EXPLANATION

These agreements are **sole source** because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105–285 October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to continue providing funds to community programs at the local level to ensure eligible individuals and families receive community-based services that enable them to receive the assistance needed in order to meet their basic needs.

Approximately 275,792 unduplicated individuals will be served collectively by the five (5) contractors from October 1, 2019 through September 30, 2022.

The original agreement included language in the Exhibit C-1 that allows the Department to renew these contracts for up to three (3) additional years, subject to the continued availability of funding, satisfactory performance of service, parties' written authorization and approval from the Governor and Executive Council. The Department is in agreement with renewing services for three (3) years at this time.

The vendors provide services to individuals at the local level that assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the state.

Some services provided may be 'stop-gap' measures that are used in instances when an individual or family does not financially qualify for public assistance. The household may be in need of temporary assistance in order get through a particular crisis, such as, but not limited to: heating season, or a temporary emergency that would otherwise result in the individual or family requiring other public assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance;
- Neighbor Helping Neighbor programs;
- Rental assistance, security deposits and senior housing;
- Senior Community Service Employment Programs;
- Head Start;
- Supplemental Foods;
- Women, Infants and Children (WIC); and
- Weatherization.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implementation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With the rising cost of essentials, such as heat and food, the federal funding for community programs is necessary in order to deliver the assistance needed to eligible citizens statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569, U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Community Services Block Grant, FAIN #G-19B1NHCOSR.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2017 and 2016, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended December 31, 2017.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2017 and 2016, and its cash flows for the years then ended, and the changes in its net assets for the year ended December 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Partnership of Strafford County's 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 15, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2018, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.

COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016**

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Partnership of Strafford County (the Agency) is a 501(c)(3) private New Hampshire non-profit organization established under the provisions of the Equal Opportunity Act of 1964. Without services provided by the Agency, many local residents would be without a means to provide for their basic needs, including food, education, child care, utilities assistance, transportation, housing, emergency shelter and access to other services. The mission of the Agency is to educate, advocate and assist people in Strafford County to help meet their basic needs and promote self-sufficiency. The vision of the Agency is to eliminate poverty in Strafford County through compassion, education, self-sufficiency, transparency, accountability, team work, client focus and professionalism.

In addition to its administrative office located in Dover, the Agency maintains its outreach capacity by operating program offices in Farmington, Milton, Rochester, Dover and Somersworth. The Agency is funded by Federal, state, county and local funds, as well as United Way grants, public utilities, foundation and charitable grant funds, fees for service, private business donations, and donations from individuals. The Agency is governed by a tripartite board of directors made up of elected officials, community leaders from for-profit and non-profit organizations and residents who are low income. The board is responsible for assuring that the Agency continues to assess and respond to the causes and conditions of poverty in its community, achieve anticipated family and community outcomes, and remain administratively and fiscally sound. The Agency administers a wide range of coordinated programs to more than 15,000 people annually, and the programs are designed to have a measureable impact on poverty and health status among the most vulnerable residents: those under the age of 6, the elderly and those living in poverty. This coordinated approach is accomplished by providing a broad array of services that are locally defined, planned and managed with community agencies.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

The financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958-210, the Agency is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets

and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor-imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Agency.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor-imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

At December 31, 2017 and 2016 the Agency had unrestricted and temporarily restricted net assets.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are performed or expenditures are incurred.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Agency reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

Fair Value of Financial Instruments

Accounting Standard Codification No. 825, "Financial Instruments," requires the Agency to disclose estimated fair value for its financial instruments. The carrying amounts of cash, accounts receivable, inventory, prepaid expenses, accounts payable, accrued expenses, and refundable advances approximate fair value because of the short maturity of those instruments.

Inventory

Inventory materials are fixtures for installation and recorded at cost or contributed value, using the first-in, first-out method.

Property and Depreciation

Property and equipment, which have a cost greater than \$5,000, are capitalized at cost or, if donated, at the approximate fair value at the date of donation. Specific grants and awards may have a threshold lower than this amount and that program will abide by those guidelines. Assets are depreciated over their estimated useful lives using the straight-line method as follows:

Buildings and improvements	15 - 40 years
Furniture, equipment and machinery	3 - 10 years
Vehicles	5 - 7 years

Depreciation expense aggregated \$84,399 and \$53,517 for the years ended December 31, 2017 and 2016, respectively.

Accrued Earned Time

The Agency has accrued a liability of \$100,965 and \$79,490 at December 31, 2017 and 2016, respectively, for future compensated leave time that its employees have earned and which is vested with the employee.

Income Taxes

The Agency is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Agency to be other than a private foundation. The Agency is also exempt from the New Hampshire Business Enterprise Tax.

Accounting Standard Codification No. 740, "Accounting for Income Taxes", establishes the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Agency's tax position taken on its information returns for the years 2014 through 2017 and has concluded that no additional provision for income taxes is necessary in the Agency's financial statements.

Cash and Cash Equivalents

The Agency considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Expenses

The Agency expenses advertising costs as they are incurred. Total advertising costs for the years ended December 31, 2017 and 2016 amounted to \$22,984 and \$21,352, respectively.

In-kind Donations

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$232,667 and \$322,524 for the years ended December 31, 2017 and 2016, respectively.

The Agency also receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$86,313 and \$49,673 for the years ended December 31, 2017 and 2016, respectively.

The Agency also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$121,757 and \$294,332, respectively, for the year ended December 31, 2017. For the year ended December 31, 2016, the estimated fair value of these food commodities and goods was determined to be \$159,190 and \$46,463, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

NOTE 3.

ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at December 31, 2017 and 2016. The Agency has no policy for charging interest on overdue accounts.

NOTE 4. CONTRIBUTIONS RECEIVABLE

Contributions receivable represent promises to give, which have been made by donors but have not yet been received by the Agency. The Agency considers contributions receivable fully collectible; accordingly, no allowance for contributions receivable has been recorded.

Total unconditional promises to give were as follows at December 31, 2017:

Within one year	\$	52,400
In two to five years		26,400
Thereafter		<u>37,000</u>
	\$	<u>115,800</u>

NOTE 5. TAX CREDIT PROGRAM

The New Hampshire Community Development Finance Authority's Tax Credit Program allows New Hampshire businesses to contribute to not-for-profit community, housing and economic development projects and receive a 75% New Hampshire state tax credit that can be applied against New Hampshire business profits, business enterprise and insurance premium taxes. Through this Tax Credit Program, the Agency recognized contribution revenue of \$164,000 and \$8,000 for the years ended December 31, 2017 and 2016, respectively. At December 31, 2017 and 2016, the Agency had tax credits receivable of \$172,000 and \$8,000, respectively.

