d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) ***Nutrition assessment for all clients as part of the health maintenance visit.*** Therapeutic nutrition services shall be provided ***as indicated*** directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

Contractor Initials: SB
Date: 6-5-12

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) *Oral screening annually for all clients 19 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.*

m) *Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.*

n) Breast and cervical cancer screening directly or by referral to an agency or provider with a sliding fee scale using screening guidelines from a nationally accepted organization.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) *Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.*

e) Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother *at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate.* Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

Contractor Initials: SB

Date: 6-5-12

a) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

b) All children enrolled in either Healthy Kids-Gold or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185%_poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a capillary or venous blood lead test performed.

c) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

d) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit.

e) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's *drinking* water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. ***Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.***

f) ***For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.***

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling *or other substance abuse intervention, treatment, or recovery services* by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. ***For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.***

Contractor Initials: SB
Date: 6-5-12

b) All clients, including pregnant women, identified as smokers shall receive counseling *using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline* as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: *A Clinician's Guide to Helping Pregnant Women Quit Smoking*", American College of Obstetricians and Gynecologists, 2011. *With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).*

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the *"Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States"* approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) *The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.*

d) *The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.*

Contractor Initials: SB
Date: 6-5-12

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist *(on site or by referral)*

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.

   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.

   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:

   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.

Contractor Initials: SB

Date: 6-5-D

b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.

c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities *in the Public Health Region in which they provide services* as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to *participate* in and coordinate public health activities as requested by the Division of Public Health Services during any *disease outbreak* and/or *emergency*, natural or man made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that *appropriate, responsive, and timely* referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

Contractor Initials: SB
Date: 6-5-12

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Submit Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care *Clinical and Financial*, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.
2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.
3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.
4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

Contractor Initials: SB
Date: 6-5-12

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include client record reviews to measure compliance with this exhibit.
3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

Date: 6-5-12

NH Department of Health and Human Services

Exhibit B

Purchase of Services
Contract Price

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: **Mid-State Health Center**

ADDRESS: **101 Boulder Point Drive, Suite 1**
Plymouth, New Hampshire 03264
Chief Executive Officer: **Sharon Beaty**
TELEPHONE: **603-536-4099**

Vendor #158055-B001 Job #90080000 Appropriation #010-090-51900000-102-500731

1. The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during the period of the contract shall not exceed:

   $234,350 for Primary Care Services, funded from 19.95% federal funds from the US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau (CFDA #93.994) and 80.05% general funds.

TOTAL: $234,350

2. The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in the attached budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State.

3. This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the month up to an amount not greater than one-twelfth of the contract amount. Reimbursement greater than one-twelfth of the contract amount in any month shall require prior, written permission from the State.

4. Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each of the Service category budgets. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date. Said invoice shall contain a description of all allowable costs and expenses incurred by the Contractor during the contract period.

5. Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred in the performances of the services.

6. The Contractor may amend the contract budget for any Service category through line item increases, decreases, or the creation of new line items provided these amendments do not exceed the contract price for that particular Service category. Such amendments shall only be made upon written request to and written approval by the State. Budget revisions will not be accepted after June 20th of each contract year.

Contractor Initials: SB
Date: 4-4-2012

7. The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars ($300) and with a useful life beyond one year.

The remainder of this page is intentionally left blank.

Contractor Initials: SB

NH Department of Health and Human Services

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: SB
Date: 4-4-12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: BB
Date: 4-4-12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Contractor Initials: SB

Date: 4-4-12

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: 4-4-12

Date: 4-4-12

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,
129 Pleasant Street
Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

   (b) Establishing an ongoing drug-free awareness program to inform employee's about:

      (1) The dangers of drug abuse in the workplace;
      (2) The grantee's policy of maintaining a drug-free workplace;
      (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
      (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

   (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

   (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

      (1) Abide by the terms of the statement; and

Contractor Initials: SB
Date: 4-4-12

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)
- 101 Boulder Point Drive, Suite 1, Plymouth, NH 03264
- 859 Lake Street, Bristol, NH 03222

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

Contract Period: **7/1/12** or date of G&C Approval, whichever is later, through **6/30/14**

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", "provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Contractor Initials: SB

Date: 4-4-12

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The New London Hospital Association, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 273 County Road, New London, NH 03257.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #129) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,075,342
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   - 2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   - 2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   - 2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   - 6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
     - 6.1.1. Authorized expenses incurred in the prior month.
     - 6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
       - 6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
       - 6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   - 6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   - 6.3. The invoice must be submitted by mail or e-mail to:

     Financial Manager
     Department of Health and Human Services
     129 Pleasant Street
     Concord, NH 03301

     E-mail: dphscontractbilling@dhhs.state.nh.us

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

NEW LONDON
HOSPITAL

THE NEW LONDON HOSPITAL ASSOCIATION, INC.

VISION STATEMENT

New London Hospital is a community hospital committed to safe quality care in a patient and family centered care environment resulting in a healthier community.

MISSION STATEMENT

New London Hospital provides safe quality care for every patient, every time in partnership with patients, families and healthcare providers.

VALUES

- Care and respect for all people
- Partnership with patients and families
- Informed decision-making
- Integrity
- Commitment to continuous improvement
- Service excellence
- Compassion
- Accountability
- Commitment to our community
- Transparent communication
- Teamwork
- Financial responsibility
- Charity care

PATIENT AND FAMILY CENTERED PHILOSOPHY OF CARE

Every patient at New London Hospital is part of a unique family unit with its own strengths and capabilities. We respect the importance of the family, as defined by the patient, and encourage family involvement and support in patient care. We believe in partnering with each patient and family to give the highest quality of care to each patient. Our philosophy of care includes these values:

- View families as partners who contribute to the well being of patients
- The patient's family, as defined by the patient, is an important part of the healthcare team.
- Support quality of care and patient satisfaction by partnering with patients and families for all levels of care
- Respect for the diversity of patient families
- Share complete and unbiased information with patients and families, with the patient's consent
- Provide a healing environment for patients and families

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
The New London Hospital Association, Inc. and Subsidiaries

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of The New London Hospital Association, Inc. and Subsidiaries (the Association), which comprise the consolidated balance sheet as of June 30, 2014 and the related consolidated statements of operations, changes in net assets, and cash flows for the nine month period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The New London Hospital Association, Inc. and Subsidiaries as of June 30, 2014, and the results of their operations, changes in their net assets and their cash flows for the nine month period then ended, in accordance with U.S. generally accepted accounting principles.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedules 1 and 2 are presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations of the individual organizations, and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

1. Organization

The New London Hospital Association, Inc. (the NLHA) and Subsidiaries (the Association) is a not-for-profit organization providing inpatient, outpatient and extended care services to residents of Merrimack and Sullivan counties, New Hampshire. Kearsarge Community Services, Inc. (Kearsarge), a taxable corporation which owns and operates a medical office building, is a wholly-owned subsidiary of the Association. New London Medical Center East, Inc. (NLMCE), a taxable corporation which operates a building, is a wholly-owned subsidiary of the Association.

Effective October 1, 2013, the Association became a subsidiary of Dartmouth-Hitchcock Health. Dartmouth-Hitchcock Health is also the parent company of Mary Hitchcock Memorial Hospital and the Dartmouth-Hitchcock Clinic and was formed as an integrated health system designed to efficiently coordinate resources, expand access to specialized services and research, and enhance the value and quality of care in communities throughout New Hampshire and Vermont. As a result of the affiliation, the Association has changed its fiscal year from September 30 to June 30.

The transaction was accounted for as an acquisition in accordance with Accounting Standards Update No. 2010-07, *Not-for-Profit Entities: Mergers and Acquisitions*, which requires the assets and liabilities of the Association to be accounted for at fair value as of the date of the acquisition. The adjustments to fair value of the assets and liabilities were recognized as a contribution of net assets as part of nonoperating gains as of the acquisition date. As of October 1, 2013, the adjustments to each major class of assets and liabilities to reflect fair value were as follows:

Property and equipment	$ 8,124,000
Deferred financing costs	(293,000)
Trade name included in other assets	2,200,000
Estimated third-party payor settlements	(3,334,000)
Contribution of net assets	$ 6,697,000

As of October 1, 2013, the fair value of property and equipment is based on the cost approach and market (comparable sales) approach and considered Level 2, as described in Note 19. The fair value of the trade name is based on an income approach and considered Level 3. The fair value inputs of long-term debt are considered Level 1, since the NHHEFA Revenue Bonds were issued near the date of the affiliation with Dartmouth-Hitchcock Health. The fair values of trade accounts receivable and payable, pledges receivable, and capital lease obligations approximate their carrying values at October 1, 2013 and are considered Level 3 assets and liabilities. Estimated third-party payor settlements were adjusted based on addtional information on the State of New Hampshire's disproportionate share payments to hospitals, and prior deferred financing costs were adjusted as a result of the new NHHEFA Revenue Bonds. Both third-party payor settlements and deferred financing costs are considered Level 3. Cash and cash equivalents are considered Level 1.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of the Association and its subsidiaries. Significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all bank deposits, certificates of deposits, and short-term investments that have a maturity of three months or less when purchased. Cash and cash equivalents exclude amounts whose use is limited by Board designation or under revenue bond agreements.

Patient Accounts Receivable

Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable.

The Association's allowance for doubtful accounts for self-pay patients increased from 85% of self-pay accounts receivable at October 1, 2013, to 86% of self-pay accounts receivable at June 30, 2014. In addition, the Association's self-pay accounts receivable decreased from approximately $1,670,000 at October 1, 2013 to $1,422,000 at June 30, 2014. The Association has not changed its free care or uninsured discount policies during 2014. The Association does not maintain a material allowance for doubtful accounts from third-party payors, nor did it have significant write-offs from third-party payors. The Association recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of contractual rates for the service rendered. For uninsured patients that do not qualify for free care, the Association recognizes revenue on the basis of its standard rates for services provided (or on the basis of discounted rates, if negotiated or provided by policy). On the basis of historical experience, a portion of the Association's uninsured patients will be unable to or unwilling to pay for the services provided. Thus, the Association records a significant provision for bad debts related to uninsured patients in the period the services are provided.

Supplies

Supplies are carried at the lower of cost (determined by the first-in, first-out method) or market.

Assets Limited as to Use

Assets limited as to use primarily include investments set aside by the Board of Trustees for future purposes, over which the Board retains control, and which it may at its discretion subsequently use for other purposes.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheet. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the excess of revenues, gains, and other support over expenses and nonoperating gains pursuant to the fair value option under ASC Topic 825, unless the income or loss is restricted by donor or law.

Property and Equipment

Property and equipment acquisitions are recorded at cost or, if contributed, at fair market value determined at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. The Association's policy is to capitalize expenditures for major improvements and charge maintenance and repairs currently for expenditures that do not extend the lives of the related assets. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the asset's estimated useful life. Such amortization is included in depreciation and amortization in the financial statements.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support, and are excluded from the excess of revenues, gains, and other support over expenses and nonoperating gains, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Deferred Financing Costs

The costs incurred to obtain long-term financing are being amortized by the straight-line method, which approximates the effective interest method, over the repayment period of the related debt.

Interest Rate Swap

The Association uses an interest rate swap contract to mitigate the cash flow exposure of interest rate movements on variable-rate debt. The Association has adopted Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 815, *Derivatives and Hedging*, to account for its interest rate swap contract. The interest rate swap is not considered a cash flow hedge and thus the change in value is included in nonoperating gains (losses).

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Association has been limited by donors to a specific time period or purpose. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statement of operations as net assets released from restrictions.

Permanently restricted net assets have been restricted by donors to be maintained by the Association in perpetuity. Income earned on permanently restricted net assets, including net realized appreciation on investments, is included in the consolidated statement of operations as unrestricted resources or in the consolidated statement of changes in net assets as a change in temporarily restricted net assets in accordance with donor-intended purposes.

Excess of Revenues, Gains, and Other Support Over Expenses and Nonoperating Gains

The statement of operations include the excess of revenues, gains, and other support over expenses and nonoperating gains. Changes in unrestricted net assets that are excluded from this measure, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions that by donor restriction were to be used for the purposes of acquiring such assets).

Net Patient Service Revenue

The Association has agreements with third-party payors that provide for payments to the Association at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, fee schedules and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors, including Medicare and Medicaid. Retroactive adjustments are accrued in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Charity Care

The Association has a formal charity care policy under which patient care is provided without charge or at amounts less than the established rates to patients who meet certain criteria. Because the Association does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Employee Fringe Benefits

The employees of the Association participate in an "earned time" plan under which each employee earns paid leave for each period worked. These hours of paid leave may be used for vacations, holidays, or illnesses. Hours earned, but not used, are vested with the employee. The Association accrues the cost of these benefits as they are earned up to 300 hours.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Association are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. Pledged intentions to give are recorded as receivables when received net of an estimated uncollectible allowance and present value discount. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets.

Income Taxes

The NLHA is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code, and is exempt from federal income taxes on related income. Kearsarge and NLMCE are for-profit organizations and, in accordance with federal and state tax laws, file separate returns from that of the NLHA. Taxes were not material in 2014.

Functional Expenses

The Association provides general health care services to residents within its geographic location, including inpatient, outpatient, long-term, and emergency care. Expenses related to providing these services for the nine month period ended June 30, 2014 are:

Health care services	$35,733,591
General and administrative	8,657,759
Fundraising	187,085
	$44,578,435

Subsequent Events

For purposes of the preparation of these financial statements, management has considered transactions or events occurring through November 6, 2014, the date which the financial statements were issued.

3. Patient Service Revenue (Net of Contractual Allowances and Discounts)

The following summarizes patient service revenue (net of contractual allowances and discounts) for the nine month period ended June 30, 2014:

Gross patient service revenue	$73,732,901
Less contractual allowances and other revenue deductions	32,384,268
Patient service revenue (net of contractual allowances and discounts)	$41,348,633

Revenue net of discounts related to self-pay patients was approximately $3,734,000 for the nine month period ended June 30, 2014.

The Association has agreements with third-party payors that provide for payments to the Association at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare

Effective April 1, 2003, the NLHA was granted Critical Access Hospital (CAH) status. Under CAH, the NLHA is reimbursed 101% of reasonable allowable cost for its inpatient acute, swing bed, and outpatient services, excluding ambulance services and inpatient hospice care, provided to Medicare patients. The NLHA is reimbursed at tentative interim rates for cost reimbursable items with final settlement determined after submission of annual cost reports by the NLHA and audits thereof by the Medicare fiscal intermediary.The nursing home is not impacted by the CAH designation. Medicare has implemented a prospective payment system for skilled nursing facilities. Providers of care to skilled nursing facility residents eligible for "Part A" Medicare benefits are paid on a prospective basis, with no retrospective settlement. The prospective payment is based on the scoring attributed to the acuity level of the resident at a rate determined by federal guidelines. The NLHA's Medicare cost reports have been audited and settled through September 30, 2010. The physician practices owned by the NLHA are designated as provider-based.

Effective January 1, 2013, the NLHA began participating in Dartmouth-Hitchcock's Pioneer Accountable Care Organization, a Medicare shared savings program initiative. The Association must meet or exceed established quality measures in order to receive any savings. The Association may have a negative shared savings if quality measures are not met. No savings or negative shared savings have been reported to the NLHA since its participation.

Medicaid

Inpatient services rendered to Medicaid program beneficiaries are reimbursed at prospectively determined per diem rates. The prospectively determined per diem rates are not subject to retroactive adjustment. Outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology. The NLHA is reimbursed at a tentative

rate with final settlement determined after submission of annual cost reports by the NLHA and audits thereof by the fiscal intermediary. The NLHA's skilled nursing facility is reimbursed on a prospectively determined per diem rate. The NLHA's Medicaid cost reports have been audited by the fiscal intermediary through September 30, 2010.

Anthem Blue Cross

The NLHA also maintains contracts with Anthem Blue Cross and various other payors which pay the NLHA for services based on charges with varying discounts, on a per diem basis, or fee schedules.

Revenue from the Medicare and Medicaid programs accounted for approximately 48% and 8%, respectively, of the Association's patient service revenue for the nine month period ended June 30, 2014. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Association believes that it is in compliance with all laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action, including fines, penalties and exclusion from the Medicare and Medicaid programs. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in net patient service revenue in the year that such amounts become known. Net patient service revenue increased approximately $970,000 for the nine month period ended June 30, 2014 due to prior year retroactive adjustments in excess of amounts previously estimated and changes in prior year estimates.

Medicaid disproportionate share hospital (DSH) payments provide financial assistance to hospitals that serve a large number of low-income patients. The federal government distributes federal DSH funds to each state based on a statutory formula. The states, in turn, distribute their portion of the DSH funding among qualifying hospitals. The states are to use their federal DSH allotments to help cover costs of hospitals that provide care to low-income patients when those costs are not covered by other payors. The State of New Hampshire's distribution of DSH monies to the hospitals is subject to audit by the Centers for Medicare and Medicaid Services. Amounts recorded by the Association are therefore subject to change. The DSH payments amounted to $1,552,500 for the nine month period ended June 30, 2014, and are recorded as an increase in net patient service revenue.

The NLHA pays a net patient service revenue tax of 5.5%, which amounted to $1,852,497 for the nine month period ended June 30, 2014, and which is recorded as an operating expense.

4. Charity Care

The Association provides services without charge, or at amounts less than its established rates, to patients who meet the criteria of its charity care policy. The criteria for charity care consider family income, net worth and the federal poverty income guidelines.

The Association estimates the costs associated with providing charity care by calculating a ratio of total costs to total gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for charity care. The net cost of charity care provided was approximately $1,329,000 for the nine month period ended June 30, 2014. The net cost of charity care is determined by the total charity care cost less any patient-related revenue due to sliding-scale payments or other patient-specific sources, which were $31,378 in 2014.

In addition to the charity care identified above, the Association does not receive full payment from the Medicaid program for the cost of services to certain low income and elderly patients served through traditional inpatient and outpatient services. The Association incurred $1,007,000 of costs in excess of payments, based on an overall financial statement cost to charge ratio, during the nine month period ended June 30, 2014.

5. Investments

The composition of investments was as follows as of June 30, 2014:

Assets limited as to use by the Board of Trustees	
Cash and cash equivalents	$ 129,838
Mortgage backed securities	309,780
U.S. Treasury obligations	741,872
Marketable equity securities	6,315,266
Corporate bonds	2,010,558
International bonds	1,005,618
	$ 10,512,932
Long-term investments	
Cash and cash equivalents	$ 227,464
Equity mutual funds	20,716
Fixed income mutual funds	31,294
	$ 279,474

Assets limited as to use were designated for the following:

By Board of Trustees:	
Property and equipment reserve	$ 661,266
Depreciation reserve	271,234
Long-term investment purposes	9,580,432
Total assets limited as to use	$ 10,512,932

Investment performance for the nine month period ended June 30, 2014 was as follows:

Investment income	
Interest and dividend income	$ 278,562
Investment fees	(47,068)
	231,494
Realized gains on sales of securities	618,943
Change in unrealized gains on investments	293,248
Total gains on investments	$ 1,143,685

6. Property and Equipment

Property and equipment consists of the following:

Land and land improvements	$ 2,509,337
Buildings and fixed equipment	47,715,848
Major moveable equipment	32,540,489
Construction in progress	1,447,624
	84,213,298
Less accumulated depreciation and amortization	45,112,632
	$39,100,666

Equipment capitalized under capital lease agreements and included in major moveable equipment above consisted of the following as of June 30:

Cost	$ 4,958,479
Accumulated amortization	(2,946,738)
Net book value	$ 2,011,741

Depreciation expense for the nine month period ended June 30, 2014 amounted to $2,694,159.

7. Beneficial Interest in Perpetual Trust

The Association is an income beneficiary of a perpetual trust controlled by an unrelated third-party trustee. The beneficial interest in the assets of the trust is included in the Association's financial statements as permanently restricted net assets. Income is distributed in accordance with the trust documents and is included in investment return. Trust income distributed to the Association for the nine month period ended June 30, 2014 was $62,817.

8. Borrowings

Line of Credit

The Association had a $2,000,000 available line of credit with a local bank, collateralized by a second security interest in the Association's gross receipts and accounts receivable. Interest on borrowings was charged at the Wall Street Journal Prime plus .5%. The line of credit expired in March 2014.

Bonds

In October 2013, the NLHA refunded its Series 2007 Revenue Bonds through NHHEFA Series 2013 Revenue Bonds of $15,520,000. Additional borrowings were obtained (up to $9,480,000 Revenue Bonds, Series 2013B) for the construction of a new health center building in Newport, New Hampshire. The bonds mature in variable amounts through 2043, the maturity date of the bonds, but are subject to mandatory tender in ten years. Interest is payable monthly and is equal to the sum of .72 times the Adjusted LIBOR Rate plus .72 times the credit spread rate. The bonds are collateralized by the gross receipts and property of NLHA. As part of the bond refinancing, the swap arrangement was effectively terminated for federal tax purposes with respect to the Series 2007 Revenue Bonds but remains in effect.

The Series 2013 Revenue Bonds have financial covenants with which the Association must comply. As of June 30, 2014, the Association was not in compliance with certain of the financial covenants and a waiver had been obtained from the issuing bank.

The Association retained its interest rate swap agreement on $15,000,000 of its outstanding bond obligation to hedge the interest rate risk associated with the Bonds. The interest rate swap agreement requires the Association to pay Morgan Stanley Capital Services, Inc., the swap counterparty, a fixed rate of 3.9354% in exchange for the counterparty's payment to the Association of a variable rate based on 67% of the USD-LIBOR-BBA.

