\$3,000 in January, 2023

\$2,000 in September, 2024

**Allowable/Unallowable Cost:** A cost is unallowable if it does not comply with applicable cost principles, program requirements, or other terms and conditions of the Grant Agreement. A cost is also unallowable if it does not solely benefit specialty crops, is not contained in the approved scope of work, or is not necessary and reasonable to advance the work of the project. Unallowable costs will not be reimbursed.

**Program Income:** Program income that is earned from activities supported by or as a result of the grant must be reinvested into the project, and must be expended on allowable project costs that solely enhance the competitiveness of specialty crops. It is unallowable to expend program income on unallowable costs.

Program income information is reported on the progress and final reports and includes the nature or source of the program income (e.g., registration fees), the amount, and a description of how the program income will be used to solely enhance the competitiveness of specialty crops. The amount of program income is reported on the invoices as well as in the progress and final reports.

**Equipment Purchase:** The purchase of special use equipment is allowed with pre-approval and if it meets specific criteria related to the project. Equipment is subject to the full range of acquisition, use, management, and disposition requirements under 2 CFR part 200.313 as applicable.

**Travel costs:** Travel costs are allowed when travel costs are limited to those allowed by formal organizational policy; in the case of air travel, the lowest reasonable commercial airfares must be used.

Grantees who do not have formal travel policies and for-profit subrecipients' allowable travel costs may not exceed those established by the Federal Travel Regulation, issued by GSA, including the maximum per diem and subsistence rates prescribed in those regulations. This information is available at <http://www.gsa.gov>. If a grantee organization has no formal travel policy, those regulations will be used to determine the amount that may be charged for travel costs.
