The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

Contract Period: 7/1/12 or date of G&C Approval, whichever is later, through 6/30/14

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", "provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Contractor Initials: [illegible]
Date 4/9/10

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and HealthFirst Family Care Center, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 841 Central Street, Franklin, New Hampshire 03235.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #131); as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3 to the Contract) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the Form P-37, General Provisions of the Agreement, the State may amend the contact terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,520,520
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.
7. Add Exhibit B-2 – Amendment #4, BCCP Budget.

5/12/17

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

Contractor's Initials: AMS

Date 5/12/17

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Contractor's Initials: RMS
Date 5/12/17

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

Contractor's Initials: RP

Date 5/12/17

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

Contractor's Initials: RLL

Date 5/12/17

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

Contractor's Initials: RVS

Date 5/12/17

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

Contractor's Initials: RDS

Date 5/12/17

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

Contractor's Initials: [signature]

Date 5/12/17

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

Contractor's Initials: RMS

Date 5/12/17

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: RLS

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. **Definitions**

1.1.1. **Measurement Year** – Measurement Year is defined as the calendar year, January 1st through December 31st.

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. **Breastfeeding**

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. **Preventive Health: Lead Screening**

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. **Preventive Health: Adolescent Well-Care Visit**

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

Contractor Initials: RDS
Date: 5/12/17

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of

counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

Contractor Initials: KPS
Date: 5/12/17

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NH MCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS)**.**

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

State of New Hampshire
Department of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that HEALTHFIRST FAMILY CARE CENTER, INC. is a New Hampshire Nonprofit Corporation registered to transact business in New Hampshire on April 23. 1996. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: **248976**

IN TESTIMONY WHEREOF,
I hereto set my hand and cause to be affixed
the Seal of the State of New Hampshire.
this 24th day of April A.D. 2017.

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

(Corporation without Seal)

I, Michael Stanley, do hereby certify that:

1. I am the duly elected Vice Chairman of the Board of Directors for the Nonprofit Corporation HealthFirst Family Care Center, Inc.

2. James Wells is the duly elected Chairman of the Board of the Corporation.

3. Richard Silverberg is the duly appointed President and Chief Executive Officer (CEO) of the Corporation.

4. The following resolution was adopted at a meeting of the Board of Directors held on the 26th day of April, 2017:

   RESOLVED: That the Chairman of the Board of HealthFirst Family Care Center, Inc. and/or the President and CEO are hereby authorized on behalf of this Corporation to enter into Board-approved and previously authorized contracts with agencies of the Federal government and the State of New Hampshire and to execute any and all documents, agreements, and other instruments, and any amendments, revisions, or modifications related thereto, as they may deem necessary, desirable, or appropriate as directed by the Board.

5. The forgoing resolution has not been amended or revoked, and remains in full force and effect as of the 12th day of May, 2017.

(Signature of Vice Chairman)

STATE OF NEW HAMPSHIRE

County of Merrimack

The forgoing instrument was acknowledged before me this 18th day of May, 2017, by Michael Stanley.

FINANCIAL STATEMENTS

and

REPORTS IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* AND *THE UNIFORM GUIDANCE*

September 30, 2016 and 2015

With Independent Auditor's Report

BerryDunn

INDEPENDENT AUDITOR'S REPORT

Board of Directors
HealthFirst Family Care Center, Inc.

Report on Financial Statements

We have audited the accompanying financial statements of HealthFirst Family Care Center, Inc. (the Organization), which comprise the balance sheets as of September 30, 2016 and 2015, and the related statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of HealthFirst Family Care Center, Inc. as of September 30, 2016 and 2015, and the results of its operations, changes in its net assets and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Other Matter

Our audit was conducted for the purposes of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2017 on our consideration of HealthFirst Family Care Center, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering HealthFirst Family Care Center, Inc.'s internal control over financial reporting and compliance.

The accompanying notes are an integral part of these financial statements.

Organization

HealthFirst Family Care Center, Inc. (the Organization) is a non-stock, non-profit corporation organized in the State of New Hampshire. The Organization is a Federally Qualified Health Center (FQHC) providing high-quality primary healthcare, treatment, prevention, and education services required by the residents in the Twin Rivers Region of New Hampshire, commensurate with available resources, and coordinating and cooperating with other community and regional healthcare providers to ensure the people of the region the fullest possible range of health services.

1. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Organization is a public charity under Section 501(c)(3) of the Internal Revenue Code. As a public charity, the Organization is exempt from state and federal income taxes on income earned in accordance with its tax-exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Organization's tax positions and concluded that the Organization has no unrelated business income or uncertain tax positions that require adjustment to the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and exclude assets limited as to use.

Allowance for Uncollectible Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts by analyzing its past history and identification of trends for patient balances for all funding sources in the aggregate. Management regularly reviews data about revenue in evaluating the sufficiency of the allowance for uncollectible accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts.

A reconciliation of the allowance for uncollectible accounts follows:

	2016	2015
Balance, beginning of year	$ 60,000	$ 100,000
Provision	360,209	439,124
Write-offs	(355,209)	(479,124)
Balance, end of year	$ 65,000	$ 60,000

The decrease in the allowance for uncollectible accounts and provision is primarily a result of a decrease in patient accounts receivable balances due to improved collections.

Grants Receivable

Grants receivable are stated at the amount management expects to collect from outstanding balances. All such amounts are considered collectible.

Investment in Limited Liability Company

The Organization is one of eight partners who each made a capital contribution of $500 to Primary Health Care Partners (PHCP). The purposes of PHCP are: (i) to engage and contract directly with the payers of health care to influence the design and testing of emerging payment methodologies; (ii) to achieve the three part aim of better care for individuals, better health for populations and lower growth in expenditures in connection with both governmental and non-governmental payment systems; (iii) to undertake joint activities to offer access to high quality, cost effective medical, mental health, oral health, home care and other community-based services, based upon the Patient-Centered Medical Home model of primary care delivery, that promote health and well-being by developing and implementing effective clinical and administrative systems in a manner that is aligned with the FQHC model, and to lead collaborative efforts to manage costs and improve the quality of primary care services delivered by health centers operated throughout the state of New Hampshire; and (iv) to engage in any and all lawful activities, including without limitation the negotiation of contracts, agreements and/or arrangements (with payers and other parties). The Organization's investment in PHCP is reported using the equity method and the investment amounted to $16,203 at December 31, 2015, the last reporting period of PHCP.

Assets Limited As To Use

Assets limited as to use consist of cash set aside under loan agreements for repairs and maintenance on the real property collateralizing the loan and assets designated by the Board of Directors.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation. Maintenance, repairs and minor renewals are expensed as incurred and renewals and betterments are capitalized. Provision for depreciation is computed using the straight-line method over the useful lives of the related assets.

Gifts of long-lived assets, such as land, buildings, or equipment, are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets or used to extinguish debt related to long-lived assets, are reported as restricted support. In the absence of explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated, acquired long-lived assets are placed in service, or when gifts of cash are used for the extinguishment of debt related to long-lived assets.

Patient Service Revenue

Patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

340B Drug Pricing Program

The Organization, as an FQHC, is eligible to participate in the 340B Drug Pricing Program. This program requires drug manufacturers to provide outpatient drugs to FQHCs and other identified entities at a reduced price. The Organization contracts with local pharmacies under this program. The local pharmacies dispense drugs to eligible patients of the Organization and bill Medicare and commercial insurances on behalf of the Organization. Reimbursement received by the pharmacies is remitted to the Organization, less dispensing and administrative fees. Gross revenue generated from the program is included in patient service revenue. The cost of drug replenishments and contracted expenses incurred related to the program are included in other operating expenses.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Functional Expenses

The Organization provides various services to residents within its geographic location. Expenses related to providing these services are as follows:

	2016	2015
Program services	$ 3,706,855	$ 3,130,981
Administrative and general	719,234	628,204
Total	$ 4,426,089	$ 3,759,185

Excess of Revenue Over Expenses

The statements of operations reflect the excess of revenue over expenses. Changes in unrestricted net assets which are excluded from the excess of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purposes of acquiring such assets).

Subsequent Events

For purposes of the preparation of these financial statements, management has considered transactions or events occurring through February 7, 2017, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

Effective December 2, 2016, the Organization entered into a purchase and sale agreement with the owner of the Organization's medical office located in Franklin, New Hampshire to purchase the property on or before June 30, 2017.

2. Assets Limited as to Use

Assets limited as to use are as follows:

	2016	2015
U.S. Department of Agriculture Rural Development (Rural Development) loan agreements	$ 94,200	$ 84,368
Designated by the governing board for		
Working capital	40,000	40,000
Capital acquisition and maintenance	12,013	12,007
Total	$ 146,213	$ 136,375

3. Property and Equipment

Property and equipment consists of the following:

	2016	2015
Building and improvements	$ 1,684,182	$ 1,684,182
Leasehold improvements	103,276	129,687
Furniture and equipment	309,473	527,194
Total cost	2,096,931	2,341,063
Less accumulated depreciation	698,876	869,414
Property and equipment, net	$ 1,398,055	$ 1,471,649

4. Line of Credit

The Organization has a $300,000 line of credit arrangement with a local bank payable on demand, through March 2017, with interest of 5.5% at September 30, 2016. The Organization may borrow up to a maximum of 75% of accounts receivable. The outstanding balance on the line of credit was $23,279 and $52,279 at September 30, 2016 and 2015, respectively. Borrowings on the line of credit are collateralized by all of the Organization's business assets. The line of credit contains a minimum debt service coverage covenant requirement which was met at September 30, 2016.

5. Long-Term Debt

Long-term debt consists of the following:

	2016	2015
4.125% promissory note payable to Rural Development, through March 2037, paid in monthly installments of $8,186, including interest. The note is collateralized by all tangible property owned by the Organization.	$ 1,356,032	$ 1,401,474
Less current portion	43,088	45,442
Long-term debt, less current portion	$ 1,312,944	$ 1,356,032

Maturities of long-term debt for the next five years are as follows:

2017	$ 43,088
2018	44,925
2019	46,813
2020	48,781
2021	50,832

6. Patient Service Revenue

Patient service revenue is as follows:

	2016	2015
Gross charges	**$ 3,989,671**	$ 3,757,905
Less: Contractual adjustments	**(1,128,671)**	(979,123)
Sliding fee scale adjustments	**(129,465)**	(129,009)
Medical patient service revenue	**2,731,535**	2,649,773
340B pharmacy revenue	**385,436**	329,673
Total patient service revenue	**$ 3,116,971**	$ 2,979,446

The Organization has agreements with the Centers for Medicare & Medicaid Services (Medicare) and New Hampshire Medicaid. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Management believes that the Organization is in compliance with all laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

A summary of the payment arrangements with major third-party payers follows:

Medicare

The Organization is reimbursed for the care of qualified patients on a prospective basis, with retroactive settlements related to vaccine costs only. The prospective payment is based on a geographically-adjusted rate determined by federal guidelines. Overall, reimbursement is subject to a maximum allowable rate per visit. The Organization's Medicare cost reports have been audited by the Medicare administrative contractor through September 30, 2015.

Medicaid and Other Payers

The Organization also has entered into payment agreements with Medicaid, certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Organization under these agreements includes prospectively-determined rates per visit and discounts from established charges.

The Organization provides care to clients who meet certain criteria without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The Organization estimates the costs associated with providing charity care by calculating the ratio of total cost to total gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Organization's charity care policy was $154,063 and $141,910 for the years ended September 30, 2016 and 2015, respectively.

The Organization is able to provide these services with a component of funds received through local community support and federal and state grants. Local community support consists of contributions, and United Way and municipal appropriations.

7. Retirement Plan

The Organization has a contributory defined contribution plan covering eligible employees. The Organization contributed $53,779 and $33,364 for the years ended September 30, 2016 and 2015, respectively.

8. Commitments and Contingencies

Medical Malpractice

The Organization is protected from medical malpractice risk as an FQHC under the Federal Tort Claims Act (FTCA). The Organization has additional medical malpractice insurance, on a claims-made basis, for coverage outside the scope of the protection of the FTCA. As of September 30, 2016, there were no known malpractice claims outstanding which, in the opinion of management, will be settled for amounts in excess of both FTCA and medical malpractice insurance coverage, nor are there any unasserted claims or incidents which require loss accrual. The Organization intends to renew medical malpractice insurance coverage on a claims-made basis and anticipates that such coverage will be available.

Leases

The Organization leases office space and certain other office equipment under noncancelable operating leases. Future minimum lease payments under these leases are:

2017	$ 64,061
2018	65,519
2019	67,007
2020	68,522
2021	70,066
Thereafter	53,437
Total	$ 388,612

Lease expense was $59,514 and $62,815 in 2016 and 2015, respectively.

9. Concentration of Risk

The Organization has cash deposits in major financial institutions which exceed federal depository insurance limits. The financial institutions have a strong credit rating and management believes the credit risk related to these deposits is minimal.

The Organization grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Following is a summary of gross accounts receivable, by funding source:

	2016	2015
Medicare	27 %	36 %
Medicaid	37 %	40 %
Other	36 %	24 %
Total	100 %	100 %

The accompanying notes are an integral part of this schedule.

HEALTHFIRST FAMILY CARE CENTER, INC.

Notes to Schedule of Expenditures of Federal Awards

Year Ended September 30, 2016

1. Basis of Presentation

The schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of HealthFirst Family Care Center, Inc. (the Organization). The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of HealthFirst Family Care Center, Inc..

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. The Organization has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
HealthFirst Family Care Center, Inc.

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of HealthFirst Family Care Center, Inc. (the Organization), which comprise the balance sheet as of September 30, 2016, and the related statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 7, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
HealthFirst Family Care Center, Inc.

Report on Compliance for the Major Federal Program

We have audited HealthFirst Family Care Center, Inc.'s (the Organization's) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on its major federal program for the year ended September 30, 2016. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Organization's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on the Major Federal Program

In our opinion, HealthFirst Family Care Center, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2016.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

Year Ended September 30, 2016

1. Summary of Auditor's Results

Financial Statements

Type of auditor's report issued:		Unmodified		
Internal control over financial reporting:				
Material weakness(es) identified?	☐	Yes	☑	No
Significant deficiency(ies) identified that are not considered to be material weakness(es)?	☐	Yes	☑	None reported
Noncompliance material to financial statements noted?	☐	Yes	☑	No

Federal Awards

Internal control over major programs:				
Material weakness(es) identified?	☐	Yes	☑	No
Significant deficiency(ies) identified that are not considered to be material weakness(es)?	☐	Yes	☑	None reported
Type of auditor's report issued on compliance for major programs:		Unmodified		
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	☐	Yes	☑	No

Identification of major programs:

CFDA Number	Name of Federal Program or Cluster
	Health Centers Cluster
93.224	Consolidated Health Centers (Community Health Centers, Migrant Health Centers, Health Care for the Homeless, and Public Housing Primary Care)
93.527	Affordable Care Act (ACA) Grants for New and Expanded Services Under the Health Center Program

Dollar threshold used to distinguish between Type A and Type B programs:		$750,000		
Auditee qualified as low-risk auditee?	☐	Yes	☑	No

2. Financial Statement Findings

None.

3. Federal Award Findings and Questioned Costs

None.

HEALTHFIRST FAMILY CARE CENTER, INC.

Summary Schedule of Prior Audit Findings

Year Ended September 30, 2016

Finding Number	2015-001
Condition Found	Cash and checks received at the time of the patient visit are forwarded to the billing manager by the front desk staff for reconciliation and are then provided to the accounting assistant to prepare the deposit. Checks received through the mail are forwarded to the accounting assistant by the administrative assistant to prepare the deposit. The deposits are maintained by the chief financial officer (CFO) until the deposit is made. There is currently no independent verification that all cash and checks received were properly deposited. Both the billing manager and accounting assistant have access to adjust patient balances in the billing system.
Recommendation	We recommended the following related to cash and checks received at the time of the patient visit: the billing manager should verify each deposit agrees with his/her reconciliation as a mitigating control for the accounting assistant's and CFO's access to the cash receipts. We also recommended the CFO verify amounts included on the deposits agree with the carbon copy receipt maintained by the front desk at least monthly as a mitigating control to the billing manager's access to the cash receipts. We recommended the following related to checks received through the mail: The administrative assistant should verify that each deposit agrees with his/her log.
Action Taken	The billing manager added a reconciliation signature line to the front-desk daily log sheet for cash receipts. The billing manager now signs off on each front-desk "cash box daily reconciliation sheet", which records patient received cash & checks, to verify that the amounts shown on these sheets match with each bank deposit slip. The billing manger notes on each bank deposit slip by initialing and adding the date when each deposit reconciliation was completed. The CFO performs random monthly audits of the front-desk receipt books to verify that front-desk records of cash receipts from patients match with deposited amounts.
Status	Corrected

HEALTHFIRST FAMILY CARE CENTER, INC.

Summary Schedule of Prior Audit Findings (Continued)

Year Ended September 30, 2016

Finding Number	2015-002
Condition Found	During our testing of the internal controls over payroll, we noted time sheets for 6 of 22 hourly employees did not have a supervisory signature.
Recommendation	Time sheets for both hourly and salary staff should include supervisory review in accordance with the Organization's policy. Additionally, the CFO should sign and date the payroll reports when received as evidence of review.
Action Taken	A process has been put in place to assure that supervisors/managers are reviewing and signing off on their direct report's time sheets. The administration assistant at each location receives the time sheets for each pay period on the day payroll is processed. They review each of the time sheets to ensure employee and supervisor signatures are executed. If not, they take the time sheet back for the appropriate review and signature. Once they have all been obtained, time sheets are then forwarded for payroll processing. Once completed payroll documents are received by front-desk, they are given to CFO un-opened. CFO opens PayChex package, reviews payroll register and signs front cover that documents have been reviewed.
Status	Corrected

HEALTHFIRST FAMILY CARE CENTER, INC.

Summary Schedule of Prior Audit Findings (Continued)

Year Ended September 30, 2016

Finding Number	2015-003
Condition Found	During our testing of the internal controls over billing, we noted 6 of 42 encounters were billed at the incorrect rate as a result of a number of different circumstances; 1 of 42 bills did not include a procedure code as the code was inactive in the billing system; and 1 of 2 sliding fee scale adjustments was applied to a patient balance when the sliding fee application had expired.
Recommendation	We recommended the billing manager perform a detailed review of a sample of claims and related patient activity prior to claim submission. We also recommended management stress the importance of timely follow-up on denials to ensure maximum collections on services billed.
Action Taken	The billing department has developed and documented a process for the certified coding specialist that allows for some charges prior to claim submission to be reviewed. The certified coder's process of conducting regular and detailed audits of claims before submission includes the review of proper coding, chart documentation, charges applied and patient information all prior to claim submission. This claims audit process is completed no less than weekly for two or three claims, but not less than ten claims monthly.
Status	Corrected

HEALTHFIRST FAMILY CARE CENTER, INC.

Summary Schedule of Prior Audit Findings (Continued)

Year Ended September 30, 2016

Finding Number	2015-004
Condition Found	During our testing of journal entries, we noted all journal entries were posted by the CFO. There is currently no supervisory review of the journal entries.
Recommendation	We recommended the accounting assistant be trained to prepare reconciliations and post journal entries and these journal entries be reviewed by the CFO. In the event where a journal entry is posted by the CFO, we recommended the chief executive officer review the entry. We further recommend all journal entries be supported by the underlying documents and reconciliations and the signature and date of the preparer and reviewer.
Action Taken	The finance team was expanded for a part-time data entry position to to create better separation of duties. All posting of journal entries to the general ledger have been pushed down from the CFO to the accounting assistant. The CFO reviews and approves all journal entries by signing an "unposted general ledger transaction report" before any posting of journal entries is done.
Status	Corrected

HEALTHFIRST FAMILY CARE CENTER, INC.

Summary Schedule of Prior Audit Findings (Continued)

Year Ended September 30, 2016

Finding Number	2015-005
Condition Found	During our testing of the board composition, we noted that 5 of 12 members were clients of the Organization which is only 42% client representation, not a majority.
Recommendation	We recommend management continue to actively engage in new member recruitment, with an emphasis on clients of the Organization.
Action Taken	The following outlines the plan that was put into place for recruiting additional client representatives to the board: (1) Identifying potential board members; (2) Soliciting names of appropriate client candidates from HealthFirst Family Care Center staff,via email and staff meetings; (3) Posters about the role of the board and their importance to the center are prominently posted in HealthFirst waiting and public spaces; (4) Informational flyers about the Board of Directors and the need for consumer members are available to clients at check-in; (5) Notices included in mailings sent to all HealthFirst clients asking for their help; and, (6) Asking clients with an interest in serving on the board, to make their interest known to staff, or the Board Nominating Committee Chairperson. As a result of the efforts outlined above, the Organization was able to recruit enough additional clients as board members to exceed the majority requirement.
Status	Corrected

HEALTHFIRST FAMILY CARE CENTER, INC.

Summary Schedule of Prior Audit Findings (Concluded)

Year Ended September 30, 2016

Finding Number	2015-006
Condition Found	During our testing of the Federal Financial Report (FFR), we noted that the FFR was originally filed with amounts reported in the section that is to be completed when the grant has a match component. Program income was also reported however the FFR did not report the full amount of program income for the budget period. The FFR filing was rejected and a revised filing was completed with program income removed from the report. The Program does not have a match component and therefore the section should not have been completed. The Program required reporting of program income which was omitted.
Recommendation	We recommend a revised FFR be filed as soon as possible.
Action Taken	A revised FFR reporting the correct amount of program income for the budget period was submitted on 1/12/2016.
Status	Corrected

SKILLS

MANAGEMENT AND ADMINISTRATION

- Directed integrated health and human services, public health network
- Served as President and Chief Executive Officer of a start-up Federally-Qualified Health Center (FQHC)
- Managed nine departments with a combined staff of 75 and budget of $5 million
- Administered direct service programs for adults and children
- Directed consultation, education and Employee Assistance Programs
- Led major program reorganization and systems change efforts
- Wrote proposals and administered grant funded programs
- Recruited, trained and supervised diverse professional staff, students and volunteers
- Prepared budgets and administered financial/service contract compliance for positive bottom line
- Worked with diverse funding, Medicaid, Medicare, HMO, self-pay, and capitated contracts, cost-based

PROGRAM PLANNING AND DEVELOPMENT

- Established interdisciplinary teams of professionals to provide comprehensive services
- Conducted all-inclusive, citizen participatory regional planning processes
- Designed and administered community consultation, education and training programs
- Worked with community groups, schools, agencies, businesses and industries to assess needs and develop contracts for consultation and training services
- Designed and developed community housing continuum (150 beds)
- Created primary healthcare and prevention programs in the community
- Developed and marketed Managed Care and Employee Assistance Programs
- Organized multi-agency consortia and affiliate networks to streamline service delivery

DIRECT SERVICE

- Initiated group services which utilized adaptive Outward Bound adventure challenge techniques
- Delivered direct community needs assessment, education, consultation and training
- Carried caseload for individual, family and group treatment, and provided crises intervention services
- Planned and instituted conferences and community prevention programs

TECHNICAL SKILLS

- Facilitated planning and all aspects of site selection and design considerations for specified clinical usage
- Drafted and reviewed proposals and bid packages, and negotiated contracts for construction
- Demonstrated knowledge of building, life, safety, licensing and Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) requirements
- Managed fixed assets including buildings, vehicles and computers
- Operated computer systems with expertise including Windows, Macintosh, networks, spreadsheets, relational databases and websites
- Designed and developed networked computerized clinical database systems Electronic Health Record (HER)

OTHER

Married with two grown children, hiker, camper, canoer, cross-country skier, snowshoer, woodworker, home builder, volunteer state settings designer and builder with local theatre groups, outdoor leadership instructor

SUMMARY

Forty years of management and direct experience with agencies, organizations, businesses, community systems, networks, groups and individuals. Outstanding skills in community systems analysis, program planning and new start-ups linking innovative human and technological solutions

Susan E. Smith

www.linkedin.com/in/susan-e-smith ~ 603-387-4861 ~ ses67105@gmail.com

PROFESSIONAL SUMMARY

- Transformational leader with strategic vision and demonstrated ability to innovate, design and operationalize programs, services and processes based on research and thorough qualitative and quantitative analysis
- Effective communicator, relationship builder and facilitator to build partnerships that help achieve sustainable solutions
- Demonstrated strong leadership capabilities and management experience; strategic thinker who is detail oriented and outcome focused resulting in greater efficiency, effectiveness, fiscal management and regulatory compliance
- Highly motivated problem solver with experience in continuous quality improvement and systems analysis

PROFESSIONAL EXPERIENCE

Chief Operating Officer
HealthFirst Family Care Center, Laconia & Franklin, NH 2017 - present

- Direct, supervise and coordinate the overall clinical and day-to-day operations
- Develop and administer policies on clinical and business operations
- Strategic planning

Executive Director
NH Voices for Health, Concord, NH 2011 - 2016

- Transitioned a health policy and advocacy project to a 501 (c) 3 organization with grant funded operational budget in excess of $500,000
- Collaborated with public, private and government entities towards quality, affordable health care and healthcare system transformation
- Administered day-to-day operations and all grants, contracts and agreements
- Implemented organizational policies/procedures and advocacy evaluation measures

Administrator/Chief Operating Officer
Taylor Community, Laconia, NH 2001 - 2010

- Designed, developed and led key strategic improvement projects/initiatives and systems focused on person centered care, including center of excellence for memory loss care and services, adult day health activity based program, dementia care training, community collaborations for services to seniors, development of systems to enhance and promote best practices in senior living
- Administered day-to-day operations with a person-centered focus
- Organized and led data-driven Continuous Quality Improvement (CQI) program,

including training, with development of performance indicators for all departments to achieve quality, consistency and effective outcomes for Independent, Assisted Living and Nursing residents in long term care setting

- Established organization-wide incident reporting system with responsibility for root cause analysis of Sentinel Events, Critical Incidents and Red Flag trends
- Facilitated stakeholder focus groups with community members, residents and staff, which identified needs and issues followed by development and implementation of action plans
- Served on Department of Health and Human Services work-groups and contributed to revisions to RSA 151 (Health Facility, Residential Care, and Non-Residential Health Care licensing) and He-P 803 NH Nursing Homes Regulations, and Department of Insurance proposed legislation LSR 2400 regarding "Virtual Continuing Care Retirement Communities."
- Developed and implemented operational and capital budgets (upwards of $12 million) and exercised expense management resulting in positive operational variance

Director of Patient Care Services
Lakes Region General Healthcare, Laconia, NH 1989 – 2001

- Functioned as Associate Vice President with leadership and oversight of operational and clinical performance of OB/GYN, Pediatrics, Orthopedics, Behavioral Health (Psychiatry), Chemical Dependency, Cardiology, Neurology, Vascular, Sleep Center, Medical Imaging and Pathology/Laboratory
- Performed clinical quality data and financial analysis based on organizational priorities to better inform decision-making
- Led Continuous Quality Improvement (CQI) efforts for inpatient and outpatient services and departments leading to measurable results and performance improvement
- Facilitated multidisciplinary teams to establish and implement policies and procedures based on research of best practices to achieve quality, consistency and effective outcomes
- Active participant in Medical Executive Committee, medical service department meetings and Quality & Utilization Committee identifying opportunities for improvement in care and services and adherence to practice standards and increased accountability
- Engaged physicians and key stakeholders and served as internal consultant to design, develop and operationalize major special projects, innovations and initiatives (Breast Imaging, Special Procedures/Cardiac Catheterization program, Women and Children's Health Service, and Single Room Maternity Care) with responsibility for total project management including capital expenses, construction, staff training, policies and procedures and negotiated agreements and partnerships with other health systems including Concord Hospital, Catholic Medical Center, Concord Cardiology Associates, and Women's Health Center
- Identified multiple opportunities for expense reduction/revenue generation including enforcement of contracts, vendor negotiation, budgeting, adherence to practice standards and increased accountability
- Developed and implemented operational and capital budgets (multi-million dollars) and

exercised expense management resulting in positive operational variance

- Authored white paper on obstetric and gynecologic services at Franklin Regional Hospital based on physician, staff, and patient stakeholder engagement process
- Researched mandatory staff education and training in a rural community hospital resulting in the redesign of mandatory education for 1000 employees to be more effective and efficient through the use of interactive, computer based training modules

Various management positions
Wake Medical Center, Raleigh, NC 1977 – 1989

- Managed the operational and clinical performance in the Ambulatory Services Department (44 clinics) providing direct patient care, patient education, Quality and Appropriateness projects, staff development and training, and training program for interns and residents of the Medical School of the University of North Carolina and Duke University
- Developed and operationalized Reproductive Center (In Vitro Fertilization and sperm bank) including capital expense management, construction management, policies and procedures and collaborative agreement with the University of North Carolina.

EDUCATION, CERTIFICATION AND LICENSURE

HEALTH FIRST
FAMILY CARE CENTER

Patient Care Coordinator
Job Description
October 2015

Department: Quality Assurance/ Quality Improvement
Reports to: Quality Assurance Manager

Educational Requirement: Medical Assistant with 2-3 years experience, preferably in a Primary Care office. LPN/RN desired and strongly encouraged to apply.

Position Objective: The Patient Care Coordinator will work closely with clinical staff in the agency to assist in the continuation of coordinated chronic disease care management and clinical quality assurance programs for all clients of Health First Family Care Center to help improve patient-centered care and outcomes.

Position Description: The Patient Care Coordinator will assist in assuring that clinical staff are planning and implementing chronic care activities in a coordinated fashion according to best practices from national and local programs to help improve client self-management goals. This position will assist the agency with achieving NCQA, Medical Home and Meaningful Use certifications through data collection and follow-up.

Job Duties:

- Provide assistance to the Quality Assurance Manager
- Participate in meetings of stakeholders, trainings, and promotional events
- Participate on HFFCC committees and project teams as appropriate
- Maintain communication with team members and patients regarding activities and events related to current projects
- Participate in regional and agency QI/QA activities.
- Contribute to quality improvement projects and help assess project success
- Help implement quality improvement activities in the agency and/or community
- Participate in continuous quality improvement activities
- Gather clinical data within EMR, ensuring consistency in use of terms and entry
- Help champion best practices related to chronic disease and care management
- Help clients understand, develop, and implement health management plans and goals
- Establish positive, supportive relationships with clients and provide feedback
- Motivate clients to be active, engaged participants in their health and healthcare decisions
- Assist with disease management activities to help support client health maintenance goals
- Follow-up with health management/care plans with both clients and providers
- Effectively communicate with patients, team members, and organizations to promote client goals and disease management
- Assist in tracking clients and providing follow-up
- Additional duties, as required

Qualifications:

1. Strong attention to detail.
2. Clear communication skills, both written and verbal.
3. Ability to communicate effectively on a business/professional level.
4. Ability to work independently under the supervision of immediate supervisor, as well as in a team environment.
5. Flexibility and strong multi-tasking skills.
6. Must be able to work in an office environment and maintain a professional appearance and demeanor at all times.
7. Strong computer software skills, proficiency in Windows and Microsoft Office.
8. Reliable transportation and a valid driver's license.

HEALTHFIRST
FAMILY CARE CENTER

Certified Administrative Medical Assistant
Job Description
January 2015

Department: Clinical
Reports to: Nurse Manager
Educational Requirement: Graduate of a medical assistant training program or equivalent training including phlebotomy skills. Certified through American Association of Medical Assistants

Position Description: This position is a combination of administrative and clinical duties. The primary responsibility is in administrative support to medical providers and medical assistants so that doctors and other medical staff are free to provide the highest level of care to patients.

Job Duties:

Administrative Job Duties
- Manage prescription lines for both facilities.
- Entering health histories and immunizations into EMR for new patients.
- Processing prior authorizations.
- Maintain inventory of medical supplies.
- Assist other medical assistant as necessary, both clinically and administratively.
- Maintaining the Laconia facility lab schedule.

Medical Assistant Duties

- Welcomes patients by greeting them, in person or on the telephone; answering or referring inquiries.
- Prepares patients for the health care visit by directing and/or accompanying them to the examining room; providing examination gowns and drapes; helping them to position themselves for the examination and/or treatment; arranging examining room instruments, supplies, and equipment.
- Verifies patient information by interviewing patient; reviewing and/or recording medical history; taking vital signs; confirming purpose of visit or treatment.
- Supports patient care delivery by helping health care providers during examinations; preparing laboratory specimens; performing basic laboratory tests on the premises; disposing of contaminated supplies; sterilizing medical instruments; administering medications on the premises; authorizing drug refills as directed; telephoning prescriptions to pharmacies; drawing blood; preparing patients for xrays; taking electrocardiograms; removing sutures; changing dressings.
- Educates patients by providing medication and diet information and instructions; answering questions.
- Completes records by recording patient examination, treatment, and test results.

- Generates revenues by recording billing information of services rendered; completing insurance forms; responding to insurance and other third-party inquiries.

- Keeps supplies ready by inventorying stock; placing orders; verifying receipt.
- Keeps equipment operating by following operating instructions; troubleshooting breakdowns; maintaining supplies; performing preventive maintenance; calling for repairs.
- Maintains safe, secure, and healthy work environment by following, and enforcing standards and procedures; complying with legal regulations.
- Maintains patient confidence and protects operations by keeping patient care information confidential.
- Serves and protects the physician or health care provider practice by adhering to professional standards, policies and procedures, federal, state, and local requirements, and Joint Commission on Accreditation of Healthcare Organizations (JCAHO) standards.
- Updates job knowledge by participating in educational opportunities; reading professional publications; maintaining personal networks; participating in professional organizations.
- Enhances health care practice reputation by accepting ownership for accomplishing new and different requests; exploring opportunities to add value to job accomplishments.

Skill Requirement:

Excellent people skills, professional, detail orientated, organized, proficient in writing and verbal communication and the ability to work independently

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and HealthFirst Family Care Center, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 841 Central Street, Franklin, New Hampshire 03235.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #131), and amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-3 Amendment #2, and replace with Exhibit B-3 Amendment #3.

3. Delete in its entirety Exhibit B-6 Amendment #2, and replace with Exhibit B-6 Amendment #3.

AMS 10/24/16

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount
Ammonoosuc Community Health Services, Inc. (177755-R001)	North Grafton/ South Coos	6/20/12 (Item #128)	5/8/14 (Item #34A)	$667,687	$540,879	$1,208,566
Concord Hospital, Inc. (177653-B011)	Merrimack/ Hillsborough	6/20/12 (Item #133)	5/8/14 (Item #34A)	$992,198	$788,937	$1,781,135

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. FAIN #T1010035-14; CFDA #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds. Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Health First Family Care Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 841 Central Street Franklin, New Hampshire 03235.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #131) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,334,771
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1 Amendment #2, Budget Form Primary Care through Exhibit B-6 Amendment #2, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. **Provisions Applicable to All Services**

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/alcoholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: RW
Date: 5/15/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. Preventive Health: Tobacco Screening

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

Contractor Initials: JCW
Date 5/15/15

3. SBIRT PERFORMANCE MEASURES

3.1. Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   - 2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   - 2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   - 2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   - 6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
     - 6.1.1. Authorized expenses incurred in the prior month.
     - 6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
       - 6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
       - 6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   - 6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   - 6.3. The invoice must be submitted by mail or e-mail to:

     Financial Manager
     Department of Health and Human Services
     129 Pleasant Street
     Concord, NH 03301

     E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: JcW
Date: 5/15/15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor.

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Health First Family Care Center

This 1st Amendment to the Health First Family Care Center, contract (hereinafter referred to as "Amendment One") dated this 21st day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Health First Family Care Center, (hereinafter referred to as "the Contractor"), a corporation with a place of business at 841 Central Street, Franklin, New Hampshire 03235.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $748,658

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $55,968 for SFY 2014 and $292,214 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $55,968 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $280,648 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials JW
Date 3/21/14

- $11,566 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

SFY 2014	102-500731	Contracts for Program Services	90080081	$12,871
			Sub-Total	$25,742
			Total	$400,476

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 7,000 low-income individuals from the following areas Alexandria, Andover, Ashland, Belmont, Bridgewater, Bristol, Center Harbor, Danbury, Franklin, Gilford, Gilmanton, Groton, Hebron, Hill, Laconia, Meredith, Moultonborough, New Hampton, Northfield, Salisbury, Sanbornton, Sandwich and Tilton may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

Scope: Primary Care Services

AGREEMENT

The State of New Hampshire and the Contractor hereby mutually agree as follows

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established,

Contractor Initials

Date March 28, 2013

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs.

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Contractor Initials: _____
Date: March 28, 2012

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified*

X (1) The contractor certifies that it IS a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does not exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

(2) The contractor certifies it does NOT qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

Health First Family Care Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $689,460. This represents a decrease of $288,984. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Alexandria, Andover, Ashland, Belmont, Bridgewater, Bristol, Center Harbor, Danbury, Franklin, Gilford, Gilmanton, Groton, Hebron, Hill, Laconia, Meredith, Moultonborough, New Hampton, Northfield, Salisbury, Sanbornton, Sandwich and Tilton.

Source of Funds: 25.10% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 74.90% General Funds.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Indian Stream Health Care, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business located at 141 Corliss Lane, Colebrook, NH 03576.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #125) as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3 to the Contract) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $564,005
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.
7. Add Exhibit B-2 – Amendment #4, BCCP Budget.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. Definitions

1.1.1. **Measurement Year** – Measurement Year shall consist of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. Breastfeeding

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. Preventive Health: Lead Screening

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. Preventive Health: Adolescent Well-Care Visit

Contractor Initials: _____
Date: 5/11/17

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NHMCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS)**.**

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #4, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

INDIAN STREAM HEALTH CENTER

FINANCIAL STATEMENTS

December 31, 2015 and 2014

With Independent Auditor's Report

BerryDunn

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Indian Stream Health Center, Inc.

We have audited the accompanying financial statements of Indian Stream Health Center, Inc., which comprise the balance sheet as of December 31, 2015, and the related statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Indian Stream Health Center, Inc. as of December 31, 2015, and the results of its operations, changes in its net assets and its cash flows for the year then ended, in accordance with U.S. generally accepted accounting principles.

Prior Period Financial Statements

The financial statements as of December 31, 2014 were audited by Brad Borbidge, P.A., who subsequently merged with Berry Dunn McNeil & Parker, and whose report dated July 29, 2015 expressed an unmodified opinion on those financial statements.

Cash paid for interest	**$ 17,256**	$ 19,053

The accompanying notes are an integral part of these financial statements.

1. Summary of Significant Accounting Policies

Organization

Indian Stream Health Center, Inc. (the Organization) is a non-stock, not-for-profit corporation organized in New Hampshire. The Organization is a Federally Qualified Health Center (FQHC) which provides outpatient health care and disease prevention services to residents of rural communities located in New Hampshire, Vermont, and Maine.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Organization is a public charity under Section 501(c)(3) of the Internal Revenue Code. As a public charity, the Organization is exempt from state and federal income taxes on income earned in accordance with its tax exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Organization's tax positions and concluded that the Organization has no unrelated business income or uncertain tax positions that require adjustment to the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding assets limited as to use.

Allowance For Uncollectible Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts by analyzing its past history and identification of trends for all funding sources in the aggregate. Balances in excess of 120 days are 100% reserved. Management regularly reviews data about revenue in evaluating the sufficiency of the allowance for doubtful accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts. The Organization has not changed its methodology for estimating the allowance for doubtful accounts at December 31, 2015 and 2014.

A reconciliation of the allowance for uncollectible accounts follows:

	2015	2014
Balance, beginning of year	$ 209,651	$ 206,006
(Recovery) provision	(10,608)	82,824
Write-offs	(73,184)	(79,179)
Balance, end of year	$ 125,859	$ 209,651

The decrease in the allowance and current year recovery are due to changes in the billing process and the collection agency used.

Inventory

Inventory consists of pharmaceutical drugs which are valued at the lower of cost or market.

Governmental and Private Grants

Grants are provided to support specific programs and are subject to various budgetary restrictions. The difference between the full grant award and the amount received to date is recognized as a receivable. The difference between the full grant award and the amount earned to date is reported as deferred revenue.

Assets Limited As To Use

Assets limited as to use consist of assets designated by the board of directors as a working capital reserve.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation. Maintenance, repairs and minor renewals are expensed as incurred and renewals and betterments are capitalized. Provision for depreciation is computed using the straight-line method over the useful lives of the related assets.

Temporarily and Permanently Restricted net Assets

Temporarily restricted net assets are those whose use by the Organization has been limited by donors for a specific time or purpose. The Organization has no temporarily restricted net assets at December 31, 2015 and 2014.

Permanently restricted net assets are restricted by donors to be maintained by the Organization in perpetuity. The Organization has no permanently restricted net assets at December 31, 2015 and 2014.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received, which is then treated as cost. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

Patient Service Revenue

Patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

340B Drug Pricing Program

The Organization, as an FQHC, is eligible to participate in the 340B Drug Pricing Program. The program requires drug manufacturers to provide outpatient drugs to FQHC's and other identified entities at a reduced price. The Organization operates a pharmacy and also contracts with local pharmacies under this program. The local contracted pharmacies dispense drugs to eligible patients of the Organization and bill Medicare and commercial insurances on behalf of the Organization. Reimbursement received by the pharmacies is remitted to the Organization, less dispensing and administrative fees. Gross revenue generated from the program is included in patient service revenue. The cost of drug replenishments and contracted expenses incurred related to the contracted program are included in other operating expenses. Expenses related to the operation of the Organization's pharmacy are categorized in the applicable operating expense classifications.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Functional Expenses

The Organization provides various services to residents within its geographic location. Expenses related to providing these services are as follows:

	2015	2014
Program services	$ 4,036,726	$ 3,831,330
Administrative and general	825,380	787,200
Total	$ 4,862,106	$ 4,618,530

Excess (Deficit) of Revenue over Expenses

The statements of operations reflect the excess (deficit) of revenue over expenses. Changes in unrestricted net assets which are excluded from the excess (deficit) of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purposes of acquiring such assets).

Subsequent Events

For purposes of the preparation of these financial statements, management has considered transactions or events occurring through May 25, 2016, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

2. Property and Equipment

Property and equipment consists of the following:

	2015	2014
Land	$ 30,000	$ 30,000
Building and improvements	2,038,880	2,038,880
Furniture, fixtures, and equipment	135,370	135,370
Total cost	2,204,250	2,204,250
Less accumulated depreciation	417,561	333,582
Property and equipment, net	$ 1,786,689	$ 1,870,668

The Organization has made renovations to buildings with Federal grant funding under the Capital Improvement Program and the Capital Development Program. In accordance with the grant agreements, a Notice of Federal Interest (NFI) is required to be filed in the appropriate official records of the jurisdiction in which the property is located. The NFI is designed to notify any prospective buyer or creditor that the Federal Government has a financial interest in the real property acquired under the aforementioned grant; that the property may not be used for any purpose inconsistent with that authorized by the grant program statute and applicable regulations; that the property may not be mortgaged or otherwise used as collateral without the written permission of the Associate Administrator of the Office of Federal Assistance Management, Health Resources and Services Administration (OFAM, HRSA); and that the property may not be sold or transferred to another party without the written permission of the Associate Administrator of OFAM and HRSA.

3. Line of Credit

The Organization has a $130,000 line of credit with a local bank, matures on July 31, 2016 The line of credit is collateralized by the Organization's business assets with interest at the prime rate plus 1% (4.5% at December 31, 2015). There was no balance outstanding at December 31, 2015 and 2014.

4. Long-Term Debt

Long-term debt consists of the following:

	2015	2014
Mortgage note, payable to a local bank in monthly installments of principal and interest of $2,466 with an interest rate fixed at 4.6% through December 2023 at which time the remaining principal is due; collateralized by a first mortgage on property and equipment with 90% of balance guaranteed by the United States Department of Agriculture.	**$ 197,742**	$ 217,766
Note payable to a local bank with an interest rate fixed at 4.6%, with monthly payments of principal and interest of $1,962 through December 2023, collateralized by a second mortgage on property and equipment with 90% of balance guaranteed by the United States Department of Agriculture.	**157,628**	173,482
Total long-term debt	**355,370**	391,248
Less current maturities	**38,898**	37,322
Long-term debt, less current maturities	**$ 316,472**	$ 353,926

Maturities of long-term debt for the next five years are as follows:

2016	$ 38,898
2017	40,541
2018	42,253
2019	44,037
2020	45,897

5. Patient Service Revenue

Patient service revenue is as follows:

	2015	2014
Medicare	**$ 1,136,483**	$ 734,006
Medicaid	**582,177**	391,382
Other third-party payers and private pay	**376,161**	532,497
Medical patient service revenue	**2,094,821**	1,657,885
340B pharmacy revenue	**1,571,853**	1,339,150
Total	**$ 3,666,674**	$ 2,997,035

The Organization has agreements with the Centers for Medicare and Medicaid Services (Medicare) and New Hampshire and Vermont Medicaid. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Management believes that the Organization is in compliance with all laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

A summary of the payment arrangements with major third-party payers follows:

Medicare

Effective January 1, 2015, the Organization began to be reimbursed for the care of qualified patients on a prospective basis, with retroactive settlements related to vaccine costs only. The prospective payment is based on a geographically adjusted rate determined by Federal guidelines. Prior to January 1, 2015, the Organization was reimbursed at specified interim contractual rates during the year. Differences between the Medicare interim contractual rate and the cost of care as defined by the Principles of Reimbursement governing the program were determined and settled on a retrospective basis. Overall, reimbursement was and continues to be subject to a maximum allowable rate per visit. The Organization's Medicare cost reports have been audited by the Medicare administrative contractor through December 31, 2013.

Vermont Medicaid

Primary care services rendered to Vermont Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology. The Organization is reimbursed at a tentative encounter rate with final settlement determined after submission of an annual cost report by the Organization and audit thereof by the Administrative Contractor. The Organization's Vermont Medicaid cost reports have been retroactively settled through December 31, 2013.

New Hampshire Medicaid and Other Payers

The Organization also has entered into payment agreements with New Hampshire Medicaid and certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Organization under these agreements includes prospectively determined rates per visit, discounts from established charges and capitated arrangements for primary care services on a per member, per month basis.

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, the revenue is recorded net of the free care allowance. The Organization estimates the costs associated with providing charity care by calculating the ratio of total cost to total gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Organization's charity care policy amounted to $253,223 and $393,660 for the years ended December 31, 2015 and 2014, respectively.

The Organization is able to provide these services with a component of funds received through local community support and federal and state grants.

6. Malpractice Insurance

The Organization is protected from medical malpractice risk as an FQHC under the Federal Tort Claims Act (FTCA). The Organization has additional (gap) medical malpractice insurance, on a claims-made basis, for coverage outside the scope of the protection of the FTCA. As of the year ended December 31, 2015, there were no known malpractice claims outstanding which in the opinion of management, will be settled for amounts in excess of both FTCA and gap medical malpractice insurance coverage nor are there any unasserted claims or incidents which require loss accrual. The Organization intends to renew the additional gap medical malpractice insurance coverage on a claims-made basis and anticipates that such coverage will be available.

7. Retirement Plan

The Organization sponsors a SIMPLE IRA defined contribution plan. The Organization made contributions to the plan in the amount of $46,094 and $35,176 for the years ended December 31, 2015 and 2014, respectively.