The Association is required to include the fair value of the swap in the balance sheet, and annual changes, if any, in the fair value of the swap in the statement of operations. For example, during the swap's holding period, the annually calculated value of the swap will be reported as an asset if expectations regarding future interest rates increase above those in effect on the date the swap was entered into (and unrealized gain in the statement of operations), which will generally be indicative that the net fixed rate the Association is paying is below market expectations of rates during the remaining term of the swap. The swap will be reported as a liability (and as an unrealized loss in the statement of operations) if expectations regarding future interest rates decrease below those in effect on the date the swap was entered into, which will generally be indicative that the net fixed rate the Association is paying on the swap is above market expectations of rates during the remaining term of the swap. These annual accounting adjustments of value changes in the swap transaction are non-cash recognition requirements, the net effect of which will be zero when the swap terminates on October 1, 2037. The Association retains the sole right to terminate the swap agreement should the need arise. The Association recorded the swap at its liability position of approximately $3,310,000 at June 30, 2014.

Long-Term Debt and Capital Leases

Long-term debt consisted of the following as of June 30:

NHHEFA Revenue Bonds, New London Hospital Issue Series 2013, interest is payable at a variable rate ranging from 1.22% to 1.28% at June 30, 2014, annual principal payments are of varying amounts ranging from $255,000 to $1,090,000 through 2043.	$17,923,481
Note payable to Baxter Capital Services payable in interest-free monthly installments of $4,211, through September 2015; collateralized by associated equipment.	55,982
Various capital lease obligations; collateralized by equipment, payable in monthly installments including interest between 0% and 8.62%, expiring through June 2018.	1,181,581
	19,161,044
Less current portion	794,426
Long-term debt and capital leases, excluding current portion	$18,366,618

Aggregate annual principal payments required under long-term debt agreements and annual payments under capital lease obligations are as follows as of June 30, 2014:

	Long-Term Debt	Capital Lease Obligations
Year ending June 30		
2015	$ 307,065	$ 523,093
2016	266,243	358,926
2017	318,838	218,350
2018	348,360	150,007
2019	364,322	-
Thereafter	16,374,635	-
	$ 17,979,463	1,250,376
Less amount representing interest under capital lease obligations		68,795
		$ 1,181,581

Cash paid for interest was approximately $619,500 for the nine month period ended June 30, 2014.

9. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes as of June 30, 2014:

Health care services	$ 213,722
Equipment and capital improvements	30,318
Other	74,199
	$ 318,239

Permanently restricted net assets are restricted to the following as of June 30, 2014:

Assets to be held in perpetuity, the income from which is expendable to support health care services (reported as nonoperating income)	$ 2,349,870
Investments to be held in perpetuity, requiring income to be temporarily restricted for specific purposes (reported as increases in temporarily restricted net assets)	141,597
Beneficial interest in perpetual trust	1,750,125
	$ 4,241,592

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose of providing specific health care services and purchasing of related equipment in the amount of $109,774 for the nine month period ended June 30, 2014.

10. Split-Interest Agreements

The Association administers various charitable gift annuities. A charitable gift annuity provides for the payment of distributions to the donor or other designated beneficiaries for a specified period of time. At the end of that period of time, the remaining assets are available for the Association's unrestricted use or as set forth by the donor agreement. The portion of the assets attributable to the present value of the future benefits to be received by the Association is recorded as an increase in net assets in the period the charitable gift annuity is established in accordance with the Association's policy for recording contribution revenue. There were no contributions for the nine month period ended June 30, 2014. On a quarterly basis, the Association makes distributions to the designated beneficiaries based on actuarial assumptions. The present value of the estimated future payments ($21,650 as of June 30, 2014) is calculated using various discount rates and applicable mortality tables.

11. Related Party Transactions

The Association has entered into a management service agreement (Agreement) with Dartmouth-Hitchcock Clinic and Mary Hitchcock Memorial Hospital (collectively referred to as D-H), to provide certain management services for the Association. In April 2007, the Association agreed to extend this agreement without an expiration date. The Association engaged D-H to provide, during the term of the Agreement, the chief executive officer (CEO) and also to provide other mutually agreed-upon consultative services and management support. Management fees for the nine month period ended June 30, 2014 were $358,624. Effective January 1, 2009, the Association pays an annual fee to New England Alliance for Health (NEAH), an LLC owned and managed by Mary Hitchcock Memorial Hospital, of $76,000, and many of the consultative services are provided as part of the NEAH arrangement.

12. Commitments

Management Agreement With D-H

The Association has a commitment to purchase management services through D-H for 2015 for the president and CEO, consultative services, and management support in the amount of $598,600.

13. Contingencies

During the period, the Association was covered for malpractice claims under a modified claims-made policy purchased through NEAH. While the Association remains in the current insurance program under this policy, the coverage year is based on the date the claim is filed subject to a medical incident arising after the retroactive date (includes prior acts). The policy provides modified claims-made coverage for former insured providers for claims that relate to the employee's period of employment at the Association and for services that were provided within the scope of the employee's duties. Therefore, when an employee leaves the insured organization, tail coverage is not required.

The possibility exists, as a normal risk of doing business, that malpractice claims in excess of insurance coverage may be asserted against the Association. U.S generally accepted accounting principles require the Association to accrue the ultimate cost of malpractice claims when the incident that gives rise to the claim occurs, without consideration of insurance recoveries. Expected recoveries are presented as a separate asset.

The Association is involved in litigation and regulatory investigations arising in the normal course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect upon the Association's financial statements.

14. Concentrations of Credit Risk

The Association maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Association has not experienced any losses in such accounts. The Association's management believes it is not exposed to any significant risk on cash and cash equivalents.

The Association grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors was as follows as of June 30:

Medicare	42 %
Medicaid	10
Anthem Blue Cross	12
Other third-party payors	19
Patients	17
	100 %

15. Retirement Plans

Defined Contribution Plan

The Association has a tax-sheltered annuity plan under which contributions can be made into the plans by all employees. The Association makes contributions to the plan computed at a percentage of yearly earnings, for employees who meet certain annual and consecutive service requirements, as defined by the plan documents. The Association has temporarily suspended further contributions on behalf of its employees.

Deferred Compensation Plan

The Association has a nonqualified deferred compensation plan established under Section 457 of the Internal Revenue Code of 1986. The plan covers key employees of the Association. The Association has temporarily suspended further contributions on behalf of its employees.

16. Self-Insured Health Plan

Effective October 1, 2001, the Association established a self-funded health insurance plan (Plan). The Plan is administered by an insurance company, which determines the current funding requirements of participants under the terms of the Plan and the liability for claims and assessments that would be payable at any given point in time. The Association is insured above a stop-loss amount of $125,000 on individual claims, with a maximum annual aggregate of approximately $3,674,000 for the period ended June 30, 2014. These stop-loss limits exclude the costs of services provided by the Association. Unpaid claims have been recorded as a liability and are reflected in accrued expenses in the balance sheet. Health insurance claims expensed under this Plan amounted to $2,413,265 for the nine month period ended June 30, 2014.

17. Volunteer Services (unaudited)

Volunteer services to the Association totaled approximately 6,667 hours for the nine month period ended June 30, 2014. The Friends of New London Hospital also contributed a significant number of hours supporting a variety of community-based programs. The in-hospital volunteers provide assistance to patients, visitors and staff in a wide range of services including: information and way finding, bedside delivery of mail and flowers, backroom support in multiple departments, system mail delivery and patient activities.

18. Meaningful Use Revenue

The Medicare and Medicaid electronic health record (EHR) incentive programs provide a financial incentive for achieving "meaningful use" of certified EHR technology. The Medicare criteria for meaningful use financial incentives will be staged in three steps up through fiscal year 2016. The meaningful use attestation is subject to audit by CMS in future years. As part of this process, a final settlement amount for the incentive payments could be established that differs from the initial calculation.

The Medicaid program provides incentive payments to hospitals and eligible professionals, with a certain percentage of Medicaid patient volumes. In the first year of participation, they must adopt and implement, upgrade or demonstrate meaningful use and then demonstrate meaningful use for up to five remaining participation years. There are no payment adjustments under the Medicaid EHR incentive program.

During the nine month period ended June 30, 2014, the NLHA recorded no meaningful use revenue from the Medicare EHR programs. The NLHA has attested to the first stage of meaningful use.

19. Fair Value of Financial Instruments

FASB ASC 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities measured at fair value on a recurring basis are summarized below.

	Level 1	Level 2	Level 3	Total
Assets:				
Assets limited as to use				
Cash and cash equivalents	$ 129,838	$ -	$ -	$ 129,838
Mortgage backed securities	-	309,780	-	309,780
Corporate bonds	-	2,010,558	-	2,010,558
International bonds		1,005,618		1,005,618
U.S. Treasury obligations	741,872	-	-	741,872
Marketable equity securities				
Basic materials	232,567	-	-	232,567
Communication services	121,275	-	-	121,275
Consumer staples	641,604	-	-	641,604
Consumer discretionary	492,257	-	-	492,257
Energy	533,291	-	-	533,291
Financial services	695,962	-	-	695,962
Healthcare	676,974	-	-	676,974
Industrials	690,707	-	-	690,707
Technology	831,922	-	-	831,922
Utilities	109,283	-	-	109,283
Other	1,289,424	-	-	1,289,424
Total marketable equity securities	6,315,266	-	-	6,315,266
Investments				
Cash and short-term investments	227,464	-	-	227,464
Equity mutual funds	20,716	-	-	20,716
Bond mutual funds	31,294	-	-	31,294
Beneficial interest in perpetual trust	-	-	1,750,125	1,750,125
Contribution receivable from charitable remainder trust	-	-	2,117,600	2,117,600
Deferred compensation plan assets				
Growth mutual funds	242,523	-	-	242,523
Equity mutual funds	844,197	-	-	844,197
Bond mutual funds	79,573	-	-	79,573
International mutual funds	229,061	-	-	229,061
Total deferred compensation plan assets	1,395,354	-	-	1,395,354
Total	$ 8,861,804	$ 3,325,956	$ 3,867,725	$ 16,055,485
Liabilities:				
Interest rate swap	$ -	$ 3,310,161	$ -	$ 3,310,161
Total	$ -	$ 3,310,161	$ -	$ 3,310,161

The fair value of Level 2 assets is based on quoted market prices of comparable securities. The fair value of the interest rate swap is based on quoted market prices of similar swaps.

The fair value of the beneficial interest in perpetual trust and contribution receivable from a charitable remainder trust is based on the quoted market prices of the underlying assets which consist of cash and cash equivalents, marketable equity securities, corporate bonds, and U.S.Treasury obligations. They are classified as Level 3 as there is no market in which to trade the beneficial interest itself. The change in the beneficial interest in perpetual trust is attributed solely to the change in the underlying market value of the Association's interest in the funds. The contribution receivable from a charitable remainder trust is valued at its fair value at the date of the contribution

The Association's financial instruments consist of cash and cash equivalents, assets limited as to use, investments, trade accounts receivable and payable, pledges and contribution receivable, deferred compensation plan assets and liabilities, the beneficial interest in perpetual trust, estimated third-party payor settlements, interest rate swap, long-term debt and capital lease obligations. The fair values of all financial instruments approximate their carrying values at June 30, 2014.

DONALD J. GRIFFIN, CPA

Work: 603-628-7706, x4102

SUMMARY

Senior accounting manager with over 20 years of business experience. Strengths in working with management throughout the company to help ensure that operating systems are operating efficiently and that sound financial analyses are part of all of the major business decisions of the company.

FUNCTIONAL RESPONSIBILITIES

Have been responsible for and an active participant in the following activities:

Financial and Data Processing Controls	Strategic Planning and Forecasting
System Analysis and Improvement	Policy and Procedure Development and Monitoring
Financial Advisor to the Info. Systems Dept.	Financial Advisor to the Marketing Dept.
Cash Management, General Ledger, Investments	Fin. Reporting for 15 Branches and 20 Lines of Bus.
Payroll, Pension, and Disability Management	A/R and A/P Processing, Reporting, and Monitoring
FASB and GASB Implementation	MIS Management
Corporate Budget Prep. and Variance Analysis	Payroll and Fixed Asset Accounting
SEC Reporting: 10K, 10Q, and Mgmt Disc & Anal.	Consolidated Financial Statement Preparation
Directed the Mgmnt. of Medicare Audit & Reimb.	Income Tax Provision and Return Preparation

SELECTED ACCOMPLISHMENTS

- As a leader in The Mental Health Center's Accountable Care Project, created operational process changes that led to over a $1million improvement in profitability within a year.
- Instituted billing and collection process improvements at The Mental Health Center of Greater Manchester that reduced receivables over 180 days by over $1mil, reduced days in receivables by over 15 days, and reduced bad debt expense by $600k.
- Selected by the NH Division of Behavioral Health to serve as the CFO representative for the State's ten Mental Health Centers on the State's Contract Advisory Committee.
- Finance Department member of the Corporate Strategic Planning Committee, the Technology Advisory Committee, the Corporate Quality Committee, and the Corporate Operations Committee at both the Mental Health Center of Greater Manchester and at Blue Cross..
- At Blue Cross, analyzed actual and taped customer service calls and categorized those calls by type of question, problem, or complaint. Assisted Customer Service management to train Service Representatives regarding what to say and do to respond appropriately to customers' problems. Worked with relevant departments to eliminate the sources of the problem calls, such as changing the Summary of Benefits literature to make it easier to understand, creating clearer benefit contract language, creating simpler benefit designs, and initiating specific changes to claims processing programming.
- At Blue Cross, conducted Business Process Improvement analyses of the Billing Department, leading to the planning and implementation of a new billing system. Met with representatives of our clients to determine what was needed to make their invoices easier to understand and process, thereby increasing their ability to pay the invoice more timely and with fewer questions, adjustments, or complaints.
- Performed and directed internal audits throughout the company to verify that processes were controlled and efficient. Presented written and oral reports to managers, the CEO, and the Board of Directors.
- Prepared monthly financial analyses and narratives for presentation to the Board of Directors.
- Managed the annual corporate budget process. Assisted senior management and cost center managers to help prepare their annual budgets. Worked with members of my staff to automate and standardize the process, developing an Excel-based system that would automatically roll up costs by span of control by manager, director, Vice President, and division.

SELECTED ACCOMPLISHMENTS (continued)

- At Blue Cross, assisted in the development of an Activity Based Cost Accounting model that would help each manager to estimate labor, materials, and administrative costs based upon variable projections of sales and costs by product and process.
- At Blue Cross, directed a cost accounting system that has been repeatedly audited without material findings by examiners representing HCFA, Medicare, and the Federal Employee Program.
- Responsible for timely and accurate filing of reports to HCFA, as well as Medicare-approved balance sheets, income statements, and cash control reports for over $300 million of Medicare claims annually.
- Financial management project leader for the selection and implementation of a new mainframe general ledger, budget variance, and cost accounting system, converting from a Walker mainframe system to a Clarus SQL mainframe system.
- Financial management project leader in the selection and implementation of new PC-based fixed asset system (BESTS FAS 2000), investment accounting system (SunLife), and A/P (Great Plains/Dynamics) system within a LAN environment.
- Developed databases and internal financial statements based on managed care medical categories with members of the Actuarial, Provider Reimbursement, and Managed Care Departments.
- Participated in a finance advisory capacity in the development and negotiation of provider contracts, including various withhold, profit sharing, cash flow, and tiered discount arrangements.
- Finance Dept. representative on the committee to qualify BCBSNH for NCQA and HEDIS accreditation.
- Conducted a bank RFP with New England banks to help control banking costs and to maximize service. Set up a lock box arrangement, automated reconciliation, sweep accounts, and Third Party Administrator arrangements for our TPA clients.
- Responsible for the preparation of the health and life insurance statutory annual and quarterly statements.
- Personally prepared the Cash Flow and Reconciliation of Ledger Assets exhibits of the Stat. Statements.
- Prepared the reconciliations of GAAP to statutory bases of accounting.
- Met with the company's actuaries each month to check for the reasonableness and verify the calculation of the incurred-but-not-reported claims estimates.
- Project leader for the development of an automated claims reporting and control system for the disability claims line of business at Chubb Life America.
- Analyzed projected capital asset acquisitions and lease versus purchase decisions, taking into consideration useful economic life, production capacity, labor and maintenance costs, salvage value, and calculating payback, IRR, and NPV.
- Financial requirements consultant for the Cost Plus billing and receivable system developed at BCBSNH.
- Financial requirements consultant for the latest health insurance claims processing and billing system purchased, refined, and implemented at BCBSNH in 1998/1999.
- Proficient in Excel and Microsoft Word. Experienced with Access and PowerPoint.

POSITION HISTORY

THE MENTAL HEALTH CENTER OF GREATER MANCHESTER, NH April, 2002 to Present
Vice President, Chief Financial Officer for New Hampshire's largest mental health center, annually serving over 8,000 clients and generating over $20 million in revenue. Responsible for all financial matters, including billing, and strategic planning.

NORTRAX EQUIPMENT COMPANY, Concord, NH 2000 to 2002

Regional Controller for this retailer of construction equipment with 11 branches throughout the northeast and $140 million in sales. This was a hands-on position, managing an accounting team of nine. The headquarters for this company relocated to NY in 2002.

POSITON HISTORY (continued)

BLUE CROSS/BLUE SHIELD OF NEW HAMPSHIRE, Manchester, NH 1990-1999
Vice President, Controller for New Hampshire's largest health insurer with over $300 million in annual revenue. Upon merger with Anthem, position eliminated due to duplication with the parent company in Indiana.

NUMERICA FINANCIAL CORP., Manchester, NH 1988-1989
Vice President, Controller for this bank holding company with over $1billion in assets.

CHUBB LIFE AMERICA, Concord, NH 1986-1988
Assistant Vice President of Financial Reporting for this consolidated group of five life insurance companies with over $1.75 billion in assets and over $500 million in annual revenue

NORTHEAST CONSOLIDATED SERVICES, Concord, NH 1983-1986
Director of Internal Auditing for this subsidiary of Blue Cross and Blue Shield of NH and VT.

SULLIVAN, BILLE & CO., CPAs, Tewksbury, MA 1979-1983
Audit Supervisor of manufacturing, construction, banking, wholesalers, retailers, and not-for-profits.

EDUCATION

Bentley College
Certificate of Accounting. Graduated with highest honors, cum. 3.91.
Bentley College
Completed 50% of the MBA program prior to relocating to Bow, NH.
University of Massachusetts
Bachelor of Science, Member of Dean's list.
Continuing Professional Education
Courses and seminars qualifying for the NHCPA annual CPE requirement (a minimum of 40hrs/yr), including:

- Annual auditing and GAAP updates sponsored and/or approved by the NH Society of CPA's.
- Annual accounting and tax conferences sponsored by BCBC Association.
- Graduate level Financial Management courses.
- Specialized courses, such as Preparing the Medicare Cost Report, Long-Term Care Alternatives, Measurement and Statistics for Making Improvements, NAIC Model Investment Laws and Holding Company Act, Health Organization Risk Based Capital, Facilitating Process Improvement Teams, Process Flowcharting, Legal Toolkit for Business Owners, Derivative Investments, Personal Financial Planning, FAS 109 Accounting for Income Taxes, various management seminars, and various software system and application seminars and training sessions.

CERTIFICATIONS AND AFFILIATIONS

- Member of the American Institute of Certified Public Accountants and NH Society of CPAs.
- Passed all four parts of the three-day Uniform CPA Exam in the first attempt.
- Former Treasurer of the NH Association for the Blind. Consulted on the selection and implementation of a MAS 90 general ledger and financial reporting system during my tenure.

Robert Half®
Finance & Accounting

LISA COHEN, CPA, CHFP

Summary

- Certified Public Accountant with seven years of experience preparing financial statements in compliance with GAAP standards.
- Accomplished professional with proficiency in accounting, payroll, internal controls and regulatory compliance.
- Team oriented professional with superior communication skills across all levels of the organization.

Highlights

- Certified Public Accountant, NH and Vermont
- Certified Healthcare Finance Professional
- Public accounting experience with audit expertise
- Exceptional analytical and problem solving skills
- Proficient in Microsoft Excel, QuickBooks, Meditech and McKesson

Experience

The New London Hospital Association, Inc.
Vice President, Controller
June, 2014 to present

Visiting Nurse and Hospice of VT and NH, Inc.
Controller, West Lebanon NH
2013 to June, 2014

- Directed and supervised assigned personnel including accounting, accounts payable, payroll, and billing departments with an overall staff of nine in multiple locations.
- Reviewed existing procedures and implemented new processes to streamline closing and provide accurate and timely results of operations.
- Analyzed and interpreted data between various reporting systems to correct long standing reporting discrepancies.
- Researched emerging regulatory issues and worked with directors to coordinate implementation between departments.

Key achievements:

- Coordinated year end audit with no adjustments. Revised audit preparation to electronic format improving the quality of the data provided and minimizing on site time required by audit team.
- Developed procedures which allowed accounting monthly close to be condensed into two days while enhancing the accuracy of data reported.
- Identified and corrected discrepancies between billing and accounting processing of customer overpayments. Revised refund process in billing and accounting to address core issues and prevent further problems.
- Implemented new process to comply with CMS CR8358 by collaborating with clinical, hospice and information services and training staff on key aspects of the change.

