This contract between NH BEA/OWO and NHLRA for the delivery of Hospitality Sector advisor services is in response to the Sector Advisor Services Request for Proposals DBEA-OWO 2019-0003 released in December 2019 (See Attachment A for RFP process details). NHLRA will work with key stakeholders from the hospitality industry to design and implement sector specific activities that support the ongoing development of employment opportunities in hospitality. This Sector is part of the NH Sector Partnerships Initiative ("SPI") which is an industry-driven, statewide initiative to help businesses in targeted industries address their workforce needs, while also helping workers prepare for and advance in careers within the industry. There are currently four industry sectors in addition to hospitality: construction, technology, healthcare and manufacturing. Sector projects are driven by partnerships that include industry employers, educational institutions, third-party training providers, workforce development entities, as well as other relevant state and local agencies. NHLRA will provide staff to serve as a Sector Advisor who will initiate hospitality sector activities and manage projects between meetings to ensure accountability and

progress toward goals. The role of the Advisor includes coordinating partnership meetings; recruiting champions in every region of the state; engaging workforce system, education and training providers, community-based organizations, and other key stakeholders in partnership meetings; accessing diverse financial resources from public, private, and philanthropic sources to support workforce services; and facilitating solutions and action steps at partnership meetings to advance progress on strategy.

## ATTACHMENT A – RFP DETAILS

### Sector Partnership Advisor Services

#### Purpose of the RFP

“Sector Partnerships Initiative” (SPI) refers to sector initiatives (also called sector partnerships) that are employer-driven partnerships of industry, education and training, and other stakeholders that focus on the workforce needs of key industries in a local labor market. Sector initiatives rely on industry champions to elevate awareness and credibility to the program. Sector Advisors engage employers and other key stakeholders to develop expertise in the industry of focus and to coordinate information and resources to develop and implement effective and coordinated workforce solutions to address industry needs.

The Department of Economic and Business Affairs, Office of Workforce Opportunity issued a Request for Proposal (RFP) on behalf of the State Workforce Innovation Board (Board). The purpose of the RFP was to identify specific organizations and/or individuals interested in providing staff to serve as Sector Partnership Advisors for one or more of the following industry clusters: Manufacturing, Hospitality, Medical, Technology and/or Construction.

Sector Advisors contribute substantially to the mission of the State Workforce Innovation Board (SWIB) by bringing together workers, employers and public/private funding to support training for occupations in key industries. Specifically, Sector Advisors focus on creating pathways to employment by building valuable partnerships with other affiliated organizations.
