Division of Public Works Design & Construction

November 29, 2018

His Excellency, Governor Christopher T. Sununu and the Honorable Council State House Concord, New Hampshire 03301

# **REQUESTED ACTION**

Authorize the Department of Administrative Services, Division of Public Works Design and Construction to amend the contract with Dubois and King, Inc. (Vendor #160831), South Burlington, VT 05403, originally approved by Governor and Council on November 8, 2017 (Item #77), to continue to provide Mechanical Engineering Services required for the planning, design and construction of various Public Works projects as necessary, by increasing the not-to-exceed amount by \$50,000, from \$300,000 to \$350,000. Effective upon Governor and Council approval through June 30, 2020.

# EXPLANATION

On November 8, 2017 (Item #77) Governor and Council approved a contract with Dubois and King, Inc. for mechanical engineering services to expedite the Public Works project workload and provide appropriate technical expertise as required for specific projects. This request to increase the contract is due to the need for additional services, mainly for, but not limited to, the Steam Conversion project for multiple State of NH buildings and other mechanical projects. The original contract amount approved is not to exceed \$300,000; to date \$245,640 has been expended and/or encumbered.

This type of consulting agreement is funded from the monies for each project. The majority of projects needing this type of mechanical consultant work are maintenance and capital funded projects.

His Excellency, Governor Christopher T. Sununu and the Honorable Council November 29, 2018 Page 2 of 2

Based on the foregoing, I am respectfully recommending approval of this amendment to the contract with Dubois and King, Inc.

Respectfully submitted,

Charles M. Arlinghaus Commissioner

His Excellency, Governor Christopher T. Sununu and the Honorable Council State House Concord, New Hampshire 03301

RECEIVED

OCT 3 1 2017

**Bureau of Public Works** 

# **REQUESTED ACTION**

Authorize the Department of Administrative Services, Division of Public Works Design and Construction to enter into an agreement with Dubois & King, Inc. (Vendor Code 160381) South Burlington, VT 05403, for Mechanical Engineering Services required for planning, design and construction of various Public Works' Projects as necessary and required by the Department. The contract is effective from the date of Governor and Council approval through June 30, 2020. The amount expended under this agreement shall not exceed \$300,000.00.

# EXPLANATION

The Department proposes to retain the private consulting firm of Dubois & King, Inc. to expedite the current project workload and provide appropriate technical expertise as required for specific projects. This is one (1) of four (4) open-ended agreements for on-call Mechanical Engineering Services that will be presented for approval. The agreement will enable the Department to respond quickly to unscheduled project requests and possible emergencies regarding mechanical issues. The decision as to which projects will be assigned will be made on a case-by-case basis depending on the particular expertise required and the firm's current workload.

This type of consulting agreement will be funded from the monies for each project. The majority of projects needing this type of mechanical consultant work are maintenance and capital funded projects.

The consultant selection process employed by the Department for this project is in accordance with RSAs 21-1:22, 21-1:22-c, and 21-1:22-d, all applicable Federal Laws and the Department's procedures for "Selection of Engineers, Architects and Surveyors" dated July 28, 2005. Consensus scoring was used in this selection process in order to assure that the

His Excellency, Governor Christopher T. Sununu and the Honorable Council October 10, 2017 Page 2 of 2

perspective of each committee member received proper consideration during scoring deliberations. Each committee member, which included Theodore Kupper, Michelle Juliano, Beverly Kowalik, and David Goulet, brings different strengths and knowledge to the table of which the other members of the committee quite often may not be aware. This allows thorough discussion and weighing of the different perspectives during the scoring process. This process also makes follow-up explanations to the unselected firms easier.

In April 2017, the Division of Public Works Design & Construction advertised in the Union Leader, the Division of Public Works Design & Construction website, and email notification soliciting interest in providing on-call Mechanical Engineering Services. Six (6) consultant firms submitted letters of interest and were considered for this assignment. The firms were then rated on the basis of comprehension of the assignment, clarity of the proposal, capacity to perform in a timely manner, quality and experience of the project manager and team, and overall suitability for the assignment.

Dubois & King, Inc. Harriman Associates McFarland Johnson Inc. SMRT Architects and Engineers Stantec Consulting Services, Inc. Yeaton Associates, Inc.