Robert Half®
Finance & Accounting

Alice Peck Day Memorial Hospital
Senior Accountant/Financial Analyst, Lebanon NH
2009 to 2013

- Provided training, support and guidance to staff accountants for processing of accounts payable, payroll, fixed assets and general ledger transactions in compliance with GAAP standards.
- Ensured monthly closings were completed efficiently and accurately to produce timely financial statements in accordance with applicable reporting standards.
- Designed and implemented procedures for monthly closing to improve processes and ensure all transactions were classified appropriately

Key achievements:

- Provided audit planning, preparation and assistance to ensure audits were completed with no audit adjustments for all four years with the company
- Prepared and filed annual not for profit tax returns for Hospital and related entities in compliance with all IRS guidelines
- Worked with patient accounting to implement new processes and procedures enabling improved reporting of transactions in compliance with revenue recognition requirements.
- Reviewed payroll filings and administration for compliance with state and federal requirements.
- Designed templates to verify compliance with complex transactions.

Tyler, Simms and St. Sauveur
Staff Accountant, Lebanon NH
2006 to 2009

- Performed attestation services, audits, reviews, compilations, agreed upon procedures and tax services for a diverse client base.
- Planned and performed audits for not-for-profit and for profit organizations, employee benefit plans, and internal controls (SAS 70).
- Ensured that audits were performed in compliance with GAAS standards

Key achievements:

- Certified public accountant designation NH 2009 and Vermont 2010
- Prepared financial statements in compliance with GAAP requirements for a diverse client base including for profit and not-for-profit entities

R E S U M E

Name: Lynn M. Oakes

Address:

Telephone Number:

Work Experience:
1973 - 1974 : Accounting Clerk at Northampton Community College in Bethlehem, PA. Worked in the College Bookstore doing purchasing and accounts payable.

1974 - 1976: Medical Records Specialist with the United States Army stationed at the Second General Hospital, Landstuhl, Germany. My duty assignment was working in Hospital Administration for which I received several accommodations.

1982 - 1995: I began employment at the Great Brook Valley Health Center (Non-Profit) as a third-party billing clerk for two years. I was then promoted to bookkeeper for three years. My responsibilities included payroll, employee benefits, accounts payable, accounts receivable, and purchasing. After three years as bookkeeper I was then promoted to Associate Director of Finance. I was in that position from 1988 - 1995. I was supervisor of the Billing, MIS, Support and Bookkeeping Departments. My duties included staffing and training o f those departments. I was responsible for all aspects of accounts receivable, accounts payable, investments, contract billing, payroll, budget preparation, and various other financial duties. I was also responsible for all monthly financial statements, inclusive of all General Ledger postings, aging reports for follow-up on all accounts receivable(insurance reimbursements) and preparation of schedules for the auditing process which was done on a yearly basis. During my years of employment at the Great Brook Valley Health Center I was awarded Employee of the Year.

1996 - Present: Business Assistant/Accountant for School Administrative Unit #43. I am responsible for maintaining all bank accounts for Sunapee, Newport, Croydon, and SAU 43, doing monthly bank reconciliations, making deposits for all three districts and the SAU, posting all revenue, reconciling all accounts, preparing for audit, billing districts for tuition, E-Rate, doing federal grant reports, yearly attendance reports and other projects as needed. From July 2001 - October 2001, I was Acting Business Manager for SAU 43.

Education:

1972: Graduated with honors from Holy Cross High School, Cinnaminson, New Jersey.

1973: Attended Penn State University majoring in Allied Health.

1974: Attended Medical Records Courses at Fort Samhouston, Texas. Received credits from Baylor University.

1977 - 1979: Graduated with highest honors from Quinsigamond Community College with an Associate Degree in Liberal Arts.

1979 - 1983: Graduated from Worcester State College with a Bachelor Degree in Management. I returned to Worcester State College to earn a Bachelor Degree in Mathematics with a minor in Computer Science. I am currently a few credits shy of that degree.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Brook Dupee for

José Thier Montero, MD, MHCDS
Director

Approved by:

Nicholas A. Toumpas
Commissioner

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
The New London Hospital Association, Inc.

This 1st Amendment to The New London Hospital Association, Inc., contract (hereinafter referred to as "Amendment One") dated this 25th day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The New London Hospital Association, Inc., (hereinafter referred to as "the Contractor"), a corporation with a place of business at 273 County Road, New London, New Hampshire 03257.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $587,923

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $39,566 for SFY 2014 and $225,093 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $39,566 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $198,401 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: BPK
Date: 3/25/14

- $26,692 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

Contractor Initials: BPK
Date: 3/25/14

Scope of Services

The Department desires to continue the relationship with the primary care agencies to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 21– 64, uninsured or underinsured. BCCP changes.

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS prior to implementation.

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 150 users annually with 450 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 70 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. Provide clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, electronic) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A. Service Requirements

1. Medical Home

The Contractor shall provide a Medical Home that:

a) Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.

b) Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, oral health, and behavioral health specialty providers.

b) Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) Nutrition assessment for all clients as part of the health maintenance visit. Therapeutic nutrition services shall be provided as indicated directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) Oral screening annually for all clients 21 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.

m) Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.

3. Breast and Cervical Cancer Screening

a) Women age 21 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) and insurance status criteria shall be provided the following services, following USPSTF screening recommendations:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

f) The Contractor shall provide the NH Breast and Cervical Cancer Program with breast and cervical cancer screening rates for all women served by the practice as requested, but not more than twice per SFY.

g) The contractor shall work with the NH Breast and Cervical Cancer Program staff to increase the breast and cervical cancer screening rates among all women serviced by the practice.

4. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate. Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

5. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) The World Health Organization (WHO) growth charts shall be used to monitor growth for infants and children birth up to age 2 years. The Centers for Disease Control and Prevention (CDC) growth charts shall be used for children age 2 years and older.

b) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

c) All children enrolled in either Medicaid, Head Start, or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185%_poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a blood lead test performed.

d) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

e) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit, and a referral for the child's first visit to the dentist by age one as recommended by the American Academy of Pediatrics and the American Academy of Pediatric Dentistry.

f) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's drinking water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.

g) For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.

6. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

7. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling or other substance abuse intervention, treatment, or recovery services by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.

b) All clients, including pregnant women, identified as smokers shall receive counseling using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: A Clinician's Guide to Helping Pregnant Women Quit Smoking", American College of Obstetricians and Gynecologists, 2011. With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).

8. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule for Adults (19 years and older) by Age and Medical Condition - United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the "Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States" approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

9. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

10. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.

d) The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist (on site or by referral)

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.
   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.
   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.
   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.
   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

   a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

   b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities in the Public Health Region in which they provide services as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to participate in and coordinate public health activities as requested by the Division of Public Health Services during any disease outbreak and/or emergency, natural or man-made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that appropriate, responsive, and timely referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care Clinical and Financial, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be

completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.

2. Reviews shall include client record reviews to measure compliance with this exhibit.

3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.

4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CHILD HEALTH DIRECT CARE SERVICES
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Please note, for all measures, the following should be used **unless otherwise indicated:**

- Less than 19 years of age
- Served within the scope of this MCH contract during State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)
- Each client can only be counted once (unduplicated)

Child Health Direct (CH – D) Performance Measure #1

Measure: 92%* of eligible children will be enrolled in Medicaid

Goal: To increase access to health care for children through the provision of health insurance

Definition: **Numerator-**
Of those in the denominator, the number of children enrolled in Medicaid.

Denominator-
Number of children who meet all of the following criteria:

- Less than 19 years of age
- Had 3 or more visits/encounters** during the reporting period
- As of the last visit during the reporting period were eligible for Medicaid

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**An encounter is face to face contact between a user and a provider who exercises independent judgment in the provision of services to the individual (UDS Table Definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #2

Measure: 85%* of at-risk** children who were screened for blood lead between 18 and 30 months of age

Goal: To prevent childhood lead poisoning through early identification of lead exposure

Definition: **Numerator-**
Of those in the denominator, number of children screened for blood lead by capillary or venous on or after their 18-month birthday and prior to their 30-month birthday.

Denominator-
Number of at-risk** children who reached age 30 months during the reporting period. If discharged prior to 30 months, do not include in denominator.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.

**At risk = During the reporting period, the children were 18-29 months of age, and fit at least one of the following criteria:

- "Low income" (less than 185% poverty guidelines)
- Over 185% and resided in a town considered needing "Universal" screening per NH Childhood Lead Poisoning Prevention Program
- Over 185%, resided in a town considered "Target" and had a positive response to the risk questionnaire
- Refugee children -A refugee is defined as a person outside of his or her country of nationality who is unable or unwilling to return because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion (U.S. Citizenship and Immigration Services definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #3

Measure: 71%* of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85%ile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Goal: To increase the percent of children receiving primary care preventive health services who have an elevated BMI percentile who receive guidance about promoting a healthier lifestyle.

Definition: **Numerator-**
Of those in the denominator, the number of children who had documentation in their medical record of there being discussion at least once during the reporting period of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Denominator-
Number of children who turned twenty-four months during or before the reporting period, up to the age of nineteen years, with one or more well child visit after their twenty-fourth month of age within the reporting year, and had an age and gender appropriate BMI percentile greater than or equal to the 85 % percentile at least once during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Rationale: Children between the 85th – 94th percentiles BMI are encouraged to have 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks. (Discussion of the importance of family meal time, limiting eating out, consuming a healthy breakfast, preparing own foods, and promotion of breastfeeding is also encouraged.) American Academy of Pediatrics' guidance for Prevention and Treatment of Childhood Overweight and Obesity, (http://www.aap.org/obesity/health_professionals.html), from AAP Policy Statement: *Prevention of Pediatric Overweight and Obesity* and the AAP endorsed Expert Committee Recommendations Regarding the Prevention, Assessment, and Treatment of Children and Adolescent Overweight and Obesity, 2007.

*Target based on 2012 & 2013 Data Trend Table averages.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) #4

Measure: 75%* of eligible** infants and children with client record documentation of enrollment in WIC

Goal: To increase access to nutrition education, breastfeeding support, and healthy food through enrollment in the WIC Nutrition Program

Definition: **Numerator -**
Of those in the denominator, the number of infants and children who, as of the last well child visit during the reporting period, had client record documentation that infant or child was enrolled in WIC.

Denominator -
Unduplicated number of infants and children less than 5 years of age, enrolled in the agency, during the reporting period, who were eligible** for WIC.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**WIC Eligibility Requirements:

- Infants, and children up to their fifth birthday
- Must be income eligible (income guidelines are up to 185% of federal gross income, and are based on family size)

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #5

Measure: 23%* of infants who were exclusively** breastfed for the first three months, at their four month well baby visit

Goal: To provide optimum nutrition to infants in their first three months of life

Definition: **Numerator -**
Of those in the denominator, the number of infants who had client record documentation that the infant had been exclusively breastfed for their first three months when checked at their four month well baby visit.

Denominator -
Number of infants who received one or more visits during or before the reporting period and were seen for a four-month well baby visit during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Benmarks: 2011 PedNSS (WIC) exclusive at 3 months: NH 22.9%, National (2010) 10.7%
2013 CDC Report Card (NIS, provisional 2010 births): NH 49.5%, National 37.7%
Healthy People 2020 goal: 44%

Rationale: The AAP recommends exclusive breastfeeding for about 6 months, with continuation of breastfeeding for 1 year or longer as mutually desired by mother and infant, a recommendation concurred to by the World Health Organization and the Institute of Medicine. (American Academy of Pediatrics Policy Statement on Breastfeeding and the Use of Human Milk, 2012)

*Target based on 2012 & 2013 Data Trend Table averages.
**Exclusive means breast milk only, no supplemental formula, cereal/baby food, or water/fluids.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE: ADULT

PERFORMANCE MEASURES DEFINITIONS

State Fiscal Year 2015

Primary Care: Adult Performance Measure #1

Measure:*	58%** of adult patients 18 – 85 years of age diagnosed with hypertension will have a blood pressure measurement less than 140/90*** mm at the time of their last measurement.
Goal:	To ensure patients diagnosed with hypertension are adequately controlled.
Definition:	**Numerator-** Number of patients from the denominator with blood pressure measurement less than 140/90 mm at the time of their last measurement. **Denominator-** Number of patients age 18 – 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Measure based on the National Quality Forum 0018

**Health People 2020 National Target is 61.2%

***Both the numerator and denominator must be less that 140/90 mm

PRIMARY CARE CLINICAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure:	61%* of adolescents aged 11-21 years received an annual health maintenance visits in the past 12 months.
Goal:	To enhance adolescent health by assuring annual, recommended, adolescent well -visits.
Definition:	**Numerator-** Number of adolescents in the denominator who received an annual health maintenance "well" visit during the reporting year. **Denominator-** Total number of adolescents aged 11-21 years who were enrolled in the primary care clinic as primary care clients during the reporting year period.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure:	31%* of women and adolescent girls aged 15-44 take multi-vitamins with folic acid.
Goal:	To enhance pregnancy outcomes by reducing neural tube defects.
Definition:	**Numerator-** The number of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid. **Denominator-** The number of women and adolescent girls aged 15-44 who were seen in primary care for a well visit in the past year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE - FINANCIAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care (PC) Performance Measure #1

Measure: Patient Payor Mix

Goal: To allow monitoring of payment method trends at State funded primary care sites.

Definition: Patients enrolled in Medicare, Medicaid, Commercial insurance, or uninsured.

Data Source: Provided by agency

Primary Care (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: AR Days: Net Patient Accounts Receivable **multiplied by** 365 **divided by** Net Patient Revenue

Data Source: Provided by agency

Primary Care (PC) Performance Measure #3

Measure: Current Ratio

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: Current Ratio = Current Assets **divided by** Current Liabilities

Data Source: Provided by agency

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRENATAL
PERFORMANCE MEASURES DEFINITIONS
State Fiscal Year 2015

Prenatal (PN) Performance Measure #1

Measure: 85%* of pregnant women who are enrolled in the agency's prenatal program will begin prenatal care during the first trimester of pregnancy.

Goal: To enhance pregnancy outcomes by assuring early entrance into prenatal care.

Definition:

Numerator-
Number of women in the denominator who had a documented prenatal visit during the first trimester (on or before 13.6 weeks gestation).

Denominator-
Number of women enrolled in the agency prenatal program who gave birth during the reporting year.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Prenatal (PN) Performance Measure #2

Measure: 20%* of pregnant women who are identified as cigarette smokers will be referred to QuitWorks-New Hampshire.

Goal: To reduce tobacco use during pregnancy through focused tobacco use cessation activities at public health prenatal clinics.

Definition:

Numerator-
Number of women in the denominator who received at least one referral to QuitWorks-New Hampshire during pregnancy.

A referral is defined as signing the patient up for QuitWorks-NH via phone, fax, or EMR. It is not defined as discussing QuitWorks-NH with the patient and encouraging her to sign up.

Denominator-
Number of women enrolled in the agency prenatal program and identified as tobacco users who gave birth during the reporting year.

Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Target set in consultation with the NH Tobacco Program & FY13 Data Trend Table average.

Prenatal (PN) Performance Measure #3

Measure:	79%* of pregnant women will be screened, using a formal valid screening tool, for alcohol and other substance use during every trimester they are enrolled in the prenatal program.
Goal:	To reduce prenatal substance use through systematic screening and identification.
Definition:	**Numerator-** Number of women in the denominator who were screened for substance and alcohol use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program. **Denominator-** Number of women enrolled in the agency prenatal program and who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

ITEM # 125

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with The New London Hospital Association, Inc. (Vendor #177167-R005), 273 County Road, New London, New Hampshire 03257, in an amount not to exceed $323,264.00, to provide primary care services and breast and cervical cancer screening, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

Fiscal Year	Class/Object	Class Title	Job Number	Total Amount
SFY 2013	102-500731	Contracts for Program Services	90080000	$132,457
SFY 2014	102-500731	Contracts for Program Services	90080000	$132,457
			Sub-Total	$264,914

05-95-90-902010-5659 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, COMPREHENSIVE CANCER

Fiscal Year	Class/Object	Class Title	Job Number	Total Amount
SFY 2013	102-500731	Contracts for Program Services	90080081	$29,175
SFY 2014	102-500731	Contracts for Program Services	90080081	$29,175
			Sub-Total	$58,350
			Total	$323,264

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 500 low-income individuals in Sullivan County may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

The New London Hospital Association, Inc. was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $547,604. This represents a decrease of $224,340. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Sullivan County.

Source of Funds: 34.40% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 65.60% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record, documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

1.18 Approval by the Governor and Executive Council By:	On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.
3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the Governor and Executive Council of the State of New Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date").
3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/ PAYMENT.
5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.
5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.
5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.
6.1 In connection with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.
6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.
6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provisions of Executive Order No. 11246 ("Equal Employment Opportunity"), as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.
7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.
7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.
7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

Contractor Initials: BPIC
Date: 4/5/12

8. EVENT OF DEFAULT/REMEDIES.
8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):
8.1.1 failure to perform the Services satisfactorily or on schedule;
8.1.2 failure to submit any report required hereunder; and/or
8.1.3 failure to perform any other covenant, term or condition of this Agreement.
8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:
8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;
8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;
8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or
8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.
9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.
9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.
9.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS. The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative Services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.
14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:
14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and
14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.
14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.
14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: BPK
Date: 4/5/12

certificate(s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION.
15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the Contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").
15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Contractor Initials: BPK
Date: 4/5/12

NH Department of Health and Human Services

Exhibit A

Scope of Services

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: **The New London Hospital Association, Inc.**

ADDRESS: **273 County Road**
New London, New Hampshire 03257
President and Chief Executive Officer: **Bruce King**
TELEPHONE: **603-526-5512**

The Contractor shall:

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 18 – 64, *uninsured or underinsured.*

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS *prior to implementation.*

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

Contractor Initials: BPK

Date: 4/5/12

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 250 users annually with 500 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 125 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. *Provide* clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

Contractor Initials: BPK

Date: 4/5/12

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. *The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.*

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) **Publications Funded Under Contract**

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, *electronic*) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) **Subcontractors**

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing *and approve the subcontractual agreement,* prior to initiation of the subcontract.

Contractor Initials: BPK

Date: 4/5/12

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A) Service Requirements

1. *Medical Home*

The Contractor shall provide a Medical Home that:

a) *Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.*

b) *Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.*

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, *oral health*, and behavioral health specialty providers.

b) *Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.*

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) *Nutrition assessment for all clients as part of the health maintenance visit.* Therapeutic nutrition services shall be provided *as indicated* directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

Contractor Initials: BPK

Date: 4/5/12

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) *Oral screening annually for all clients 19 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.*

m) *Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.*

2. Breast and Cervical Cancer Screening

a) Women age 18 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) *and insurance status* criteria shall be provided the following services:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. annual breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

Contractor Initials: BPK

Date: 4/5/12

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) *Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.*

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother *at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate.* Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

b) All children enrolled in either Healthy Kids-Gold or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a capillary or venous blood lead test performed.

c) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

d) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit.

e) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's *drinking* water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. *Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.*

f) *For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.*

Contractor Initials: BPK

Date: 4/5/12

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling *or other substance abuse intervention, treatment, or recovery services* by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. *For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.*

b) All clients, including pregnant women, identified as smokers shall receive counseling *using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline* as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: *A Clinician's Guide to Helping Pregnant Women Quit Smoking*", American College of Obstetricians and Gynecologists, 2011. *With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).*

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the *"Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States"* approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal

Contractor Initials: BPK

Date: 9/5/12

Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) *The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.*

d) *The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.*

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist *(on site or by referral)*

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse

Contractor Initials: BPK

Date: 4/5/12

a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.

   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.

   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.

   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.

   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities *in the Public Health Region in which they provide services* as appropriate. These activities enhance the integration of community-based public health

Contractor Initials: BPK

Date: 4/5/12

prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to *participate* in and coordinate public health activities as requested by the Division of Public Health Services during any *disease outbreak* and/or *emergency*, natural or man made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that *appropriate, responsive, and timely* referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings

2. Prenatal and Child Health Coordinators' meetings

3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.

2. Submit Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.

3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.

4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.

5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care *Clinical and Financial*, Child Health, and Prenatal Care.

Contractor Initials: BPK

Date: 4/5/12

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include client record reviews to measure compliance with this exhibit.
3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

NH Department of Health and Human Services

Exhibit B

Purchase of Services
Contract Price

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: **The New London Hospital Association, Inc.**

ADDRESS: **273 County Road**
New London, New Hampshire 03257
President and Chief Executive Officer: **Bruce King**
TELEPHONE: **603-526-5512**

Vendor #177167-R005 Job #90080000 #90080081 Appropriation #010-090-51900000-102-500731 #010-090-56590000-102-500731

1. The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during the period of the contract shall not exceed:

   $264,914 for Primary Care Services, funded from 19.95% federal funds from the US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau (CFDA #93.994) and 80.05% general funds.

   $58,350 for Breast and Cervical Cancer Screening, funded from 100% federal funds from the Center for Disease Control (CFDA #93.283).

TOTAL: $323,264

2. The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in the attached budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State.

3. This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the month up to an amount not greater than one-twelfth of the contract amount. Reimbursement greater than one-twelfth of the contract amount in any month shall require prior, written permission from the State.

4. Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each of the Service category budgets. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date. Said invoice shall contain a description of all allowable costs and expenses incurred by the Contractor during the contract period.

5. Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred in the performances of the services.

Contractor Initials: BPK

Date: 4/5/12

6. The Contractor may amend the contract budget for any Service category through line item increases, decreases, or the creation of new line items provided these amendments do not exceed the contract price for that particular Service category. Such amendments shall only be made upon written request to and written approval by the State. Budget revisions will not be accepted after June 20th of each contract year.

7. The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars ($300) and with a useful life beyond one year.

The remainder of this page is intentionally left blank.