8. Concentration of Risk

The Organization has cash deposits in major financial institutions in excess of $250,000, which exceeds federal depository insurance limits. The financial institution has a strong credit rating and management believes the credit risk related to these deposits is minimal.

The Organization grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Following is a summary of accounts receivable, by funding source at December 31, 2015 and 2014.

	2015	2014
Medicare	**37 %**	25 %
Medicaid	**30 %**	27 %
Other	**33 %**	48 %
Total	**100 %**	100 %

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Indian Stream Health Center, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 141 Corliss Lane, Colebrook, New Hampshire 03576.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #125), and amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-3 Amendment #2, and replace with Exhibit B-3 Amendment #3.

3. Delete in its entirety Exhibit B-6 Amendment #2, and replace with Exhibit B-6 Amendment #3.

This amendment shall be effective upon the date of Governor and Executive Council approval.

Public Health Services

Nicholas A. Toumpas
Commissioner

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount
Ammonoosuc Community Health Services, Inc. (177755-R001)	North Grafton/ South Coos	6/20/12 (Item #128)	5/8/14 (Item #34A)	$667,687	$540,879	$1,208,566
Concord Hospital, Inc. (177653-B011)	Merrimack/ Hillsborough	6/20/12 (Item #133)	5/8/14 (Item #34A)	$992,198	$788,937	$1,781,135

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. FAIN #T1010035-14; CFDA #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds. FAIN # U58DP003930; CFDA #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States. FAIN #B04MC28113.)

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Indian Stream Health Care, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business located at 141 Corliss Lane, Colebrook, NH 03576.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #125) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $498,394
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5 Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1 Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

Contractor's Initials JWB

Date 5-27-15

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418)

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS)

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

      Financial Manager
      Department of Health and Human Services
      129 Pleasant Street
      Concord, NH 03301

      E-mail: dphscontractbilling@dhhs.state.nh.us

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Indian Stream Health Center, Inc.

This 1st Amendment to the Indian Stream Health Center, Inc., contract (hereinafter referred to as "Amendment One") dated this 11th day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Indian Stream Health Center, Inc., (hereinafter referred to as "the Contractor"), a corporation with a place of business at 141 Corliss Lane, Colebrook, New Hampshire 03576.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $259,157

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $18,030 for SFY 2014 and $100,409 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $18,030 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $90,409 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: SMP
Date: 3-11-14

- $10,000 from 05-95-90-901010-7965-102-500731, 100% General Funds.

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with Indian Stream Health Center, Inc. (Vendor #165274-B001), 141 Corliss Lane, Colebrook New Hampshire 03576, in an amount not to exceed $140,718, to provide primary care services, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

SFY 2014	102-500731	Contracts for Program Services	90073001	$10,000
			Sub-Total	$20,000
			Total	$140,718

EXPLANATION

Funds in this agreement will be used to provide office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

Should Governor and Executive Council not authorize this Request, a minimum of 8,919 low-income individuals from the Northern Coos County and Colebrook area may not have access to primary care services. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities.

Indian Stream Health Center, Inc. was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were

averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $230,586. This represents a decrease of $89,868. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Northern Coos County and Colebrook area.

Source of Funds: 17.11% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 82.89% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors. the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established,

Contractor Initials SMO

Date 3/25/10

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials [illegible]

Date 4/25/13

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials [illegible]
Date 3/28/19

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Lamprey Health Care, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business located at 207 South Main Street, Newmarket, New Hampshire 03857.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #136) as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:

   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:

   $3,415,374
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.
7. Add Exhibit B-2 – Amendment #4, BCCP Budget.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Contractor's Initials: AAS

Date 5/24/17

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

Contractor's Initials: AAS

Date 5/24/17

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

Contractor's Initials: AAS

Date 5/24/17

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

Contractor's Initials: AAS

Date 5/24/17

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: ARB

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. Definitions

1.1.1. **Measurement Year** – Measurement Year consists of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. Breastfeeding

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. Preventive Health: Lead Screening

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. Preventive Health: Adolescent Well-Care Visit

Contractor Initials: AMS
Date: 5/24/17

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen (**NH MCHS**).**

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

Contractor Initials: AAS
Date: 5/24/17

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NHMCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS).

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #4, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

LAMPREY HEALTH CARE

Our Mission

The mission of Lamprey Health Care is to provide high quality primary medical care and health related services, with an emphasis on prevention and lifestyle management, to all individuals regardless of ability to pay.

We seek to be **a leader in providing access** to medical and health services that improve the health status of the individuals and families in the communities we serve.

Our mission is to **remove barriers that prevent access to care**; we strive to eliminate such barriers as language, cultural stereotyping, finances and/or lack of transportation.

Lamprey Health Care's **commitment to the community** extends to providing and/or coordinating access to a full range of comprehensive services.

Lamprey Health Care is committed to achieving the highest level of patient satisfaction through a personal and caring approach and **exceeding standards of excellence in quality and service**.

Our Vision

We will be the **outstanding primary care choice** for our patients, our communities and our service area, and the standard by which others are judged.

We will continue as **pacesetter** in the use of new knowledge for lifestyle improvement, quality of life.
We will be a **center of excellence** in service, quality and teaching.

We will be **part of an integrated system** of care to ensure access to medical care for all individuals and families in our communities.

We will be an **innovator** to foster development of the best primary care practices, adoption of the tools of technology and teaching.

We will **establish partnerships**, linkages, networks and referrals with other organizations to provide access to a full range of services to meet our communities' needs.

Our Values

We exist to **serve the needs of our patients**.

We value a positive **caring approach** in delivering patient services.

We are committed to **improving the health** and total well-being of our communities.

We are committed to **being proactive** in identifying and meeting our communities' health care needs.

We provide a supportive environment for **the professional and personal growth, and healthy lifestyles of our employees**.

We provide an **atmosphere of learning** and growth for both patients and employees as well as for those seeking training in primary care.

We succeed by utilizing a **team approach** that values a positive, constructive commitment to Lamprey Health Care's mission.

CONSOLIDATED FINANCIAL STATEMENTS

and

REPORTS IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS AND THE UNIFORM GUIDANCE

September 30, 2016 and 2015

With Independent Auditor's Report

[redacted]

BerryDunn

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.

Report on Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc. (the Organization), which comprise the consolidated balance sheets as of September 30, 2016 and 2015, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc. as of September 30, 2016 and 2015, and the results of their operations, changes in their net assets and their cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of a Matter

As discussed in Note 1 to the financial statements, the Organization has restated the 2015 financial statements to reclassify non-material monies contributed to the Organization for specific purposes from deferred revenue to temporarily restricted contributions in accordance with generally accepted accounting principles.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating balance sheets as of September 30, 2016 and 2015, and the related consolidating statements of operations and changes in net assets for the years then ended, are presented for purposes of additional analysis rather than to present the financial position and changes in net assets of the individual entities, and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

The accompanying schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2016 on our consideration of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.'s internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.'s internal control over financial reporting and compliance.

Cash paid for interest	**$ 113,562**	$ 116,522

The accompanying notes are an integral part of these consolidated financial statements.

Organization

Lamprey Health Care, Inc. (LHC) is a non-stock, non-profit corporation organized in the State of New Hampshire. LHC is a Federally Qualified Health Center (FQHC) whose primary purpose is to provide quality-based family health and medical services to residents of southern New Hampshire without regard to the patient's ability to pay for these services.

Subsidiary

Friends of Lamprey Health Care, Inc. (FLHC) is a non-stock, non-profit corporation organized in the State of New Hampshire. FLHC's primary purpose is to support LHC. FLHC is also the owner of the property occupied by LHC's administrative and program offices in Newmarket. LHC is the sole member of FLHC.

1. Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of LHC and its subsidiary, FLHC (collectively, the Organization). All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Both LHC and FLHC are public charities under Section 501(c)(3) of the Internal Revenue Code. As public charities, the entities are exempt from state and federal income taxes on income earned in accordance with their tax-exempt purposes. Unrelated business income is subject to state and federal income tax. Management has evaluated the Organization's tax positions and concluded that the Organization has no unrelated business income or uncertain tax positions that require adjustment to the consolidated financial statements.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and petty cash funds and exclude assets limited as to use.

Allowance for Uncollectible Accounts

Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Patient accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectibility of patient accounts receivable, the Organization analyzes its past history and identifies trends for all funding sources in the aggregate. In addition, balances in excess of one year are 100% reserved. Management regularly reviews data about revenue and payer mix in evaluating the sufficiency of the allowance for uncollectible accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts. The Organization has not changed its methodology for estimating the allowance for doubtful accounts during 2016 or 2015.

A reconciliation of the allowance for uncollectible accounts follows:

	2016	2015
Balance, beginning of year	$ 319,715	$ 231,834
Provision	245,051	476,517
Write-offs	(286,705)	(388,636)
Balance, end of year	$ 278,061	$ 319,715

The decrease in the provision and the allowance is a result of improved collections.

Grants and Other Receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. All such amounts are considered collectible.

Investment in Limited Liability Company

The Organization is one of eight partners who each made a capital contribution of $500 to Primary Health Care Partners (PHCP) during 2015. The purposes of PHCP are: (i) to engage and contract directly with the payers of health care to influence the design and testing of emerging payment methodologies; (ii) to achieve the three part aim of better care for individuals, better health for populations and lower growth in expenditures in connection with both governmental and non-governmental payment systems; (iii) to undertake joint activities to offer access to high quality, cost effective medical, mental health, oral health, home care and other community-based services, based upon the Patient-Centered Medical Home model of primary care delivery, that promote health and well-being by developing and implementing effective clinical and administrative systems in a manner that is aligned with the FQHC model; and to lead collaborative efforts to manage costs and improve the quality of primary care services delivered by health centers operated throughout the state of New Hampshire; and (iv) to engage in any and all lawful activities, including without limitation the negotiation of contracts, agreements and/or arrangements (with payers and other parties). The Organization's investment in PHCP is reported using the equity method and the investment amounted to $16,204 and $500 at September 30, 2016 and 2015, respectively.

Assets Limited as To Use

Assets limited as to use include assets set aside under loan agreements for repairs and maintenance on the real property collateralizing the loan, assets designated by the board of directors for specific projects or purposes and donor-restricted contributions.

Property and Equipment

Property and equipment acquisitions are recorded at cost, less accumulated depreciation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method.

Gifts of long-lived assets, such as land, buildings, or equipment, are reported as unrestricted net assets and excluded from the excess of revenue over expenses unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted net assets. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Temporarily Restricted Net Assets

Temporarily restricted net assets include contribution and grants for which donor-imposed restrictions have not been met. Assets are released from restrictions as expenditures are made in line with restrictions called for under the terms of the donor. Restricted grants received prior to 2000 and restricted for capital acquisition are released from restriction over the life of the related acquired assets, matching depreciation expense.

Patient Service Revenue

Patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

340B Drug Pricing Program

The Organization, as an FQHC, is eligible to participate in the 340B Drug Pricing Program. The program requires drug manufacturers to provide outpatient drugs to FQHCs and other identified entities at a reduced price. The Organization contracts with local pharmacies under this program. The local pharmacies dispense drugs to eligible patients of the Organization and bill Medicare and commercial insurances on behalf of the Organization. Reimbursement received by the pharmacies is remitted to the Organization, less dispensing and administrative fees. Gross revenue generated from the program is included in patient service revenue. The cost of drug replenishments and contracted expenses incurred related to the program are included in other operating expenses.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received and the conditions are met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of operations as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same year as received are reflected as unrestricted contributions in the accompanying consolidated financial statements.

Functional Expenses

The Organization provides various services to residents within its geographic location. Expenses related to providing these services follows:

	2016	2015
Program services	$ 12,177,340	$ 10,555,584
Administrative and general	2,079,337	2,043,218
Total	$ 14,256,677	$ 12,598,802

Excess of Revenue over Expenses

The consolidated statements of operations reflect the excess of revenue over expenses. Changes in unrestricted net assets which are excluded from the excess of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purposes of acquiring such assets) and changes in fair value of an interest rate swap.

Prior Period Adjustment for Temporarily Restricted Net Assets

Through the Organization's review of the deferred revenue as of September 30, 2016 and 2015, it has determined that certain non-material balances were donated to the Organization for specified purposes and, therefore, should be classified as temporarily restricted net assets rather than deferred revenue in accordance with U.S. generally accepted accounting principles. As part of the prior period restatement, the Organization also reclassified deferred revenue for grants and other contracts for which a notice of award had been received, but not yet paid to offset the receivable recorded for the notice of award.

As a result of this adjustment, the following amounts previously reported have been restated as of and for the year ended September 30, 2015:

	Balance as of September 30, 2015, as Previously Reported	Reclassification of Donor Restricted Contributions	Balance as of September 30, 2015, as Restated
Cash	$ 2,546,070	$ (84,925)	$ 2,461,145
Assets limited as to use	1,921,831	84,925	2,006,756
Grants receivable	3,908,669	(3,409,297)	499,372
Other receivables	239,474	(235,084)	4,390
Deferred revenue	3,729,307	(3,729,307)	-
Temporarily restricted net assets	366,958	84,925	451,883
Grants, contracts and contribution	4,251,528	(17,106)	4,234,422
Grants for capital acquisition	-	17,106	17,106
Restricted contributions	-	84,925	84,925

Subsequent Events

For purposes of the preparation of these financial statements, management has considered transactions or events occurring through December 14, 2016, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

2. Assets Limited as to Use

Assets limited as to use is composed of cash and cash equivalents and consist of the following:

	2016	2015
United States Department of Agriculture Rural Development loan agreement	$ 142,495	$ 142,427
Designated by the governing board	3,076,599	1,546,525
Donor restricted, temporarily	356,907	317,804
Total	$ 3,576,001	$ 2,006,756

3. Property and Equipment

Property and equipment consists of the following:

	2016	2015
Land	**$ 1,146,784**	$ 1,146,784
Building and improvements	**10,960,899**	10,418,055
Furniture, fixtures and equipment	**1,909,686**	1,892,906
Total cost	**14,017,369**	13,457,745
Less accumulated depreciation	**6,022,135**	5,672,919
Property and equipment, net	**$ 7,995,234**	$ 7,784,826

In 2011, the Organization made renovations to certain buildings with federal grant funding under the ARRA – Facility Improvement Program. In accordance with the grant agreement, a Notice of Federal Interest (NFI) is required to be filed in the appropriate official records of the jurisdiction in which the property is located. The NFI is designed to notify any prospective buyer or creditor that the Federal Government has a financial interest in the real property acquired under the aforementioned grant; that the property may not be used for any purpose inconsistent with that authorized by the grant program statute and applicable regulations; that the property may not be mortgaged or otherwise used as collateral without the written permission of the Associate Administrator of the Office of Federal Assistance Management, Health Resources and Services Administration (OFAM, HRSA); and that the property may not be sold or transferred to another party without the written permission of the Associate Administrator of OFAM and HRSA.

4. Line of Credit

The Organization has an available $1,000,000 revolving line of credit from a local bank through May 2017, with an interest rate of 3.50%. The line of credit is collateralized by all business assets. There was no outstanding balance at September 30, 2016 and 2015.

5. Long-Term Debt

Long-term debt consists of the following:

	2016	2015
Promissory note payable to TD Bank, N.A.; see terms outlined below.	$ 914,652	$ 933,736
A 4.375% promissory note payable to U.S. Department of Agriculture, Rural Development (Rural Development), paid in monthly installments of $5,000, which includes interest, through December 2036. The note is collateralized by all tangible property owned by the Organization.	802,850	827,148
A 5.375% promissory note payable to Rural Development, paid in monthly installments of $4,949, which includes interest, through June 2026. The note is collateralized by all tangible property owned by the Organization.	449,728	483,956
A 4.75% promissory note payable to Rural Development, paid in monthly installments of $1,892, which includes interest, through November 2033. The note is collateralized by all tangible property owned by the Organization.	265,428	275,271
Total long-term debt	2,432,658	2,520,111
Less current maturities	87,270	85,947
Long-term debt, less current maturities	$ 2,345,388	$ 2,434,164

The Organization has a promissory note with TD Bank, N.A. which is a ten-year balloon note to be paid at the amortization rate of 30 years, with monthly principal payments of $1,345 plus interest at 85% of the one-month LIBOR rate plus 2.125% through January 2022 when the balloon payment is due. The note is collateralized by the real estate. The Organization has an interest rate swap agreement for the ten-year period through 2022 that limits the potential interest rate fluctuation and essentially fixes the rate at 4.13%. The fair market value of the interest rate swap agreement was a liability of $44,773 and $37,711 at September 30, 2016 and 2015, respectively.

New Hampshire Health and Educational Facilities Authority (NHHEFA) participated in the lending for 30% of the promissory note, amounting to $300,000 through May 2016. Under the NHHEFA program, the interest rate on that portion was not subject to the swap agreement and was a variable rate based on 50% of the interest rate charged by the local banking institution, which was 85% of the one-month LIBOR rate plus 2.125%.

The Organization is required to meet certain administrative and financial covenants under various loan agreements included above. The Organization is in compliance with all loan covenants at September 30, 2016.

Maturities of long-term debt for the next five years are as follows:

2017	$ 87,270
2018	91,294
2019	95,514
2020	99,940
2021	104,581
Thereafter	1,954,059
Total	$ 2,432,658

6. Temporarily Restricted Net Assets

Temporarily restricted net assets consisted of the following:

	2016	2015
Temporarily restricted for:		
Diabetes	$ -	$ 85
Capital improvements (expended)	124,850	134,079
Dental	8,998	10,715
Community programs	289,037	294,511
Education	10,636	12,493
Substance abuse prevention	48,235	-
Total	$ 481,756	$ 451,883

The composition of assets comprising temporarily restricted net assets at September 30, 2016 and 2015 is as follows:

	2016	2015
Assets limited as to use	$ 356,906	$ 317,804
Property and equipment	124,850	134,079
Total	$ 481,756	$ 451,883

7. Patient Service Revenue

Patient service revenue follows:

	2016	2015
Gross charges	**$12,266,368**	$12,465,956
340B pharmacy revenue	**1,031,373**	752,378
Total gross revenue	**13,297,741**	13,218,334
Contractual adjustments	**(3,813,058)**	(3,798,443)
Sliding fee scale discounts	**(921,474)**	(933,619)
Other discounts	**(4,191)**	(3,269)
Total patient service revenue	**$ 8,559,018**	$ 8,483,003

The Organization has agreements with the Centers for Medicare & Medicaid Services (Medicare) and New Hampshire Medicaid. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Management believes that the Organization is in compliance with all laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

A summary of the payment arrangements with major third-party payers follows:

Medicare

The Organization is reimbursed for the care of qualified patients on a prospective basis, with retroactive settlements related to vaccine costs only. The prospective payment is based on a geographically-adjusted rate determined by federal guidelines. Overall, reimbursement was and continues to be subject to a maximum allowable rate per visit. The Organization's Medicare cost reports have been audited by the Medicare administrative contractor through September 30, 2014.

Medicaid and Other Payers

The Organization also has entered into payment agreements with Medicaid and certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Organization under these agreements includes prospectively-determined rates per visit, discounts from established charges and capitated arrangements for primary care services on a per-member, per-month basis.

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. The Organization estimates the costs associated with providing charity care by calculating the ratio of total cost to total charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Organization charity care policy amounted to approximately $942,628 and $865,778 for the years ended September 30, 2016 and 2015, respectively.

The Organization is able to provide these services with a component of funds received through local community support and federal and state grants.

8. Retirement Plan

The Organization has a defined contribution plan under Internal Revenue Code Section 403(b). The Organization contributed $326,988 and $334,365 for the years ended September 30, 2016 and 2015, respectively.

9. Concentration of Risk

The Organization has cash deposits in major financial institutions which exceed federal depository insurance limits. The financial institutions have a strong credit rating and management believes the credit risk related to these deposits is minimal.

The Organization grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Following is a summary of accounts receivable, by funding source, at June 30:

	2016	2015
Medicare	22 %	17 %
Medicaid	17 %	34 %
Other payers	61 %	49 %
	100 %	100 %

10. Medical Malpractice

The Organization is protected from medical malpractice risk as an FQHC under the Federal Tort Claims Act (FTCA). The Organization has additional medical malpractice insurance, on a claims-made basis, for coverage outside the scope of the protection of the FTCA. As of the year ended September 30, 2016, there were no known malpractice claims outstanding which, in the opinion of management, will be settled for amounts in excess of both FTCA and medical malpractice insurance coverage, nor are there any unasserted claims or incidents which require loss accrual. The Organization intends to renew medical malpractice insurance coverage on a claims-made basis and anticipates that such coverage will be available.

LAMPREY HEALTH CARE, INC. AND FRIENDS OF LAMPREY HEALTH CARE, INC.

Notes to Schedule of Expenditures of Federal Awards

Year Ended September 30, 2016

1. Basis of Presentation

The schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc..

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc. have elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc. (the Organization), which comprise the balance sheet as of September 30, 2016, and the related statements of operations, changes in net assets, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated December 14, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Directors
Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.

Report on Compliance for the Major Federal Program

We have audited Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.'s (the Organization) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on its major federal program for the year ended September 30, 2016. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Organization's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on the Major Federal Program

In our opinion, Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2016.

Board of Directors
Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Summary of Qualifications

Thirty-three years professional accounting and healthcare finance experience including audit, residential mental health, critical access hospital and FQHC managerial experience. Responsibilities have included extensive involvement in third-party contract negotiations, budgeting, strategic planning, financial analysis of strategic initiatives, independent financial audit and IRS Form 990 coordination and full responsibility for preparation and filing of Medicare and Medicaid Cost Reports. Served in all executive positions in NHVT HFMA which has provided significant exposure to PPS hospital and NH and VT healthcare organization executive and managerial level leaders.

Experience

Lamprey Health Care, Inc, Newmarket, NH
Chief Financial Officer (2016 – Present)

Senior Executive of Finance for a three site Federally Qualified Health Center serving over 15,000 patients in southern New Hampshire.

- Responsible for overall fiscal management of multi-site Federally Qualified Health Center with a $15+ million dollar annual budget. Management includes budgeting, strategic planning, month end close and reporting to the Board of Directors.
- Redesigned and rebuilt company chart of accounts and reporting to more efficiently and accurately reflect financial operating results at the departmental, programmatic and grant levels of the health center.
- Preparation and execution of financial and retirement plan audits.
- Preparation and execution of tri-ennial HRSA site visit financial review.
- Conducted search and selection of Financial Advisor firm for 403B Retirement Plan.

Alice Peck Day Health System, Lebanon, NH
Vice President of Finance/Chief Financial Officer (2009-Present)

Senior Executive of Finance for Health System comprised of Alice Peck Day Memorial Hospital made up of a 25 bed Critical Access Hospital and 11 wholly owned Physician Practices and Alice Peck Lifecare, a senior living facility with 66 independent living units, 66 assisted living units and 7 24/7 supervised nursing units. Responsible for 6 direct reports and 69 employees from Revenue Cycle, Patient Access, Patient Accounts, Coding, Health Information, Materials Management, Fiscal Services and Lifecare Business Services. Prior to Senior Level restructuring CFO was responsible for IT/IS and Risk/Compliance.

- Responsible for overall financial and fiscal management aspects of Health Systems, Hospital and Lifecare operations including accounting, budgetary, tax and other financial planning activities within the health system organizations;
- Create, coordinate, and evaluate the financial programs and supporting information systems to include budgeting, tax planning, real estate, and conservation of assets.
- Approve and coordinate changes and improvements in automated financial and management information systems for the organizations of the APD Health Systems.
- Ensure compliance with local, state, and federal financial reporting requirements.
- Coordinate the preparation of financial statements, financial reports, Medicare Cost Reports, 990 Tax Returns, special analyses, and information reports.
- Develop and implement finance, accounting, billing, and auditing procedures.
- Establish and maintain appropriate internal control safeguards.
- Contribute financial expertise in the planning of new services that generate additional sources of revenue.
- Manage costs by continually seeking data that will identify opportunities that eliminate non-value costs in conjunction with the Senior Leadership Teams of the Hospital and Lifecare.
- Analyzes areas in planning, promoting and conducting organization-wide performance improvement activities.
- Interact with other managers to provide consultative support to planning initiatives through financial and management information analyses, reports, and recommendations.
- Develop and direct the implementation of strategic business and/or operational plans, projects, programs, and systems, in conjunction with other members of the Senior Leadership Teams.
- Establish and implement short- and long-range departmental goals, objectives, policies, and operating procedures.
- Negotiate and execute third party payor contracts.
- Represent the health system at meetings including medical staff, board of trustee meetings, New Hampshire Hospital Association, New England Alliance for Health, and other relevant community meetings as needed.
- Represent the company externally to media, government agencies, funding agencies, and the general public.
- Recruit, train, supervise, and evaluate department staff.

Mt. Ascutney Hospital and Health Center, Windsor, VT
Budgeting and Reimbursement Manager and Controller (2001-2009)
Progressive managerial experience ranging from budget and reimbursement manager to Controller and succession plan that would transition to Chief Financial Officer. Directly supervise 4 employees in Finance and serve as backup supervisor for 30 employees in four departments reporting to the Chief Financial Officer including Materials Management, IT, Patient Access and Patient Accounts.

- Plan, organize and coordinate annual budget process for Critical Access Hospital. Process involves collection and distribution of departmental historical volume, revenue and expense data; supporting department heads in the development of their operating

budgets; performing financial analysis on proposed changes in services; and presenting proposed budget for approval by the Board of Trustees Finance and Audit Committee. Prepared and coordinated the presentation of the Hospital's proposed budget before the State of Vermont Banking, Insurance, Securities and Healthcare Administration (BISHCA) and Public Oversight Commission (POC).

- Serve as Hospital's direct finance contact for BISHCA staff, Medicaid Personnel, CMS personnel, and other contract agencies and third party payors.
- Prepare annual Medicare and Medicaid Cost Report filings and all supporting documentation.
- Coordinate annual financial audit process and serve as hospital's primary contact for all external audit engagements including but not limited to Independent Financial Auditors, Medicaid Auditors and Medicare Auditors.
- Develop and present finance workshops for clinical department heads. Serve as primary contact in the finance area for clinical department heads. Participate in Senior Management Team meetings. Participate in monthly Board of Trustee Finance and Audit Committee meetings.
- Implemented decision support software system which has successfully led to automation of monthly departmental variance reporting as well as much of the annual budget process.
- Responsible for updating and maintenance of Revenue and Estimated Third Party Settlement Models which are integral to the budgeting and monthly reporting processes.

Namaqua Center, Loveland, CO
Chief Financial Officer (1998-2001)
Responsible for the evaluation of automated accounting systems as well as the ultimate selection and implementation of the system. Directly supervised 3 employees and responsible for all aspects of the financial performance of the agency. Served as liaison with regulatory agencies, both for written reporting and on-site surveys.

- Developed full accounting policies and procedures manual for the agency.
- Direct contact for Independent Auditors and State Regulatory Agencies involved in financial oversight of the Agency's operations and effectiveness.
- Assured timely and complete Medicaid Cost Reports and School Department Reporting packages.
- Coordinated extensive Quality Improvement Project around third party reporting and billing.

Evalie M. Crosby, CPA
Principal (1985-1997)
Built a full public accounting practice servicing primarily small business, not for profit and individual clients. Successfully represented clients before the Internal Revenue Service, State Departments of Revenue, State Departments of Employment and Training, and Workers Compensation Insurers. Negotiated financing for clients with financial institutions and a variety of Federal and State Grant agencies.

- Provided monthly accounting and bookkeeping services.
- Provided quarterly and annual payroll and income tax filing assistance.
- Consulted with clients on the selection, installation and implementation of automated accounting systems.

Deloitte Haskins + Sells, Boston, MA
Healthcare Audit Team, (1982-1985)

- Served in a variety of capacities from audit staff to audit senior on the Healthcare Audit Team for a major public accounting firm in Boston, MA.
- Planned, organized and supervised audits on a variety of healthcare engagements.
- Served as a member of the initial DH+S team for Brigham and Women's Hospital and New England Deaconess Hospital engagements.

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Lamprey Health Care, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 207 South Main Street, Newmarket, New Hampshire 03857.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #136), and amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-3 Amendment #2, and replace with Exhibit B-3 Amendment #3.

3. Delete in its entirety Exhibit B-6 Amendment #2, and replace with Exhibit B-6 Amendment #3.

HAS 10/26/16

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

NH DIVISION OF Public Health Services

Nicholas A. Toumpas
Commissioner

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount
Ammonoosuc Community Health Services, Inc. (177755-R001)	North Grafton/ South Coos	6/20/12 (Item #128)	5/8/14 (Item #34A)	$667,687	$540,879	$1,208,566
Concord Hospital, Inc. (177653-B011)	Merrimack/ Hillsborough	6/20/12 (Item #133)	5/8/14 (Item #34A)	$992,198	$788,937	$1,781,135

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. FAIN #T1010035-14; CFDA #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds. Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Lamprey Health Care, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business located at 207 South Main Street, Newmarket, New Hampshire 03857.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #136) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $2,995,708
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

A. Ashton-Savage
5/18/15

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

Scope of Services

1. **Provisions Applicable to All Services**

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

Contractor's Initials: AHS

Date 5/18/15

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

Contractor's Initials: AAS

Date 5/18/15

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

Contractor's Initials: AAS

Date 5/18/15

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: AMS

Date 5/18/15

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: AMS
Date: 5/18/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

Financial Manager
Department of Health and Human Services
129 Pleasant Street
Concord, NH 03301

E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: AAS
Date: 5/18/15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Lamprey Health Care, Inc.

This 1st Amendment to the Lamprey Health Care, Inc., contract (hereinafter referred to as "Amendment One") dated this 12 day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Lamprey Health Care, Inc., (hereinafter referred to as "the Contractor"), a corporation with a place of business at 207 South Main Street, Newmarket, New Hampshire 03857.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $1,696,513

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $119,828 for SFY 2014 and $654,249 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $119,828 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $600,864 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials
Date 3.12.14

- $53,385 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with Lamprey Health Care, Inc. (Vendor #177677-B001), 207 South Main Street, Newmarket, New Hampshire 03857, in an amount not to exceed $922,436.00, to provide primary care services and breast and cervical cancer screening, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

SFY 2014	102-500731	Contracts for Program Services	90080081	$60,067
			Sub-Total	$120,134
			Total	$922,436

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 32,570 low-income individuals from the following areas Amherst, Brookline, Hollis, Hudson, Litchfield, Lyndeborough, Merrimack, Milford, Mount Vernon, Nashua, Pelham, Wilton, Barrington, Brentwood, Candia, Chester, Danville, Exeter, Fremont, Lee, Newfields, Newmarket, Northwood, Nottingham, Raymond and Stratham may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Lamprey Health Care, Inc. was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $1,478,362. This represents a decrease of $555,926. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Amherst, Brookline, Hollis, Hudson, Litchfield, Lyndeborough, Merrimack, Milford, Mount Vernon, Nashua, Pelham, Wilton, Barrington, Brentwood, Candia, Chester, Danville, Exeter, Fremont, Lee, Newfields, Newmarket, Northwood, Nottingham, Raymond and Stratham.

Source of Funds: 30.38% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 69.62% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

   8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

   9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

   9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

   9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

    10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

    10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14:1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. Insurance: Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. Renewal:

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

Date: 4/25/2019

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Manchester Community Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 145 Hollis Street Manchester, New Hampshire 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #32) as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $2,965,443
3. Add Exhibit A- Amendment #3, Scope of Services.
4. Add Exhibit A-1 – Amendment #3, Performance Measures
5. Add Exhibit B – Amendment #3, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #3 MCHS Budget.
7. Add Exhibit B-2 – Amendment #3, BCCP Budget.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

Contractor's Initials: [illegible]

Date 5/23/17

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

Contractor's Initials: [illegible]

Date 5/23/17

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

Contractor's Initials: KM

Date 5/28/19

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

Contractor's Initials: [signature]

Date 5/23/17

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #3

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. Definitions

1.1.1. **Measurement Year** – Measurement Year consists of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. Breastfeeding

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. Preventive Health: Lead Screening

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. Preventive Health: Adolescent Well-Care Visit

Contractor Initials: _____
Date: 5/23/17

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI ≥ 23 and < 30

Age 18 through 64 BMI ≥ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NHMCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS)**.**

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #3, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #3, Scope of Services, in accordance with Exhibit B-1 Amendment #3 through Exhibit B-2 Amendment #3.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #3 through Exhibit B-2 Amendment #3 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

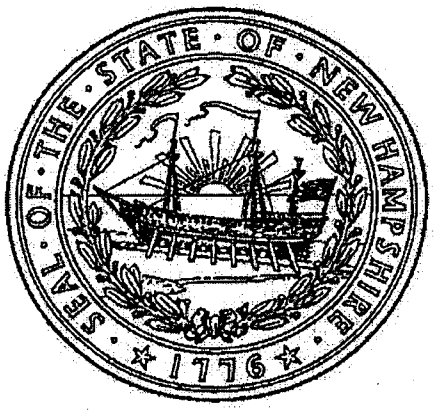
CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that MANCHESTER COMMUNITY HEALTH CENTER is a New Hampshire Nonprofit Corporation registered to transact business in New Hampshire on May 07, 1992. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: **175115**



IN TESTIMONY WHEREOF,
I hereto set my hand and cause to be affixed
the Seal of the State of New Hampshire,
this 3rd day of April A.D. 2017.

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

I, Gerri Provost, Secretary of the Board of Directors, do hereby certify that:

1. I am a duly elected Officer of Manchester Community Health Center.

2. The following is a true copy of the resolution duly adopted at a meeting of the Board of Directors of the Agency duly held on May 2, 2017:

RESOLVED: That the President/CEO is hereby authorized on behalf of this Agency to enter into the said contract with the State of New Hampshire and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and in effect as the 23rd day of May, 2017.

4. Kris McCracken is the duly elected President/CEO of the Agency.

Gerri Provost
(Signature of the Secretary of the Board of Directors)

STATE OF NEW HAMPSHIRE
County of Hillsborough

The forgoing instrument was acknowledged before me this 23rd day of May, 2017, by Gerri Provost.

Sarah Gibson

MANCHESTER
COMMUNITY
HEALTH CENTER

Mission, Vision and Core Values

Mission

To improve the health and well-being of our patients and the communities we serve by leading the effort to eliminate health disparities by providing exceptional primary and preventive healthcare and support services which are accessible to all.

Vision

MCHC will become the provider of choice for comprehensive primary health care by achieving the triple aim of better health outcomes, better patient care, and lowered costs through using innovative care models and strong community partnerships. MCHC will meet our mission by using evidence-based care that is patient-centered, engages families, removes barriers, and promotes well-being and healthy lifestyles through patient empowerment and education.

Core Values

We will promote wellness, provide exceptional care, and offer outstanding services so that our patients achieve and maintain their best possible health. We will do this through fostering an environment of respect, integrity and caring for all stakeholders in our organization.

MANCHESTER COMMUNITY HEALTH CENTER

CHILD HEALTH SERVICES

FINANCIAL STATEMENTS

June 30, 2016 and 2015

With Independent Auditor's Report

BerryDunn

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Manchester Community Health Center

We have audited the accompanying financial statements of Manchester Community Health Center, which comprise the balance sheets as of June 30, 2016 and 2015, and the related statements of operations, changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Manchester Community Health Center as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

The accompanying notes are an integral part of these financial statements.

1. Summary of Significant Accounting Policies

Organization

Manchester Community Health Center (the Organization) is a non-stock, not-for-profit corporation organized in New Hampshire. The Organization is a Federally Qualified Health Center (FQHC) providing high-quality, comprehensive family oriented primary healthcare services which meet the needs of a diverse community, regardless of age, ethnicity or income.

On November 1, 2014, the Organization acquired Child Health Services (CHS), a New Hampshire non-profit corporation.

Child Health Services Acquisition

On November 1, 2014 (the acquisition date), the Organization acquired CHS. CHS is a community health clinic that provides primary care, family planning, ancillary and specialty services, and special medical services to children, teenagers, and young adults. The services previously provided by CHS were subsequently provided by the Organization.

In accordance with the acquisition agreement, CHS's endowment fund was not transferred to the Organization. The surviving CHS entity amended its organizing documents to reflect a change in name to Children's Public Health Fund (Fund) and a change in purpose to support the child health and welfare services of Manchester Community Health Center. In addition, the Fund will manage the endowment, perform fundraising for the endowment (in consultation and coordination with the Organization), and grant funds to the Organization from the income generated by the endowment. The Fund's board membership is independent from the Organization's board membership.

The following table summarizes the amounts of the assets acquired and liabilities assumed at the acquisition date.

Financial assets	$ 156,994
Receivables	462,800
Other current assets	16,820
Property and equipment	1,127,203
Liabilities	(231,542)
Inherent contribution received	$ 1,532,275

The Organization acquired CHS by means of an inherent contribution where no consideration was transferred by the Organization. The Organization accounted for this business combination by applying the acquisition method, and accordingly, the inherent contribution received was valued as the excess of assets acquired over liabilities assumed. In determining the inherent contribution received, all assets acquired and liabilities assumed were measured at fair value as of the acquisition date.

The following table summarizes the inherent contribution received by net asset classification.

Unrestricted	$ 1,133,495
Temporarily restricted	297,422
Permanently restricted	101,358
Inherent contribution received	$ 1,532,275

Income Taxes

The Organization is a public charity under Section 501(c)(3) of the Internal Revenue Code. As a public charity, the Organization is exempt from state and federal income taxes on income earned in accordance with its tax-exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Organization's tax positions and concluded that the Organization has no unrelated business income or uncertain tax positions that require adjustment to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles generally requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents exclude amounts whose use is limited by Board designation.

Allowance for Uncollectible Accounts

Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Patient accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectibility of patient accounts receivable, the Organization analyzes its past history and identifies trends for all funding sources in the aggregate. In addition, balances in excess of one year are 100% reserved. Management regularly reviews data about revenue in evaluating the sufficiency of the allowance for uncollectible accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts.

A reconciliation of the allowance for uncollectible accounts follows:

	2016	2015
Balance, beginning of year	**$ 608,028**	$ 375,000
Provision	**1,098,074**	231,869
(Write-offs)/recovery	**(314,345)**	1,159
Balance, end of year	**$ 1,391,757**	$ 608,028

The increase in the allowance and the provision is primarily the result of provider credentialing challenges which resulted in uncollectible receivable balances.

Grants and Other Receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. All such amounts are considered collectible.

Investment in Limited Liability Company

The Organization is one of eight members who each made a capital contribution of $500 to Primary Health Care Partners, LLC (PHCP) during 2015. The Organization's investment in PHCP is reported using the equity method and the investment amounted to $16,203 and $500 at June 30, 2016 and 2015, respectively.

Assets Limited as to Use

Assets limited as to use consist of cash and cash equivalents and represent assets designated by the board for future capital needs.

Property and Equipment

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method.

Gifts of long-lived assets, such as land, buildings, or equipment, are reported as unrestricted net assets and excluded from the excess of revenues over expenses unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted net assets. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service, with the exception of assets acquired with restricted grants as described below.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets include contributions and grants for which donor-imposed restrictions have not been met. Assets are released from restrictions as expenditures are made in line with restrictions called for under the terms of the donor. Restricted grants received for capital acquisitions prior to July 1, 2015 are released from restriction over the life of the related acquired assets in accordance with the reporting of the depreciation expense. Restricted grants released are reported as unrestricted revenue and support. Effective July 1, 2015, restricted grants received for capital acquisitions are reported as temporarily restricted net assets in the period received, and expirations of those donor restrictions are reported when the acquired long-lived assets are placed in service and donor-imposed restrictions are satisfied.

Permanently restricted net assets include net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is unconditionally received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of operations as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

Patient Service Revenue

Patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

340B Drug Pricing Program

The Organization, as an FQHC, is eligible to participate in the 340B Drug Pricing Program. The program requires drug manufacturers to provide outpatient drugs to FQHCs and other identified entities at a reduced price. The Organization contracts with local pharmacies under this program. The local pharmacies dispense drugs to eligible patients of the Organization and bill Medicare and commercial insurances on behalf of the Organization. Reimbursement received by the pharmacies is remitted to the Organization, less dispensing and administrative fees. Gross revenue generated from the program is included in patient service revenue. Contracted expenses and drug costs incurred related to the program are included in other operating expenses.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Functional Expenses

The Organization provides various services to residents within its geographic location. Expenses related to providing these services are as follows:

	2016	2015
Program services	**$13,439,463**	$10,047,705
Administrative and general	**1,619,871**	1,440,079
Fundraising	**171,807**	141,124
Total	**$15,231,141**	$11,628,908

Excess of Revenues Over Expenses

The statements of operations reflect the excess of revenues over expenses. Changes in unrestricted net assets which are excluded from the excess of revenues over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purposes of acquiring such assets).

Subsequent Events

For purposes of the preparation of these financial statements, management has considered transactions or events occurring through December 6, 2016, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

2. Property and Equipment

Property and equipment consists of the following:

	2016	2015
Land	$ 81,000	$ 81,000
Building and leasehold improvements	3,877,039	3,870,043
Furniture and equipment	1,545,895	1,394,731
Total cost	5,503,934	5,345,774
Less accumulated depreciation	1,764,795	1,452,989
	3,739,139	3,892,785
Construction-in-process	56,990	-
Property and equipment, net	$ 3,796,129	$ 3,892,785

3. Line of Credit

The Organization has a $1,000,000 line-of-credit demand note with a local banking institution. The line of credit is collateralized by all assets and a second mortgage on the Organization's real property. The interest rate is LIBOR plus 3.5% (3.95% at June 30, 2016). There was no outstanding balance on the line of credit at June 30, 2016 and 2015.

4. Long-Term Debt

Long-term debt consists of the following:

	2016	2015
Note payable, with a local bank (see terms below)	$ 1,284,696	$ 1,327,316
Note payable, New Hampshire Health and Education Facilities Authority (NHHEFA), payable in monthly installments of $513, including interest at 1.00%, due July 2020, collateralized by all business assets	24,617	30,000
Total long-term debt	1,309,313	1,357,316
Less current maturities	51,049	43,176
Long-term debt, less current maturities	$ 1,258,264	$ 1,314,140

The Organization has a promissory note with RBS Citizens, N. A. (Citizens) for the purchase of the medical and office facility in Manchester, New Hampshire. The note is collateralized by the real estate. The note is a five-year balloon note due December 1, 2018 to be paid at the amortization rate of 25 years. The note is borrowed at a variable interest rate with margins adjusted annually on July 1 based on the Organization's achievement of two operating performance milestones (2.8667% at June 30, 2016). NHHEFA is participating in the lending for 30% of the promissory note. Under the NHHEFA program, the interest rate on that portion is approximately 30% of the interest rate charged by Citizens.

The Organization is required to meet an annual minimum working capital and debt service coverage as defined in the loan agreement with Citizens. In the event of default, Citizens has the option to terminate the agreement and immediately request payment of the outstanding debt without notice of any kind to the Organization. The Organization is in compliance with all loan covenants at June 30, 2016.

Scheduled principal repayments of long-term debt for the next five years are as follows:

2017	$ 51,049
2018	52,374
2019	1,199,257
2020	6,115
2021	518

5. Temporarily and Permanently Restricted Net Assets

Temporarily and permanently restricted net assets consisted of the following as of June 30:

	2016	2015
Temporarily restricted		
Program services	**$ 74,280**	$ 87,641
Child health services	**356,884**	349,494
Capital improvements (expended)	**93,546**	138,539
Capital improvements (not yet in service)	**56,990**	-
Total	**$ 581,700**	$ 575,674
Permanently restricted		
Working capital	**$ 101,358**	$ 101,358

6. Patient Service Revenue

Patient service revenue follows:

	2016	2015
Medicare	$ 824,444	$ 516,851
Medicaid	5,824,163	4,816,637
Patient and patient health insurance	1,832,738	820,883
Medical patient service revenue	8,481,345	6,154,371
340B pharmacy revenue	802,683	558,465
Total patient service revenue	$ 9,284,028	$ 6,712,836

The Organization has agreements with the Centers for Medicare and Medicaid Services (Medicare) and New Hampshire Medicaid. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Organization believes that it is in compliance with all laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

A summary of the payment arrangements with major third-party payers follows:

Medicare

Effective July 1, 2015, the Organization began to be reimbursed for the care of qualified patients, on a prospective basis, with retroactive settlements related to vaccine costs only. The prospective payment is based on a geographically-adjusted rate determined by federal guidelines. Prior to July 1, 2015, the Organization was reimbursed at specified interim contractual rates during the year. Differences between the Medicare interim contractual rate and the cost of care as defined by the Principles of Reimbursement governing the program were determined and settled on a retrospective basis. Overall, reimbursement was and continues to be subject to a maximum allowable rate per visit. The Organization's Medicare cost reports have been audited by the Medicare administrative contractor through June 30, 2015.

Medicaid and Other Payers

The Organization also has entered into payment agreements with Medicaid and certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Organization under these agreements includes prospectively-determined rates per visit, discounts from established charges, and capitated arrangements for primary care services on a per member, per month basis.

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. The Organization estimates the costs associated with providing charity care by calculating the ratio of total cost to total charges and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Organization charity care policy amounted to $1,803,834 and $1,264,656 for the years ended June 30, 2016 and 2015, respectively.

The Organization is able to provide these services with a component of funds received through local community support and federal and state grants.

7. Retirement Plan

The Organization has a defined contribution plan under Internal Revenue Code Section 403(b) that covers substantially all employees. The Organization contributed $266,304 and $195,365 for the years ended June 30, 2016 and 2015, respectively.

8. Concentration of Risk

The Organization has cash deposits in major financial institutions which exceed federal depository insurance limits. The financial institutions have a strong credit rating and management believes the credit risk related to these deposits is minimal.

The Organization grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Following is a summary of accounts receivable, by funding source, at June 30:

	2016	2015
Medicare	**15 %**	6 %
Medicaid	**46 %**	67 %
Other	**39 %**	27 %
	100 %	100 %

9. Commitments and Contingencies

Medical Malpractice Insurance

The Organization is protected from medical malpractice risk as an FQHC under the Federal Tort Claims Act (FTCA). The Organization has additional medical malpractice insurance, on a claims-made basis, for coverage outside the scope of the protection of the FTCA. As of the year ended June 30, 2016, there were no known malpractice claims outstanding which, in the opinion of management, will be settled for amounts in excess of both FTCA and additional medical malpractice insurance coverage, nor are there any unasserted claims or incidents which require loss accrual. The Organization intends to renew the additional medical malpractice insurance coverage on a claims-made basis and anticipates that such coverage will be available.

Leases

The Organization leases office space and certain other office equipment under noncancelable operating leases. Future minimum lease payments under these leases are:

2017	$ 338,327
2018	293,878
2019	113,624
2020	71,955
2021	73,016
Thereafter	207,106
Total	$ 1,097,906

Objective

To work for an organization with a clear vision, philanthropic community involvement, well-respected leadership, a strong strategic plan, and a corporate culture that is motivating and inclusive.

