

*Victoria F. Sheehan*  
Commissioner

**THE STATE OF NEW HAMPSHIRE**  
DEPARTMENT OF TRANSPORTATION

*William Cass, P.E.*  
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
October 14, 2019

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with Continental Paving, Inc. of Londonderry, NH (Vendor 155350) on the basis of a low bid of \$4,114,712.10 for pavement resurfacing, from the date of Governor and Council approval through September 11, 2020, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2020 and Fiscal Year 2021 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2020</u>	<u>FY 2021</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$3,188,901.99	\$925,810.11

2. Further authorize that a contingency in the amount of \$205,735.61 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2020</u>	<u>FY 2021</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments		\$205,735.61

**EXPLANATION**

This project is part of the State's Ten Year Transportation Improvement Plan, under the 2019 Federal Resurfacing Program (Pave-Tier 2-Resurface). The approximately 20 mile project consists of pavement preservation of six Tier 2 roadway segments in the Lakes Region of the state, including:

- 19303A/19303DS – Wolfeboro, NH 28, ¾" Paver Shim FW Overlay, 3.2 miles
- 19328A – Ashland, US 3, 2" FW HS Wearing Course Inlay, 0.8 miles
- 20302 – Tamworth-Ossipee, NH 25, ½" Leveling Course FW, 1 1/2" Overlay, 4.5 miles
- 20303 – Holderness-Ashland, US 3, ¾" Paver Shim FW Overlay, 2.4 miles
- 20304 – Meredith-Holderness, US 3, ¾" Paver Shim FW Overlay, 6.3 miles
- 20305/20305DS – Campton, US 3, ¾" Paver Shim FW Overlay, 2.3 miles

This project is part of the CY 2020 Federal Resurfacing Program. All impacted towns and utilities will be notified of the work. Both ADA curb ramp work and guardrail work will be completed as part of this project.

The proposed contingency amount is 5% of the contract amount. This project has limited survey and therefore items have been quantified based on field observations, aerial photos and as-built plans. Field adjustments may be required due to varying conditions and asphalt prices are currently in escalation.

Although the bid costs exceeded the Department's estimate by 4.70% the low bid of 2 bids received is felt to be reasonable for the work involved. Five items contributed to 85% of the overage; guardrail (2), striping and pavement (2). Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

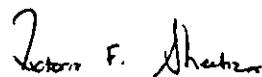

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% Federal (Paving-Tier 2-Resurfacing) utilizing Turnpike Toll Credits as the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/pcj

Department Estimate: \$3,929,959.17  
Contract Amount: \$4,114,712.10  
Over Estimate: \$ 184,752.93

**STATEWIDE TIER 2 (E) REFURFACING  
42323**

October 17, 2019

**SUPPLEMENTAL PROJECT INFORMATION SHEET**

**DESCRIPTION:** This project is part of the State's Ten Year Transportation Improvement Plan under the 2019 Federal Resurfacing Program (Pave-Tier 2-Resurface). The approximately 20 mile project consists of pavement preservation of six Tier 2 roadway segments in the Lakes Region of the state, including:

- 19303A/19303DS – Wolfeboro, NH 28, ¾" Paver Shim FW Overlay, 3.2 miles
- 19328A – Ashland, US 3, 2" FW HS Wearing Course Inlay, 0.8 miles
- 20302 – Tamworth-Ossipee, NH 25, ½" Leveling Course FW, 1 1/2" Overlay, 4.5 miles
- 20303 – Holderness-Ashland, US 3, ¾" Paver Shim FW Overlay, 2.4 miles
- 20304 – Meredith-Holderness, US 3, ¾" Paver Shim FW Overlay, 6.3 miles
- 20305/20305DS - Campton, US 3, ¾" Paver Shim FW Overlay, 2.3 miles

**FEDERAL FUNDING:** Pave-Tier 2-Resurfacing (80%), Turnpike Toll Credit (20%).

**CONTINGENCY:** The proposed contingency amount is 5% of the contract amount. The project was not surveyed and therefore, items have been quantified based on field observations, as-built plans, and aerial photos. Field adjustments may be required due to varying conditions. And, asphalt prices are currently in escalation.

