Explanation

The contract is **sole source** because the software and hardware are proprietary to this vendor; therefore, only KFT Fire Trainer, LLC can maintain the T-2000 Live Fire Training System. This request is **retroactive** due to a miscommunication with the vendor regarding the expiration of the previous contract. The Division is now implementing control measures to ensure annual contracts do not lapse.

This contract provides for the annual maintenance of the T-2000 Live Fire Training Systems used for training at the Fire Academy. The annual maintenance is required in order to maintain the systems' optimum performance and efficiency. The T-2000 Live Fire Training system is utilized to train firefighters during live fire evolutions on residential structures. The structural training system utilizes a concrete building in which firefighters can train on kitchen and bedroom fire evolutions.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

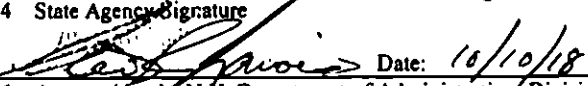

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.
