Requested Action – Award a Grant

Authorize the Community Development Finance Authority (CDFA), under the Community Development Block Grant (CDBG) program, to award a grant to the City of Keene, 3 Washington Street, Keene in the amount of \$500,000.00 for the purpose of providing funds to Monadnock Economic Development Corporation to expand the manufacturing facility leased by Samson Manufacturing Corporation, upon Governor and Council approval, for the period effective May 8, 2014 through June 30, 2016. **100% federal funds.**

Explanation

The City of Keene is requesting \$500,000 in CDBG funds on behalf of Monadnock Economic Development Corporation (MEDC) and Samson Manufacturing Corporation (Samson) for the purpose of expanding the manufacturing facility leased by Samson.

Samson, a government contractor specializing in manufacturing firearms accessories, relocated to Keene from Whately, MA, in 2011. A CDBG grant facilitated this move and resulted in the creation of 25 new jobs. Samson currently leases a 20,000 s.f. building developed and owned by MEDC.

In the new project, CDBG funds will be used to expand the building by 6,000 square feet and allow Samson to increase its manufacturing capacity. The company will add 25 new full-time employees; 81% (21) of which will be available to persons from low- and moderate-income households. Match funds in the amount of \$600,000 will be provided by a \$200,000 bank loan and \$400,000 owner equity.

This Agreement allocates a portion of the Community Development Block Grant (CDBG) funds provided to New Hampshire by the U. S. Department of Housing and Urban Development (HUD). CDFA is administering this program as provided by RSA 162-L. The funds for this contract are from the Community Development Block Grant Fund, which is intended to help municipalities solve development problems.

Sincerely,

Thaddeus Kuchinski
Chief Financial Officer and Interim Executive Director

or relieve Grantee of responsibility to seek return of Grant Funds from any Subrecipient or Beneficiary where applicable.

14.4 Limitation on Grantee Liability for Subgranted Funds. Notwithstanding anything in this Agreement to the contrary and absent the presence of fraud or negligence on the part of Grantee in enforcing its rights and obligations under the terms of any subrecipient agreement, the sole obligation of Grantee with respect to the return of Grant Funds, in the event of default on a grant condition or other termination of the Project or event requiring return of Grant Funds, shall be to make a good faith effort to return to the State of New Hampshire all grant funds paid to Subrecipient through Grantee. In the event that CDFA assumes any of the obligations of Grantee as provided herein, Grantee shall pay all costs and expenses incurred by CDFA in the enforcement of the Subrecipient Agreement, collection upon any loan, mortgage or other security, or in curing any Event of Default.

14.6 Where the Grant Agreement or Subrecipient Agreement is terminated or the Project is otherwise terminated due to a default, inability to perform, or reason other than project completion and Grant Funds are required to be returned by Grantee, the disposition of Grant Funds to be returned shall be determined solely by CDFA.

EXHIBIT B

1. PROJECT COSTS; PAYMENT SCHEDULE; REVIEW BY CDFA.

1.1 **Project Costs:** As used in this Agreement, the term "Project Costs" shall mean all reimbursable costs incurred in performance of the Grant activities. "Administrative Project Costs" shall mean all expenses directly or indirectly incurred by Grantee in the performance of the Project Activities, as determined by CDFA to be eligible and allowable for payment in accordance with allowable administrative project cost standards set forth in OMB Circular A-87 as revised from time to time, and with the rules, regulations and guidelines established by CDFA. Administrative project costs include but are not limited to: preparation of environmental review, record keeping, reporting, audits and oversight of Project construction and compliance with all federal, state and local laws, rules and regulations and this contract. In no event shall Administrative Project Costs exceed fifteen (15) percent of the total Grant funds allowed. With respect to a non-profit subrecipient, such subrecipient shall meet the requirements of OMB Circular A-122.

Upon such review, CDFA shall disallow any items of expense which are not determined to be allowable or are determined to be in excess of actual expenditures, and shall, by written notice specifying the disallowed expenditures, inform Grantee of any such disallowance. If CDFA disallows costs for which payment has not yet been made, it shall refuse to pay such costs. If payment has been made with respect to costs which are subsequently disallowed, CDFA may deduct the amount of disallowed costs from any future payments under this Agreement or require that Grantee refund to CDFA the amount of the disallowed costs.

2. METHOD AND TERMS OF REIMBURSEMENT FOR PROJECT COSTS.

2.1 CDFA shall not disburse any funds for the purposes of this Project until such time as all agreements specified in Exhibit A and any other agreements or documents specified pursuant to this Agreement are fully executed and received, and where applicable, are reviewed and approved in writing by CDFA. 2.2 Timing of Payments. Upon thirty (30) days of the receipt, review, and approval by CDFA of financial reports and requests for reimbursement from Grantee specifying all Project Costs incurred, CDFA agrees to reimburse Grantee for Project Costs, except that reimbursement may be withheld until CDFA determines that a particular project activity or portion of the project activity hereunder has been satisfactorily completed.

2.3 Disbursement of funds by CDFA does not constitute acceptance of any item as an eligible Project Cost until all Project Costs have been audited and determined to be allowable costs.