Education

Undergraduate Degree: 1991 Mt. Holyoke College, Major: Psychology, Minor: Latin American Studies

Graduate Degree: 2000 Rivier College, MBA Health Care Administration

Summary of Qualifications

Areas of Experience:

- Community Health
- Primary Care
- Behavioral Health
- Electronic Medical Records
- Substance Abuse, HIV/AIDS
- Domestic Violence
- Rape Crisis
- Culturally Diverse Populations
- Federally Funded Programs
- Joint Commission Accreditation
- Fundraising
- Board of Directors

Skill Sets:

- Operations Management
- Strategic Planning
- Budget Development
- Grant Writing/Report Management
- Group Facilitation
- Regulatory Compliance
- Staff Supervision
- Project Management
- Quality Improvement/Data Mgmt.
- Community Collaboration
- Facilities Oversight
- Program Development

Professional experience

2013-Present: **President and CEO**- Manchester Community Health Center

- Oversee all service programs provided by MCHC to ensure that client needs are met and quality standards are maintained and monitored in an efficient, cost effective manner by: supervising program personnel; annually assessing relevance of current programs to community needs; achieving and maintaining appropriate accreditation and/or licenses for programs.
- Ensure that MCHC services are consistent with its mission, vision, and strategic plan to ensure that programming is relevant to existing and emerging client and community needs.
- With the Board Strategic Planning Committee, develop and assist with the planning, execution and evaluation of a fund raising program. Establish and maintain a rapport with corporate sponsors, major contributors, directors, volunteers, civic organizations, and other parties in which the Center does business.
- Recommend a staffing pattern to ensure efficient management and operation of all programs and activities.
- Serve as the primary staff resource for MCHC Board of Directors to ensure effective use of and communication with trustees.
- Ensure that MCHC activities are operated in a cost-effective, efficient manner to ensure ongoing financial stability
- Call and preside at regular meetings with staff to ensure adequate communication between staff, to give the opportunity to share ideas and concerns, to coordinate efforts, and to ensure appropriate standardization of policies and procedures.

- Recommend and communicate necessary policies and procedures to ensure adherence to management, program service, fiscal and accounting standards, and standards of good personnel procedures.

- Develop, coordinate, and maintain effective relationships between MCHC and other groups (such as State legislature, public and private health, welfare and service agencies, media, etc.,) to create public and professional understanding and support of the organization's objectives and activities.

2000-2013: **Director of Operations**- Manchester Community Health Center, Manchester, NH. In collaboration with other Senior Management staff, the DOO assumes responsibility for the day-to-day management of operations of the health center:

- Responsible for multiple departments, including Ancillary Staff, Nursing, Medical Assistants, Medical Records, Volunteers, Interpreters, and Business Office Staff.
- Collaborate with other senior management team members in overseeing health center operations, policy and program development, staff supervision, and overall program management of the organization.
- Maintaining continuity and quality of care for clients, including oversight of Patient Satisfaction programs, and co-responsibility for implementation of Quality Improvement Initiatives. Responsible for Patient Centered Medical Home and Meaningful Use activities.
- Primary responsibility for data analysis related to quality of care initiatives
- Key role in the development of center-wide goals and representing the Health Center in various community settings.
- Project Manager for the EMR (Electronic Medical Record)called Centricity (EMR & PM) including initial setup and implementation, ongoing support and development
- Participate in Board of Directors meetings, and several board and staff committees, including Safety, Personnel, Ethics, Strategic Planning, QI, Corporate Compliance, Medical Advisory Committee
- Direct staff and management team supervision, grant writing, project management, regulatory compliance, community collaborations, cultural competency, budget development, and other operational activities.
- Facilitation of employee satisfaction survey development, administration and response
- Oversight and development of ancillary services including interpretation, transportation, nutrition, dental collaboration grants and behavioral health.
- Special initiatives including Medical Home certification, Meaningful Use planning, Joint Commission accreditation, and similar ventures

1997-2000: **Family Services Manager**- Manchester Community Health Center, Manchester, NH. Responsible for the management of the behavioral health services, care management, nutrition, interpretation, and coordination of ancillary services programming.

1996-1997: **Crisis Outreach Counselor**- Manchester Community Health Center, Manchester, NH. Provided crisis intervention and short-term counseling to patients identified by provider staff as high risk. Complete psycho-social intakes on new patients. Performed outreach services to patients who had fallen out of care. Coordinated care with medical team and behavioral health staff.

1995-1996: **Substance Abuse Clinician I**- Habit Management Institute, Lawrence, MA.

- Substance Abuse individual counseling
- Methadone treatment planning
- Substance abuse education
- Facilitation of support groups
- Admission/discharge planning, and community networking.

1993-1995: **Case Manager/Volunteer Coordinator, Fundraising Coordinator**- River Valley AIDS Project, Springfield, MA.

- Volunteer Program Coordinator responsibilities included developing and maintaining a volunteer program for the agency, networking, training, design and implementation, volunteer support, and monthly billing/statistics.
- Development Coordinator responsibilities included creating a fundraising donor base, initiating the development of new fundraising events, facilitating relationships with corporate sponsors, maintaining quarterly newsletters, and facilitating the following committees: Anthology Committee, Dinner for Friends Committee, Gay Men's Focus Group, Fundraising Committee, and the Children Orphaned by AIDS Committee.
- During first year of employment functioned as a Case Manager, with responsibilities including referrals, trainings, translation, support groups, counseling, advocacy, and monthly billing. Created the first public Resource Library for HIV/AIDS in Western MA, developed a donation program, and developed a Speaker's Bureau program, as well as supervised interns and trained new staff.

1990-1993: **Rape Crisis Counselor, Children's Advocate/Counselor**- YWCA, Springfield, MA.

- Rape Crisis Counselor: responsible for essentially all aspects of programming including statistics for grant reporting, billing records, case records, and individual, couples and family counseling services. Also responsible for legal and medical advocacy, educational trainings, and hotline/on-call responsibilities. Facilitated four support groups for adults, teens, Spanish speaking women, and teenagers who had re-perpetrated their sexual abuse.
- Children's Counselor/Advocate: responsible for individual counseling, a children's support group, parenting classes, and working with the referral needs of the children in the battered women's shelter. As a member of the Counseling team: answered hotline calls, provided individual counseling, kept case files, ran in-house support groups, and provided traditional case management.

Nicholas A. Toumpas
Commissioner

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

6/24/15 #58

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. FAIN #T1010035-14; CFDA #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds. FAIN # U58DP003930; CFDA #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States. FAIN #B04MC28113.)

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Marcella Bobinsky

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Manchester Community Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 145 Hollis Street Manchester, New Hampshire 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #32 and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and;

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $2,486,564
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

Contractor Initials: MS
Date: 5/14/15

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Mediciad eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least two quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. One quality improvement project should focus on pediatrics and the other on adult health. The Contractor shall facilitate quality improvement according to the following:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.2. Alerts.

3.4.3. Guidelines.

3.4.4. Diagnostic support.

3.4.5. Patient registries.

3.4.6. Collaborative learning sessions.

3.4.7. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

Contractor Initials: [signature]

Date: 5/14/15

3.4.8. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.9. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventive Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

Contractor Initials: _____
Date: 5/14/15

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Actions.

5.1.2.4. Recommendations.

5.1.2.5. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports..

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic medical record (EMR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH professional licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice medicine in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include but is not limited to:

6.4.1. Outreach and education by lay persons with clinical case management services provided by a registered nurse who:

6.4.1.1. Is currently licensed as a registered nurse to practice in the State of NH; or

6.4.1.1.1. Has attained a bachelor's degree from a recognized college or university; or

6.4.1.1.2. Is working under the direct supervision of a registered nurse licensed to practice in the State of NH.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of being hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per year according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided, which shall be developed and submitted to the Department according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of trainings, which includes but is not limited to:

9.7.1.1.1. Content of the trainings.

9.7.1.1.2. Number of staff that attended trainings.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

Contractor Initials: _____
Date: 5/14/15

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor Initials: [illegible]

Date: 5/14/15

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: KA
Date: 5/14/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator –** Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator –** Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator –** Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator –** Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Contractor Initials: _____
Date: 5/14/15

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

Financial Manager
Department of Health and Human Services
129 Pleasant Street
Concord, NH 03301

E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: VW
Date: 5/14/15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Brook Dupee for

José Thier Montero, MD, MHCDS
Director

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Manchester Community Health Center

This 1st Amendment to the Manchester Community Health Center contract (hereinafter referred to as "Amendment One") dated this 12th day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Manchester Community Health Center (hereinafter referred to as "the Contractor"), a corporation with a place of business at 145 Hollis Street, Manchester, New Hampshire 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $1,051,425

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $71,392 for SFY 2014 and $407,637 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $71,392 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $357,989 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials:
Date: 3/12/14

- $49,648 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

Scope of Services

The Department desires to continue the relationship with the primary care agencies to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 21– 64, uninsured or underinsured. BCCP changes.

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS prior to implementation.

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 9,425 users annually with 37,620 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 279 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. Provide clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.
5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, electronic) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A. Service Requirements

1. Medical Home

The Contractor shall provide a Medical Home that:

a) Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.

b) Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, oral health, and behavioral health specialty providers.

b) Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) Nutrition assessment for all clients as part of the health maintenance visit. Therapeutic nutrition services shall be provided as indicated directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) Oral screening annually for all clients 21 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.

m) Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.

3. Breast and Cervical Cancer Screening

a) Women age 21 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) and insurance status criteria shall be provided the following services, following USPSTF screening recommendations:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

f) The Contractor shall provide the NH Breast and Cervical Cancer Program with breast and cervical cancer screening rates for all women served by the practice as requested, but not more than twice per SFY.

g) The contractor shall work with the NH Breast and Cervical Cancer Program staff to increase the breast and cervical cancer screening rates among all women serviced by the practice.

4. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate. Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

5. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) The World Health Organization (WHO) growth charts shall be used to monitor growth for infants and children birth up to age 2 years. The Centers for Disease Control and Prevention (CDC) growth charts shall be used for children age 2 years and older.

b) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

c) All children enrolled in either Medicaid, Head Start, or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a blood lead test performed.

d) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

e) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit, and a referral for the child's first visit to the dentist by age one as recommended by the American Academy of Pediatrics and the American Academy of Pediatric Dentistry.

f) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's drinking water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.

g) For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.

6. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

7. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling or other substance abuse intervention, treatment, or recovery services by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.

b) All clients, including pregnant women, identified as smokers shall receive counseling using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: A Clinician's Guide to Helping Pregnant Women Quit Smoking", American College of Obstetricians and Gynecologists, 2011. With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).

8. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule for Adults (19 years and older) by Age and Medical Condition - United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the "Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States" approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

9. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

10. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.

d) The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist (on site or by referral)

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.
   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.
   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.
   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.
   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

   a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

   b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities in the Public Health Region in which they provide services as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to participate in and coordinate public health activities as requested by the Division of Public Health Services during any disease outbreak and/or emergency, natural or man-made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that appropriate, responsive, and timely referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) **Meetings and Trainings**

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. **Quality or Performance Improvement (QI/PI)**

A) **Workplans**

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care Clinical and Financial, Child Health, and Prenatal Care.

B) **Additional Reporting requirements**

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be

completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.

2. Reviews shall include client record reviews to measure compliance with this exhibit.

3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.

4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CHILD HEALTH DIRECT CARE SERVICES
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Please note, for all measures, the following should be used **unless otherwise indicated:**

- Less than 19 years of age
- Served within the scope of this MCH contract during State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)
- Each client can only be counted once (unduplicated)

Child Health Direct (CH – D) Performance Measure #1

Measure: 92%* of eligible children will be enrolled in Medicaid

Goal: To increase access to health care for children through the provision of health insurance

Definition: **Numerator-**
Of those in the denominator, the number of children enrolled in Medicaid.

Denominator-
Number of children who meet all of the following criteria:

- Less than 19 years of age
- Had 3 or more visits/encounters** during the reporting period
- As of the last visit during the reporting period were eligible for Medicaid

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**An encounter is face to face contact between a user and a provider who exercises independent judgment in the provision of services to the individual (UDS Table Definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #2

Measure: 85%* of at-risk** children who were screened for blood lead between 18 and 30 months of age

Goal: To prevent childhood lead poisoning through early identification of lead exposure

Definition: **Numerator-**
Of those in the denominator, number of children screened for blood lead by capillary or venous on or after their 18-month birthday and prior to their 30-month birthday.

Denominator-
Number of at-risk** children who reached age 30 months during the reporting period. If discharged prior to 30 months, do not include in denominator.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**At risk = During the reporting period, the children were 18-29 months of age, and fit at least one of the following criteria:

- "Low income" (less than 185% poverty guidelines)
- Over 185% and resided in a town considered needing "Universal" screening per NH Childhood Lead Poisoning Prevention Program
- Over 185%, resided in a town considered "Target" and had a positive response to the risk questionnaire
- Refugee children -A refugee is defined as a person outside of his or her country of nationality who is unable or unwilling to return because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion (U.S. Citizenship and Immigration Services definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #3

Measure: 71%* of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85%ile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Goal: To increase the percent of children receiving primary care preventive health services who have an elevated BMI percentile who receive guidance about promoting a healthier lifestyle.

Definition:

Numerator-
Of those in the denominator, the number of children who had documentation in their medical record of there being discussion at least once during the reporting period of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Denominator-
Number of children who turned twenty-four months during or before the reporting period, up to the age of nineteen years, with one or more well child visit after their twenty-fourth month of age within the reporting year, and had an age and gender appropriate BMI percentile greater than or equal to the 85 % percentile at least once during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Rationale: Children between the 85th – 94th percentiles BMI are encouraged to have 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks. (Discussion of the importance of family meal time, limiting eating out, consuming a healthy breakfast, preparing own foods, and promotion of breastfeeding is also encouraged.) American Academy of Pediatrics' guidance for Prevention and Treatment of Childhood Overweight and Obesity, (http://www.aap.org/obesity/health_professionals.html), from AAP Policy Statement: *Prevention of Pediatric Overweight and Obesity* and the AAP endorsed Expert Committee Recommendations Regarding the Prevention, Assessment, and Treatment of Children and Adolescent Overweight and Obesity, 2007.

*Target based on 2012 & 2013 Data Trend Table averages.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) #4

Measure: 75%* of eligible** infants and children with client record documentation of enrollment in WIC

Goal: To increase access to nutrition education, breastfeeding support, and healthy food through enrollment in the WIC Nutrition Program

Definition: **Numerator** -
Of those in the denominator, the number of infants and children who, as of the last well child visit during the reporting period, had client record documentation that infant or child was enrolled in WIC.

Denominator -
Unduplicated number of infants and children less than 5 years of age, enrolled in the agency, during the reporting period, who were eligible** for WIC.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**WIC Eligibility Requirements:

- Infants, and children up to their fifth birthday
- Must be income eligible (income guidelines are up to 185% of federal gross income, and are based on family size)

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #5

Measure: 23%* of infants who were exclusively** breastfed for the first three months, at their four month well baby visit

Goal: To provide optimum nutrition to infants in their first three months of life

Definition: **Numerator -**
Of those in the denominator, the number of infants who had client record documentation that the infant had been exclusively breastfed for their first three months when checked at their four month well baby visit.

Denominator -
Number of infants who received one or more visits during or before the reporting period and were seen for a four-month well baby visit during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Benmarks: 2011 PedNSS (WIC) exclusive at 3 months: NH 22.9%, National (2010) 10.7%
2013 CDC Report Card (NIS, provisional 2010 births): NH 49.5%, National 37.7%
Healthy People 2020 goal: 44%

Rationale: The AAP recommends exclusive breastfeeding for about 6 months, with continuation of breastfeeding for 1 year or longer as mutually desired by mother and infant, a recommendation concurred to by the World Health Organization and the Institute of Medicine. (American Academy of Pediatrics Policy Statement on Breastfeeding and the Use of Human Milk, 2012)

*Target based on 2012 & 2013 Data Trend Table averages.
**Exclusive means breast milk only, no supplemental formula, cereal/baby food, or water/fluids.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE: ADULT

PERFORMANCE MEASURES DEFINITIONS

State Fiscal Year 2015

Primary Care: Adult Performance Measure #1

Measure:*	58%** of adult patients 18 – 85 years of age diagnosed with hypertension will have a blood pressure measurement less than 140/90*** mm at the time of their last measurement.
Goal:	To ensure patients diagnosed with hypertension are adequately controlled.
Definition:	**Numerator-** Number of patients from the denominator with blood pressure measurement less than 140/90 mm at the time of their last measurement. **Denominator-** Number of patients age 18 – 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Measure based on the National Quality Forum 0018

**Health People 2020 National Target is 61.2%

***Both the numerator and denominator must be less that 140/90 mm

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CLINICAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: 61%* of adolescents aged 11-21 years received an annual health maintenance visits in the past 12 months.

Goal: To enhance adolescent health by assuring annual, recommended, adolescent well -visits.

Definition:

Numerator-
Number of adolescents in the denominator who received an annual health maintenance "well" visit during the reporting year.

Denominator-
Total number of adolescents aged 11-21 years who were enrolled in the primary care clinic as primary care clients during the reporting year period.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure:	31%* of women and adolescent girls aged 15-44 take multi-vitamins with folic acid.
Goal:	To enhance pregnancy outcomes by reducing neural tube defects.
Definition:	**Numerator-** The number of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid. **Denominator-** The number of women and adolescent girls aged 15-44 who were seen in primary care for a well visit in the past year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE - FINANCIAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care (PC) Performance Measure #1

Measure: Patient Payor Mix

Goal: To allow monitoring of payment method trends at State funded primary care sites.

Definition: Patients enrolled in Medicare, Medicaid, Commercial insurance, or uninsured.

Data Source: Provided by agency

Primary Care (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: AR Days: Net Patient Accounts Receivable **multiplied by** 365 **divided by** Net Patient Revenue

Data Source: Provided by agency

Primary Care (PC) Performance Measure #3

Measure: Current Ratio

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: Current Ratio = Current Assets **divided by** Current Liabilities

Data Source: Provided by agency

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRENATAL
PERFORMANCE MEASURES DEFINITIONS
State Fiscal Year 2015

Prenatal (PN) Performance Measure #1

Measure:	85%* of pregnant women who are enrolled in the agency's prenatal program will begin prenatal care during the first trimester of pregnancy.
Goal:	To enhance pregnancy outcomes by assuring early entrance into prenatal care.
Definition:	**Numerator-** Number of women in the denominator who had a documented prenatal visit during the first trimester (on or before 13.6 weeks gestation). **Denominator-** Number of women enrolled in the agency prenatal program who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Prenatal (PN) Performance Measure #2

Measure:	20%* of pregnant women who are identified as cigarette smokers will be referred to QuitWorks-New Hampshire.
Goal:	To reduce tobacco use during pregnancy through focused tobacco use cessation activities at public health prenatal clinics.
Definition:	**Numerator-** Number of women in the denominator who received at least one referral to QuitWorks-New Hampshire during pregnancy. **A referral is defined as signing the patient up for QuitWorks-NH via phone, fax, or EMR. It is not defined as discussing QuitWorks-NH with the patient and encouraging her to sign up.** **Denominator-** Number of women enrolled in the agency prenatal program and identified as tobacco users who gave birth during the reporting year.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Target set in consultation with the NH Tobacco Program & FY13 Data Trend Table average.

Prenatal (PN) Performance Measure #3

Measure:	79%* of pregnant women will be screened, using a formal valid screening tool, for alcohol and other substance use during every trimester they are enrolled in the prenatal program.
Goal:	To reduce prenatal substance use through systematic screening and identification.
Definition:	**Numerator-** Number of women in the denominator who were screened for substance and alcohol use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program. **Denominator-** Number of women enrolled in the agency prenatal program and who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with Manchester Community Health Center (Vendor #157274-B001), 145 Hollis Street, Manchester, New Hampshire 03101, in an amount not to exceed $572,396.00, to provide primary care services and breast and cervical cancer screening, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

SFY 2014	102-500731	Contracts for Program Services	90080081	$47,196
			Sub-Total	$94,392
			Total	$572,396

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 16,050 low-income individuals from the Greater Manchester area may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Manchester Community Health Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $903,136. This represents a decrease of $330,740. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Greater Manchester.

Source of Funds: 33.15% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 66.85% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Approved by:
Nicholas A. Toumpas
Commissioner

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

Subject: Primary Care Services

AGREEMENT

The State of New Hampshire and the Contractor hereby mutually agree as follows:

GENERAL PROVISIONS

1. IDENTIFICATION.

1.1 State Agency Name NH Department of Health and Human Services Division of Public Health Services		1.2 State Agency Address 29 Hazen Drive Concord, NH 03301-6504

NH Department of Health and Human Services

Exhibit A

Scope of Services

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: Manchester Community Health Center

ADDRESS: 145 Hollis Street
Manchester, New Hampshire 03101

President/Chief Executive Officer: Edward George

TELEPHONE: 603-935-5213

The Contractor shall:

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 18 – 64, *uninsured or underinsured.*

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

   a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS *prior to implementation.*

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

Contractor Initials: [signature]

Date: 4/2/12

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 8,025 users annually with 37,930 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 310 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) **Culturally and Linguistically Appropriate Standards of Care**

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. *Provide* clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) **State and Federal Laws**

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) **Relevant Policies and Guidelines**

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

Contractor Initials: [illegible]
Date: 4/3/12

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. *The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.*

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, *electronic*) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing *and approve the subcontractual agreement*, prior to initiation of the subcontract.

Contractor Initials: [signature]
Date: 1/13/17

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A) Service Requirements

1. *Medical Home*

The Contractor shall provide a Medical Home that:

a) *Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.*

b) *Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.*

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, *oral health*, and behavioral health specialty providers.

b) *Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.*

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) *Nutrition assessment for all clients as part of the health maintenance visit.* Therapeutic nutrition services shall be provided *as indicated* directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

Contractor Initials: [signature]

Date: 4/3/17

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) *Oral screening annually for all clients 19 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.*

m) *Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.*

2. Breast and Cervical Cancer Screening

a) Women age 18 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) *and insurance status* criteria shall be provided the following services:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. annual breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

Contractor Initials: [signature]

Date: 4/3/12

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) *Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.*

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother *at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate.* Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

b) All children enrolled in either Healthy Kids-Gold or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a capillary or venous blood lead test performed.

c) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

d) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit.

e) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's *drinking* water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. *Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.*

f) *For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.*

Contractor Initials:

Date: 4/3/12

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling *or other substance abuse intervention, treatment, or recovery services* by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. *For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.*

b) All clients, including pregnant women, identified as smokers shall receive counseling *using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline* as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: *A Clinician's Guide to Helping Pregnant Women Quit Smoking*", American College of Obstetricians and Gynecologists, 2011. *With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).*

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the *"Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States"* approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal

Contractor Initials:

Date 4/3/17

Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) *The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.*

d) *The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.*

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist *(on site or by referral)*

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse

Contractor Initials: [illegible]

Date: 4/3/12

a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.

   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.

   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.

   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.

   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities *in the Public Health Region in which they provide services* as appropriate. These activities enhance the integration of community-based public health

Contractor Initials: [signature]

Date: 4/3/17

prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to *participate* in and coordinate public health activities as requested by the Division of Public Health Services during any *disease outbreak* and/or *emergency*, natural or man made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that *appropriate, responsive, and timely* referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings

2. Prenatal and Child Health Coordinators' meetings

3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.

2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.

3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.

4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.

5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care *Clinical and Financial*, Child Health, and Prenatal Care.

Contractor Initials: _____
Date: 4/3/17

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include client record reviews to measure compliance with this exhibit.
3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

Exhibit B

Purchase of Services
Contract Price

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: **Manchester Community Health Center**

ADDRESS: **145 Hollis Street**
Manchester, New Hampshire 03101
President/Chief Executive Officer: **Edward George**
TELEPHONE: **603-935-5213**

Vendor #157274-B001 Job #90080000 #90080081 Appropriation #010-090-51900000-102-500731 #010-090-56590000-102-500731

1. The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during the period of the contract shall not exceed:

   $478,004 for Primary Care Services, funded from 19.95% federal funds from the US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau (CFDA #93.994) and 80.05% general funds.

   $94,392 for Breast and Cervical Cancer Screening, funded from 100% federal funds from the Center for Disease Control (CFDA #93.283).

TOTAL: $572,396

2. The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in the attached budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State.

3. This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the month up to an amount not greater than one-twelfth of the contract amount. Reimbursement greater than one-twelfth of the contract amount in any month shall require prior, written permission from the State.

4. Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each of the Service category budgets. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date. Said invoice shall contain a description of all allowable costs and expenses incurred by the Contractor during the contract period.

5. Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred in the performances of the services.

Contractor Initials: [signature]
Date: 4/3/12

6. The Contractor may amend the contract budget for any Service category through line item increases, decreases, or the creation of new line items provided these amendments do not exceed the contract price for that particular Service category. Such amendments shall only be made upon written request to and written approval by the State. Budget revisions will not be accepted after June 20th of each contract year.

7. The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars ($300) and with a useful life beyond one year.

The remainder of this page is intentionally left blank.

Contractor Initials: _____

Date: 4/23/17

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

   8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials:

Date: 4/3/17

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials:

Date: 4/3/12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: [signature]
Date: 4/3/12

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

Date: 4/3/17

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,
129 Pleasant Street
Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

(1) Abide by the terms of the statement; and

Contractor Initials: [signature]
Date: 4/3/17

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

Contract Period: **7/1/12** or date of G&C Approval, whichever is later, through **6/30/14**

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", "provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Contractor Initials: [signature]

Date 4/23/19

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

Department of Health and Human Services
Amendment #4 to the Primary Care Services for the Homeless Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and the City of Manchester Health Department. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 152 Elm Street, Manchester, NH 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #124); as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34B); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3 to the Contract) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the agreement for nine (9) months, add services to the scope of services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:

   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:

   $540,742
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. The Contractor shall utilize flexible hours and minimal use of appointment systems to provide **primary care and enabling** services to homeless individuals and families through the use of permanent office based locations and/or mobile or temporary delivery locations.

1.5. The Contractor shall serve target populations that include individuals who:

1.5.1. Are uninsured;

1.5.2. Are underinsured;

1.5.3. Are low-income, which is defined as $\leq$ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines;

1.5.4. Lack housing including an individual whose primary residence during the night is a supervised public or private facility (e.g., shelters) that provides temporary living accommodations;

1.5.5. Are residents in transitional housing;

1.5.6. Are unable to maintain their housing situation and are forced to stay with a series of friends and/or extended family members, hence are considered homeless;

1.5.7. Are to be released from a prison or a hospital and do not have a stable housing situation to which they can return, especially if they were considered to be homeless prior to incarceration or hospitalization.

1.6. The Contractor shall continue to provide primary care and enabling services to individuals described in Section 1.5.4 through Section 1.5.7 above for three

hundred sixty-four (364) calendar days following the individual's placement in permanent housing.

1.7. The Contractor shall provide **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services to all individuals described in Section 1.4 through Section 1.6, above.

1.8. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.8.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases;

1.8.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control;

1.8.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care, Enabling or SBIRT Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income;

2.2.2. Family size;

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis every when new Federal Poverty Guidelines are released;

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. These services can be designed to meet the unique and identified needs of

the homeless populations within the contracted service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services;

3.1.2. Behavioral health services;

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines;

3.1.4. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral;

3.1.5. Assessment of need and follow-up/referral as indicated for:

3.1.5.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org;

3.1.5.2. Social services;

3.1.5.3. Chronic Disease management, including disease specific referral and self-management education such as referral to Diabetes Self-Management education (DSME) as recommended by American Diabetes Association;

3.1.5.4. Nutrition services, including WIC, as appropriate;

3.1.5.5. SBIRT services, including a connection with the Regional Public Health Network Continuum of Care Development Initiative;

3.1.5.6. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract;

3.2.2. Care coordination facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health;

3.2.3.2. Oral health;

3.2.3.3. Use of navigators and case management;

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

4. Enabling Services

4.1. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care services and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

4.1.1. Case management;

4.1.2. Benefit counseling;

4.1.3. Eligibility assistance;

4.1.4. Health education and supportive counseling;

4.1.5. Interpretation/Translation;

4.1.6. Outreach which can include the use of community health workers;

4.1.7. Transportation;

4.1.8. Education of patients and the community regarding the availability and appropriate use of health services.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) consecutive days;

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days.

7. Coordination of Services

7.1. The Contractor shall coordinate with other service providers within the community, where possible, including but not limited to collaboration with interagency referrals and to deliver coordination of care.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments;

7.2.2. Public health performance assessments;

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings;

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year, which may require attendance by agency quality improvement staff;

8.1.3. MCHS Agency Medical Services Directors' meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a Performance Measure Outcome Report (plan for improvement) per directions from MCHS.

9.2. The Contractor shall submit an annual Workplan for the two quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.3. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.5. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.6. The Contractor shall submit the following per contract period:

9.6.1. DPHS Budget Form;

9.6.2. Budget Justification;

9.6.3. Sources of Revenue;

9.6.4. Program Staff List, which includes staff titles.

9.7. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.8. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.8.1. Survey template;

9.8.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance;

10.1.2. Administration;

10.1.3. Data collection and submission;

10.1.4. Clinical and financial management;

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records;

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE HOMELESS PERFORMANCE MEASURES

1.1. Definitions

1.1.1. **Measurement Year** – Measurement Year consists of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE HOMELESS PERFORMANCE MEASURES

2.1. Preventive Health: Depression Screening

2.1.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.1.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.1.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.1.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.1.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.1.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.2. Preventive Health: Obesity Screening

Contractor Initials: 6/7/17
Date: 7.6.

2.2.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.2.1.1. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.2.1.2. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.2.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.2.1.4. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.3. **Preventive Health: Tobacco Screening**

2.3.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.3.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.3.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.3.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.3.1.4. Definitions:

2.3.1.4.1. Tobacco Use: Includes any type of tobacco

2.3.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.4. **At Risk Population: Hypertension**

2.4.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.4.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.4.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.5. **Patient Safety: Falls Screening**

2.5.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.5.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.5.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.6. **SBIRT**

2.6.1. Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NH MCHS).

2.6.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.6.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.6.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.6.1.4. Definitions:

2.6.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.6.1.4.2. Brief Intervention: Includes guidance or counseling.

2.6.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #1, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov) #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

        Financial Manager
        Department of Health and Human Services
        129 Pleasant Street
        Concord, NH 03301

        E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to adjusting budget line items in Exhibit B-1 Amendment #4 within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

PROFESSIONAL PUBLIC HEALTH EXPERIENCE

02/90 – Present: Manchester Health Department

12/06 – Present: Public Health Director

As the Chief Administrative Officer provides administrative oversight to all operations and activities of the Manchester Health Department including exclusive personnel responsibility, supervisory authority and budgetary authority. The Manchester Healt Department routinely assesses the health of the community and recommends appropriate policies, ordinances and programs to improve the health of the community. The Department investigates and controls communicable diseases, completes environmental inspections and investigations necessary to protect the public health and is also responsible for the provision of school health services for Manchester school children. The Public Health Director also serves as the Executive Director of the Health Care for the Homeless Program (330-h) and has overseen the AmeriCorps VISTA Program and Weed & Seed Strategy.

11/02 – 06/06: Public Health Preparedness Administrator

Carried out all functions of Chief of Environmental Health. In addition, planned, directed and supervised all activities to assure local readiness, interagency collaboration, and preparedness for bioterrorism, outbreaks of infectious disease, and other public health threats and emergencies. Secured over two million dollars ($2,000,000) in federal public health preparedness funding for the City of Manchester since 2002. Experienced in Manchester Emergency Operations Center (EOC) operations.

08/94 – 11/02: Chief, Division of Environmental Health

Planned, directed and supervised all environmental health activities carried out within the City of Manchester. Evaluated and recommended public health standards, ordinances and legislation. Advised governmental leaders, community representatives, a the general public on environmental health issues. Planned and conducted professional public health training programs. Coordinated epidemiological investigations for specific disease outbreaks. Supervised division staff and evaluated personnel performance.

02/90 - 08/94: Environmental Health Specialist / Sanitarian

Performed duties related to a comprehensive environmental health program, including, but not limited to inspection of food service facilities, investigation of foodborne illnesses, inspection of institutional facilities, swimming pool inspections, indoor ai quality investigations, inspections of septic systems, investigation of public health nuisances, and investigation of childhood lea poisoning cases.

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services for the Homeless Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and City of Manchester Health Department. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 152 Elm Street, Manchester, New Hampshire 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #124), and amended on May 8, 2014 (Item #34B), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-2 Amendment #2, and replace with Exhibit B-2 Amendment #3.

3. Delete in its entirety Exhibit B-4 Amendment #2, and replace with Exhibit B-4 Amendment #3.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

NH DIVISION OF Public Health Services

Nicholas A. Toumpas
Commissioner

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount
Ammonoosuc Community Health Services, Inc. (177755-R001)	North Grafton/ South Coos	6/20/12 (Item #128)	5/8/14 (Item #34A)	$667,687	$540,879	$1,208,566

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. FAIN #T1010035-14; CFDA #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds. FAIN # U58DP003930; CFDA #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States. FAIN #B04MC28113.)

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Department of Health and Human Services
Amendment #2 to the Primary Care Services for the Homeless Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and the City of Manchester Health Department. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 152 Elm Street, Manchester, NH 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #124) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34B), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $482,374
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Primary Care Budget Form through Exhibit B-6, SBIRT Budget Form.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017

10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017

11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. **Provisions Applicable to All Services**
   1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

   1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

   1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

   1.4. The Contractor shall utilize flexible hours and minimal use of appointment systems to provide **primary care and enabling** services to homeless individuals and families through the use of permanent office based locations and/or mobile or temporary delivery locations.

   1.5. The Contractor shall serve target populations that include individuals who:

      1.5.1. Are uninsured.

      1.5.2. Are underinsured.

      1.5.3. Are low-income, which is defined as $\leq$ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

      1.5.4. Lack housing including an individual whose primary residence during the night is a supervised public or private facility (e.g., shelters) that provides temporary living accommodations.

      1.5.5. Are residents in transitional housing.

      1.5.6. Are unable to maintain their housing situation and are forced to stay with a series of friends and/or extended family members may be considered homeless. \

      1.5.7. Are to be released from a prison or a hospital who may also be considered homeless if they do not have a stable housing situation to which they can return, especially if they were considered to be homeless prior to incarceration or hospitalization.

Contractor Initials: J.G.
Date 6/8/15

1.6. The Contractor shall continue to provide primary care and enabling services to individuals described in Section 1.5.4 through Section 1.5.7 above for three hundred sixty-four (364) calendar days following the individual's placement in permanent housing.

1.7. The Contractor shall provide **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services to all individuals described in Section 1.4 through Section 1.6, above.

1.8. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.8.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.8.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.8.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or SBIRT Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis every when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. These services can be

Contractor Initials: J.G.
Date 4/8/15

designed to meet the unique and identified needs of the homeless populations within the contracted service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor may provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care services and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvements in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

4.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

4.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

4.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

4.1.2.1. Activities

4.1.2.2. Completions.

4.1.2.3. Recommendations and referrals.

4.1.2.4. Follow-ups.

4.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

4.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

4.1.3.2. Allow the generation of reports.

4.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

4.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

4.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

4.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

4.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service provider by documenting in the EHR, which is audited to ensure appropriate follow up.

4.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

4.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

4.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

4.3.2. Refer patients for SUD services, as needed.

4.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

4.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

4.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

5. Staffing

5.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

5.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

5.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

5.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

5.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

5.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

5.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

5.4. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

5.5. The Contractor shall notify the MCHS, in writing, when:

5.5.1. Any critical position is vacant for more than one month.

5.5.2. There is not adequate staffing to perform all required services for more than one month.

6. Coordination of Services

6.1. The Contractor shall coordinate with other service providers within the community, where possible, including but not limited to collaboration with interagency referrals and to deliver coordination of care.

6.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

6.2.1. Community needs assessments.

6.2.2. Public health performance assessments.

6.2.3. The development of regional health improvement plans.

6.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

7. Required Meetings & Trainings

7.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

7.1.1. MCHS Agency Directors' meetings.

7.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

7.1.3. MCHS Agency Medical Services Directors' meetings.

8. Workplans, Outcome Reports & Additional Reporting Requirements

8.1. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

8.2. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

8.3. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

8.4. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

8.5. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

8.6. The Contractor shall submit quarterly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

8.6.1. Collect information that includes, but is not limited to:

8.6.1.1. Description of staff training, including but not limited to:

8.6.1.1.1. Content of training.

Contractor Initials: J.G.
Date 6/8/15

8.6.1.1.2. Number of staff trained.

8.6.1.2. The number of:

8.6.1.2.1. Qualified staff conducting SBIRT

8.6.1.2.2. SBIRT billing codes developed.

8.6.1.2.3. SBIRT services billed to insurance.

8.6.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

8.6.1.3.1. Technology based systems.

8.6.1.3.2. Staffing.

8.6.1.3.3. Coding and billing.

8.6.1.4. The total number of clients receiving SBIRT delineated by:

8.6.1.4.1. Percentage of clients receiving only screening.

8.6.1.4.2. Percentage of clients receiving brief interventions.

8.6.1.4.3. Percentage of clients referred for more intensive services who initiated services.

8.6.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

8.7. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

8.7.1. DPHS Budget Form.

8.7.2. Budget Justification.

8.7.3. Sources of Revenue.

8.7.4. Program Staff List, which includes staff titles

8.8. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

8.9. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

8.9.1. Survey template.

8.9.2. Method by which the results were obtained.

9. On-Site Reviews

9.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

9.1.1. Systems of governance.

Contractor Initials: J.G.
Date 6/18/15

9.1.2. Administration.

9.1.3. Data collection and submission.

9.1.4. Clinical and financial management.

9.1.5. Delivery of education services.

9.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

9.2.1. Client records.

9.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

9.2.3. SBIRT documentation, which includes but is not limited to:

9.2.3.1. SBIRT policies and procedures.

9.2.3.2. Staff credentials for all staff delivering SBIRT services

9.2.3.3. SBIRT procedures utilized and documented in patient records.

9.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor Initials: J.G.
Date 6/8/15

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: J.G.
Date: 6/8/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

Contractor Initials: J.G.
Date: 6/8/15

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

Contractor Initials: J.G.
Date: 6/8/15

2. SBIRT PERFORMANCE MEASURES

2.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

2.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

2.1.2. Definitions

2.1.2.1. Substance Use: Includes any type of alcohol or drug.

2.1.2.2. Brief Intervention: Includes guidance or counseling.

2.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

2.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

2.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

2.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.2.2. Definitions:

2.2.2.1. Substance Use: Includes any type of alcohol or drug.

2.2.2.2. Brief Intervention: Includes guidance or counseling.

2.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

2.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Contractor Initials: [illegible]

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-4 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-2 and Exhibit B-4 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10th) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 4.2.2 through Section 4.2.5 and Section 4.3.1 through Section 4.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

      Financial Manager
      Department of Health and Human Services
      129 Pleasant Street
      Concord, NH 03301

      E-mail: dphscontractbilling@dhhs.state.nh.us
7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.

Contractor Initials: J.G.
Date: 6/8/15

8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-4 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 3 vendors by increasing the total price limitation by $319,787 from $356,000 to $675,787 to provide primary care services for individuals experiencing homelessness. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $53,170, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 3 vendors in an amount of $266,617, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Two of these agreements were originally approved by Governor and Council on June 6, 2012, Item numbers 68 and 69, and one agreement was originally approved by Governor and Council on June 20, 2012, Item number 124.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Families First of Greater Seacoast	Rockingham County	17,194	86,219	103,413
Harbor Homes	Southern Hillsborough	17,706	88,787	106,493
Manchester Health Dept.	Greater Manchester	18,270	91,611	109,881
TOTAL		**53,170**	**266,617**	**319,787**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently

determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 3 amendments to continue office-based and mobile primary care services for individuals experiencing homelessness. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services for the homeless include preventive and episodic health care for acute and chronic health conditions for adults. Community health agencies provide primary health care, substance abuse referral, intervention and counseling and social services at locations accessible to people who are homeless. They provide emergency care with referrals to hospitals for inpatient services and/or other needed services. Community health agencies engage in outreach activities to assist difficult-to-reach homeless persons in accessing care and provide assistance in establishing eligibility for entitlement programs and housing.

Community health agencies that receive support through the Division of Public Health Services deliver primary health care services for the homeless specialize in serving people who face barriers to accessing health care, due to issues such as extreme poverty, a lack of insurance, language barriers, behavioral and mental health diagnoses, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. Racial and ethnic minorities and immigrants experience homelessness at a rate far disproportionate to that of the general population. Community health agencies demonstrate competencies in engaging these individuals by not only addressing their specific linguistic and cultural needs, but also their unique vulnerabilities and situations. The services provided help individuals overcome barriers to getting the care they need and achieving their optimal health.

Should Governor and Executive Council not authorize this Request, homeless individuals in Rockingham and Hillsborough counties may not have adequate access to primary care services. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities.

Contracts were awarded to Community Health Agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from February 3, 2012 through March 8, 2012 soliciting proposals to cover all of Rockingham and Hillsborough counties. In addition, a bidder's conference, conference call, and web conference were held on February 9, 2012 to alert agencies to this bid.

Three proposals were received in response to the posting. There were no competing applications for the Rockingham and Hillsborough counties solicited in the Requests for Proposals. Three professionals, who work internal and external to the Department of Health and Human Services, scored each proposal. All reviewers have experience either in clinical settings, providing community-based family support services, and or managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health homeless services; quality assurance and performance improvement; chronic and communicable diseases; and public health

infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Health Care for the Homeless vendors are making adequate progress in meeting clinical performance measures and the Department wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is Hillsborough and Rockingham counties.

Source of Funds: 5.59% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 94.41% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Manchester Health Department

This 1st Amendment to the Manchester Health Department contract (hereinafter referred to as "Amendment One") dated this 3rd day of April, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Manchester Health Department (hereinafter referred to as "the Contractor"), a corporation with a place of business at 1528 Elm Street, Manchester, New Hampshire 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for the homeless, preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $232,205

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $18,270 for SFY 2014 and $91,611 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $18,270 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $91,611 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: J.G
Date: 4/3/14

Add Paragraph 8
8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section to enter into an agreement with Manchester Health Department (Vendor #177433-B009), 1528 Elm Street, Manchester, New Hampshire 03101, in an amount not to exceed $122,324.00, to provide primary care services for individuals experiencing homelessness, to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2014. Funds are available in the following account for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budget.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

Fiscal Year	Class/Object	Class Title	Job Number	Total Amount
SFY 2013	102-500731	Contracts for Program Services	90080000	$61,162
SFY 2014	102-500731	Contracts for Program Services	90080000	$61,162
			Sub-Total	$122,324

EXPLANATION

Funds in this agreement will be used to provide outreach and case management services, primary medical and dental care, 24-hour emergency services, mental health and substance abuse counseling and treatment to people who are experiencing homelessness. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Community health agencies deliver primary and preventive health care services to underserved people who face barriers to accessing health care, such as a lack of insurance, inability to pay, cultural and ethnic issues, and geographic isolation. However, there are people whose needs have not been fully met in traditional office-based health care centers. In particular, the needs of homeless individuals and families are far more complex than the general population. People who are homeless suffer from health care problems at more than double the rate of individuals with stable housing. Homeless individuals also experience barriers trying to access mainstream health care often due to a lack of transportation and the limited hours of service available at most community health agencies.

In New Hampshire, 4,979 individuals were sheltered in one of the State-Funded Shelters across the state in State Fiscal Year 2011.[1] Of those who received services, 3,311 were single adults, 691 adults were in 528 families with 940 children; 634 were victims of domestic violence.[2] An additional 728 individuals were the "hidden homeless," those persons who are temporarily doubled up, "couch surfing," or living precariously in overcrowded or unsafe conditions.[3]

Homeless individuals are burdened with additional needs including mental illness, substance abuse and chronic health conditions such as HIV/AIDS. Nationally, health conditions such as hypertension, diabetes, depression and alcohol and substance abuse rank among the highest diagnoses.[4]

This funding will support a multidisciplinary approach to delivering care to individuals experiencing homelessness, combining aggressive street outreach with an integrated system of primary care, mental health and substance abuse services, case management, and client advocacy. Particular emphasis is placed on coordinating efforts with other community providers and social service agencies.

Should Governor and Executive Council not authorize this Request, a minimum of 2,000 low-income homeless individuals from the Greater Manchester area of Hillsborough County may not have access to primary care services. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities.

Manchester Health Department was selected for this project to serve the Greater Manchester area of Hillsborough County through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from February 3, 2012 through March 8, 2012 soliciting proposals to cover all of Rockingham and Hillsborough counties. In addition, a bidder's conference, conference call, and web conference were held on February 9, 2012 to alert agencies to this bid.

Three proposals were received in response to the posting. There were no competing applications for the Rockingham and Hillsborough counties solicited in the Requests for Proposals. Three professionals, who work internal and external to the Department of Health and Human Services, scored each proposal. All reviewers have experience either in clinical settings, providing community-based family support services, and or managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health homeless services; quality assurance and performance improvement; chronic and communicable diseases; and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding,

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: J.G.

Date 5/9/12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

   9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

   9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

   9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

    10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

    10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: J.G.
Date: 5/9/12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Contractor Initials: J.G.
Date: 5/9/12

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

(1) The contractor certifies that it IS a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does not exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

X (2) The contractor certifies it does NOT qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

The State of New Hampshire determined that the contract activities are of a low risk of liability, and the parties waive the requirement of paragraph 14 of the P-37 in that the contractor provide comprehensive general liability insurance in the amount of $2 million per incident and instead, accept general liability insurance provided by contractor in the amount of 275,000 per incident.

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any

Contractor Initials: J.G.
Date: 5/9/12

other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Mid-State Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 101 Boulder Point Drive, Suite 1, Plymouth, NH 03264.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #126); as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3 to the Contract) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, change the scope of services, performance measures, and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $963,495
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures.
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 Amendment #4, MCHC Budget

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

2. Primary Care Services

2.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

2.1.1. Reproductive health services.

2.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

2.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

2.1.4. Integrated Behavioral Health Services.

2.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

2.1.6. Assessment of need and follow-up/referral as indicated for:

Contractor's Initials: SB

Date 5/8/17

2.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

2.1.6.2. Social services.

2.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-Management Education (DSME), as recommended by the American Diabetes Association.