It is now the Department's intent to enter into Statewide Consultant Service Agreements with the four (4) highest rated firms as their legal documentation and Certificate of Insurance become available.

> Dubois & King, Inc. McFarland Johnson Inc.

SMRT Architects and Engineers Yeaton Associates, Inc.

A copy of Dubois & King, Inc.'s Statement of Qualifications is provided, herewith, for your information and convenience.

The subject agreement has been approved by the Attorney General as to form and execution. Copies of the fully executed agreement are on file at the Secretary of State's Office and the Department of Administrative Services, Division of Public Works Design & Construction.

Respectfully submitted,

Charles M. Arlingháus Commissioner

Members are selected using the approved guidelines for the Bureau of Public Works Design and Construction "Selection of Engineering, Architects, and Surveyor Services". Per these guidelines, the Committee should consist of the Bureau Administrator plus two other Project Managers.

The Administrator is a member of all the Selection Committees, serving to provide the larger perspective of the consultant capabilities that are desired, also bringing knowledge of the quantity of work and various types of anticipated projects the consultant may be called on to perform. He brings the perspective of achieving agency goals, using a balance of those consultants who have performed excellent work in the past, along with bringing in new consultant firms.

The Assistant Administrator manages the day-to-day oversight of the Consultant assignments, and is the second member of all the selection committees. Her job description specifically outlines her involvement in the management of the consultants. She brings the expertise of the day-to-day working with consultants. Her past and present experience involves frequent interaction with consultants, including review of consultants' proposals and their engineering work.

The **discipline head**, for the specific type of work the consultant is being hired for (i.e. Mechanical, Civil, Architectural, Electrical etc.), brings additional expertise concerning the capabilities of various consultants they have worked with. Their years of project management experience provide the more detailed perspective about the various consultants' strengths or weaknesses and how they would fit with the project needs.

Administrator PM7	Theodore Kupper – 3 years State service
	35 years private sector
Assist. Administrator PM5	Michelle Juliano- 29 years State service
Mechanical Eng. PM4	Beverly Kowalik - 24 years State service
Civil Engineer PM4	Roger Dionne- 31 years State Service
Electrical Engineer PM4	Gordon Graham-15 years State Service,
	25 years private
Architectural PM4	Gary Brown - 34 years private sector and 5 years State service

WHEREAS, the <u>DEPARTMENT</u>, requires professional services to provide for design and construction documents, on-site observation, and inspection services for various projects, as they may occur throughout the STATE;

NOW THEREFORE, in consideration of the undertakings of the parties hereinafter set forth, the DEPARTMENT hereby engages the CONSULTANT, as an independent contractor and not as a STATE agency or employee, to perform the professional services required for the planning, design, and construction of projects including but not limited to feasibility studies, programming, site and building assessments and inspections, construction documents, computerized building simulation, life cycle costing, on-site observation and inspection services, as required, for various projects, as they may occur, in accordance with Exhibits 'A', 'B', and 'C' and the following terms and conditions. Payment for such services on each project shall be at the hourly rates as per the attached schedule (Exhibit 'B'), plus mileage at the prescribed STATE rate in effect at the time of service occurrence, as a not-to-exceed fee, or, shall be a mutual agreed upon lump sum fee. For each project identified by the DEPARTMENT, the CONSULTANT shall first submit a proposal for the professional services required. The proposal shall include a fee for the services required, a detailed, by phase, description of the proposed services, and a date of completion of each phase for the rendering of services required. The CONSULTANT shall not proceed with work until a Notice to Proceed is issued by the DEPARTMENT, and such work shall not exceed the proposed fee unless there is an additional Notice to Proceed issued by the DEPARTMENT, and such work shall not exceed the proposed fee unless there is an additional Notice to Proceed issued by the DEPARTMENT, and such

#### TERMS AND CONDITIONS

PART 1 FEE:

1. Payments on the account of the CONSULTANT'S services shall be made on the basis of the statement submitted by the CONSULTANT at the time of the service occurrence on a monthly basis and approved by the DEPARTMENT.

