit A-1

- A. The FAIR meeting may be held at the family's home, district office, a residential treatment facility, a school, or another setting that is mutually agreeable to the participants.
 - B. If a parent or child/youth is not fluent in English, the service of an interpreter must be arranged by the CPSW or JPPO, and DCYF pays the expense incurred for the interpreter.
 - C. If circumstances arise within 24 hours of the scheduled meeting, that are a barrier to a parent or child/youth attending, the use of a conference line to participate by phone must be offered or the meeting may be rescheduled.
 - D. If all efforts to include the parents and/or child/youth in the FAIR meeting have been made but they do not attend, the FAIR meeting must still be held to review the case.
- IX. DCYF does not provide financial reimbursement for meeting time, travel time, or mileage expenses for any of the invited participants.
- X. When more than one child/youth in the family needs to have a FAIR meeting within the same timeframe, all the children and youth may be reviewed during the same meeting, but one Form 1533, Form 1534, or Form 1535 must be completed for each child/youth.

Practice Guidance – Social Media Guidelines

Division employees are role models for the children, youth, families, community, and public we serve. It is important to remember that even when not working, we are Division employees and therefore must hold ourselves to a high standard of conduct, reflecting the dignity and esteem in which the Division should be held. Division employees need to have an understanding that any use of social media that could be deemed inappropriate may affect their credibility and ability to perform duties associated with their supplemental job description.

The following guidelines were written to caution and make all Division employees aware about the possibility, even inadvertently, of violating the Division's code of conduct through inappropriate use of social media. Social Media means websites and applications that enable users to create and share content or to participate in social networking.

- Employees owe a common law of duty to their employer and this duty does not end at the end of their workday. Social media should not interfere with employee's responsibilities to their employer or affect their ability to perform their duties with credibility and integrity.
- It is important that employees understand that social media sources are not necessarily private and the great majority of posts are public domain for all to read. Even anonymous posts can be traced back to the person who generated them.
- Employees must understand privacy does not exist in the world of social media and the Internet. Once posted, your content is immediately disseminated throughout the Internet and cannot be retrieved or rescinded.
- If an employee makes a derogatory social media post about the Division or Department that puts them in a negative light they may be subject to corrective action.
- Employees should use their best judgment in posting material that may be deemed inappropriate or harmful to the Division, other employees, programs, children, youth and families we serve.
- Employees must understand that their personal opinions are not representative of the Division and therefore must not be posted as such.
- Employees should be aware that the Division may observe content and information made public by the use of social media.
- Employees are not to publish, post, or release any information that is considered confidential. If there are questions surrounding what is considered confidential, employees should speak to their immediate supervisor.
- Although not an exhaustive list, some specific examples of prohibited social media conduct include posting commentary, content or images that are defamatory, pornographic, proprietary, harassing, libelous, could create a hostile work environment or effect your credibility or ability to perform duties associated with your supplemental job description.

When creating a professional media application, employees must gain approval from the DCYF Director/Designee and refer to DHHS Social Media Guidelines, DoIT Usage Policy, and any information available through the Public Information Office.

Practice Guidance – Professional Dress Guidelines

Think of someone you work with in the community who you respect as a professional. Why is that? What about them do you respect? Would they view you the same way?

As a representative of the State of New Hampshire you are a professional who plays a key role in working with children, families and stakeholders across the State. How you present yourself strengthens your credibility, how you are perceived, the respect you receive, and the role you play.

Everyone has heard the saying that most judgments are made within the first 10 seconds of meeting you. As such you want to look your best to make the best first impression. It is appropriate and important for you to dress professionally for all work-related activities. Unprofessional dress can inhibit the ability to be a productive worker inside and outside the office. Guidelines such as these are geared towards enhancing your ability to achieve professional success. Studies show a more professional work appearance can lead to:

- ✓ Increased productivity and quality of work;
- ✓ Increased commitment to the mission and vision of the agency;
- ✓ Increased timeliness to work and work appointments;
- ✓ Increased use of polite and respectful language in the workplace; and
- ✓ Increased teamwork and office morale.

Be considerate of your work environment, co-workers, colleagues and clients.

Strive for consistency in professionalism.

Below are some guidelines to consider as acceptable dress for men and women:

Men

- General Attire
 - ✓ Dress slacks;
 - ✓ Shirts with collars (dress or polo); and
 - ✓ Sweaters with a shirt underneath.
- Attire for Court
 - ✓ Dress shirt with collars and ties; or
 - ✓ Suits, blazers or sports jackets are acceptable.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, golf shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."

