REQUESTED ACTION

Authorize the Office of Strategic Initiatives (OSI) to enter into a **SOLE SOURCE** contract with Community Action Program Belknap-Merrimack Counties, Inc. (VC #177203), Concord, NH, in the amount of \$261,107.00 to supplement the Agency's Weatherization Assistance Program (WAP), effective March 27, 2019, through December 31, 2019, upon approval of Governor and Executive Council. 100% Federal Funds. (LIHEAP-US DHHS)

Funding is available in the following account, contingent upon the availability and continued appropriation of funds in the operating budget, as follows:

Office of Strategic Initiatives, Fuel Assistance

FY 2019

\$261,107.00

EXPLANATION

This contract is **SOLE SOURCE** because of the US Department of Energy's (US DOE) grant guidance (10 CFR 440.15) giving Community Action Agencies preferred status for the Weatherization Assistance Program due to their non-profit status, their role providing a range of services to clients eligible for WAP, and their historical performance delivering the weatherization program.

OSI is responsible for administering New Hampshire's statewide Weatherization Assistance Program (WAP). The objective of the program is to reduce energy consumption and the impact of energy costs in low-income households. Priority is given to the elderly, disabled, households with children, and households with high-energy usage. The funding in this contract will supplement WAP work.

The Low Income Home Energy Assistance Program (LIHEAP-US DHHS) funding will allow the Community Action Agency (CAA) to effectively and efficiently increase the number of homes receiving heating system improvements and/or full weatherization services in the program year which begins on March 27, 2019. OSI estimates that approximately thirty-three (33) additional homes will be assisted in the CAA's service area as a result of the supplemental funding.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

Jared Chicoine
Director

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the Governor and Executive Council of the State of New Hampshire, if applicable, this Agreement, and all obligations of the parties hereunder, shall become effective on the date the Governor and Executive Council approve this Agreement as indicated in block 1.18, unless no such approval is required, in which case the Agreement shall become effective on the date the Agreement is signed by the State Agency as shown in block 1.14 ("Effective Date").

3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/ PAYMENT.

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. This may include the requirement to utilize auxiliary aids and services to ensure that persons with communication disabilities, including vision, hearing and speech, can communicate with, receive information from, and convey information to the Contractor. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provisions of Executive Order No. 11246 ("Equal Employment Opportunity"), as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this

Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS. The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written notice and consent of the State. None of the Services shall be subcontracted by the Contractor without the prior written notice and consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate; and

14.1.2 special cause of loss coverage form covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than thirty (30) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each certificate(s) of insurance shall contain a clause requiring the insurer to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than thirty (30) days prior written notice of cancellation or modification of the policy.

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the Contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("*Workers' Compensation*").

15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire unless no

such approval is required under the circumstances pursuant to State law, rule or policy.

19. CONSTRUCTION OF AGREEMENT AND TERMS.

This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

New Hampshire Office of Strategic Initiatives

EXHIBIT A

Scope of Services

1. Community Action Program Belknap-Merrimack Counties, Inc., hereinafter "the Contractor," agrees to utilize the Building Weatherization Program (BWP) funds – which are the subject of this contract and which have their origin in the federal Low Income Home Energy Assistance Program (LIHEAP) – to provide eligible clients with weatherization services, including heating system repair and replacement services, which meet the requirements and standards for LIHEAP weatherization work. In addition, all work completed using BWP funds will be in accordance with the fiscal requirements of regulations set forth in 2 CFR 200 as amended, and will be guided and implemented as directed by the Office of Strategic Initiatives (OSI) in this contract and, from time to time, in BWP Subgrantee Notices or other communications. The Contractor agrees to revise BWP practices and procedures to incorporate instructions from OSI.

The Contractor agrees to incorporate changes to the NH Building Weatherization Program as prescribed by OSI to improve program delivery. Contractor further agrees to perform all weatherization services in a manner that will successfully interact with utility administered energy efficiency programs for low income households in order to provide the best collaborative services for those households.

2. This BWP contract period will commence on March 27, 2019, and will have a completion date of December 31, 2019, subject to the approval of the Governor and Executive Council.
3. BWP funds, which are the subject of this contract, shall not be expended for health and safety purposes. However, in projects where BWP money is used without any federal Weatherization Assistance Program (WAP) money involved – in other words, where there is no money for the installation of health and safety measures – then that BWP project may include the cost of incidental repair measures (see the NH Policies and Procedures Manual) if, by so doing, the cumulative SIR for the whole project is not brought down to below 1.
4. No portion of the BWP funding in this contract is set aside for training and technical assistance (T&TA). However, Contractor may choose to expend some or all of the designated administrative funds on T&TA activities. Appropriate back-up and justification for the use of those funds will be required by OSI prior to reimbursement.
5. During the contract period, the Contractor agrees to complete weatherization services on the number of units that is the result of dividing the Contractor's PY19 BWP allocation by \$8,000. OSI understands that the actual number of BWP completions will likely be greater (the average cost per unit will be less than \$8,000), and OSI expects to see monthly BWP payment requests in order to monitor BWP spending progress. Unit completions will be done to the standards and expectations presented in LIHEAP weatherization guidance.
 - a. The number of dwelling units and the amount of funds to be expended shall conform to the provisions of this contract. OSI reserves the right to review progress under this contract at any time and may utilize information from such reviews to alter dwelling unit goals and funds to be expended.