2.1.6.4. Nutrition services, including WIC, as appropriate.

2.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

2.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

2.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

2.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

2.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

2.3.2. Benefit counseling.

2.3.3. Eligibility assistance.

2.3.4. Health education and supportive counseling.

2.3.5. Interpretation.

2.3.6. Outreach, which may include but is not limited to the use of community health workers.

2.3.7. Transportation.

Contractor's Initials: BB

Date 5/8/17

2.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3. Quality Improvement

3.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

3.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

3.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

3.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

3.2.1. Specific goals and objectives for the project period.

3.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

3.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

3.3.1. EMR prompts/alerts.

3.3.2. Protocols/Guidelines.

3.3.3. Diagnostic support.

3.3.4. Patient registries.

3.3.5. Collaborative learning sessions.

4. Staffing

4.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

4.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

4.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person

Contractor's Initials: SB

Date 5/8/17

essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

4.4. The Contractor shall notify the MCHS, in writing, when:

4.4.1. Any critical position is vacant for more than thirty (30) days.

4.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

5. Coordination of Services

5.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

5.1.1. Community needs assessments.

5.1.2. Public health performance assessments.

5.1.3. The development of regional health improvement plans.

5.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

6. Required Meetings & Trainings

6.1. The Contractor shall attend meetings and trainings facilitated by the MCHS programs that include, but are not limited to:

6.1.1. MCHS Agency Directors' meetings.

6.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

6.1.3. MCHS Agency Medical Services Directors' meetings.

7. Workplans, Outcome Reports & Additional Reporting Requirements

7.1. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

7.2. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

Contractor's Initials: [signature]

Date 5/8/17

7.3. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

7.4. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

7.5. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

7.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

7.7. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

7.7.1. DPHS Budget Form.

7.7.2. Budget Justification.

7.7.3. Sources of Revenue.

7.7.4. Program Staff List, which includes staff titles

7.8. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

7.9. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

7.9.1. Survey template.

7.9.2. Method by which the results were obtained.

8. On-Site Reviews

8.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

8.1.1. Systems of governance.

8.1.2. Administration.

Contractor's Initials: AB

Date 5/8/17

8.1.3. Data collection and submission.

8.1.4. Clinical and financial management.

8.1.5. Delivery of education services.

8.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

8.2.1. Client records.

8.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

8.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: 4B

Date 5/8/17

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. Definitions

1.1.1. **Measurement Year** – Measurement Year consists of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. Breastfeeding

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. Preventive Health: Lead Screening

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. Preventive Health: Adolescent Well-Care Visit

Contractor Initials: SB
Date: 5/8/17

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

Contractor Initials: [signature]
Date: 5/8/17

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NH MCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

Contractor Initials: SB
Date: 5/8/17

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS).

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov) #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement forAuthorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds between line items within the budget in Exhibit B-1 Amendment #4 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

State of New Hampshire
Department of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that MID-STATE HEALTH CENTER is a New Hampshire Nonprofit Corporation registered to transact business in New Hampshire on January 09, 1998. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: **285492**

IN TESTIMONY WHEREOF,
I hereto set my hand and cause to be affixed
the Seal of the State of New Hampshire,
this 28th day of April A.D. 2017.

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

I, Ann Blair, of Mid-State Health Center, do hereby certify that:

1. I am a duly elected Secretary of Mid-State Health Center.

2. The following is a true copy of the resolution duly adopted at a meeting of the Board of Directors of Mid-State Health Center duly held on April 23, 2013:

RESOLVED: That the Chief Executive Officer of Mid-State Health Center is hereby authorized on behalf of this Agency to enter into the said contract with the State and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and effect as of the 8th day of May, 2017.

4. Sharon Beaty is the duly elected Chief Executive Officer of the Agency.

Ann Blair
Ann Blair, Secretary

STATE OF NEW HAMPSHIRE
County of Grafton

The forgoing instrument was acknowledged before me this 8th day of May, 2017,
By Ann Blair.

Mission Statement

Mid-State Health Center provides sound primary care to the community accessible to all regardless of the ability to pay.

Vision for the Future

- ✧ Patients are satisfied, knowledgeable and involved in their healthcare.
- ✧ Mid-State Health Center has developed collaborative relationships with the medical community.
- ✧ Facilities are comfortable, functional and accessible.
- ✧ Working environment is characterized by professional behavior, mutual respect and focused on finding solutions to problems.
- ✧ Mid-State operates in a manner that results in financial stability, enhances efficiency, respects the importance of the working environment and supports a premier teaching experience.

Core Values

- ✧ Employees and providers are held to high ethical and professional standards.
- ✧ Committed to creating a healthier community.
- ✧ Respects the privacy of the provider-patient relationship.
- ✧ Continuing education is supported at all levels of the organization.
- ✧ Provides high-quality primary care.
- ✧ Recognizes the importance of employees' need to lead healthy and balanced lives.
- ✧ Respects and considers the opinions of all stakeholders.
- ✧ Board members are actively involved, interested and committed to the success of Mid-State.

Independent Auditors' Report

To the Board of Trustees of
Mid-State Health Center and Subsidiary:

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Mid-State Health Center and Subsidiary, which comprise the consolidated statements of financial position as of June 30, 2016 and 2015, and the related consolidated statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Tyler, Simms & St. Sauveur, P.C. • 19 Morgan Drive • Lebanon, NH 03766 • Ph. 603-653-0044 • Fax 603-653-0209
www.tss-cpa.com

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mid-State Health Center and Subsidiary as of June 30, 2016 and 2015, and the results of their operations, changes in net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. The consolidating information is also presented on pages 27-32 for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of the Organization's management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2016, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Consolidated Statements of Cash Flows

For the Years Ended June 30, 2016 and 2015

	2016	2015
Cash flows from operating activities		
Change in net assets	$ 457,142	$ 153,172
Adjustments to reconcile change in net assets to net cash provided by (used in) operating activities		
Depreciation and amortization	284,435	252,473
Amortization reflected as interest	5,584	14,953
Provision for bad debts	350,491	246,767
Loss on disposal of fixed assets	999	-
Contributions restricted for long-term investments	-	(150,000)
(Increase) decrease in the following assets:		
Restricted cash	(57)	(37,416)
Patient accounts receivable	(458,123)	(310,392)
Contracts and grants receivable	(119,483)	(152,623)
Prepaid expenses and other receivables	564,358	(696,805)
Increase (decrease) in the following liabilities:		
Accounts payable	(116,165)	(170,049)
Construction payable	-	(221,468)
Accrued payroll and related expenses	117,586	19,780
Accrued earned time	81,368	25,707
Accrued other expenses	(493,256)	731,440
Deferred grants and state contract revenue	292,191	70,070
Net cash provided by (used in) operating activities	967,070	(224,391)
Cash flows from investing activities		
Purchases of property and equipment	(95,527)	(192,480)
Proceeds from sale of assets	-	17,727
Net cash used in investing activities	(95,527)	(174,753)
Cash flows from financing activities		
Contributions restricted for long-term investment	-	150,000
Line of credit - SMH	-	(75,000)
Payments on capital leases	(3,832)	(6,972)
Payments on long-term debt	(173,452)	(128,441)
Proceeds on long-term debt	-	182,800
Net cash provided by (used in) financing activities	(177,284)	122,387
Net increase (decrease) in cash and cash equivalents	694,259	(276,757)
Cash and cash equivalents, beginning of year	751,010	1,027,767
Cash and cash equivalents, end of year	$ 1,445,269	$ 751,010

The accompanying notes to financial statements are an integral part of these statements.

Supplemental Disclosures of Cash Flow Information

	2016	2015
Cash payments for:		
Interest	$ 228,427	$ 267,486

Supplemental Disclosures of Non-Cash Transactions

During 2016, the Organization entered into a capital lease agreement to acquire equipment totaling $8,000.

During 2015, the Organization refinanced certain obligations and financed certain outstanding construction invoices through the issuance of a long-term note payable totaling $2,423,000 (see Note 10).

The accompanying notes to financial statements are an integral part of these statements.

1. Summary of Significant Accounting Policies:

Organization

Mid-State Health Center ("MSHC") is a physician practice which provides health care to a large number of Medicare, Medicaid and charity care patients on an outpatient basis. MSHC maintains facilities in Plymouth and Bristol, New Hampshire. During fiscal year 2014, MSHC was approved as a Federally Qualified Health Center (FQHC), which helps non-profit health care organizations that serve predominately uninsured or medically underserved populations through increased Medicare and Medicaid reimbursement rates.

The consolidated financial statements include the accounts of Mid-State Community Development Corporation (MSCDC), collectively, "the Organization". MSCDC was formerly known as CRDC Plymouth Community Development Corporation prior to its name change effective in 2015.

Effective September 23, 2010, the Organization was transferred a sole member interest in MSCDC, which owns the 19,500 square foot operating facility that was developed to house the Organization, providing medical services to the underserved community in the Plymouth, New Hampshire region.

During the year ended June 30, 2012, after having participated in a pilot program with the New Hampshire Citizens Health Initiative (NHCHI) the Organization was officially recognized as a medical home.

Basis of Statement Presentation

The consolidated financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The consolidated financial statements have been prepared consistent with the American Institute of Certified Public Accountants *Audit and Accounting Guide, Health Care Organizations* (Audit Guide). All significant intercompany transactions between MSHC and MSCDC have been eliminated in consolidation.

Classes of Net Assets

The Organization reports information regarding its consolidated financial position and activities to three classes of net assets; unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

(1) Unrestricted Net Assets are not subject to donor-imposed stipulations.
(2) Temporarily Restricted Net Assets are subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted net assets until the Organization satisfies the donor imposed restriction. Absent explicit donor stipulations about how long-lived assets must be maintained, the Organization reports expirations of donor restrictions over the remaining useful life of the donated or acquired long-lived asset.
(3) Permanently Restricted Net Assets are subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the institution to use all or part of the income earned on related investments for general or specific purposes. There were no permanently restricted net assets as of June 30, 2016 and 2015.

1. Summary of Significant Accounting Policies (continued):

Contractual Arrangements with Third-Party Payors

The Medicare and Medicaid programs pay the Organization for services at predetermined rates by treatment. The Organization is reimbursed for Medicare cost reimbursable items at a tentative rate with final settlement determined after the submission of annual cost reports and audits thereof by the Medicare fiscal intermediary. Changes in Medicare and Medicaid programs or reduction of funding levels for programs could have an adverse effect on future amounts recognized as net patient service revenue.

The laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

The Organization also enters into preferred provider agreements with certain commercial insurance carriers. Payment arrangements to the Organization under these agreements include discounted charges and fee schedule payments.

Net Patient Service Revenue

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy with minimal charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Estimates

The Organization uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Income Taxes

MSHC and MSCDC are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (Code) and are exempt from Federal income taxes on related income pursuant to Section 501(a) of the Code.

The Organization accounts for its uncertain tax positions in accordance with the accounting methods under ASC Subtopic 740-10. The UTP rules prescribe a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken in an organization's tax return. The Organization believes that it has appropriate support for the tax positions taken and, as such, does not have any uncertain tax positions that might result in a material impact on the Organization's statements of financial position, activities and changes in net assets and cash flows. The Organization's management believes it is no longer subject to examinations for the years prior to 2012.

1. **Summary of Significant Accounting Policies (continued):**

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits, petty cash funds and investments with a maturity of three months or less, and exclude amounts whose use is limited by Board designation or other arrangements under trust agreements or with third-party payors.

Receivables

Patient receivables are carried at their estimated collectible amounts. Patient credit is generally extended on a short-term basis; thus, patient receivables do not bear interest.

Patient receivables are periodically evaluated for collectability based on credit history and current financial condition. The Organization uses the allowance method to account for uncollectible accounts receivable.

Property and Equipment

Property and equipment acquisitions are recorded at cost. Property and equipment donated for Organization operations are recorded at fair value at the date of receipt. Expenditures for repairs and maintenance are expensed when incurred and betterments are capitalized.

Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method. Equipment under capital leases is amortized on the straight-line method over the life of the capital lease. Such amortization is included in depreciation and amortization in the financial statements.

Estimated useful lives are as follows:

	YEARS
Buildings	5 - 40
Leasehold improvements	5
Equipment	3 - 7
Furniture and fixtures	5 - 15
Capital leases	3 - 15

The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, as well as the effects of obsolescence, demand, competition and other economic factors.

Concentration of Credit Risk

Financial instruments that potentially expose the Organization to concentrations of credit and market risks consist primarily of cash. The Organization has not experienced any losses on its cash.

1. **Summary of Significant Accounting Policies (continued):**

Fair Value of Financial Instruments

The carrying amount of cash, patient accounts receivable, accounts and notes payable and accrued expenses approximates fair value.

Advertising

Advertising costs are charged to operations when incurred. Total advertising expense for the years ended June 30, 2016 and 2015 was $23,966 and $24,507, respectively.

Functional Allocation of Expenses

Expenses that can be identified with specific program or supporting services are charged directly to the related program or supporting service. Expenses that are associated with more than one program or supporting service are allocated based on an evaluation by management.

Expenses by function totaled the following for the years ended June 30:

	2016	2015
Program	$ 6,553,371	$ 5,742,082
Management and general	2,181,651	2,143,786
Fundraising	22,450	22,385
	$ 8,757,472	$ 7,908,253

Recent Accounting Pronouncements

In April 2015, the FASB issued Accounting Standards Update (ASU) 2015-03, *Interest – Imputation of Interest*, Subtopic 835-30. The update simplifies the presentation of debt issuance costs and will require that debt issuance costs related to a recognized debt liability be presented in the statement of financial position as a direct reduction from the carrying amount of that debt liability, consistent with the handling of debt discounts. The update is effective for financial statements issued for fiscal years beginning after December 31, 2015 with early adoption permitted and requires that it be retrospectively applied. The Organization has not elected to early adoption of the provisions of ASU 2015-03.

In February 2016, the FASB issued ASU 2016-02, *Leases*, to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. The update is effective for financial statements issued for fiscal years beginning after December 15, 2019 with early adoption permitted, using a modified retrospective approach. The Organization has not elected early adoption of the provisions of ASU 2016-02 and is undetermined if it will have a significant impact on its financial position, results of operations or cash flows.

2. Charity Care:

The Organization maintains records to identify and monitor the level of charity care they provide. These records include the amount of charges foregone for services and supplies furnished under their charity care policies. The total cost estimate is based on an overall cost to charge ratio applied against gross charity care charges. The net cost of charity care provided was approximately $244,000 and $197,000 for the years ended June 30, 2016 and 2015, respectively. Gross patient service revenue provided on a charity care basis was approximately 1.4% and 2.9% for the years ended June 30, 2016 and 2015, respectively.

The Organization estimates its cost of charity care by applying the percentage of operating expenses to unrestricted revenues and gains to the gross charges foregone. In 2016 and 2015, 623 and 612 patients received charity care out of a total of 11,513 and 9,881 patients, respectively. The Organization provides health care services to residents of Plymouth, New Hampshire as well as Bristol, New Hampshire and their surrounding areas, without regard to the individual's ability to pay for their services.

Determination of eligibility for charity care is granted on a sliding fee basis:

For dental services, patients with family income less than 100% of the Community Services Administration Income Poverty Guidelines shall only be responsible for a nominal fee assessed by the Organization and not the balance of their account for services received. Those with family income at least equal to 101%, but not exceeding 125% of the Federal Poverty Guidelines, receive a 65% discount. Those with family income at least equal to 126%, but not exceeding 150% of the guidelines, receive a 55% discount. Those with family income at least equal to 151%, but not exceeding 200% of the guidelines, receive a 45% discount.

For all other services, patients with family income less than 100% of the Community Services Administration Income Poverty Guidelines shall only be responsible for a nominal fee assessed by the Organization and not the balance of their account for services received. Those with family income at least equal to 101%, but not exceeding 138% of the Federal Poverty Guidelines, shall be responsible for a $20 fee for each encounter. Those with family income at least equal to 139%, but not exceeding 160% of the guidelines, will be responsible for a $30 fee for each encounter. Those with family income at least equal to 161%, but not exceeding 180% of the guidelines, will be responsible for a $40 fee for each encounter. Those with family income at least equal to 181%, but not exceeding 200% of the guidelines, will be responsible for a $50 fee for each encounter.

3. Net Patient Service Revenue and Patient Accounts Receivable:

Net Patient Service Revenue – Net patient service revenue is reported net of contractual allowances, allowance for bad debts and other discounts as follows for the years ended June 30:

	2016	2015
Gross patient service revenue	$ 8,797,536	$ 6,964,894
Third-party payor settlements	71,183	61,632
Less: Contractual allowances and discounts	2,550,493	1,832,782
Net patient service revenue before provision for bad debts	6,318,226	5,193,744
Less: Provision for bad debt	350,491	246,767
Net patient service revenue	$ 5,967,735	$ 4,946,977

3. Net Patient Service Revenue and Patient Accounts Receivable (continued):

Net Patient Service Revenue by Payor Source

The Organization's net patient service revenue before provision for bad debts was comprised of the following for the years ended June 30:

	2016	2015
Governmental payors	$ 3,507,333	$ 2,677,929
Other third-party payors	2,481,572	2,265,898
Self-pay	329,321	249,917
Total all payors	$ 6,318,226	$ 5,193,744

Patient Accounts Receivable – Patient accounts receivable is reported net of estimated contractual allowances and allowance for doubtful accounts, as follows, as of June 30:

	2016	2015
Patient accounts receivable	$ 1,318,578	$ 1,132,241
Less: Estimated contractual allowances and discounts	340,435	267,101
Less: Estimated allowance for doubtful accounts	242,371	237,000
Patient accounts receivable, net	$ 735,772	$ 628,140

Patient accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the Organization analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with service provided to patients who have third-party coverage, the Organization analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients, including both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for only part of the bill, the Organization records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

4. Estimated Third-Party Settlements:

Provision has been made for estimated adjustments that may result from final settlement of reimbursable amounts as may be required upon completion and audit of related cost finding reports under terms of contracts with the Center for Medicare and Medicaid Services and the New Hampshire Division of Welfare (Medicaid). Differences between estimated adjustments and amounts determined to be recoverable or payable are accounted for as income or expense in the year that such amounts become known.

5. Grants and State Contracts:

The Organization receives various reimbursement grants from the federal government, State of New Hampshire and other public and private agencies. The following is a summary of the grant activity for the years ended June 30:

	Earned Grant and State Contract Revenue		Outstanding Receivable		Deferred Grants and State Contract Revenue	
	2016	2015	2016	2015	2016	2015
HPHC Quality Grant - 2013	$ -	$ -	$ 17,939	$ 17,939	$ 17,939	$ 17,939
HRSA-PATT Grant - 2015	40,992	107,001	-	-	-	-
HRSA Grant - 2014 - 2016	1,056,374	1,013,623	942,239	665,017	943,007	540,353
Bi-State PCA Grant	90	124,142	-	58,740	-	-
NH Primary Care Contract - 2015		175,511	-	14,626	-	23,676
NH Primary Care Contract - 2016	193,933	-	17,758	227,722	4,254	227,722
NH Primary Care Contract - 2017	-	-	157,222	-	157,222	-
Emergency Preparedness Grant - 2014	-	157,768	45,433	48,547	-	-
Emergency Preparedness Grant - 2015	260,554	-	-	-	-	-
HRSA-IGNITE-2016	107,480	-	-	-	-	-
Other Grant and Contract Awards	109,227	150,523	64,308	92,825	8,599	29,140
	$ 1,768,650	$ 1,728,568	$ 1,244,899	$ 1,125,416	$ 1,131,021	$ 838,830

6. Property and Equipment:

Property and equipment consisted of the following as of June 30:

	2016	2015
Land	$ 525,773	$ 525,773
Buildings	6,346,118	6,346,118
Leasehold improvements	170,174	97,798
Furniture, fixtures and equipment	1,115,766	1,028,215
Projects in progress	-	72,376
	8,157,831	8,070,280
Less: Accumulated depreciation	1,713,158	1,443,700
	$ 6,444,673	$ 6,626,580

Depreciation and amortization expense, including amortization expense on capital lease obligations, for the years ended June 30, 2016 and 2015 amounted to $284,435 and $252,473, respectively.

7. Deferred Financing Costs:

Costs related to obtaining financing are deferred and reported net of accumulated amortization. Amortization is recognized on a straight-line basis over the period the related obligations are outstanding.

In August 2013, the Organization recognized financing costs related to the mortgaging of its Plymouth facility totaling $49,015. The obligation has a term of 240 months and matures in August 2033. Accumulated amortization as of June 30, 2016 and 2015 was $7,149 and $4,697, respectively. Amortization expense included in interest expense for the years ended June 30, 2016 and 2015 was $2,451.

In August 2013, the Organization recognized financing costs related to the issuance of a note payable totaling $6,000. The obligation has a term of 60 months and matures in August 2016. Accumulated amortization as of June 30, 2016 and 2015 was $5,833 and $3,833, respectively. Amortization expense included in interest expense for the years ended June 30, 2016 and 2015 was $2,000.

8. Other Assets:

Included in other assets are capitalized legal fees related to the rental agreement and potential purchase of the building the Organization currently occupies in the amount of $9,163. Amortization expense related to the capitalized fees for the years ended June 30, 2016 and 2015 was $916. Accumulated amortization was $9,163 and $8,247 as of June 30, 2016 and 2015, respectively.

9. Lines of Credit:

The Organization had an available line of credit with a maximum borrowing amount of $100,000 as of June 30, 2016. The line carries an interest rate equal to 5.25% (prime plus 2%). The line is secured by all business assets. The line was not drawn upon as of June 30, 2016 and 2015.

10. Long-Term Debt:

Long-term debt consisted of the following as of June 30:

	2016	2015
Woodsville Guarantee Savings Bank note payable, maturing August 2033, principal and interest payable in 240 monthly installments of $18,194 through August 2033. Interest is charged at a rate of 5.25%.	$ 2,466,618	$ 2,552,970
Woodsville Guarantee Savings Bank note payable, maturing August 2018, principal and interest payable in 60 monthly installments of $3,757. Interest is charged at a rate of 4%.	93,419	133,884
Capital Regional Development Council note payable, maturing August 2016, 36 interest only payments at a rate of 6%. Pending compliance with provisions of the loan agreement, the outstanding principal of the note will be forgiven in August 2016.	250,000	250,000

10. **Long-Term Debt (continued):**

	2016	2015
United States of America Department of Agriculture note payable, maturing April 2045, principal and interest payable in 360 monthly payments of $10,904. Interest is charged at a rate of 3.5% (see Note 10a).	2,368,751	2,415,386
Total debt	5,178,788	5,352,240
Less: current portion	431,412	173,453
Long-term debt, less current portion	$ 4,747,376	$ 5,178,787

10a In September 2013, the Organization refinanced its then outstanding Woodsville Guarantee Savings Bank interim note payable with a construction loan. The new loan had an advancement amount of up to $2,700,000, and called for interest only payments at a rate of 5% beginning October 2013, for 23 consecutive months, and 1 balloon payment of principal and accrued unpaid interest due September 2015. In April 2015, the Organization entered into a long-term debt arrangement with the United States of American Department of Agriculture ("USDA") totaling $2,423,000. The proceeds from the loan were used to refinance the construction loan balance and unpaid accrued interest and to satisfy outstanding invoices related to the construction of the Bristol property. The loan is secured by the Organization's property located in Bristol, New Hampshire. The loan agreement requires the Organization to establish a reserve account which is to be funded in monthly installments of $1,090 until the accumulated sum of reserve funding reaches $130,848, after which no further funding is required except to replace withdrawals. As of June 30, 2016, the reserve account totaled $37,473, reflected on the consolidated statement of financial position as restricted cash.

Future maturities of long-term debt are as follows as of June 30, 2016:

2017	$ 431,412
2018	189,748
2019	160,342
2020	160,152
2021	167,797
Thereafter	4,069,337
	$ 5,178,788

11. **Capital Lease Obligations:**

The Organization has entered into capital lease obligations on certain equipment. The term of the lease is for five years expiring in September 2019. Accordingly, the Organization has recorded the transactions as capital lease obligations. For the years ended June 30, 2016 and 2015, amortization expense totaling $2,729 and $6,371, respectively, was included in depreciation and amortization expense. The cost basis of all equipment under capital leases was $31,108 and $23,108 as of June 30, 2016 and 2015, respectively.

11. Capital Lease Obligations (continued):

The following is a schedule, by year, of future minimum lease payments under the capital leases as of June 30, 2016:

2017	$	2,400
2018		2,400
2019		2,400
2020		600
Total minimum lease payments		7,800
LESS: Amount representing interest		890
Present value of minimum lease payments		6,910
LESS: Current portion		1,857
Long-term capital lease obligations	$	5,053

12. Malpractice Insurance Coverage:

The Organization is involved in litigation arising in the ordinary course of business. Claims alleging malpractice have been asserted against the Organization. The Organization is insured for malpractice under a claims-made policy. This type of policy covers malpractice claims which are reported to the insurance carrier during the policy term. Based on management's evaluation of malpractice claims, reserves for professional liability claims were $250,000 and $750,000 as of June 30, 2016 and 2015, respectively, and are included in accrued expenses and other current liabilities in the accompanying consolidated statements of financial position.

The Organization's professional liability risks, in excess of certain per claim amounts, are insured through the policy described above. The amounts receivable under the policy totaled $250,000 and $750,000 as of June 30, 2016 and 2015, respectively, and are included in prepaid expenses and other receivables in the accompanying consolidated statements of financial position.

13. Commitments and Contingencies:

Real Estate Taxes – As of June 30, 2016, the Organization was in discussions with the Town of Plymouth, New Hampshire Municipal Corporation ("Town") related to the tax-exempt status of its operating facility. The Organization's management team contended that the Organization was no longer required to pay real estate taxes associated with its operating facility effective the date that MSCDC received its tax-exempt status (see Note 1), so long as the Organization timely files its application for tax exemption with the Town on an annual basis. Subsequent to June 30, 2016, the Organization and the Town agreed to a payment in lieu of taxes for a period of 10 years. The agreement identified real estate taxes previously paid by the Organization to the Town that the Organization was not required to pay as a result of its tax-exempt status. The sum of the overpayments will be applied evenly on an installment basis over the 10 year period, totaling $50,000. The Organization remains subject to its requirement to timely file its application for tax exemption with the Town on an annual basis.

14. Concentration of Credit Risk:

The Organization grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors was as follows at June 30:

	2016	2015
Medicare	17.9%	27.6%
Medicaid	27.7%	22.8%
Blue Cross	16.9%	13.6%
Patients	10.6%	12.3%
Other third-party payors	26.9%	23.7%
	100.0%	100.0%

The mix of gross patient service revenue from patients and third-party payors was as follows at June 30:

	2016	2015
Medicare	33.2%	37.0%
Medicaid	17.4%	14.7%
Blue Cross	18.6%	20.9%
Patients	6.7%	6.2%
Other third-party payors	24.1%	21.2%
	100.0%	100.0%

15. Retirement Program:

During 2007, the Organization adopted a tax sheltered annuity plan under 403(b) of the Code for eligible employees. Eligible employees are specified as those who normally work more than 20 hours per week and are not classified as independent contractors. The Organization provides for matching of employee contributions, 50% of the first 6% contributed. Contributions to the plan for the years ended June 30, 2016 and 2015 were $112,637 and $95,333, respectively.

16. Other Operating Revenue:

The following summarizes components of other operating revenue for the years ended June 30:

	2016	2015
Other operating revenue:		
Pharmacy income - 340B	$ 957,003	$ 772,881
Anthem shared savings	195,423	131,067
Montessori Center	139,226	140,198
Meaningful Use	-	52,353
Other operating revenue	28,240	37,536
	$ 1,319,892	$ 1,134,035

17. Health Insurance:

The Organization offers health insurance benefits to all employees under available Health Maintenance Organization (HMO) and Preferred Provider Organization (PPO) plans. Deductibles under the HMO and PPO plans in aggregate are $2,500 and $3,000, respectively. The Organization is obligated to pay a certain portion of the deductible required under either plan once the employee's portion has been fully exhausted. For the HMO and PPO plans, the maximum portion of the deductible the Organization is potentially obligated for is $500 and $1,000, respectively. The total deductible expense incurred during the years ended June 30, 2016 and 2015 was $3,110 and $6,020, respectively.

The Organization provides for an accrual based on the aggregate amount of the liability for reported claims and an estimated liability for claims incurred but not yet reported. At June 30, 2016 and 2015, "accrued expenses and other current liabilities" include an accrued liability related to these plans of $8,600.

18. Related Party:

During 2011, the Organization was gifted a sole membership interest in MSCDC (see Note 1). As a result of the gift, management of the Organization was required to determine the fair value of the underlying assets gifted to and liabilities assumed by the Organization and determine if the transaction contained a differential from the existing book values as of the date of the gift.

Management utilized valuation techniques for medical office space to determine an estimated fair value per square foot resulting in a differential attributed to the building in the amount of $847,145. The differential will be amortized over the life of the building asset it was attributed to. Amortization related to the differential for both years ended June 30, 2016 and 2015 was $23,104, included in depreciation and amortization in the consolidated statement of activities.

19. Subsequent Events:

The Organization has reviewed events occurring after June 30, 2016 through October 18, 2016, the date the board of trustees accepted the final draft of the consolidated financial statements and made them available to be issued. Other than the items noted below, the Organization has not identified other events requiring disclosure that have occurred between the period of June 30, 2016 and the report date, October 18, 2016. The Organization has not reviewed events occurring after the report date for their potential impact on the information contained in these consolidated financial statements.

In September 2016, the Organization reached an agreement with the Town of Plymouth New Hampshire Municipal Corporation regarding its tax-exempt status and a payment in lieu of taxes (Note 13).

In September 2016, the Organization entered into a settlement agreement regarding a malpractice suit that was outstanding as of the year ended June 30, 2016 (Note 12). The settlement calls for the Organization's malpractice insurance to pay $250,000.

In August 2016, MSCDC's $250,000 Capital Regional Development Council note payable was forgiven, as scheduled, given compliance with requirements in the note agreement (Note 10).

MID-STATE HEALTH CENTER
Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2016

The accompanying notes to financial statements are an integral part of this schedule.

MID-STATE HEALTH CENTER

Notes to Schedule of Expenditures of Federal Awards

For the Year Ended June 30, 2016

1. Basis of Presentation:

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of MSHC under programs of the federal government for the year ended June 30, 2016. The information in the schedule is presented in accordance with the requirements of Title 2 US. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Since the schedule presents only a selected portion of the operations of MSHC, it is not intended to and does not present the statement of financial position, statement of activities and changes in net assets or cash flows of MSHC.

2. Significant Accounting Policies:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Subpart E of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Schedule includes Catalog of Federal Domestic Assistance (CFDA) and pass-through award numbers when available.

MSHC did not elect to use the 10% de minimis indirect cost rate.

Report 1

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees of
Mid-State Health Center:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Mid-State Health Center ("MSHC") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 18, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered MSHC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MHSC's internal control. Accordingly, we do not express an opinion on the effectiveness of MSHC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

www.tss-cpa.com

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* (continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether MSHC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report 2

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Trustees of
Mid-State Health Center:

Report on Compliance for Each Major Federal Program

We have audited Mid-State Health Center's ("MSHC") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of MSHC's major federal programs for the year ended June 30, 2016. MHSC's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of MSHC's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about MSHC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of MSHC's compliance.

Tyler, Simms & St. Sauveur, P.C. • 19 Morgan Drive • Lebanon, NH 03766 • Ph. 603-653-0044 • Fax 603-653-0209
www.tss-cpa.com

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance (continued)

Opinion on Each Major Federal Program

In our opinion, MSHC complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of MSHC is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered MSHC's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of MSHC's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MID-STATE HEALTH CENTER
Schedule of Findings and Questioned Costs
As of and For the Year Ended June 30, 2016

SECTION I - SUMMARY OF AUDITORS' RESULTS

Financial Statements

Type of auditors' report issued	*Unmodified*
Internal control over financial reporting:	
Material weakness identified	____ Yes __X__ No
Significant deficiencies identified that are not considered to be material weaknesses	____ Yes __X__ None reported
Non-compliance material to financial statements noted	____ Yes __X__ No

Federal Awards

Internal control over major programs:	
Material weakness identified	____ Yes __X__ No
Significant deficiencies identified that are not considered to be material weaknesses	____ Yes __X__ None reported
Type of auditors' report issued on compliance for major programs	*Unmodified*
Any audit findings disclosed that are required to be reported in accordance with Section 200.516(a) of the Uniform Guidance	____ Yes __X__ No

Identification of major programs:

Federal CFDA Number	Name of Federal/Local Program
93.224	Health Center Program

Dollar threshold used to distinguish between Type A and Type B programs	$750,000
Auditee qualified as low-risk auditee?	__X__ Yes ____ No

SECTION II - FINANCIAL STATEMENT FINDINGS

There were no findings related to the financial statements which are required to be reported in accordance with generally accepted Government Auditing Standards (GAGAS).

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

There were no findings or questioned costs for Federal awards (as defined in Section 200.516(a) of the Uniform Guidance) that are required to be reported.

SECTION IV - PRIOR YEAR AUDIT FINDINGS

2015-001

Criteria: There should be a review of grant awards for their classification and recording as either contributions or exchange transactions.

Condition: A policy and method have been developed to determine the classification of grant awards as either contributions or exchange transactions.

2015-002

Criteria: There should be segregation of duties.

Condition: There are now more employees involved in the duties related to patient receivables and grant activity.

SHARON BEATY

Career Objective
To apply administrative and financial expertise in the health-care industry, encouraging positive relationships between a growing physician community and its associated medical system, and promoting capabilities of service providers to treat patients effectively while improving financial viability and profitability

Credentials
FACMPE, Fellow of the American College of Medical Practice Executives
Master of Business Administration, Baylor University Bachelor of Science in Chemistry, Texas Tech University

Summary of Qualifications
Expertise in strategic planning, financial management and analysis and contract negotiations with providers and managed-care entities. Administrative skills, specifically in management of medical facilities. Experience in operations, finance, and billing including regulatory compliance and legislative issues. Understanding of ancillary services and procedures. Knowledge of Medicare/ Medicaid and third-party-payor billing/ filing requirements. Computer literacy, both software and hardware. Communication and personnel management expertise.

Professional Experience

October 2002 to Present
Chief Executive Officer, Mid-State Health Center, Plymouth, New Hampshire. Direct operations for three clinic sites including strategic planning, marketing, budgeting, contracting and physician management. Develop programs for physician recruitment and retention as well as physician compensation plans. Provide venues for financial reporting and analysis and improvement of revenue streams while assuring access to care for local populations. Attained FQHC Look-Alike status and planned for new facility.

October 1999 to October 2002
Vice President for Business Development, Central Kansas Medical Center, Great Bend, Kansas (as of April 2001) Direct all hospital-owned and contracted practices, strategic planning, marketing, managed-care contracting, billing, and accounts receivable. Responsibilities include direction of outlying operations for multiple specialists, labs, radiology, pathology, and physician recruitment. Develop strategies for physician retention and provision of administrative support and expertise for local physician groups, including contract negotiation. . To expand availability of primary care, recently opened an additional family practice, including acquisition of facility and installation of paperless medical record system.

Director of Clinics and Physician Recruitment, Central Kansas Medical Center, Great Bend, Kansas Administered hospital-owned rural health practices, including strategic planning, marketing, managed-care contracting, billing and accounts receivable. Developed outlying operations for multiple specialists. Act as physician recruiter, developing strategies for physician retention and providing administrative support and expertise for local physician groups, including contract negotiation. Improved internal medicine practice, reducing losses by 55% in first year, with projection of 10% profit (above physician salaries) for coming budget

year. Developed hospital-owned family practice in adjacent community, remodeling building to house practice and separate specialty clinic.

January 1998 to October 1999
Administrator, Abilene Lung Physicians, Abilene, Texas Full responsibility for management of practice including long-term planning, managed care contracting, accounts receivable, accounts payable, maintenance of computer software (including formatting and design of system) and hardware, payroll, personnel, and retirement planning. Served as consultant to other physician groups concerning billing and insurance claims, as well as cost reporting for rural health clinics.

July 1994 to December 1997
Administrator, Rolling Plains Rural Health Clinic and Rolling Plains Physicians Office, Sweetwater, Texas Merged six individual physician practices, including two nurse practitioners, full-reference laboratory, radiology department, and forty employees. Developed and installed systems for billing, collections, and personnel management, including provisions for rural health clinic status, cost reporting and billing. Increased revenues by more than 80% in two and one-half years while maintaining profitability of above 50%. Oversaw all aspects of design and construction of new facility, from initial planning to transition management, including development of financing package and all contracting.

May 1981 to July 1994
Private consultant for professional offices Consulted for professional practices including medical practices: Researched needs for software and hardware. Purchased and installed computer systems. Evaluated office management performance and recommended and implemented solutions for office problems or limitations. Served on the elected board of the Nolan County Hospital District, 1991-1993.

September 1979 to May 1981
Research Assistant, Center for Private Enterprise and Entrepreneurship, Hankamer School of Business, Baylor University, Waco, Texas. Interviewed and surveyed national sample of entrepreneurs and their lifetime experiences while pursuing graduate studies.

January 1974 to September 1979
Laboratory Director, Rolling Plains Memorial Hospital, Sweetwater, Texas Served on Joint Commission Accreditation Committee, and assisted hospital administrator with public relations. Recognized future needs for administrative expertise that would be required for medical service industry to adapt to a new era. Resigned to acquire MBA.

Memberships and Interests
Fellow in American College of Medical Practice Executives, Medical Group Management Association, National Assoc. of Rural Health Clinics, Rotary International, former member of Taylor County Board of American Heart Association, former board member of West Texas Girl Scout Council, enjoy skiing and scuba diving as well as musical interests and community theatre.

William Sweeney

Objective

Seeking a challenging and rewarding job in finance and accounting within a medical office context.

Education

5/1997 Plymouth State College Plymouth, NH

Bachelor's of Science in Accounting

- Graduated Cum Laude with a 3.33 GPA on a 4.0 scale.
- Minor in Mathematics

Professional experience

1/1997-Present Mid-State Health Center Plymouth, NH

Chief Financial Officer

- Prepare financial statements, reconcile bank account and compile provider productivity which is used to calculate their salary. Experience with billing office and hospital charges for PCP office, management of employees, use of MS Office, and some technical support ability; bill all hospital and home visit claims for 10 providers, supervise business office staff, assist reception staff to ensure proper charge entry for office visits, and answer coding questions from providers, receptionists, and other business office personnel. Download and transmit all insurance claims and patient statements to a clearinghouse. Created a hospital procedures form for out of office procedures.

PAULA MARIE WOODWARD

- PROFESSIONAL EXPERIENCE -

Mid-State Health Center; Plymouth & Bristol, NH
(3 February 2016 – present)

Chief Operations Officer

Responsible for providing leadership and supervision to all clinical support staff including Registered Nurses, Licensed Practical Nurses, Medical Assistants, and Pharmacy Team to ensure provision of optimal health care to Mid-State Health Center patients in a supportive team environment. The Director of Clinical Operations also supervises the Facility Manager ensuring a clean, safe environment for staff, patients and visitors.

Anthem, Inc.; Northeast United States
(21 April 2014 – 23 May 2015)

Program Director, Enhanced Personal Health Care (EPHC) Northeast Region

The EPHC program was created to support the transition of primary and specialty care practices from an episodic health care delivery system to a patient-centered system, accountable for substantially improving patient health. Key aspects of the program include providing practices with tools, resources and meaningful information to promote patient-centered care; redesigning the payment model from volume-based to value-based payment, aligning financial incentives and providing financial support for activities and resources that focus on care coordination, individual patient care planning, patient outreach and quality improvement; and improving the patient experience. As the EPHC program director, I was responsible for ensuring that Anthem field teams in Maine, New Hampshire, Connecticut and New York were successful in achieving their targets. It was my responsibility to correctly interpret and distribute enterprise level communications to the local market teams, run multiple weekly meetings with the market teams, keep relevant cost-of-care data a focus in these discussions, provide practice transformation guidance when appropriate, and enhance relationships between Care Delivery Transformation, Case Management, and Contracts divisions within each market.

American College of Physicians; Washington, D.C.
(31 Jan 2006 to 11 April 2014)

Senior Associate, Practice Support and Design

2008-2014. I was the project manager for ACP Practice Advisor® (nee Medical Home Builder®) www.practiceadvisor.org through development and soft-launch in August 2009, through a major upgrade in 2010, and again in 2014. (The ACP Practice Advisor provides affordable, accessible on-line guidance for practices involved in incremental quality improvement changes – or significant transformation of their practices. Based on an intuitive web-based interface, this self-paced program guides practices through a thorough, yet simple, process for evaluating their practice in major areas related to the patient-centered medical home concept based on NCQA standards). I was responsible for content development; domestic and international contract negotiations; customer service to licensees; regular report writing; and leadership of future planning. I was responsible for investigating potential funding sources for projects related to Practice Advisor; completing funding applications; completing independent contractor

negotiations, contracts, and oversight; ensuring successful completion of grant requirements; monitoring budgets; and closing the grants with final reporting.
2006-2008. I was responsible for coordinating and implementing programmatic activity related to a multi-year, cross-divisional, one million dollar grant for the College- the Center for Practice Innovation. The purpose of the grant was to pilot practice redesign activities for small internal medicine practices. I was responsible for selecting physician sites in which to pilot activities; managing on-site programmatic activity using a modified Institute of Health Improvement Breakthrough Series approach to quality improvement and consultation; establishing and maintaining communication between ACP and the selected practices; writing a newsletter for the practices; establishing partnerships with local hospitals, health departments, state Quality Improvement Organizations and other local and regional efforts to facilitate quality improvement and practice level innovation. Provided input to the design of data collection, aggregation and reporting methodologies for clinical, administrative and economic measures adopted as part of practice redesign efforts. Wrote final report to the grantor for this project.

Special Presentations
Date Organization Topic
March 21, 2007 ACP Foundation "CPI Update"
May 13, 2008 ACP Annual Session "Self-Management Tools: What's That?"
Nov 16, 2009 ACP Senior Leadership "Update on MHB"
Weekly, 2009 - 2014 Public & Industry Live webinar demos of Practice Advisor

Special Projects:
Was responsible for planning, coordinating, and executing all aspects of the 2010 20-session webinar series, "*Charting Your Way to Practice Improvement: Webinars for the 21st Century Patient-Centered Practice.*"
Was responsible for planning, scripting, interviewing subjects, and coordinating post-production of the video project, "*Small Practice in America: Perspectives from Patients, Physicians, and their Teams.*"
Was responsible for planning, coordinating, and executing all aspects of the November 17, 2007 CPI conference: "*Focus on the Practice: Challenges, Choices, and Change.*"

Rubin Institute for Advanced Orthopaedics, Sinai Hospital; Baltimore, Maryland
(Mar 2005 - Jan 2006)

Research Nurse
I was responsible for full spectrum of research responsibilities including reading sponsor proposals to ascertain if they matched program goals, preparing and submitting study applications to the Investigational Review Board (IRB), attending IRB meetings to support applications, obtaining subject consents, collecting study data, securing data, and managing sponsor audits.

Johns Hopkins University School of Nursing; Baltimore, Maryland
(*part-time*, concurrent with full time BMS position, Spring 2003 to Jan 2005)

Faculty Associate
I supervised graduate and undergraduate nursing students placed at Baltimore Medical System during their Leadership and Program Development courses.
Co-Instructed "Principles and Application of Nursing Technology I & II" lab: Fall, 2004.

Baltimore Medical System, Inc.; Baltimore, Maryland
(Sep 1999 – Mar 2005)

Director of Clinical Initiatives and Joint Commission Compliance Officer (Dec 2004 – Mar 2005)

I was responsible for coordination of corporate-wide Joint Commission readiness in addition to the activities listed below.

Director of Clinical Initiatives (May 2001 to Mar 2005)

My primary responsibilities included the development and implementation of diverse company-wide activities related to accomplishing the goals of the Federal Bureau of Primary Health Care "330 Grant" health care plan. Activities included data analysis, writing corporate-wide policy and procedures, coordination and financial success of multiple specialty clinics, creating a topic-specific newsletter for distribution to 3,000 diabetic patients, and managing the corporate-wide CPR certification program. In addition, was responsible for clinical initiatives on the Strategic Report Card (an internal reporting device) that were largely Quality Improvement in nature, and directed collaborative efforts with Federal, State, and local agencies to improve patient care outcomes. Supervised Outreach Programs staff and Clinical Initiatives Specialist, oversaw various grants worth approximately $300,000 annually, authored successful grant applications for approximately the same amount, and substantially contributed to a successfully obtained $1,200,000 NIH grant. As of June 2004, duties grew to also include "acting" Occupational Health Nurse for company, which included full internal and external responsibility of corporate wide vaccinations, infection control activity, and Point-of-Care Labs.

Care Management Coordinator (28 Sep 1999 to May 2001)

I was responsible for full-spectrum care management activities including analysis of utilization patterns, facilitation of referrals, claims adjudication, and authorizations. Additionally, developed clinical practice guidelines, generated internal and external reports, investigated and resolved unpaid claims. Provided case management for high-risk patients with multiple co-morbidities, and completed special projects as assigned by the Chief Medical Officer.

Johns Hopkins HealthCare, LLC; Glen Burnie, Maryland (1 Oct 1997 - Sep 1999)

Nurse Care Coordinator

I was responsible for full-spectrum utilization review and case management activities for Johns Hopkins HealthCare members including acute hospital admissions, community services, referral for specialty care, and home health needs. Provided special care coordination to members with multiple and/or chronic health problems, users of multiple providers of care, users with history of ineffective or high cost care, and those with identified high-risk diagnosis. Routine services included case review, identification of needed services, development of plan of action, and the review of plan with member, other care coordinators and medical director as necessary. Subsequently set up services with providers, fostered positive provider relations, and collection of concurrent data for quality assurance.

Johns Hopkins Hospital; Baltimore, Maryland (Jun 1995 through Sep 1999)

Medical/Surgical Nurse -- Nelson 2 Post Anesthesia Recovery Room –
(Jun 1996 to Sep 1997; continuing to Sep 1999 per diem)

I was responsible for complete recovery of international, multi-cultural patients received directly from operating rooms for both Same Day Surgeries and patients to be admitted. Sub specialties included gynecology, orthopedics, plastic surgery, oncology, and endoscopy. Care provision included use of arterial lines, Marquette EKG/vital sign monitors, I.V. push drugs including narcotics, and assistance with extubating patients. I was responsible for complete discharge planning and teaching of Same Day Surgery patients; and coordinating admissions to any unit at Johns Hopkins Hospital. Frequent charge nurse duties.

Medical/Surgical Nurse -- Nelson 6 –
(Jun 1995 to Jun 1996)

I was responsible for nursing care of cardiac, thoracic, vascular, and general surgical patients in a multi-disciplinary inpatient telemetry setting. Responsibilities included admissions, initiation of

treatment planning, pre- and post-operative teaching, administration of medications and other therapies, telemetry monitoring, facilitating multi-disciplinary care, and education and discharge planning with patients and family members. Patient population was both international and multi-cultural.

Veterans Affairs Medical Center; Baltimore, Maryland (Sep 1993 to May 1995)

Medical/Surgical Nurse

I was responsible for full range of primary nursing care (as above) of vascular, ENT, gynecological, ophthalmic and general surgical in-patients. Also performed weekly charge nurse duties. Multi-cultural patient population.

Queen Anne's County Health Department; Centreville, Maryland (Jan 1986 - Jan 1992)

Director of Health Education

I was responsible for countywide health education program development, management, and implementation; involved regional, statewide, and multi-state planning and coordination. Created and managed program budget. Trained and supervised staff of 75 volunteers and program clerical staff. Planned, implemented, and evaluated broad range of health education programs to meet multiple goals and objectives in specialty areas that included AIDS, cardiovascular health, rabies, and chemical dependency. Provided outreach, consultation and training to community groups. Acted as liaison to local, state and regional organizations.

Psychological Services, Incorporated; Annapolis, Maryland (part-time, Jan 1986 - mid 1990)

Planned Parenthood of Maryland; Annapolis, Maryland (part-time, Nov 1984 - Oct 1990)

Chisholm Trail Mental Health Center; Chickasha, Oklahoma (Jan 1982 - Aug 1984)

- ADDITIONAL NON-PROFESSIONAL EXPERIENCE –

New Hampshire Society, Daughters of the American Revolution

Organizing Chapter Regent (Volunteer, October 2015 – present)

Responsible for the organization of a brand new DAR chapter in Plymouth, NH.