Exhibit A-3, DCYF Professionalism and Ethics Policy

Women

- General Attire
 - ✓ Dresses;
 - ✓ Suits;
 - ✓ Dress slacks;
 - ✓ Loose fitting knit pants;
 - ✓ Gauchos (below the knee);
 - ✓ Knee-length dresses;
 - ✓ Skirts;
 - ✓ Blouses; and
 - ✓ Sweaters.
- Attire for Court
 - ✓ Business suits (pants or skirts);
 - ✓ Simple dresses;
 - ✓ Dress pants with suit coat;
 - ✓ Dress with a sweater; or
 - ✓ Blouses paired with skirts.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, casual blouses and shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."
- Hemlines should not be shorter than two inches above the knee.

Suggestion:

If you would normally wear the outfit or footwear for the beach, yard work, weekend around the house, dance clubs, exercise sessions or sports contests, then it would likely not be appropriate for the workplace.

Please Note:

This document serves as an example of professional and appropriate attire. Any questions or decisions needed beyond the scope of this document are at the supervisors'/administrations' discretion.

Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

EXPLANATION

The purpose of this amendment is to exercise the renewal options in the attached contracts for the Family Assessment and Inclusive Reunification program. This program involves a review process that ensures the Division for Children, Youth and Families' compliance with the federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The original contracts were competitively bid, the Department of Health and Human Services published a Request for Application(s) on their website and received seven (7) applicants. After careful review one applicant for each catchment area was selected.

The original contracts calls for the provision of these services for approximately two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

The Division has been satisfied with the services provided. During the first two years of the current contract, beginning July 2014, the FAIR program has experienced a 100% retention rate. This has resulted in program stability, improved rapport with the DCYF District Offices and improved job performance as observed by the Division Program Manager. The Division has direct oversight and supervision of the contractors performing the services outlined in the contract. The program manager, through close, direct monitoring and supervision of the contractors and ongoing discussions with staff assure that the performance fidelity to the practice remain at a high level.

The Division is requesting approval to exercise two years of the renewal option reserving the Division's option to renew for the remaining two years based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency goal is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful case plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any supportive people identified by the family, in a solution-focused process together with DCYF and service providers. FAIR aims to empower families in their own decision-making, case planning, and goal development immediately following the removal of their child(ren). Together, FAIR participants will continuously assess family needs and provide necessary support towards achieving permanency for the family.

Definitions

"Adult Living Preparation" means a process of assessing, planning, and supporting youth with the guidance of identified adult connections through the transition from childhood and adolescence, into independence and adulthood. This term includes "independent living."

"Age or Developmentally-Appropriate" means the federal standard in SSA 475(11)(A) that qualifies activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity, or that are determined to be developmentally-appropriate for a specific child based on the developmental stages attained by that child with respect to his/her cognitive, emotional, physical, and behavioral capacities.

"APPLA" or "Another Planned Permanent Living Arrangement" means a permanency goal in which the Division maintains supervision of, and placement and care responsibility for a youth age 16 or older through the deliberate out-of-home placement of the youth with an identified permanent connection until the youth reaches adulthood based on compelling information that it is not in the youth's best interest to seek a more permanent goal.

- VI. While each FAIR meeting must discuss the topics listed in section V above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 1537):
- A. The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent and child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the ongoing case.
 - B. The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent goal is also appropriate.
 - C. The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency goal and the concurrent goal. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent goal. It is important to also assess that all reasonable efforts are being made to achieve the permanency goal for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - D. Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency goal implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the

Exhibit A-1 Amendment #1 - Fair Policy

parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- E. Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care and explore efforts being made to identify a primary caring adult, if one is not already identified. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency goal, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency goal? Does the youth have regular, ongoing opportunities to engage in age or developmentally appropriate activities? Determine the steps the Division is taking to ensure the child's out-of-home placement provider is following the reasonable and prudent parent standard.
- VII. With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 1530 and Form 1532) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals:
- A. The child/youth's parents;
 - B. The child/youth, regardless of age (each child/youth is invited to attend and participate in an age appropriate manner);
 - C. Family members, supportive friends, clergy, or others, as requested by the parents or youth (see V-D:1(a) above);
 - D. The child/youth's foster parents or relative caregivers;
 - E. The residential care provider;
 - F. The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - G. The child/youth's surrogate parent as defined by RSA 186-C:14;
 - H. The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - I. The child/youth's behavioral health therapist;
 - J. The service providers;
 - K. The identified primary caring adult for a youth with a goal of APPLA; and
 - L. Other involved professionals, as determined by the case plan.
- VIII. Extensive efforts (on-going contact, flexible scheduling, etc.) must be made to ensure that the parents and/or child/youth are able to attend and engage in the FAIR meeting.

