REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Economic & Housing Stability, to enter into a **sole source** contract with Pero Consulting Group, LLC, Vendor # 273282, of 371 Beech Hill Road Campton, New Hampshire 03223, to create a data model for caseload and budget forecasting for the Department's Temporary Assistance for Needy Families (TANF) program, in an amount not to exceed \$24,999, effective July 1, 2018 or the date of Governor and Council approval, whichever is later, through November 30, 2018. 100% Federal Funds.

Funds are available in the following account for State Fiscal Year 2019.

		Total	\$24,999

EXPLANATION

The purpose of this **sole source** contract is to obtain a data model that will allow the Department to better forecast the Temporary Assistance for Needy Families (TANF) program caseload changes, using economic and social indicators that can affect the TANF caseload and the Department's ability for long-term budgetary and planning purposes using TANF funds. Patrick Miller, the founder and principal of Pero Consulting Group, LLC, has a 26-year career focused on healthcare and social policy across private, nonprofit, education and government sectors. His unique and varied work and volunteer experience, and related skills development, enables him to identify the social and economic issues most associated with poverty, which influences the utilization of the TANF program.

Patrick Miller has many years of consulting arrangements with the Department, the majority of which were with the NH Institute for Health Policy and Practice at UNH, where he was employed as a research faculty member from September of 2006 through September of 2013. During Patrick's work

with the Department, his projects ranged from policy analysis, survey analysis, data analysis, and project management services. Patrick Miller has a Master of Public Health degree from the University of New Hampshire. His coursework included health policy, financing, and statistics. He currently manages monthly workforce trend reporting for the state's community mental health system and the state's area agency system. He has strong research and facilitation skills.

To fulfill the responsibilities under this contract, Pero Consulting Group LLC will develop a TANF caseload forecasting model, research and review data models from other states, conduct an agency data review, and conduct interviews with Department staff and stakeholders.

Should the Governor and Executive Council not authorize this Request, the Department's ability to accurately forecast future TANF caseload impacts will be diminished, which will affect the Department's ability for long-term budget planning using TANF funds. There is a desire by the New Hampshire Legislature to identify available TANF reserve funds and this data model will assist in identifying caseload trends and demands on a projected TANF budget.

Area served: Statewide.

Source of Funds are 100% Federal Funds from the U.S. Department of Health and Human Services, Administration for Children and Families, Temporary Assistance for Needy Families, Catalog Federal Domestic Assistance #93.558.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted

Associate Commissioner

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