NOTE 6. PLEGGED ASSETS

As described in Note 7, all assets of the Agency are pledged as collateral under the Agency's demand note payable agreement.

NOTE 7. DEMAND NOTE PAYABLE

The Agency has available a revolving line of credit with a bank in the amount of \$250,000. The note is payable upon demand, but in the absence of demand, is due in September 2018. Interest is stated at the prime rate plus 1% which resulted in an interest rate of 5.50% and 4.75% at December 31, 2017 and 2016, respectively. The note is collateralized by all the assets of the Agency.

NOTE 8. TEMPORARILY RESTRICTED NET ASSETS

NOTE 9. LEASE COMMITMENTS

Facilities occupied by the Agency for its community service programs are rented under the terms of various operating leases. For the years ended December 31, 2017 and 2016, the annual lease/rent expense for the leased facilities was \$155,065 and \$120,523, respectively. Certain equipment is leased by the Agency under the terms of various operating leases.

The approximate future minimum lease payments on the above leases are as follows:

<u>Year Ended December 31</u>	<u>Amount</u>
2018	\$ 91,347

NOTE 10. RETIREMENT PLAN

The Agency maintains a 403(b) Plan and Trust (the Plan) covering substantially all employees. Employee contributions to the Plan are made at predetermined rates elected by employees. Additionally, the Agency provides a matching contribution equal to 25% of the employee's contribution up to 5% of the employee's compensation. Effective April 1, 2016, the Agency instituted an auto enrollment feature mandating a minimum 1% employee contribution; however employees reserve the right to decline the auto enrollment. Employer matching contributions for the years ended December 31, 2017 and 2016 totaled \$25,570 and \$24,366, respectively.

NOTE 11. CONCENTRATION OF RISK

A large percentage of the Agency's total revenue was received from two contractors, the Federal Government and the State of New Hampshire. It is always considered to be at least reasonably possible that either contractor could be lost in the near term; however, Management feels this risk is of no particular concern at this time.

NOTE 12. CONCENTRATION OF CREDIT RISK

The Agency maintains its cash balances at several financial institutions in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Agency maintains an agreement with its primary financial institution to collateralize the balances in excess of \$250,000.

NOTE 13. CONTINGENCIES

The Agency receives grant funding from various sources. Under the terms of these agreements, the Agency is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Agency might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of December 31, 2017 and 2016.

NOTE 14. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date but arose after that date. Management has evaluated subsequent events through June 21, 2018, the date the December 31, 2017 financial statements were available for issuance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2017 and 2016, and the related statements of cash flows, and the related notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended December 31, 2017, and have issued our report thereon dated June 21, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Partnership of Strafford County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency as item 2017-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Partnership of Strafford County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Community Action Partnership of Strafford County's Response to Findings

Community Action Partnership of Strafford County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Community Action Partnership of Strafford County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Partnership of Strafford County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Partnership of Strafford County's major federal programs for the year ended December 31, 2017. Community Action Partnership of Strafford County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Partnership of Strafford County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Partnership of Strafford County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Partnership of Strafford County's compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Partnership of Strafford County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2017.

Report on Internal Control Over Compliance

Management of Community Action Partnership of Strafford County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Partnership of Strafford County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statements of financial position as of February 28, 2018 and 2017, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended February 28, 2018.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 28, 2018 and February 28, 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 30, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2017, is consistent, in all material respects, with the audited financial statements from which it was derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 8, 2019, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2018**

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of February 28, 2018 the Organization had no permanently restricted net assets and had temporarily restricted net assets of \$702,853.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended February 28, 2017, from which the summarized information was derived.

Income Taxes

The Organization is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

The Organization files information returns in the United States and the State of New Hampshire. The Organization is no longer subject to examinations by tax authorities for years before 2014.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed its tax position taken on its information returns for the years (2014 through 2017), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$1,147,978 in donated facilities, services and supplies for the year ended February 28, 2018 as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$292,141 for the year ended February 28, 2018.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$846,237 for the year ended February 28, 2018.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$9,600 for the year ended February 28, 2018.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the year ended February 28, 2018 totaled \$32,655.

Inventory

Inventory consists of weatherization supplies and work in process and is valued at the lower of cost or net realizable value, using the first-in, first-out method.

2. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at February 28, 2018. The Organization has no policy for charging interest on overdue accounts.

3. REFUNDABLE ADVANCES

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$1,187,333 as of February 28, 2018.

4. **RETIREMENT PLAN**

The Organization has a qualified contributory pension plan which covers substantially all employees. The cost of the plan is charged to programs administered by the Organization. The expense of the plan for the year ended February 28, 2018 totaled \$202,725.

5. **LEASED FACILITIES**

Facilities occupied by the Organization for its community service programs are leased under various operating leases. The lease terms range from month to month to twenty years. For the year ended February 28, 2018, the annual lease expense for the leased facilities was \$479,964.

The approximate future minimum lease payments on the above leases are as follows:

6. **ACCRUED EARNED TIME**

7. **BANK LINE OF CREDIT**

The Organization has a \$200,000 revolving line of credit agreement (the line) with a bank that is due on demand. The line calls for monthly variable interest payments based on the Wall Street Journal Prime Rate (4.50% for the year ended February 28, 2018) plus 1%, but not less than 6% per annum. The line is secured by all the Organization's assets. There was no outstanding balance on the line at February 28, 2018.

\$ 773,551

10. **CONTINGENCIES**

The Organization receives grant funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of February 28, 2018.

During the year ended February 28, 2018, the Corporation for National and Community Service (CNCS) conducted a monitoring of its program and found that the Organization was not in full compliance with the program requirements. As a result, CNCS disallowed \$37,000 of grant expenditures. The Organization returned the funds in full during April 2018.

11. **CONCENTRATION OF RISK**

For the year ended February 28, 2018, approximately \$11,000,000 (47%) of the Organization's total revenue was received from the Department of Health and Human Services. The future scale and nature of the Organization is dependent upon continued support from this department.

14. RECLASSIFICATION

Certain amounts and accounts from the prior year financial statements have been reclassified to enhance the comparability with the presentation of the current year.

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$97,753 at February 28, 2018.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2018, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

Beginning balance – mutual funds	\$ 84,225
Total gains (losses) - realized /unrealized	9,528
Purchases	<u>4,000</u>
Ending Balance – mutual funds	<u>\$ 97,753</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

The Organization invested \$1,000 during the year ended February 28, 2018 in a Partnership, The Lakes Region Partnership for Public Health.

16. FISCAL AGENT

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. The Agency provides the management and oversight of the revenues received (donations) and the expenses (utilities, food and emergency services).

17. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through January 8, 2019, the date the financial statements were available to be issued.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 28, 2018, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 8, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs for the year ended February 28, 2018. Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Program Belknap-Merrimack Counties, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Program Belknap-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2018.

