Requested Action

Authorize the Department of Health and Human Services, Office of Medicaid Business and Policy to enter into a **retroactive sole source** agreement with The Foundation for Healthy Communities (Vendor #15333) 125 Airport Road, Concord, NH 03301 for the provision of Child Birth Education Outreach and Training to providers as required by the federal Adult Medicaid Quality Grant in an amount not to exceed \$2,643.81 effective retroactive to October 1, 2015 upon Governor and Executive Council approval through December 20, 2015. 100% Federal Funds.

Funds are available in the following account in State Fiscal Year 2016.

**05-095-047-470010-79460000 HEALTH AND SOCIAL SERVICES, HEALTH AND HUMAN SVCS
 DEPT OF HHS: OFC OF MEDICAID & BUS PLCY, OFF OF MEDICAID & BUS POLICY

State Fiscal Year	Class/Object	Class Title	Current Budget
2016	102-500731	Contracts for Program Services	\$2,643.81
		Total:	\$2,643.81

Explanation

This is a **sole source** agreement because the Foundation for Healthy Communities is an affiliated organization of the New Hampshire Hospital Association which is the only organization having existing relationships with the majority of New Hampshire Hospitals. Child Birth Educators are most often associated with hospitals. This association can be leveraged to identify a list of Child Birth Educators in New Hampshire.

This is a **retroactive** agreement because the Foundation for Health Communities was not able to complete the appropriate training and outreach within the time frame of the previous contract completion date.

The purpose of this request is to provide outreach and education to providers of Child Birth Education in New Hampshire, which is a provider group that does not benefit from a formal association that offers resources and trainings on current standards and best practices. The Adult Medicaid Quality Grant provided by the Centers of Medicare and Medicaid Services, requires state to conduct two separate quality improvement projects. The reduction of Early Elective Deliveries project was selected by the Department. After review of New Hampshire's project, the Centers for Medicare and Medicaid Services required the Department to include provider education as a component of the project. This contract will allow the Department to meet federal requirements for provider education that are associated with the Adult Medicaid Quality Grant.

Through the course of this project, the Department of Health and Human Services team identified multiple resources for providers from the March of Dimes and the Northern New England Perinatal Quality Improvement Network. These resources represent current best practices and would be valuable in informing the education provided by Child Birth Educators. Child Birth Educators provide high quality up to date information in maternal health and obstetrics to pregnant women and their partners.

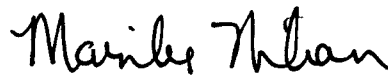

Should the Governor and Executive Council not approve this request, the Department would not meet the requirements from the Center for Medicare and Medicaid Services associated with the Adult Medicaid Quality Grant. Pregnant women and their partners may not receive information on maternal health and obstetrics which may lower various health risks to mother and child.

Area served: Statewide

Source of Funds: 100% Federal Funds

In the event that federal funds become no longer available, general funds will not be requested to support this program.

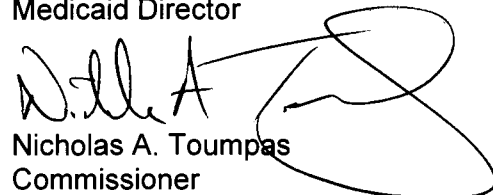

Respectfully submitted,

for

Associate Commissioner
Medicaid Director

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

FINANCIAL STATEMENTS

December 31, 2014 and 2013

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Foundation for Healthy Communities

We have audited the accompanying financial statements of Foundation for Healthy Communities (the Foundation) which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

Organization

Foundation for Healthy Communities (the Foundation) was organized to conduct various activities relating to health care delivery process improvement, health policy, and the creation of healthy communities. The Foundation is controlled by New Hampshire Hospital Association (the Association) whose purpose is to assist its members in improving the health status of the people receiving health care in New Hampshire.

1. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting in the statements of cash flows, the Foundation considers all bank deposits with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Management believes all accounts receivable are collectible. Credit is extended without collateral.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Interest and dividends are included in the excess of expenses over revenues unless they are restricted by donor or law. Realized and unrealized gains and losses on investments are excluded from the excess of revenues over expenses.

Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position and activities.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

Property and Equipment

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful lives of each class of depreciable asset and is computed using the straight-line method.

Employee Fringe Benefits

The Foundation has an "earned time" plan under which each employee earns paid leave for each period worked. These hours of paid leave may be used for vacation or illnesses. Hours earned but not used are vested with the employee and may not exceed 30 days at year end. The Foundation accrues a liability for such paid leave as it is earned.

Revenue Recognition

Grants awarded in advance of expenditures are reported as temporarily restricted support if they are received with stipulations that limit the use of the grant funds. When a grant restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as "net assets released from restriction."

Grant funds conditional upon submission of documentation of qualifying expenditures or matching requirements are deemed to be earned and reported as revenues when the Foundation has met the grant conditions.

The amount of such funds the Foundation will ultimately receive depends on the actual scope of each program, as well as the availability of funds and, accordingly, is not reasonably determinable. The ultimate disposition of grant funds is subject to audit by the awarding agencies.

Resources received from service beneficiaries for specific projects, programs, or activities that have not yet taken place are recognized as deferred revenue to the extent that the earnings process has not been completed.

Contributions of long-lived assets are reported as unrestricted support unless donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long these long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Excess of Revenues over Expenses

The statements of activities include excess of revenues over expenses. Changes in unrestricted net assets that are excluded from this measure, consistent with industry practice, include realized and unrealized gains and losses on investments.

Income Taxes

The Foundation is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

Subsequent Events

For purposes of the preparation of these financial statements in conformity with U.S. generally accepted accounting principles, the Foundation has considered transactions or events occurring through June 5, 2015, which was the date that the financial statements were available to be issued.

2. Investments

The composition of investments as of December 31, 2014 and 2013 is set forth in the following table. Investments are stated at fair value.

The amount expensed for these services in 2014 and 2013 was \$111,180 and \$103,761, respectively. In addition, the Association bills the Foundation for its allocation of shared costs. As of December 31, 2014 and 2013, the Foundation owed the Association \$49,190 and \$38,151, respectively, for services and products provided by the Association.

The Association owed the Foundation \$90,780 and \$61,115 as of December 31, 2014 and 2013, respectively, for services provided to the Association.

5. Retirement Plan

The Foundation has a 401(k) profit-sharing plan that covers substantially all employees and allows for employee contributions of up to the maximum allowed under Internal Revenue Service regulations. Employer contributions are discretionary and are determined annually by the Foundation. Retirement plan expense for 2014 and 2013 was \$43,351 and \$35,958, respectively.

6. Functional Expenses

Expenses related to services provided for the public interest are as follows:

	<u>2014</u>	<u>2013</u>

	<u>\$ 3,347,184</u>	<u>\$ 1,959,046</u>

7. Concentrations of Credit Risk

The Foundation's total cash deposits from time-to-time exceed the federally insured limit. The Foundation has not incurred any losses and does not expect any in the future.

8. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Title 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value in accordance with U.S. generally accepted accounting principles, and expands disclosures about fair value measurements.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

FASB ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Foundation's investments are measured at fair value on a recurring basis and are considered Level 1.
