EXPLANATION

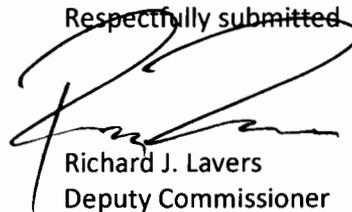

The Department of NH Employment Security encourages and supports employees who wish to further their professional growth through continuing education in disciplines that are mutually advantageous.

College for America at Southern New Hampshire University has partnered with the State of New Hampshire to provide state employees with low-cost, competency-based associate and bachelor degree programs. Students are expected to complete 120 competencies – twenty-four (24) goals during this two (2) year program. Each goal is matched to a specific course offered by Southern NH University, creating a very comprehensive program. The competence-based goals allow working adults to complete college degrees through practical, skill based school work. The student will demonstrate master in competency areas through the course criteria set within each total. These goals will provide the employee with real life experience through situations geared toward their current business practices and job expectations.

This employee has worked for the Department for seven (7) years and is currently a Program Specialist III in the Legal – Collections Section. In her current role she supervises six (6) employees and provides programmatic support and technical assistance in the coordination and investigation of collection activities for delinquent employment tax and unemployment compensation benefit accounts. The employee will be pursuing a Bachelor of Art's degree in Management, Concentration in Public Administration. Further development of the employee's business skills and knowledge of management practices will build upon the employee's competency in interfacing with external stakeholders and interagency personnel. Successful completion of the program will contribute to the overall strength of the Department in performing its mission to the citizens of New Hampshire.

The employee will be completing projects on her own personal time. A fully executed tuition agreement is attached.