Report on Internal Control Over Compliance

Management of Community Action Program Belknap-Merrimack Counties, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

MISSION STATEMENT

Southern New Hampshire Services, Inc. (SNHS) is a private non-profit corporation chartered in the State of New Hampshire, May 21, 1965 to serve as the Community Action Partnership for Hillsborough County in compliance with the Economic Opportunity Act of 1964. From 1965 through 1969, SNHS was known as the Community Action Agency for Hillsborough County and served the City of Nashua and the twenty-nine towns. In 1969 SNHS became the Community Action Partnership for the City of Manchester as well. In 1974 the agency's name was changed to Southern New Hampshire Services, Inc. In July 2011, Rockingham Community Action (RCA), the Community Action Agency serving Rockingham County, was merged with Southern New Hampshire Services. As a result of this merger, SNHS now provides services to residents of the 65 towns and 3 cities in Hillsborough and Rockingham Counties.

The Economic Opportunity Act of 1964 and subsequent federal legislation establishing the Community Services Block Grant define our basic mission. Under these provisions the fundamental mission of SNHS is:

- A. To provide a range of services and activities having a measurable and potentially major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem.
- B. To provide activities designed to assist low-income participants including homeless individuals and families, migrants, and the elderly poor to:
 1. Secure and retain meaningful employment
 2. Attain an adequate education
 3. Make better use of available income
 4. Obtain and maintain adequate housing and a suitable living environment
 5. Obtain emergency assistance through loans or grants to meet immediate and urgent individual and family needs, including the need for health services, nutritious food, housing, and employment related assistance
 6. Remove obstacles and solve problems which block the achievement of self-sufficiency
 7. Achieve greater participation in the affairs of the community, and
 8. Make more effective use of other programs related to the purposes of the enabling federal legislation.
- C. To provide on an emergency basis for the provision of such supplies and services, nutritious foodstuffs, and related services, as may be necessary to counteract conditions of starvation and malnutrition among the poor.
- D. To coordinate and establish linkages between governmental and other social service programs to assure the effective delivery of such services to low-income individuals.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined financial statements of Southern New Hampshire Services, Inc. (the Organization) and affiliate, which comprise the combined statement of financial position as of July 31, 2018, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements, and have issued our report thereon dated January 17, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the combined financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's combined financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern New Hampshire Services, Inc. and affiliate's combined financial statements are free from material misstatement, we performed tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Program and on
Internal Control over Compliance and Schedule of Expenditures of
Federal Awards Required by the Uniform Guidance**

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southern New Hampshire Services, Inc. (the Organization) and affiliate's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southern New Hampshire Services, Inc. and affiliate's major federal programs for the year ended July 31, 2018. Southern New Hampshire Services, Inc. and affiliate's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southern New Hampshire Services, Inc. and affiliate's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern New Hampshire Services, Inc. and affiliate's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southern New Hampshire Services, Inc. and affiliate's compliance.

Opinion on Each Major Federal Program

In our opinion, Southern New Hampshire Services, Inc. and affiliate complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended July 31, 2018.

Report on Internal Control over Compliance

Management of Southern New Hampshire Services, Inc. and affiliate is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern New Hampshire Services, Inc. and affiliate's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the combined financial statements of Southern New Hampshire Services, Inc. and affiliate as of and for the year ended July 31, 2018, and have issued our report thereon dated January 17, 2019, which contained an unmodified opinion on those combined financial statements. Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the combined financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

Report on the Financial Statements

We have audited the accompanying combined financial statements of Southern New Hampshire Services, Inc. (a nonprofit organization) and affiliate, which comprise the combined statements of financial position as of July 31, 2018 and 2017, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. and affiliate, as of July 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated January 17, 2019 on our consideration of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and compliance.

SOUTHERN NEW HAMPSHIRE SERVICES, INC. AND AFFILIATE

NOTES TO COMBINED FINANCIAL STATEMENTS

JULY 31, 2018 AND 2017

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Organization

Southern New Hampshire Services, Inc. (SNHS) is an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in New Hampshire's Hillsborough County and Rockingham County. The Organization's programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing and homelessness prevention. The Organization is committed to providing respectful support services and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts. Services are provided through Southern New Hampshire Services, Inc. and SNHS Management Corporation.

Basis of Accounting and Presentation

The Organization prepares its combined financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; and accordingly reflect all significant receivables, payables, and other liabilities. Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Unrestricted net assets of the Organization are net assets that are neither permanently restricted nor temporarily restricted by donor-imposed restrictions.

Temporarily restricted net assets - Temporarily restricted net assets are net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations.

Permanently restricted net assets - Permanently restricted net assets are net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

The Organization has no temporarily restricted or permanently restricted net assets at July 31, 2018 and 2017.

Combined Financial Statements

All significant intercompany items and transactions have been eliminated from the basic combined financial statements. The combined financial statements include the accounts of SNHS Management Corporation because Southern New Hampshire Services, Inc. controls more than 50% of the voting power.

Use of Estimates

The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these amounts.

NOTES TO COMBINED FINANCIAL STATEMENTS

(Continued)

JULY 31, 2018 AND 2017

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For the purpose of the combined statements of cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Current Vulnerabilities Due to Certain Concentrations

The Organization maintains its cash balances at several financial institutions located in New Hampshire and Maine. The balances are insured by the Federal Deposit Insurance Organization (FDIC) up to \$250,000 per financial institution. In addition, on October 2, 2008, the Organization entered into an agreement with its principal banking partner to collateralize deposits in excess of the FDIC insurance limitation on some accounts. The balances, at times, may exceed amounts covered by the FDIC and collateralization agreements. It is the opinion of management that there is no significant risk with respect to these deposits at this time.

Accounts and Contracts Receivable

All accounts and contracts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Receivables are recorded on the accrual basis of accounting primarily based on reimbursable contracts, grants and agreements. Balances outstanding after management has used reasonable collection efforts are written off through a charge to bad debt expense and a credit to the applicable accounts receivable. Management does not believe an allowance for uncollectible accounts receivable is necessary at July 31, 2018 and 2017.

Revenue Recognition

The Organization's revenue is recognized primarily from federal and state grants and contracts generally structured as reimbursed contracts for services and therefore revenue is recognized based on when their individual allowable budgeted expenditures occur. Refundable advances result from unexpended balances from these exchange transactions. Federal and state grant revenue comprised approximately 90% and 89% of total revenue in the fiscal years ended July 31, 2018 and 2017, respectively.

