Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Accept on behalf of the State of New Hampshire, pursuant to RSA 4:8, a monetary gift in the amount of Twenty Thousand Five Hundred Eighty-Seven Dollars (\$20,587.00) from Hewes & Sons Trucking, Inc. of Claremont, NH to the State of New Hampshire for the General Fund in appreciation of the State's 2015 reconstruction of the building foundation and retaining wall along the Sugar River at 11 and 17 Water Street in Claremont, NH, which was undertaken in order to repair and fortify said foundation wall along the State parcel at 17 Water Street.

EXPLANATION

In 2015 the New Hampshire Department of Administrative Services repaired significant water erosion and undermining damage to the rear foundation wall of the State owned Monadnock Mills facility in Claremont along the Sugar River. The general construction contract and funding for the project were approved by the Governor and Executive Council on August 26, 2015 (Agenda Item #86), and the project was completed during the fall of 2015. The Monadnock Mills facility parcel (the "State Parcel") is located at 17 Water Street and is situated between Water Street to the south, the south bank of the Sugar River to the north, and the Hewes & Sons Trucking, Inc. parcel to the east at 11 Water Street (the "Hewes Parcel"). The foundation wall damage that was repaired was primarily located along the State Parcel but also extended a short distance along the abutting Hewes Parcel. In order to ensure the effectiveness and durability of the State Parcel foundation wall repair and encapsulation, it was also necessary to make repairs to the rear foundation wall of the Hewes Parcel and to construct the new retaining wall along the State Parcel foundation wall to extend a short distance to the east along the Hewes Parcel foundation wall. As a result, the Hewes Parcel received an incidental benefit from the work. Hewes & Sons Trucking, Inc. paid no money and provided no goods or services in exchange for said benefit.

In July 2016 the Department of Administrative Services received a check in the amount of Twenty Thousand Five Hundred Eighty-Seven Dollars (\$20,587.00) from Hewes & Sons Trucking, Inc. together with the letter attached hereto, which affirms the intention of the donor to make a monetary gift in appreciation of the incidental benefit to its property from the 2015 river wall repair project.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
August 24, 2016

Based on the foregoing, I respectfully request the acceptance of the monetary gift from Hewes & Sons Trucking, Inc.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Vicki V. Quiram".

*CLMT RIVER wall Rep.
Hewes TRUG.*

Dear Mr. Hewes:

As you are aware, the State of New Hampshire is undertaking a project to reconstruct the building foundation and retaining wall along the Sugar River at 11 and 17 Water Street in Claremont, New Hampshire. As the State has previously discussed with you, this project will involve work on your company's property at 11 Water Street. The Governor and Executive Council of the State of New Hampshire authorized the general construction contract and funding for this project (River Wall Repairs, Project 80817, Contract B, 11 & 17 Water Street, Claremont, New Hampshire)(“the Project”) on Wednesday, August 26, 2015.

You have previously offered to make a monetary contribution in the amount of Twenty Thousand Five Hundred Eighty-Seven Dollars (\$20,587.00) to the State of New Hampshire to be applied to the Project in appreciation of its incidental benefit to your company's property. The State of New Hampshire would gratefully accept any gift that you make to the Project with the approval of the Governor and Executive Council.

Please be advised that the sole impetus for the Project is to restore and protect the integrity of the building foundation and retaining wall of the State parcel at 17 Water Street regardless of any contribution that you may make. The Project contract has been approved and fully funded independent of your proposed gift. Such a gift would be entirely voluntary, and no products or services would be provided to you or your company in exchange.

In order to make a contribution to the Project, please identify the donor (for example, you individually or your company), indicate the amount, and sign this letter in the spaces provided below. Then return the signed letter to my attention along with a check payable to: Treasurer, State of New Hampshire. After I receive the letter and the check, the New Hampshire Department of Administrative Services will seek the approval of the Governor and Executive Council to accept your contribution.

Please feel free to contact me if you have any questions.

Sincerely yours,

Jared Nylund
Real Property Asset Manager

Acknowledged and understood by:

Nathan N. Hewes

Date: 3/12/16

Donor name: Hewes & Sons Trucking Inc.

Gift amount: \$ 20,587.00