- b. All funds provided to the Contractor under this agreement must be expended by December 31, 2019.
6. Effective April 1, 2015, all work performed under the federal Weatherization Assistance Program (WAP) in New Hampshire must meet the minimum specifications defined in the US Department of Energy's "Quality Work Plan" (QWP) and the associated Standard Work Specifications (SWS). While BWP work is not subject to those same specifications directly, Contractor will manage BWP work in a manner which provides clients with weatherization outcomes similar to those achieved under WAP guidance whenever possible.
7. Client eligibility for BWP-funded weatherization work should generally be the same as for WAP-funded weatherization work: client income is to be no greater than 200% of the federal poverty guidelines (FPG). However, because the LIHEAP eligibility income ceiling is higher than the WAP ceiling (LIHEAP funds may be expended on clients with incomes at or below 60% of New Hampshire's median income, which, in 2019, is an amount higher than 200% FPG), Contractor may utilize BWP funds with clients who meet the LIHEAP income guidelines. If the project is to be in any part funded using WAP funds, then the client's income must be no greater than 200% FPG.
8. BWP money may be "leveraged" (used in combination with) any other weatherization funding source. If WAP/DOE money is used in a dwelling weatherization project, that project must be completed to WAP standards and be approved as "WAP complete, ready for reimbursement" by a certified Quality Control Inspector.
 - a. Exception: PY19 BWP dollars (the subject of this contract) may NOT be used in combination with PY18 BWP dollars or PY18 HRRP dollars on the same job. The PY18 BWP and HRRP contracts and the PY19 BWP contracts will overlap in time between March 27, 2019, and June 30, 2019. In that period, any one job can only have charges to one program year or the other – not both.
9. BWP money may be used for either full dwelling weatherization upgrades or for heating system improvements alone. Contractor is obligated under this contract to expend at least 50% of the contracted BWP amount on heating system repairs and/or replacements.
 - a. The PY19 BWP package of forms (see item 12, b, below) for reporting BWP expenditures will include the addition of columns to make clear when money was used for:
 - i. Restoration of heating services (repair or replacement of inoperable heating equipment) or for
 - ii. Prevention of heating system service loss (repair or replacement of operable equipment to avoid approaching failure) or for
 - iii. Supplementing or fully supporting a whole house weatherization project, with space to report when heating system work paid for with BWP funds is part of that whole house upgrade.
10. The maximum amount of BWP money to be spent on any one dwelling project is \$8,000. If the BWP budget for any one project must exceed that amount, a waiver must be received from OSI.
11. BWP production includes:
 - a. Weatherization upgrades which are commensurate with a work plan developed from a thorough dwelling energy audit and a TREAT model prepared by a qualified (BPI certified) Building Analyst or Energy Auditor or Quality Control Inspector who has developed the work plan (the

energy conservation measures – ECMs – to be installed) using either the “benefit/cost ratio” (B/C methodology) as defined by the utilities’ Home Energy Assistance (HEA) program or the “savings to investment ratio” (SIR) methodology as defined by the US DOE for use in WAP. The SIR methodology must be used when the project will include at least one ECM which is to be paid for with WAP funds.

- b. Final inspections which determine:
 - i. Whether the project’s work plan was appropriate and complete, taking into account the methodology – B/C or SIR – used by the energy auditor to select the ECMs to be installed, the pre-weatherization condition of the building, etc.
 - ii. Whether that appropriate work plan was fully and effectively implemented in the dwelling, providing the client with a comprehensive energy-saving weatherization outcome.
- c. In projects where BWP money is used alongside WAP money in the same dwelling, that project must be completed using the WAP rules and standards, including the installation of only those measures which individually achieve an SIR equal to or greater than 1, the use of a certified Quality Control Inspector to perform the final inspection, etc.
- d. In projects where no WAP money is involved, the final BWP inspection may be performed by a person holding a current BPI certification in at least one of the following areas: Building Analyst or Energy Auditor or Quality Control Inspector.
- e. Because BWP money is not WAP money, BWP money may be used in weatherization upgrades to dwellings which have received WAP-funded upgrades since September of 1994 by presenting a waiver request to OSI. However:
 - i. Re-weatherization should be done sparingly, remembering that there are thousands of potential clients who have received no weatherization services at all.
 - ii. Care should be taken, as always, to avoid even the appearance of favoritism.
 - iii. WAP money cannot be part of the leveraging done on re-weatherized dwellings which received the benefit of at least some WAP dollars in the first round of weatherization work done.