Exhibit A-1 Amendment #1 - Fair Policy

- A. The FAIR meeting may be held at the family's home, district office, a residential treatment facility, a school, or another setting that is mutually agreeable to the participants.

Practice Guidance – Social Media Guidelines

Division employees are role models for the children, youth, families, community, and public we serve. It is important to remember that even when not working, we are Division employees and therefore must hold ourselves to a high standard of conduct, reflecting the dignity and esteem in which the Division should be held. Division employees need to have an understanding that any use of social media that could be deemed inappropriate may affect their credibility and ability to perform duties associated with their supplemental job description.

The following guidelines were written to caution and make all Division employees aware about the possibility, even inadvertently, of violating the Division's code of conduct through inappropriate use of social media. Social Media means websites and applications that enable users to create and share content or to participate in social networking.

- Employees owe a common law of duty to their employer and this duty does not end at the end of their workday. Social media should not interfere with employee's responsibilities to their employer or affect their ability to perform their duties with credibility and integrity.
- It is important that employees understand that social media sources are not necessarily private and the great majority of posts are public domain for all to read. Even anonymous posts can be traced back to the person who generated them.
- Employees must understand privacy does not exist in the world of social media and the Internet. Once posted, your content is immediately disseminated throughout the Internet and cannot be retrieved or rescinded.
- If an employee makes a derogatory social media post about the Division or Department that puts them in a negative light they may be subject to corrective action.
- Employees should use their best judgment in posting material that may be deemed inappropriate or harmful to the Division, other employees, programs, children, youth and families we serve.
- Employees must understand that their personal opinions are not representative of the Division and therefore must not be posted as such.
- Employees should be aware that the Division may observe content and information made public by the use of social media.
- Employees are not to publish, post, or release any information that is considered confidential. If there are questions surrounding what is considered confidential, employees should speak to their immediate supervisor.
- Although not an exhaustive list, some specific examples of prohibited social media conduct include posting commentary, content or images that are defamatory, pornographic, proprietary, harassing, libelous, could create a hostile work environment or effect your credibility or ability to perform duties associated with your supplemental job description.

When creating a professional media application, employees must gain approval from the DCYF Director/Designee and refer to DHHS Social Media Guidelines, DoIT Usage Policy, and any information available through the Public Information Office.

Practice Guidance – Professional Dress Guidelines

Think of someone you work with in the community who you respect as a professional. Why is that? What about them do you respect? Would they view you the same way?

As a representative of the State of New Hampshire you are a professional who plays a key role in working with children, families and stakeholders across the State. How you present yourself strengthens your credibility, how you are perceived, the respect you receive, and the role you play.

Everyone has heard the saying that most judgments are made within the first 10 seconds of meeting you. As such you want to look your best to make the best first impression. It is appropriate and important for you to dress professionally for all work-related activities. Unprofessional dress can inhibit the ability to be a productive worker inside and outside the office. Guidelines such as these are geared towards enhancing your ability to achieve professional success. Studies show a more professional work appearance can lead to:

- ✓ Increased productivity and quality of work;
- ✓ Increased commitment to the mission and vision of the agency;
- ✓ Increased timeliness to work and work appointments;
- ✓ Increased use of polite and respectful language in the workplace; and
- ✓ Increased teamwork and office morale.

Be considerate of your work environment, co-workers, colleagues and clients.

Strive for consistency in professionalism.

Below are some guidelines to consider as acceptable dress for men and women:

Men

- General Attire
 - ✓ Dress slacks;
 - ✓ Shirts with collars (dress or polo); and
 - ✓ Sweaters with a shirt underneath.
- Attire for Court
 - ✓ Dress shirt with collars and ties; or
 - ✓ Suits, blazers or sports jackets are acceptable.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, golf shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."

