EXPLANATION

This project is part of the Turnpike Capital Improvement Program. The purpose of this project is to comply with Senate Bill 367 (2014 Session) which requires the removal of the Exit 12 NB off and SB on ramp toll plazas. The work involves removal of the toll plaza canopy, structural supports, toll booths, concrete islands, and repair and paving of the concrete roadway slab. In addition, the toll plaza tunnel will be secured and the plaza buildings will be decommissioned.

Page 2

The contingency amount is proposed to be 5% of the contract amount due to the potential for unanticipated repair work resulting from the plaza demolition.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Specifically, the following efforts are proposed under this project:

- Removal of the toll plaza canopy, structural supports, toll booths and concrete islands.
- Repair of concrete roadway slab, placement of membrane and pavement over concrete slab.
- Securing of tunnels and decommissioning of plaza buildings.
- Reduction of ramp lighting consistent with DOT policy.
- All toll plaza removal efforts will be done within the Turnpike's right-of-way.

FEDERAL FUNDING: 0% (100% Turnpike Funded)

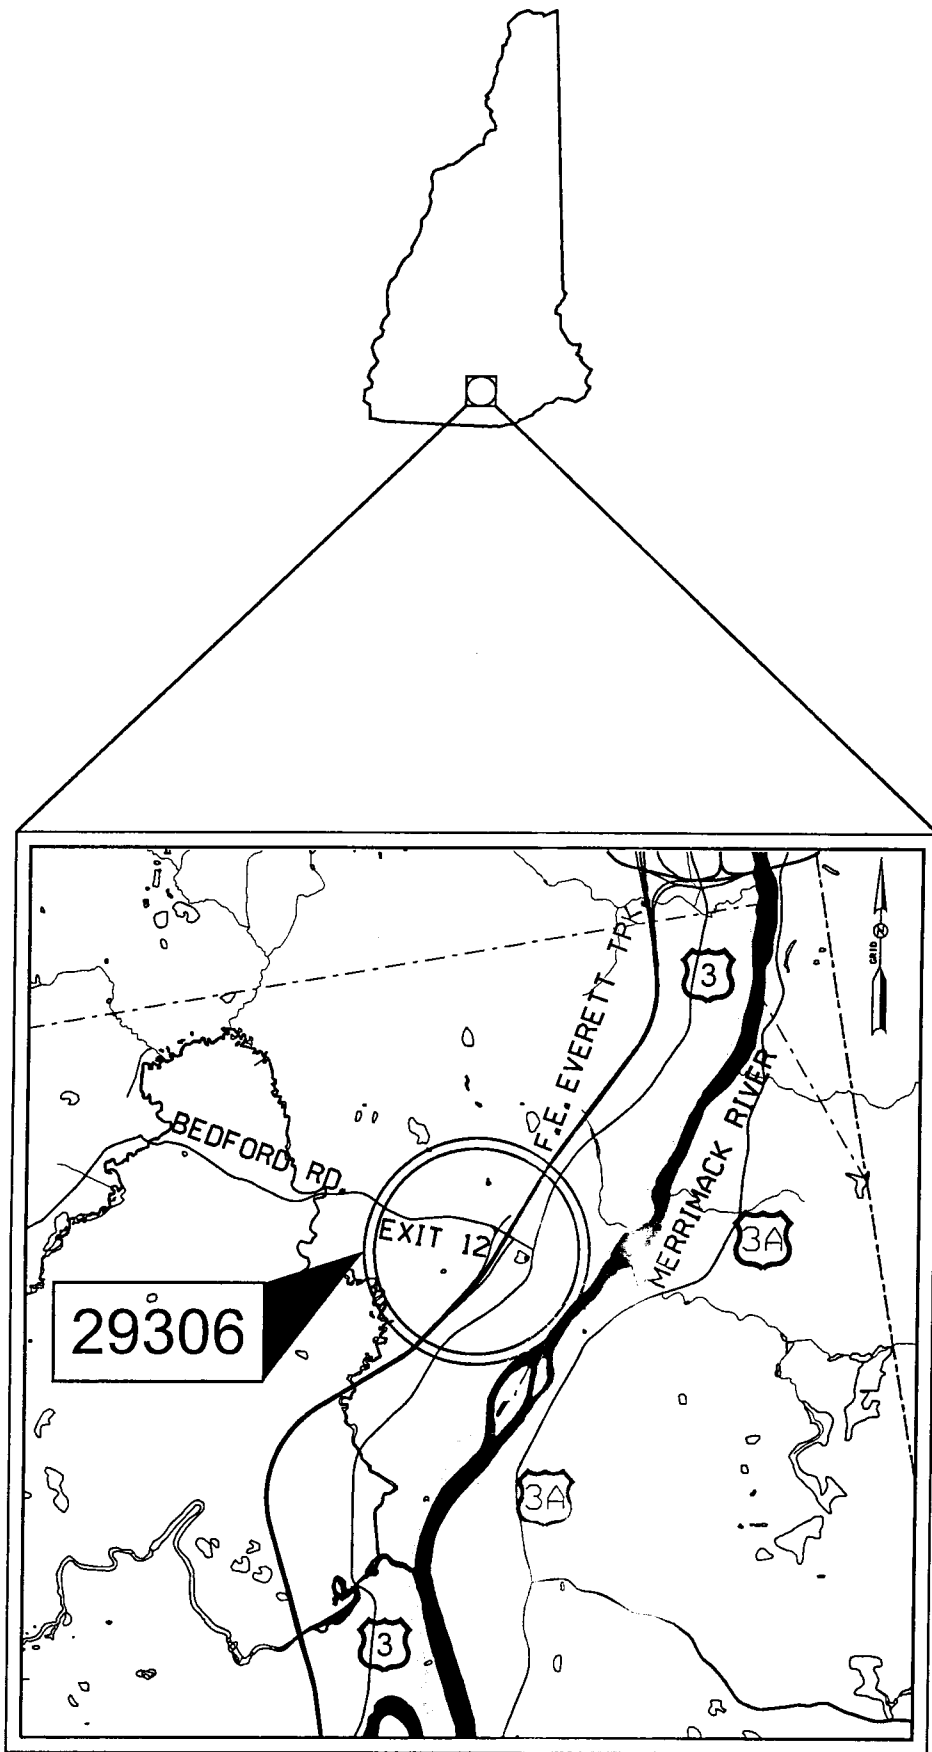

CONTINGENCY: The contingency amount is proposed to be 5% of the contract amount due to the potential for unanticipated repair work resulting from the plaza demolition.

PROJECT INITIATED: Under the Bureau of Turnpikes Capital Improvement Program

EXPLANATION: The purpose of this project is to comply with Senate Bill 367 (2014 Session) which requires the removal of the Exit 12 NB Off and SB On Ramp toll plazas.

TRAFFIC IMPLICATIONS: The removal of each plaza will be completed in a two-phase operation behind temporary concrete barriers with traffic to be reduced to a single 20' lane along the ramp.