2

2. Payments on the account of the CONSULTANT'S basic services shall be made in proportion to the services performed so that compensation at the completion of each phase shall equal the following percentages of the total basic compensation:

Α.	Schematic Design Phase	15%
B.	Design Development Phase	35%
C.	Construction Documents Phase	75%
D.	Bidding and Negotiation Phase	<b>์80%</b>
E.	Construction Administration Phase	100%

- 3. For projects with limited phases, compensation on the account of the CONSULTANT shall be made in proportion to the services performed, and shall apply to a predetermined percentage for each of the limited phases.
- 4. For projects where detailing the phases of services to be performed does not apply, payment on the account of the CONSULTANT shall be made in proportion to the services performed as determined by the DEPARTMENT.
- 5. Billings shall be in accordance with Exhibit 'B' (Note: All rate changes to the Exhibit 'B' during the life of the agreement shall be subject to the approval of the DEPARTMENT and shall be rates that are implemented on a company wide basis) or, as formerly documented and approved by the DEPARTMENT prior to services being performed.
- 6. Employees not listed on Exhibit 'B' shall be compensated at a multiple of two and one quarter (2.25) times the employee's Direct Personnel Expense.
- 7. Additional services of professional sub-consultants shall be computed at a multiple of one and one tenth (1.1) times the amount billed to the CONSULTANT for such services.
- 8. Direct personnel expense of employees engaged on the project includes architects, engineers, and other technical employees in producing drawings, specifications, and other documents pertaining to the project. Such expenses shall include cost of salaries as well as mandatory and customary benefits.
- 9. All costs as described in the foregoing paragraphs are to be determined by actual records kept during the term of the AGREEMENT which are subject to audit by the STATE and Federal Governments. The final payment and all partial payments made may be adjusted to conform to this final audit. In no case will any adjustments exceed the total agreed upon not-to-exceed or lump sum fee amount. All sub-consultant costs may also be subject to audit by the STATE and Federal Governments.

#### PART 2 ASBESTOS:

 The CONSULTANT shall have no direct responsibility for the investigation, detection, abatement, replacement, or removal of products, materials, or processes containing asbestos. If any asbestos is encountered during the design or construction of the project, it shall be the responsibility of the DEPARTMENT to negotiate a fee with the CONSULTANT to provide for the services, or subconsultant required for the detection, abatement, replacement, or removal of the products, materials, or processes containing asbestos.

#### PART 3 DESIGN GUIDELINES:

1. The CONSULTANT agrees to follow the provisions of the current DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION's Design Guidelines, the DEPARTMENT's Interior Space Planning Standards, as well as, the Department's High Performance Design Standard, and amendments thereto, or other professional codes or standards applicable to the services to be performed under this AGREEMENT. When a publication (including interim publications) is specified, it refers to the most recent date of issue in effect at the time of execution of this AGREEMENT.

#### PART 4 PROJECT DELIVERY METHOD:

- 1. The CONSULTANT shall provide services for projects in accordance with one of the following delivery methods:
  - A. Standard Design Bid Build
  - B. Standard Design Build
  - C. Bridged Design Build
  - D. Construction Management
- 2. The DEPARTMENT may remove or add project delivery methods at any time. A detailed scope of services will be defined for each specific project.

# PART 5 CONSULTANT'S BASIC SERVICES:

- 1. The CONSULTANT'S basic services shall consist of the five phases described below or any combination thereof.
  - A. SCHEMATIC DESIGN PHASE: The CONSULTANT shall consult with the DEPARTMENT through the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION to ascertain the requirements of the project and shall confirm such requirements through the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION.

1) The CONSULTANT shall prepare Schematic Design Studies, consisting of drawings and other documents illustrating the scale and relationship of the project components, together with a semi-detailed estimate of construction costs, submitting three (3) sets of these studies to the DEPARTMENT for authorization to proceed to the next phase by the DEPARTMENT through the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION.