Contributions and In-Kind Donations

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions. In-kind revenues and expenses represent fair market value of volunteer services and non-paid goods which were donated to the Organization during the current fiscal year. All in-kind revenues in the fiscal year 2018 and 2017 were generated through the Head Start and Economic Workforce Development programs. Since the recognition criteria is not met, no in-kind revenues are recognized as contributions in the combined financial statements and the in-kind expenses have been eliminated.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities.

Fixed Assets

Fixed assets acquired by the Organization are capitalized at cost if purchased or fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of \$5,000. Major additions and renewals are capitalized, while repairs and maintenance are expensed as incurred. Depreciation is calculated using the straight-line basis over the estimated useful lives of the assets, which range from three to forty years. Depreciation expense for July 31, 2018 and 2017 was \$427,069 and \$417,119, respectively.

Fixed assets purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the fixed assets purchased with grant funds. The disposition of fixed assets, as well as the ownership of any proceeds is subject to funding source regulations.

Advertising

The Organization uses advertising to promote programs among the people it serves. The production costs of advertising are expensed as incurred.

Functional Allocation of Expenses

The costs associated with providing program services and management and general support services are presented by natural classification on the combined statement of functional expenses and have been summarized on a functional basis on the combined statements of activities.

Subsequent Events

Management has made an evaluation of subsequent events through January 17, 2019, which represents the date on which the combined financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of these combined financial statements.

Recent Accounting Pronouncements

Revenue Recognition

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers*, to clarify the principles for recognizing revenue and to develop a common revenue standard for U.S. GAAP and International Financial Reporting Standards. The core principle of the guidance requires entities to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance is effective for the Organization's year ending July 31, 2020. Management is currently evaluating the impact of adoption on the Organization's financial statements

Recent Accounting Pronouncements (Continued)

Not-for-Profit Entities

In August 2016, the FASB issued ASU No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. The main provisions of this update include:

- eliminating the distinction between resources with permanent restrictions and those with temporary restrictions from the face of the financial statements and requiring enhanced disclosure in the notes to the financial statements to provide information about the nature, amounts, and effects of the various types of donor-imposed restrictions;
- disclosing qualitative information that communicates how an organization manages its liquid resources available to meet cash needs for general expenditures within one year of the statement of financial position date;
- disclosing amounts of expenses by both their natural classification and their functional classification;
- disclosing the method used to allocate costs amount program and support functions.

The amendments in this update are effective for annual financial statements issued for fiscal years beginning after December 15, 2017. The guidance is effective for the Organization's fiscal year ending July 31, 2019. This update may have a significant effect on the presentation of the Organization's financial statements.

Leases

In February 2016, the FASB released ASU 2016-02, *Leases* (Topic 842), which provides users of the financial statements a more accurate picture of the assets and the long-term financial obligations of organizations that lease. The standard is for a dual-model approach; a lessee will account for most existing capital leases as Type A leases, and most existing operating leases as Type B leases. Both will be reported on the statement of financial condition of the organization for leases with a term exceeding 12 months. Lessors will see changes as well, primarily made to align with the revised model. The guidance is effective for the Organization's year ended July 30, 2021. The standard requires a modified retroactive application to previously issued financial statements for 2019 and 2018, if presented. Management is currently evaluating the impact of adoption on the Organization's financial statements.

Reclassifications

Certain reclassifications have been made to the 2017 combined financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 2: RESTRICTED CASH

The Organization, as stipulated in many of the loan agreements associated with the housing projects included in SNHS Management Corporation, is required to maintain separate accounts and make monthly deposits into certain restricted reserves for the replacement of property and other expenditures. In addition, the Organization is required to maintain separate accounts for tenant security deposits and any surplus cash that may result from annual operations. These accounts are also not available for operating purposes and generally need additional approval from oversight agencies before withdrawal and use of these funds can occur.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2018 and 2017.

Mutual Funds: Valued at the net asset value of shares held on the last trading day of the fiscal year, which is the basis for transactions at that date.

NOTE 6: OPERATING LEASES

The Organization leases various facilities and equipment under several operating leases. Total lease payments for the years ended July 31, 2018 and 2017 equaled \$708,379 and \$678,755, respectively. The leases expire at various times through October 2020. Some of the leases contain renewal options that are contingent upon federal funding and some contain renewal options subject to renegotiation of lease terms.

The following is a schedule of future minimum lease payments for the operating leases as of July 31, 2018:

2019	\$ 206,983
2020	50,114
2021	<u>7,549</u>
Total	<u>\$ 264,646</u>

NOTE 7: RETIREMENT BENEFITS

The Organization has an Employer-Sponsored 403(b) plan offering coverage to all of its employees. Participating employees must contribute at least 1% of their wages, while the Organization contributes 10% of their wages. The pension expense for the years ended July 31, 2018 and 2017 was \$838,296 and \$763,595, respectively.

NOTE 8: RISKS AND UNCERTAINTIES

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules, and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTE 9: CONTINGENCIES AND CONTINGENT LIABILITIES

The Organization receives contract funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not yet been determined.

Cotton Mill Square

In 2015, SNHS Management Corporation entered into a contract as part of the Community Development Investment Tax Credit Program with the Community Development Finance Authority (CDFA) and was awarded \$1,000,000 to provide funding for the development and adaptive reuse of an abandoned historic cotton mill in downtown Nashua, NH. Under this program, the Project (Cotton Mill Square) created 109 units of housing and was required to reserve 55 of these units for low to moderate income households.

NOTE 9: CONTINGENCIES AND CONTINGENT LIABILITIES (Continued)

Cotton Mill Square (Continued)

As stipulated by the contract and after a 20% program fee retained by the CDFA, SNHS Management Corporation entered into a subrecipient agreement with the owners of the Project (Cotton Mill Square LLC) to provide a promissory note and mortgage of the remaining award amount of \$800,000. The 20 year note to Cotton Mill Square LLC is non-interest bearing and the principal is forgivable at a rate of 5% each year the Project maintains the required minimum of 55 low to moderate income household units.

The Cotton Mill Square Project was awarded the certificate of occupancy on August 22, 2014 and remains in full compliance with the required regulations as of July 31, 2018 and 2017. SNHS Management Corporation feels that it is extremely unlikely that the Project will fall into noncompliance in future periods. Therefore, SNHS Management Corporation has not recorded any contingent receivable or liability related to this transaction. The current unforgiven principal amount at July 31, 2018 and 2017 is \$640,000 and \$680,000, respectively. The note repayment is accelerated if the units fall out of compliance.

In October of 2017, the subrecipient agreement with Cotton Mill Square LLC was amended to cease the annual 5% debt forgiveness. This modification effectively holds the promissory note balance at \$720,000 which will now be forgiven in full at the end of the agreement as long as the Project maintains compliance with the original agreement's terms. This modification did not change the contingent receivable or liability with SNHS Management Corporation.