NH Department of Health and Human Services

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: RPK

Date: 4/5/12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: BPK

Date: 4/5/12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Date: _____

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it IS a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does not exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does NOT qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: BPK

Date: 4/5/12

19. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

Contractor Initials: BPK

Date: 4/5/12

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

NH Department of Health and Human Services

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,
129 Pleasant Street
Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

   (b) Establishing an ongoing drug-free awareness program to inform employee's about:

      (1) The dangers of drug abuse in the workplace;
      (2) The grantee's policy of maintaining a drug-free workplace;
      (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
      (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

   (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

   (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

      (1) Abide by the terms of the statement; and

Contractor Initials: BSK

Date: 4/5/12

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

Contract Period: 7/1/12 or date of G&C Approval, whichever is later, through 6/30/14

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", "provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Contractor Initials: BPK

Date: 4/5/12

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Weeks Medical Center. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 170 Middle Street, Lancaster, New Hampshire 03584.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on July 11, 2012 (Item #31) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C, Special Provisions, Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $599,190
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

Contractor's Initials: _____

Date 5/18/15

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

Contractor's Initials: [signature]

Date 5/13/15

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

Contractor's Initials: K

Date 5/13/15

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

Contractor's Initials: _____

Date 5/13/15

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

Contractor's Initials: _____

Date 5/13/15

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

Contractor's Initials:

Date 5/13/15

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

Contractor's Initials: _____

Date 5/13/15

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

Contractor's Initials: _____

Date 5/13/15

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

Contractor's Initials: _____

Date 5/13/15

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Contractor's Initials: _____

Date 5/13/15

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: _____
Date: 5/13/15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

Contractor Initials: _____

Date: 5/13/15

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

Contractor Initials: _____
Date: 5/13/15

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

Contractor Initials: _____
Date: 5/13/15

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Contractor Initials: _____
Date: 5/13/15

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10^{th}) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

Financial Manager
Department of Health and Human Services
129 Pleasant Street
Concord, NH 03301

E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: _____
Date: 5/13/15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

Mission Statement

Weeks Medical Center's compassionate staff is committed to providing high quality and efficient health care services to ensure the well-being of our patients, families and communities.

In partnership with our communities, Weeks promotes health by;

- acknowledging that health is physical, spiritual and emotional
- emphasizing personal prevention, education and health information
- working closely with human services providers and local governments
- being closely involved with schools, businesses and churches
- actively participating in community organizations and activities
- learning about local health care needs through listening to all of our communities

Weeks strives to meet those health care needs by;

- matching our services to the needs of the individuals in our communities
- insuring timely access to health care
- providing as many services as possible locally
- delivering those services throughout our communities—in schools, businesses, homes, clinics—as well as in our modern, well-equipped Lancaster facility
- providing smoothly coordinated access to services which cannot be provided locally
- managing health care costs so that local access to health care is protected
- attracting and retaining highly trained, enthusiastic staff members
- satisfying the individuals we serve

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Weeks Medical Center

We have audited the accompanying financial statements of Weeks Medical Center (Hospital), which comprise the balance sheets as of September 30, 2014 and 2013, and the related statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Weeks Medical Center as of September 30, 2014 and 2013, and the results of its operations, changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

The accompanying notes are an integral part of these financial statements.

Nature of Operations

Weeks Medical Center (Hospital), a New Hampshire not-for-profit corporation, provides medical services on an inpatient and outpatient basis in Northern New Hampshire. New England Alliance for Health (NEAH) was formed, effective January 1, 2009, which is a limited liability company owned and managed by Mary Hitchcock Memorial Hospital. NEAH is an alliance of healthcare providers that provides services to its members. NEAH is not a parent organization of the Hospital and, as such, does not have powers reserved to it. The accompanying financial statements represent only the accounts of the Hospital and not those of NEAH.

1. Summary of Significant Accounting Policies

Basis of Financial Statement Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. Under FASB ASC 958, all not-for-profit organizations are required to provide a balance sheet, a statement of operations and a statement of cash flows.

ASC 958 also requires that the amounts for each of the three classes of net assets - permanently restricted, temporarily restricted, and unrestricted - be displayed in a balance sheet and that the change in those classes of net assets be displayed in a statement of operations.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash in banks and certificates of deposit with an original maturity of three months or less, excluding amounts whose use is limited by Board designation or amounts included in investments for temporarily and permanently restricted net assets.

Patient Accounts Receivable

Patient accounts receivable are carried at the amount management expects to collect from outstanding balances.

Patient receivables are periodically evaluated for collectibility based on credit history and current financial condition. Provisions for losses on receivables are determined on the basis of loss experience, known and inherent risks, estimated value of collateral and current economic conditions. The Hospital uses the allowance method to account for uncollectible accounts receivable.

In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each major payor source of revenue for the purpose of estimating the appropriate amounts of the allowance for doubtful accounts and the provision for bad debts. Data in each major payor source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to patients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established at varying levels based on the age of the receivables and the payor source. For receivables relating to self-pay patients, a provision for bad debts is made in the period services are rendered based on experience indicating the inability or unwillingness of patients to pay amounts for which they are financially responsible. Actual write-offs are charged against the allowance for doubtful accounts.

Investments and Investment Income

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the balance sheet. Management has adopted FASB ASC 825-10-35-4 and has elected the fair value option relative to its investments which consolidates all investment performance activity within the nonoperating gains section of the statements of operations.

Temporarily donor-restricted investment income and gains on investments on donor-restricted investments are recorded within temporarily restricted net assets until expended in accordance with the donor's restrictions.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Hospital are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the conditions on which they depend are substantially met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When donor restrictions expire, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

Supplies

Supplies are carried at the lower of cost (determined by the first-in, first-out method) or market.

Property and Equipment

Property and equipment acquisitions are recorded at cost, or if contributed, at fair market value determined at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the asset's estimated useful life. Such amortization is included in depreciation and amortization in the financial statements. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets.

Gifts of long-lived assets, such as land, buildings or equipment, are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Deferred Financing Costs

Deferred financing costs represent costs incurred in connection with the issuance of long-term debt. Such costs are amortized over the term of the respective debt using the straight-line method. Deferred financing costs are recorded net of accumulated amortization of $46,525 and $39,424 as of September 30, 2014 and 2013, respectively.

Interest Rate Swap

The Hospital uses an interest rate swap contract to eliminate the cash flow exposure of interest rate movements on variable-rate debt. The Hospital has adopted FASB ASC 815, *Derivatives and Hedging*, to account for its interest rate swap contracts. The interest rate swap contracts are not designated as cash flow hedges, and thus are included within nonoperating gains.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Hospital have been limited by donors to a specific time period or purpose. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations as either net assets released from restrictions for operations or net assets released from restrictions used for capital acquisition.

Nonoperating Gains

Activities, other than in connection with providing health care services, are considered nonoperating. Nonoperating gains and losses consist primarily of income on invested funds, unrestricted gifts, and unrealized gain on interest rate swap.

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contribution. An allowance for uncollectible contributions receivable is provided based upon management's judgment of potential defaults. The determination includes such factors as prior collection history, type of contribution and nature of fundraising activity.

Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges and per diem rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined. Management believes that adequate provision has been made for adjustments that may result from final determination of amounts earned under these programs.

Excess of Revenues, Gains and Other Support Over Expenses and Nonoperating Gains

The statements of operations include excess of revenues, gains, and other support over expenses and nonoperating gains. Changes in unrestricted net assets which are excluded from this measure, consistent with industry practice, are assets released from restrictions for capital acquisitions.

Charity Care

The Hospital provides care, without charge or at amounts less than its established rates, to patients who meet certain criteria under its charity care policy. The criteria for charity care consider such factors as family income and net worth. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Income Taxes

The Hospital is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code, and is exempt from federal income taxes on related income.

Subsequent Events

Management has considered transactions or events through December 18, 2014, which was the date the financial statements were issued. Management has not considered transactions or events subsequent to this date for inclusion in the financial statements.

Reclassifications

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 presentation.

2. Net Patient Service Revenue and Patient Accounts Receivable

Net Patient Service Revenue

Patient service revenue is reported net of contractual allowances and other discounts as follows for the years ended September 30:

	2014	2013
Gross patient service revenue	**$ 70,636,539**	$ 69,990,543
Less contractual allowances	**(29,340,162)**	(28,803,565)
Less charity care	**(2,296,072)**	(2,627,304)
Patient service revenue (net of contractual allowances and discounts)	**39,000,305**	38,559,674
Less provision for bad debts	**1,934,949**	2,113,281
Net patient service revenue	**$ 37,065,356**	$ 36,446,393

Patient Accounts Receivable

Patient accounts receivable is stated net of estimated contractual allowances and allowances for doubtful accounts as of September 30:

	2014	2013
Gross patient accounts receivable	**$ 9,034,007**	$ 10,544,832
Less: Estimated contractual allowances	**2,922,700**	3,033,279
Estimated allowance for doubtful accounts and charity care	**1,880,722**	2,292,618
Net patient accounts receivable	**$ 4,230,585**	$ 5,218,935

Estimated allowance for doubtful accounts at September 30:

	2014	2013
Self-pay patients	$ 770,813	$ 752,954
All other payors	365,670	316,155
	$ 1,136,483	$ 1,069,109

During 2014, self-pay write-offs increased from $2,289,613 to $2,850,708 and decreased from $2,573,920 to $2,289,613 during 2013. Such changes resulted from trends experienced in the collection of amounts from self-pay patients and third-party payors.

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts, different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Hospital is a Critical Access Hospital (CAH). Under the CAH program, the Hospital is reimbursed at 101% of allowable costs for its inpatients and most outpatient services provided to Medicare patients. The Hospital is reimbursed at tentative rates with final determination after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. The Hospital's Medicare cost reports have been audited by the fiscal intermediary through September 30, 2011.

Medicaid

Inpatient services rendered to Medicaid program beneficiaries are reimbursed under prospectively determined per-diem rates. The prospectively determined per-diem rates are not subject to retroactive adjustment. Outpatient services rendered to Medicaid beneficiaries are reimbursed on a cost reimbursement methodology and a national fee schedule for certain services. The Hospital is reimbursed for outpatient services at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the fiscal intermediary. The Hospital's Medicaid cost reports have been audited by the fiscal intermediary through September 30, 2011.

Anthem

Inpatient and outpatient services rendered to Anthem subscribers are reimbursed based on standard charges less a negotiated discount, except for lab and radiology services which are reimbursed on fee schedules.

The Hospital has also entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates, discount from charges and prospectively determined daily rates.

Revenue from the Medicare and Medicaid programs accounted for approximately 56% and 10%, respectively, of the Hospital's net patient service revenue for the year ended 2014, and 55% and 9%, respectively, of the Hospital's net patient service revenue for the year ended 2013. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Net patient service revenue decreased approximately $43,000 and $1,300,000 in 2014 and 2013, respectively, due to differences in settlements from amounts previously estimated.

The Hospital recognizes patient service revenue relating to services rendered to patients having third-party payor coverage on the basis of contractual rates for such services. For services rendered to self-pay or uninsured patients, revenue is recognized on the basis of standard or negotiated discounted rates. At the time services are rendered to self-pay patients, a provision for bad debts is recorded based on experience and the effects of newly identified circumstances and trends in pay rates. Patient service revenue, net of contractual allowances and discounts, but before the provision for bad debts, recognized during 2014 totaled $39,000,305, of which $35,179,060 was revenue from third-party payors and $3,821,245 was revenue from self-pay patients. Patient service revenue, net of contractual allowances and discounts, but before the provision for bad debts, recognized during 2013 totaled $38,559,674, of which $33,331,832 was revenue from third-party payors and $5,227,842 was revenue from self-pay patients.

3. Community Benefit

The Hospital provides services without charge or at amounts less than the established rates, to parties who meet the criteria of its charity care policy. The criteria for charity care measures family income against the income poverty guidelines established by the Department of Health and Human Services (DHHS).

Discounts are provided on a sliding scale based on the relationship of family size and income level against the income poverty guidelines established by DHHS and as set forth in the charity care policy.

The net cost of charity care provided was approximately $1,318,000 and $1,559,000 for the years ended September 30, 2014 and 2013, respectively. The total cost estimate is based on an overall cost to charge ratio applied against gross charity care charges. In 2014 and 2013, 3.3% and 3.8%, respectively, of all services as defined by percentage of gross revenue was provided on a charity care basis.

In 2014, of a total of 864 inpatients, 61 received their entire episode of service on a charity care basis. In 2013, of a total of 919 inpatients, 76 received their entire episode of service on a charity care basis.

In 2014, of a total of 79,641 outpatients, 3,208 received their entire episode of service on a charity care basis. In 2013, of a total of 80,898 outpatients, 5,146 received their entire episode of service on a charity care basis.

4. Property and Equipment

The major categories of property and equipment are as follows:

	2014	2013
Land and improvements	$ 1,018,880	$ 975,177
Buildings	13,411,357	13,154,848
Fixed equipment - buildings and improvements	13,025,426	12,275,541
Fixed equipment - departmental	460,926	461,418
Major movable equipment	12,233,029	11,136,225
Construction in progress	113,685	707,805
	40,263,303	38,711,014
Less: accumulated depreciation	24,909,613	22,685,813
	$ 15,353,690	$ 16,025,201

5. Investment and Investment Income

Investments consisted of the following as of September 30:

	2014	2013
Internally designated investments		
Cash and cash equivalents	$ 1,451,920	$ 1,092,419
Marketable equity securities	8,288,866	7,664,644
Corporate bonds	3,101,230	3,636,190
U.S. Treasury obligations and government securities	2,093,874	1,287,637
	14,935,890	13,680,890
Restricted investments		
Cash and cash equivalents	177,913	225,839
Certificate of deposit	327,280	327,280
Marketable equity securities	325,800	288,747
Corporate bonds	416,039	522,357
U.S. Treasury obligations and government securities	254,516	107,601
	1,501,548	1,471,824
	$ 16,437,438	$ 15,152,714

Total investment return is comprised of the following for the years ended September 30:

	2014	2013
Interest and dividend income		
Unrestricted	**$ 354,715**	$ 337,202
Temporarily restricted	**12,095**	21,059
Unrealized gains		
Unrestricted	**566,264**	981,098
Temporarily restricted	**34,158**	14,686
Realized gains (losses)		
Unrestricted	**369,317**	(2,613)
	$ 1,336,549	$ 1,351,432

Endowment

Return Objectives and Risk Parameters

The Hospital has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Hospital must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. The Hospital expects its endowment funds, over time, to provide an average rate of return of approximately nine percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Hospital relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Hospital targets a diversified asset allocation that places a weighted ratio on equity-based and fixed income investments to achieve its long-term return objectives within prudent risk constraints.

Uniform Prudent Management of Institutional Funds Act

Effective July I, 2008, the State of New Hampshire adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) enacted as Revised Statutes Annotated (RSA) Chapter 292-B. This RSA provides guidance and special rules for the management of endowment funds. Unexpended investment income on permanently restricted net assets is required to be reported as temporarily restricted net assets until expended.

Endowment (donor-restricted) net asset composition by type of fund as of September 30:

	Temporarily Restricted	Permanently Restricted	Total
Balances, October 1, 2012	$ 143,598	$ 988,014	$1,131,612
Investment return			
Investment income, net	3,935	-	3,935
Net appreciation (realized and unrealized)	8,973	-	8,973
Total investment return	12,908	-	12,908
Balances, September 30, 2013	156,506	988,014	1,144,520
Investment return			
Investment income, net	**1,711**	-	**1,711**
Net appreciation (realized and unrealized)	**25,752**	-	**25,752**
Total investment return	**27,463**	-	**27,463**
Contributions	-	**2,285**	**2,285**
Balances, September 30, 2014	**$ 183,969**	**$ 990,299**	**$1,174,268**

6. Borrowings

Long-term debt consisted of the following as of September 30:

	2014	2013
Business Finance Authority of the State of New Hampshire (Authority) variable rate (2.59% at September 30, 2014) Hospital Revenue Series 2010 Bonds due September 2030. Principal payments are due in annual installments, ranging from $339,000 in 2015 to $760,000 in 2030; collateralized by substantially all of the property and equipment of the Hospital.	**$ 8,741,500**	$ 9,080,500
Capital lease obligation, at 7.58%, due in 2016; collateralized by leased equipment.	**19,431**	28,545
	8,760,931	9,109,045
Less current maturities	**349,689**	348,973
	$ 8,411,242	$ 8,760,072

The bond agreements require that the Hospital meet certain covenants. As of September 30, 2014 and 2013, the Hospital was in compliance with these covenants.

Estimated maturities for long-term debt in subsequent fiscal years from September 30, 2014 are as follows:

	Long-Term Debt (Excluding Capital Lease Obligations)	Capital Lease Obligations
2015	$ 339,000	$ 11,856
2016	390,000	8,949
2017	390,000	-
2018	417,000	-
2019	444,000	-
Thereafter	6,761,500	-
	$ 8,741,500	20,805
Less amounts representing interest		1,374
		$ 19,431

Interest Rate Swap

In connection with the issuance of the 2005 bonds, the Hospital entered into three interest rate swap agreements to hedge the interest rate risk associated with the 2005 bonds. The swaps were retained subsequent to the refinancing in 2010. Under these agreements, the Hospital makes and receives payments based on the difference between the fixed-rate interest payments and the variable market-indexed payments. The notional amounts of the interest rate swaps outstanding totaled $5,255,050 and $5,397,100 at September 30, 2014 and 2013, respectively. The two interest rate swap agreements expiring on June 30, 2015 require the Hospital pay a fixed interest rate of 4.64% and 3.67% in exchange for a variable rate of USD-LIBOR-BBA and USD-BMA Municipal Swap Index, respectively. The interest rate swap agreement expiring on June 30, 2020 requires the Hospital pay a fixed interest rate of 3.84% in exchange for a variable rate of USD-BMA Municipal Swap Index.

The Hospital is required to include the fair value of the swap in the balance sheet, and annual changes, if any, in the fair value of the swap in the statement of operations. For example, during the Bonds' 20-year holding period, the annually calculated value of the swap will be reported as an asset if the interest rates increase above those in effect on the date the swap was entered into (and as an unrealized gain in the statements of operations), which will generally be indicative that the net fixed rate the Hospital is paying is below market expectations of rates during the remaining term of the swap. The swap will be reported as a liability (and as an unrealized loss in the statements of operations) if interest rates decrease below those in effect on the date the swap was entered into, which will generally be indicative that the net fixed rate the Hospital is paying on the

swap is above market expectations of rates during the remaining term of the swap. These annual accounting adjustments of value changes in the swap transaction are non-cash recognition requirements, the net effect of which will be zero at the end of the swaps' terms. The Hospital retains the sole right to terminate the swap agreements should the need arise. The Hospital recorded the swaps at their liability position of $442,706 and $582,782 at September 30, 2014 and 2013, respectively.

7. Commitments and Contingencies

Liability Insurance Coverage

The Hospital insures its comprehensive general liability and professional liability exposures on a claims-made basis, including prior acts coverage, with a commercial carrier. The coverage is provided by primary and excess insurance policies subject to shared policy limits with other selected NEAH entities located in Massachusetts, New Hampshire and Vermont. The policies are renewable on an annual basis and have been renewed through September 30, 2014. All known significant asserted and unasserted claims alleging malpractice have been communicated to the insurer who is responsible for resolving the claim and the related costs of litigation.

GAAP requires the Hospital to accrue the ultimate cost of liability claims when the incident that gives rise to the claim occurs, without consideration of insurance recoveries. Expected recoveries are presented as a separate asset. The Hospital has evaluated its exposure to losses arising from potential claims and determined that no such accrual is necessary for the year ended September 30, 2014.

Health Insurance

In January 2008, the Hospital established an HMO medical plan and a high deductible health savings account (HSA) plan for their employees. The HSA is funded by the employees, and a deduction is available pre-tax through payroll. In order to assist employees with meeting this higher deductible, the Hospital also established a Health Reimbursement Account (HRA) which will reimburse employees for medical expenses incurred over their portion of the deductible, until the full deductible is met. If expenses over their portion of the deductible are not met by the employee, the HRA funds remain the property of the Hospital. All HSA funds contributed by the employee remain their property.

The HSA plan has a single person deductible of $5,000, of which the Hospital would reimburse up to the last $3,750 and a two person or family plan total deductible of $10,000, of which the Hospital would reimburse up to the last $7,500.

As of September 30, 2014 and 2013, a reserve was established in the amount of $14,112 and $97,026, respectively, to fund potential claims by employees who are eligible for reimbursement for their incurred deductible expenses through the HRA.

Disproportionate Share Payments

Medicaid disproportionate share hospital (DSH) payments provide financial assistance to hospitals that serve a large number of low-income patients. The federal government distributes federal DSH funds to each state based on a statutory formula. The states, in turn, distribute their portion of the DSH funding among qualifying hospitals. The states are to use their federal DSH allotments to help cover costs of hospitals that provide care to low-income patients when those costs are not covered by other payors. The State of New Hampshire's distribution of DSH monies to the hospitals is subject to audit by the Centers for Medicare and Medicaid Services. Amounts recorded by the Hospital are therefore subject to change.

8. Retirement Plan

The Hospital has a 403(b) tax sheltered annuity plan that covers substantially all full-time employees and part-time employees who work over 1,000 hours. Contributions are computed as a percentage of earnings and are funded as accrued. The pension plan expense for the years ended September 30, 2014 and 2013 was $467,277 and $505,276, respectively.

9. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes or periods at September 30:

	2014	2013
Indigent care	$ 255,725	$ 265,029
Health education	188,521	184,666
Endowment accumulated earnings	183,969	156,506
	$ 628,215	$ 606,201

Permanently restricted net assets are restricted to the following at September 30:

	2014	2013
Investments to be held in perpetuity, the income from which is expendable to support health care services (reported as non-operating income)	$ 990,299	$ 988,014

During 2014 and 2013, net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes of capital acquisitions, indigent care and health care education in the amounts of $121,159 and $121,607, respectively.

10. Concentration of Credit Risk

The Hospital maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to $250,000. At times during the year, the Hospital's cash in bank exceeded insured limits. The Hospital has not incurred any losses from uninsured cash in bank as of September 30, 2014.

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors at September 30, 2014 and 2013 was as follows:

	2014	2013
Medicare	**41 %**	39 %
Medicaid	**11**	12
Blue Cross/HMO	**9**	6

11. Functional Expenses

The Hospital provides general health care services to residents within its geographic location. Expenses related to providing these services are as follows:

	2014	2013
Health care services	**$34,199,431**	$35,974,324
General and administrative	**7,264,489**	7,896,803
	$41,463,920	$43,871,127

12. Fair Value of Financial Instruments

Fair Value Measurements

FASB ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at September 30, 2014		
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Assets			
Cash and cash equivalents	$ 1,629,833	$ 1,629,833	$ -

Corporate bonds	4,158,547	-	4,158,547
U.S. Treasury obligations and government securities	1,395,238	1,395,238	-
Total assets at fair value	$ 15,152,714	$ 10,994,167	$ 4,158,547
Liabilities			
Interest rate swap	$ 582,782	$ -	$ 582,782

The fair value for Level 2 assets is primarily based on market prices of comparable securities, interest rates, and credit risk. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument.

The Hospital's financial instruments consist of cash and cash equivalents, investments, estimated third-party payor settlements, long-term debt and leases, and interest rate swaps. The carrying amount of cash and cash equivalents, estimated third-party payor settlements, and long-term debt and leases approximate fair value using Level 1 inputs. The fair value of investments and interest rate swaps was determined using methods and inputs described in the first section of this note.

13. Meaningful Use Revenues

The Medicare and Medicaid electronic health record (EHR) incentive programs provide a financial incentive for achieving "meaningful use" of certified EHR technology. The criteria for meaningful use will be staged in three steps from fiscal year 2012 through 2016. The meaningful use attestation is subject to audit by CMS in future years. As part of this process, a final settlement amount for the incentive payments could be established that differs from the initial calculation, and could result in return of a portion or all of the incentive payments received by the Hospital.

The Medicaid program will provide incentive payments to hospitals and eligible professionals as they adopt, implement, upgrade or demonstrate meaningful use in the first year of participation and demonstrate meaningful use for up to five remaining participation years.

During 2014 and 2013, the Hospital demonstrated meaningful use related to its certified EHR system, allowing the Hospital to be eligible to receive EHR incentive payments from Medicare and Medicaid. During 2014, the Hospital recorded meaningful use revenues of $860,295 related to Medicare and $216,299 related to Medicaid. During 2013, the Hospital recorded meaningful use revenues of $1,047,928 related to Medicare and $83,354 related to Medicaid.

As of September 30, 2014 and 2013, the Hospital has recorded approximately $605,000 and $1,165,000, respectively, in deferred revenue as the Hospital will recognize the Medicare incentive income over the useful lives of the assets. As of September 30, 2014 and 2013, the Hospital had not received approximately $40,000 and $1,172,000, respectively, of EHR incentive payments, which is included in other accounts receivable. These amounts were received subsequent to the end of the year.

14. Related Party

As of July 1, 2012, the Hospital formed an LLC, Northern New Hampshire Healthcare Management (NNHHM), with Upper Connecticut Valley Hospital (UCVH), and Androscoggin Valley Hospital (AVH), to provide a vehicle for shared saving arrangements within Coos County. NNHHM currently provides management services for UCVH which consist of the Chief Administrative Officer (CAO) and Chief Financial Officer (CFO). The CAO position is paid through NNHHM effective January 1, 2013. The CFO position is shared with the Hospital, and is being compensated for these services based on the allocated salary and benefits of the personnel performing these services.

As of April 10, 2013, the Hospital has formed a corporation, Northern New Hampshire Healthcare Collaborative, Inc. (NNHHC), with UCVH and AVH to provide a vehicle for shared ownership arrangements between three organizations. An application for tax-exempt status was filed with the IRS on July 9, 2013. Non-profit status was granted effective March 26, 2013.

Effective July 19, 2013, AVH Home Health has joined with Weeks Home Health & Hospice, d/b/a Northwoods Home Health & Hospice. As of January 1, 2014, ownership of Northwoods Home Health & Hospice was transferred to NNHHC.

On July 21, 2014, the Hospital, along with three other hospitals in the North Country, Androscoggin Valley Hospital, Littleton Regional Healthcare, and Upper Connecticut Valley Hospital, have signed a non-binding letter of intent to create a common parent organization that would serve all communities in the North Country. The letter of intent provides a way forward for each of the organizations working together with the others to seek both regulatory approvals needed for this business affiliation. Under this arrangement, the four hospitals would each exchange some autonomy, given to the parent organization, to enable the hospitals to develop a highly-coordinated health care network that will improve quality, increase efficiencies and lower cost of health care delivery in the region.

15. Discontinued Operations

In January 2014, the Hospital's home health division formally ceased operations under the Hospital and joined NNHHC. All home health services were treated as discontinued operations for fiscal years 2014 and 2013. Net patient service revenue of $1,128,350 and $2,952,186 is reported net of related expenses of $1,137,156 and $3,040,312 for the fiscal years ending September 30, 2014 and 2013, respectively.

Glenn Adams	Medical Director/Clinical Coordinator of Physician Services	$185,037.00	0%	$0.00

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

05-95-90-902010-5659 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, COMPREHENSIVE CANCER

05-95-90-901010-7965 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF PUBLIC HEALTH SYSTEMS, POLICY & PERFORMANCE, RURAL HEALTH AND PRIMARY CARE

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD, MHCDS
Director

Approved by:
Nicholas A. Toumpas
Commissioner

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
Weeks Medical Center

This 1st Amendment to the Weeks Medical Center contract (hereinafter referred to as "Amendment One") dated this 7TH day of MARCH, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Weeks Medical Center (hereinafter referred to as "the Contractor"), a corporation with a place of business at 170 Middle Street, Lancaster, New Hampshire 03584.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on July 11, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $292,483

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $20,652 for SFY 2014 and $113,557 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $20,652 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $103,557 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials:
Date: 3/7/14

- $10,000 from 05-95-90-901010-7965-102-500731, 100% General Funds.

  Add Paragraph 8
  8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

Contractor Initials:
Date: 3/7/14

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

EXHIBIT A – AMENDMENT 1

Scope of Services

The Department desires to continue the relationship with the primary care agencies to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

3. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

4. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS prior to implementation.

5. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 800 users annually with 2000 medical encounters, as defined in the Data and Reporting Requirements. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. Provide clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) **Publications Funded Under Contract**

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, electronic) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) **Subcontractors**

If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A. Service Requirements

1. Medical Home

The Contractor shall provide a Medical Home that:

a) Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.

b) Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, oral health, and behavioral health specialty providers.

b) Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) Nutrition assessment for all clients as part of the health maintenance visit. Therapeutic nutrition services shall be provided as indicated directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) Oral screening annually for all clients 21 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.

m) Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate. Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of

Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) The World Health Organization (WHO) growth charts shall be used to monitor growth for infants and children birth up to age 2 years. The Centers for Disease Control and Prevention (CDC) growth charts shall be used for children age 2 years and older.

b) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

c) All children enrolled in either Medicaid, Head Start, or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185%_poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a blood lead test performed.

d) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

e) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit, and a referral for the child's first visit to the dentist by age one as recommended by the American Academy of Pediatrics and the American Academy of Pediatric Dentistry.

f) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's drinking water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.

g) For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling or other substance abuse intervention, treatment, or recovery services by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.

b) All clients, including pregnant women, identified as smokers shall receive counseling using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: A Clinician's Guide to Helping Pregnant Women Quit Smoking", American College of Obstetricians and Gynecologists, 2011. With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule for Adults (19 years and older) by Age and Medical Condition - United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the "Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States" approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

NH DIVISION OF Public Health Services
Improving health, preventing disease, reducing costs for all

Nicholas A. Toumpas
Commissioner

José Thier Montero
Director

March 28, 2014

G&C Approved

Date 5/8/14

Item # 34A

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.
   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.
   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.
   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.
   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

   a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

   b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities in the Public Health Region in which they provide services as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to participate in and coordinate public health activities as requested by the Division of Public Health Services during any disease outbreak and/or emergency, natural or man-made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that appropriate, responsive, and timely referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care Clinical and Financial, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be

completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.

2. Reviews shall include client record reviews to measure compliance with this exhibit.

3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.

4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CHILD HEALTH DIRECT CARE SERVICES
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Please note, for all measures, the following should be used **unless otherwise indicated:**

- Less than 19 years of age
- Served within the scope of this MCH contract during State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)
- Each client can only be counted once (unduplicated)

Child Health Direct (CH – D) Performance Measure #1

Measure: 92%* of eligible children will be enrolled in Medicaid

Goal: To increase access to health care for children through the provision of health insurance

Definition: **Numerator-**
Of those in the denominator, the number of children enrolled in Medicaid.

Denominator-
Number of children who meet all of the following criteria:

- Less than 19 years of age
- Had 3 or more visits/encounters** during the reporting period
- As of the last visit during the reporting period were eligible for Medicaid

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**An encounter is face to face contact between a user and a provider who exercises independent judgment in the provision of services to the individual (UDS Table Definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #2

Measure: 85%* of at-risk** children who were screened for blood lead between 18 and 30 months of age

Goal: To prevent childhood lead poisoning through early identification of lead exposure

Definition: **Numerator-**
Of those in the denominator, number of children screened for blood lead by capillary or venous on or after their 18-month birthday and prior to their 30-month birthday.

Denominator-
Number of at-risk** children who reached age 30 months during the reporting period. If discharged prior to 30 months, do not include in denominator.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.

**At risk = During the reporting period, the children were 18-29 months of age, and fit at least one of the following criteria:

- "Low income" (less than 185% poverty guidelines)
- Over 185% and resided in a town considered needing "Universal" screening per NH Childhood Lead Poisoning Prevention Program
- Over 185%, resided in a town considered "Target" and had a positive response to the risk questionnaire
- Refugee children -A refugee is defined as a person outside of his or her country of nationality who is unable or unwilling to return because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion (U.S. Citizenship and Immigration Services definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #3

Measure: 71%* of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85%ile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Goal: To increase the percent of children receiving primary care preventive health services who have an elevated BMI percentile who receive guidance about promoting a healthier lifestyle.

Definition: **Numerator-**
Of those in the denominator, the number of children who had documentation in their medical record of there being discussion at least once during the reporting period of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Denominator-
Number of children who turned twenty-four months during or before the reporting period, up to the age of nineteen years, with one or more well child visit after their twenty-fourth month of age within the reporting year, and had an age and gender appropriate BMI percentile greater than or equal to the 85 % percentile at least once during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Rationale: Children between the 85th – 94th percentiles BMI are encouraged to have 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks. (Discussion of the importance of family meal time, limiting eating out, consuming a healthy breakfast, preparing own foods, and promotion of breastfeeding is also encouraged.) American Academy of Pediatrics' guidance for Prevention and Treatment of Childhood Overweight and Obesity, (http://www.aap.org/obesity/health_professionals.html), from AAP Policy Statement: *Prevention of Pediatric Overweight and Obesity* and the AAP endorsed Expert Committee Recommendations Regarding the Prevention, Assessment, and Treatment of Children and Adolescent Overweight and Obesity, 2007.

*Target based on 2012 & 2013 Data Trend Table averages.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) #4

Measure: 75%* of eligible** infants and children with client record documentation of enrollment in WIC

Goal: To increase access to nutrition education, breastfeeding support, and healthy food through enrollment in the WIC Nutrition Program

Definition: **Numerator -**
Of those in the denominator, the number of infants and children who, as of the last well child visit during the reporting period, had client record documentation that infant or child was enrolled in WIC.

Denominator -
Unduplicated number of infants and children less than 5 years of age, enrolled in the agency, during the reporting period, who were eligible** for WIC.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**WIC Eligibility Requirements:

- Infants, and children up to their fifth birthday
- Must be income eligible (income guidelines are up to 185% of federal gross income, and are based on family size)

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #5

Measure: 23%* of infants who were exclusively** breastfed for the first three months, at their four month well baby visit

Goal: To provide optimum nutrition to infants in their first three months of life

Definition: **Numerator -**
Of those in the denominator, the number of infants who had client record documentation that the infant had been exclusively breastfed for their first three months when checked at their four month well baby visit.

Denominator -
Number of infants who received one or more visits during or before the reporting period and were seen for a four-month well baby visit during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Benmarks: 2011 PedNSS (WIC) exclusive at 3 months: NH 22.9%, National (2010) 10.7%
2013 CDC Report Card (NIS, provisional 2010 births): NH 49.5%, National 37.7%
Healthy People 2020 goal: 44%

Rationale: The AAP recommends exclusive breastfeeding for about 6 months, with continuation of breastfeeding for 1 year or longer as mutually desired by mother and infant, a recommendation concurred to by the World Health Organization and the Institute of Medicine. (American Academy of Pediatrics Policy Statement on Breastfeeding and the Use of Human Milk, 2012)

*Target based on 2012 & 2013 Data Trend Table averages.
**Exclusive means breast milk only, no supplemental formula, cereal/baby food, or water/fluids.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE: ADULT

PERFORMANCE MEASURES DEFINITIONS

State Fiscal Year 2015

Primary Care: Adult Performance Measure #1

Measure:*	58%** of adult patients 18 – 85 years of age diagnosed with hypertension will have a blood pressure measurement less than 140/90*** mm at the time of their last measurement.
Goal:	To ensure patients diagnosed with hypertension are adequately controlled.
Definition:	**Numerator-** Number of patients from the denominator with blood pressure measurement less than 140/90 mm at the time of their last measurement. **Denominator-** Number of patients age 18 – 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Measure based on the National Quality Forum 0018

**Health People 2020 National Target is 61.2%

***Both the numerator and denominator must be less that 140/90 mm

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure:	31%* of women and adolescent girls aged 15-44 take multi-vitamins with folic acid.
Goal:	To enhance pregnancy outcomes by reducing neural tube defects.
Definition:	**Numerator-** The number of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid. **Denominator-** The number of women and adolescent girls aged 15-44 who were seen in primary care for a well visit in the past year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CLINICAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: 61%* of adolescents aged 11-21 years received an annual health maintenance visits in the past 12 months.

Goal: To enhance adolescent health by assuring annual, recommended, adolescent well -visits.

Definition:

Numerator-
Number of adolescents in the denominator who received an annual health maintenance "well" visit during the reporting year.

Denominator-
Total number of adolescents aged 11-21 years who were enrolled in the primary care clinic as primary care clients during the reporting year period.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE - FINANCIAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care (PC) Performance Measure #1

Measure: Patient Payor Mix

Goal: To allow monitoring of payment method trends at State funded primary care sites.

Definition: Patients enrolled in Medicare, Medicaid, Commercial insurance, or uninsured.

Data Source: Provided by agency

Primary Care (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: AR Days: Net Patient Accounts Receivable **multiplied by** 365 **divided by** Net Patient Revenue

Data Source: Provided by agency

Primary Care (PC) Performance Measure #3

Measure: Current Ratio

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: Current Ratio = Current Assets **divided by** Current Liabilities

Data Source: Provided by agency

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRENATAL
PERFORMANCE MEASURES DEFINITIONS
State Fiscal Year 2015

Prenatal (PN) Performance Measure #1

Measure:	85%* of pregnant women who are enrolled in the agency's prenatal program will begin prenatal care during the first trimester of pregnancy.
Goal:	To enhance pregnancy outcomes by assuring early entrance into prenatal care.
Definition:	**Numerator-** Number of women in the denominator who had a documented prenatal visit during the first trimester (on or before 13.6 weeks gestation). **Denominator-** Number of women enrolled in the agency prenatal program who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Prenatal (PN) Performance Measure #2

Measure:	20%* of pregnant women who are identified as cigarette smokers will be referred to QuitWorks-New Hampshire.
Goal:	To reduce tobacco use during pregnancy through focused tobacco use cessation activities at public health prenatal clinics.
Definition:	**Numerator-** Number of women in the denominator who received at least one referral to QuitWorks-New Hampshire during pregnancy. **A referral is defined as signing the patient up for QuitWorks-NH via phone, fax, or EMR. It is not defined as discussing QuitWorks-NH with the patient and encouraging her to sign up.** **Denominator-** Number of women enrolled in the agency prenatal program and identified as tobacco users who gave birth during the reporting year.

Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Target set in consultation with the NH Tobacco Program & FY13 Data Trend Table average.

Prenatal (PN) Performance Measure #3

Measure:	79%* of pregnant women will be screened, using a formal valid screening tool, for alcohol and other substance use during every trimester they are enrolled in the prenatal program.
Goal:	To reduce prenatal substance use through systematic screening and identification.
Definition:	**Numerator-** Number of women in the denominator who were screened for substance and alcohol use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program. **Denominator-** Number of women enrolled in the agency prenatal program and who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with Weeks Medical Center (Vendor #177171-R001), 170 Middle Street, Lancaster, New Hampshire 03584, in an amount not to exceed $158,274.00, to provide primary care services, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

SFY 2014	102-500731	Contracts for Program Services	90080000	$69,137
			Sub-Total	$138,274

05-95-90-901010-5149 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF PUBLIC HEALTH SYSTEMS, POLICY AND PERFORMANCE, RURAL HEALTH AND PRIMARY CARE

Fiscal Year	Class/Object	Class Title	Job Number	Total Amount
SFY 2013	102-500731	Contracts for Program Services	90073001	$10,000
SFY 2014	102-500731	Contracts for Program Services	90073001	$10,000
			Sub-Total	$20,000
			Total	$158,274

EXPLANATION

Funds in this agreement will be used to provide office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

Should Governor and Executive Council not authorize this Request, a minimum of 1,600 low-income individuals from the following areas Carroll, Dalton, Groveton, Jefferson, Lancaster, North Stratford, Northumberland, Randolph, Stark, Stratford, Twin Mountain and Whitefield may not have access to primary care services. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities.

Weeks Medical Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were

averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $273,898. This represents a decrease of $115,624. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Carroll, Dalton, Groveton, Jefferson, Lancaster, North Stratford, Northumberland, Randolph, Stark, Stratford, Twin Mountain and Whitefield.

Source of Funds: 17.43% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 82.57% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

1.5 Contractor Phone Number 603-788-2521	**1.6 Account Number** 010-090-5190-120-500731 010-090-5149-102-500731	**1.7 Completion Date** June 30, 2014	**1.8 Price Limitation** $158,274
1.9 Contracting Officer for State Agency Joan H. Ascheim, Bureau Chief		**1.10 State Agency Telephone Number** 603-271-4501	
1.11 Contractor Signature		**1.12 Name and Title of Contractor Signatory** Scott Howe, Chief Executive Officer	

1.13 Acknowledgement: State of New Hampshire, County of Coos

On March 28, 2012, before the undersigned officer, personally appeared the person identified in block 1.12, or satisfactorily proven to be the person whose name is signed in block 1.11, and acknowledged that s/he executed this document in the capacity indicated in block 1.12.

1.13.1 Signature of Notary Public or Justice of the Peace

Kathy St Onge

[Seal]

KATHY ST. ONGE, Notary Public
My Commission Expires June 22, 2016

1.13.2 Name and Title of Notary or Justice of the Peace

1.14 State Agency Signature	**1.15 Name and Title of State Agency Signatory** Joan H. Ascheim, Bureau Chief

1.16 Approval by the N.H. Department of Administration, Division of Personnel *(if applicable)*

By: Director, On:

1.17 Approval by the Attorney General (Form, Substance and Execution)

By: Joanne P. Herrick, Attorney On: 29 May 2012

1.18 Approval by the Governor and Executive Council

By: On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.
3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the Governor and Executive Council of the State of New Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date").
3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/ PAYMENT.
5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.
5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.
5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.
6.1 In connection with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.
6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.
6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provisions of Executive Order No. 11246 ("Equal Employment Opportunity"), as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.
7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.
7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.
7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

Contractor Initials: _____
Date: 3/28/12

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS. The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative Services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: _____

Date: 3/28/12

certificate(s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION.
15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the Contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").
15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Contractor Initials: _____
Date: 3/28/12

NH Department of Health and Human Services

Exhibit A

Scope of Services

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: Weeks Medical Center

ADDRESS: 170 Middle Street
Lancaster, New Hampshire 03584
Grant Administrator: Patricia Cotter
TELEPHONE: 603-788-2521

The Contractor shall:

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

3. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

4. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS *prior to implementation.*

5. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

Contractor Initials: _____

Date: 06/15/12

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of _800_ users annually with _2000_ medical encounters, as defined in the Data and Reporting Requirements. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. *Provide* clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

Contractor Initials: _____

Date: 06/15/12

a) uninsured;

b) under-insured;

c) families and individuals with significant psychosocial and economic risk, including low income status;

d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. *The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.*

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, *electronic*) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing *and approve the subcontractual agreement*, prior to initiation of the subcontract.

