REQUESTED ACTION

Retroactive

To authorize New Hampshire Employment Security (NHES) to enter into a retroactive no-cost contract amendment with East Coast Security Services, Inc. (VC# 156851), Salem, NH. This amendment will serve to extend burglar/panic/AC Fault/DC Fault monitoring coverage from one year to seventeen months retroactive to July 1, 2016 through November 30, 2016 upon Governor and Council approval. No additional funds are included.

The original competitively-bid 100% federally funded contract was approved by the Governor and Council on November 20, 2013 as item #30 and amended as item #45 on December 16, 2015.

EXPLANATION

NHES is requesting approval of the attached no-cost contract amendment for alarm and building access control system monitoring and maintenance services. The request is retroactive since NHES was not able to gather appropriate documentation more timely once it was discovered contract language clarification was necessary in order to continue our statewide burglar/panic/AC Fault/DC Fault alarm monitoring services. This amendment will serve to extend monitoring services through the entire term of the contract. No additional funds are included.

REQUESTED ACTION

To authorize New Hampshire Employment Security (NHES) to enter into a retroactive no-cost contract amendment with East Coast Security Services, Inc. (VC# 156851), Salem, NH. This amendment will serve to add equipment relocation services and clarify contract language contained in our existing statewide alarm and building access control system monitoring and maintenance services agreement retroactive to November 17, 2015 through November 30, 2016 upon Governor and Council approval. No additional funds are included.

The original competitively-bid 100% federally funded contract was approved by the Governor and Council on November 20, 2013 as item #30.

EXPLANATION

NHES is requesting approval of the attached no-cost contract amendment for alarm and building access control system monitoring and maintenance services. The request is retroactive since NHES was not able to gather appropriate documentation more timely once it was discovered contract language clarification was necessary in order to meet the time constraints in connection with the relocation of the agency's Keene local office. This amendment will serve to add equipment relocation services and clarify contract language with respect to adding and removing NHES locations contained in our existing agreement.