ŗ,

- 2) The CONSULTANT shall present the Schematic Design Documents at a review meeting with the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION and the Using Agency. The presentation shall contain justification of the concept selected plus a review of options as applicable for the type of project.
- B. DESIGN DEVELOPMENT PHASE: The CONSULTANT shall prepare, from authorized Schematic Design Studies, the Design Development Documents, consisting of drawings and other documents to fix and describe the size and character of the entire project including utilities, materials and methods, as required, together with a more detailed estimate of construction costs, submitting three (3) copies of these studies to the DEPARTMENT for authorization to proceed to the next phase by the DEPARTMENT through the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION.
  - The CONSULTANT and representatives of each of the consultant engineering disciplines required for the project type shall present the Design Development Documents at a review meeting with the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION and the Using Agency. The presentation shall include justification of selections and impacts of decisions on life cycle costs. The documents shall describe the project sufficiently to allow for thorough evaluation.
  - 2) As a minimum, the Design Development package shall include:
    - a. Definitive Drawings
      - (1) Site plan
      - (2) Floor plans
      - (3) Elevations
      - (4) Section
      - (5) Systems line drawings
    - b. Narrative building description including all systems and performance criteria.
    - c. Outline specifications including all divisions proposed for final specifications.
    - Detailed cost estimate itemized by specification heading.
    - e. Narrative analysis of any disproportionate budget monies assignments, if any, with justifications.

- f. Documented cost/benefit research of options reviewed by each design team discipline.
- C. CONSTRUCTION DOCUMENTS PHASE: The CONSULTANT shall prepare, from authorized Design Development Documents, working drawings and specifications, setting forth in detail the requirements for the construction of the entire project, in cooperation with the requirements of the Project Architect/Engineer of the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION.

•;

- Construction documents shall comply with all current applicable Federal, STATE, and local codes, laws, regulations,<sup>v</sup>and requirements applicable to the project in effect as of the date of the advertising of the project.
- 2) The CONSULTANT hereby agrees that the construction documents shall be produced in 1/8-inch scale or larger, measuring 24 inches by 36 inches with a 1/2-inch border and a binding border of 1-1/2 inches, unless larger sheets are approved by the DEPARTMENT.
- 3) The CONSULTANT with the cooperation of the DEPARTMENT shall prepare the technical specifications in the Construction Specifications Institute's format. Specifications shall be on "bond paper", suitable for reproduction. The Drawings which have been completed by a computer aided drafting system shall be presented to the DEPARTMENT in .DXF or the Department's current release of AutoCAD format. Back of the Plan Sheets shall be labeled with its corresponding electronic file name. The Specifications which have been completed by a computerized word processing system shall be presented to the DEPARTMENT in the Department's current release of Microsoft Word format. The formats and file names shall be clearly identified on the diskettes.
- 4) The CONSULTANT shall provide an original wet seal(s) on final construction documents.
- 5) The CONSULTANT shall advise the DEPARTMENT of any adjustments to previous statements of probable construction costs indicated by changes in program or requirements and shall deliver to the DEPARTMENT a detailed construction cost estimate based on all items of the construction documents.
- 6) The CONSULTANT shall deliver three (3) sets of prints of the working drawings and specifications to the DEPARTMENT for final review and authorization to proceed to the next phase prior to submitting the original construction documents.
- 7) The CONSULTANT shall include an affidavit confirming that the construction documents have been reviewed by the CONSULTANT in accordance with the CONSULTANT'S quality assurance/quality control (QA/QC) program (Exhibit "A").
- D. BIDDING AND NEGOTIATION PHASE: The CONSULTANT shall assist the DEPARTMENT in preparing the necessary addenda, during the bidding period, and shall assist in negotiations, as required, prior to award of the construction contract.

- E. CONSTRUCTION ADMINISTRATION PHASE: The CONSULTANT shall, at all times, have access to the work and shall make weekly visits to the site to familiarize itself generally with the progress and quality of the work and to determine, in general, if the work is proceeding in accordance with the Contract documents, and shall require its sub-consultants to visit the site upon its request to inspect the work in progress. The CONSULTANT shall, to the best of its ability, notify the DEPARTMENT as to defects and deficiencies in the work of the Contractor. The DEPARTMENT reserves the right to require the CONSULTANT to make visits to the site, more frequently or less frequently than weekly, as ordered by Project Architect/Engineer of the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION.
  - 1) After each visit, the CONSULTANT shall promptly submit a written report of its findings (ex. meeting minutes), and/or those of its sub-consultants, to the DEPARTMENT, listing all its observations, decisions and interpretations of the Contract documents and work progress, made during on-site visits.
  - 2) Based upon such observations at the site, and on the Contractor's Requisition for Payment, the CONSULTANT shall determine the appropriateness of line-item costs submitted and shall so advise the DEPARTMENT prior to the processing of the Partial Payment Estimate.
  - 3) The CONSULTANT shall conduct timely review and approval of shop drawings, samples and other submissions of the Contractor only for conformance to the design concept of the project and for compliance with the information given in the Contract documents. These shall be forwarded to the DEPARTMENT for final approval.
  - 4) The CONSULTANT shall cooperate with the DEPARTMENT in the evaluation of the changes in the work.
  - 5) The CONSULTANT shall conduct the inspections to assist the DEPARTMENT in determining the dates of substantial and final completion, and shall receive and review written guarantees and related documents assembled by the Contractor.
  - 6) The CONSULTANT shall assist in the preparation of the Substantial Completion Certificates, compiling punch lists of work in need of correction.