J. Brown Homestead Property

On July 1, 2011, Rockingham Community Acton (RCA) was acquired by SNHS. As part of this merger, SNHS assumed all the assets, liabilities and obligations of RCA which included the J. Brown Homestead Property.

The J. Brown Homestead Property was conveyed to RCA in 1999 by the Town of Raymond for \$1 and a mortgage lien of \$604,418. The property contains four apartments limited to low-income seniors, office space for the Outreach operations, space for the Food Pantry operation, and a common meeting room for use by Town of Raymond organizations. The Town of Raymond included a requirement that the property be used for a social service center for a period of 20 years, called the benefit period, after which this requirement terminates.

In the event that SNHS sells or otherwise conveys the property within the benefit period, the remaining lien will be either paid from the proceeds of the sale or remain with the land to any subsequent purchaser for the remaining benefit period.

This mortgage lien has no scheduled principal or interest payments and is forgivable at a rate of 5% each year of the benefit period until it is completely forgiven in year 2019. The value of this lien at July 31, 2018 and 2017 is \$60,442 and \$90,663, respectively. SNHS has no plans to sell or transfer this property. Therefore, the contingent mortgage lien liability has not been included in the financial statements.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant:

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statements of financial position as of May 31, 2018 and 2017, and the related consolidated statements of cash flows, and notes to the consolidated financial statements for the years then ended, and the related consolidated statements of activities and functional expenses for the year ended May 31, 2018.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. and related companies as of May 31, 2018 and 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Southwestern Community Services, Inc. and related companies' 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 11, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended May 31, 2017, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedule of Functional Revenues and Expenses, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2018, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

The primary source of revenues is derived from governmental contracts.

Basis of Presentation

Financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958-210, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based upon the existence or absence of donor-imposed restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor-imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Organization.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor - imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

As of May 31, 2018 and 2017, the Organization had unrestricted and temporarily restricted net assets.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2017 from which the summarized information was derived.

Refundable Advances

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

In-Kind Support

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at May 31, 2018 and 2017. The Organization has no policy for charging interest on overdue accounts.

Notes Receivable

The Organization has two notes receivable from an unrelated third party. The notes receivables are stated at the amount that is expected to be collected at year end. Interest is accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable at May 31, 2018 was \$112,000 and \$45,547, respectively. At May 31, 2017, the balance of the notes receivable and related interest receivable were \$112,000 and \$41,067, respectively.

Current Vulnerability Due to Certain Concentrations

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2018 and 2017, approximately 75% and 73%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property. The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property. Depreciation expense for the years ended May 31, 2018 and 2017 totaled \$467,929 and \$415,720, respectively.

Advertising

The Organization expenses advertising costs as incurred.

Revenue Recognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as restricted if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Income Taxes

Southwestern Community Services, Inc. and SCS Management Corporation are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and are not private foundations. As such, they are exempt from income tax on their exempt function income.

SCS Housing, Inc., SCS Development Corporation and SCS Housing Development, Inc. are taxed as corporations. SCS Housing Inc. has federal net operating loss carryforwards totaling \$915,425 and \$840,803 at May 31, 2018 and 2017, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2027. SCS Development Corporation has federal net operating loss carryforwards totaling \$607 and \$629 at May 31, 2018 and 2017, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2020.

The tax effects of the carryforwards as related to deferred tax assets is as follows as of May 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Tax benefit from loss carryforwards	\$137,408	\$126,215
Valuation allowance	<u>(137,408)</u>	<u>(126,215)</u>
Deferred tax asset	<u>\$ -</u>	<u>\$ -</u>

Drewsville, Jaffrey, Troy Senior, Winchester and Keene East Side are taxed as partnerships. Federal income taxes are not payable by, or provided for these entities. Earnings and losses are included in the partners' federal income tax returns based on their share of partnership earnings. Partnerships are required to file income tax returns with the State of New Hampshire and pay an income tax at the state's statutory rate.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2015 – 2018), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

NOTE 2 **BANK LINE OF CREDIT**

The Organization has a \$250,000 revolving line of credit agreement with a bank. Interest is due monthly and is stated at the Wall Street Journal Prime Rate. **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statement of financial position as of May 31, 2018, and the related consolidated statements of activities, cash flows, and functional expenses for the year then ended, and the related consolidated notes to the financial statements, and have issued our report thereon dated September 17, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during

our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwestern Community Services, Inc.'s consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2018. Southwestern Community Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Southwestern Community Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwestern Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southwestern Community Services, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2018.

Report on Internal Control Over Compliance

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

When no longer in use, electronic media containing State of New Hampshire data shall be rendered unrecoverable via a secure wipe program in accordance with industry-accepted standards for secure deletion and media sanitization, or otherwise physically destroying the media (for example, degaussing) as described in NIST Special Publication 800-88, Rev 1, Guidelines for Media Sanitization, National Institute of Standards and Technology, U. S. Department of Commerce. The Contractor will document and certify in writing at time of the data destruction, and will provide written certification to the Department upon request. The written certification will include all details necessary to demonstrate data has been properly destroyed and validated. Where applicable, regulatory and professional standards for retention requirements will be jointly evaluated by the State and Contractor prior to destruction.
2. Unless otherwise specified, within thirty (30) days of the termination of this Contract, Contractor agrees to destroy all hard copies of Confidential Data using a secure method such as shredding.

The survey will be completed annually, or an alternate time frame at the Departments discretion with agreement by the Contractor, or the Department may request the survey be completed when the scope of the engagement between the Department and the Contractor changes.
10. The Contractor will not store, knowingly or unknowingly, any State of New Hampshire or Department data offshore or outside the boundaries of the United States unless prior express written consent is obtained from the Information Security Office leadership member within the Department.
11. Data Security Breach Liability. In the event of any security breach Contractor shall make efforts to investigate the causes of the breach, promptly take measures to prevent future breach and minimize any damage or loss resulting from the breach. The State shall recover from the Contractor all costs of response and recovery from

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Tri-County Community Action Program, Inc. and Affiliate (a New Hampshire nonprofit organization), which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of cash flows, functional expenses, and the related consolidated statement of activities for the year ended June 30, 2018, for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Tri-County Community Action Program, Inc. and Affiliate as of June 30, 2018 and 2017, and its consolidated cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Tri-County Community Action Program, Inc. and Affiliate's 2017 consolidated financial statements, and we expressed an unmodified audit opinion on those consolidated financial statements in our report dated November 10, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2017, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2018, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tri-County Community Action Program, Inc.'s internal control over financial reporting and compliance.

Alcohol & Other Drugs (AOD)

Services provided through the AOD program include assisting the alcoholic/addicted person on the road to recovery, through three phases: Crisis Intervention, Sobriety Maintenance, and Assessment and Referral to appropriate treatment facilities.