Contractor Initials: _____

Date: 06/15/12

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A) Service Requirements

1. *Medical Home*

The Contractor shall provide a Medical Home that:

a) *Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.*

b) *Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.*

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, *oral health*, and behavioral health specialty providers.

b) *Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.*

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) *Nutrition assessment for all clients as part of the health maintenance visit.* Therapeutic nutrition services shall be provided *as indicated* directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

Contractor Initials: _____

Date: 06/15/12

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) *Oral screening annually for all clients 19 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.*

m) *Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.*

n) Breast and cervical cancer screening directly or by referral to an agency or provider with a sliding fee scale using screening guidelines from a nationally accepted organization.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) *Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.*

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother *at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate.* Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

Contractor Initials: _____

Date: 06/15/12

a) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

b) All children enrolled in either Healthy Kids-Gold or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a capillary or venous blood lead test performed.

c) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

d) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit.

e) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's *drinking* water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. ***Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.***

f) ***For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.***

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling *or other substance abuse intervention, treatment, or recovery services* by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. *For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.*

Contractor Initials: ____

Date: 06/15/12

b) All clients, including pregnant women, identified as smokers shall receive counseling *using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline* as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: *A Clinician's Guide to Helping Pregnant Women Quit Smoking*", American College of Obstetricians and Gynecologists, 2011. *With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).*

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the *"Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States"* approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) *The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.*

d) *The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.*

Contractor Initials: _____

Date: 06/15/12

B) **Staffing Provisions**

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist *(on site or by referral)*

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.

   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.

   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:

   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.

Contractor Initials: _____

Date: 06/15/12

b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.

c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities *in the Public Health Region in which they provide services* as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to *participate* in and coordinate public health activities as requested by the Division of Public Health Services during any *disease outbreak* and/or *emergency*, natural or man made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that *appropriate, responsive, and timely* referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

Contractor Initials: _____

Date: 06/15/12

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings

2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.

2. Submit Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.

3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.

4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.

5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care *Clinical and Financial*, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee

Contractor Initials: _____

Date: 06/15/12

scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include client record reviews to measure compliance with this exhibit.
3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

Exhibit B

Purchase of Services
Contract Price

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: **Weeks Medical Center**

ADDRESS: **170 Middle Street**
Lancaster, New Hampshire 03584
Grant Administrator: **Patricia Cotter**
TELEPHONE: **603-788-2521**

Vendor #177171-R001 | Job #90080000 #90073001 | Appropriation #010-090-51900000-102-500731 #010-090-51490000-102-500731

1. The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during the period of the contract shall not exceed:

   $138,274 for Primary Care Services, funded from 19.95% federal funds from the US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau (CFDA #93.994) and 80.05% general funds.

   $20,000 for Primary Care Services, funded from 100% general funds.

TOTAL: $158,274

2. The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in the attached budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State.

3. This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the month up to an amount not greater than one-twelfth of the contract amount. Reimbursement greater than one-twelfth of the contract amount in any month shall require prior, written permission from the State.

4. Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each of the Service category budgets. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date. Said invoice shall contain a description of all allowable costs and expenses incurred by the Contractor during the contract period.

5. Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred in the performances of the services.

6. The Contractor may amend the contract budget for any Service category through line item increases, decreases, or the creation of new line items provided these amendments do not exceed the contract price for that particular

Contractor Initials: _____
Date: 3/28/12

Service category. Such amendments shall only be made upon written request to and written approval by the State. Budget revisions will not be accepted after June 20th of each contract year.

7. The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars ($300) and with a useful life beyond one year.

The remainder of this page is intentionally left blank.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: _____

Date: 3/28/17

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: _____

Date: 3/28/12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

Date: 3/28/12

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: _____
Date: 3/28/12

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

Contractor Initials: [signature]

Date: 3/28/12

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,
129 Pleasant Street
Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

   (b) Establishing an ongoing drug-free awareness program to inform employee's about:

      (1) The dangers of drug abuse in the workplace;
      (2) The grantee's policy of maintaining a drug-free workplace;
      (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
      (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

   (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

   (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

      (1) Abide by the terms of the statement; and

Contractor Initials: [illegible]
Date: 3/28/12

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

Contract Period: **7/1/12 or date of G&C Approval, whichever is later, through 6/30/14**

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", "provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Contractor Initials: _____

Date: 3/28/12

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Primary Care Services Contract

This 2nd Amendment to the Primary Care Services contract (hereinafter referred to as "Amendment #2") dated this, 30th day of April, 2015 is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and White Mountain Community Health Center. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 298 White Mountain Highway, PO Box 2800, Conway, NH 03818.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012 (Item #127) and amended by an agreement (Amendment #1 to the Contract) approved on May 8, 2014 (Item #34A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, and Exhibit C Paragraph 17, the State may amend the contract terms and conditions and renew the contract for two (2) additional years by written agreement of the parties and approval of the Governor and Executive Council; and

WHEREAS, the parties agree to extend the contract for two additional years, add services to Exhibit A, Scope of Services and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

1. Form P-37, General Provisions, Item 1.7, Completion Date, to read:
   June 30, 2017
2. Form P-37, General Provisions, Item 1.8, Price Limitation, to read:
   $1,072,302
3. Form P-37, General Provisions, Item 1.9, Contracting Officer for State Agency, to read:
   Eric D. Borrin
4. Form P-37, General Provisions, Item 1.10, State Agency Telephone Number, to read:
   (603) 271-9558
5. Delete Exhibit A, Scope of Services and Exhibit A-1 Amendment 1, Scope of Services and replace with Exhibit A – Amendment #2.
6. Delete Exhibit A-1 Amendment #1 - Performance Measures and replace with Exhibit A-1 Amendment #2 – Performance Measures.

7. Delete Exhibit B, Purchase of Services Contract Price and replace with Exhibit B – Amendment #2, Method and Conditions Precedent to Payment.
8. Add Exhibit B-1, Budget Form Primary Care through Exhibit B-6, Budget Form SBIRT.
9. Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, Period Covered by this Certification, to read:

   From 7/1/2012 to 6/30/2017
10. Standard Exhibit E, Certification Regarding Lobbying, Contract Period, to read:

    July 1, 2012 through June 30, 2017
11. Delete Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Title:

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

1.3. The Contractor shall maximize billing to private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered. The Department shall be the payer of last resort.

1.4. Office-based and enabling **Primary Care** services shall be provided individuals and families who are:

1.4.1. Uninsured.

1.4.2. Underinsured.

1.4.3. Low-income, which is defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.5. **Breast and Cervical Cancer Screening** Services shall be provided to women ages twenty-one(21) through sixty-four (64) who are:

1.5.1. Uninsured.

1.5.2. Underinsured.

1.5.3. Low-income, which is defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines.

1.6. **Screening, Brief Intervention and Referrals to Treatment** (SBIRT) Services shall be provided to all individuals who seek services described in Section 1.4 and Section 1.5, above.

1.7. The Contractor shall remain in compliance with all relevant state and federal laws, including but not limited to:

1.7.1. NH RSA 141-C and Administrative Rule He-P 301, adopted 6/3/08, which requires the reporting of all communicable diseases.

1.7.2. NH RSA 169:C, Child Protection Act; NH RSA 161-F46, Protective Services to Adults, NH RSA 631:6, Assault and Related Offences, and RSA 130:A, Lead Paint Poisoning and Control.

1.7.3. NH RSA 141-C and the Immunization Rules promulgated, hereunder.

2. Eligibility Determination Services

2.1. The Contractor shall notify the Department, in writing, if access to Primary Care or Breast and Cervical Cancer Screening Services for new patients is limited or closed for more than a one month period.

2.2. The Contractor shall maintain documentation for each individual receiving services described in this contract that includes, but is not limited to:

2.2.1. Family income.

2.2.2. Family size.

2.2.3. Income in relation to the Federal Poverty Guidelines.

2.3. The Contractor shall assist individuals with completing a Medicaid application when income calculations indicate possible Medicaid eligibility.

2.4. The Contractor shall post a notice in a public and conspicuous location that no individual will be denied services for an inability to pay.

2.5. The Contractor shall implement and update a sliding fee scale for services in accordance with the Federal Poverty Guidelines. The Contractor shall:

2.5.1. Update the sliding fee scale on an annual basis when new Federal Poverty Guidelines are released.

2.5.2. Provide the updated sliding fee scale to the Department for review and approval prior to implementation.

3. Primary Care Services

3.1. The Contractor shall ensure primary care services are provided by a NH licensed MD, DO, APRN or PA to eligible individuals in the service area. Primary care services shall include, but are not limited to:

3.1.1. Reproductive health services.

3.1.2. Preventive services, screenings and health education in accordance with established, documented state or national guidelines.

3.1.3. Pathology, radiology, surgical and CLIA certified laboratory services either on-site or by referral.

3.1.4. Assessment of need for:

3.1.4.1. Tobacco cessation, including referral to NH Quitworks, as appropriate.

3.1.4.2. Social services.

3.1.4.3. Nutrition services, including WIC, as appropriate.

3.1.4.4. Referrals to health, home care, oral health and behavioral health specialty providers who offer sliding scale fees, when available.

3.2. The Contractor shall provide case management for individuals enrolled for primary care services, which shall include, but not be limited to:

3.2.1. Access to a healthcare provider by telephone twenty-four (24) hours per day, seven (7) days per week, directly, by referral or subcontract.

3.2.2. Care facilitated by registries, information technology, health information exchange and other means to assure that patients get the necessary care when and where they need and want it in a culturally and linguistically appropriate manner.

3.2.3. An integrated model of primary care that may include, but is not limited to:

3.2.3.1. Behavioral health.

3.2.3.2. Oral health.

3.2.3.3. Use of navigators and case management.

3.2.3.4. Co-location of services and system-level integration of care and fiscal accountability.

3.3. The Contractor can choose to provide enabling services, if the budget allows, which are non-clinical services that support the delivery of basic primary care and services, and facilitate access to comprehensive patient care as well as social services. The Contractor can facilitate enabling services that include, but are not limited to:

3.3.1. Case management.

3.3.2. Benefit counseling.

3.3.3. Eligibility assistance.

3.3.4. Health education and supportive counseling.

3.3.5. Interpretation.

3.3.6. Outreach.

3.3.7. Transportation.

3.3.8. Education of patients and the community regarding the availability and appropriate use of health services.

3.4. The Contractor must elect to do at least one (1) quality improvement project which consists of systematic and continuous actions that lead to measurable improvement in health care services and the health status of targeted patient groups. The Contractor shall facilitate a minimum of one (1) quality improvement project that includes, but is not limited to:

3.4.1. Enhancing clinical workflow/improve patient outcomes by methods that may include, but are not limited to:

3.4.1.1. Alerts.

3.4.1.2. Guidelines.

3.4.1.3. Diagnostic support.

3.4.1.4. Patient registries.

3.4.1.5. Collaborative learning sessions, etc.)

3.4.2. Implementing projects that lead to measurable improvements on any of the performance measures and indicators identified in Exhibit A-1 Amendment #2

3.4.3. Utilizing defined improvement processes to coordinate quality improvement activities.

3.4.4. Identifying and defining specific goals and objectives to be achieved in the project period.

4. Breast and Cervical Cancer Screening Services

4.1. The Contract shall develop work plans based on performance measures in Exhibit A-1 that include activities related to:

4.1.1. The provision of breast and cervical cancer screening.

4.1.2. The promotion of breast and cervical cancer screening.

4.2. The Contractor shall implement evidence-based interventions outlined in the Centers for Disease Control and Prevention Guide to Community Preventative Services (http://www.thecommunityguide.org/index/html) to support the provision and promotion of breast and cervical cancer screening rates, including but not limited to provider reminder systems and patient reminders.

4.3. The Contractor shall provide breast and cervical cancer screening for the early detection of breast and cervical cancer in accordance with the policies and procedures outlined in the BCCP Policy and Procedure Manual, following nationally accepted screening recommendations. Screenings shall include but not be limited to:

4.3.1. Clinical pelvic examinations.

4.3.2. Clinical breast examinations.

4.3.3. Mammograms.

4.3.4. Pap and HPV tests, if appropriate.

4.3.5. Referrals for diagnostic and treatment services, as necessary.

4.4. The Contractor shall provide services to the number of individuals as follows:

4.4.1. 75% of all mammograms shall be provided to women ages fifty (50) to sixty-four (64) at all screening sites.

4.4.2. A maximum of 25% of all mammograms shall be provided to women under the age of fifty (50) at all screening sites.

4.4.3. 20% of newly enrolled women for Pap tests shall be provided at all screening sites to women who have not had a Pap test in over five (5) years.

4.5. The Contractor shall ensure all referrals are made in accordance with the minimum standards outlined in the BCCP Policy and Procedure Manual to facilities that provide approved and certified laboratory, pathology, radiology and surgical services. The Contractor shall ensure:

4.5.1. Mammography units are accredited by the American College of Radiology and FDA certified under MQSA.

4.5.2. Laboratories are CLIA certified.

4.6. The Contractor shall ensure all services and case management activities are completed in accordance with the BCCP Policy and Procedure Manual, including but not limited to follow-up and tracking of all client tests results and referrals.

4.7. The Contractor shall provide screening promotion for all eligible individuals, which includes, but is not limited to:

4.7.1. Patient navigation services that assist individuals to overcome health systems barriers and facilitate timely access to:

4.7.1.1. Quality breast and cervical cancer screening.

4.7.1.2. Breast and cervical cancer diagnostics.

4.7.1.3. Initiation of breast and cervical cancer treatment, when applicable.

4.7.1.4. Assurance that patient navigation services are terminated when the patient:

4.7.1.4.1. Completes screening and has normal results.

4.7.1.4.2. Completes diagnostic testing and has normal results.

4.7.1.4.3. Initiates breast and/or cervical cancer treatment or refuses treatment.

4.7.2. Patient navigation services shall include, but not be limited to:

4.7.2.1. A written assessment of individual client barriers.

4.7.2.2. Client education and support.

4.7.2.3. Assistance with resolving client barriers, including but not limited to transportation and translation services, as appropriate.

4.7.2.4. Tracking and follow-up to monitor client progress in completing screening, diagnostic testing, and initiation of treatment, as needed.

4.7.2.5. A minimum of two contacts with the client, either in person or by telephone.

4.7.2.6. Collecting data to evaluate the primary outcomes of patient navigation, which shall include adherence to screening, diagnostic testing and cancer treatment initiation.

4.7.2.7. Tracking of patients lost to follow-up, as appropriate.

5. Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

5.1. The Contractor shall develop the infrastructure necessary to provide and record Screening, Brief Intervention, and Referral to Treatment (SBIRT) services related to substance use for all eligible individuals ages nineteen (19) to sixty-five (65) years and for all pregnant women, regardless of age, receiving services in Section 3 and/or Section 4. The Contractor shall:

5.1.1. Provide training to integrated primary care and behavioral health teams to ensure SBIRT activities are conducted with fidelity to the model in Section 5.1.

5.1.2. Modify and/or adapt current Electronic Health Records (EHR) systems in order to track SBIRT:

5.1.2.1. Activities

5.1.2.2. Completions.

5.1.2.3. Recommendations and referrals.

5.1.2.4. Follow-ups.

5.1.3. Utilize Substance Use Disorder (SUD) codes in the EHR for billing that shall:

5.1.3.1. Enable submission for payment through NH Managed Care/Medicaid and other insurance companies.

5.1.3.2. Allow the generation of reports.

5.2. The Contractor shall implement SBIRT services by ensuring sufficient qualified staff are available to conduct SBIRT services according to the SBIRT model described by the Centers for Disease Control (CDC), available on-line at http/www.dcd.gov/ncddd/fasd/documents/aloholsbiimplementationguide.pdf. The Contractor shall:

5.2.1. Implement SBIRT services by including SBIRT activities in daily operations.

5.2.2. Use one or more of the screening instruments listed in Appendix E of "Systems-Level Implementation of Screening, Brief Intervention and Referral to Treatment. TAP 33" (2013 edition) (http://www.integration.samhsa.gov/sbirt/TAP33.pdf) and document screening in the electronic health record (EHR).

5.2.3. Conduct brief interventions with patients who screen positive for potential substance use concerns and document activities in the EHR.

5.2.4. Refer patients to Substance Use Disorder (SUD) treatment services as necessary, and ensure each patient has connected with the specific service

provider by documenting in the EHR, which is audited to ensure appropriate follow up.

5.2.5. Conduct SBIRT with covered populations that include all adults on an annual basis and pregnant women on a trimester basis.

5.3. Coordinate care between community health center (CHC) services and external treatment providers by collaborating with entities that provide SUD treatment services not available at the CHC. The Contractor shall:

5.3.1. Obtain client consents to contact service providers in order to resolve any barriers to accessing services.

5.3.2. Refer patients for SUD services, as needed.

5.3.3. Follow up with patient and/or SUD service provider to ensure appropriate services are provided.

5.3.4. Work with Regional Public Health Networks (RPHNs) to identify new SUD referral resources as they become available.

5.4. The Contractor shall test SBIRT fidelity with a subset of the target population prior to full implementation for all adults ages nineteen (19) to sixty-five (65) annually and pregnant women at each trimester.

6. Staffing

6.1. The Contractor shall ensure all health and allied health professions have the appropriate current NH licenses whether directly employed, contracted or subcontracted.

6.2. The Contractor shall employ a medical services director with special training and experience in primary care who shall participate in quality improvement activities and be available to other staff for consultation, as needed.

6.3. The Contractor shall ensure staff delivering SBIRT services have, at minimum, one of the following:

6.3.1. Masters prepared behavioral health practitioners. This includes individuals licensed under the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board.

6.3.2. Masters prepared and in the process of obtaining a license from the Mental Health Board, Psychology Board, or Alcohol and Drug Use Professional Board, while under the supervision of a licensed practitioner of the same profession.

6.3.3. Physicians or Advanced Practice Registered Nurses licensed to practice in NH.

6.3.4. Physician Assistants or other practitioners under the supervision of a Physician licensed to practice in NH.

6.4. The Contractor may deliver breast and cervical cancer screening navigation services through a combination of staff, which may include the provision of outreach and education by lay persons with clinical case management services provided by either:

6.4.1. A registered nurse who:

6.4.1.1. Is licensed with the NH Board of nursing; or

6.4.1.2. Has attained bachelor's degree from a recognized college or university.

6.4.2. A nurse who is working under the direct supervision of a registered nurse, as described in Section 6.4.1.

6.5. The Contractor shall notify the Maternal and Child Health Section (MCHS) of any newly hired administrator, clinical coordinator or any staff person essential to carrying out contracted services in writing and include a copy of the individual's resume, within one month of hired.

6.6. The Contractor shall notify the MCHS, in writing, when:

6.6.1. Any critical position is vacant for more than one month.

6.6.2. There is not adequate staffing to perform all required services for more than one month.

7. Coordination of Services

7.1. The Contractor shall coordinate referrals for continued care of treatment, or breast or cervical healthcare, with other service providers within the community, where possible.

7.2. The Contractor shall participate in activities within the Public Health Region, as appropriate, to enhance the integration of community-based public health prevention and healthcare initiatives being implemented, including but not limited to:

7.2.1. Community needs assessments.

7.2.2. Public health performance assessments.

7.2.3. The development of regional health improvement plans.

7.3. The Contractor shall participate in and coordinate public health activities as requested by the Department, during any disease outbreak and/or emergency that affects the public's health.

8. Required Meetings & Trainings

8.1. The Contractor shall attend meetings and trainings facilitated by the MCHS and BCCP programs that include, but are not limited to:

8.1.1. MCHS Agency Directors' meetings.

8.1.2. MCHS Primary Care Coordinators' meetings, which are held two (2) times per year.

8.1.3. MCHS Agency Medical Services Directors' meetings.

8.1.4. BCCP Site Coordinators' annual meetings.

9. Workplans, Outcome Reports & Additional Reporting Requirements

9.1. The Contractor shall provide an annual BCCP Performance Workplan and Workplan Outcomes Report according to the schedule and instructions provided by the BCCP, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule.

9.2. The Contractor shall submit MCHS Data Trend Tables (DTT), which correspond to the MCHS performance measures two (2) times per according to the schedule and instructions provided by MCHS, unless otherwise notified at least thirty (30) days prior of any changes in the submission schedule. If a performance measure's targeted goal is not met, the Contractor must submit a corrective action plan per directions from MCHS.

9.3. The Contractor shall submit an annual Workplan and Workplan Outcome Report for the quality improvement project(s) that demonstrates improved clinical workflow/patient outcomes, which shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.4. If utilizing any portion of this contract for enabling services, the Contractor shall submit an annual Workplan and Workplan Outcome Report that includes at least one (1) performance measure for each type of enabling service provided. This shall be developed and submitted according to the schedule and instructions provided by MCHS. The Contractor shall be notified at least thirty (30) days in advance of any changes in the submission schedule.

9.5. The Contractor shall complete the Uniform Data Set (UDS) tables that reflect program performance for the previous calendar year no later than March 31st.

9.6. The Contractor shall submit the Perinatal Client Data Form (PCDF) on a quarterly basis in an electronic format according to the instructions set forth by the MCHS.