Maryland Society, Daughters of the American Revolution

Chapter Regent (Volunteer, May 2008 – May 2010)

Responsible for overseeing all chapter activities including daily operations and fund raising for ongoing restoration and maintenance of chapter-owned historic (c. 1750) tavern.

State Editor (Volunteer, May 2003 – May 2006)

I was responsible for all aspects of assimilating material, editing, and creating proof of publication, *The Spinning Wheel*. It is professionally printed and distributed to 3,000 state members as well as national and international officers.

Phoebe's Patience -- a vacation rental property (April 2004 to present)

I am responsible for all aspects of running this personal small business including property maintenance, rental and work contracts, banking, website management, Federal and State taxes. The 105-acre property in New Hampshire is being managed for wildlife habitat diversification. This project has involved developing numerous complicated relationships with New Hampshire Fish and Game, U.S. Department of Agriculture Natural Resources Conservation Service, U.S. Department of Agriculture Farm Bureau, New Hampshire Department of Revenue, United States

Environmental Protection Agency, and New Hampshire Department of Environmental Services. Three grant applications for conservation work, totaling $42,989, were approved in 2005. A $2,000 grant was approved in 2006, and an additional $2,000 grant was approved for 2007. www.phoebespatience.com

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Mid-State Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 101 Boulder Point Drive, Suite 1, Plymouth, New Hampshire 03264.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #126), and amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-2 Amendment #2, and replace with Exhibit B-2 Amendment #3.

3. Delete in its entirety Exhibit B-4 Amendment #2, and replace with Exhibit B-4 Amendment #3.

JB 10/27/16

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount
Ammonoosuc Community Health Services, Inc. (177755-R001)	North Grafton/ South Coos	6/20/12 (Item #128)	5/8/14 (Item #34A)	$667,687	$540,879	$1,208,566

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Mid-State Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 101 Boulder Point Drive, Suite 1, Plymouth, NH 03264.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #126) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:

   June 30, 2017

2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:

   $851,673

3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:

   Eric D. Borrin

4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:

   (603) 271-9558

5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-4, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. **Provisions Applicable to All Services**

   1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

   1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

   1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

   1.4. Office-based and enabling **Primary Care** services shall be provided to individuals and families who are:

      1.4.1. Uninsured.

      1.4.2. Underinsured.

      1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health **and Human Services (USDHHS), Poverty Guidelines.**

   1.5. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

   1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

      1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

      1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

      1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. **Eligibility Determination Services**

   2.1. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

      2.1.1. Family income.

2.1.2. Family size.

2.1.3. Income in relation to the Federal Poverty Guidelines.

2.2. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility. .

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary

care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor may provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services and facilitate access to comprehensive patient care as well as social services. The Contractor may facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvements in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

4.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

4.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 4.2.

4.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

4.1.2.1. Activities

4.1.2.2. Completions.

4.1.2.3. Recommendations and referrals.

4.1.2.4. Follow-ups.

4.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

4.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

4.1.3.2. Allow the generation of reports.

4.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

4.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

4.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic medical record (EMR).

4.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR

4.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service provider by documenting in the EHR, which is audited to ensure appropriate follow up.

4.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

4.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

4.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

4.3.2. Refer patients for SUD services, as needed.

4.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

4.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

4.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

5. Staffing

5.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

5.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

5.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

5.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

5.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

5.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

5.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

5.4. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

5.5. The Contractor shall notify the MCHS, in writing, when:

5.5.1. Any critical position is vacant for more than one month.

5.5.2. There is not adequate staffing to perform all required services for more than one month.

6. Coordination of Services

6.1. The Contractor shall coordinate with other service providers within the community, where possible, including but not limited to collaboration with interagency referrals and to deliver coordination of care.

6.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

6.2.1. Community needs assessments.

6.2.2. Public health performance assessments.

6.2.3. The development of regional health improvement plans.

6.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

7. Required Meetings & Trainings

7.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

7.1.1. MCHS Agency Directors' meetings.

7.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

7.1.3. MCHS Agency Medical Services Directors' meetings.

8. Workplans, Outcome Reports & Additional Reporting Requirements

8.1. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

8.2. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

8.3. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

8.4. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

8.5. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

8.6. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

8.6.1. Collect information that includes, but is not limited to:

8.6.1.1. Description of trainings conducted, which includes but is not limited to:

8.6.1.1.1. Content of trainings.

8.6.1.1.2. Number of staff that attended trainings.

8.6.1.2. The number of:

8.6.1.2.1. Qualified staff conducting SBIRT

8.6.1.2.2. SBIRT billing codes developed.

8.6.1.2.3. SBIRT services billed to insurance.

8.6.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

8.6.1.3.1. Technology based systems.

8.6.1.3.2. Staffing.

8.6.1.3.3. Coding and billing.

8.6.1.4. The total number of clients receiving SBIRT delineated by:

8.6.1.4.1. Percentage of clients receiving only screening.

8.6.1.4.2. Percentage of clients receiving brief interventions.

8.6.1.4.3. Percentage of clients referred for more intensive services who initiated services.

8.6.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

8.7. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

8.7.1. DPHS Budget Form.

8.7.2. Budget Justification.

8.7.3. Sources of Revenue.

8.7.4. Program Staff List, which includes staff titles

8.8. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

8.9. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

8.9.1. Survey template.

8.9.2. Method by which the results were obtained.

9. On-Site Reviews

9.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

9.1.1. Systems of governance.

9.1.2. Administration.

9.1.3. Data collection and submission.

9.1.4. Clinical and financial management.

9.1.5. Delivery of education services.

9.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

9.2.1. Client records.

9.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

9.2.3. SBIRT documentation, which includes but is not limited to:

9.2.3.1. SBIRT policies and procedures.

9.2.3.2. Staff credentials for all staff delivering SBIRT services

9.2.3.3. SBIRT procedures utilized and documented in patient records.

9.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. **Breastfeeding**

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. **Preventive Health: Lead Screening**

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. **Preventive Health: Adolescent Well-Care Visit**

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. **Preventive Health: Depression Screening**

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: SB
Date: 5/2/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. SBIRT PERFORMANCE MEASURES

2.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

2.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

2.1.2. Definitions

2.1.2.1. Substance Use: Includes any type of alcohol or drug.

2.1.2.2. Brief Intervention: Includes guidance or counseling.

2.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

2.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

2.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

2.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.2.2. Definitions:

2.2.2.1. Substance Use: Includes any type of alcohol or drug.

2.2.2.2. Brief Intervention: Includes guidance or counseling.

2.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

2.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-4 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-2 and Exhibit B-4 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10th) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 4.2.2 through Section 4.2.5 and Section 4.3.1 through Section 4.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

      Financial Manager
      Department of Health and Human Services
      129 Pleasant Street
      Concord, NH 03301

      E-mail: dphscontractbilling@dhhs.state.nh.us
7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.

Contractor Initials: SB
Date: 5-24-15

8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-4 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Brook Dupee for

José Thier Montero, MD, MHCDS
Director

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Mid-State Health Center

This 1st Amendment to the Mid-State Health Center contract (hereinafter referred to as "Amendment One") dated this 13th day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Mid-State Health Center (hereinafter referred to as "the Contractor"), a corporation with a place of business at 101 Boulder Point Drive, Suite 1, Plymouth, New Hampshire 03264.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $444,862

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $35,001 for SFY 2014 and $175,511 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $35,001 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $175,511 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: SB
Date: 3-13-14

- Add Paragraph 8
- 8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

Contractor Initials: SB
Date: 3-13-14

EXHIBIT A – AMENDMENT 1

Scope of Services

The Department desires to continue the relationship with the primary care agencies to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

3. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

4. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS prior to implementation.

5. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 1000 users annually with 4000 medical encounters, as defined in the Data and Reporting Requirements. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. Provide clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, electronic) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A. Service Requirements

1. Medical Home

The Contractor shall provide a Medical Home that:

a) Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.

b) Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, oral health, and behavioral health specialty providers.

b) Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) Nutrition assessment for all clients as part of the health maintenance visit. Therapeutic nutrition services shall be provided as indicated directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) Oral screening annually for all clients 21 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.

m) Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate. Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of

Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) The World Health Organization (WHO) growth charts shall be used to monitor growth for infants and children birth up to age 2 years. The Centers for Disease Control and Prevention (CDC) growth charts shall be used for children age 2 years and older.

b) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

c) All children enrolled in either Medicaid, Head Start, or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185%_poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a blood lead test performed.

d) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

e) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit, and a referral for the child's first visit to the dentist by age one as recommended by the American Academy of Pediatrics and the American Academy of Pediatric Dentistry.

f) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's drinking water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.

g) For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling or other substance abuse intervention, treatment, or recovery services by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.

b) All clients, including pregnant women, identified as smokers shall receive counseling using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: A Clinician's Guide to Helping Pregnant Women Quit Smoking", American College of Obstetricians and Gynecologists, 2011. With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule for Adults (19 years and older) by Age and Medical Condition - United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the "Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States" approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.

d) The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist (on site or by referral)

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.
   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.
   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.
   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.
   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

   a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

   b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities in the Public Health Region in which they provide services as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to participate in and coordinate public health activities as requested by the Division of Public Health Services during any disease outbreak and/or emergency, natural or man-made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that appropriate, responsive, and timely referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care Clinical and Financial, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be

completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.

2. Reviews shall include client record reviews to measure compliance with this exhibit.

3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.

4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CHILD HEALTH DIRECT CARE SERVICES
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Please note, for all measures, the following should be used **unless otherwise indicated:**

- Less than 19 years of age
- Served within the scope of this MCH contract during State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)
- Each client can only be counted once (unduplicated)

Child Health Direct (CH – D) Performance Measure #1

Measure: 92%* of eligible children will be enrolled in Medicaid

Goal: To increase access to health care for children through the provision of health insurance

Definition: **Numerator-**
Of those in the denominator, the number of children enrolled in Medicaid.

Denominator-
Number of children who meet all of the following criteria:

- Less than 19 years of age
- Had 3 or more visits/encounters** during the reporting period
- As of the last visit during the reporting period were eligible for Medicaid

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**An encounter is face to face contact between a user and a provider who exercises independent judgment in the provision of services to the individual (UDS Table Definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #2

Measure: 85%* of at-risk** children who were screened for blood lead between 18 and 30 months of age

Goal: To prevent childhood lead poisoning through early identification of lead exposure

Definition: **Numerator-**
Of those in the denominator, number of children screened for blood lead by capillary or venous on or after their 18-month birthday and prior to their 30-month birthday.

Denominator-
Number of at-risk** children who reached age 30 months during the reporting period. If discharged prior to 30 months, do not include in denominator.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.

**At risk = During the reporting period, the children were 18-29 months of age, and fit at least one of the following criteria:

- "Low income" (less than 185% poverty guidelines)
- Over 185% and resided in a town considered needing "Universal" screening per NH Childhood Lead Poisoning Prevention Program
- Over 185%, resided in a town considered "Target" and had a positive response to the risk questionnaire
- Refugee children -A refugee is defined as a person outside of his or her country of nationality who is unable or unwilling to return because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion (U.S. Citizenship and Immigration Services definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #3

Measure: 71%* of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85%ile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Goal: To increase the percent of children receiving primary care preventive health services who have an elevated BMI percentile who receive guidance about promoting a healthier lifestyle.

Definition: **Numerator-**
Of those in the denominator, the number of children who had documentation in their medical record of there being discussion at least once during the reporting period of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Denominator-
Number of children who turned twenty-four months during or before the reporting period, up to the age of nineteen years, with one or more well child visit after their twenty-fourth month of age within the reporting year, and had an age and gender appropriate BMI percentile greater than or equal to the 85 % percentile at least once during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Rationale: Children between the 85th – 94th percentiles BMI are encouraged to have 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks. (Discussion of the importance of family meal time, limiting eating out, consuming a healthy breakfast, preparing own foods, and promotion of breastfeeding is also encouraged.) American Academy of Pediatrics' guidance for Prevention and Treatment of Childhood Overweight and Obesity, (http://www.aap.org/obesity/health_professionals.html), from AAP Policy Statement: *Prevention of Pediatric Overweight and Obesity* and the AAP endorsed Expert Committee Recommendations Regarding the Prevention, Assessment, and Treatment of Children and Adolescent Overweight and Obesity, 2007.

*Target based on 2012 & 2013 Data Trend Table averages.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) #4

Measure: 75%* of eligible** infants and children with client record documentation of enrollment in WIC

Goal: To increase access to nutrition education, breastfeeding support, and healthy food through enrollment in the WIC Nutrition Program

Definition: **Numerator -**
Of those in the denominator, the number of infants and children who, as of the last well child visit during the reporting period, had client record documentation that infant or child was enrolled in WIC.

Denominator -
Unduplicated number of infants and children less than 5 years of age, enrolled in the agency, during the reporting period, who were eligible** for WIC.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**WIC Eligibility Requirements:

- Infants, and children up to their fifth birthday
- Must be income eligible (income guidelines are up to 185% of federal gross income, and are based on family size)

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #5

Measure: 23%* of infants who were exclusively** breastfed for the first three months, at their four month well baby visit

Goal: To provide optimum nutrition to infants in their first three months of life

Definition: **Numerator -**
Of those in the denominator, the number of infants who had client record documentation that the infant had been exclusively breastfed for their first three months when checked at their four month well baby visit.

Denominator -
Number of infants who received one or more visits during or before the reporting period and were seen for a four-month well baby visit during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Benmarks: 2011 PedNSS (WIC) exclusive at 3 months: NH 22.9%, National (2010) 10.7%
2013 CDC Report Card (NIS, provisional 2010 births): NH 49.5%, National 37.7%
Healthy People 2020 goal: 44%

Rationale: The AAP recommends exclusive breastfeeding for about 6 months, with continuation of breastfeeding for 1 year or longer as mutually desired by mother and infant, a recommendation concurred to by the World Health Organization and the Institute of Medicine. (American Academy of Pediatrics Policy Statement on Breastfeeding and the Use of Human Milk, 2012)

*Target based on 2012 & 2013 Data Trend Table averages.
**Exclusive means breast milk only, no supplemental formula, cereal/baby food, or water/fluids.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE: ADULT

PERFORMANCE MEASURES DEFINITIONS

State Fiscal Year 2015

Primary Care: Adult Performance Measure #1

Measure:*	58%** of adult patients 18 – 85 years of age diagnosed with hypertension will have a blood pressure measurement less than 140/90*** mm at the time of their last measurement.
Goal:	To ensure patients diagnosed with hypertension are adequately controlled.
Definition:	**Numerator-** Number of patients from the denominator with blood pressure measurement less than 140/90 mm at the time of their last measurement. **Denominator-** Number of patients age 18 – 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Measure based on the National Quality Forum 0018

**Health People 2020 National Target is 61.2%

***Both the numerator and denominator must be less that 140/90 mm

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CLINICAL PERFORMANCE MEASURE DEFINITIONS Fiscal Year 2015

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: 61%* of adolescents aged 11-21 years received an annual health maintenance visits in the past 12 months.

Goal: To enhance adolescent health by assuring annual, recommended, adolescent well -visits.

Definition:

Numerator-
Number of adolescents in the denominator who received an annual health maintenance "well" visit during the reporting year.

Denominator-
Total number of adolescents aged 11-21 years who were enrolled in the primary care clinic as primary care clients during the reporting year period.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure:	31%* of women and adolescent girls aged 15-44 take multi-vitamins with folic acid.
Goal:	To enhance pregnancy outcomes by reducing neural tube defects.
Definition:	**Numerator-** The number of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid. **Denominator-** The number of women and adolescent girls aged 15-44 who were seen in primary care for a well visit in the past year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE - FINANCIAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care (PC) Performance Measure #1

Measure: Patient Payor Mix

Goal: To allow monitoring of payment method trends at State funded primary care sites.

Definition: Patients enrolled in Medicare, Medicaid, Commercial insurance, or uninsured.

Data Source: Provided by agency

Primary Care (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: AR Days: Net Patient Accounts Receivable **multiplied by** 365 **divided by** Net Patient Revenue

Data Source: Provided by agency

Primary Care (PC) Performance Measure #3

Measure: Current Ratio

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: Current Ratio = Current Assets **divided by** Current Liabilities

Data Source: Provided by agency

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRENATAL
PERFORMANCE MEASURES DEFINITIONS
State Fiscal Year 2015

Prenatal (PN) Performance Measure #1

Measure: 85%* of pregnant women who are enrolled in the agency's prenatal program will begin prenatal care during the first trimester of pregnancy.

Goal: To enhance pregnancy outcomes by assuring early entrance into prenatal care.

Definition:

Numerator-
Number of women in the denominator who had a documented prenatal visit during the first trimester (on or before 13.6 weeks gestation).

Denominator-
Number of women enrolled in the agency prenatal program who gave birth during the reporting year.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Prenatal (PN) Performance Measure #2

Measure: 20%* of pregnant women who are identified as cigarette smokers will be referred to QuitWorks-New Hampshire.

Goal: To reduce tobacco use during pregnancy through focused tobacco use cessation activities at public health prenatal clinics.

Definition:

Numerator-
Number of women in the denominator who received at least one referral to QuitWorks-New Hampshire during pregnancy.

A referral is defined as signing the patient up for QuitWorks-NH via phone, fax, or EMR. It is not defined as discussing QuitWorks-NH with the patient and encouraging her to sign up.

Denominator-
Number of women enrolled in the agency prenatal program and identified as tobacco users who gave birth during the reporting year.

Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Target set in consultation with the NH Tobacco Program & FY13 Data Trend Table average.

Prenatal (PN) Performance Measure #3

Measure:	79%* of pregnant women will be screened, using a formal valid screening tool, for alcohol and other substance use during every trimester they are enrolled in the prenatal program.
Goal:	To reduce prenatal substance use through systematic screening and identification.
Definition:	**Numerator-** Number of women in the denominator who were screened for substance and alcohol use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program. **Denominator-** Number of women enrolled in the agency prenatal program and who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Exhibit B-1 (2014) - Amendment 1
Budget

New Hampshire Department of Health and Human Services

Bidder/Contractor Name: Mid-State Health Center

Budget Request for: MCH Primary Care
(Name of RFP)

Budget Period: SFY 2014

Line Item	Direct Incremental	Indirect Fixed	Total	Allocation Method for Indirect/Fixed Cost
1. Total Salary/Wages	$ 28,000.80	$ -	$ 28,000.80

DATE 6/20/12
NOT APPROVED_____

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with Mid-State Health Center (Vendor #158055-B001), 101 Boulder Point Drive, Suite 1, Plymouth, New Hampshire 03264, in an amount not to exceed $234,350.00, to provide primary care services, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following account for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budget.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

Fiscal Year	Class/Object	Class Title	Job Number	Total Amount
SFY 2013	102-500731	Contracts for Program Services	90080000	$117,175
SFY 2014	102-500731	Contracts for Program Services	90080000	$117,175
			Total	$234,350

EXPLANATION

Funds in this agreement will be used to provide office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their

optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

Should Governor and Executive Council not authorize this Request, a minimum of 1,450 low-income individuals from the following areas Alexandria, Ashland, Bridgewater, Bristol, Campton, Danbury, Dorchester, Ellsworth, Groton, Hebron, Holderness, New Hampton, Plymouth, Rumney, Thornton, Wentworth and Woodstock may not have access to primary care services. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities.

Mid-State Health Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $397,700. This represents a decrease of $163,350. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Alexandria, Ashland, Bridgewater, Bristol, Campton, Danbury, Dorchester, Ellsworth, Groton, Hebron, Holderness, New Hampton, Plymouth, Rumney, Thornton, Wentworth and Woodstock.

Source of Funds: 19.95% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 80.05% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

Subject: Primary Care Services

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: SB
Date: 4-4-12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: [illegible]
Date: 4-4-12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Date: 4-4-12

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: 4-4-12

Date: 4-4-12

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The New London Hospital Association, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 273 County Road, New London, NH 03257.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #129) as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,215,764
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.
7. Add Exhibit B-2 – Amendment #4, BCCP Budget.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

Contractor's Initials: BPK

Date 5/20/10

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: BPL

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. **Definitions**

1.1.1. **Measurement Year –** Measurement Year consists of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit –** Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. **Breastfeeding**

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. **Preventive Health: Lead Screening**

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. **Preventive Health: Adolescent Well-Care Visit**

Contractor Initials: BPK
Date: 5/30/13

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NHMCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS)**.**

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #4, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

AUTHORIZED REPRESENTATIVE

NEW LONDON
HOSPITAL

THE NEW LONDON HOSPITAL ASSOCIATION, INC.

VISION STATEMENT

New London Hospital is a community hospital committed to safe quality care in a patient and family centered care environment resulting in a healthier community.

MISSION STATEMENT

New London Hospital provides safe quality care for every patient, every time in partnership with patients, families and healthcare providers.

VALUES

- Care and respect for all people
- Partnership with patients and families
- Informed decision-making
- Integrity
- Commitment to continuous improvement
- Service excellence
- Compassion
- Accountability
- Commitment to our community
- Transparent communication
- Teamwork
- Financial responsibility
- Charity care

PATIENT AND FAMILY CENTERED PHILOSOPHY OF CARE

Every patient at New London Hospital is part of a unique family unit with its own strengths and capabilities. We respect the importance of the family, as defined by the patient, and encourage family involvement and support in patient care. We believe in partnering with each patient and family to give the highest quality of care to each patient. Our philosophy of care includes these values:

- View families as partners who contribute to the well being of patients
- The patient's family, as defined by the patient, is an important part of the healthcare team.
- Support quality of care and patient satisfaction by partnering with patients and families for all levels of care
- Respect for the diversity of patient families
- Share complete and unbiased information with patients and families, with the patient's consent
- Provide a healing environment for patients and families

Report of Independent Auditors

To the Board of Trustees of
Dartmouth-Hitchcock Health and Subsidiaries

We have audited the accompanying consolidated financial statements of Dartmouth-Hitchcock Health and Subsidiaries (the "Health System"), which comprise the consolidated balance sheets as of June 30, 2016 and 2015, and the related consolidated statements of operations and changes in net assets and of cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the consolidated financial statements of The Cheshire Medical Center, a subsidiary whose sole member is Dartmouth-Hitchcock Health, which statements reflect total assets of 8.8% and 9.7% of consolidated total assets at June 30, 2016 and 2015, respectively, and total revenues of 9.2% and 3.5%, respectively, of consolidated total revenues for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for The Cheshire Medical Center, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Health System's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health System's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

pwc

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Health System as of June 30, 2016 and 2015, and the results of its operations and changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole. The consolidating information is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and changes in net assets and cash flows of the individual companies and is not a required part of the consolidated financial statements. Accordingly, we do not express an opinion on the financial position, results of operations and changes in net assets and cash flows of the individual companies.

The accompanying notes are an integral part of these consolidated financial statements.

1. Organization and Community Benefit Commitments

Dartmouth-Hitchcock Health (D-HH) serves as the sole corporate member of Mary Hitchcock Memorial Hospital (MHMH) and Dartmouth-Hitchcock Clinic (DHC) (collectively referred to as "Dartmouth-Hitchcock" (D-H)), New London Hospital Association (NLH), MT. Ascutney Hospital and Health Center (MAHHC), The Cheshire Medical Center (Cheshire) and Alice Peck Day Health Systems Corp. (APD).

The "Health System" consists of D-HH, its affiliates and their subsidiaries.

D-HH currently operates one tertiary, one community and three acute care (critical access) hospitals in New Hampshire (NH) and Vermont (VT). One facility provides inpatient and outpatient rehabilitation medicine and long-term care. D-HH also operates four physician practices and a nursing home. D-HH operates a graduate level program for health professions and is the principal teaching affiliate of the Geisel School of Medicine (Geisel), a component of Dartmouth College.

D-HH, MHMH, DHC, NLH, Cheshire and APD are NH not-for-profit corporations exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). MAHHC is a VT not-for-profit corporation exempt from federal income taxes under Section 501(c)(3) of the IRC.

Fiscal year 2016 includes a full year of operations of D-HH, D-H, NLH, MAHHC, Cheshire and four months of operations of APD. Fiscal year 2015 includes a full year of operations of D-HH, D-H, NLH, MAHHC and four months of operations of Cheshire.

Community Benefits
The mission of the Health System is to advance health through clinical practice and community partnerships, research and education, providing each person the best care, in the right place, at the right time, every time.

Consistent with this mission, the Health System provides high quality, cost effective, comprehensive, and integrated healthcare to individuals, families, and the communities it serves regardless of a patient's ability to pay. The Health System actively supports community-based healthcare and promotes the coordination of services among healthcare providers and social services organizations. In addition, the Health System also seeks to work collaboratively with other area healthcare providers to improve the health status of the region. As a component of an integrated academic medical center, the Health System provides significant support for academic and research programs.

The Health System files annual Community Benefits Reports with the State of NH which outlines the community and charitable benefits it provides. The categories used in the Community Benefit Reports to summarize these benefits are as follows:

- *Community health services* include activities carried out to improve community health and could include community health education (such as lectures, programs, support groups, and materials that promote wellness and prevent illness), community-based clinical services (such as free clinics and health screenings), and healthcare support services (enrollment assistance in public programs, assistance in obtaining free or reduced costs medications, telephone information services, or transportation programs to enhance access to care, etc.).

- *Subsidized health services* are services provided, resulting in financial losses that meet the needs of the community and would not otherwise be available unless the responsibility was assumed by the government.

- *Research support and other grants* represent costs in excess of awards for numerous health research and service initiatives awarded to the organizations.

- *Community health-related initiatives* occur outside of the organization(s) through various financial contributions of cash, in-kind, and grants to local organizations.

- *Community-building activities* include cash, in-kind donations, and budgeted expenditures for the development of programs and partnerships intended to address social and economic determinants of health. Examples include physical improvements and housing, economic development, support system enhancements, environmental improvements, leadership development and training for community members, community health improvement advocacy, and workforce enhancement. Community benefit operations includes costs associated with staff dedicated to administering benefit programs, community health needs assessment costs, and other costs associated with community benefit planning and operations.

- *Charity care (financial assistance)* represents services provided to patients who cannot afford healthcare services due to inadequate financial resources which result from being uninsured or underinsured. For the years ended June 30, 2016 and 2015, the Health System provided financial assistance to patients in the amount of approximately $30,637,000 and $50,076,000, respectively, as measured by gross charges. The estimated cost of providing this care for the years ended June 30, 2016 and 2015 was approximately $12,257,000 and $18,401,000, respectively. The estimated costs of providing charity care services are determined applying a ratio of costs to charges to the gross uncompensated charges associated with providing care to charity patients. The ratio of costs to charges is calculated using total expenses, less bad debt, divided by gross revenue.

  Charity care provided by the Health System decreased by approximately $19,400,000 from 2015 to 2016. This change was due to the implementation of the Federal Exchange in December of 2013 and the NH Medicaid Expansion Plan in August of 2014. The Health System began to experience decreases in uninsured patients and increases in patients covered by the Federal Exchange NH in summer of calendar 2015 (fiscal year 2015) which continued to decrease as more NH uninsured and underinsured patients were able to receive coverage by the Federal or NH Medicaid plans specifically impacting fiscal 2016.

- *Government-sponsored healthcare services* are provided to Medicaid and Medicare patients at reimbursement levels that are significantly below the cost of the care provided.

- *The uncompensated cost of care for Medicaid* patients reported in the unaudited Community Benefits Reports for 2015 was approximately $146,758,000. The 2016 Community Benefits Reports are expected to be filed in February 2017.

The following table summarizes the value of the community benefit initiatives outlined in the Health System's most recently filed Community Benefit Reports for the year ended June 30, 2015:

(Unaudited, in thousands of dollars)

Community health services	$	4,373
Health professional education		30,157
Subsidized health services		13,645
Research		5,361
Financial contributions		5,829
Community building activities		623
Community benefit operations		582
Charity care		18,401
Government-sponsored healthcare services		258,189
Total community benefit value	$	337,160

The Health System also provides a significant amount of uncompensated care to its patients that are reported as provision for bad debts, which is not included in the amounts reported above. During the years ended June 30, 2016 and 2015, the Health System reported a provision for bad debt expense of approximately $55,121,000 and $17,562,000, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The consolidated financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, and have been prepared consistent with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 954 *Healthcare Entities* (ASC 954), which addresses the accounting for healthcare entities. In accordance with the provisions of ASC 954, net assets and revenue, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, unrestricted net assets are amounts not subject to donor-imposed stipulations and are available for operations. Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity. All significant intercompany transactions have been eliminated upon consolidation.

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant areas that are affected by the use of estimates include the allowance for estimated uncollectible accounts and contractual allowances, valuation of certain investments, estimated third-party settlements, insurance reserves, and pension obligations. Actual results may differ from those estimates.

(Deficiency) Excess of Revenue over Expenses

The consolidated statements of operations and changes in net assets include (deficiency) excess of revenue over expenses. Operating revenues consist of those items attributable to the care of

patients, including contributions and investment income on unrestricted investments, which are utilized to provide charity and other operational support. Peripheral activities, including unrestricted contribution income from acquisitions, realized gains/losses on sales of investment securities and changes in unrealized gains/losses in investments are reported as nonoperating gains (losses).

Changes in unrestricted net assets which are excluded from (deficiency) excess of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets), change in funded status of pension and other postretirement benefit plans, and the effective portion of the change in fair value of interest rate swaps.

Charity Care and Provision for Bad Debts
The Health System provides care to patients who meet certain criteria under their financial assistance policies without charge or at amounts less than their established rates. Because the Health System does not anticipate collection of amounts determined to qualify as charity care, they are not reported as revenue.

The Health System grants credit without collateral to patients. Most are local residents and are insured under third-party arrangements. Additions to the allowance for uncollectible accounts are made by means of the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance and subsequent recoveries are added. The amount of the provision for bad debts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in federal and state governmental healthcare coverage, and other collection indicators (Notes 1 and 4).

Net Patient Service Revenue
Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors and bad debt expense. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as estimates change or final settlements are determined (Note 4).

Contract Revenue
The Health System has various Professional Service Agreements (PSAs), pursuant to which certain facilities purchase services of personnel employed by the Health System and also lease space and equipment. Revenue pursuant to these PSAs and certain facility and equipment leases and other professional service contracts have been classified as contracted revenue in the accompanying consolidated statements of operations and changes in net assets.

Other Revenue
The Health System recognizes other revenue which is not related to patient medical care but is central to the day-to-day operations of the Health System. This revenue includes retail pharmacy, joint operating agreements, grant revenue, cafeteria sales, meaningful use incentive payments and other support service revenue.

Cash Equivalents
Cash equivalents include investments in highly liquid investments with maturities of three months or less when purchased, excluding amounts where use is limited by internal designation or other arrangements under trust agreements or by donors.

Investments and Investment Income
Investments in equity securities with readily determinable fair values, mutual funds and pooled/comingled funds, and all investments in debt securities are considered to be trading securities reported at fair value with changes in fair value included in the (deficiency) excess of revenues over expenses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

Investments in pooled/commingled investment funds, private equity funds and hedge funds that represent investments where the Health System owns shares or units of funds rather than the underlying securities in that fund are valued using the equity method of accounting with changes in value recorded in (deficiency) excess of revenues over expenses. All investments, whether held at fair value or under the equity method of accounting, are reported at what the Health System believes to be the amount they would expect to receive if it liquidated its investments at the balance sheets date on a nondistressed basis.

Certain affiliates of the Health System are partners in a NH general partnership established for the purpose of operating a master investment program of pooled investment accounts. Substantially all of the Health System's board-designated and restricted assets were invested in these pooled funds by purchasing units based on the market value of the pooled funds at the end of the month prior to receipt of any new additions to the funds. Interest, dividends, and realized and unrealized gains and losses earned on pooled funds are allocated monthly based on the weighted average units outstanding at the prior month-end.

Investment income or losses (including change in unrealized and realized gains and losses on unrestricted investments, change in value of equity method investments, interest, and dividends) are included in (deficiency) excess of revenue over expenses classified as nonoperating gains and losses, unless the income or loss is restricted by donor or law (Note 9).

Fair Value Measurement of Financial Instruments
The Health System estimates fair value based on a valuation framework that uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy, as defined by ASC 820, *Fair Value Measurements and Disclosures*, are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for assets or liabilities.

Level 2 Prices other than quoted prices in active markets that are either directly or indirectly observable as of the date of measurement.

Level 3 Prices or valuation techniques that are both significant to the fair value measurement and unobservable.

The Health System applies the accounting provisions of Accounting Standards Update (ASU) 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2009-12). ASU 2009-12 allows for the estimation of fair value of investments for which the investment does not have a readily determinable fair value, to use net asset value (NAV)

per share or its equivalent as a practical expedient, subject to the Health System's ability to redeem its investment.

The carrying amount of patient accounts receivable, prepaid and other current assets, accounts payable, and accrued expenses approximates fair value due to the short maturity of these instruments.

Property, Plant, and Equipment
Property, plant, and equipment, and other real estate are stated at cost at the time of purchase or fair market value at the time of donation, less accumulated depreciation. The Health System's policy is to capitalize expenditures for major improvements and to charge expense for maintenance and repair expenditures which do not extend the lives of the related assets. The provision for depreciation has been determined using the straight-line method at rates which are intended to amortize the cost of assets over their estimated useful lives which range from 10 to 40 years for buildings and improvements, 2 to 20 years for equipment, and the shorter of the lease term, or 5 to 12 years; for leasehold improvements. Certain software development costs are amortized using the straight-line method over a period of up to 10 years. Net interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets.

The fair value of a liability for legal obligations associated with asset retirements is recognized in the period in which it is incurred, if a reasonable estimate of the fair value of the obligation can be made. When a liability is initially recorded, the cost of the asset retirement obligation is capitalized by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period and the capitalized cost associated with the retirement is depreciated over the useful life of the related asset. Upon settlement of the obligation, any difference between the actual cost to settle the asset retirement obligation and the liability recorded is recognized as a gain or loss in the consolidated statements of operations and changes in net assets.

Gifts of capital assets such as land, buildings, or equipment are reported as unrestricted support, and excluded from (deficiency) excess of revenue over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of capital assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire capital assets are reported as restricted support. Absent explicit donor stipulations about how long those capital assets must be maintained, expirations of donor restrictions are reported when the donated or acquired capital assets are placed in service.

Bond Issuance Costs
Bond issuance costs, classified on the consolidated balance sheets as other assets, are amortized over the term of the related bonds. Amortization is recorded within depreciation and amortization in the consolidated statements of operations and changes in net assets using the straight-line method which approximates the effective interest method.

Trade Names
The Health System records trade names as intangible assets within other assets on the consolidated statements of financial position. The Health System considers trade names to be indefinite-lived assets, assesses them at least annually for impairment or more frequently if certain events or circumstances warrant and recognizes impairment charges for amounts by which the carrying values exceed their fair values. The Health System has recorded $2,700,000 as intangible assets associated with its affiliations as of June 30, 2016 and 2015. There were no impairment charges recorded for the years ended June 30, 2016 and 2015.

Derivative Instruments and Hedging Activities
The Health System applies the provisions of ASC 815, *Derivatives and Hedging*, to its derivative instruments, which require that all derivative instruments be recorded at their respective fair value in the consolidated balance sheets.

On the date a derivative contract is entered into, the Health System designates the derivative as a cash-flow hedge of a forecasted transaction or the variability of cash flows to be received or paid related to a recognized asset or liability. For all hedge relationships, the Health System formally documents the hedging relationship and its risk-management objective and strategy for undertaking the hedge, the hedging instrument, the nature of the risk being hedged, how the hedging instrument's effectiveness in offsetting the hedged risk will be assessed, and a description of the method of measuring ineffectiveness. This process includes linking cash-flow hedges to specific assets and liabilities on the consolidated balance sheets or to specific firm commitments or forecasted transactions. The Health System also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in variability of cash flows of hedged items. Changes in the fair value of a derivative that is highly effective and that is designated and qualifies as a cash-flow hedge are recorded in unrestricted net assets until earnings are affected by the variability in cash flows of the designated hedged item. The ineffective portion of the change in fair value of a cash-flow hedge is reported in (deficiency) excess of revenue over expenses in the consolidated statements of operation and changes in net assets.

The Health System discontinues hedge accounting prospectively when it is determined: (a) the derivative is no longer effective in offsetting changes in the cash flows of the hedged item; (b) the derivative expires or is sold, terminated, or exercised; (c) the derivative is undesignated as a hedging instrument because it is unlikely that a forecasted transaction will occur; (d) a hedged firm commitment no longer meets the definition of a firm commitment; and (e) management determines that designation of the derivative as a hedging instrument is no longer appropriate.

In all situations in which hedge accounting is discontinued, the Health System continues to carry the derivative at its fair value on the consolidated balance sheets and recognizes any subsequent changes in its fair value in (deficiency) excess of revenue over expenses.

Gifts and Bequests
Unrestricted gifts and bequests are recorded net of related expenses as nonoperating gains. Conditional promises to give and indications of intentions to give to the Health System are reported at fair market value at the date the gift is received. Gifts are reported as either temporarily or permanently restricted if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations and changes in net assets as net assets released from restrictions.

Reclassifications
Certain amounts in the 2015 consolidated financial statements have been reclassified to conform to the 2016 presentation. In 2016 the presentation of net assets released from restrictions was changed from a single line presentation in the consolidated statement of operations to one in which the net assets released from restriction are classified in their natural expense classifications.

Recently Issued Accounting Pronouncements
In May 2014, the Financial Accounting Standards Board (FASB) issued ASU 2014-09 - Revenue from Contracts with Customers at the conclusion of a joint effort with the International Accounting Standards Board to create common revenue recognition guidance for U.S. GAAP and international accounting standards. This framework ensures that entities appropriately reflect the consideration to which they expect to be entitled in exchange for goods and services, by allocating transaction price to identified performance obligations, and recognizing that revenue as performance obligations are satisfied. Qualitative and quantitative disclosures will be required to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The original standard was effective for fiscal years beginning after December 15, 2016; however, in July 2015, the FASB approved a one-year deferral of this standard, with a new effective date for fiscal years beginning after December 15, 2017 or fiscal year 2019 for the Health System. The Health System is evaluating the impact this will have on the consolidated financial statements.

In May 2015, the FASB issued ASU 2015-07- Disclosures for Certain Entities That Calculate Net Asset Value per Share (or its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as the practical expedient. This guidance is effective in fiscal year 2017. The Health System is evaluating the impact this will have on the consolidated financial statements.

In April 2015, the FASB issued ASU 2015-03 - Imputation of Interest: Simplifying the Presentation of Debt Issuance Costs, which requires all costs incurred to issue debt to be presented in the balance sheet as a direct deduction from the carrying value of the associated debt liability. This guidance is effective for fiscal years beginning after December 15, 2015, or fiscal 2017 for the Health System. The Health System is evaluating the impact this will have on the consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02 - Leases, which, requires a lessee to recognize a right-of-use asset and a lease liability, initially measured at the present value of the lease payments, in its balance sheet. The standard also requires a lessee to recognize a single lease cost, calculated so that the cost of the lease is allocated over the lease term, on a generally straight-line basis. The guidance also expands the required quantitative and qualitative disclosures surrounding leases. The ASU is effective for fiscal years beginning after December 15, 2018, or fiscal year 2020 for the Health System. Early adoption is permitted. The Health System is evaluating the impact of the new guidance on the consolidated financial statements.

In January 2016, the FASB issued ASU 2016-01- Recognition and Measurement of Financial Assets and Financial Liabilities, which address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. This guidance allows an entity to choose, investment-by-investment, to report an equity investment that neither has a readily determinable fair value, nor qualifies for the practical expedient for fair value estimation using NAV, at its cost minus impairment (if any), plus or minus changes resulting from observable price changes in orderly transactions for the identical or similar investment of the same issue. Impairment of such investments must be assessed qualitatively at each reporting period. Entities must disclose their financial assets and liabilities by measurement category and form of asset either on the face of the balance sheet or in the accompanying notes. The ASU is effective for annual reporting periods

beginning after December 15, 2018 or fiscal year 2020 for the Health System. The provision to eliminate the requirement to disclose the fair value of financial instruments measured at cost (such as the fair value of debt) may be early adopted. The Health System is evaluating the impact of the new guidance on the consolidated financial statements.

In August 2016, the FASB issued ASU 2016-14 - Presentation of Financial Statements for Not-for-Profit Entities, which makes targeted changes to the not-for-profit financial reporting model. The new ASU marks the completion of the first phase of a larger project aimed at improving not-for-profit financial reporting. Under the new ASU, net asset reporting will be streamlined and clarified. The existing three-category classification of net assets will be replaced with a simplified model that combines temporarily restricted and permanently restricted into a single category called "net assets with donor restrictions." The guidance for classifying deficiencies in endowment funds and on accounting for the lapsing of restrictions on gifts to acquire property, plant, and equipment have also been simplified and clarified. New disclosures will highlight restrictions on the use of resources that make otherwise liquid assets unavailable for meeting near-term financial requirements. Not-for-profits will continue to have flexibility to decide whether to report an operating subtotal and if so, to self-define what is included or excluded. However, if the operating subtotal includes internal transfers made by the governing board, transparent disclosure must be provided. The ASU also imposes several new requirements related to reporting expenses, including providing information about expenses by their natural classification. The ASU is effective for fiscal years beginning after December 15, 2017 or fiscal year 2019 for the Health System and early adoption is permitted. The Health System is evaluating the impact of the new guidance on the consolidated financial statements.

3. Acquisitions

Effective March 1, 2016, D-HH became the sole corporate member of APD through an affiliation agreement. APD is a not-for-profit corporation providing inpatient and outpatient services to residents of the Upper Valley in NH and VT. APD has a fiscal year end of September 30.

The D-HH 2016 consolidated financial statements reflect four months of activity for APD beginning March 1, 2016.

In accordance with applicable accounting guidance on not-for-profit mergers and acquisitions, The Health System recorded contribution income of approximately $18,782,000 reflecting the fair value of the contributed net assets of APD, on the transaction date. Of this amount $18,083,000 represents unrestricted net assets and is included as a nonoperating gain in the accompanying consolidated statement of operations. Restricted contribution income of $670,000 and $29,000 was recorded within temporarily and permanently net assets, respectively in the accompanying consolidated statement of changes in net assets. No consideration was exchanged for the net assets contributed and acquisition costs are expensed as incurred.

The fair value of assets, liabilities, and net assets contributed by APD at March 1, 2016 were as follows:

(in thousands of dollars)

Assets		
Cash and cash equivalents	$	12,619
Patient accounts receivable, net		10,271
Property, plant, and equipment, net		16,600
Other assets		4,939
Estimated third-party settlements		2,397
Total assets acquired	$	46,826
Liabilities		
Accounts payable and accrued expenses	$	6,823
Accrued compensation and related benefits		3,347
Long-term debt		17,181
Other liabilities		693
Total liabilities assumed		28,044
Net Assets		
Unrestricted		18,083
Temporarily restricted		670
Permanently restricted		29
Total net assets		18,782
Total liabilities and net assets	$	46,826

A summary of the financial results of APD included in the consolidated statement of operations and changes in net assets for the period from the date of acquisition March 1, 2016 through June 30, 2016 is as follows:

(in thousands of dollars)

Total operating revenues	$	20,973
Total operating expenses		21,374
Operating gain		(401)
Nonoperating gains		235
Excess of revenue over expenses		(166)
Net assets transferred to affiliate		18,782
Changes in temporarily and permanently net assets		24
Increase in net assets	$	18,640

A summary of the consolidated financial results of the Health System for the years ended June 30, 2016 and 2015 as if the transactions had occurred on July 1, 2014 are as follows (unaudited):

(in thousands of dollars)	2016	2015
Total operating revenues	$ 1,835,177	$ 1,658,250
Total operating expenses	1,872,167	1,671,124
Operating loss	(36,990)	(12,874)
Nonoperating gains	(6,045)	81,277
(Deficiency) excess of revenue over expenses	(43,035)	68,403
Net assets released from restriction used for capital purchases	3,248	2,411
Change in funded status of pension and other post retirement benefits	(66,541)	(65,128)
Change in fair value on interest rate swaps	(5,873)	(931)
(Decrease) increase in unrestricted net assets	$ (112,201)	$ 4,755

4. Patient Service Revenue and Accounts Receivable

Patient service revenue is reported net of contractual allowances and the provision for bad debts as follows for the years ended June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Gross patient service revenue	$ 4,426,305	$ 3,656,514
Less: Contractual allowances	2,737,030	2,258,393
Provision for bad debt	55,121	17,562
Net patient service revenue	$ 1,634,154	$ 1,380,559

Accounts receivable are reduced by an allowance for estimated uncollectibles. In evaluating the collectability of accounts receivable, the Health System analyzes past collection history and identifies trends for several categories of self-pay accounts (uninsured, residual balances, pre-collection accounts and charity) to estimate the appropriate allowance percentages in establishing the allowance for bad debt expense. Management performs collection rate look-back analyses on a quarterly basis to evaluate the sufficiency of the allowance for estimated uncollectibles. Throughout the year, after all reasonable collection efforts have been exhausted, the difference between the standard rates and the amounts actually collected, including contractual adjustments and uninsured discounts, will be written off against the allowance for estimated uncollectibles. In addition to the review of the categories of revenue, management monitors the write offs against established allowances as of a point in time to determine the appropriateness of the underlying assumptions used in estimating the allowance for estimated uncollectibles.

Accounts receivable, prior to adjustment for estimated uncollectibles, are summarized as follows at June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Receivables		
Patients	$ 126,320	$ 123,881
Third-party payors	244,716	171,141
Nonpatient	8,355	1,782
	$ 379,391	$ 296,804

The allowance for estimated uncollectibles is $118,403,000 and $92,532,000 as of June 30, 2016 and 2015.

The following table categorizes payors into five groups and their respective percentages of gross patient service revenue for the years ended June 30, 2016 and 2015:

	2016	2015
Medicare	42 %	40 %
Anthem/blue cross	19	21
Commercial insurance	22	20
Medicaid	14	15
Self-pay/other	3	4
	100 %	100 %

The Health System has agreements with third-party payors that provide for payments at amounts different from their established rates. A summary of the acute care payment arrangements in effect during the years ended June 30, 2016 and 2015 with major third-party payors follows:

Medicare
The Health System's inpatient acute care services provided to Medicare program beneficiaries are paid at prospectively determined rates-per-discharge. These rates vary according to a patient classification system that is based on diagnostic, clinical and other factors. In addition, inpatient capital costs (depreciation and interest) are reimbursed by Medicare on the basis of a prospectively determined rate per discharge. Medicare outpatient services are paid on a prospective payment system. Under the system, outpatient services are reimbursed based on a pre-determined amount for each outpatient procedure, subject to various mandated modifications. The Health System is reimbursed during the year for services to Medicare beneficiaries based on varying interim payment methodologies. Final settlement is determined after the submission of an annual cost report and subsequent audit of this report by the Medicare fiscal intermediary.