The Residential Treatment Programs (Friendship House) provide chemically dependent individuals with the fundamental tools of recovery, including educational classes, group and individual counseling, work and recreational therapy, and attendance at in-house and community-based alcoholics anonymous and narcotics anonymous meetings. The AOD program also offers assistance with its impaired driver programs.

The Friendship House, in December of 2014, had approximately \$130,000 worth of investments and improvements due to assistance from Public Services of New Hampshire. There was a total of \$111,595 of pre-development capitalized expenses at June 30, 2017.

Effective October 1, 2017, the Organization is no longer responsible for the Alcohol & Other Drugs (AOD) program. The grants for the program have been transferred to North Country Health Consortium (NCHC), as they are taking over the program. The Friendship House was sold to Affordable Housing Education and Development (AHEAD).

Housing Services

Cornerstone Housing North, Inc. is subject to a Project Rental Assistance Contract (PRAC) with the United States Department of Housing and Urban Development (HUD), and a significant portion of their rental income is received from HUD.

The Organization includes a 12 unit apartment complex in Berlin, New Hampshire for the elderly. This operates under Section 202 of the National Housing Act and is regulated by HUD with respect to the rental charges and operating methods.

The above Organization has a Section 202 Capital Advance. Under guidelines established by the U.S. Office of Management and Budget *Uniform Guidance, Title 2 U.S. Code of Federal Regulations (CFR) part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, the Section 202 Capital Advance is considered to be a major program.

Method of accounting

The consolidated financial statements of Tri-County Community Action Program, Inc. have been prepared utilizing the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as promulgated by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under this basis, revenue, other than contributions, and expenses are reported when incurred without regard to the date of receipt or payment of cash.

Basis of presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

The Organization had no permanently restricted net assets at June 30, 2018 and 2017. The Organization had temporarily restricted net assets of \$817,791 and \$702,600 at June 30, 2018 and 2017, respectively.

Restricted and unrestricted support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Unrestricted net assets include revenues and expenses and contributions which are not subject to any donor imposed restrictions. Unrestricted net assets can be board designated by the Board of Directors for special projects and expenditures.

Temporarily restricted net assets include contributions for which time restrictions or donor-imposed restrictions have not yet been met. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction (**Note 12**).

Permanently restricted net assets include gifts which require, by donor restriction, that the corpus be invested in perpetuity and only the income or a portion thereof (excluding capital gains restricted by State statute) be made available for program operations in accordance with donor restrictions. The Organization had no permanently restricted net assets at June 30, 2018 and 2017.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. The accounting standards for fair values establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Organization. Unobservable inputs are inputs that reflect the Organization's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The hierarchy is classified into three levels based on the reliability of inputs as follows:

Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2: Valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in markets that are not active or by model-based techniques in which all significant inputs are observable in the market.

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement. The degree of judgment exercised in determining fair value is greatest for instruments categorized as Level 3.

The availability of observable inputs can vary and is affected by a wide variety of factors, including, the type of asset/liability, whether the asset/liability is established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, assumptions are required to reflect those that market participants would use in pricing the asset or liability at the measurement date.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Most of the receivables are amounts due from federal and state awarding agencies and are based on reimbursement for expenditures made under specific grants or contracts. A portion of the accounts receivable balance represents amounts due from patients at Carroll County Dental program. Past due receivables are written off at management's discretion using the direct write off method; this is not considered a departure from accounting principles generally accepted in the United State because the effects of the direct write method approximate those of the allowance method. Management selects accounts to be written off after analyzing past payment history, the age of the accounts receivable, and collection rates for receivables with similar characteristics, such as length of time outstanding. The Organization does not charge interest on outstanding accounts receivable.

Property and Depreciation

Acquisitions of buildings, equipment, and improvements in excess of \$5,000 and all expenditures for repairs, maintenance, and betterments that materially prolong the useful lives of assets are capitalized. Buildings, equipment, and improvements are stated at cost less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets.

Depreciation expense related to assets used solely by an individual program is charged directly to the related program. Depreciation expense for assets used by more than one program is charged to the program based upon a square footage or other similar allocation.

Depreciation expense related to administrative assets is included in the indirect cost pool and charged to the programs in accordance with the indirect cost plan. Maintenance and repairs that do not materially prolong the useful lives of assets are charged to expense as incurred.

Estimated useful lives are as follows:

Buildings and improvements	20 to 40 years
Vehicles	5 to 8.5 years
Furniture and equipment	5 to 15 years

Client Rents and HUD Rent Subsidy

Cornerstone Housing North, Inc.'s rents are approved on an annual basis by the Department of Housing and Urban Development. Rental increases are prohibited without such approval. The clients are charged rent equal to 30% of their income less adjustments allowed by the Department of Housing and Urban Development.

Rent subsidies are received from the Department of Housing and Urban Development for the difference between the allowed rents and the amounts received from the clients.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$191,069 and \$197,548 as of June 30, 2018 and 2017, respectively.

Nonprofit tax status

The Organization is a *not-for-profit* Section 501(c)(3) organization in accordance with the Internal Revenue Code. It has been classified as an Organization that is not a private foundation under the Internal Revenue Code and qualifies for a charitable contribution deduction for individual donors. The Organization files information returns in the United States. The Organization's Federal Form 990 (Return of Organization Exempt from Income Tax), is subject to examination by the IRS, generally for three years after it is filed. The Organization is no longer subject to examinations by tax authorities for years prior to 2014

The Organization follows FASB ASC, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. The Organization does not believe they have taken uncertain tax positions, therefore, a liability for income taxes associated with uncertain tax positions has not been recognized.

Cornerstone Housing North, Inc. is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Organization to be other than a private foundation within the meaning of Section 509(a).

Retirement plan

The Organization maintains a tax-sheltered annuity plan under the provisions of Section 403(b) of the Internal Revenue Code. All employees are eligible to contribute to the plan beginning on the date they are employed. Each employee may elect salary reduction agreement contributions in accordance with limits allowed in the Internal Revenue Code. Employer contributions are at the Organization's annual discretion. In January 2013, employer contribution payments ceased, therefore as of June 30, 2018 and 2017, there were no discretionary contributions recorded. Further information can be obtained from the Organization's 403(b) audited financial statements.

Donated services and goods

Contributions of donated services that create or enhance non-financial assets or that require specialized skills and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received.

Contributed noncash assets are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of noncash assets are recorded as unrestricted support.