3. REQUIRED DOCUMENTATION FOR DISBURSEMENT OF GRANT FUNDS.

3.1 Reimbursement requests for all Project Costs, including Administrative Project Costs, Delivery Costs and Subrecipient costs, shall be accompanied by proper supporting documentation in the amount of each requested disbursement along with a payment request form as supplied by CDFA, which shall be completed and signed by Grantee. 4.5 Transfers over ten percent of the full value of the grant from one approved activity to other approved activities or outside the target area, or the addition of one or more new activities requires an amendment to this grant agreement. Grantee shall hold a public hearing in accordance with RSA 4: C: 14 II(b) submitting a request for an amendment involving twenty-five (25) percent or more of the full value of the grant.

4.6 Up to \$25,000 of Grant Funds may be applied by the Grantee for administrative costs in carrying out the requirements of this Agreement.

4.7 Up to \$475,000 of grant funds may be subgranted to Subrecipient for the purpose of Commercial/Industrial: Building Acquisition, Construction or Rehabilitation, pursuant to the requirements of this Agreement.

APPLICANT: City of Keene
SUBRECIPIENT(s): Monadnock Economic Development Corporation
PROJECT NAME: Samson Manufacturing Expansion
PROJECT LOCATION: 4 Forge Street, Keene, NH
PROJECT TYPE: Real Estate Expansion in support of Economic Development
REQUEST: \$500,000

PROJECT SUMMARY

The City of Keene is requesting \$500,000 in CDBG funds on behalf of Monadnock Economic Development Corporation (MEDC) and Samson Manufacturing Corporation (Samson) for the purpose of expanding the manufacturing facility leased by Samson.

Samson currently leases a 20,000 sq ft building developed and owned by MEDC. The company, a government contractor, specializes in contract machine work in addition to its own products, primarily weapons accessories. The company relocated to Keene from Whately, MA, in 2011 to double its work space and increase its employment for purposes of obtaining more government contracts and developing more of its own products. A CDBG grant facilitated this move and resulted in the creation of 25 new jobs at that time.

In the new project, CDBG funds will be used to expand the current building by 6,000 sq ft. This will allow Samson to increase its manufacturing capacity and diversify its product offerings. The company will add 25 new full-time employees. The company has committed to filling at least 81% (21) of the new positions with persons from low- and moderate-income households.

Total Sources \$	\$500,000	\$200,000	\$400,000	\$1,100,000

Match: 1.2:1

Cost per job: \$20,000

BUSINESS DESCRIPTION

Scott Samson founded the company in 1994 as a machine shop supplying area businesses with parts and components. A sole proprietorship, it operated out of a small garage at the start. The business grew steadily and eventually needed larger garage space and more CNC (computer numerical control) machines. Scott and his wife, Cathleen, still own the business and serve as President and Vice-President, respectively.

The company continued to grow, expanding its operations from Hatfield, MA to Whately, MA in 2000. During this time it also expanded its government contracting business to include such specialty items as Cruise Missile engine containers and tool kits for the M1A1 Tank. Samson invented a hand guard system for the M4/M16 rifle that became a commercial success, fueled further expansion of the business, and created more jobs. They moved to Keene in 2011.

Samson continues to develop products and introduce them to the military and commercial markets by means of trade show exposure, a domestic and international dealer/distributor network, and its website (www.samson-mfg.com). Today, the company has more than 100 of its own products, six patents (with more pending), sales of \$8.8M, more than 30 employees, and is profitable.

RISK ASSESSMENT

A review of this application indicates a relatively low risk for the requested funds. The company is very stable, has a long track record of success (including prior CDBG job creation), and continues to expand its product offerings to both commercial and government markets. The CDBG funds will be used to expand the MEDC-owned 4 Forge Street commercial building, thus allowing Samson to grow without having to move to another facility or out of the area. Should Samson cease to occupy this building, the commercial space remains available to the local economy, thereby safeguarding the investment of public funds.

PUBLIC BENEFIT

In addition to helping maintain a valuable business in the Keene area, this project will create at least twenty-five (25) new, full-time manufacturing jobs with good pay and benefits. The proposed jobs offer starting pay approximately 5% above the average entry wage for comparable jobs in the Labor Market Area, and come with substantial fringe benefits including health/dental/vision insurance, paid time off (PTO), paid holidays, and a 401k retirement plan with employer contribution. Samson has committed to filling twenty-one (21) of the new jobs with persons from low- and moderate-income households.

BENEFIT OF THE PROJECT: BUSINESS AND ECONOMIC DEVELOPMENT ENTITY

Samson Manufacturing will benefit from this project by virtue of the fact that it can remain at its present location, even as it grows into its next phase of development. It will save the cost of having to find new space, move, and suffer possible production down time in the process.

MEDC will benefit by having a larger building in its portfolio. The new lease payment of \$172,000 per year for the expanded 26,000 sq ft building covers the debt service on the entire building as well as any operating costs which are the responsibility of MEDC. The new lease also allows for the net return of approximately 3% on the new CDBG funds invested in the project that MEDC will use to maintain staff and cover operational overhead at MEDC.