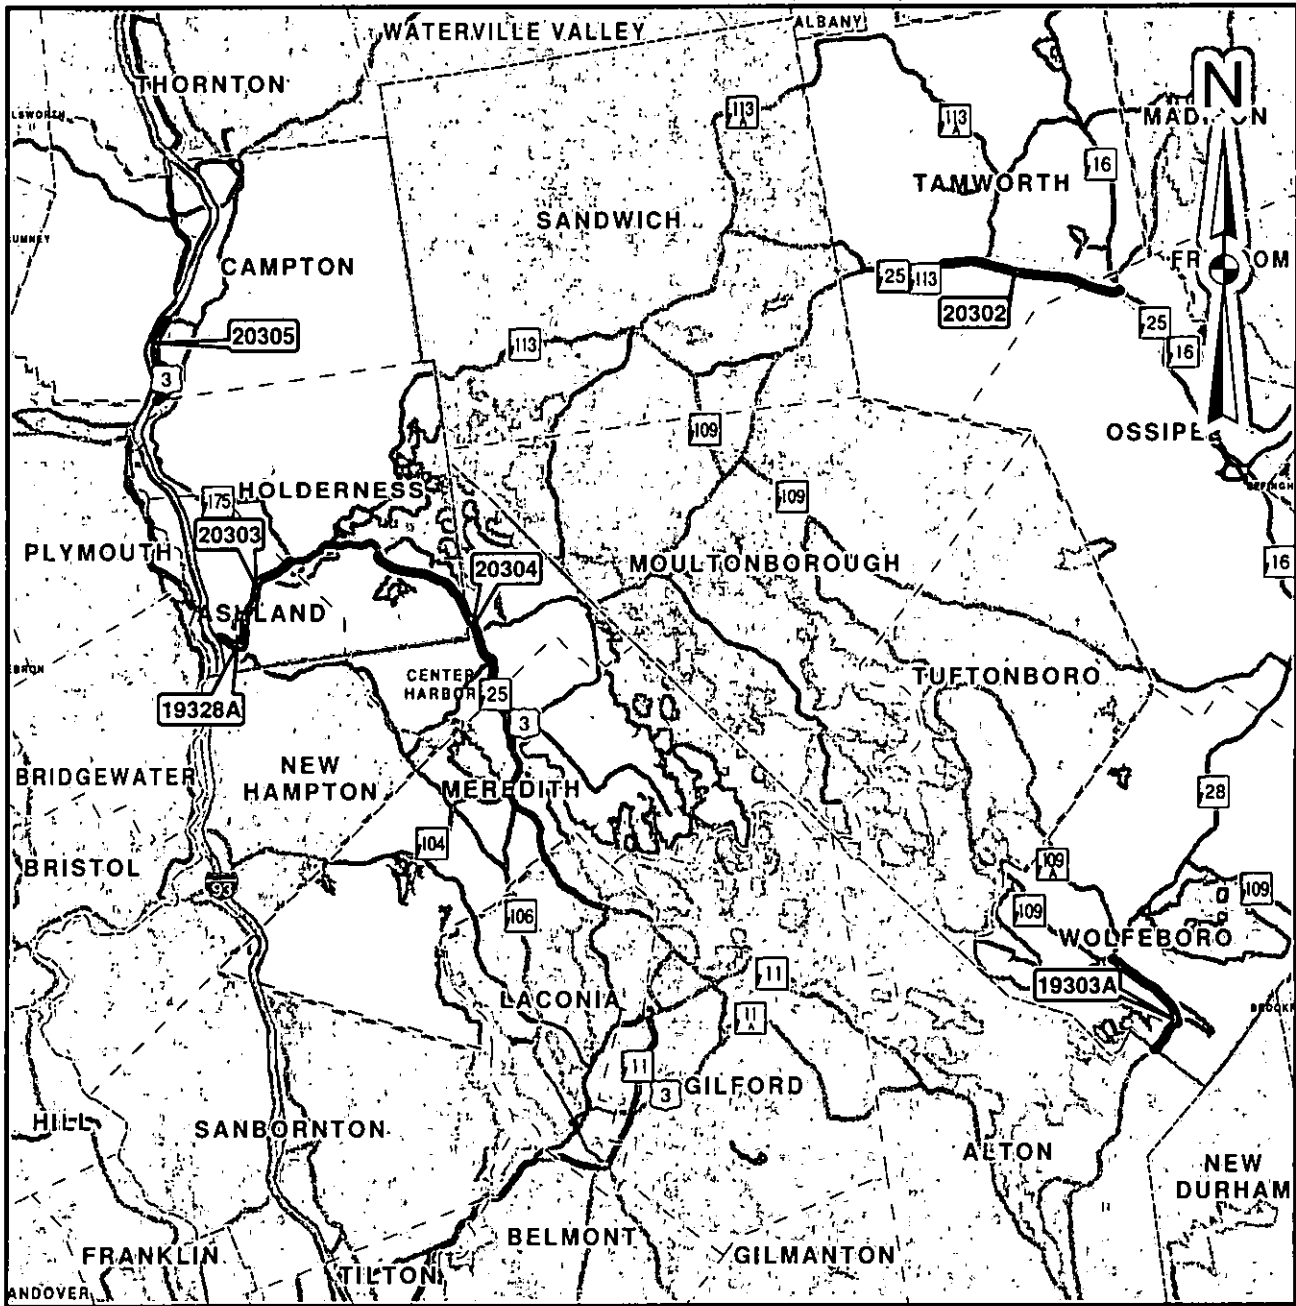

**PROJECT INITIATED:** The Pavement Management Section has reviewed the road segments included in this project and identified a need for a variety of pavement maintenance, preservation, and rehabilitation actions. This project will improve the roadway ride and increase safety.

**PROJECT EXPLANATION:** This project is part of the CY 2020 Federal Resurfacing Program. All impacted towns and utilities will be notified of the work. Both ADA curb ramp work and guardrail work will be completed as part of this project.

**TRAFFIC IMPLICATION:** The AADT varies throughout the different sections, one-lane, alternating two-way traffic will be required in order to complete the work. There are two signalized intersections within the project limits, however they are both within overlay sections which will not disturb the loops. There is one traffic count location within Section-20302, the Contractor will not disturb the traffic count location with the spot inlay treatment. There will be night work within Section-19303A in Wolfeboro particularly west of Pleasant Valley Rd. Lane closure lengths will be limited to one mile with a 2 mile separation required between work zones. Traffic will be restored to normal operating patterns at the end of each work day. Work zone significance was determined to be non-significant at the June 20, 2019 TCC Meeting.

**FINAL COMPLETION DATE:** September 11, 2020