Certain of the Health System's affiliates qualify as Critical Access Hospitals (CAH), which are reimbursed by Medicare at 101% (subject to sequestration of 2%) of reasonable costs for its inpatient acute, swing bed, and outpatient services, excluding ambulance services and inpatient hospice care. They are reimbursed at an interim rate for cost based services with a final settlement determined by the Medicare Cost Report filing. The nursing home and the rehabilitation distinct-

part-unit are not impacted by CAH designation. Medicare reimburses both services based on an acuity driven prospective payment system with no retrospective settlement.

Medicaid
The Health System's payments for inpatient services rendered to NH Medicaid beneficiaries are based on a prospective payment system, while outpatient services are reimbursed on a retrospective cost basis or fee schedules. NH Medicaid Outpatient Direct Medical Education costs are reimbursed, as a pass-through, based on the filing of the Medicare cost report. Payment for inpatient and outpatient services rendered to VT Medicaid beneficiaries are based on prospective payment systems and the skilled nursing facility is reimbursed on a prospectively determined per diem rate.

During the years ended June 30, 2016 and 2015, the Health System recorded State of NH Medicaid Enhancement Tax (MET) and State of VT Provider Tax of $58,565,000 and $51,996,000, respectively. The taxes are calculated at 5.5% for NH and 6% for VT of certain net patient revenues in accordance with instructions received from the States. The provider taxes are included in operating expenses in the consolidated statements of operations and changes in net assets.

On June 30, 2014, the NH Governor signed into law a bi-partisan legislation reflecting an agreement between the State of NH and 25 NH hospitals on the Medicaid Enhancement Tax "SB 369". As part of the agreement the parties have agreed to resolve all pending litigation related to MET and Medicaid Rates, including the Catholic Medical Center Litigation, the Northeast Rehabilitation Litigation, 2014 DRA Refund Requests, and the State Rate Litigation. As part of the Medicaid Enhancement Tax Agreement Effective July 1, 2014, a "Trust / Lock Box" dedicated fund mechanism will be established for receipt and distribution of all MET proceeds with all monies used exclusively to support Medicaid services. During the years ended June 30, 2016 and 2015, the Health System received disproportionate share hospital (DSH) payments of approximately $56,718,000 and $10,152,000, respectively which is included in Net Patient Service Revenue in the consolidated statement of operations and changes in net assets.

The Health Information Technology for Economic and Clinical Health (HITECH) Act included in the American Recovery and Reinvestment Act (ARRA) provides incentives for the adoption and use of health information technology by Medicare and Medicaid providers and eligible professionals over the next several years with an anticipated end date of December 31, 2016, depending on the program. The Health System has recognized $2,330,000 and $4,175,000 in meaningful use incentives for both the Medicare and VT Medicaid programs during the years ended June 30, 2016 and 2015, respectively.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with laws and regulations can be subject to future government review and interpretation as well as significant regulatory action; failure to comply with such laws and regulations can result in fines, penalties and exclusion from the Medicare and Medicaid programs.

Other
For services provided to patients with commercial insurance the Health System receives payment for inpatient services at prospectively determined rates-per-discharge, prospectively determined per diem rates or a percentage of established charges. Outpatient services are reimbursed on a fee schedule or at a discount from established charges.

Nonacute and physician services are paid at various rates under different arrangements with governmental payors, commercial insurance carriers and health maintenance organizations. The basis for payments under these arrangements includes prospectively determined per visit rates, discounts from established charges, fee schedules, and reasonable cost subject to limitations.

The Health System has provided for its estimated final settlements with all payors based upon applicable contracts and reimbursement legislation and timing in effect for all open years (2007 - 2015). The differences between the amounts provided and the actual final settlement, if any, is recorded as an adjustment to net patient service revenue as amounts become known or as years are no longer subject to audits, reviews and investigations. During 2016 and 2015, changes in prior estimates related to the Health System's settlements with third-party payors resulted in (decreases) increases in net patient service revenue of ($859,000) and $5,550,000 respectively, in the consolidated statements of operations and changes in net assets.

5. Investments

The composition of investments at June 30, 2016 and 2015 is set forth in the following table:

(in thousands of dollars)	2016	2015
Assets limited as to use		
Internally designated by board		
Cash and short-term investments	$ 12,915	$ 8,475
U.S. government securities	33,578	36,634
Domestic corporate debt securities	65,610	80,254
Global debt securities	119,385	111,156
Domestic equities	100,009	106,350
International equities	61,768	69,965
Emerging markets equities	34,282	36,591
Real Estate Investment Trust	432	621
Private equity funds	33,209	26,843
Hedge funds	52,337	56,590
	513,525	533,479
Investments held by captive insurance companies (Note 12)		
U.S. government securities	22,484	27,730
Domestic corporate debt securities	29,123	32,017
Global debt securities	5,655	4,883
Domestic equities	7,830	7,669
International equities	11,901	12,869
	76,993	85,168
Held by trustee under indenture agreement (Note 10)		
Cash and short-term investments	1,950	1,778
Total assets limited as to use	$ 592,468	$ 620,425

(in thousands of dollars)	2016	2015
Other investments for restricted activities		
Cash and short-term investments	$ 12,219	$ 5,448
U.S. government securities	21,351	19,730
Domestic corporate debt securities	33,203	34,548
Global debt securities	20,808	18,947
Domestic equities	19,215	18,354
International equities	13,986	14,777
Emerging markets equities	4,887	5,077
Real Estate Investment Trust	470	533
Private equity funds	4,780	3,653
Hedge funds	11,087	10,921
Other	30	28
Total other investments for restricted activities	$ 142,036	$ 132,016

Investments are accounted for using either the fair value method or equity method of accounting, as appropriate on a case by case basis. The fair value method is used when debt securities or equity securities are traded on active markets and are valued at prices that are readily available in those markets. The equity method is used when investments are made in pooled/commingled investment funds that represent investments where shares or units are owned of pooled funds rather than the underlying securities in that fund. These pooled/commingled funds make underlying investments in securities from the asset classes listed above. All investments, whether the fair value or equity method of accounting is used, are reported at what the Health System believes to be the amount that the Health System would expect to receive if it liquidated its investments at the balance sheets date on a nondistressed basis.

The following tables summarize the investments by the accounting method utilized, as of June 30, 2016 and 2015. Accounting standards require disclosure of additional information for those securities accounted for using the fair value method, as shown in Note 7.

(in thousands of dollars)	2016		
	Fair Value	**Equity**	**Total**
Cash and short-term investments	$ 27,084	$ -	$ 27,084
U.S. government securities	77,413	-	77,413
Domestic corporate debt securities	101,271	26,665	127,936
Global debt securities	40,356	105,492	145,848
Domestic equities	115,082	11,972	127,054
International equities	23,271	64,384	87,655
Emerging markets equities	331	38,838	39,169
Real Estate Investment Trust	20	882	902
Private equity funds	-	37,989	37,989
Hedge funds	-	63,424	63,424
Other	30	-	30
	$ 384,858	$ 349,646	$ 734,504

(in thousands of dollars)	2015		
	Fair Value	**Equity**	**Total**
Cash and short-term investments	$ 15,700	$ -	$ 15,700
U.S. government securities	84,095	-	84,095
Domestic corporate debt securities	115,698	31,121	146,819
Global debt securities	54,193	80,792	134,985
Domestic equities	119,883	12,491	132,374
International equities	25,790	71,822	97,612
Emerging markets equities	95	41,571	41,666
Real Estate Investment Trust	-	1,154	1,154
Private equity funds	-	30,496	30,496
Hedge funds	-	67,512	67,512
Other	28	-	28
	$ 415,482	$ 336,959	$ 752,441

Investment income (losses) is comprised of the following for the years ended June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Unrestricted		
Interest and dividend income, net	$ 5,088	$ 7,927
Net realized gains on sales of securities	(1,223)	12,432
Change in net unrealized gains on investments	(22,980)	(28,824)
	(19,115)	(8,465)
Temporarily restricted		
Interest and dividend income, net	536	1,151
Net realized gains on sales of securities	(18)	646
Change in net unrealized gains on investments	(1,674)	(1,619)
	(1,156)	178
Permanently restricted		
Change in net unrealized losses on beneficial interest in trust	(219)	(187)
	(219)	(187)
	$ (20,490)	$ (8,474)

For the years ended June 30, 2016 and 2015 unrestricted investment income (losses) is reflected in the accompanying consolidated statements of operations and changes in net assets as operating revenue of approximately $988,000 and $2,550,000 and as nonoperating (losses) gains of approximately ($20,103,000) and ($11,015,000), respectively.

Private equity limited partnership shares are not eligible for redemption from the fund or general partner, but can be sold to third party buyers in private transactions that typically can be completed in approximately 90 days. It is the intent of the Health System to hold these investments until the fund has fully distributed all proceeds to the limited partners and the term of the partnership agreement expires. Under the terms of these agreements, the Health System has committed to contribute a specified level of capital over a defined period of time. Through June 30, 2016 and 2015, the Health System has committed to contribute approximately $116,851,000 and $105,782,000 to such funds, of which the Health System has contributed approximately $80,019,000 and $66,918,000 and has outstanding commitments of $36,832,000 and $38,864,000, respectively.

6. Property, Plant, and Equipment

Property, plant, and equipment are summarized as follows at June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Land	$ 33,004	$ 29,558
Land improvements	36,899	31,750
Buildings and improvements	801,840	714,689
Equipment	744,443	590,501
Equipment under capital leases	20,823	17,824
	1,637,009	1,384,322
Less: Accumulated depreciation and amortization	1,046,617	818,816
Total depreciable assets, net	590,392	565,506
Construction in progress	22,172	35,849
	$ 612,564	$ 601,355

As of June 30, 2016 construction in progress primarily consists of the construction of the Hospice & Palliative Care building and the renovation of the Borwell building in Lebanon, NH. The estimated cost to complete these projects at June 30, 2016 is $20,300,000 and $580,000, respectively. New London Hospital's construction in progress primarily consists of a building addition at Newport Health Center which is expected to be completed in October 2016 at a cost of $1,200,000.

The construction in progress for the Williamson building reported as of June 30, 2015 was completed during the first quarter of fiscal year 2016 and the major inpatient and outpatient rehabilitation renovations taking place at Mt. Ascutney Hospital reported as construction in progress as of June 30, 2015 were completed during the third quarter of fiscal year 2016.

Depreciation and amortization expense included in operating and nonoperating activities was approximately $81,138,000 and $67,414,000 for 2016 and 2015, respectively.

7. Fair Value Measurements

The following is a description of the valuation methodologies for assets and liabilities measured at fair value on a recurring basis:

Cash and Short-Term Investments
Consists of money market funds and are valued at NAV reported by the financial institution.

Domestic, Emerging Markets and International Equities
Consists of actively traded equity securities and mutual funds which are valued at the closing price reported on an active market on which the individual securities are traded (Level 1 measurements).

U.S. Government Securities, Domestic Corporate and Global Debt Securities
Consists of U.S. government securities, domestic corporate and global debt securities, mutual funds and pooled/commingled funds that invest in U.S. government securities, domestic corporate and global debt securities. Securities are valued based on quoted market prices or dealer quotes where available (Level 1 measurement). If quoted market prices are not available, fair values are

based on quoted market prices of comparable instruments or, if necessary, matrix pricing from a third party pricing vendor to determine fair value (Level 2 measurements). Matrix prices are based on quoted prices for securities with similar coupons, ratings and maturities, rather than on specific bids and offers for a designated security. Investments in mutual funds are measured based on the quoted NAV as of the close of business in the respective active market (Level 1 measurements).

Interest Rate Swaps
The fair value of interest rate swaps, are determined using the present value of the fixed and floating legs of the swaps. Each series of cash flows are discounted by observable market interest rate curves and credit risk.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth the consolidated financial assets and liabilities that were accounted for at fair value on a recurring basis as of June 30, 2016 and 2015:

	2016					
(in thousands of dollars)	Level 1	Level 2	Level 3	Total	Redemption or Liquidation	Days' Notice

Total liabilities	$ -	$ 24,740	$ -	$ 24,740		

The following table is a rollforward of the statements of financial instruments classified by the Health System within Level 3 of the fair value hierarchy defined above.

(in thousands of dollars)	2016 Beneficial Interest in Perpetual Trust	Guaranteed Contract	Total
Balances at beginning of year	$ 9,345	$ 78	$ 9,423
Purchases			-
Sales			-
Net unrealized gains (losses)	(258)	2	(256)
Net asset transfer from affiliate			-
Balances at end of year	$ 9,087	$ 80	$ 9,167

	2015			
(in thousands of dollars)	Beneficial Interest in Perpetual Trust	Contribution Receivable From Charitable Remainder Trust	Guaranteed Contract	Total
Balances at beginning of year	$ 1,909	$ 2,118	$ 75	$ 4,102
Purchases	-	-	3	3
Sales	-	(2,118)	-	(2,118)
Net unrealized gains (losses)	(198)	-	-	(198)
Net asset transfer from affiliate	7,634	-	-	7,634
Balances at end of year	$ 9,345	$ -	$ 78	$ 9,423

There were no transfers into and out of Level 1 and 2 measurements due to changes in valuation methodologies during the years ended June 30, 2016 and 2015.

8. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Healthcare services	$ 44,561	$ 43,822
Research	16,680	16,376
Purchase of equipment	2,826	2,483
Charity care	1,543	2,900
Health education	8,518	9,181
Other	1,603	1,695
	$ 75,731	$ 76,457

Permanently restricted net assets consist of the following at June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Healthcare services	$ 32,105	$ 25,015
Research	7,767	7,689
Purchase of equipment	5,266	6,291
Charity care	2,991	5,609
Health education	5,408	8,454
Other	53	23
	$ 53,590	$ 53,081

Income earned on permanently restricted net assets is available for these purposes.

9. Board Designated and Endowment Funds

Net assets include approximately 65 individual funds established for a variety of purposes including both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees has interpreted the NH and VT Uniform Prudent Management of Institutional Funds Act (UPMIFA or Act) for donor-restricted endowment funds as requiring the preservation of the original value of gifts, as of the gift date, to donor-restricted endowment funds, absent explicit donor stipulations to the contrary. The Health System classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, if any. Collectively these amounts are referred to as the historic dollar value of the fund.

Unrestricted net assets include funds designated by the Board of Trustees to function as endowments and the income from certain donor-restricted endowment funds, and any accumulated investment return thereon, which pursuant to donor intent may be expended based on trustee or management designation. Temporarily restricted net assets include funds appropriated for expenditure pursuant to endowment and investment spending policies, certain expendable endowment gifts from donors, and any retained income and appreciation on donor-restricted endowment funds, which are restricted by the donor to a specific purpose or by law. When the temporary restrictions on these funds have been met, the funds are reclassified to unrestricted net assets.

In accordance with the Act, the Health System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: the duration and preservation of the fund; the purposes of the donor-restricted endowment fund; general economic conditions; the possible effect of inflation and deflation; the expected total return from income and the appreciation of investments; other resources available; and investment policies.

The Health System has endowment investment and spending policies that attempt to provide a predictable stream of funding for programs supported by its endowment while ensuring that the purchasing power does not decline over time. The Health System targets a diversified asset allocation that places emphasis on investments in domestic and international equities, fixed income, private equity, and hedge fund strategies to achieve its long-term return objectives within prudent risk constraints. The Health System's Investment Committee reviews the policy portfolio asset allocations, exposures, and risk profile on an ongoing basis.

The Health System, as a policy, may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment is established, subject to donor intent expressed in the gift instrument and the standard of prudence prescribed by the Act.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below their original contributed value. Such market losses were not material as of June 30, 2016 and 2015.

Endowment net asset composition by type of fund consists of the following at June 30, 2016 and 2015:

	2016			
(in thousands of dollars)	**Unrestricted**	**Temporarily Restricted**	**Permanently Restricted**	**Total**
Donor-restricted endowment funds	$ -	$ 25,780	$ 45,402	$ 71,182
Board-designated endowment funds	26,205	-	-	$ 26,205
Total endowed net assets	$ 26,205	$ 25,780	$ 45,402	$ 97,387

	2015			
(in thousands of dollars)	**Unrestricted**	**Temporarily Restricted**	**Permanently Restricted**	**Total**

Less		
Original issue discount, net	881	1,493
Current portion	18,307	17,179
	$ 629,274	$ 575,484

Aggregate annual principal payments required under revenue bond agreements and capital lease obligations for the next five years and thereafter ending June 30 are as follows:

(in thousands of dollars)		**2016**
2017	$	18,307
2018		19,117
2019		69,159
2020		20,262
2021		20,290
Thereafter		501,327
	$	648,462

Dartmouth-Hitchcock Obligated Group (DHOG) Bonds

MHMH established the DHOG in 1993 for the original purpose of issuing bonds financed through NHHEFA or the "Authority". The members of the obligated group consist of MHMH and DHC.

Revenue Bonds issued by members of the DHOG are administered through notes registered in the name of the Bond Trustee and in accordance with the terms of a Master Trust Indenture. The Master Trust Indenture contains provisions permitting the addition, withdrawal, or consolidation of members of the DHOG under certain conditions. The notes constitute a joint and several obligation of the members of the DHOG (and any other future members of the DHOG) and are equally and ratably collateralized by a pledge of the members' gross receipts. The DHOG is also subject to certain annual covenants under the Master Trust Indenture, the most restrictive of which are the Annual Debt Service Coverage Ratio (1.10x) and the Days Cash on Hand Ratio (> 75 days).

(1) Series 2015A Revenue Bonds
Through the DHOG, issued NHHEFA Revenue Bonds, Series 2015A in September 2015 through a private placement with a financial institution. The Series 2015A Revenue Bonds were primarily used to refinance a portion of the Series 2011 Revenue Bonds and to cover cost of issuance. The Series 2015A Revenue Bonds accrue interest variably and mature at various dates through 2031 based on the one-month London Interbank Offered Rate (LIBOR). The variable rate as of June 30 2016 was 1.11%

(2) Revolving Line of Credit
Through the DHOG, entered into Revolving Line of Credit TD Bank, N.A. (TD Bank). Interest on the TD Bank loan accrues variably and matures at various dates through March 2019. The variable rate as of June 30 2016 was 1.04%

(3) Series 2014A and Series 2014B Revenue Bonds
Through the DHOG, issued NHHEFA Revenue Bonds, Series 2014A and Series 2014B in August 2014. The proceeds from the Series 2014A and 2014B were used to partially refund the Series 2009 Revenue Bonds and to cover cost of issuance. Interest on the 2014A Revenue Bonds is fixed with an interest rate of 2.63% and matures at various dates through 2022. Interest on the Series 2014B Revenue Bonds is fixed with an interest rate of 4.00% and matures at various dates through 2033.

(4) Series 2012A and 2012B Revenue Bonds
Through the DHOG, issued NHHEFA Revenue Bonds, Series 2012A and Series 2012B in November 2012. The proceeds from the Series 2012A and 2012B were used to advance refund the Series 2002 Revenue Bonds and to cover cost of issuance. Interest on the 2012A Revenue Bonds is fixed with an interest rate of 2.29% and matures at various dates through 2031. Interest on the Series 2012B Revenue Bonds is fixed with an interest rate of 2.33% and matures at various dates through 2031.

(5) Series 2012 Bank Loan
Through the DHOG, issued the Bank of America, N.A. Series 2012 note, in July 2012. The proceeds from the Series 2012 note were used to prefund the D-H defined benefit pension plan. Interest on the Series 2012 note accrues at a fixed rate of 2.47% and matures at various dates through 2025.

(6) Series 2011 Revenue Bonds
Through the DHOG, issued NHHEFA Revenue Bonds, Series 2011 in August 2011. The proceeds from the Series 2011 Revenue Bonds were primarily used to advance refund the Series 2001A Revenue Bonds. The Series 2011 Revenue Bonds accrue interest variably and mature at various dates through 2031 based on the one-month London Interbank Offered Rate (LIBOR). The variable rate as of June 30 2016 was 1.04%. The Series 2011 Bonds are callable by the bank upon the end of seven years or may be renegotiated at that time. These bonds were paid with the proceeds of the Series 2015A Revenue Bonds.

(7) Series 2010 Revenue Bonds
Through the DHOG, issued NHHEFA Revenue Bonds, Series 2010, in June 2010. The proceeds from the Series 2010 Revenue Bonds were primarily used to construct a 140,000 square foot ambulatory care facility in Nashua, NH as well as various equipment. Interest on the bonds accrue at a fixed rate of 5.00% and mature at various dates through August 2040.

(8) Series 2009 Revenue Bonds
Through the DHOG, issued NHHEFA Revenue Bonds, Series 2009, in August 2009. The proceeds from the Series 2009 Revenue Bonds were primarily used to advance refund the Series 2008 Revenue Bonds. Interest on the Series 2009 Revenue Bonds accrue at varying fixed rates between 3.00% and 6.00% and mature at various dates through August 2038. Outstanding joint and several indebtedness of the DHOG at June 30, 2016 and 2015 approximates $568,940,000 and $533,645,000, respectively.

Non Obligated Group Bonds

(9) Series 2013 Revenue Bonds
Issued through the NHHEFA $15,520,000 tax exempt Revenue Bonds (Series 2013A). The Series 2013A funds were used to refund Series 2007 Revenue Bonds. Additional borrowings were obtained (up to $9,480,000 Revenue Bonds, Series 2013B) for the construction of a new health center building in Newport, NH. The bonds are collateralized by the gross receipts and property. The bonds mature in variable amounts through 2043, the maturity date of the bonds, but are subject to mandatory tender in ten years. Interest is payable monthly and is equal to the sum of .72 times the Adjusted LIBOR Rate plus .72 times the credit spread rate. As part of the bond refinancing, the swap arrangement was effectively terminated for federal tax purposes with respect to the Series 2007 Revenue Bonds but remains in effect.

(10)Series 2012 Revenue Bonds

Issued through the NHHEFA $29,650,000 of tax-exempt Revenue Bonds (Series 2012). The proceeds of these bonds were used to refund 1998 and 2009 Series Bonds, to finance the settlement cost of the interest rate swap, and to finance the purchase of certain equipment and renovations. The bonds are collateralized by an interest in its gross receipts under the terms of the bond agreement. The bonds have fixed interest coupon rates ranging from 2.0% to 5.0% (a net interest cost of 3.96%). Principal is payable in annual installments ranging from $735,000 to $1,750,000 through July 2039.

(11)Series 2010A Revenue Bonds

Issued through the VEHBFA $9,244,000 of Revenue Bonds (Series 2010A). The funds were used to refund 2004 and 2005 Series A Bonds. The bonds are collateralized by gross receipts. The bonds shall bear interest at the one-month LIBOR rate plus 3.50%, multiplied by 6% adjusting monthly. The interest rate at June 30, 2016 was 2.48%. The bonds were purchased by TD Bank on March 1, 2010. Principal payments began on April 1, 2010 for a period of 20 years ranging in amounts from $228,000 in 2014 to $207,000 in 2030.

(12)Series 2010 Revenue Bonds

Issued through the Business Finance Authority (BFA) of the State of NH. Interest is based on an annual percentage rate equal to the sum of (a) 69% of the 1-Month LIBOR rate plus (b) 1.8975//5. APD may prepay certain of these bonds according to the terms of the loan and trust agreement. The bonds are redeemable at any time by APD at par value plus any accrued interest. The bonds are also subject to optional tender for purchase (as a whole) in November 2020 at par plus accrued interest.

The estimated fair value of the Health Systems total long-term debt as of June 30, 2016 and 2015 was approximately $620,217,000 and $606,772,000, respectively, which was determined by discounting the future cash flows of each instrument at rates that reflect rates currently observed in publicly traded debt markets for debt of similar terms to organizations with comparable credit risk. The inputs to the assumptions used to determine the estimated fair value are based on observable inputs and are classified as Level 2. For variable rate debt, the carrying value is equal to the fair value.

The Health System Indenture agreements require establishment and maintenance of debt service reserves and other trustee held funds. Trustee held funds of approximately $1,950,000 and $1,778,000 at June 30, 2016 and 2015, respectively, are classified as assets limited as to use in the accompanying consolidated balance sheets.

For the years ended June 30, 2016 and 2015 interest expense on the Health System's long term debt is reflected in the accompanying consolidated statements of operations and changes in net assets as operating expense of approximately 19,301,000 and $18,442,000 and is included in other nonoperating losses of $3,201,000 and $3,449,000, respectively.

Swap Agreements

The Health System is subject to market risks such as changes in interest rates that arise from normal business operation. The Health System regularly assesses these risks and has established business strategies to provide natural offsets, supplemented by the use of derivative financial instruments to protect against the adverse effect of these and other market risks. The Health System has established clear policies, procedures, and internal controls governing the use of derivatives and does not use them for trading, investment, or other speculative purposes.

A summary of the Health System's derivative financial instruments is as follows:

- A Fixed Payor Swap designed as a cash flow hedge of the NHHEFA Series 2011 Revenue Bonds. The Swap had an initial notional amount of $91,040,000. The Swap Agreement requires the Health System to pay the counterparty a fixed rate of 4.56% in exchange for the counterparty's payment of 67% of USD-LIBOR-BBA. The Swap's term matches that of the associated bonds.

- An Interest Rate Swap to hedge the interest rate risk associated with the NHHEFA Series 2013 Revenue Bonds. The Swap had an initial notional amount of $15,000,000. The Swap Agreement requires the Health System to pay the counterparty a fixed rate of 3.94% in exchange for the counterparty's payment at 67% of USD-LIBOR-BBA. The Swap term matches that of the associated bonds.

- An Interest Rate Swap to hedge the interest rate risk associated with the VEHFBA Series 2010A Revenue Bonds. The Swap had an initial notional amount of $7,244,000.The Swap Agreement requires the Health System to pay the counterparty a fixed rate of 2.41% in exchange for the counterparty's payment of 69% of USD-LIBOR-BBA. The Swap is outstanding until 2017, while the bonds will remain outstanding until 2030.

The obligation of the Health System to make payments on its bonds with respect to interest is in no way conditional upon the Health System's receipt of payments from the interest rate swap agreement counterparty.

At June 30, 2016 and 2015 the fair value of the Health System's interest rate swaps was a liability of $28,917,000 and $24,740,000, respectively. The change in fair value during the years ended June 30, 2016 and 2015 was a decrease of $4,177,000 and $327,000, respectively. For the years ended June 30, 2016 and 2015 the Health System recognized a nonoperating gain of $1,696,000 and 1,035,000 resulting from hedge ineffectiveness and amortization of frozen swaps.

11. Employee Benefits

All eligible employees of the Health System are covered under various defined benefit and/or define contribution plans. In addition, certain affiliates provide postretirement medical and life benefit plans to certain of its active and former employees who meet eligibility requirements. The postretirement medical and life plans are not funded.

All of the defined benefit plans within the Health System have been frozen or have been approved by the applicable Board of Trustees to be frozen by December 31, 2017. Effective with that date, the last of the participants earning benefits in any of the Health System's defined benefit plans will no longer earn benefits under the plans.

The Health System continued to execute the settlement of obligations due to retirees in the deferred benefit plans through bulk lump sum offerings or purchases of annuity contracts. The annuity purchases follow guidelines established by the Department of Labor (DOL). The Health System anticipates continued consideration and/or implementation of additional settlements over the next several years.

Defined Benefit Plans

Net periodic pension expense included in employee benefits in the consolidated statements of operations and changes in net assets is comprised of the components listed below for the years ended June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Service cost for benefits earned during the year	$ 11,084	$ 12,257
Interest cost on projected benefit obligation	48,036	42,276
Expected return on plan assets	(63,479)	(60,458)
Net prior service cost	848	380
Net loss amortization	26,098	21,133
Special/contractural termination benefits	300	56
	$ 22,887	$ 15,644

The following assumptions were used to determine net periodic pension expense as of June 30, 2016 and 2015:

	2016	2015
Weighted average discount rate	4.30 % – 4.90%	4.40 % – 4.90 %
Rate of increase in compensation	Age Graded/0.00 % - 2.50 %	Age Graded/0.00 % - 2.50 %
Expected long-term rate of return on plan assets	7.50 % – 7.75 %	7.50 % – 7.75 %

The following table sets forth the funded status and amounts recognized in the Health System's consolidated financial statements for the defined benefit pension plans at June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Change in benefit obligation		
Benefit obligation at beginning of year	$ 988,143	$ 877,082
Additional benefit obligation resulting from new affiliations	-	95,314
Total benefit obligation at beginning of year	988,143	972,396
Service cost	11,084	12,257
Interest cost	48,108	42,276
Benefits paid	(39,001)	(34,803)
Expenses paid	(180)	(139)
Actuarial (gain) loss	99,040	41,079
Settlements	(13,520)	(44,979)
Plan change	2,645	-
Special/contractual termination benefits	300	56
Benefit obligation at end of year	1,096,619	988,143
Change in plan assets		
Fair value of plan assets at beginning of year	845,052	783,890
Additional plan assets at fair value resulting from new affiliations	-	77,608
Total fair value of plan assets at beginning of year	845,052	861,498
Actual return on plan assets	81,210	25,473
Benefits paid	(42,494)	(34,803)
Expenses paid	(180)	(139)
Employer contributions	2,252	38,002
Settlements	(13,520)	(44,979)
Fair value of plan assets at end of year	872,320	845,052
Funded status of the plans	(224,299)	(143,091)
Current portion of liability for pension	(46)	(46)
Long term portion of liability for pension	(224,253)	(143,045)
Liability for pension	$ (224,299)	$ (143,091)

For the years ended June 30, 2016 and 2015 the liability for pension is included in the liability for pension and other postretirement plan benefits in the accompanying consolidated balance sheets.

Amounts not yet reflected in net periodic pension expense and included in the change in unrestricted net assets as of June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Net actuarial loss	$ 423,640	$ 368,959
Prior service cost	228	608
	$ 423,868	$ 369,567

The estimated amounts that will be amortized from unrestricted net assets into net periodic pension expense in 2017 are as follows:

(in thousands of dollars)	
Unrecognized prior service cost	$ 182
Net actuarial loss	30,515
	$ 30,697

The accumulated benefit obligation for the defined benefit pension plans was approximately $1,082,818,000 and $971,193,000 at June 30, 2016 and 2017, respectively.

The following table sets forth the assumptions used to determine the benefit obligation at June 30, 2016 and 2015:

	2016	2015
Weighted average discount rate	4.20 % – 4.30 %	4.90 % - 5.00 %
Rate of increase in compensation	Age Graded/0.00 % - 2.50 %	Age Graded/0.00 % - 2.50
Expected long-term rate of return on plan assets	7.50 % - 7.75 %	7.50 % - 7.75 %

The primary investment objective for the Plan's assets is to support the Pension liabilities of the Pension Plans for Employees of the Health System, by providing long-term capital appreciation and by also using a Liability Driven Investing ("LDI") strategy to partially hedge the impact fluctuating interest rates have on the value of the Plan's liabilities. As of June 30, 2016 and 2015, it is expected that the LDI strategy will hedge approximately 65% and 65%, respectively, of the interest rate risk associated with pension liabilities. To achieve the appreciation and hedging objectives, the Plans utilize a diversified structure of asset classes designed to achieve stated performance objectives measured on a total return basis, which includes income plus realized and unrealized gains and losses.

The range of target allocation percentages and the target allocations for the various investments are as follows:

	Range of Target Allocations	Target Allocations
Cash and short-term investments	0–5%	2%
U.S. government securities	0–5	1
Domestic debt securities	20–58	42
Global debt securities	6–26	10
Domestic equities	5–35	18
International equities	5–15	10
Emerging market equities	3–13	5
REIT funds	0–5	0
Private equity funds	0–5	0
Hedge funds	5–18	12

To the extent an asset class falls outside of its target range on a quarterly basis, the Health System shall determine appropriate steps, as it deems necessary, to rebalance the asset class.

The Boards of Trustees of the Health System, as Plan Sponsors, oversee the design, structure, and prudent professional management of the Health System's Plans' assets, in accordance with Board approved investment policies, roles, responsibilities and authorities and more specifically the following:

- Establishing and modifying asset class targets with Board approved policy ranges,
- Approving the asset class rebalancing procedures,
- Hiring and terminating investment managers, and
- Monitoring performance of the investment managers, custodians and investment consultants.

The hierarchy and inputs to valuation techniques to measure fair value of the Plans' assets are the same as outlined in Note 7. In addition, the estimation of fair value of investments in private equity and hedge funds for which the underlying securities do not have a readily determinable value is made using the NAV per share or its equivalent as a practical expedient. The Health System's Plans own interests in these funds rather than in securities underlying each fund and, therefore, are generally required to consider such investments as Level 2 or 3, even though the underlying securities may not be difficult to value or may be readily marketable.

The following table sets forth the Health System's Plans' investments and deferred compensation plan assets that were accounted for at fair value as of June 30, 2016 and 2015:

	2016					
(in thousands of dollars)	Level 1	Level 2	Level 3	Total	Redemption or Liquidation	Days' Notice
Investments						
Cash and short-term investments	$ 5,463	$ 10,879	$ -	$ 16,342	Daily	1
U.S. government securities	4,177			4,177	Daily–Monthly	1–15
Domestic debt securities	95,130	296,362		391,492	Daily–Monthly	1–15
Global debt securities	409	88,589		88,998	Daily–Monthly	1–15
Domestic equities	148,998	15,896		164,894	Daily–Monthly	1–10
International equities	12,849	77,299		90,148	Daily–Monthly	1–11
Emerging market equities	352	37,848		38,200	Daily–Monthly	1–17
REIT funds	356	1,465		1,821	Daily–Monthly	1–17
Private equity funds			255	255	See Note 7	See Note 7
Hedge funds		37,005	38,988	75,993	Quarterly–Annual	60–96
Total investments	$ 267,734	$ 565,343	$ 39,243	$ 872,320		

	2015					
(in thousands of dollars)	Level 1	Level 2	Level 3	Total	Redemption or Liquidation	Days' Notice
Investments						
Cash and short-term investments	$ 8,235	$ 32,876	$ -	$ 41,111	Daily	1
U.S. government securities	4,193	-	-	4,193	Daily–Monthly	1–15
Domestic debt securities	85,948	246,352	-	332,300	Daily–Monthly	1–15
Global debt securities	36,532	45,119	-	81,651	Daily–Monthly	1–15
Domestic equities	152,458	16,532	-	168,990	Daily–Monthly	1–10
International equities	15,284	79,659	-	94,943	Daily–Monthly	1–11
Emerging market equities	376	38,237	-	38,613	Daily–Monthly	1–17
REIT funds	-	1,628	-	1,628	Daily–Monthly	1–17
Private equity funds	-	-	437	437	See Note 7	See Note 7
Hedge funds	-	39,110	42,076	81,186	Quarterly–Annual	60–96
Total investments	$ 303,026	$ 499,513	$ 42,513	$ 845,052		

The following table presents additional information about the changes in Level 3 assets measured at fair value for the years ended June 30, 2016 and 2015:

	2016		
(in thousands of dollars)	Hedge Funds	Private Equity Funds	Total
Balances at beginning of year	$ 42,076	$ 437	$ 42,513
Transfers	-	-	-
Purchases	-	-	-
Sales	(468)	(142)	(610)
Net realized (losses) gains	(55)	155	100
Net unrealized gains	(2,565)	(195)	(2,760)
Balances at end of year	$ 38,988	$ 255	$ 39,243

	2015		
(in thousands of dollars)	Hedge Funds	Private Equity Funds	Total
Balances at beginning of year	$ 28,466	$ 3,944	$ 32,410
Additions resulting from new affiliations	14,362	-	14,362
Sales	(2,391)	(3,168)	(5,559)
Net realized (losses) gains	(246)	258	12
Net unrealized gains	1,885	(597)	1,288
Balances at end of year	$ 42,076	$ 437	$ 42,513

The total aggregate net unrealized gains (losses) included in the fair value of the Level 3 investments as of June 30, 2016 and 2015 were approximately $8,808,000 and $5,234,000, respectively. There were no transfers into and out of Level 3 measurements during the years ended June 30, 2016 and 2015.

There were no transfers into and out of Level 1 and 2 measurements due to changes in valuation methodologies during the years ended June 30, 2016 and 2015.

The weighted average asset allocation for the Health System's Plans at June 30, 2016 and 2015 by asset category is as follows:

	2016	2015
Cash and short-term investments	2 %	5 %
U.S. government securities	1	-
Domestic debt securities	45	39
Global debt securities	10	10
Domestic equities	19	20
International equities	10	11
Emerging market equities	4	5
Hedge funds	9	10
	100 %	100 %

The expected long-term rate of return on plan assets is reviewed annually, taking into consideration the asset allocation, historical returns on the types of assets held, and the current economic environment. Based on these factors, it is expected that the pension assets will earn an average of 7.75% per annum.

The Health System is expected to contribute approximately $47,000,000 to the Plans in 2017 however actual contributions may vary from expected amounts.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid for the year ending June 30, 2017 and thereafter:

(in thousands of dollars)	**Pension Plans**
2017	$ 42,067
2018	44,485
2019	47,235
2020	50,490
2021	53,778
2022 – 2026	310,773

Defined Contribution Plans

The Health System has an employer-sponsored 401(a) plan for certain of its affiliates, under which the employer makes base, transition and discretionary match contributions based on specified percentages of compensation and employee deferral amounts. Total employer contributions to the plan of approximately $29,416,000 and $30,204,000 in 2016 and 2015, respectively, are included in employee benefits in the accompanying consolidated statements of operations and changes in net assets.

The Health System also has available to employees of certain affiliates various 403(b) and tax-sheltered annuity plans in which they can participate. Plan specifications vary by affiliate and plan. No employer contributions were made to any of these plans in 2016 and 2015, respectively.

Postretirement Medical and Life Benefits

The Health System has postretirement medical and life benefit plans covering certain of its active and former employees. The plans generally provide medical or medical and life insurance benefits to certain retired employees who meet eligibility requirements. The plans are not funded.

Net periodic postretirement medical and life benefit (income) cost is comprised of the components listed below for the years ended June 30, 2016 and 2015:

(in thousands of dollars)	**2016**	**2015**
Service cost	$ 544	$ 527
Interest cost	2,295	2,347
Amortization net prior service income	(5,974)	-
Amortization net loss	610	-
	$ (2,525)	$ 2,874

The following table sets forth the accumulated postretirement medical and life benefit obligation and amounts recognized in the Health System's consolidated financial statements at June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Change in benefit obligation		
Benefit obligation at beginning of year	$ 50,438	$ 51,006
Additional benefit obligation resulting from new affiliations	-	471
	50,438	51,477
Service cost	544	527
Interest cost	2,295	2,347
Benefits paid	(3,277)	(5,236)
Actuarial loss	1,404	1,323
Employer contributions	(34)	-
Benefit obligation at end of year	51,370	50,438
Funded status of the plans	(51,370)	(50,438)
Current portion of liability for postretirement medical and life benefits	(3,130)	(3,203)
Long term portion of liability for postretirement medical and life benefits	(48,240)	(47,235)
Liability for postretirement medical and life benefits	$ (51,370)	$ (50,438)

During the year ended June 30, 2015 the plan amendments were primarily related to the Board's decision to offer retiree health care benefits to certain affiliates post-65 retirees and covered post-65 dependents through a private Medicare exchange beginning in April 2015.

For the years ended June 30, 2016 and 2015 the liability for postretirement medical and life benefits is included in the liability for pension and other postretirement plan benefits in the accompanying consolidated balance sheets.

Amounts not yet reflected in net periodic postretirement medical and life benefit income and included in the change in unrestricted net assets are as follows:

(in thousands of dollars)	2016	2015
Net prior service income	$ (27,478)	$ (33,452)
Net actuarial loss	11,080	10,260
	$ (16,398)	$ (23,192)

The estimated amounts that will be amortized from unrestricted net assets into net periodic postretirement income in 2016 and 2015 are as follows:

(in thousands of dollars)	2016	2015
Net prior service income	$ (5,974)	$ (5,974)
Net loss	689	610
	$ (5,285)	$ (5,364)

In determining the accumulated postretirement medical and life benefit obligation, the Health System used a discount rate of 4.10% in 2016 and an assumed healthcare cost trend rate of 7.25%, trending down to 4.75% in 2021 and thereafter. Increasing the assumed healthcare cost trend rates by one percentage point in each year would increase the accumulated postretirement medical benefit obligation as of June 30, 2016 and 2015 by $4,685,000 and $4,479,000 and the net periodic postretirement medical benefit cost for the years then ended by $284,000 and $275,000, respectively. Decreasing the assumed healthcare cost trend rates by one percentage point in each year would decrease the accumulated postretirement medical benefit obligation as of June 30, 2016 and 2015 by $3,884,000 and $3,790,000 and the net periodic postretirement medical benefit cost for the years then ended by $234,000 and $233,000, respectively.

12. Professional and General Liability Insurance Coverage

D-H, along with Dartmouth College and Cheshire are provided professional and general liability insurance on a claims-made basis through Hamden Assurance Risk Retention Group, Inc. (RRG), a VT captive insurance company. RRG reinsures the majority of this risk to Hamden Assurance Company Limited (HAC), a captive insurance company domiciled in Bermuda and to a variety of commercial reinsurers. D-H and Dartmouth College have ownership interests in both HAC and RRG. The insurance program provides coverage to the covered institutions and named insureds on a modified claims-made basis which means coverage is triggered when claims are made. Premiums and related insurance deposits are actuarially determined based on asserted liability claims adjusted for future development. The reserves for outstanding losses are recorded on an undiscounted basis.

APD, NLH and MAHHC are covered for malpractice claims under a modified claims-made policy purchased through NEAH. While APD, NLH and MAHHC remain in the current insurance program under this policy, the coverage year is based on the date the claim is filed; subject to a medical incident arising after the retroactive date (includes prior acts). The policy provides modified claims-made coverage for former insured providers for claims that relate to the employee's period of employment at APD, NLH or MAHHC and for services that were provided within the scope of the employee's duties. Therefore, when the employee leaves the corporation, tail coverage is not required.

Selected financial data of HAC and RRG, taken from the latest available audited and unaudited financial statements, respectively at June 30, 2016 and 2015 are summarized as follows:

	2016		
	HAC	RRG	Total
(in thousands of dollars)	*(audited)*	*(unaudited)*	
Assets	$ 86,101	$ 2,237	$ 88,338
Shareholders' equity	13,620	806	14,426
Net income	-	50	50

	2015		
	HAC	RRG	Total
(in thousands of dollars)	*(audited)*	*(unaudited)*	
Assets	$ 100,418	$ 2,289	$ 102,707
Shareholders' equity	13,620	755	14,375
Net income	-	186	186

13. Commitments and Contingencies

Litigation

The Health System is involved in various malpractice claims and legal proceedings of a nature considered normal to its business. The claims are in various stages and some may ultimately be brought to trial. While it is not feasible to predict or determine the outcome of any of these claims, it is the opinion of management that the final outcome of these claims will not have a material effect on the consolidated financial position of the Health System.

Operating Leases and Other Commitments

The Health System leases certain facilities and equipment under operating leases with varying expiration dates. The Health System's rental expense totaled approximately $10,571,000 and $10,215,000 for the years ended June 30, 2016 and 2015, respectively. Minimum future lease payments under noncancelable operating leases at June 30, 2016 were as follows:

(in thousands of dollars)	
2017	$ 8,441
2018	6,210
2019	4,062
2020	2,663
2021	2,009
Thereafter	274
	$ 23,659

Lines of Credit

The Health System has entered into Loan Agreements with financial institutions establishing access to revolving loans ranging from $2,000,000 up to $85,000,000. Interest is variable and determined using LIBOR or the Wall Street Journal Prime Rate. The Loan Agreements are due to expire ranging from December 31, 2015 through July 31, 2016. The Health System has outstanding balances under the lines of credits in the amount of $36,550,000 and $1,200,000 at

June 30, 2016 and 2015, respectively. Interest expense was approximately $551,000 and $193,000, respectively, and is included in the consolidated statements of operations and changes in net assets.

14. Functional Expenses

Operating expenses of the Health System by function are as follows for the years ended June 30, 2016 and 2015:

(in thousands of dollars)	2016	2015
Program services	$ 1,553,377	$ 1,335,316
Management and general	271,409	225,983
Fundraising	5,901	8,037
	$ 1,830,687	$ 1,569,336

15. Subsequent Events

The Health System has assessed the impact of subsequent events through November 26, 2016, the date the audited consolidated financial statements were issued, and has concluded that there were no such events that require adjustment to the audited consolidated financial statements or disclosure in the notes to the audited consolidated financial statements other than as noted below.

The Visiting Nurse and Hospice for VT and NH (VNH) became an affiliate of D-HH effective July 1, 2016. The affiliation is designed to improve healthcare for the communities served by VNH and D-H by facilitating collaboration, innovation and cost efficiencies between D-H and VNH. The VNH is a non-profit organization that has provided home health and hospice care services in VT and NH since 1907. The agency is dedicated to delivering outstanding home and community based health and hospice services that enrich the lives of the people they serve. The VNH makes home visits to people of all ages and all states of life regardless of the ability to pay.

Effective October 1, 2016, NLH and MAHHC will be provided professional and general liability insurance through the Hamden Assurance Risk Retention Group, Inc. (RRG) under a modified claims made policy. NLH and MAHHC will join RRG along with existing insureds D-H, Cheshire Medical Center and Dartmouth College.

During the year ended June 30, 2016, Dartmouth College restructured a number of activities at the Geisel School of Medicine (Geisel) to address increasing financial constraints, to improve Geisel's education and research programs, and to align resources and support for these activities. These changes included migration of the operations and fiscal responsibility for clinical academic activities from Dartmouth College to D-H, which included responsibility for the employment, finances, and operational support for clinical research programs. D-H agreed to assume responsibility for the clinical practice of psychiatry and employment of approximately 250 staff (which are either part of the psychiatry practice or clinical research) effective July 1, 2016.

Effective July 1, 2016, NLH, MAHHC and Cheshire were admitted to the Dartmouth-Hitchcock Obligated Group. In connection with the admission of these three members, the Dartmouth-Hitchcock Obligated Group assumed new debt in the amount of $28,039,000 from Cheshire. In addition, $24,605,000 of NLH debt was refinanced in combination with new debt in the amount $10,970,000 to fund the new Williamson Building.

Notes to Supplemental Consolidating Information
June 30, 2016 and 2015

1. Basis of Presentation

The accompanying supplemental consolidating information includes the consolidating balance sheet and the consolidating statement of operations and changes in unrestricted net assets of D-HH and subsidiaries. All intercompany accounts and transactions between the D-HH and subsidiaries have been eliminated. The consolidating information presented is prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America consistent with the consolidated financial statements. The consolidating information is presented for purposes of additional analysis of the consolidated financial statements and is not required as part of the basic financial statements.

Lori Manor Underwood, OTR, MBA, CPHQ

Professional Experience

New London Hospital, New London, NH

Vice President, Quality Improvement and Patient Safety ***July 2013 - present***
Senior Director, Quality Improvement and Projects ***August 2010 – June 2013***

Design, coordinate, and implement quality improvement programs and initiatives in the hospital and physician practices with collaboration and guidance of Senior Management and the strategic direction of the organization. Lead/consult on hospital-wide projects as needed.