9.7. The Contractor shall submit monthly Outcome Reports for SBIRT services according to the schedule and instructions provided by the MCHS. The Contractor shall:

9.7.1. Collect information that includes, but is not limited to:

9.7.1.1. Description of the training provided, including but not limited to:

9.7.1.1.1. The content of the training provided.

9.7.1.1.2. The number of staff who received training.

9.7.1.2. The number of:

9.7.1.2.1. Qualified staff conducting SBIRT

9.7.1.2.2. SBIRT billing codes developed.

9.7.1.2.3. SBIRT services billed to insurance.

9.7.1.3. Updates on any changes, enhancements or adaptations to SBIRT procedures in:

9.7.1.3.1. Technology based systems.

9.7.1.3.2. Staffing.

9.7.1.3.3. Coding and billing.

9.7.1.4. The total number of clients receiving SBIRT delineated by:

9.7.1.4.1. Percentage of clients receiving only screening.

9.7.1.4.2. Percentage of clients receiving brief interventions.

9.7.1.4.3. Percentage of clients referred for more intensive services who initiated services.

9.7.1.4.4. Percentage of clients referred for more intensive services who had problems connecting to services.

9.8. The Contractor shall submit an annual report on April 30th in each year a contract amendment or renewal is not required that includes, but is not limited to:

9.8.1. DPHS Budget Form.

9.8.2. Budget Justification.

9.8.3. Sources of Revenue.

9.8.4. Program Staff List, which includes staff titles

9.9. The Contractor shall resubmit a Sources of Revenue report at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

9.10. The Contractor shall provide an annual summary of patient satisfaction survey results obtained during the prior contract period. The Contractor shall ensure the summary includes:

9.10.1. Survey template.

9.10.2. Method by which the results were obtained.

10. On-Site Reviews

10.1. The Contractor shall allow a team or person authorized by the Department to periodically review the Contractor's:

10.1.1. Systems of governance.

10.1.2. Administration.

10.1.3. Data collection and submission.

10.1.4. Clinical and financial management.

Contractor's Initials: [signature]

Date 5-15-15

10.1.5. Delivery of education services.

10.2. The Contractor shall cooperate with the Department to ensure information needed for the reviews is accessible and provided. The Contractor shall ensure information includes, but is not limited to:

10.2.1. Client records.

10.2.2. Documentation of approved enabling services and quality improvement projects, including process and outcome evaluations.

10.2.3. SBIRT documentation, which includes but is not limited to:

10.2.3.1. SBIRT policies and procedures.

10.2.3.2. Staff credentials for all staff delivering SBIRT services

10.2.3.3. SBIRT procedures utilized and documented in patient records.

10.3. The Contract shall take corrective actions as advised by the review team if services provided are not in compliance with the contract requirements.

Exhibit A-1 – Amendment #2

1. PRIMARY CARE PERFORMANCE MEASURES

1.1. Breastfeeding

1.1.1. **Percent of infants who are ever breastfed** (Title V PM #10).

1.1.1.1. Numerator: Infants who were ever breastfed or received breast milk

1.1.1.2. Denominator: All infants born in a state fiscal year

1.2. Preventive Health: Lead Screening

1.2.1. **Percent of children 2 years of age who had one or more capillary or venous lead blood test for lead poisoning by their second birthday.** (CMS, Hedis).

1.2.1.1. Numerator: At least one capillary or venous blood test on or before the child's second birthday.

1.2.1.2. Denominator: Children who turn 2 years old during the state fiscal year.

1.3. Preventive Health: Adolescent Well-Care Visit

1.3.1. **Percent of adolescents, 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year** (Hedis, Title V PM #7).

1.3.1.1. Numerator: Number of adolescents, ages 12 through 21 years of age who had at least one comprehensive well-care visit with a PCP or an OB/GYN practitioner during the measurement year.

1.3.1.2. Denominator: Number of adolescents, ages 12 through 21 years of age.

1.4. Preventive Health: Depression Screening

1.4.1. **Percentage of patients ages 12 and older screened for clinical depression using an age appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen** (ACO 18, NQF 0418).

1.4.1.1. Numerator: Patients who are screened for clinical depression using an age-appropriate standardized depression screening tool AND if positive, a follow-up plan documented.

1.4.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.1.3. Denominator: All patients 12 years and older.

1.4.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

Contractor Initials: [signature]
Date: 5-15-15

1.4.2. **Maternal Depression Screening** (Developmental: not required for FY 16)

1.4.2.1. **Percentage of women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool AND if positive, a follow-up plan is documented on the date of the positive screen.**

1.4.2.1.1. Numerator: Women who are screened for clinical depression during the post-partum visit using an appropriate standardized depression screening tool and screen negative.

AND

Women who are screened for depression during the post-partum visit using an appropriate standardized depression screening tool, screen positive, AND have a follow-up plan documented.

1.4.2.1.2. Definition of Follow-Up Plan: Proposed outline of treatment to be conducted as a result of clinical depression screen. Such follow-up must include further evaluation if screen is positive and may include documentation of a future appointment, education, additional evaluation such as Suicide Risk Assessment and/or referral to a practitioner who is qualified to diagnose and treat depression, and/or notification of primary care provider.

1.4.2.1.3. Denominator: All women who are at least 6 weeks post-partum in a state fiscal year.

1.4.2.1.4. Denominator Exception: Depression screening not performed due to medical contraindicated or patient refusal.

1.5. **Preventive Health: Obesity Screening**

1.5.1. **Percentage of patients aged 18 years and older with a calculated BMI in the past six months or during the current visit documented in the medical record AND if the most recent BMI is outside of normal parameters, a follow-up plan is documented** (ACO 16, NQF 0421, HRSA UDS).

1.5.1.1. Normal parameters: Age 65 and older BMI $\geq$ 23 and < 30

Age 18 through 64 BMI $\geq$ 18.5 and < 25

1.5.1.2. Numerator: Patients with BMI calculated within the past six months or during the current visit and a follow-up plan documented if the BMI is outside of parameters.

1.5.1.3. Definition of Follow-Up Plan: Proposed outline of follow-up plan to be conducted as a result of BMI outside of normal parameters. The follow-up plan can include documentation of a future appointment, education, referral (such as registered dietician, nutritionist,

occupational therapist, primary care physician, exercise physiologist, mental health provider, surgeon, etc.), prescription of/administration of dietary supplements, exercise counseling, nutrition counseling, etc.

1.5.1.4. Denominator: All patients aged 18 years and older who had at least one medical visit during the state fiscal year.

1.5.2. Percent of patients aged 2 through 17 who had evidence of BMI percentile documentation AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year (HRSA UDS).

1.5.2.1. Numerator: Number of patients in the denominator who had their BMI percentile (not just BMI or height and weight) documented during the measurement year AND who had documentation of counseling for nutrition AND who had documentation of counseling for physical activity during the measurement year.

1.5.2.2. Denominator: Number of patients who were one year after their second birthday (i.e., were 3 years of age) through adolescents who were aged up to one year past their 16th birthday (i.e., up until they were 17) at some point during the measurement year, who had at least one medical visit during the reporting year, and were seen by the health center for the first time prior to their 17th birthday.

1.6. **Preventive Health: Tobacco Screening**

1.6.1. Percent of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user (ACO 17, NQF 0028, HRSA UDS).

1.6.1.1. Numerator: Patients who were screened for tobacco use at least once within 24 months AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.1.2. Definitions:

1.6.1.2.1. Tobacco Use: Includes any type of tobacco

1.6.1.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.1.3. Denominator: All patients aged 18 years and older seen for at least two visits ever

1.6.2. **Percent of women who are screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user** (Title V, PM #15).

1.6.2.1. Numerator: Pregnant women who were screened for tobacco use during each trimester AND who received tobacco cessation counseling intervention if identified as a tobacco user.

1.6.2.2. Definitions:

1.6.2.2.1. Tobacco Use: Includes any type of tobacco

1.6.2.2.2. Cessation Counseling Intervention: Includes counseling or pharmacotherapy

1.6.2.3. Denominator: All women who delivered a live birth in a state fiscal year

1.7. **At Risk Population: Hypertension**

1.7.1. **Percentage of patients aged 18 through 85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90 mm Hg) during the measurement year** (ACO 28, NQF 0018).

1.7.1.1. Numerator: Number of patients from the denominator with blood pressure measurement less than 140/90 mm Hg at the time of their last measurement.

1.7.1.2. Denominator: Number of patients age 18 through 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)

1.8. **Patient Safety: Falls Screening**

1.8.1. **Percent of patients aged 65 years and older who were screened for future fall risk at least once within 12 months** (ACO 13, NQF0101).

1.8.1.1. Numerator: Patients who were screened for future fall risk at least once within 12 months.

1.8.1.2. Definition of Fall: a sudden, unintentional change in position causing an individual to land at a lower level, on an object, the floor, or the ground, other than as a consequence of a sudden onset of paralysis, epileptic seizure, or overwhelming external force.

1.8.1.3. Numerator note: Patients are considered at risk for future falls if they have had 2 or more falls in the past year or any fall with injury in the past year.

1.8.1.4. Denominator: All patients aged 65 years and older

1.8.1.5. Excluded from denominator population: (Exclusion only applied if patient was not screened for future fall risk) Documentation of medical reason(s) for not screening for future fall risk (e.g. patient is not ambulatory)

2. BCCP PERFORMANCE MEASURES

2.1. BCCP Performance Measure #1

2.1.1. **Measure:*** 78% of female patients age 24 through 64 years of age screened for cervical cancer per USPSTF guidelines.

2.1.2. **Numerator** – Number of female patients 24 through 29 years of age who have had a documented pap in the past 3 years AND female patients 30-64 who have either had a pap in the past 3 years OR an HPV test and a pap in the past 5 years

2.1.3. **Denominator** – Number of female patients 24 through 64 years of age who have had a visit in the past year and do not have evidence of having had a total hysterectomy.

2.1.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.1.5. *Measure based on the UDS measure

2.1.6. **Healthy People 2020 National Target is 93%

2.2. BCCP Performance Measure #2

2.2.1. **Measure:*** 75% of female patients age 52 through 74 years of age screened for breast cancer per USPSTF guidelines.

2.2.2. **Numerator** – Number of female patients 52 through 74 years of age who have had a documented mammogram in the past 24 months.

2.2.3. **Denominator** – Number of female patients 52 through 74 years of age who have had a visit in the past year and do not have evidence of having had a bilateral mastectomy.

2.2.4. **Data Source:** Chart audits or query of 100% of the **total** population of patients as described in the denominator.

2.2.5. *Measure based on the USPSTF Guidelines

2.2.6. ** Healthy People 2020 National Target is 81.1%

3. SBIRT PERFORMANCE MEASURES

3.1. **Percent of patients aged 18 years and older who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, received a brief intervention or referral to services**

3.1.1. **Numerator:** Number of patients in the denominator who were screened for substance use, using a formal valid screening tool, during an annual physical AND if positive, who received a brief intervention or referral to services.

3.1.2. Definitions

3.1.2.1. Substance Use: Includes any type of alcohol or drug.

3.1.2.2. Brief Intervention: Includes guidance or counseling.

3.1.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.1.3. Denominator: Number of patients aged 18 years and older seen for annual visit within 12 months.

3.2. **Percent of pregnant women who were screened, using a formal valid screening tool, for substance use, during every trimester they are enrolled in the prenatal program AND if positive, received a brief intervention or referral to services**

3.2.1. Numerator: Number of women in the denominator who were screened for substance use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program AND if positive, received a brief intervention or referral to services

3.2.2. Definitions:

3.2.2.1. Substance Use: Includes any type of alcohol or drug.

3.2.2.2. Brief Intervention: Includes guidance or counseling.

3.2.2.3. Referral to Services: Includes any recommendation of direct referral for substance abuse service.

3.2.3. Denominator: Number of women enrolled in the agency prenatal program and who had a live birth during the state fiscal year.

Method and Conditions Precedent to Payment

1. The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
2. This contract is funded with general and federal funds. Department access to supporting funding for this project is dependent upon the criteria set forth in the Catalog of Federal Domestic Assistance (CFDA) (https://www.cfda.gov):
   2.1. #93.959, Department of Health and Human Services, Substance Abuse and Mental Health Services (SAMHSA) Block Grants for Prevention and Treatment of Substance Abuse.
   2.2. #93.752, Department of Health & Human Services, Centers for Disease Control and Prevention, Cancer Prevention and Control Programs for State, Territorial and Tribal Organizations financed in part by Prevention and Public Health Funds.
   2.3. #93.994, Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Services Block Grant to the States.
3. The Contractor shall use and apply all contract funds for allowable direct and indirect costs to provide services in Exhibit A – Amendment #2, Scope of Services, in accordance with Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2.
4. The Contractor shall use and apply the amount in the SBIRT line item in Exhibit B-3 and Exhibit B-6 on actual SBIRT services provided.
5. The Contractor shall not use or apply contract funds for capital additions or improvements, entertainment costs, or any other costs not approved by the Department.
6. Payment for said services shall be made as follows:
   6.1. The Contractor will submit an invoice by the tenth (10th) working day of each month, which identifies and requests reimbursement for:
      6.1.1. Authorized expenses incurred in the prior month.
      6.1.2. The units of SBIRT services provided, in accordance with Exhibit A – Amendment #2, Section 5.2.2 through Section 5.2.5 and Section 5.3.1 through Section 5.3.3, which shall be paid on a fee-for-service basis at the following rates:
         6.1.2.1. $29.86 for each unit of service that is 15-30 minutes.
         6.1.2.2. $57.31 for each unit of service that is more than 30 minutes.
   6.2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   6.3. The invoice must be submitted by mail or e-mail to:

Financial Manager
Department of Health and Human Services
129 Pleasant Street
Concord, NH 03301

E-mail: dphscontractbilling@dhhs.state.nh.us

Contractor Initials: [illegible]
Date: 5-15-15

7. A final payment request shall be submitted no later than forty (40) days from the Form P37, General Provisions, Contract Completion Date, Block 1.7.
8. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this Contract may be withheld, in whole or in part, in the event of noncompliance with any State or Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.
9. When the contract price limitation is reached, the program shall continue to operate at full capacity at no charge to the State of New Hampshire for the duration of the contract period.
10. Notwithstanding paragraph 18 of the Form P-37, General Provisions, an amendment limited to transfer the funds within the budgets in Exhibit B-1 Amendment #2 through Exhibit B-6 Amendment #2 and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

Patricia McMurry
Name: Patricia McMurry
Title: Executive Director

State of New Hampshire
Department of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that WHITE MOUNTAIN COMMUNITY HEALTH CENTER is a New Hampshire nonprofit corporation formed June 1, 1981. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 1st day of April A.D. 2015

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

I, Eric Hirschfeld, do hereby certify that:

1. I am a duly elected Officer of White Mountain Community Health Center.

2. The following is a true copy of the resolution duly adopted at a meeting of the Board of Directors of the Agency duly held on April 23th, 2015:

RESOLVED: That the Executive Director: Patricia McMurry

is hereby authorized on behalf of this Agency to enter into the said contract with the State and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and effect as of the 15th day of May, 2015.

4. Patricia McMurry is the duly elected Executive Director of the Agency.

(Name of Contract Signatory) (Title of Contract Signatory)

Secretary

STATE OF NEW HAMPSHIRE

County of Carroll

The forgoing instrument was acknowledged before me this 15th day of May, 2015.

By Eric Hirschfeld.

Independent Auditor's Report

Board of Directors
White Mountain Community Health Center
Conway, New Hampshire

We have audited the accompanying balance sheets of White Mountain Community Health Center, as of June 30, 2014 and 2013, and the related statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of White Mountain Community Health Center as of June 30, 2014 and 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

(See accompanying notes to these financial statements)

WHITE MOUNTAIN COMMUNITY HEALTH CENTER

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

White Mountain Community Health Center (the Center) is a non-stock, non-profit corporation organized in New Hampshire. The Center's primary purpose is to provide comprehensive primary and preventative health care services to the residents in the town of Conway and the surrounding community.

Related Party

The Memorial Development Foundation, Inc. changed its name to Mt. Washington Valley Development Foundation and acts as the sole member of the Center. Mt. Washington Valley Development Foundation acts as a holding company for a network of health care providers, whose primary purpose is to provide integrated health care services, as necessary, to improve the health care status of populations in the town of Conway, NH and the surrounding communities.

Income Taxes

The Center is a public charity under Section 501(c)(3) of the Internal Revenue Code. As a public charity, the Center is exempt from state and federal income taxes on income earned in accordance with their tax exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Center's tax position and concluded that there is no unrelated business income or uncertain tax positions that require adjustment to the financial statements. Management believes the Center is no longer subject to income tax examinations for years prior to 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding assets limited as to use. Short-term highly liquid investments with an original maturity of more than three months are classified as temporary investments.

Accounts Receivable

Accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectability of accounts receivable, the Center analyzes its past history and identifies trends for all funding sources in the aggregate. In addition, balances in excess of 1 year are 100% reserved. Management regularly reviews data about revenue in evaluating the sufficiency of the allowance for uncollectible accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts. The Center has not changed its methodology for estimating the allowance for uncollectible accounts during the years ended June 30, 2014 and 2013.

A reconciliation of the allowance for uncollectible accounts at June 30, 2014 and 2013 follows:

	2014	2013
Balance, beginning of year	$ 35,000	$ 33,638
Provision for bad debts	17,769	24,660
Write-offs	(27,403)	(23,298)
Balance, end of year	$ 25,366	$ 35,000

Investments

Investments in equity and debt securities are reported at fair value. Investment income and the recognized change in fair value are included in the excess of revenue over expenses unless otherwise stipulated by the donor or State law.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the balance sheets, statements of operations, and changes in net assets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets Limited As to Use

Assets limited as to use is comprised of donor-restricted cash contributions.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation. Maintenance repairs and minor renewals are expensed as incurred and renewals and betterments are capitalized. Depreciation is computed on the straight-line method and is provided over the estimated useful life of each class of depreciable asset.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Center has been limited by donors to a specific time-period or purpose. Temporarily restricted net assets were specifically restricted for specific patient services. Temporarily restricted net assets amounted to $19,139 and $19,677 for the years ended June 30, 2014 and 2013, respectively.

Permanently restricted net assets have been restricted by donors to be maintained by the Center in perpetuity. For the years ended at June 30, 2014 and 2013 there were no permanently restricted net assets.

Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a donor restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

Patient Service Revenue

Standard charges for services to all patients are recorded as revenue when services are rendered. Patients unable to pay full charge, who do not have other third-party resources, are charged a reduced amount based on the Center's published sliding fee scale. Reductions in full charge are recognized when the service is rendered.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Gifts of Long-lived Assets

Gifts of long-lived assets, such as land, buildings or equipment, are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets or used to extinguish debt related to long-lived assets, are reported as restricted support. In the absence of explicit donor stipulations about how long those long-lived assets must be maintained, expiration of donor restrictions are reported when the donated, acquired long-lived assets are placed in service, or when gifts of cash are used for the extinguishment of debt related to the long-lived assets.

Excess (Deficit) of Revenue Over Expenses

The statement of operations includes excess (deficit) of revenue over expenses. Changes in unrestricted net assets, which are excluded from the excess (deficit) of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

NOTE 2 INVESTMENTS

Investments are stated at fair value and consisted of the following at June 30, 2014 and 2013:

	2014	2013
Cash & Cash Equivalents	$ 6,677	$ -
Equity Securities		
Consumer Goods	1,624	-
Industrial Goods	7,668	6,441
Utilities	158	-
Mutual Funds		
Fixed Income	42,599	-
Equity	175,723	-
Total Investments	$ 234,449	$ 6,441

Cash and cash equivalents included as part of investments are not included in cash and cash equivalents for reporting on the statement of cash flows.

Financial accounting standards established a valuation hierarchy for disclosure of the valuation inputs used to measure fair value.

This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 inputs - quoted prices traded daily in an active market.
- Level 2 inputs – other than quoted prices for active markets that are traded less frequently than daily.
- Level 3 inputs - unobservable inputs.

The fair value of all of the Center's investments are measured on a recurring basis using level 1 inputs.

NOTE 3 ASSETS LIMITED AS TO USE

The composition of assets limited to use at June 30, 2014 and 2013 is set forth in the following table:

	2014	2013
Cash and equivalents	$ 19,139	$ 19,677
Restricted as to use for specific patient services and supplies by donor	$ 19,139	$ 19,677

Cash and cash equivalents, included in assets limited as to use, are not considered cash and cash equivalents for cash flow purposes.

NOTE 4 PROPERTY AND EQUIPMENT

The cost and accumulated depreciation of property and equipment at June 30, 2014 and 2013 follows:

	2014	2013
Furniture	$ 44,855	$ 44,855
Building improvements	19,379	-
Equipment	389,757	270,556
Total Cost	453,991	315,411
Less, accumulated depreciation	255,558	232,513
Property and Equipment, Net	$ 198,433	$ 82,898

NOTE 5 LINE OF CREDIT

The Center has a $50,000 line of credit with a local bank through January 23, 2017. The line of credit is unsecured with interest at the prime rate plus 2.00%. There was no outstanding balance on the line at June 30, 2014 and 2013.

NOTE 6 PATIENT SERVICES REVENUE

A summary of patient service revenue by payer follows:

	2014	2013
Medicaid	$ 568,570	$ 395,503
Medicare	56,263	53,981
Third party insurance	197,543	198,885
Patient pay	105,680	111,684
Total	$ 928,056	$ 760,053

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs.

The Center believes that it is in substantial compliance with all applicable laws and regulations. However, there is at least a reasonable possibility that recorded estimates could change by a material amount in the near term. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

The Center recorded a favorable change in Medicaid revenue from retroactive rate adjustments amounting to $92,855 for the year ended June 30, 2014.

The Center provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Center does not pursue collection of amounts determined to qualify as charity care, the revenue is recorded net of the free care allowance. The Center estimates the costs associated with providing charity care by calculating the ratio of total cost to total charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Centers charity care policy amounted to $239,796 and $275,031 for the years ended June 30, 2014 and 2013, respectively.

The Center is able to provide these services with a component of funds received through local community support and federal and state grants.