#### PART 6 THE DEPARTMENT'S RESPONSIBILITIES:

- 1. The DEPARTMENT will provide the CONSULTANT with all pertinent information, to a reasonable extent, regarding the DEPARTMENT'S and the Using Agency's requirements for the project.
- 2. The DEPARTMENT will review project documents for consistency with DEPARTMENT standards. The DEPARTMENT'S review is to ensure project requirements are met, there are no negative impacts to Using Agency operations, and the design is in the STATE'S best interest. The DEPARTMENT'S review shall not be considered part of the CONSULTANT'S QA/QC program.

7

- 3. The DEPARTMENT hereby designates the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION as its representative, authorized to act in its behalf with respect to the project. The Project Architect/Engineer of the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION will examine the documents submitted by the CONSULTANT and will render decisions pertaining thereto promptly in order to avoid delay in the progress of the CONSULTANT'S work.
- 4. The DEPARTMENT will administer all details in connection with obtaining bids or negotiating proposals, awarding and preparing contracts, preparing partial estimates and other contract administrative work required for the project.
- 5. The DEPARTMENT will provide for field inspection of the work.
- 6. The DEPARTMENT may extend the completion date stipulated in this AGREEMENT when satisfactory evidence is presented by the CONSULTANT that such extension is warranted.

#### PART 7 TERMINATION OF AGREEMENT:

- 1. The DEPARTMENT may at any time, and for any cause, including, but not limited to, the failure of appropriation of funds for these purposes, after the execution of this AGREEMENT, abandon or suspend for an indefinite time the prosecution of the work required by this AGREEMENT or any part thereof. Upon notification in writing of such abandonment or suspension, this AGREEMENT shall be terminated or modified as the case may require. In such event, the CONSULTANT shall, in addition to any installment or fee payable prior to such abandonment or suspension, be entitled to fair compensation for any uncompensated work in progress, satisfactorily performed prior to such abandonment or suspension, and all documents finished or unfinished shall become the property of the STATE as official records and documents of public concern and information.
- 2. The CONSULTANT, for just cause, may terminate this agreement by notifying the DEPARTMENT in writing thirty (30) days prior to such termination.
- 3. The CONSULTANT agrees to process the services required by this AGREEMENT expeditiously to the completion of the Construction Documents Phase of the assigned projects and to deliver these documents to the DEPARTMENT without undue delay.

#### PART 8 EXTENT OF AGREEMENT:

- 1. This AGREEMENT, including all Exhibits, is the entire AGREEMENT and understanding of the parties and supersedes all prior understandings. This AGREEMENT shall be construed according to the laws of the STATE. This AGREEMENT shall expire on June 30, 2020, unless terminated earlier.
- No new projects may be entered into after June 30, 2020. The amount of services shall not exceed \$300,000.00 during the life of the AGREEMENT. Projects begun, but not completed, before June 30, 2020 shall be completed under the rates in Exhibit 'B', subject to written mutual agreement of

both parties. This AGREEMENT can only be extended or amended in any way with the approval of the Governor and Council.

# PART 9 CONTINGENT NATURE OF AGREEMENT:

1. Notwithstanding anything in this AGREEMENT to the contrary, all obligations of the STATE, including, without limitation, the continuance of payments, are contingent upon the availability and continued appropriation of funds, and in no event shall the STATE be liable for any payments in excess of such available appropriated funds. In the event of a reduction or termination of those funds, the STATE shall have the right to terminate this AGREEMENT.