- Provide expertise and oversee preparation for review by regulatory agencies
- Oversee quality reporting processes to CMS, State of New Hampshire, Insurance Companies and others
- Provide consultation to physicians and staff to continue improvement and innovation of clinical processes within the organization, as well as to assure that data is being used in quality improvement and risk management activities
- Lead and participate in facility and system-wide quality and patient safety initiatives and programs

Senior Director, Projects and Planning ***August 2005 – August 2010***

Collaborated with New London Hospital Strategic Planning Committee of the Board of Trustees and Senior Leadership in the coordination and leadership of special projects and planning. Collected, analyzed and presented supporting data for strategic initiatives. Served as an internal consultant to management and staff for project planning and implementation. Maintained awareness of political and legislative issues and assessed their impact on the business of healthcare. Major projects completed include:

- Participated as member of the Health Information System Implementation Steering Committee. Transition to McKesson Paragon information system initial phase completed November 2006.
- Coordinated the addition of outpatient clinical space in Grantham and New London, including leasing, local regulatory approvals, physical build outs and moves.
- Served as project manager for $21 million *"Building Towards the Future"* addition and renovation project completed October 2009. Coordinated architectural design process, completion of Certificate of Need application, approval and reporting processes, local regulatory review and approval processes, evaluation of construction management and other professional partners, and served as owner's representative during the construction process.
- In conjunction with the Strategic Planning Committee of the Board of Trustees, coordinated the ongoing evaluation of opportunities for potential future development of a continuing care retirement community on New London Hospital property.

***HEALTHSOUTH* Rehabilitation Hospital, Concord, NH**

Administrator / CEO ***June 1998 – July 2005***

Responsible for leadership of a 50 bed freestanding acute rehabilitation hospital, including both Inpatient and Outpatient operations. Accountable for all day–to–day operations, financial operations, medical staff activities and business development activities of the hospital. Responsible to ensure hospital compliance with all policies and procedures set forth by the Governing Board and Medical Staff, as well as those required by JCAHO and State Licensing Standards. Also responsible for oversight of Inpatient Division Management Contracts and relationships throughout New Hampshire and Vermont.

Whittier Rehabilitation Hospital, Haverhill, MA

Administrator — *November 1996 – May 1998*

Responsible for management of a 60 bed freestanding acute rehabilitation hospital including both Inpatient and Outpatient operations. - For contract period July 1, 2017 – March 31, 2018

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The New London Hospital Association, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 273 County Road, New London, New Hampshire 03257.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #129), and amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-3 Amendment #2, and replace with Exhibit B-3 Amendment #3.

3. Delete in its entirety Exhibit B-6 Amendment #2, and replace with Exhibit B-6 Amendment #3.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

NH DIVISION OF Public Health Services

Nicholas A. Toumpas
Commissioner

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount
Ammonoosuc Community Health Services, Inc. (177755-R001)	North Grafton/ South Coos	6/20/12 (Item #128)	5/8/14 (Item #34A)	$667,687	$540,879	$1,208,566

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. FAIN #T1010035-14; CFDA #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds. State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The New London Hospital Association, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 273 County Road, New London, NH 03257.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #129) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,075,342
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. **Provisions Applicable to All Services**

   1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

   1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

   1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

   1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

      1.4.1. Uninsured.

      1.4.2. Underinsured.

      1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

   1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

      1.5.1. Uninsured.

      1.5.2. Underinsured.

      1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

   1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

   1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

      1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. Percent of infants who are ever breastfed (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday. (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: BQL
Date: 5/28/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

Contractor Initials: BPK

Date: 5/20/15

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Contractor Initials: BDK

Date: 5/23/16

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   - 2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   - 2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   - 2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   - 6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
     - 6.1.1. Authorized expenses incurred in the prior month.
     - 6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
       - 6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
       - 6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   - 6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   - 6.3. The invoice must be submitted by mail or e-mail to:

     Financial Manager
     Department of Health and Human Services
     129 Pleasant Street
     Concord, NH 03301

     E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: BPK
Date: 5/15/15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Brook Dupee for

José Thier Montero, MD, MHCDS
Director

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
The New London Hospital Association, Inc.

This 1st Amendment to The New London Hospital Association, Inc., contract (hereinafter referred to as "Amendment One") dated this 25th day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The New London Hospital Association, Inc., (hereinafter referred to as "the Contractor"), a corporation with a place of business at 273 County Road, New London, New Hampshire 03257.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $587,923

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $39,566 for SFY 2014 and $225,093 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $39,566 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $198,401 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: ASK
Date: 3/25/14

- $26,692 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 500 low-income individuals in Sullivan County may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late-diagnosis of breast and cervical cancers.

The New London Hospital Association, Inc. was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $547,604. This represents a decrease of $224,340. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Sullivan County.

Source of Funds: 34.40% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 65.60% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

Subject: Primary Care Services

AGREEMENT

The State of New Hampshire and the Contractor hereby mutually agree as follows:

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: RPK

Date: 4/5/12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: BAK

Date: 7/5/12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

BPK

Contractor Initials: 4/5/12

Date: _____

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it IS a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does not exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does NOT qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: BPK

Date 4/5/12

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Weeks Medical Center. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 170 Middle Street, Lancaster, New Hampshire 03584.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on July 11, 2012 (Item #31) as amended by an agreement (Amendment #1 to the Contract) approved by the Governor and Executive Council on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015 (Item #58); as amended by an agreement (Amendment #3) approved by the Department on December 21, 2016; the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $670,508
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.
7. Add Exhibit B-2 – Amendment #4, BCCP Budget.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: [signature]

Date 5/9/17

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. Definitions

1.1.1. **Measurement Year** – Measurement Year consists of 365 days and is defined as either:

1.1.1.1. The calendar year (January 1st through December 31st); or

1.1.1.2. The state fiscal year (July 1st through June 30th).

1.1.2. **Medical Visit –** Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. Breastfeeding

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. Preventive Health: Lead Screening

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. Preventive Health: Adolescent Well-Care Visit

Contractor Initials: MDK
Date: 5/9/17

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NH MCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS).

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #4, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

Mission Statement

Weeks Medical Center's compassionate staff is committed to providing high quality and efficient health care services to ensure the well-being of our patients, families and communities.

In partnership with our communities, Weeks promotes health by;

- acknowledging that health is physical, spiritual and emotional
- emphasizing personal prevention, education and health information
- working closely with human services providers and local governments
- being closely involved with schools, businesses and churches
- actively participating in community organizations and activities
- learning about local health care needs through listening to all of our communities

Weeks strives to meet those health care needs by;

- matching our services to the needs of the individuals in our communities
- insuring timely access to health care
- providing as many services as possible locally
- delivering those services throughout our communities—in schools, businesses, homes, clinics—as well as in our modern, well-equipped Lancaster facility
- providing smoothly coordinated access to services which cannot be provided locally
- managing health care costs so that local access to health care is protected
- attracting and retaining highly trained, enthusiastic staff members
- satisfying the individuals we serve

With Independent Auditor's Report

[redacted]

WEEKS MEDICAL CENTER

September 30, 2016 and 2015

Table of Contents

Berry Dunn

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Weeks Medical Center

We have audited the accompanying financial statements of Weeks Medical Center (Hospital), which comprise the balance sheets as of September 30, 2016 and 2015, and the related statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Weeks Medical Center as of September 30, 2016 and 2015, and the results of its operations, changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

Cash paid for interest	**$ 315,190**	$ 415,407

Supplemental disclosure of noncash transactions

Purchases of property and equipment of $407,745 are included in accounts payable and accrued expenses at September 30, 2015.

The accompanying notes are an integral part of these financial statements.

Nature of Operations

Weeks Medical Center (Hospital), a New Hampshire not-for-profit corporation, provides medical services on an inpatient and outpatient basis in Northern New Hampshire. New England Alliance for Health (NEAH) was formed, effective January 1, 2009, which is a limited liability company owned and managed by Mary Hitchcock Memorial Hospital. NEAH is an alliance of healthcare providers that provides services to its members. NEAH is not a parent organization of the Hospital and, as such, does not have powers reserved to it. The accompanying financial statements represent only the accounts of the Hospital and not those of NEAH.

On June 30, 2015, Weeks Medical Center, along with three other hospitals in the North Country (Androscoggin Valley Hospital (AVH), Upper Connecticut Valley Hospital (UCVH), and Littleton Regional Healthcare), signed an Affiliation Agreement. During that same week, the Boards of each of the hospitals approved the Affiliation documents which consist of an Affiliation Agreement, a Management Services Agreement, and Bylaw changes. The application to the New Hampshire Attorney General's office and Charitable Trust Unit was approved in December 2015. On April 1, 2016, the hospitals closed on the formation of the new parent organization, North Country Healthcare. North Country Healthcare is being established to coordinate activities of the four hospitals and a home health operating company. The Affiliation Agreement and related documents provide that North Country Healthcare becomes the new parent of the Hospital.

1. Summary of Significant Accounting Policies

Basis of Financial Statement Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. Under FASB ASC 958, all not-for-profit organizations are required to provide a balance sheet, statements of operations and changes in net assets and a statement of cash flows.

ASC 958 also requires that the amounts for each of the three classes of net assets - permanently restricted, temporarily restricted, and unrestricted - be displayed in a balance sheet and that the change in those classes of net assets be displayed in a statement of changes in net assets.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash in banks and certificates of deposit with an original maturity of twelve months or less, excluding amounts whose use is limited by Board designation or amounts included in investments for temporarily and permanently restricted net assets.

Patient Accounts Receivable

Patient accounts receivable are carried at the amount management expects to collect from outstanding balances.

Patient receivables are periodically evaluated for collectibility based on credit history and current financial condition. Provisions for losses on receivables are determined on the basis of loss experience, known and inherent risks, estimated value of collateral and current economic conditions. The Hospital uses the allowance method to account for uncollectible accounts receivable.

In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each major payor source of revenue for the purpose of estimating the appropriate amounts of the allowance for doubtful accounts and the provision for bad debts. Data in each major payor source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to patients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established at varying levels based on the age of the receivables and the payor source. For receivables relating to self-pay patients, a provision for bad debts is made in the period services are rendered based on experience indicating the inability or unwillingness of patients to pay amounts for which they are financially responsible. Actual write-offs are charged against the allowance for doubtful accounts.

Investments and Investment Income

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the balance sheet. Management has adopted FASB ASC 825-10-35-4, *Financial Instruments-Overall-Subsequent Measurement*, and has elected the fair value option relative to its investments which consolidates all investment performance activity within the nonoperating gains section of the statements of operations.

Temporarily donor-restricted investment income and gains on investments on donor-restricted investments are recorded within temporarily restricted net assets until expended in accordance with the donor's restrictions.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Hospital are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the conditions on which they depend are substantially met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When donor restrictions expire, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

Supplies

Supplies are carried at the lower of cost (determined by the first-in, first-out method) or market.

Property and Equipment

Property and equipment acquisitions are recorded at cost, or if contributed, at fair market value determined at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the asset's estimated useful life. Such amortization is included in depreciation and amortization in the financial statements. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets.

Gifts of long-lived assets, such as land, buildings or equipment, are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Interest Rate Swap

The Hospital used an interest rate swap contract to eliminate the cash flow exposure of interest rate movements on variable-rate debt. The Hospital had adopted FASB ASC 815, *Derivatives and Hedging*, to account for its interest rate swap contracts. The interest rate swap contracts are not designated as cash flow hedges, and thus are included within nonoperating gain. The Hospital used three interest rate swap contracts through June 30, 2015, when two expired. During 2016, both parties mutually agreed to terminate the remaining swap for $337,700 and a realized gain of $47,148 was recorded.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Hospital have been limited by donors to a specific time period or purpose. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations as either net assets released from restrictions for operations or net assets released from restrictions used for capital acquisition.

Nonoperating Gains (Losses)

Activities, other than in connection with providing health care services, are considered nonoperating. Nonoperating gains and losses consist primarily of income on invested funds, unrestricted gifts, adjustments to notes receivable of related party, and realized and unrealized gains on interest rate swap.

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contribution. An allowance for uncollectible contributions receivable is provided based upon management's judgment of potential defaults. The determination includes such factors as prior collection history, type of contribution and nature of fundraising activity.

Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges and per diem rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined. Management believes that adequate provision has been made for adjustments that may result from final determination of amounts earned under these programs.

Excess of Revenues, Gains and Other Support Over Expenses and Nonoperating Gains (Losses)

The statements of operations include excess of revenues, gains, and other support over expenses and nonoperating gains (losses). Changes in unrestricted net assets which are excluded from this measure, consistent with industry practice, are assets released from restrictions for capital acquisitions.

Charity Care

The Hospital provides care, without charge or at amounts less than its established rates, to patients who meet certain criteria under its charity care policy. The criteria for charity care consider such factors as family income and net worth. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported in net revenue.

Income Taxes

The Hospital is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code, and is exempt from federal income taxes on related income.

Subsequent Events

Management has considered transactions or events through December 16, 2016, which was the date the financial statements were issued. Management has not considered transactions or events subsequent to this date for inclusion in the financial statements.

New Accounting Pronouncement

Deferred financing costs represent costs incurred in connection with the issuance of long-term debt. Such costs are amortized over the term of the respective debt using the straight-line method. Effective in the year ended September 30, 2016, the Hospital adopted and retrospectively applied the provisions of FASB Accounting Standards Update (ASU) No. 2015-03, *Simplifying the Presentation of Debt Issuance Costs*. The ASU is limited to simplifying the presentation of debt issuance costs, and the recognition and measurement guidance for debt issuance costs is not affected by the ASU. As a result of the adoption, the Hospital has reclassified unamortized bond issuance costs in the amount of $105,923 from deferred financing costs in the accompanying balance sheet for the year ended September 30, 2015, and presented the amount as a reduction of long-term debt, as required by the ASU. The adoption had no effect on the Hospital's net assets, statement of operations or statement of cash flows for the year ended September 30, 2015.

2. Net Patient Service Revenue and Patient Accounts Receivable

Net Patient Service Revenue

Patient service revenue is reported net of contractual allowances and other discounts as follows for the years ended September 30:

	2016	2015
Gross patient service revenue	**$ 75,964,133**	$ 76,087,370
Less contractual allowances	**(33,031,763)**	(33,402,294)
Less charity care	**(827,472)**	(1,749,962)
Patient service revenue (net of contractual allowances and discounts)	**42,104,898**	40,935,114
Less provision for bad debts	**1,634,914**	1,679,489
Net patient service revenue	**$ 40,469,984**	$ 39,255,625

Patient Accounts Receivable

Patient accounts receivable is stated net of estimated contractual allowances and allowances for doubtful accounts as of September 30:

	2016	2015
Gross patient accounts receivable	**$ 8,188,731**	$ 9,091,753
Less: Estimated contractual allowances	**3,057,564**	3,344,770
Estimated allowance for doubtful accounts	**1,314,868**	1,139,872
Net patient accounts receivable	**$ 3,816,299**	$ 4,607,111

The portion representing the estimated allowance for doubtful accounts at September 30 is as follows:

	2016	2015
Self-pay patients	**$ 936,452**	$ 835,307
All other payors	**378,416**	304,566
	$ 1,314,868	$ 1,139,873

Self-pay write-offs increased from $2,076,935 to $2,577,829 during 2016 and decreased from $2,850,708 to $2,076,935 during 2015. Such changes resulted from trends experienced in the collection of amounts from self-pay patients and third-party payors.

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Hospital is a Critical Access Hospital (CAH). Under the CAH program, the Hospital is reimbursed at 101% of allowable costs for its inpatients and most outpatient services provided to Medicare patients. The Hospital is reimbursed at tentative rates with final determination after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. The Hospital's Medicare cost reports have been audited by the fiscal intermediary through September 30, 2011.

Medicaid

Inpatient services rendered to Medicaid program beneficiaries are reimbursed under prospectively determined per-diem rates. The prospectively determined per-diem rates are not subject to retroactive adjustment. Outpatient services rendered to Medicaid beneficiaries are reimbursed on a cost reimbursement methodology and a national fee schedule for certain services. The Hospital is reimbursed for outpatient services at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the fiscal intermediary. The Hospital's Medicaid cost reports have been audited by the fiscal intermediary through September 30, 2011.

Anthem

Inpatient and outpatient services rendered to Anthem subscribers are reimbursed based on standard charges less a negotiated discount, except for lab, radiology, and physician services which are reimbursed on fee schedules.

The Hospital has also entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates, discount from charges and prospectively determined daily rates.

Revenue from the Medicare and Medicaid programs accounted for approximately 58% and 12%, respectively, of the Hospital's net patient service revenue for the year ended 2016, and 56% and 10%, respectively, of the Hospital's net patient service revenue for the year ended 2015. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Net patient service revenue increased approximately $71,000 and $199,000 in 2016 and 2015, respectively, due to differences in settlements from amounts previously estimated.

The Hospital recognizes patient service revenue relating to services rendered to patients having third-party payor coverage on the basis of contractual rates for such services. For services rendered to self-pay or uninsured patients, revenue is recognized on the basis of standard or negotiated discounted rates. At the time services are rendered to self-pay patients, a provision for bad debts is recorded based on experience and the effects of newly-identified circumstances and trends in pay rates. Patient service revenue, net of contractual allowances and discounts, but before the provision for bad debts, recognized during 2016 totaled $42,104,898, of which $40,042,396 was revenue from third-party payors and $2,062,502 was revenue from self-pay patients. Patient service revenue, net of contractual allowances and discounts, but before the provision for bad debts, recognized during 2015 totaled $40,935,114, of which $39,220,459 was revenue from third-party payors and $1,714,655 was revenue from self-pay patients.

3. Community Benefit

The Hospital provides services without charge or at amounts less than the established rates, to parties who meet the criteria of its charity care policy. The criteria for charity care measures family income against the income poverty guidelines established by the U.S. Department of Health and Human Services (DHHS).

Discounts are provided on a sliding scale based on the relationship of family size and income level against the income poverty guidelines established by DHHS and as set forth in the charity care policy.

The net cost of charity care provided was approximately $506,000 and $1,006,000 for the years ended September 30, 2016 and 2015, respectively. The total cost estimate is based on an overall cost to charge ratio applied against gross charity care charges. In 2016 and 2015, 1.1% and 2.3%, respectively, of all services as defined by percentage of gross revenue was provided on a charity care basis.

In 2016, of a total of 546 inpatients, 18 received their entire episode of service on a charity care basis. In 2015, of a total of 832 inpatients, 47 received their entire episode of service on a charity care basis.

In 2016, of a total of 87,268 outpatients, 3,159 received their entire episode of service on a charity care basis. In 2015, of a total of 84,877 outpatients, 2,953 received their entire episode of service on a charity care basis.

4. Property and Equipment

The major categories of property and equipment are as follows:

	2016	2015
Land and improvements	$ 2,277,857	$ 848,683
Buildings	14,043,395	13,310,575
Fixed equipment - buildings and improvements	13,617,691	13,107,891
Fixed equipment - departmental	428,652	439,368
Major movable equipment	12,978,537	12,408,919
Construction in progress	251,931	1,322,762
	43,598,063	41,438,198
Less: accumulated depreciation	28,312,585	26,471,761
	$ 15,285,478	$ 14,966,437

5. Investments and Investment Income

Investments consisted of the following as of September 30:

	2016	2015
Internally designated investments		
Cash and cash equivalents	$ 2,683,006	$ 1,775,451
Marketable equity securities	8,606,697	7,829,260
Corporate bonds	2,077,924	2,397,380
U.S. Treasury obligations and government securities	3,094,172	2,978,223
	16,461,799	14,980,314
Restricted investments		
Cash and cash equivalents	236,942	184,361
Certificates of deposit	281,075	279,632
Marketable equity securities	254,053	259,011
Corporate bonds	266,593	288,067
U.S. Treasury obligations and government securities	282,139	303,915
	1,320,802	1,314,986
	$ 17,782,601	$ 16,295,300

Total investment return is comprised of the following for the years ended September 30:

	2016	2015
Interest and dividend income		
Unrestricted	$ 388,065	$ 352,065
Temporarily restricted	11,178	20,007
Unrealized gains (losses)		
Unrestricted	939,550	(489,929)
Temporarily restricted	8,141	(63,924)
Realized gains		
Unrestricted	218,376	227,925
	$ 1,565,310	$ 46,144

Endowment

Return Objectives and Risk Parameters

The Hospital has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Hospital must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. The Hospital expects its endowment funds, over time, to provide an average rate of return of approximately nine percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Hospital relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Hospital targets a diversified asset allocation that places a weighted ratio on equity-based and fixed income investments to achieve its long-term return objectives within prudent risk constraints.

Uniform Prudent Management of Institutional Funds Act

Effective July 1, 2008, the State of New Hampshire adopted the Uniform Prudent Management of Institutional Funds Act enacted as Revised Statutes Annotated (RSA) Chapter 292-B. This RSA provides guidance and special rules for the management of endowment funds. Unexpended investment income on permanently restricted net assets is required to be reported as temporarily restricted net assets until appropriated.

Endowment (donor-restricted) net asset composition by type of fund as of September 30:

	Temporarily Restricted	Permanently Restricted	Total
Balances, October 1, 2014	$ 186,254	$ 988,014	$1,174,268
Investment loss			
Investment income, net	4,171	-	4,171
Transfer of assets	-	(76,100)	(76,100)
Net depreciation (realized and unrealized)	(66,987)	-	(66,987)
Total investment loss	(62,816)	(76,100)	(138,916)
Balances, October 1, 2015	123,438	911,914	1,035,352
Investment return			
Investment income, net	**2,237**	**-**	**2,237**
Net appreciation (realized and unrealized)	**2,138**	**-**	**2,138**
Total investment return	**4,375**	**-**	**4,375**
Balances, September 30, 2016	**$ 127,813**	**$ 911,914**	**$1,039,727**

6. Borrowings

Long-term debt consisted of the following as of September 30:

	2016	2015
Business Finance Authority of the State of New Hampshire variable rate (2.76% at September 30, 2016) Hospital Revenue Series 2010 Bonds due September 2030. Principal payments are due in annual installments, ranging from $390,000 in 2017 to $760,000 in 2030; collateralized by substantially all of the property and equipment of the Hospital.	**$ 8,012,500**	$ 8,402,500
Capital lease obligation, at 7.58%, repaid in 2016.	**-**	7,815
	8,012,500	8,410,315
Unamortized debt issuance costs	**(98,822)**	(105,923)
Less current maturities	**390,000**	397,815
	$ 7,523,678	$ 7,906,577

The bond agreements require that the Hospital meet certain covenants. As of September 30, 2016 and 2015, the Hospital was in compliance with these covenants.

Estimated maturities for long-term debt in subsequent fiscal years from September 30, 2016 are as follows:

2017	$ 390,000
2018	417,000
2019	444,000
2020	444,000
2021	510,000
Thereafter	5,807,500
	$ 8,012,500

7. Commitments and Contingencies

Liability Insurance Coverage

The Hospital insures its comprehensive general liability and professional liability exposures on a claims-made basis, including prior acts coverage, with a commercial carrier. The coverage is provided by primary and excess insurance policies subject to shared policy limits with other selected NEAH entities located in Massachusetts, New Hampshire and Vermont. The policies are renewable on an annual basis and have been renewed through September 30, 2016. The Hospital is subject to a claim which is in the discovery stage and for which no accrual for loss has been made as the potential for any liability is not reaonably estimable. Management believes it has meritorious defenses and will defend itself vigorously. All known significant asserted and unasserted claims alleging malpractice have been communicated to the insurer who is responsible for resolving the claim and the related costs of litigation.

GAAP requires the Hospital to accrue the ultimate cost of liability claims when the incident that gives rise to the claim occurs, without consideration of insurance recoveries. Expected recoveries are presented as a separate asset. The Hospital has evaluated its exposure to losses arising from potential claims and has accrued a liability and corresponding asset for the year ended September 30, 2016. The liability and asset are included in the balance sheet within accounts payable and accrued expenses and other current assets, respectively.

Health Insurance

In January 2008, the Hospital established a health maintenance organization (HMO) medical plan and a high deductible health savings account (HSA) plan for its employees. The HSA is funded by the employees, and a deduction is available pre-tax through payroll. In order to assist employees with meeting this higher deductible, the Hospital also established a Health Reimbursement Account (HRA) which will reimburse employees for medical expenses incurred over their portion of the deductible, until the full deductible is met. If expenses over their portion of the deductible are not met by the employee, the HRA funds remain the property of the Hospital. All HSA funds contributed by the employee remain their property.

The HSA plan has a single person deductible of $5,000, of which the Hospital would reimburse up to the last $3,700 and a two person or family plan total deductible of $10,000, of which the Hospital would reimburse up to the last $7,400.

As of September 30, 2016 and 2015, a reserve was established in the amount of $58,458 and $62,475, respectively, to fund potential claims by employees who are eligible for reimbursement for their incurred deductible expenses through the HRA.

Medicaid Enhancement Tax and Disproportionate Share Payments

In New Hampshire, hospitals are subject to a 5.45% tax, the Medicaid Enhancement Tax (MET), on net taxable revenues.

Medicaid disproportionate share hospital (DSH) payments provide financial assistance to hospitals that serve a large number of low-income patients. The federal government distributes federal DSH funds to each state based on a statutory formula. The states, in turn, distribute their portion of the DSH funding among qualifying hospitals. The states are to use their federal DSH allotments to help cover costs of hospitals that provide care to low-income patients when those costs are not covered by other payors. The State of New Hampshire's distribution of DSH monies to the hospitals is subject to audit by the Centers for Medicare & Medicaid Services (CMS). A number of hospitals in New Hampshire filed a lawsuit relative to the results of the 2011 audit of these DSH payments and the court ruled in favor of the hospitals in March 2016. CMS has an opportunity to appeal the ruling and, until such time, the Hospital has not changed its position with respect to the amounts recorded in its financial statements. Should the court's ruling stand, the Hospital will adjust the amounts held in contingency in the year the ruling is upheld.

8. Retirement Plan

The Hospital has a 403(b) tax sheltered annuity plan that covers substantially all full-time employees and part-time employees who work over 1,000 hours. Contributions are computed as a percentage of earnings and are funded as accrued. The pension plan expense for the years ended September 30, 2016 and 2015 was $480,481 and $464,715, respectively.

9. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes or periods at September 30:

	2016	2015
Indigent care	**$ 218,362**	$ 231,449
Health education	**130,244**	133,392
Endowment accumulated earnings	**127,813**	123,438
	$ 476,419	$ 488,279

Permanently restricted net assets are restricted to the following at September 30:

	2016	2015
Investments to be held in perpetuity, the income from which is expendable to support health care services (reported as non-operating income)	$ 911,914	$ 911,914

During 2016 and 2015, net assets were released from donor restrictions by incurring expenditures satisfying the restricted purposes of capital acquisitions, indigent care and health care education in the amounts of $86,884 and $91,899, respectively.

10. Concentration of Credit Risk

The Hospital maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to $250,000. At times during the year, the Hospital's cash in bank exceeded insured limits. The Hospital has not incurred any losses from uninsured cash in bank as of September 30, 2016.

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors at September 30, 2016 and 2015 was as follows:

	2016	2015
Medicare	43 %	45 %
Medicaid	10	13
Blue Cross/HMO	9	5
Other third-party payors	14	17
Patients	24	20
	100 %	100 %

11. Functional Expenses

The Hospital provides general health care services to residents within its geographic location. Expenses related to providing these services are as follows:

	2016	2015
Health care services	$37,036,452	$35,783,305
General and administrative	6,547,947	6,278,566
	$43,584,399	$42,061,871

12. Fair Value of Financial Instruments

Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at September 30, 2016		
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Assets			
Cash and cash equivalents	$ 2,919,948	$ 2,919,948	$ -
Certificates of deposit	281,075	281,075	-
Marketable equity securities			
Materials	593,242	593,242	-
Industrials	1,415,901	1,415,901	-
Telecommunications	277,770	277,770	-
Consumer	2,569,613	2,569,613	-
Energy	529,736	529,736	-
Financial services	1,125,544	1,125,544	-
Health care	1,027,279	1,027,279	-
Information technology	1,054,938	1,054,938	-
Equity funds	200,059	200,059	-
Other	66,668	66,668	-
Total marketable equity securities	8,860,750	8,860,750	-
Corporate bonds	2,344,517	-	2,344,517
U.S. Treasury obligations and government securities	3,376,311	3,376,311	-
Total assets at fair value	$ 17,782,601	$ 15,438,084	$ 2,344,517

	Fair Value Measurements at September 30, 2015		
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Assets			
Cash and cash equivalents	$ 1,959,812	$ 1,959,812	$ -
Certificates of deposit	279,632	279,632	-
Marketable equity securities			
Materials	761,804	761,804	-
Industrials	1,228,501	1,228,501	-
Telecommunications	228,270	228,270	-
Consumer	2,372,589	2,372,589	-
Energy	469,929	469,929	-
Financial services	965,806	965,806	-
Health care	872,422	872,422	-
Information technology	939,553	939,553	-
Equity funds	185,126	185,126	-
Other	64,271	64,271	-
Total marketable equity securities	8,088,271	8,088,271	-
Corporate bonds	2,685,447	-	2,685,447
U.S. Treasury obligations and government securities	3,282,138	3,282,138	-
Total assets at fair value	$ 16,295,300	$ 13,609,853	$ 2,685,447
Liabilities			
Interest rate swap	$ 384,848	$ -	$ 384,848

The fair value for Level 2 assets is primarily based on market prices of comparable securities, interest rates, and credit risk. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument.

13. Meaningful Use Revenues

The Medicare and Medicaid electronic health record (EHR) incentive programs provide a financial incentive for achieving "meaningful use" of certified EHR technology. The criteria for meaningful use will be staged in three steps from fiscal year 2012 through 2016. The meaningful use attestation is subject to audit by the Centers for Medicare & Medicaid Services in future years. As part of this process, a final settlement amount for the incentive payments could be established that differs from the initial calculation, and could result in return of a portion or all of the incentive payments received by the Hospital.

The Medicaid program will provide incentive payments to hospitals and eligible professionals as they adopt, implement, upgrade or demonstrate meaningful use in the first year of participation and demonstrate meaningful use for up to five remaining participation years.

During 2016 and 2015, the Hospital demonstrated meaningful use related to its certified EHR system, allowing the Hospital to be eligible to receive EHR incentive payments from Medicare and Medicaid. During 2016, the Hospital recorded meaningful use revenues of $442,752 related to Medicare and $35,339 related to Medicaid. During 2015, the Hospital recorded meaningful use revenues of $854,382 related to Medicare and $37,382 related to Medicaid.

As of September 30, 2016 and 2015, the Hospital has recorded approximately $529,000 and $534,000, respectively, in deferred revenue as the Hospital will recognize the Medicare incentive income over the useful lives of the assets.

14. Related Party

As of July 1, 2012, the Hospital formed a limited liability company, Northern New Hampshire Healthcare Management (NNHHM), with UCVH and AVH to provide a vehicle for shared saving arrangements within Coos County. NNHHM provides management services for UCVH which consist of the Chief Administrative Officer and Chief Financial Officer (CFO). The CFO position is shared with the Hospital, which is being compensated for these services based on the allocated salary and benefits of the personnel performing these services.

The Hospital, along with UCVH and AVH, are corporators of Northern New Hampshire Healthcare Collaborative, Inc. (NNHHC). NNHHC was formed as a tax-exempt corporation to provide a vehicle for shared ownership arrangements among three organizations.

Effective July 19, 2013, AVH Home Health merged with Weeks Home Health & Hospice, d/b/a Northwoods Home Health & Hospice. As of January 1, 2014, ownership of Northwoods Home Health & Hospice was transferred to NNHHC. Upon commencement of operations of NNHHC, the Hospital advanced approximately $1 million of assets. At September 30, 2015, there was a remaining balance of $560,616 and at September 30, 2016, the remaining balance of $692,745 was fully reserved.

NNHHC held various investments within the Hospital's investment portfolio which were transferred to NNHHC during 2015. Total amounts transferred were $142,440.

Michael D. Lee Named New President of Weeks Medical Center

June 29th, 2016

New President Will Join the Hospital in September

Lancaster, NH: Weeks Medical Center and North Country Healthcare are pleased to announce the appointment of Michael D. Lee as the new president of Weeks Medical Center. Lee will assume leadership of the 25-bed critical access hospital and its four physicians office locations in September 2016. Lee will replace CEO Scott Howe, who is retiring.

Lee comes to Weeks with experience in healthcare strategic planning and management, budget creation, financial analysis, teambuilding, customer service, and quality assurance. Since 2012 he has served as chief human resource officer and other interim roles for Adirondack Health in Saranac Lake, NY.

As president, Lee will manage the day-to-day operations of Weeks Medical Center and its more than 300 employees based at five locations in Lancaster, Groveton, North Stratford, and Whitefield, New Hampshire. He will be responsible for ensuring patient care and maintaining the financial integrity of

the hospital. Lee will report to the Weeks board of directors as well as to Warren West, CEO of North Country Healthcare.

"Michael's wealth of experience in the healthcare industry, with physician recruitment, and in operational management will make him a great addition to Weeks Medical Center and to the new North Country Healthcare affiliation of hospitals," said West. "Michael will play a key leadership role in maintaining high-quality healthcare in the North Country and help us build a new clinically integrated health system. We are very fortunate to find someone of Michael's caliber to continue and expand Week's legacy of quality healthcare and commitment to community."

Lee has a bachelor's degree in business economics from the State University of New York at Oneonta and a master's of business administration degree from Clarkson University in Potsdam, New York. He also has held positions as executive director of and administrator of St. Andrews Village retirement community, interim chief executive officer of Sebasticook Family Doctors, and director of human resources and administration and interim executive director at Mid-Coast Mental Health Center (Pen Bay Healthcare), all in Maine.

"I have spent nearly 30 years dedicated to community health and am very excited to work with the Weeks and North Country Healthcare teams to coordinate services and care delivery in the North Country," said Lee. "The unique model will strengthen healthcare delivery that currently exists in the region. I am very impressed with the expertise, compassion, enthusiasm, and commitment of the Weeks staff and board of directors and I look forward to joining them. I also look forward to representing Weeks on the North Country Healthcare president's counsel and working closely with Warren West."

Stan Holz, chairman of the Weeks board of directors said in a statement to staff announcing Lee's appointment: "We are confident that Michael will provide the leadership for Weeks Medical Center to meet the future challenges in healthcare and continue the exceptional leadership provided by Scott Howe during his 21-year tenure. The input of the Weeks medical and support staff was invaluable in selecting Michael as our new president and we all welcome him to our community."

MICHAEL D. LEE, MBA, MLA, SPHR, SHRM-SCP

EXPERIENCE

Adirondack Medical Center

Chief Human Resources Officer, Interim COO & Administrator, December 2012 – Present

-Developed per diem provider pool to reduce locum utilization
-Contributed to strategic plan creation with specific responsibility in staffing transitions & population health
-Assisted with organizational cost reductions, including programming &staffing analysis, that saved the organization over $ Million
-Implemented self insured health & prescription drug, short and long term disability, long term care and college savings plans
-Re-opened collective bargaining agreement with UFCW and re-negotiated a three year contract with NYSNA
-Re-organized human resources department and functions to assist with organizational cost reduction and eliminated three FTEs

Vice President of Human Resource, Physician Practices & Rehabilitation & Laboratory Services, March 2007 - August 2008

-Designed in-house physician recruitment & retention, contracted with providers & co-administered five health centers
-Provided leadership and fiscal guidance for operating three laboratories, four outpatient rehab centers & five physician practices
-Negotiated three year contract with New York State Nurses' Association, below budgetary constraints
-Developed a monthly labor management meeting with newly acquired nursing homes
-Developed and administered a consumer driven employee health insurance plan

St. Andrews Hospital and Healthcare: St. Andrews Village

***Executive Director & Administrator for the Gregory Wing, Save Havens & Assisted Living*, June 2009 – December 2012**

-Interim Vice President of Senior Living over two senior living communities & home health and hospice
-Integrated long term care nursing, billing, facilities and security with LCHC Senior Services
-Co-developed clinical documentation quality control processes & financial turn-around
-Forecasted increased future bed demand needs for nursing facility & completed multi-year pro-formas
-Improved St. Andrews Association customer satisfaction exceeds rating from 25% to 95%

***Vice President of Human Resources*, March 2006 - March 2007**

-Conducted wage and salary review and created salary grids and formalized compensation practices
-Automated human resources reports utilizing Medi-tech and Excel

Sebasticook Family Doctors

***Interim Chief Executive Officer*, September 2008 - June 2009**

-Doubled the medical staff size in ten months and expanded clinic services by adding two additional sites
-Created short term financial strategy turn-around from a 15% loss to a 2.5% positive operating margin
-Renegotiated employee benefits and saved approximately $80 thousand annually
-Drafted and was awarded Increased Demand for Service BPHC grant

Mid-Coast Mental Health Center, March 2001 to March 2006 (Acquired by Penobscot Health)

Director of Human Resources, & Administration March 2001 to March 2006
Interim Executive Director & Chief Financial Officer, June 2005 to March 2006

-Facilitated merger and work teams including Clinical Models, Compliance, Accounting and Human Resources
-Negotiated thirteen contracts with Maine DOH
-Designed and administered employee satisfaction survey and facilitated action plan that improved satisfaction
-Negotiated employee benefits annually, implemented a PPO & HMO, changed retirement plan broker and TPA

Inland Hospital,

Vice President of Human Resources and Administrative Operations, March 2000 to April 2001

-Completed Human Resources' Facilities, Engineering, Housekeeping & Dietary Services Strategic Plan
-Oversaw the planning, financing and operating of a $14 million, co-owned medical office building
-Revised compensation grids, Human Resources & Administrative Policies and Employee Handbook
-Developed and administered Rabbi Trust for Corporate Executives
-Served as HR, Compensation & Benefits Manager and facilitator for all Inland/MMC Mergers

Clark Sports Center & Learning Institute
Interim Executive Director, June 1999 to March 2000
Director of Administration; Controller & Director of Human Resources, October 1994 to June 1997
-Provided operational leadership and directly managed Human Resources, Accounting, Human Resources & Facilities
-Developed and Administered operating budgets
-Continued Strategic Planning Process and facilitated program development and customer service training
-Upgraded all hardware to be Y2K compliant & installed accounting & membership software
-Computerized accounting functions and automated accounting general ledger and payroll processing
-Created salary classification system, job descriptions, employee handbook and bid and administered benefits

Sun Yacht Charters, Incorporated (Acquired by Star Dust Marine)
Chief Financial & Human Resources Officer, September 1998 to March 1999
-Completed general ledger installation and conversion
-Created and administered international budgets
-Projected cash flow, generated cost analysis, consolidated financial reports & processed payroll
-Designed and managed employee benefits, job descriptions, evaluations and salary grids

Pathfinder Village, Incorporated
Director of Operations, June 1997 to September 1998
-Directed Personnel & Accounting, oversaw School, Programs, Staff Education, Food Service and Facilities
-Created salary grids and updated benefit package, job descriptions and employee handbook
-Revised administrative, program, and residential policies and procedures
-Participated in Comprehensive Agency Reviews and Private Residential School Certification
-Directly managed corporate compliance, risk management & state contract negotiations and administration
Responsible for 3 Senior Staff, 7 Supervisors and 130 Staff

The Bassett Research Institute
***Grants Administration Officer,* June 1993 to October 1994**
-Drafted budget and administrative portion of grants
-Petitioned sponsoring agencies for funds disbursements
-Created and maintained databases for research studies and grant tracking
-Facilitated project meetings and presented interim statistics

Electronic Data Systems, Financial Analyst and Accountant
Invoice Reconciliation, Dallas, Texas, February 1990 to September 1990
Mexico Operations, Mexico City, Mexico, September 1990 to September 1991
Border Operations, Juarez, Chihuahua Mexico, September 1991 to January 1993

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 20th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Weeks Medical Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 170 Middle Street, Lancaster, New Hampshire 03584.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on July 11, 2012 (Item #31), and amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, within the Price Limitation and within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Delete in its entirety Exhibit B-3 Amendment #2, and replace with Exhibit B-3 Amendment #3.

3. Delete in its entirety Exhibit B-6 Amendment #2, and replace with Exhibit B-6 Amendment #3.

10/25/16

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Nicholas A. Toumpas
Commissioner

Marcella Jordan Bobinsky
Acting Director

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Weeks Medical Center. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 170 Middle Street, Lancaster, New Hampshire 03584.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on July 11, 2012 (Item #31) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $599,190
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017

10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017

11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. **Provisions Applicable to All Services**

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

Contractor's Initials: _____

Date 5/18/15

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

Contractor's Initials: K

Date 5/13/15

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

Contractor's Initials: [signature]

Date 5/13/15

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

Contractor's Initials: _____

Date 5/13/15

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/alcoholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

Contractor's Initials: _____

Date 5/13/15

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

Contractor's Initials

Date 5/13/15

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

Contractor's Initials: _____

Date 5/13/15

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

Contractor's Initials: K

Date 5/13/15

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

Contractor's Initials

Date 5/13/15

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: _____
Date: 6/13/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. Preventive Health: Tobacco Screening

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

Contractor Initials: _____
Date: 5/13/15

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. At Risk Population: Hypertension

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. Patient Safety: Falls Screening

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

Contractor Initials: _____
Date: 5/13/15

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

Contractor Initials: _____
Date: 5/13/15

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Contractor Initials: _____
Date: 5/13/15

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   - 2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   - 2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   - 2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   - 6.1. The Contractor will submit an invoice by the tenth (10th) working day of each month, which identifies and requests reimbursement for:
     - 6.1.1. Authorized expenses incurred in the prior month.
     - 6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
       - 6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
       - 6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   - 6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   - 6.3. The invoice must be submitted by mail or e-mail to:

     Financial Manager
     Department of Health and Human Services
     129 Pleasant Street
     Concord, NH 03301

     E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials
Date: 5/13/15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor.

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Weeks Medical Center

This 1st Amendment to the Weeks Medical Center contract (hereinafter referred to as "Amendment One") dated this 7TH day of MARCH, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Weeks Medical Center (hereinafter referred to as "the Contractor"), a corporation with a place of business at 170 Middle Street, Lancaster, New Hampshire 03584.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on July 11, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $292,483

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $20,652 for SFY 2014 and $113,557 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $20,652 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $103,557 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials
Date 3/7/14

- $10,000 from 05-95-90-901010-7965-102-500731, 100% General Funds.

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with Weeks Medical Center (Vendor #177171-R001), 170 Middle Street, Lancaster, New Hampshire 03584, in an amount not to exceed $158,274.00, to provide primary care services, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

SFY 2014	102-500731	Contracts for Program Services	90073001	$10,000
			Sub-Total	$20,000
			Total	$158,274

EXPLANATION

Funds in this agreement will be used to provide office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

Should Governor and Executive Council not authorize this Request, a minimum of 1,600 low-income individuals from the following areas Carroll, Dalton, Groveton, Jefferson, Lancaster, North Stratford, Northumberland, Randolph, Stark, Stratford, Twin Mountain and Whitefield may not have access to primary care services. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities.

Weeks Medical Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were

averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $273,898. This represents a decrease of $115,624. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Carroll, Dalton, Groveton, Jefferson, Lancaster, North Stratford, Northumberland, Randolph, Stark, Stratford, Twin Mountain and Whitefield.

Source of Funds: 17.43% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 82.57% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

   8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials

Date 3/28/12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials

Date 3/28/12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Contractor Initials: [signature]
Date: 3/28/12

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials

Date 3/28/12

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Primary Care Services Contract

This 4th Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #4") dated this, 1st day of May, 2017 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and White Mountain Community Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 298 White Mountain Highway, PO Box 2800, Conway, NH 03818.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #127) as amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A); as amended by an agreement (Amendment #2 to the Contract) approved by the Governor and Executive Council on June 24, 2015; as amended by an agreement (Amendment #3 to the Contract) approved by the Governor and Executive Council on December 7, 2016 (Item #12); the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement the State may amend the contract terms and conditions by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for nine (9) months, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree to amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   March 31, 2018
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,202,832
3. Add Exhibit A- Amendment #4, Scope of Services.
4. Add Exhibit A-1 – Amendment #4, Performance Measures
5. Add Exhibit B – Amendment #4, Method and Conditions Precedent to Payment.
6. Add Exhibit B-1 – Amendment #4 MCHS Budget.
7. Add Exhibit B-2 – Amendment #4 BCCP Budget.

PM-
5-17-17

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.6.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.6.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.6.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than thirty (30) consecutive days or any sixty (60) non-consecutive days.

2.2. The Contractor shall assist individuals with completing a Medicaid/Expanded Medicaid or other health insurance application when income calculations indicate possible eligibility.

2.3. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.4. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.4.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.4.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Perinatal services, including but not limited to access to obstetrical services either on-site or by referral.

3.1.3. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.4. Integrated Behavioral Health Services.

3.1.5. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.6. Assessment of need and follow-up/referral as indicated for:

3.1.6.1. Tobacco cessation, including referral to QuitWorks-NH, www.QuitWorksNH.org.

3.1.6.2. Social services.

3.1.6.3. Chronic Disease management, including disease specific referral and self-management education, which may include, but is not limited to referral to Diabetes Self-

Management Education (DSME), as recommended by the American Diabetes Association.

3.1.6.4. Nutrition services, including WIC, as appropriate.

3.1.6.5. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.1.6.6. Screening, Brief Intervention and Referral to Treatment (SBIRT) services, including but not limited to contact with the Regional Public Health Network Continuum of Care Development Initiative.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which includes but is not limited to access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.3. The Contractor shall provide enabling services, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor shall facilitate enabling services that include, but are not limited to:

3.3.1. Case management, which may include but is not limited to, care facilitated by registries; information technology; health information exchanged; and other services that ensure patients receive necessary care when and where it is needed and wanted 8in a culturally and linguistically appropriate manner.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach, which may include but is not limited to the use of community health workers.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 – Amendment #3 that include activities related to:

Contractor's Initials: PMC

Date 5-17-17

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Quality Improvement

5.1. The Contractor shall conduct a minimum of two (2) quality improvement projects which consist of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall ensure:

Contractor's Initials: RMC

Date 5-17-17

5.1.1. One (1) quality improvement project focuses on the performance measure as designated by the Department.

5.1.2. One (1) quality improvement project is based on previous performance outcomes needing improvement, as selected by the Contractor.

5.2. The Contractor shall utilize Quality Improvement (QI) science to develop and implement a QI Workplan for each QI project, which shall include but not be limited to:

5.2.1. Specific goals and objectives for the project period.

5.2.2. Evaluation methods to demonstrate improvements in the quality, efficiency, and effectiveness of patient care.

5.3. The Contractor may utilize activities in QI projects that enhance clinical workflow and improve patient outcomes, which may include but are not limited to:

5.3.1. EMR prompts/alerts.

5.3.2. Protocols/Guidelines.

5.3.3. Diagnostic support.

5.3.4. Patient registries.

5.3.5. Collaborative learning sessions.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care services who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within thirty (30) days of hire.

6.4. The Contractor shall notify the MCHS, in writing, when:

6.4.1. Any critical position is vacant for more than thirty (30) days.

6.4.2. There is not adequate staffing to perform all required services for more than thirty (30) consecutive days or any sixty (60) nonconsecutive days.

6.5. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.5.1. A registered nurse who:

6.5.1.1. Is licensed with the NH Board of nursing; or

6.5.1.2. Has attained bachelor's degree from a recognized college or university.

6.5.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.5.1.