12. The tracking of BWP jobs will include:

- a. Contractor preparation and maintenance of a client file on every BWP job. Contractor will utilize a filing protocol which allows recovery of the file when checking future jobs against previous weatherization work performed at that address, etc. – even if no WAP money was used. Future CAP agency WAP Directors need to be able to check on weatherization work completed in dwellings, whether WAP money was used or not.
- b. The use of a separate BWP reimbursement request package/spreadsheet supplied by OSI. All jobs with any BWP money invested must be submitted for reimbursement on the BWP set of forms. If a particular job also includes the use of any WAP money, then that job will have to be submitted for WAP reimbursement as well – using the WAP reimbursement request forms already in use. Therefore, if a single weatherization job uses funds from two different weatherization funding sources managed by OSI, that job must be submitted to OSI twice in order for it to be reimbursed for the correct amount from each source.

13. This agreement consists of the following documents: a completed P-37 form, and Exhibits A, B, C, D, E, F, G, H, I, and J. All exhibits are incorporated herein by reference as if fully set forth herein.

New Hampshire Office of Strategic Initiatives

EXHIBIT B

Methods and Conditions of Payment

In consideration of the satisfactory performance of the services set forth in Exhibit A, the State agrees to pay the Contractor, Community Action Program Belknap-Merrimack Counties, Inc., up to the total sum of:

\$261,107	(which hereinafter is referred to as the "Contracted Amount"), of which
\$ 13,055	is the maximum to be spent on BWP related administrative costs,
\$248,052	(the balance) to be spent on weatherization activities (Program Activity).

Drawdowns from the total contracted amount will be paid to the Contractor only after written documentation of cash need is submitted to OSI. Disbursement of the contracted amount shall be made in accordance with the procedures established by the State and 2 CFR 200.305(b) on an advance basis; limited to minimum amounts needed; and be timed to be in accordance with the actual, immediate cash requirements of the Contractor in carrying out the purpose of the program. The Contractor must make timely payments to (sub)contractors in accordance with the contract provisions. Contractor shall submit a payment request to OSI for each month of the contract period, using the forms to be provided by OSI for that purpose. Payment requests from Contractor shall be received at OSI no later than the 15th day of each month, or the first business day following the 15th day.

Administrative costs are provided in order to support a specified number of unit completions at minimal standards. Administrative funds may be pro-rated by OSI if production unit completions do not meet expected production goals.

OSI will also be allowed, as a function of its administrative oversight, to modify contracted budget amounts as necessary to ensure the efficient and effective operation of the contract as long as these modified expenditures do not exceed the total "Contracted Amount" as specified above.

All obligations of the State, including the continuance of any payments, are contingent upon the availability and continued appropriation of funds for the services to be provided.

New Hampshire Office of Strategic Initiatives

EXHIBIT C

Special Provisions

1. 2 CFR 200, as amended, (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), 10 CFR 440 dated February 1, 2002 (Weatherization Assistance Program), the New Hampshire Weatherization Assistance Program (NHWP) State Plan, NHWP Policies and Procedures Manual (P&PM), and NHWP Field Guide are all considered part of this contract by inclusion and shall be legally binding and enforceable documents under this contract. The Office of Strategic Initiatives (OSI) reserves the right to use any legal remedy at its disposal including, but not limited to, disallowance of costs, withholding of funds, suspension of agency personnel, disbarment of agency personnel, disbarment of agencies and/or subcontractors from present or future contracts, and such other legal remedies as determined to be appropriate by the New Hampshire Department of Justice in the enforcement of rules and regulations pertaining to the Weatherization Program.
2. An audit shall be made at the end of the Contractor's fiscal year in accordance with 2 CFR 200, Subpart F - Audit Requirements. This audit report shall include a schedule of revenues and expenditures by contract or grant number of all expenditures during the Contractor's fiscal year. The Contractor shall utilize a competitive bidding process to choose a qualified financial auditor at least every four years.

The audit report shall include a schedule of prior year's questioned costs along with a response regarding the current status of the prior year's questioned costs. Copies of all management letters written as a result of the audit along with the audit report shall be forwarded to OSI within one month of the time of receipt by the Contractor accompanied by an action, if applicable, for each finding or questioned cost.
3. The following paragraph shall be added to paragraph 9 of the general provisions:

"9.4 All negotiated contracts (except those of \$5,000 or less) awarded by OSI to the Contractor shall allow OSI, DOE, Health and Human Services, the Comptroller General of the United States, or any duly authorized representatives, access to any books, documents, papers, and records of the Subgrantee or their subcontractors, which are directly pertinent to this contract for the purpose of making audits, examinations, excerpts, and transcription."
4. The costs charged under this contract shall be determined as allowable under the cost principles detailed in 2 CFR 200 Subpart E - Cost Principles.
5. Program and financial records pertaining to this contract shall be retained by OSI and the Contractor for 3 (three) years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as stated in 2 CFR 200.333 – Retention Requirements for Records.
6. The following paragraphs shall be added to the general provisions:

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER
RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS**

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Strategic Initiatives (OSI) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OSI determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OSI may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OSI agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by OSI.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by OSI, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OSI may terminate this transaction for cause or default.

 - (c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
 - (d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

***Certification Regarding Debarment, Suspension, Ineligibility and
Voluntary Exclusion - Lower Tier Covered Transactions

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statements of financial position as of February 28, 2018 and 2017, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended February 28, 2018.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 28, 2018 and February 28, 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 30, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2017, is consistent, in all material respects, with the audited financial statements from which it was derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 8, 2019, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.
