## RALI on Capitol Hill

**We are excited to invite partners from across the country to Washington, D.C., to visit with Members of Congress and highlight the important work happening every day to help their communities.**

The **Rx Abuse Leadership Initiative (RALI)** convenes leaders and provides resources to educate communities to help prevent misuse of prescription medicines and work to address the opioid crisis. Organizations across the country are working to make a difference and save lives. Our national and local RALI partners are crucial in addressing this epidemic in each and every community.

We are excited to welcome you in joining other RALI partners from across the country to share your first-hand experiences combating the opioid crisis. Your expertise and insights are essential as we continue to work together to end this crisis.

RALI has been committed to education and outreach efforts on the importance of safe drug disposal as well as learning early warning signs. One element of the RALI program is the **RALI CARES** educational trailer, created in partnership with **Code 3**. This exhibit helps educate local leaders, parents, and caregivers about possible warning signs of drug use and/or misuse.

We look forward to you joining other RALI partners from across the country and sharing your story with Members of Congress.