7. Coordination of Services

7.1. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.1.1. Community needs assessments.

7.1.2. Public health performance assessments.

7.1.3. The development of regional health improvement plans.

7.2. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit a Performance Measure Outcome Report, which details the plan for improvement when a performance measure targeted goal is not met.

9.4. The Contractor shall submit an annual Workplan for the two (2) quality improvement projects that demonstrate improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall submit at least one (1) annual Workplan that includes a detailed description of the enabling services funded by this contract. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.6. The Contractor shall collect and submit the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st of each contract year.

9.7. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: RM

Date 5-17-17

Exhibit A-1 – Amendment #4

1. MATERNAL AND CHILD HEALTH SECTION (MCHS) PRIMARY CARE PERFORMANCE MEASURES

1.1. **Definitions**

1.1.1. **Measurement Year** – Measurement Year is defined as the calendar year, January 1st through December 31st.

1.1.2. **Medical Visit** – Medical visit is defined as any office visit including all well-care and acute-care visits.

1.1.3. **HEDIS** – Healthcare Effectiveness Data and Information Set

1.1.4. **NQF** – National Quality Forum

1.1.5. **Title V** – Federal Maternal and Child Health Services Block Grant

1.1.6. **UDS** – Uniform Data System

1.1.7. **NH MCHS** – New Hampshire Maternal and Child Health Section

2. MCHS PRIMARY CARE PERFORMANCE MEASURES

2.1. **Breastfeeding**

2.1.1. **Percent of infants who are ever breastfed** (Title V PM #4).

2.1.1.1. Numerator: All patient infants who were ever breastfed or received breast milk.

2.1.1.2. Numerator Note: The American Academy of Pediatrics recommends all infants exclusively breastfeed for about six (6) months as human milk supports optimal growth and development by providing all required nutrients during that time.

2.1.1.3. Denominator: All patient infants born in the measurement year.

2.2. **Preventive Health: Lead Screening**

2.2.1. **Percent of children 3 years of age who had two or more capillary or venous lead blood test for lead poisoning by their third birthday.** (NH MCHS).

2.2.1.1. Numerator: All patient children who received at least one capillary or venous lead screening test between nine (9) months to eighteen (18) months of age **AND** one (1) capillary or venous lead screening test between nineteen (19) to thirty (30) months of age.

2.2.1.2. Denominator: All patient children who turned three (3) years old during the measurement year that had at least one (1) medical visit during the measurement year.

2.3. **Preventive Health: Adolescent Well-Care Visit**

2.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (HEDIS,).

Contractor Initials: CM

Date: 5-17-17

2.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one (1) comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

2.3.1.2. Denominator: Number of patient adolescents, ages 12 through 21 years of age by the end of the measurement year.

2.4. **Preventive Health: Depression Screening**

2.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NQF 0418, UDS).

2.4.1.1. Numerator: Patients twelve (12) years and older who are screened for clinical depression using an age-appropriate standardized depression screening tool **AND** if positive, a follow-up plan documented.

2.4.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented follow-up plan.

2.4.1.3. Denominator: All patients 12 years and older by the end of the measurement year who had at least one (1) medical visit during the measurement year.

2.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

2.4.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as suicide risk assessment and/or referral to practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.4.2. **Maternal Depression Screening**

2.4.2.1. **Percentage of women who are screened for clinical depression during any visit up to twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (NH MCHS).

2.4.2.1.1. Numerator: Women who are screened for clinical depression during the first twelve (12) weeks following delivery using an appropriate standardized depression screening tool AND if screened positive have documented follow-up plan.

2.4.2.1.2. Numerator Note: Numerator includes women who screened negative PLUS women who screened positive AND have documented follow-up plan.

2.4.2.1.3. Denominator: All women who had any office visit up to twelve (12) weeks following delivery during the measurement year.

2.4.2.1.4. Denominator Exception: Documentation of depression screening not performed due to medical contraindicated or patient refusal.

2.4.2.1.5. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

2.5. **Preventive Health: Obesity Screening**

2.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (NQF 0421, UDS).

2.5.1.1. Normal parameters: Age 65 and older BMI ≥ 23 and < 30

Age 18 through 64 BMI ≥ 18.5 and < 25

2.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters (Normal BMI + abnormal BMI with documented plan).

2.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist, occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

2.5.1.4. Denominator: All patients aged 18 years and older who had at least one (1) medical visit during the measurement year.

2.5.2. Percent of patients aged 3 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (UDS).

2.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of

counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

2.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

2.6. **Preventive Health: Tobacco Screening**

2.6.1. Percent of patients aged 18 years and older who were screened for tobacco use at least once during the measurement year or prior year AND who received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user (UDS).

2.6.1.1. Numerator: number of patients in the denominator for whom documentation demonstrates that patients were queried about their tobacco use one or more times during their most recent visit OR within twenty-four (24) months of the most recent visit and received tobacco cessation counseling intervention and/or pharmacotherapy if identified as a tobacco user.

2.6.1.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.1.3. Denominator: All patients aged 18 years and older during the measurement year, with at least one (1) medical visit during the measurement year, and with at least two (2) medical visits ever.

2.6.1.4. Definitions:

2.6.1.4.1. Tobacco Use: Includes any type of tobacco.

2.6.1.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy.

2.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (NH MCHS).

2.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

2.6.2.2. Numerator Note: Numerator equals queried non-smokers PLUS queried smokers with documented counseling intervention and/or pharmacotherapy.

2.6.2.3. Denominator: All women who delivered a live birth in the measurement year.

2.6.2.4. Definitions:

2.6.2.4.1. Tobacco Use: Includes any type of tobacco

2.6.2.4.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

2.7. **At Risk Population: Hypertension**

2.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHG) during the measurement year** (NQF 0018).

2.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm HG at the time of their last measurement.

2.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension (must have been diagnosed with hypertension 6 or more months before the measurement date) who had at least one (1) medical visit during the measurement year. (Excludes pregnant women and patients with End Stage Renal Disease.)

2.8. **Patient Safety: Falls Screening**

2.8.1. **Percent of patients aged 65 years and older who were screened for fall risk at least once within 12 months** (NH MCHS).

2.8.1.1. Numerator: Patients who were screened for fall risk at least once within the measurement year.

2.8.1.2. Denominator: All patients aged 65 years and older seen by a health care provider within the measurement year.

2.9. **SBIRT**

2.9.1. SBIRT – Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services (NHMCHS).

2.9.1.1. Numerator: Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention and/or referral to services.

2.9.1.2. Numerator Note: Numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.1.3. Denominator: Number of patients aged 18 years and older seen for annual/preventive visit within the measurement year.

2.9.1.4. Definitions:

2.9.1.4.1. Substance Use: Includes any type of alcohol or drug.

2.9.1.4.2. Brief Intervention: Includes guidance or counseling.

2.9.1.4.3. Referral to Services: includes any recommendation of direct referral for substance abuse services.

2.9.2. Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services (NH MCHS)**.**

2.9.3. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

2.9.4. Numerator Note: numerator equals screened negative PLUS screened positive who have documented brief intervention and/or referral to services.

2.9.5. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the measurement year.

2.9.6. Definitions:

2.9.6.1. Substance Use: Includes any type of alcohol or drug.

2.9.6.2. Brief Intervention: Includes guidance or counseling.

2.9.6.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A – Amendment #4, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.2. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #4, Scope of Services, in accordance with Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4.
4. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
5. Payment for said services shall be made as follows:
   5.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month.
   5.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   5.3. The invoice must be submitted by mail or e-mail to:

   Financial Manager
   Department of Health and Human Services
   129 Pleasant Street
   Concord, NH 03301

   E-mail: dphscontractbilling@dhhs.state.nh.us
6. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
7. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
8. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
9. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #4 through Exhibit B-2 Amendment #4 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that WHITE MOUNTAIN COMMUNITY HEALTH CENTER is a New Hampshire Nonprofit Corporation registered to transact business in New Hampshire on June 01, 1981. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: **62590**

IN TESTIMONY WHEREOF,
I hereto set my hand and cause to be affixed
the Seal of the State of New Hampshire,
this 17th day of May A.D. 2017.

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

I, Janice Spinney, do hereby certify that:

1. I am a duly elected Officer of White Mountain Community Health Center.

2. The following is a true copy of the resolution duly adopted at a meeting of the Board of Directors of the Agency duly held on April 27, 2017:

RESOLVED: That the Executive Director is hereby authorized on behalf of this Agency to enter into the said contract with the State and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and effect as of the 17th day of May 2017.

4. Patricia McMurry is the duly elected Executive Director of the Agency.

Janice Spinney
(Signature of the Elected Officer)

STATE OF NEW HAMPSHIRE

County of Carroll

The forgoing instrument was acknowledged before me this 17th day of May, 2017, by Janice Spinney.

WHITE MOUNTAIN COMMUNITY HEALTH CENTER

FINANCIAL STATEMENTS

June 30, 2016 and 2015

With Independent Auditor's Report

BerryDunn

INDEPENDENT AUDITOR'S REPORT

Board of Directors
White Mountain Community Health Center

We have audited the accompanying financial statements of White Mountain Community Health Center, which comprise the balance sheets as of June 30, 2016 and 2015, and the related statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of White Mountain Community Health Center as of June 30, 2016 and 2015, and the results of its operations, changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

Cash, end of year	$ 219,279	$ 230,057

The accompanying notes are an integral part of these financial statements.

1. Summary of Significant Accounting Policies

Organization and Nature of Business

White Mountain Community Health Center (the Center) is a non-profit corporation organized in New Hampshire.

The Center's primary purpose is to provide comprehensive primary and preventative healthcare services to the residents in the town of Conway and surrounding communities.

On October 24, 2014, the Center's bylaws were modified, removing the sole member of the Center from Mt. Washington Valley Development Foundation (the Foundation). The change eliminated the legal affiliation with the Foundation. The Center continues to maintain strong functional relationships with The Memorial Hospital (TMH) and other healthcare providers in the area, providing an integrated network of patient services.

Income Taxes

The Center is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code. As a public charity, the Center is exempt from state and federal income taxes on income earned in accordance with its tax exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Center's tax positions and concluded that the Center has no unrelated business income or uncertain tax positions that require adjustment to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allowance For Uncollectible Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts by analyzing the Center's past history and identification of trends for all funding sources in the aggregate. In addition, balances in excess of 365 days are 100% reserved. Management regularly reviews data about revenue in evaluating the sufficiency of the allowance for uncollectible accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts.

A reconciliation of the allowance for uncollectible accounts follows:

	2016	2015
Balance, beginning of year	**$ 31,172**	$ 25,366
Provision for bad debts	**15,500**	26,906
Write-offs	**(28,810)**	(21,100)
Balance, end of year	**$ 17,862**	$ 31,172

Governmental and Private Grants

Grants are provided to support specific programs and are subject to various budgetary restrictions. The different between the full grand awards and the amount received to date is recognized as a receivable. The different between the full grant award and the amount earned to date is reported as deferred revenue.

Investments

The Center reports investments at fair value, and has elected to report all gains and losses in the deficit of revenue over expenses to simplify the presentation of these accounts in the statement of operations unless otherwise stipulated by the donor or State law.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the balance sheets.

Assets Limited As To Use

Assets limited as to use is comprised of donor-restricted cash contributions.

Cash and cash equivalents included in assets limited as to use are excluded from cash for cash flow purposes.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation. Maintenance, repairs and minor renewals are expensed as incurred and renewals and betterments are capitalized. Depreciation is computed on the straight-line method and is provided over the estimated useful life of each class of depreciable asset.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Center have been limited by donors to a specific time period or purpose and include the change in fair value on permanently restricted investments until appropriated by the Board of Directors.

Permanently restricted net assets have been restricted by donors to be maintained by the Center in perpetuity. For the years ended June 30, 2016 and 2015, there were no permanently restricted net assets.

Patient Service Revenue

Charges for services to patients are recorded as revenue when services are rendered. Patients unable to pay full charge, who do not have other third-party resources, are charged a reduced amount based on the Center's published sliding fee scale. Reductions in full charge are recognized when the service is rendered.

Contributions

Unconditional promises to give cash and other assets to the Center are reported at fair value at the date the promise is received, which is then treated as cost. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

2. Investments

Investments are stated at fair value and consisted of the following:

	2016	2015
Cash and cash equivalents	**$ 27,291**	$ 26,766
Marketable equity securities	**13,090**	13,622
Mutual funds	**189,936**	196,124
Total investments	**$ 230,317**	$ 236,512

Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants and also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The fair value hierarchy within ASC Topic 820 distinguishes three levels of inputs that may be utilized when measuring fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair value of all of the Center's investments is measured on a recurring basis using Level 1 inputs.

3. Property and Equipment

A summary of property and equipment is as follows:

	2016	2015
Building improvements	$ 28,879	$ 19,379
Furniture	44,855	44,855
Equipment	430,592	426,557
Total cost	504,326	490,791
Less accumulated depreciation	(368,942)	(301,430)
Property and equipment, net	$ 135,384	$ 189,361

4. Line of Credit

The Center has a $100,000 available line of credit with a bank. Interest on borrowings is charged at prime plus 2%. The credit line expires September 30, 2020. There was no outstanding balance for the years ended June 30, 2016 and 2015.

5. Patient Service Revenue

A summary of patient service revenue by payer is as follows:

	2016	2015
Medicaid	$ 452,515	$ 546,550
Medicare	39,932	37,698
Third-party insurance	220,377	163,950
Patient pay	125,654	117,303
Total	$ 838,478	$ 865,501

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs.

The Center believes that it is in substantial compliance with all applicable laws and regulations. However, there is at least a reasonable possibility that recorded estimates could change by a material amount in the near term. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

The Center recorded a favorable change in Medicaid revenue from retroactive rate adjustments amounting to $11,509 in 2016 and $91,813 in 2015.

The Center provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Center does not pursue collection of amounts determined to qualify as charity care, the revenue is recorded net of the free care allowance. The Center estimates the costs associated with providing charity care by calculating the ratio of total cost to total charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Center's charity care policy amounted to $76,193 in 2016 and $194,162 in 2015.

The Center is able to provide these services with a component of funds received through local community support and federal and state grants.

6. Retirement Plan

The Center has adopted a 403(b) retirement plan covering substantially all employees. Contributions by the Center to the plan amounted to $16,930 in 2016 and $16,538 in 2015.

7. Functional Expenses

The Center provides general healthcare services to residents within its geographic location. Expenses related to providing these services were as follows:

	2016	2015
Program services	**$ 1,318,443**	$ 1,317,142
General and administrative	**254,169**	249,772
Total	**$ 1,572,612**	$ 1,566,914

8. Concentration of Risk

The Center grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. At June 30, 2016, Medicaid represented 40% of gross accounts receivable. No other individual payer source exceeded 10% of the gross accounts receivable balance.

9. Malpractice Claims

The Center insures its medical malpractice risks on a claims-made basis. There were no known malpractice claims outstanding at June 30, 2016 which, in the opinion of management, will be settled for amounts in excess of insurance coverage nor are there any unasserted claims or incidents which require loss accrual. The Center intends to renew coverage on a claims-made basis and anticipates that such coverage will be available.

10. Donations In-Kind

TMH provides the Center with office and clinic space located in Conway, New Hampshire at no cost. In-kind contributions from TMH to the Center amounted to $59,004 for the years ended June 30, 2016 and 2015.

TMH also provided monies for the Center to purchase physician services and to support the dental clinic in the amount of $80,000 for the years ended June 30, 2016 and 2015.

11. Subsequent Events

For financial reporting purposes, subsequent events have been evaluated by management through August 25, 2016, which is the date the financial statements were available to be issued.

QUALIFICATIONS

- Extensive experience in business administration, project management and finance
- Skilled in human relations, group facilitation, public speaking, leadership and team building
- Strong marketing, advertising and public relations skills
- Seasoned professional with a breadth of abilities and experience and a proven track record of success through the accomplishment of significant business goals

EXPERIENCE

Executive Director **White Mountain Community Health Center** **2002-Present**

Currently responsible for all aspects of operations of a non-profit community health center. This Center serves the uninsured and underinsured of Northern Carroll County of New Hampshire and Western Maine. Prenatal, children, adults and teens are seen by health care providers including physician, mid-wives, nurse practitioners, RN's, medical assistants, social workers, hygienist, dental staff and nutritionist. Substantially increased and sustained the financial viability of the health center. New and expanded services and patient volume doubled in five years.

Business Consultant **Kleen Oil Kompany** **1999-2002**

Responsible for all aspects of business operations for a troubled oil company

- Increased collections
- Developed marketing plans and strategy
- Developed policies, procedures and job descriptions
- Developed incentive plans

Director of Operations **HealthSouth Corporation*** **1995-1998**

Responsible for oversight of both a 50-bed and CEO of 100-bed acute rehabilitation hospital, and eight contracted rehabilitation units in four states at the same time

- Promoted in one year from Assistant Vice President to Director of Operations
- Managed the physical relocation of a 100-bed acute rehabilitation hospital
- Initiated negotiations for joint venture between a large non-profit hospital and a publicly traded rehabilitation company

Chief Executive Officer **National Medical Enterprises** **1988-1995**

Responsible for oversight of both a 40-bed and an 88-bed (Pennsylvania) rehabilitation hospitals

- Promoted in two years from CEO of a 40-bed hospital to CEO of an 88-bed rehabilitation hospital and was promoted to Company Assistant (Regional) Vice President
- Managed all aspects of the 88-bed hospital, resulting in three prestigious awards for the highest quality and business goals performance from National Medical Enterprises
- Developed and opened three outpatient rehab clinics
- Maintained the financial turnaround of a 40-bed hospital and sustained "above plan" financial performance throughout my tenure
- Managed a 40-bed hospital, resulting in three Special Achievement Awards and a Florida Certificate of Need to increase the capacity to 70 beds

* HealthSouth acquired National Medical Enterprises Rehabilitation Hospitals in 1995

V.P. of Operations **Charter Behavioral Health of Glendale** **1987-1988**

The CEO/Vice President was responsible for three hospitals and for oversight and CEO of this facility. Responsibilities included marketing, planning, business development, program management for this newly-opened psychiatric hospital and acting CEO.

- Supervised all Clinical Program Directors and the Intake Coordinator
- Appointed physician-liaison to the CEO
- Was consultant to a sister psychiatric hospital, training staff to use human relations techniques with disruptive and aggressive teens
- Implemented the utilization review, risk management, and quality assurance activities to achieve J.C.A.H.O accreditation for the first time as a new facility

Director, Community Relations and Resource Development **1985-1987**
Eastern State Hospital

Responsible for community relations as well as identification and alignment of resources required for hospital and community use of a large state psychiatric hospital

- Designed and implemented a community relations plan to ensure the success of appropriate admissions and discharges; oversight of a team of community and hospital based social workers who were part of each community mental health center and the state hospital who preapproved admissions and discharges
- Oversaw a social work team of hospital employees who discharged the most chronic of patients into the communities with their ongoing follow and support. This lowered the hospital census allowing for major renovations to the campus buildings
- Successfully, negotiated crisis intervention/assessment inpatient stay contracts for children in their home communities with private sector hospitals paid for by the State Hospital as a pilot for the State of Virginia

EDUCATION

M.S.W. – Norfolk State University
B.A. – College of William and Mary

TRAINING

University of Virginia Forensic Institute
L.C.S.W. and A.C.S.W. (Virginia)

HONORS

President's Circle – HealthSouth
Special Achievement Awards – National Medical Enterprises

Julie Everett Hill, R.N.

[redacted]

Profile

I am a Registered Nurse with a current New Hampshire license, and the director of operations at a rural community health center. I enjoy the dynamic nature of community health nursing, and the opportunity it provides to view the family as a whole when planning and providing care. My interests include asthma education, mental health and nutrition.

Experience

White Mountain Community Health Center, Conway, NH

December 2014-Present: Director of Operations

Coordinate provision of all programs (Family Planning, STD/HIV, BCCSP, Prenatal, Pediatrics, Primary Care, and Teen Clinic). Supervise all clinical, medical records, and front office staff. Coordinate and ensure adequate staffing schedules for clinical staff. Assist in budget preparation as needed. Represent the health center publically at forums and events. Responsible for the implementation of electronic health record and the ongoing customization of the program to ensure appropriate documentation of patient care, meet program reporting needs and facilitate efficient staff workflow across the agency.

2011 to 2014: Director of Clinical Services

Coordinate provision of all programs (Family Planning, STD/HIV, BCCSP, Prenatal, Pediatrics, Primary Care, and Teen Clinic). Supervise all clinical staff. Coordinate and ensure adequate staffing schedules for clinical staff. Perform annual clinical staff evaluations. Assist in budget preparation as needed. Assist Medical Director when seeing patients.

2009-2011: Registered Nurse

Primary care and family planning focus, with patient population newborn through geriatric. Strong focus on patient education, including asthma education and diabetic teaching. Other roles include triage and prioritization of care and coordination of patient care with resources both within and outside of the clinic.

Memorial Hospital, North Conway, NH

June 2007-June 2010: Registered Nurse

Medical Surgical nursing care of a broad range of patients from pediatric to geriatric. Roles included assessment of care of acutely ill patients with medical, surgical and/or orthopedic diagnoses. Patient education, care planning, complete patient assessment and accurate documentation in EMR were integral parts of this position.

May 2006-June 2007: Licensed Practical Nurse

Medical Surgical and some post-partum and newborn nursing care under the supervision of a Registered Nurse.

February 2001-May 2006: LNA/Unit Secretary

Unit Secretary/LNA in fast-paced medical surgical unit. Duties included transcribing doctor's orders, managing patient records, answering and directing phone calls, assisting nurses with order entry and facilitating communication between departments.

Education

Saint Anselm College; Advanced Nursing Leadership Program: 2013

NHCTC, Berlin, NH: Associates Degree in Science, Nursing; May 17, 2007, Phi Theta Kappa Honor Society

Southern Maine Technical College, Portland, ME: Nursing Assistant Certificate 1994

University of Southern Maine: 1992-1993

Certifications and relevant continuing education include:

- North Country Health Consortium Public Health Training Center: Community Health Assessment and Improvement Modules 1-4, 2013
- Yellow Belt- LEAN Systems Training for Quality Improvement: September 2013
- Nutrition and Physical Activity Self-Assessment for Child Care (NAP SACC) consultant training certificate; June 2013
- Current BLS
- Asthma Educators Institute 2010
- Diabetes Nurse Champion, September 2008
- WIC Breastfeeding Peer Counselor Certification, November 2000

Personal/Community

Mount Washington Valley Toastmasters #3596556: President, Charter member

Swift River CrossFit: CFL1 Trainer

Her Excellency, Governor Margaret Wood Hassan
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend existing **sole source** agreements with the two (2) vendors bolded in the table below for the continued provision of primary care services, breast and cervical cancer screening services, and brief intervention and referral to treatment for alcohol and drug misuse, by decreasing the total price limitation by $32,032 from $19,129,212 to $19,097,180, effective upon the date of Governor and Executive Council approval through June 30, 2017. 100% Federal Funds.

These agreements were originally approved by Governor and Council on June 20, 2012, Item #133 and Item #127, and subsequently amended on May 8, 2014, Item #34A, and again on June 24, 2015, Item #58.

Funds in the attached financial detail are available in the accounts for SFY 2017, with authority to adjust amounts within the price limitation without approval from Governor and Executive Council.

See attachment for financial details

EXPLANATION

This package includes two (2) of sixteen (16) contracts being amended. This request is for **sole source** approval because the last amendments extended the contracts beyond the renewal period envisioned in the original contract and added to the original scope of services.

The purpose of these two amendments is to reduce Breast and Cervical Cancer Program funding in State Fiscal Year 2017 due to a reduction in available federal funds, and to adjust encumbrances between State Fiscal Years 2016 and 2017 for Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance misuse. The Screening, Brief Intervention, and Referral to Treatment services were a new requirement in SFY 2016 and SFY 2017. Due to delays in start-up of these services, not all activities planned in the first year were met. Adjusting these funds between State Fiscal Years will allow the vendors to fully perform the deliverables of these services.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

With the reduction in funds, the required number of women screened is reduced, however, breast and cervical cancer screening services will continue as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap tests and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will continue to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will continue to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, funds to support women receiving recommended breast and cervical cancer screenings may not be reimbursable to the Contractors, due to the reduction of federal funds.

Area Served: Statewide.

Source of Funds: 100% Federal Funds are being reduced from the US Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds, .CFDA #93.752, FAIN # U58DP003930.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Marcella J. Bobinsky, MPH
Acting Director
Division of Public Health Services

Katja S. Fox
Director
Division for Behavioral Health

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Primary Care Services Contract

This 3rd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #3") dated this, 14th day of October, 2016 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and White Mountain Community Health Center (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 298 White Mountain Highway, PO Box 2800, Conway, NH 03818.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #127), and subsequently amended on May 8, 2014 (Item #34A), and on June 24, 2015 (Item #58) the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to Exhibit B Amendment #2, paragraph 10, notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2, and within the Price Limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council, and

WHEREAS, the State and the Department agree to adjust budget amounts between State Fiscal Years 2016 and 2017, make changes to the scope of work, and decrease the Price Limitation within State Fiscal Year 2017, within the Completion Date.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend Form P-37, General Provisions, Block 1.8, Price Limitation, to read $1,069,810.

3. Amend Exhibit A Amendment #2 by deleting section 1.5 Breast and Cervical Screening Services and replace with

   1.5 **Breast and Cervical Cancer Screening Services** shall be provided to 32 women ages twenty-one (21) through sixty-four (64) who are:

   1.5.1. Uninsured.
   1.5.2. Underinsured.
   1.5.3. Low-income, which is defined as < 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines

PMC 10-19-16

4. Delete Exhibit B-3 Amendment #2 in its entirety and replace with Exhibit B-3 Amendment #3.
5. Delete Exhibit B-5 Amendment #2 in its entirety and replace with Exhibit B-5 Amendment #3.
6. Delete Exhibit B-6 Amendment #2 in its entirety and replace with Exhibit B-6 Amendment #3.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Item # 58

June 1, 2015

Her Excellency, Governor Margaret Wood Hassen
And the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into **sole source** amendments with the vendors listed in the table below for the provision of primary care services, breast and cervical cancer screening services and screening, brief intervention and referral to treatment for alcohol and drug misuse by increasing the total price limitation by $8,986,056 from $10,143,156 to $19,129,212 and extending the completion date from June 30, 2015 to June 30, 2017 upon Governor and Executive Council approval. 75.2% General Funds / 24.8% Federal Funds

The original contract, approved in 2012, included a two (2) year renewal option. The Department exercised a one (1) year renewal in 2014. The Department is now seeking to extend the contracts for two (2) two additional years through these sole source amendments. The Governor and Executive Council approved the original contracts and subsequent amendments as follows:

Vendor & Vendor Number	Location	G&C Approval	Amended	Current Budget	Increase/ (Decrease)	Modified Budget Amount

Please see attachment for fiscal details.

EXPLANATION

These amendments are **sole source** because the Department is renewing the contracts for two (2) additional years after exercising a one (1) year renewal option in 2014 as allowable in Exhibit C, Special Provisions, paragraph 17 of the contracts, and adding to the scope of services for community health centers that provide primary care services, statewide.

This package includes sixteen (16) of sixteen (16) contracts being amended.

Community health centers provide primary health care services that include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. These vendors deliver primary and preventive health care services to underserved people who face barriers to accessing health care due to issues such as a lack of insurance, inability to pay, language barriers and geographic isolation.

In addition to medical care, community health centers are unique among primary care providers for the array of enabling patient-centered services such as care coordination, translation services, transportation, outreach, eligibility assistance, and health education. These services assist individuals to overcome barriers to obtaining the care they need to achieve their optimal health.

Breast and cervical cancer screening services are provided as part of the preventative health care services in the community health care centers. Breast and cervical cancer screening services include clinical examinations, pap smears and referral for mammography. Through these services, individuals with abnormal test results receive additional coverage or

diagnostic work-ups and, if necessary, coordination of care from initial diagnosis through obtaining necessary treatment.

The vendors, through these amendments, will add infrastructure to provide screening, brief intervention and referral to treatment services for early identification of problematic drug and alcohol use of individuals receiving primary care services. Developing the infrastructure to provide these additional services will enable community health centers to refer those individuals who need specialized treatment to other community service agencies, which will result in optimal coordination and continuity of care.

Vendors will use funding to train staff, hire new medical assistants and/or qualified behavioral health staff necessary to institute and/or review screening, brief intervention and referral to treatment services. Staff training will include the integration of primary care and behavioral health teams to ensure program activities are conducted with fidelity to the Screening, Brief Intervention and Referral to Treatment model adopted by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration. Vendors will also purchase supplies and equipment that will be used specifically for integrating these services into everyday practices. Additionally, the vendors will utilize funding to support activities that will assist with building, modifying and/or enhancing technology based care approaches and electronic health record systems in order to include, extend, track and record these additional mental health services.

A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. This request includes three (3) vendors who provide primary care and universal screening services to homeless individuals, who otherwise would have no access to health care. These agreements provide funds to community health centers for services as a last resort. Vendors are required to make every effort to bill all other payers including but not limited to private and commercial insurances, Medicare, and Medicaid prior to billing the Department through these contracts.

Should Governor and Executive Council not authorize this request, low-income individuals statewide may not have adequate access to primary care services. Some women may not receive recommended breast and cervical cancer screenings, which would increase their risk of having an untreatable stage of cancer. Additionally, undetected alcohol and drug misuse could result in increases of alcohol and drug related accidents and deaths, which would negatively impact NH citizens.

Area Served: Statewide.

Source of Funds: 75.2% General Funds

24.8% Federal Funds (CFDA #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse. Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and White Mountain Community Health Center. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 298 White Mountain Highway, PO Box 2800, Conway, NH 03818.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #127) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,072,302
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017

10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017

11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. *Coordination of Services*

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

Contractor's Initials: RM

Date 5-15-15

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: [signature]
Date: 5-15-15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

Contractor Initials: RM

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   - 2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   - 2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   - 2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   - 6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
     - 6.1.1. Authorized expenses incurred in the prior month.
     - 6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
       - 6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
       - 6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   - 6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   - 6.3. The invoice must be submitted by mail or e-mail to:

     Financial Manager
     Department of Health and Human Services
     129 Pleasant Street
     Concord, NH 03301

     E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: Rm

Date: 5-15-15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Brook Dyer for

José Thier Montero, MD, MHCDS
Director

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
White Mountain Community Health Center

This 1st Amendment to the White Mountain Community Health Center contract (hereinafter referred to as "Amendment One") dated this 14 day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and White Mountain Community Health Center (hereinafter referred to as "the Contractor"), a corporation with a place of business at 298 White Mountain Highway, PO Box 2800, Conway, New Hampshire 03818.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $579,513

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $40,300 for SFY 2014 and $223,645 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $40,300 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $202,079 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: PMC
Date: 3-14-14

- $11,566 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;
- $10,000 from 05-95-90-901010-7965-102-500731, 100% General Funds.

Add Paragraph 8
8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

EXHIBIT A – AMENDMENT 1

Scope of Services

The Department desires to continue the relationship with the primary care agencies to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 21– 64, uninsured or underinsured. BCCP changes.

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS prior to implementation.

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 2,285 users annually with 8,598 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 65 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. Provide clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, electronic) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A. Service Requirements

1. Medical Home

The Contractor shall provide a Medical Home that:

a) Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.

b) Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, oral health, and behavioral health specialty providers.

b) Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) Nutrition assessment for all clients as part of the health maintenance visit. Therapeutic nutrition services shall be provided as indicated directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) Oral screening annually for all clients 21 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.

m) Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.

3. Breast and Cervical Cancer Screening

a) Women age 21 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) and insurance status criteria shall be provided the following services, following USPSTF screening recommendations:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

f) The Contractor shall provide the NH Breast and Cervical Cancer Program with breast and cervical cancer screening rates for all women served by the practice as requested, but not more than twice per SFY.

g) The contractor shall work with the NH Breast and Cervical Cancer Program staff to increase the breast and cervical cancer screening rates among all women serviced by the practice.

4. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate. Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

5. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) The World Health Organization (WHO) growth charts shall be used to monitor growth for infants and children birth up to age 2 years. The Centers for Disease Control and Prevention (CDC) growth charts shall be used for children age 2 years and older.

b) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

c) All children enrolled in either Medicaid, Head Start, or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a blood lead test performed.

d) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

e) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit, and a referral for the child's first visit to the dentist by age one as recommended by the American Academy of Pediatrics and the American Academy of Pediatric Dentistry.

f) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's drinking water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.

g) For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.

6. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

7. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling or other substance abuse intervention, treatment, or recovery services by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.

b) All clients, including pregnant women, identified as smokers shall receive counseling using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: A Clinician's Guide to Helping Pregnant Women Quit Smoking", American College of Obstetricians and Gynecologists, 2011. With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).

8. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule for Adults (19 years and older) by Age and Medical Condition - United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the "Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States" approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

9. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

10. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.

d) The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist (on site or by referral)

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.
   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.
   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.
   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.
   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

   a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

   b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities in the Public Health Region in which they provide services as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to participate in and coordinate public health activities as requested by the Division of Public Health Services during any disease outbreak and/or emergency, natural or man-made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that appropriate, responsive, and timely referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care Clinical and Financial, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be

completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.

2. Reviews shall include client record reviews to measure compliance with this exhibit.

3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.

4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CHILD HEALTH DIRECT CARE SERVICES
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Please note, for all measures, the following should be used **unless otherwise indicated:**

- Less than 19 years of age
- Served within the scope of this MCH contract during State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)
- Each client can only be counted once (unduplicated)

Child Health Direct (CH – D) Performance Measure #1

Measure: 92%* of eligible children will be enrolled in Medicaid

Goal: To increase access to health care for children through the provision of health insurance

Definition: **Numerator-**
Of those in the denominator, the number of children enrolled in Medicaid.

Denominator-
Number of children who meet all of the following criteria:

- Less than 19 years of age
- Had 3 or more visits/encounters** during the reporting period
- As of the last visit during the reporting period were eligible for Medicaid

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**An encounter is face to face contact between a user and a provider who exercises independent judgment in the provision of services to the individual (UDS Table Definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #2

Measure: 85%* of at-risk** children who were screened for blood lead between 18 and 30 months of age

Goal: To prevent childhood lead poisoning through early identification of lead exposure

Definition: **Numerator-**
Of those in the denominator, number of children screened for blood lead by capillary or venous on or after their 18-month birthday and prior to their 30-month birthday.

Denominator-
Number of at-risk** children who reached age 30 months during the reporting period. If discharged prior to 30 months, do not include in denominator.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.

**At risk = During the reporting period, the children were 18-29 months of age, and fit at least one of the following criteria:

- "Low income" (less than 185% poverty guidelines)
- Over 185% and resided in a town considered needing "Universal" screening per NH Childhood Lead Poisoning Prevention Program
- Over 185%, resided in a town considered "Target" and had a positive response to the risk questionnaire
- Refugee children -A refugee is defined as a person outside of his or her country of nationality who is unable or unwilling to return because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion (U.S. Citizenship and Immigration Services definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #3

Measure: 71%* of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85%ile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Goal: To increase the percent of children receiving primary care preventive health services who have an elevated BMI percentile who receive guidance about promoting a healthier lifestyle.

Definition: **Numerator-**
Of those in the denominator, the number of children who had documentation in their medical record of there being discussion at least once during the reporting period of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Denominator-
Number of children who turned twenty-four months during or before the reporting period, up to the age of nineteen years, with one or more well child visit after their twenty-fourth month of age within the reporting year, and had an age and gender appropriate BMI percentile greater than or equal to the 85 % percentile at least once during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Rationale: Children between the 85th – 94th percentiles BMI are encouraged to have 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks. (Discussion of the importance of family meal time, limiting eating out, consuming a healthy breakfast, preparing own foods, and promotion of breastfeeding is also encouraged.) American Academy of Pediatrics' guidance for Prevention and Treatment of Childhood Overweight and Obesity, (http://www.aap.org/obesity/health_professionals.html), from AAP Policy Statement: *Prevention of Pediatric Overweight and Obesity* and the AAP endorsed Expert Committee Recommendations Regarding the Prevention, Assessment, and Treatment of Children and Adolescent Overweight and Obesity, 2007.

*Target based on 2012 & 2013 Data Trend Table averages.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) #4

Measure: 75%* of eligible** infants and children with client record documentation of enrollment in WIC

Goal: To increase access to nutrition education, breastfeeding support, and healthy food through enrollment in the WIC Nutrition Program

Definition: **Numerator -**
Of those in the denominator, the number of infants and children who, as of the last well child visit during the reporting period, had client record documentation that infant or child was enrolled in WIC.

Denominator -
Unduplicated number of infants and children less than 5 years of age, enrolled in the agency, during the reporting period, who were eligible** for WIC.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**WIC Eligibility Requirements:

- Infants, and children up to their fifth birthday
- Must be income eligible (income guidelines are up to 185% of federal gross income, and are based on family size)

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #5

Measure: 23%* of infants who were exclusively** breastfed for the first three months, at their four month well baby visit

Goal: To provide optimum nutrition to infants in their first three months of life

Definition: **Numerator -**
Of those in the denominator, the number of infants who had client record documentation that the infant had been exclusively breastfed for their first three months when checked at their four month well baby visit.

Denominator -
Number of infants who received one or more visits during or before the reporting period and were seen for a four-month well baby visit during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Benmarks: 2011 PedNSS (WIC) exclusive at 3 months: NH 22.9%, National (2010) 10.7%
2013 CDC Report Card (NIS, provisional 2010 births): NH 49.5%, National 37.7%
Healthy People 2020 goal: 44%

Rationale: The AAP recommends exclusive breastfeeding for about 6 months, with continuation of breastfeeding for 1 year or longer as mutually desired by mother and infant, a recommendation concurred to by the World Health Organization and the Institute of Medicine. (American Academy of Pediatrics Policy Statement on Breastfeeding and the Use of Human Milk, 2012)

*Target based on 2012 & 2013 Data Trend Table averages.
**Exclusive means breast milk only, no supplemental formula, cereal/baby food, or water/fluids.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE: ADULT

PERFORMANCE MEASURES DEFINITIONS

State Fiscal Year 2015

Primary Care: Adult Performance Measure #1

Measure:*	58%** of adult patients 18 – 85 years of age diagnosed with hypertension will have a blood pressure measurement less than 140/90*** mm at the time of their last measurement.
Goal:	To ensure patients diagnosed with hypertension are adequately controlled.
Definition:	**Numerator-** Number of patients from the denominator with blood pressure measurement less than 140/90 mm at the time of their last measurement. **Denominator-** Number of patients age 18 – 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Measure based on the National Quality Forum 0018

**Health People 2020 National Target is 61.2%

***Both the numerator and denominator must be less that 140/90 mm

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CLINICAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: 61%* of adolescents aged 11-21 years received an annual health maintenance visits in the past 12 months.

Goal: To enhance adolescent health by assuring annual, recommended, adolescent well -visits.

Definition:

Numerator-
Number of adolescents in the denominator who received an annual health maintenance "well" visit during the reporting year.

Denominator-
Total number of adolescents aged 11-21 years who were enrolled in the primary care clinic as primary care clients during the reporting year period.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure:	31%* of women and adolescent girls aged 15-44 take multi-vitamins with folic acid.
Goal:	To enhance pregnancy outcomes by reducing neural tube defects.
Definition:	**Numerator-** The number of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid. **Denominator-** The number of women and adolescent girls aged 15-44 who were seen in primary care for a well visit in the past year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE - FINANCIAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care (PC) Performance Measure #1

Measure: Patient Payor Mix

Goal: To allow monitoring of payment method trends at State funded primary care sites.

Definition: Patients enrolled in Medicare, Medicaid, Commercial insurance, or uninsured.

Data Source: Provided by agency

Primary Care (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: AR Days: Net Patient Accounts Receivable **multiplied by** 365 **divided by** Net Patient Revenue

Data Source: Provided by agency

Primary Care (PC) Performance Measure #3

Measure: Current Ratio

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: Current Ratio = Current Assets **divided by** Current Liabilities

Data Source: Provided by agency

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRENATAL
PERFORMANCE MEASURES DEFINITIONS
State Fiscal Year 2015

Prenatal (PN) Performance Measure #1

Measure:	85%* of pregnant women who are enrolled in the agency's prenatal program will begin prenatal care during the first trimester of pregnancy.
Goal:	To enhance pregnancy outcomes by assuring early entrance into prenatal care.
Definition:	**Numerator-** Number of women in the denominator who had a documented prenatal visit during the first trimester (on or before 13.6 weeks gestation). **Denominator-** Number of women enrolled in the agency prenatal program who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Prenatal (PN) Performance Measure #2

Measure:	20%* of pregnant women who are identified as cigarette smokers will be referred to QuitWorks-New Hampshire.
Goal:	To reduce tobacco use during pregnancy through focused tobacco use cessation activities at public health prenatal clinics.
Definition:	**Numerator-** Number of women in the denominator who received at least one referral to QuitWorks-New Hampshire during pregnancy. **A referral is defined as signing the patient up for QuitWorks-NH via phone, fax, or EMR. It is <u>not defined as</u> discussing QuitWorks-NH with the patient and encouraging her to sign up.** **Denominator-** Number of women enrolled in the agency prenatal program and identified as tobacco users who gave birth during the reporting year.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Target set in consultation with the NH Tobacco Program & FY13 Data Trend Table average.

Prenatal (PN) Performance Measure #3

Measure:	79%* of pregnant women will be screened, using a formal valid screening tool, for alcohol and other substance use during every trimester they are enrolled in the prenatal program.
Goal:	To reduce prenatal substance use through systematic screening and identification.
Definition:	**Numerator-** Number of women in the denominator who were screened for substance and alcohol use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program. **Denominator-** Number of women enrolled in the agency prenatal program and who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

			Total	$315,568

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing,

receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 7,330 low-income individuals from the Northern Carroll County area may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

White Mountain Community Health Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $512,174. This represents a decrease of $196,606. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Northern Carroll County.

Source of Funds: 25.22% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 74.78% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

Subject: Primary Care Services

AGREEMENT

The State of New Hampshire and the Contractor hereby mutually agree as follows:

GENERAL PROVISIONS

Exhibit A

Scope of Services

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: White Mountain Community Health Center

ADDRESS: 298 White Mountain Highway, PO Box 2800
Conway, New Hampshire 03818
Executive Director: Patricia McMurry
TELEPHONE: 603-447-8900

The Contractor shall:

I. **General Provisions**

A) **Eligibility and Income Determination**

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 18 – 64, *uninsured or underinsured*.

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

   a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS *prior to implementation.*

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

Contractor Initials PM
Date 4-4-12

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 365 users annually with 1785 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 15 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) **Culturally and Linguistically Appropriate Standards of Care**

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. *Provide* clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) **State and Federal Laws**

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults. RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) **Relevant Policies and Guidelines**

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

Contractor Initials: RMC
Date: 4-4-12

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured,

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. *The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.*

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) **Publications Funded Under Contract**

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, *electronic*) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) **Subcontractors**

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing *and approve the subcontractual agreement*, prior to initiation of the subcontract.

Contractor Initials PM

Date 4-4-12

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A) Service Requirements

1. *Medical Home*

The Contractor shall provide a Medical Home that

a) *Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.*

b) ***Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.***

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, *oral health*, and behavioral health specialty providers.

b) ***Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.***

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) *Nutrition assessment for all clients as part of the health maintenance visit.* Therapeutic nutrition services shall be provided *as indicated* directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

Contractor Initials: [signature]
Date: 4-4-12

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) *Oral screening annually for all clients 19 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.*

m) *Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.*

2. Breast and Cervical Cancer Screening

a) Women age 18 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) *and insurance status* criteria shall be provided the following services:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. annual breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and/or the Centers for Disease Control.

Contractor Initials PM-

Date 4-24-12

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) *Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.*

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother *at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate.* Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

b) All children enrolled in either Healthy Kids-Gold or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a capillary or venous blood lead test performed.

c) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

d) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit.

e) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's *drinking* water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. *Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.*

f) *For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.*

Contractor Initials: BM

Date 4-4-12

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling *or other substance abuse intervention, treatment, or recovery services* by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. *For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.*

b) All clients, including pregnant women, identified as smokers shall receive counseling *using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline* as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: *A Clinician's Guide to Helping Pregnant Women Quit Smoking*", American College of Obstetricians and Gynecologists, 2011. *With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).*

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the *"Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States"* approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' 'Screening for Fetal Chromosomal

Contractor Initials PM
Date 4-4-12

Abnormalities (2007)' or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) *The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.*

d) *The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.*

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist *(on site or by referral)*

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse

a. A registered nurse licensed in the state of New Hampshire. Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:

a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.

b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:

a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.

b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:

a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.

b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.

c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities *in the Public Health Region in which they provide* services as appropriate. These activities enhance the integration of community-based public health

Contractor Initials RM-

Date 4-4-12

prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to *participate* in and coordinate public health activities as requested by the Division of Public Health Services during any *disease outbreak* and/or *emergency*, natural or man made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that *appropriate, responsive, and timely* referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings

2. Prenatal and Child Health Coordinators' meetings

3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.

2. Submit Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.

3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.

4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.

5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care *Clinical and Financial*, Child Health, and Prenatal Care.

Contractor Initials: PM

Date 4-4-12

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include client record reviews to measure compliance with this exhibit.
3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

Exhibit B

Purchase of Services
Contract Price

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: White Mountain Community Health Center

ADDRESS: 298 White Mountain Highway, PO Box 2800
Conway, New Hampshire 03818
Executive Director: Patricia McMurry
TELEPHONE: 603-447-8900

Vendor #174170-R001	Job #90080000	Appropriation #010-090-51900000-102-500731
	#90073001	#010-090-51490000-102-500731
	#90080081	#010-090-56590000-102-500731

1. The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during the period of the contract shall not exceed:

   $269,826 for Primary Care Services, funded from 19.95% federal funds from the US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau (CFDA #93.994) and 80.05% general funds.

   $20,000 for Primary Care Services, funded from 100% general funds.

   $25,742 for Breast and Cervical Cancer Screening, funded from 100% federal funds from the Center for Disease Control (CFDA #93.283).

TOTAL: $315,568

2. The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in the attached budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State.

3. This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the month up to an amount not greater than one-twelfth of the contract amount. Reimbursement greater than one-twelfth of the contract amount in any month shall require prior, written permission from the State.

4. Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each of the Service category budgets. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date. Said invoice shall contain a description of all allowable costs and expenses incurred by the Contractor during the contract period.

Contractor Initials: PMc
Date: 4-4-12

5. Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred in the performances of the services.

6. The Contractor may amend the contract budget for any Service category through line item increases, decreases, or the creation of new line items provided these amendments do not exceed the contract price for that particular Service category. Such amendments shall only be made upon written request to and written approval by the State. Budget revisions will not be accepted after June 20th of each contract year.

7. The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars ($300) and with a useful life beyond one year.

The remainder of this page is intentionally left blank.

Date 4-4-12

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: [signature]

Date: 4-4-12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials RM

Date 4-4-12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Contractor Initials: [signature]
Date: 4-4-12

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Date 4-4-12

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.