Exhibit A-3, DCYF Professionalism and Ethics Policy

Women

- General Attire
 - ✓ Dresses;
 - ✓ Suits;
 - ✓ Dress slacks;
 - ✓ Loose fitting knit pants;
 - ✓ Gauchos (below the knee);
 - ✓ Knee-length dresses;
 - ✓ Skirts;
 - ✓ Blouses; and
 - ✓ Sweaters.
- Attire for Court
 - ✓ Business suits (pants or skirts);
 - ✓ Simple dresses;
 - ✓ Dress pants with suit coat;
 - ✓ Dress with a sweater; or
 - ✓ Blouses paired with skirts.
- On business casual or "Casual Fridays" dress still must be neat and clean and always appropriate for a business setting.
 - ✓ Examples are sweaters, shirts with collars, casual blouses and shirts, cotton khaki-type slacks, and jeans (in accordance with administration policy).
 - ✓ Casual Friday doesn't mean "messy."
- Hemlines should not be shorter than two inches above the knee.

Suggestion:

If you would normally wear the outfit or footwear for the beach, yard work, weekend around the house, dance clubs, exercise sessions or sports contests, then it would likely not be appropriate for the workplace.

Please Note:

This document serves as an example of professional and appropriate attire. Any questions or decisions needed beyond the scope of this document are at the supervisors'/administrations' discretion.

EXPLANATION

The Family Assessment and Inclusive Reunification program involves a review process that ensures the Division for Children, Youth and Families' compliance with the Federally mandated: Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272); Adoption and Safe Families Act of 1997 (P.L. 105-89) and regulations resulting there from: Titles IV-B, Section 422 and IV-E Section 475(5) of the Social Security Act.

The Family Assessment and Inclusive Reunification process is a valued, integral aspect of overall case planning, case management and service delivery that ensures the safety, permanency and well-being for the children served. Family Assessment and Inclusive Reunification meetings are required to be conducted by qualified child welfare professionals that are not responsible for a child's ongoing case management; as such, these facilitators serve as an objective and highly qualified third party. They are stationed throughout the state to ensure timely completion of meetings, based on the Family Assessment and Inclusive Reunification Guidelines and federally mandated timeframes, and to initiate and complete a comprehensive review process.

To ensure that Family Assessment and Inclusive Reunification reviews yield maximum benefits for the children and families served by the Division, the contractor consults with the Division to strategize and assess case planning activities that yield the greatest positive outcomes. Through the review process specific case concerns are identified and action plans are developed to respond to the concerns. This review process may help the children and youth served experience improved service delivery, shorter lengths of stay in out-of-home care, and achieve permanent living situations as quickly as possible.

The Department of Health and Human Services was presented with a total of seven (7) applications for Family Assessment and Inclusive Reunification facilitation process services in response to a Request for Applications that was posted on the Department's website from March 6, 2014 through March 27, 2014, March 31, 2014 through April 15, 2014 and from April 17, 2014 through April 25, 2014. After careful review six (6) applicants were selected, one applicant for each of the Family Assessment and Inclusive Reunification catchment areas. The bid summary is attached.

The attached contracts calls for the provision of these services for two years and reserves the Division's right to renew the agreement for up to four (4) additional years, based upon the satisfactory delivery of services, continued availability of supporting funds, and Governor and Executive Council approval.

Should Governor and Council not authorize this request, the Division would be unable to ensure sufficient staffing to perform thorough case reviews, which would inadequately serve families in the State. This could result in lengthier case processing, extended involvement with the Division for Children, Youth and Families and increased out-of-home placement for youths.

Area Served: Statewide.

Source of Funds: 100% Federal Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Mary Ann Cooney
Associate Commissioner

632 Family Assessment and Inclusive Reunification Reviews (FAIR)

Philosophy

All children and youth need and deserve a permanent family. Permanency planning for children and youth begins at the time of removal and continues until a permanency plan is achieved. Engaging families and youth in decisions about permanency, safety and well-being increases the likelihood of a successful permanent plan through a process that builds trust and embraces transparency. FAIR is an additional case planning opportunity that encourages partnership, mutual respect and empathy for families experiencing challenging circumstances. Additionally, FAIR provides an opportunity to celebrate a family's accomplishments and goal attainment. This approach encourages forward progress in the timely achievement of permanency for children and families.