#### PART 10 CLAIMS AND INDEMNIFICATION:

- 1. NON-PROFESSIONAL LIABILITY INDEMNIFICATION: The CONSULTANT agrees to defend, indemnify and hold harmless the STATE and all of its officers, agents and employees from and against any and all claims, liabilities or suits arising from (or which may be claimed to arise from) any (i) acts or omissions of the CONSULTANT or its sub-consultants in the performance of this AGREEMENT allegedly resulting in property damage or bodily injury and/or (ii) misconduct or wrongdoing of the CONSULTANT or its sub-consultants in the performance of this AGREEMENT.
- 2. PROFESSIONAL LIABILITY INDEMNIFICATION: The CONSULTANT agrees to defend, indemnify and hold harmless the STATE and all of its officers, agents and employees from and against any and all claims, liabilities or suits arising from (or which may be claimed to arise from) any negligent acts or omissions of the CONSULTANT or its sub-consultants in the performance of professional services covered by this AGREEMENT.
- These covenants shall survive the termination of the AGREEMENT. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the STATE, which immunity is hereby reserved by the STATE.

### PART 11 INSURANCE:

- It is agreed that, in accordance with NH RSA chapter 281, as amended, the CONSULTANT shall purchase and keep in effect, until the date that final payment has been approved on all projects that are subject to this AGREEMENT, workers' compensation insurance and require its subconsultants to do likewise. The CONSULTANT shall furnish the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION with certificates showing that this insurance has been purchased.
- 2. Further agreed that, in accordance with NH RSA 21-1:80, II, as amended, the CONSULTANT shall purchase and keep in effect, until the date that final payment has been approved on all projects that are subject to this AGREEMENT, professional liability insurance (errors and omissions)

providing protection to the STATE for the CONSULTANT'S acts and omissions committed during the life of all projects that are subject to this AGREEMENT. Such professional liability insurance shall be in the minimum amount of \$2,000,000 in the aggregate. No retention (deductible) shall be more than \$75,000 per claim. The CONSULTANT shall furnish the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION with certificates showing that this insurance has been purchased.

- 3. Further agreed the CONSULTANT shall purchase and keep in effect, until the date that final payment has been approved on all projects that are subject to this AGREEMENT, commercial general liability insurance, including contractual coverage, for all claims of bodily injury, death, or property damage, in policy amounts of not less than \$250,000 per occurrence and \$2,000,000 in the aggregate (STATE, its agencies, and its agents and employees to be named as additional insureds). The CONSULTANT shall furnish the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION with certificates showing that this insurance has been purchased.
- 4. Further agreed, the CONSULTANT shall purchase and keep in effect, until the date that final payment has been approved on all projects that are subject to this AGREEMENT, commercial and personal automobile liability insurance covering motor vehicles, including owned, hired, borrowed, and non-owned vehicles. Such insurance shall be in the minimum amount of \$500,000 combined single limit for bodily injury and property damages. The CONSULTANT shall furnish the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION with certificates showing that this insurance has been purchased.
- 5. All of the insurance policies required by this AGREEMENT shall require the insurer to provide the DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION with thirty (30) days' prior written notice before an insurance policy is cancelled or modified, or ten (10) days' prior written notice in the event of non-payment of premium.
- 6. The certificates shall evidence the required coverage, retention (deductible) and cancellation clause. The CONSULTANT shall have a continuing duty to provide DIVISION of PUBLIC WORKS DESIGN & CONSTRUCTION with new certificates of insurance as the policies are amended or renewed. Failure to comply with the insurance requirements of this AGREEMENT may result in a delay in processing requisitions, stopping work on the project, or other consequences.

#### PART 12 GENERAL PROVISIONS:

- 1. <u>Severability Clause</u>: If any provision of this AGREEMENT is declared to be invalid, the remainder of the AGREEMENT will be deemed valid and enforceable.
- 2. <u>Applicable Law</u>: This AGREEMENT is governed by, and shall be construed in accordance with, New Hampshire law.
- 3. <u>Ownership of Documents</u>: All Drawings and Specifications and other documents shall become the sole property of the STATE as official records and documents of public concern and information for the project only. Reuse of any of these documents by the STATE, without written permission of the CONSULTANT, shall be at the STATE'S risk.
