COMMISSIONER OF SAFETY

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

## Requested Action

Pursuant to RSA 21-P:12-a, the Department of Safety, Division of Fire Standards and Training and Emergency Medical Services (FSTEMS), requests authorization to enter into a grant agreement with the Town of Salem (VC#177472-B004) for a total amount of \$105,519.44 for the purpose of continuing a mobile integrated healthcare (MIH) program called NH Project FIRST. Effective upon Governor and Council approval through September 29, 2020. Funding source: 100% Federal Funds.

Funding is anticipated to be available in the SFY 2020 operating budget as follows:

02-023-023-237010-44570000	Dept. of Safety – FSTEMS – 100% Nat'l Fire Academy Grant (FR-CARA)	<u>SFY 2020</u>
072-500574	Grants to Local Gov't - Federal	\$105,519.44
Activity Code: 23SAMHSA20		

## Explanation

NH Project FIRST (First responders Initiating Recovery, Support, and Treatment) is designed to use specially trained first responders to connect at-risk individuals and their support systems to treatment and other services; train at-risk individuals and their support systems on overdose emergency care including the use of naloxone; and increase the number of first responders trained to carry and administer naloxone.

Since receiving grant funding in mid-May, the Town of Salem has used current staff paid through backfill and overtime to implement a mobile integrated healthcare (MIH) program and has begun conducting outreach to at-risk individuals and their support systems. The grant funds have had a substantial impact on the community. Currently, Salem has trained 52 first responders on opioid use disorder and compassion fatigue. The opioid use disorder training provides education on recognizing and understanding opioid dependence and how to connect individuals to treatment. Compassion fatigue training educates first responders to recognize the signs and symptoms of stress and the effects on personal and professional performance. Salem has worked with two families of at risk persons to develop preventative measures to prevent overdose deaths. In addition, the town has successfully integrated with the Doorway-NH at Granite Pathways in Manchester and has had two successful referrals to treatment. With the approval of grant funds, the Town of Salem plans to work with the Doorway Program at Granite Pathways to allow for the members of their Project FIRST team to be certified as recovery coaches. This team consists of six firefighters and five police officers from their community. The recovery coach training will give these first responders a significant advantage in identifying individuals who are at risk of opioid overdose in the community and guiding them to successful treatment.

The grant listed above is funded from the FFY 2020 First Responder Comprehensive Addiction and Recovery Act, which was awarded to the Department of Safety, Division of Fire Standards and Training and Emergency Medical Services (FSTEMS) from the U.S. Department of Health and Human Services' Substance Abuse and Mental Health Services Administration (SAMHSA). The grant funds are to be used to implement the MIH program to reduce the number of opioid overdoses and opioid overdose deaths, and increase the number of at-risk individuals entering into treatment and recovery services throughout the State.

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council

Grant guidance and applications are available to all New Hampshire licensed emergency medical services (EMS) units. Subrecipients submit applications to this office, which are reviewed by FSTEMS FR-CARA Staff, the FR-CARA Advisory Committee, and approved by the FSTEMS Director. The criteria for approval are based on grant eligibility in accordance with the grant's current guidance and the documented needs of the local communities.

The First Responder Comprehensive Addiction and Recovery Act (FR-CARA) grants are 100% federally funded by SAMHSA with no match requirement. In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn  
Commissioner of Safety

4. **EFFECTIVE DATE: COMPLETION OF PROJECT.**

4.1. This Agreement, and all obligations of the parties hereunder, shall become effective on the date of approval of this Agreement by the Governor and Council of the State of New Hampshire if required (block 1.17), or upon signature by the State Agency as shown in block 1.14 ("the effective date").

5.2. The manner of, and schedule of payment shall be as set forth in EXHIBIT B.

5.3. In accordance with the provisions set forth in EXHIBIT B, and in consideration of the satisfactory performance of the Project, as determined by the State, and as limited by subparagraph 5.5 of these general provisions, the State shall pay the Subrecipient the Grant Amount. The State shall withhold from the amount otherwise payable to the Subrecipient under this subparagraph 5.3 those sums required, or permitted, to be withheld pursuant to N.H. RSA 80:7 through 7-c. The payment by the State of the Grant amount shall be the only, and the complete payment to the Subrecipient for all expenses, of whatever nature, incurred by the Subrecipient in the performance hereof, and shall be the only, and the complete, compensation to the Subrecipient for the Project. The State shall have no liabilities to the Subrecipient other than the Grant Amount. Notwithstanding anything in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made, hereunder exceed the Grant limitation set forth in block 1.8 of these general provisions.

