EXPLANATION

Using federal highway safety funds, the NH Highway Safety Agency proposes to enter into a tenth-year contractual agreement with the New Hampshire Fisher Cats baseball team to coordinate an advertisement campaign during their 2013 season games aimed at increasing seat belt usage. The New Hampshire Fisher Cats are exclusively responsible for managing, developing, and conducting all public relations activities related to their operation. Therefore, this is a sole source contract.

Under the terms of this contract the New Hampshire Fisher Cats will provide: 1) 8' x 24' Static, Right Field Banner, located adjacent to the video board spanning the outfield fence to the right field foul pole, will display the "Buckle Up New Hampshire" message during all home games and other ball park events. 2) 8' x 30' Concourse Tri-vision "Buckle Up New Hampshire" sign, located on the side of the sports bar atop the main concourse in left field at the ball park entrance/exit. 3) Pre and Post-game Video Board Commercial. A 15-second seat belt safety commercial featuring a Fisher Cats player will be displayed twice (pre and post game) during all home games on the 16' x 24' state-of-the-art Daktonics video board located in center field; 4) In-Game, On-Field and Video Board Promotions. One (1) seat belt education event will be conducted as a between-inning promotion during each home game. Displayed on the 16' x 24" video board, each event will feature live, public address announcements along with display of the Buckle Up New Hampshire logo before, during, and after each on-field event. 5) 2013 Fisher Cats Game Day Program will include a quarter page, color advertisement printed in each of five issues with glossy finish with a seat belt message; 6) Coupon Booklet. Contractor will create a seat belt safety message to be printed on the cover of the Fisher Cats coupon book that will be distributed to over 70,000 fans as they exit games and other events held at the ball park throughout the 2013 season; and 7) Radio Commercial. Fisher Cats radio network will feature one (1) 30-second radio commercial during the 142 home and away Fisher Cats game broadcasts. Games will also be streamed live on the Fisher Cats website.

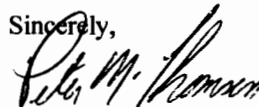

Motor vehicle crashes continue to be one of the leading causes of death and injury in New Hampshire. In the event of a crash, the use of seat belts and child safety seats reduces the possibility of death or serious injury by approximately 50 percent. As a result of public information and education efforts, New Hampshire's motoring public (drivers and occupants) will become more aware of the life-saving value of seat belts.
