As the Secretary of State's Office continues to take precautionary measures in the current state of emergency related to COVID-19, our various divisions are still operational and available to assist the public. However, adaptations in service will be implemented as of Monday, March 23rd until further notice.

Specific adjustments in service are as follows:

Due to current public health concerns, the NH Division of Archives and Record Management is closing its building to the public. In addition to housing Archives and Records Management, the Archives building contains the HAVA (Help America Vote Act) Office and the NH Division of Vital Records Office.
