His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Environmental Services to award an Tank Maintenance and Inspection Grant to the Town of Derry, (Vendor Code #177379-B003) Derry, NH, in the amount of \$8,000 for the purpose of performing drinking water tank inspection and maintenance, effective upon Governor and Council approval through June 21, 2019. 100% Federal Funds.

Funding is available in the account as follows.

	<u>FY 2019</u>
03-44-44-441018-4718-072-500574	\$8,000
Dept. Environmental Services, DWSRF Administration, Grants-Federal	

EXPLANATION

This grant award, while less than \$10,000 threshold, requires G&C approval as the Town of Derry has already received funds in excess of the threshold for this fiscal year.

NHDES is offering Tank Inspection Grants to assist community water systems to conduct a condition assessment on the water system's storage tank. The grant is open to all New Hampshire active community water systems that have tanks are less than 20,000 gallons. Many of these tanks have been buried underground for the past 30-40 years and have never been inspected, or taken out of service for a proper cleaning. This grant will allow applicants to create a funding strategy to either extend the life of the tank or replace the tank depending on which option is more cost effective.

Proposals that are submitted are evaluated and ranked based on criteria such as age of tank, size of the tank, population served and whether the system had received grants in the past. Based on the available federal funding, DES determined that it could offer grants to any eligible project until all funds are exhausted.

This agreement has been approved by the Attorney General's Office as to form, substance and execution. We respectfully request your approval.

Robert R. Scott, Commissioner

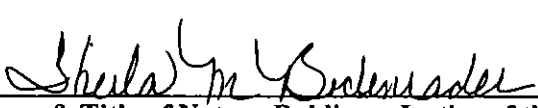

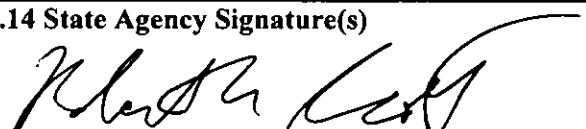

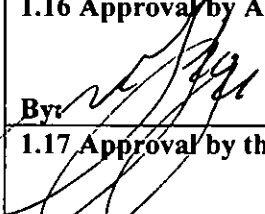

Subject: Town of Derry
