**EXPLANATION**

The purpose of this request is to budget additional federal funds in the Clean Water State Revolving fund (CWSRF), which provides low interest loans for wastewater treatment and other water pollution control measures. At this time, there are multiple large scale wastewater improvement projects underway with estimated costs totaling over \$40 million including the cities of Portsmouth,

Fiscal Committee of the General Court, and  
His Excellency, Governor Christopher T. Sununu  
and the Honorable Council

Manchester and Keene, the North Conway Water Precinct, and the towns of Gilford and Colebrook. It is currently anticipated that these municipalities and others will be requesting approximately \$25 million in disbursements before the end of this fiscal year. The present budgeted amount of \$10 million is insufficient for the anticipated disbursements for FY 2018. Currently there is only \$3.4 million of the present budget amount available.

We respectfully request your approval.