5.4. **COMPLIANCE BY SUBRECIPIENT WITH LAWS AND REGULATIONS.** In connection with the performance of the Project, the Subrecipient shall comply with all statutes, laws regulations, and orders of federal, state, county, or municipal authorities which shall impose any obligations or duty upon the Subrecipient, including the acquisition of any and all necessary permits.

Between the Effective Date and the date three (3) years after the Completion Date, at any time during the Subrecipient's normal business hours, and as often as the State shall demand, the Subrecipient shall make available to the State all records pertaining to matters covered by this Agreement. The Subrecipient shall permit the State to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, data (as that term is hereinafter defined), and other information relating to all matters covered by this Agreement. As used in this paragraph, "Subrecipient" includes all persons, natural or fictional, affiliated with, controlled by, or under common ownership with, the entity identified as the Subrecipient in block 1.3 of these provisions

8.1. **PERSONNEL.** The Subrecipient shall, at its own expense, provide all personnel necessary to perform the Project. The Subrecipient warrants that all personnel engaged in the Project shall be qualified to perform such Project, and shall be properly licensed and authorized to perform such Project under all applicable laws. 9.1. **DATA: RETENTION OF DATA: ACCESS.** As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings,

computer programs, computer printouts, notes, letters, memoranda, paper, and documents, all whether finished or unfinished.

9.2. Between the Effective Date and the Completion Date the Subrecipient shall grant to the State, or any person designated by it, unrestricted access to all data for examination, duplication, publication, translation, sale, disposal, or for any other purpose whatsoever.

9.3. No data shall be subject to copyright in the United States or any other country by anyone other than the State.

9.4. On and after the Effective Date all data, and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason, whichever shall first occur.

9.5. The State, and anyone it shall designate, shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, all data.

10. **CONDITIONAL NATURE OR AGREEMENT.** Notwithstanding anything in this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability or continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available or appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Subrecipient notice of such termination.

11. **EVENT OF DEFAULT: REMEDIES.**

11.1. Any one or more of the following acts or omissions of the Subrecipient shall constitute an event of default hereunder (hereinafter referred to as "Events of Default"):

11.2.2 Give the Subrecipient a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the Subrecipient during the period from the date of such notice until such time as the State determines that the Subrecipient has cured the Event of Default shall never be paid to the Subrecipient; and

11.2.3 Set off against any other obligation the State may owe to the Subrecipient any damages the State suffers by reason of any Event of Default; and

11.2.4 Treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

12. **TERMINATION.**

12.1. In the event of any early termination of this Agreement for any reason other than the completion of the Project, the Subrecipient shall deliver to the Grant Officer, not later than fifteen (15) days after the date of termination, a report (hereinafter referred to as the "Termination Report") describing in detail all Project Work performed, and the Grant Amount earned, to and including the date of termination.

12.2. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Subrecipient to receive that portion of the Grant amount earned to and including the date of termination.

12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Subrecipient from any and all liability for damages sustained or incurred by the State as a result of the Subrecipient's breach of its obligations hereunder.

12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Subrecipient hereunder, the Subrecipient, may terminate this Agreement without cause upon thirty (30) days written notice.

26 Chairman Keller opened the Public Hearing at 7:06 PM.

27  
28 Manager Dillon stated that there was a memo in the packet from Fire Chief Best.

29  
30 Larry Best, Fire Chief, stated that this was about the Project First grant. The EMS Director  
31 would provide an update on where they were at with the grant and what was happening next.

32  
33 Doug Devine, EMS Director, stated that he had an update on the grant. The grant Project First  
34 grant was 100% federal funded. So far in 2019, they had 31 administrations of Narcan. The  
35 number of overdose deaths was down but mainly because they were able to get treatment in time.  
36 The majority of firefighters were trained in having a general understanding of the project. They  
37 had picked a team which had started going out with follow-up visits to people and was referring  
38 patients to treatment options. There was a CPR night coming up in August. There was also  
39 Recovery Coach Certification training coming up for team members in September. There was a  
40 community outreach session for businesses also planned for September. There were five  
41 members from the Police and five members from the Fire Department on the team with Mr.  
42 Devine serving as the team captain. It had worked well on the first few calls. Mr. Devine  
43 believed that the project would work. He covered what was coming next year including  
44 expanding the program to cover other drugs. They were hoping to have it be a model for mental  
45 health issues too. There would be a continuation of programs and community outreach. They

1 were hoping to have it be a regional program with support from the State. The team would use  
2 the response data to help track how the program worked. That was where the grant was going.

3  
4 Chairman Keller asked if there was any public comment. There was none.