Donated property and equipment

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Promises to Give

Conditional promises to give are not recognized in the financial statements until the conditions are substantially met. Unconditional promises to give that are expected to be collected within one year are recorded at the net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Promises that remain uncollected more than one year after their due dates are written off unless the donors indicate that payment is merely postponed. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

As of June 30, 2018 and 2017, there were promises to give that were absent of donor stipulations, but restricted in regards to timing, and therefore classified as temporarily restricted in the amount of \$212,207 and \$205,804, respectively. This amount was included in grants and contracts on the Consolidated Statement of Activities.

Use of estimates

The presentation of financial statements in conformity accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value of Financial Instruments

Accounting Standards Codification No. 825 (ASC 825), *Disclosures of Fair Value of Financial Instruments*, requires the Organization to disclose fair values of its

financial instruments. The carrying amount of the Organization's financial instruments which consists of cash, accounts receivable, deposits and accounts payable, approximate fair value because of the short-term maturity of those instruments.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited.

Program salaries and related expenses are allocated to the various programs and supporting services based on actual or estimated time employees spend on each function as reported on a timesheet.

Workers Compensation expenses are charged to each program based upon the classification of each employee and allocated to the various program based upon the time employees spend on each function as noted above.

Paid Leave is charged to a leave pool and is allocated to each program as a percentage of total salaries.

Fringe Benefits are charged to a Fringe Benefit Pool. These expenses include employer payroll taxes, pension expenses, health and dental insurance and unemployment compensation. The pool is allocated to each program based upon a percentage of salaries.

Depreciation expense is allocated to each program based upon specific assets used by the program and is reported as depreciation expense on the statements of functional expenses.

Other occupancy expenses are applicable to assets which are used by multiple programs. Buildings are primarily charged to the benefiting program based upon an analysis of square footage. Costs related to a building include depreciation, insurance, utilities, building maintenance, etc. These costs are reported as space costs on the statements of functional expenses.

Insurance: automobile insurance is allocated to programs based on vehicle usage; building liability insurance is allocated to programs based on square footage of the buildings; and insurance for furniture and equipment is allocated to programs using the book basis of the insured assets.

The remaining shared expenses are charged to an Indirect Cost Pool and are allocated to each program based upon a percentage of program expenses. The expenses include items such as administrative salaries, general liability insurance, administrative travel, professional fees and other expenses which cannot be specifically identified and charged to a program.

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human Services. The proposal effective for the fiscal year beginning July 1, 2017 received provisional approval and is effective until amended at a rate of 13%. Per the agreement with the U.S. Department of Health and Human Services, the Organization's final rate for the year ended June 30, 2017 was 12.5%. The Organization carefully calculates the allocation to agree exactly with the expenses in the indirect pool. The actual rate for the year ended June 30, 2018 was approximately 11.454%, which is allowable because it is less than the provisional rate.

Advertising policy

The Organization uses advertising to inform the community about the programs it offers and the availability of services. Advertising is expensed as incurred. The total cost of advertising for the years ended June 30, 2018 and 2017 was \$18,616 and \$26,456, respectively.

NOTE 2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash on hand, funds on deposit with financial institutions, and investments with original maturities of three months or less. At year end and throughout the year, the Organization's cash balances were deposited with multiple financial institutions. At June 30, 2018 and 2017, the balances in interest and non-interest-bearing accounts were insured by the FDIC up to \$250,000. At June 30, 2018 and 2017, there was approximately \$1,200,000 and \$665,000, of deposits held in excess of the FDIC limit, respectively. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents and considers this a normal business risk.

Cash Restrictions

The Organization is required to maintain a deposit account with a bank as part of the loan security agreement disclosed at **Note 6**. The required balance in the account is \$19,968 and is restricted from withdrawal except to make payments of debt service or as approved by the US Department of Agriculture. The Organization is compliant with this requirement as of October 2017.

Amounts withdrawn to make payments of debt service must be replenished with monthly deposits until the maximum required deposit balance is achieved. The balance as of June 30, 2018 and 2017 was \$19,980 and \$19,611, respectively. The Organization has made all of their scheduled deposits for the years ended June 30, 2018 and 2017. These amounts are included in restricted cash on the Statements of Financial Position.

The Organization is required to maintain a deposit account with another bank as part of a bond issue (see bond payable in **Note 6**). The required balance in the account is \$173,817 and is equal to 12 monthly payments. The balance as of June 30, 2018 and 2017 was \$174,273 and \$187,095, respectively, and the Organization was in compliance with this requirement. These amounts are included in restricted cash on the Statements of Financial Position.

The Organization maintains a deposit account on behalf of clients who participate in the Guardianship Services Program. The balance in the account is restricted for use on behalf of these clients and an offsetting liability is reported on the financial statements as other current liabilities. The total current liability related to this restriction at June 30, 2018 and 2017 was \$378,605 and \$642,308, respectively. These amounts are included in other liabilities on the Statements of Financial Position. The total restricted cash within this account at June 30, 2018 and 2017 was \$378,605 and \$642,308, respectively, and is included in the restricted cash balance on the Statements of Financial Position.

Certain cash accounts related to Cornerstone Housing North, Inc. are restricted for certain uses in the Organization under rules and regulations prescribed by the Department of Housing and Urban Development. The total amount restricted at June 30, 2018 and 2017 was \$131,610 and \$93,673, respectively.

NOTE 3. INVENTORY

In 2018 and 2017, inventory included weatherization materials which had been purchased in bulk. These items are valued at the most recent cost. A physical inventory is taken annually. Cost is determined using the first-in, first-out (FIFO) method. Inventory at June 30, 2018 and 2017, consists of weatherization materials totaling \$87,569 and \$65,641, respectively.

During the year ended June 30, 2018, the Organization adopted the provisions of the FASB Accounting Standard Update (ASU) 2015-11, *Inventory, (Topic 330): Simplifying the Measurement of Inventory*, which simplifies the subsequent measurement of inventory by requiring inventory to be measured at the lower of cost net realizable value. Net realizable value is the estimated selling price of inventory in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The Organization has evaluated ASU 2015-11 and has determined that is no material impact to the financial statements.

NOTE 4. ACCRUED EARNED TIME

For the years ending June 30, 2018 and 2017, employees of the Organization were eligible to accrue vacation for a maximum of 160 hours. At June 30, 2018 and 2017, the Organization had accrued a liability for future annual leave time that its employees had earned and vested in the amount of \$203,121 and \$242,545, respectively.

In May 2013, the Organization began making monthly deposits to the reserve account, but had not yet accumulated the required balance. Failure to meet this requirement may be construed by the Government to constitute default; however, the awarding agency is aware of this issue and has not made a request for advanced payment.

NOTE 7. CAPITAL LEASE OBLIGATIONS

During the year ended June 30, 2016, the Organization leased a phone system and copier under the terms of capital leases, expiring in November 2020 and March 2021, respectively. The assets and liabilities under the capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the assets. The assets are depreciated over their estimated lives.

