EXPLANATION

This contract is **Sole Source** due to the Covid-19 emergency. MTX will quickly deploy and Go Live with technology solutions to support and provide the essentials that the State of NH needs to begin leveraging to improve overall outreach and engagement with constituents across the state of New Hampshire.

NH's desired solution features and requirements, as they are understood today under the COVID-19 emergency, are identified below. Additional features and requirements may be introduced and prioritized by the State as the project progresses.

- Support and maintenance of the State of New Hampshire Enterprise Production site
- Enhancements for Governor's site to address COVID 19 requirements
- Enhancements for Veterans' Services to address COVID 19 requirements and data migration
- Implementation of CRM solutions to support new call centers being implemented by agencies in response to COVID 19 office closures
- Implementation of CRM solution for Public Health
- Additional support for COVID 19 related activities.

DoIT, on behalf of DHHS, requested a **Retroactive** and **Sole Source** amendment to the contract due to the Covid-19 emergency. The amendment provides the ability for the Department of Health and Human Services, Division of Public Health, to quickly implement and deploy a COVID-19 Illness Tracking and Contact Tracing System and a Public Health Inventory Tracking solution in response to the COVID-19 Pandemic. The original scope of the contract provided for the Implementation of a CRM solution for Public Health but the extent of the scope of the work was not known at the time of contract. With a detailed scope of work now in place it was necessary to increase the price limitation of the contract. MTX Group has successfully completed multiple projects for the State and has the necessary knowledge and desire to work with the State to complete these implementations.

MTX Group will provide a solution for COVID-19 Illness Tracking and Contact Tracing which includes the process of identification of persons who may have come into contact with an infected person ("contacts") and the subsequent collection of further information about these contacts. The goals of this system will be to assist in controlling the spread of COVID-19, by utilizing a system to reduce the errors made in an otherwise manual effort associated with the process of interviewing a known or suspected case and then trace back to family, friends, coworkers, neighbors and others. By tracing this information and

interviewing others that were potentially exposed the Department will be able to recommend testing, quarantine, or other treatment to slow the transmission of the virus to others.

MTX Group will also provide a Public Health Inventory Tracking System which will include the ability to enter receipt of products received from external suppliers, ability to track shipment of products to external entities, ability to maintain on-hand counts of inventory, provide a security model and testing and training.

 - II. As required by law, pursuant to the terms set forth in paragraph d. below; or

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) **Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) **Miscellaneous**

- a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. **Amendment.** Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. **Data Ownership.** The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. **Interpretation.** The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.