Purpose

The purpose of FAIR is to include parents/caregivers, age-appropriate children/youth, and any welcoming supportive people identified by the family, in a solution-focused process together with DCYF and service providers. The primary goals for FAIR participants are to effectively plan for safety, permanency, and well-being. FAIR aims to empower families in their own decision-making immediately following the removal of their child(ren). Together, FAIR participants will identify strengths, needs and risk management strategies through case planning and goal development outlined in this policy. The FAIR process will continuously assess family needs and provide necessary support towards achieving permanency for the family.

 - (i) Following the 4-month case review, reviews must continue every 6 months while the child/youth remains in out-of-home placement.
 - (j) If the meeting schedule is interrupted, the FAIR meeting must be held as soon as possible, but no later than 30 calendar days after the scheduled meeting date.
 - (k) If the child/youth goes on a trial home visit with their parents, the FAIR meeting schedule continues, unless it is clear the child/youth will not return to an out-of-home placement.
 - (l) While each FAIR meeting will discuss the topics listed in Section (e) above, the focus of each FAIR meeting may differ, depending upon the timeframe of the meeting as described below and noted in the "Major Focus Points for FAIR Meetings" (Form 2272E):
 - (1) The 10-day and 30-day FAIR meeting will have a strong focus on the reasons the child/youth entered placement and what barriers need to be alleviated in order for the child/youth to return home. This meeting serves as the foundation towards achieving positive family engagement by ensuring that the family is involved in the case planning process and that the family receives the necessary services through the case planning process. Working with the team to facilitate appropriate parent/child/youth visitation plans and that the appropriate family connections are involved in the case is important at this meeting. This meeting sets the foundation for the family service case.
 - (2) The 4-month FAIR meeting will focus on the case plan that was implemented at the dispositional hearing. This meeting will assess the progress made in achieving reunification, the case plan goals, what current barriers are present that may prevent the case plan from being achieved, and assessing the appropriateness of the current placement and that the concurrent plan is also appropriate.
 - (3) The 10-month FAIR meeting will place great emphasis on the achievement of the current permanency plan and the concurrent permanency plan. Focus will continue to be on the progress towards reunification and removing any barriers to achieving reunification. Furthermore, in the event reunification cannot or does not occur, discussions must continue about the concurrent plan. It is important to also assess that all reasonable efforts are being made to achieve the permanency plan for this case. If not, what efforts will be made to ensure this is happening before the permanency hearing occurs?
 - (4) Post-permanency FAIR meetings (excluding APPLA cases) will continue to provide intense focus on the permanency plan implemented at the permanency hearing (i.e. reunification with an extension, TPR/adoption, guardianship with a relative), and what barriers are present, if any, to achieving this permanency goal. If reunification is not the current permanency goal, assess what the most appropriate level of involvement should be for the parents. Is reunification still an appropriate permanency goal? If reunification is the goal after the permanency hearing, is it still the most appropriate goal? Should the concurrent goal be recommended as the primary permanency goal?

- (5) Post-permanency FAIR meetings (APPLA cases) should focus on the plan for the youth upon exiting out-of-home care. Are the necessary supports in place for the youth and family, if applicable? Where is the youth going to reside after out-of-home care? Is this the most appropriate and feasible plan? Discuss how the youth will be able to support their living arrangement? Is the youth in the least restrictive placement? Even though it is no longer the primary permanency plan, is reunification a possibility at this point? Are the parents and/or the youth's connections in the best interest of the youth? Is APPLA the most appropriate permanency plan?
- (m) With the exception of the 10-day meeting, a written notice of the date, time, place, and purpose of the FAIR meeting (Form 2272 and Form 2272A) must be sent, via mail or email, at least 10 calendar days prior to the meeting to the following individuals;
- (1) The child/youth's parents;
 - (2) The youth;
 - (3) Other family members, supportive friends, clergy, or others;
 - (4) The child/youth's foster parents or relative caregivers;
 - (5) The residential care provider;
 - (6) The child/youth's attorney, guardian ad litem, or Court Appointed Special Advocate (CASA) who has been appointed by the court of jurisdiction;
 - (7) The child/youth's surrogate parent as defined by RSA 186-C:14;
 - (8) The special education directors from the sending and receiving school districts if the child/youth has been identified as educationally disabled as defined by RSA 186-C: 2 I, and pursuant to "sending" and "receiving" districts, as defined by RSA 193:27;
 - (9) The child/youth's behavioral health therapist;

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