The obligations included in capital leases at June 30, 2018 and 2017, consisted of the following:

NOTE 8. DEMAND NOTE PAYABLE

The Organization has available a \$750,000 line of credit with TD Bank which is secured by real estate mortgages and assignments of leases and rents on various properties as disclosed in the line of credit agreement. Borrowings under the line bear interest at 5.00% per annum, and totaled \$316,000 and \$400,000 at June 30, 2018 and 2017, respectively. The line is subject to renewal each January.

The Organization was issued an unsecured revolving line of credit in 2014 with the New Hampshire Department of Administration Services. On June 30, 2018 and 2017, the outstanding debt totaled \$200,022 and \$271,434, respectively, which included accrued interest of \$22 and \$21,434, respectively. During the year ended June 30, 2017 there was an amendment to the original agreement. The Organization is not required to make payments of interest or principal prior to maturity. The unsecured revolving line of credit matures in November 2019.

NOTE 9. OPERATING LEASES

The Organization has entered into numerous lease commitments for space. Leases under non-cancelable lease agreements have various starting dates, lengths, and terms of payment and renewal. Additionally, the Organization has several facilities which are leased on a month to month basis. For the years ended June 30, 2018 and 2017, the annual rent expense for leased facilities totaled \$165,227 and \$163,025, respectively.

Minimum future rental payments under non-cancelable operating leases having initial terms in excess of one year as of June 30, 2018, are as follows:

<u>Years ending</u> <u>June 30</u>	<u>Amount</u>
2019	\$ 157,610
2020	43,441
2021	39,611
2022	<u>3,301</u>
	<u>\$ 243,963</u>

NOTE 10. IN-KIND CONTRIBUTIONS

The Organization records the value of in-kind contributions according to the accounting policy described in **Note 1**. The Head Start, transportation and elder programs rely heavily on volunteers who donate their services to the Organization. These services are valued based upon the comparative market wage for similar paid positions.

The Organization is also the beneficiary of a donation of in kind in the form of below market rent for some of the facilities utilized by the Head Start and elder programs. The value of the in-kind rent is recorded at the difference between the rental payment and the market rate for the property based upon a recent appraisal.

Many other individuals have donated significant amounts of time to the activities of the Organization. The financial statements do not reflect any value for these donated services since there is no reliable basis for making a reasonable determination.

NOTE 11. CONCENTRATION OF RISK

Tri-County Community Action Program, Inc. receives a majority of its support from federal and state governments. For the years ended June 30, 2018 and 2017, approximately \$13,773,803 (75%) and \$12,128,016 (71%), respectively, of the Organization's total revenue was received from federal and state governments. If a significant reduction in the level of support were to occur, it would have a significant effect on the Organization's programs and activities.

Cornerstone Housing North, Inc. receives a large majority of its support from the U.S. Department of Housing and Urban Development. For the years ended June 30, 2018 and 2017 approximately 69% for each year, respectively, of the Organizations total revenue was derived from the U.S. Department of Housing and Urban Development. In the absence of additional revenue sources, the future existence of Cornerstone Housing North, Inc. is dependent upon the funding policies of the U.S. Department of Housing and Urban Development.

The majority of Comerstone Housing North, Inc.'s assets are apartment projects, for which operations are concentrated in the elderly person's real estate market. In

addition, the Organization operates in a regulated environment. The operation of the Organization is subject to administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to, HUD. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by HUD. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the administrative burden, to comply with the change.

NOTE 13. COMMITMENTS AND CONTINGENCIES

Grant Compliance

The Organization receives funds under several federal and state grants. Under the terms of the grants the Organization is required to comply with various stipulations including use and time restrictions. If the Organization was found to be noncompliant with the provisions of the grant agreements, the Organization could be liable to the grantor or face discontinuation of funding.

Environmental Contingencies

On March 30, 2009, the Organization's Board of Directors agreed to secure ownership of a 1.2-acre site located in Berlin, New Hampshire. There are 2 buildings on this site designated as the East Wing and West Wing Buildings which were formerly used as a research and development facility for the Berlin Mills Company.

The exterior soil and interior parts of the East Wing Building contained contaminants which required environmental remediation. In a letter dated May 2, 2012, the State of New Hampshire Department of Environment Services (the Department) noted that the remedial actions for the exterior soils and parts of the East Wing Building had been completed to the Department's satisfaction.

In addition, the Department noted that the contaminants related to the West Wing Building did not pose an exposure hazard to site occupants, area residents, and the environment provided the West Wing Building is maintained to prevent further structural deterioration. If further deterioration occurs and contaminants are released into the environment, the Organization could be required to take additional action including containment and remediation.

Loss Contingencies

During the year ended June 30, 2018, legal actions were brought against the Organization. Due to the uncertainty of the outcome of such cases as of June 30, 2018, as well as the uncertainty of the Organization's potential liability, no amount has been accrued by the Organization at this time.

NOTE 14. RELATED PARTY TRANSACTIONS

As disclosed in Note 6, the Organization has a loan payable to a non-profit organization which also provides pass-through state and federal funding for some of the Organization's programs. See Note 6 and Note 16 for terms of the note payables and related forgiveness of debt. The Organization had a note payable to a related party in the amount of \$24,533 at June 30, 2017. The note payable was paid in full during 2018.

NOTE 15. RESIDUAL RECEIPTS ACCOUNT

Cornerstone Housing North, Inc.'s use of the residual receipts account is contingent upon HUD's prior written approval. During the year ended June 30, 2017, HUD approved a withdrawal from the residual receipt account in the amount of \$13,205 for an energy efficiency project. There were no withdrawals from the residual receipts account for the year ended June 30, 2018. Residual receipts of \$21,326 and \$1,847 were held in a segregated account for the years ended June 30, 2018 and 2017, respectively.

NOTE 16. FORGIVENESS OF DEBT

During the year ended June 30, 2017, the Organization realized forgiveness of debt income in connection with a note payable to a non-profit organization. Forgiveness of debt income totaled \$25,912 for the year ended June 30, 2017.

NOTE 17. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 19, 2018, the date the financial statements were available to be issued.

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of Federal Awards (the Schedule) includes the federal grant activity of Tri-County Community Action Program, Inc. under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Tri-County Community Action Program, Inc., it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 19, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Tri-County Community Action Program Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tri-County Community Action Program Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Tri-County Community Action Program Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Tri-County Community Action Program Inc.'s major federal programs for the year ended June 30, 2018. Tri-County Community Action Program Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Tri-County Community Action Program Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tri-County Community Action Program Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tri-County Community Action Program Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Tri-County Community Action Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of Tri-County Community Action Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Tri-County Community Action Program Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and