NOTE 7 RETIREMENT PLAN

The Center has adopted a 403(b) retirement plan covering substantially all employees. Contributions by the Center to the plan amounted to $15,478 and $11,827 for the years ended June 30, 2014 and 2013, respectively

NOTE 8 FUNCTIONAL EXPENSES

The Center provides various services to residents within its geographic location. Expenses related to providing these services for the years ended June 30, 2014 and 2013 follows:

	2014	2013
Program services	$ 1,236,238	$ 1,183,919
Administrative and general	261,664	254,511
Total	$ 1,497,902	$ 1,438,430

NOTE 9 CONCENTRATION OF RISK

The Center has cash deposits in a major financial institution in excess of $250,000, which exceeds federal depository insurance limits. The financial institution has a strong credit rating and management believes the credit risk related to these deposits is minimal.

The Center grants credit without collateral to its patients, most of whom are local residents in the towns served by the Center and are insured under third-party payer agreements. At June 30, 2014, Medicaid represented 67% of gross accounts receivable. No other individual payer source exceeded 10% of the gross accounts receivable balance.

NOTE 10 MALPRACTICE INSURANCE

The Center insures its medical malpractice risks on a claims-made basis. There were no known malpractice claims outstanding at June 30, 2014, which in the opinion of management, will be settled for amounts in excess of insurance coverage; nor are there any unasserted claims or incidents which require loss accrual. The Center intends to renew coverage on a claims made basis and anticipates that such coverage will be available.

NOTE 11 DONATIONS IN-KIND

The Memorial Hospital (TMH) provides the Center with office and clinic space located in Conway, New Hampshire at no cost. In addition, TMH provides various information technology support services to the Center at no cost. For the years ended June 30, 2014 and 2013, in-kind contributions from TMH to the Center were as follows:

	2014	2013
Conway office and clinic space	$ 59,004	$ 59,004
Computer support	10,752	21,504
Total	$ 69,756	$ 80,508

TMH also provided monies for the Center to purchase physician services and to support the dental clinic in the amount of $70,400 and $60,800 for the years ending June 30, 2014 and 2013, respectively.

NOTE 12 PRIOR YEAR COMPARATIVE AMOUNTS

Certain prior year amounts have been reclassified to be consistent with current year presentation.

NOTE 13 SUBSEQUENT EVENTS

On October 24, 2014, the Center's bylaws were modified changing the sole member of the Center from the Foundation to the Center's board of directors. The change eliminates the legal affiliation with the Foundation. The Center will continue to maintain strong functional relationships with TMH and other health care providers in the area, providing an integrated network of patient services.

For financial reporting purposes, subsequent events have been evaluated by management through October 24, 2014, which is the date the financial statements were available to be issued.

- Seasoned professional with a breadth of abilities and experience and a proven track record for achieving increasing responsibilities and accomplishing significant business goals

EXPERIENCE

Executive Director **White Mountain Community Health Center** **2002-Present**

Responsible for all aspects of operations of a non-profit community health center. This Center serves the uninsured and underinsured of Northern Carroll County in New Hampshire. Prenatal, children, adults and teens are seen by health care providers including physician, mid-wives, nurse practitioners, RN's, aides, social workers, hygienist, dentist and nutritionist. Substantially increased and sustained the financial viability of the health center. New and expanded services and patient volume doubled in five years.

Business Consultant **Kleen Oil Kompany** **1999-2002**

Responsible for all aspects of business operations

- Increased collections
- Developed marketing plans and strategy
- Developed policies, procedures and job descriptions
- Developed incentive plans

Director of Operations **HealthSouth Corporation*** **1995-1998**

Responsible for oversight of both a 50-bed and a 100-bed acute rehabilitation hospital, and eight contracted rehabilitation units in four states

- Promoted in one year from Assistant Vice President to Director of Operations
- Managed the physical relocation of the 100-bed acute rehabilitation hospital
- Initiated negotiations for joint venture between a large non-profit hospital and a publicly traded rehabilitation company

Chief Executive Officer **National Medical Enterprises** **1988-1995**

Responsible for oversight of both a 40-bed and an 88-bed rehabilitation hospital

- Promoted in two years from CEO of a 40-bed hospital to CEO of an 88-bed rehabilitation hospital and was made Company Assistant Vice President
- Managed all aspects of the 88-bed hospital, resulting in three prestigious awards for the highest quality and business goals performance from N.M.E.
- Developed and opened three outpatient rehab clinics
- Maintained the financial turnaround of a 40-bed hospital and sustained "above plan" financial performance during my tenure as CEO
- Managed a 40-bed hospital, resulting in three Special Achievement Awards and a Florida Certificate of Need to increase the capacity to 70 beds

* HealthSouth acquired National Medical Enterprises Rehabilitation Hospitals in 1995

V.P. of Operations **Charter Medical Corporation** **1987-1988**

Responsible for marketing, planning, business development, and program management for a newly-opened psychiatric hospital

- Supervised all Clinical Program Directors and the Intake Coordinator
- Became the physician-liaison to the CEO
- Was consultant to an affiliated psychiatric hospital, training staff to use human relations techniques with disruptive teens
- Implemented the utilization review, risk management, and quality assurance activities to achieve J.C.A.H.O accreditation

Director, Community Relations and Resource Development **1985-1987**
Eastern State Hospital

Responsible for community relations as well as identification and alignment of resources required for hospital and community use of a large state psychiatric hospital

- Designed and implemented a community relations plan to ensure the success of appropriate admissions and discharges
- Established a strategic partnership with the Virginia Supreme Court, Community Mental Health Directors, and area psychiatric facilities
- Organized and promoted the first judicial conference at the hospital
- Negotiated crisis intervention inpatient stays for children in their home communities with private sector hospitals

EDUCATION

M.S.W. – Norfolk State University
B.A. – College of William and Mary

TRAINING

UVA Forensic Institute
L.C.S.W. and A.C.S.W. (Virginia))

HONORS

President's Circle – HealthSouth
Special Achievement Awards – National Medical Enterprises

Julie Everett Hill, R.N.

Profile

I am a Registered Nurse with a current New Hampshire license, and the director of operations at a rural community health center. I enjoy the dynamic nature of community health nursing. My interests include mental health and asthma education with an emphasis on viewing the family as a whole when providing care.

Experience

White Mountain Community Health Center, Conway, NH

December 2014-Present: Director of Operations

Coordinate provision of all programs (Family Planning, STD/HIV, BCCSP, Prenatal, Pediatrics, Primary Care, and Teen Clinic). Supervise all clinical, medical records, and front office staff. Coordinate and ensure adequate staffing schedules for clinical staff. Assist in budget preparation as needed. Represent the health center publically at forums and events. Responsible for the implementation of electronic health record and the ongoing customization of the program to ensure appropriate documentation of patient care, meet program reporting needs and facilitate efficient staff workflow across the agency.

2011 to 2014: Director of Clinical Services

Coordinate provision of all programs (Family Planning, STD/HIV, BCCSP, Prenatal, Pediatrics, Primary Care, and Teen Clinic). Supervise all clinical staff. Coordinate and ensure adequate staffing schedules for clinical staff. Perform annual clinical staff evaluations. Assist in budget preparation as needed. Assist Medical Director when seeing patients.

2009-2011: Registered Nurse

Primary care and family planning focus, with patient population newborn through geriatric. Strong focus on patient education, including asthma education and diabetic teaching. Other roles include triage and prioritization of care and coordination of patient care with resources both within and outside of the clinic.

Memorial Hospital, North Conway, NH

June 2007-June 2010: Registered Nurse

Medical Surgical nursing care of a broad range of patients from pediatric to geriatric. Roles included assessment of care of acutely ill patients with medical, surgical and/or orthopedic diagnoses. Patient education, care planning, complete patient assessment and accurate documentation in EMR were integral parts of this position.

May 2006-June 2007: Licensed Practical Nurse

Medical Surgical and some post-partum and newborn nursing care under the supervision of a Registered Nurse.

February 2001-May 2006: LNA/Unit Secretary

Unit Secretary/LNA in fast-paced medical surgical unit. Duties included transcribing doctor's orders, managing patient records, answering and directing phone calls, assisting nurses with order entry and facilitating communication between departments.

Education

Saint Anselm College; Advanced Nursing Leadership Program: 2013

NHCTC, Berlin, NH: Associates Degree in Science, Nursing; May 17, 2007, Phi Theta Kappa Honor Society

Southern Maine Technical College, Portland, ME: Nursing Assistant Certificate 1994

University of Southern Maine: 1992-1993

Certifications and relevant continuing education include:

- North Country Health Consortium Public Health Training Center: Community Health Assessment and Improvement Modules 1-4, 2013
- LEAN Systems Training for Quality Improvement: NH DHHS, September 2013
- Nutrition and Physical Activity Self-Assessment for Child Care (NAP SACC) consultant training certificate; June 2013
- Current BLS
- Asthma Educators Institute 2010
- Diabetes Nurse Champion, September 2008
- WIC Breastfeeding Peer Counselor Certification, November 2000

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend agreements with 13 vendors by increasing the total price limitation by $4,293,569 from $5,173,800 to $9,467,369 to provide primary care services. This amount includes a request to **retroactively** enter into **sole-source** amendments in an amount of $648,347, effective **retroactive** to July, 1, 2013 through June 30, 2014 and to exercise a one-year renewal option with the same 13 vendors in an amount of $3,645,222, extending the completion date from June 30, 2014 to June 30, 2015, effective upon Governor and Council approval. Twelve of these agreements were originally approved by Governor and Council on June 20, 2012, Item numbers 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, and one agreement was originally approved by Governor and Council on July 11, 2012, Item number 31.

Summary of contracted amounts by vendor:

Vendor	Location	SFY 2014 Amount	SFY 2015 Amount	Total Increase
Ammonoosuc Community Health	North Grafton/ South Coos	$42,661	$254,172	$296,833
Concord Hospital, Inc.	Merrimack/ Hillsborough	$64,413	$376,377	$440,790
Coos County Family Health	Eastern Coos	$24,351	$159,685	$184,036
Families First of the Greater Seacoast	Seacoast Area	$41,892	$242,094	$283,986
Goodwin Community Health	Strafford County	$74,293	$420,579	$494,872
Health First Family Care Center	Central/Eastern Belknap	$55,968	$292,214	$348,182
Indian Stream Health Center	Northern Coos & Colebrook	$18,030	$100,409	$118,439
Lamprey Health Care, Inc.	Central Southern/Eastern NH	$119,828	$654,249	$774,077
Manchester Community Health Center	Greater Manchester Area	$71,392	$407,637	$479,029
Mid-State Health Center	Central Northern Belknap	$35,001	$175,511	$210,512
The New London Hospital, Inc.	Sullivan County	$39,566	$225,093	$264,659
Weeks Medical Center	Western Coos	$20,652	$113,557	$134,209
White Mountain Community Health	Northern Carroll	$40,300	$223,645	$263,945
TOTAL		**$648,347**	**$3,645,222**	**$4,293,569**

Funds to support this request are available in the following accounts for SFY 2014 and SFY 2015, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

05-95-90-902010-5190 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF POPULATION HEALTH AND COMMUNITY SERVICES, MATERNAL AND CHILD HEALTH

See attachment for financial details

EXPLANATION

Approval is requested **retroactive** to July 1, 2013. The services provided by these contracts are consistent with prior contracts and were included in the operating budget for SFY 2014 and SFY 2015. Contracts were delayed, however, since the exact amount of funding available was only recently determined. The SFY 2014 amendments are **sole source** because they exceed more than 10% of the original contract amount.

This requested action seeks approval of 13 amendments that represents $4,293,569 total anticipated to be spent statewide to continue breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. In the interest of efficiency, the contract amendments are being bundled as they are providing the same services, and because of the size of the resulting Governor and Council submission, the copies provided are abbreviated in the interest of saving resources. The Councilors and the public can view the entire submission package on the Secretary of State's website.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program

provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing, receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, low-income individuals statewide may not have adequate access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

Contracts were awarded to Primary Care agencies through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by teams of three professionals. All reviewers have between three to 20 years' experience managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, these competitively procured Agreements have the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. The Department is exercising one year of this renewal option.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. All Primary Care vendors are making adequate progress in meeting clinical performance measures and the Departments wishes to continue working with the vendors for another year.

The performance measures as described in the contract amendment Exhibit A – Amendment 1 – Performance Measures, will be used to continue to measure the effectiveness of the agreement.

Area to be served is statewide.

Source of Funds: 13.09% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau; Centers for Disease Control and Prevention and 86.91% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Brook Dupee for

José Thier Montero, MD, MHCDS
Director

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the
White Mountain Community Health Center

This 1st Amendment to the White Mountain Community Health Center contract (hereinafter referred to as "Amendment One") dated this 14 day of March, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and White Mountain Community Health Center (hereinafter referred to as "the Contractor"), a corporation with a place of business at 298 White Mountain Highway, PO Box 2800, Conway, New Hampshire 03818.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18, the State may modify the scope of work and the payment schedule of the contract by written agreement of the parties;

WHEREAS, the Department desires to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

To amend as follows:

- Form P-37, to change:
  Block 1.7 to read: June 30, 2015
  Block 1.8 to read: $579,513

- Exhibit A, Scope of Services to add:
  Exhibit A – Amendment 1

- Exhibit B, Purchase of Services, Contract Price, to add:

  Paragraph 1.1 to Paragraph 1:
  The contract price shall increase by $40,300 for SFY 2014 and $223,645 for SFY 2015.

  Paragraph 1.2 to Paragraph 1:
  Funding is available as follows:
- $40,300 from 05-95-90-902010-5190-102-500731, 100% General Funds;
- $202,079 from 05-95-90-902010-5190-102-500731, 6.7% Federal Funds from the US Department of Health and Human Services Administration, Maternal and Child Health Bureau, CFDA #93.994 and 93.3% General Funds;

Contractor Initials: PMC
Date: 3-14-14

- $11,566 from 05-95-90-902010-5659-102-500731, 100% Federal Funds from the US Department of Health and Human Services, Centers for Disease Control and Prevention, CFDA #93.283;
- $10,000 from 05-95-90-901010-7965-102-500731, 100% General Funds.

Add Paragraph 8
8. Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

- Budget, to add:
  Exhibit B-1 (2014) - Amendment 1,
  Exhibit B-1 (2015) - Amendment 1

This amendment shall be in effect July 1, 2013, effective upon the date of Governor and Executive Council approval.

Scope of Services

The Department desires to continue the relationship with the primary care agencies to provide additional primary health care services for preventive and episodic health care for acute and chronic health conditions for people of all ages.

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 21– 64, uninsured or underinsured. BCCP changes.

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS prior to implementation.

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 2,285 users annually with 8,598 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 65 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. Provide clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, electronic) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing and approve the subcontractual agreement, prior to initiation of the subcontract.

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A. Service Requirements

1. Medical Home

The Contractor shall provide a Medical Home that:

a) Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.

b) Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, oral health, and behavioral health specialty providers.

b) Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) Nutrition assessment for all clients as part of the health maintenance visit. Therapeutic nutrition services shall be provided as indicated directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) Oral screening annually for all clients 21 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.

m) Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.

3. Breast and Cervical Cancer Screening

a) Women age 21 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) and insurance status criteria shall be provided the following services, following USPSTF screening recommendations:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

f) The Contractor shall provide the NH Breast and Cervical Cancer Program with breast and cervical cancer screening rates for all women served by the practice as requested, but not more than twice per SFY.

g) The contractor shall work with the NH Breast and Cervical Cancer Program staff to increase the breast and cervical cancer screening rates among all women serviced by the practice.

4. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate. Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

5. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) The World Health Organization (WHO) growth charts shall be used to monitor growth for infants and children birth up to age 2 years. The Centers for Disease Control and Prevention (CDC) growth charts shall be used for children age 2 years and older.

b) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

c) All children enrolled in either Medicaid, Head Start, or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185%_poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a blood lead test performed.

d) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

e) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit, and a referral for the child's first visit to the dentist by age one as recommended by the American Academy of Pediatrics and the American Academy of Pediatric Dentistry.

f) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's drinking water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.

g) For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.

6. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

7. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling or other substance abuse intervention, treatment, or recovery services by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.

b) All clients, including pregnant women, identified as smokers shall receive counseling using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: A Clinician's Guide to Helping Pregnant Women Quit Smoking", American College of Obstetricians and Gynecologists, 2011. With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).

8. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule for Adults (19 years and older) by Age and Medical Condition - United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the "Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States" approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

9. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

10. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.

d) The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist (on site or by referral)

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse
   a. A registered nurse licensed in the state of New Hampshire, Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.
   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.
   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.
   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.
   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

   a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

   b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities in the Public Health Region in which they provide services as appropriate. These activities enhance the integration of community-based public health prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to participate in and coordinate public health activities as requested by the Division of Public Health Services during any disease outbreak and/or emergency, natural or man-made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization
of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that appropriate, responsive, and timely referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings
2. Prenatal and Child Health Coordinators' meetings
3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.
2. Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.
3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.
4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.
5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care Clinical and Financial, Child Health, and Prenatal Care.

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be

completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.

2. Reviews shall include client record reviews to measure compliance with this exhibit.

3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.

4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE CHILD HEALTH DIRECT CARE SERVICES
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Please note, for all measures, the following should be used **unless otherwise indicated:**

- Less than 19 years of age
- Served within the scope of this MCH contract during State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)
- Each client can only be counted once (unduplicated)

Child Health Direct (CH – D) Performance Measure #1

Measure: 92%* of eligible children will be enrolled in Medicaid

Goal: To increase access to health care for children through the provision of health insurance

Definition: **Numerator-**
Of those in the denominator, the number of children enrolled in Medicaid.

Denominator-
Number of children who meet all of the following criteria:

- Less than 19 years of age
- Had 3 or more visits/encounters** during the reporting period
- As of the last visit during the reporting period were eligible for Medicaid

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**An encounter is face to face contact between a user and a provider who exercises independent judgment in the provision of services to the individual (UDS Table Definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #2

Measure: 85%* of at-risk** children who were screened for blood lead between 18 and 30 months of age

Goal: To prevent childhood lead poisoning through early identification of lead exposure

Definition: **Numerator-**
Of those in the denominator, number of children screened for blood lead by capillary or venous on or after their 18-month birthday and prior to their 30-month birthday.

Denominator-
Number of at-risk** children who reached age 30 months during the reporting period. If discharged prior to 30 months, do not include in denominator.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.

**At risk = During the reporting period, the children were 18-29 months of age, and fit at least one of the following criteria:

- "Low income" (less than 185% poverty guidelines)
- Over 185% and resided in a town considered needing "Universal" screening per NH Childhood Lead Poisoning Prevention Program
- Over 185%, resided in a town considered "Target" and had a positive response to the risk questionnaire
- Refugee children -A refugee is defined as a person outside of his or her country of nationality who is unable or unwilling to return because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion (U.S. Citizenship and Immigration Services definition).

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #3

Measure: 71%* of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85%ile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Goal: To increase the percent of children receiving primary care preventive health services who have an elevated BMI percentile who receive guidance about promoting a healthier lifestyle.

Definition: **Numerator-**
Of those in the denominator, the number of children who had documentation in their medical record of there being discussion at least once during the reporting period of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Denominator-
Number of children who turned twenty-four months during or before the reporting period, up to the age of nineteen years, with one or more well child visit after their twenty-fourth month of age within the reporting year, and had an age and gender appropriate BMI percentile greater than or equal to the 85 % percentile at least once during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Rationale: Children between the 85th – 94th percentiles BMI are encouraged to have 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks. (Discussion of the importance of family meal time, limiting eating out, consuming a healthy breakfast, preparing own foods, and promotion of breastfeeding is also encouraged.) American Academy of Pediatrics' guidance for Prevention and Treatment of Childhood Overweight and Obesity, (http://www.aap.org/obesity/health_professionals.html), from AAP Policy Statement: *Prevention of Pediatric Overweight and Obesity* and the AAP endorsed Expert Committee Recommendations Regarding the Prevention, Assessment, and Treatment of Children and Adolescent Overweight and Obesity, 2007.

*Target based on 2012 & 2013 Data Trend Table averages.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) #4

Measure: 75%* of eligible** infants and children with client record documentation of enrollment in WIC

Goal: To increase access to nutrition education, breastfeeding support, and healthy food through enrollment in the WIC Nutrition Program

Definition: **Numerator -**
Of those in the denominator, the number of infants and children who, as of the last well child visit during the reporting period, had client record documentation that infant or child was enrolled in WIC.

Denominator -
Unduplicated number of infants and children less than 5 years of age, enrolled in the agency, during the reporting period, who were eligible** for WIC.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

*Target based on 2012 & 2013 Data Trend Table averages.
**WIC Eligibility Requirements:

- Infants, and children up to their fifth birthday
- Must be income eligible (income guidelines are up to 185% of federal gross income, and are based on family size)

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Child Health Direct (CH – D) Performance Measure #5

Measure: 23%* of infants who were exclusively** breastfed for the first three months, at their four month well baby visit

Goal: To provide optimum nutrition to infants in their first three months of life

Definition: **Numerator -**
Of those in the denominator, the number of infants who had client record documentation that the infant had been exclusively breastfed for their first three months when checked at their four month well baby visit.

Denominator -
Number of infants who received one or more visits during or before the reporting period and were seen for a four-month well baby visit during the reporting period.

Data Source: Chart audit or query of 100% of the **total** population of patients as described in the denominator.

Benmarks: 2011 PedNSS (WIC) exclusive at 3 months: NH 22.9%, National (2010) 10.7%
2013 CDC Report Card (NIS, provisional 2010 births): NH 49.5%, National 37.7%
Healthy People 2020 goal: 44%

Rationale: The AAP recommends exclusive breastfeeding for about 6 months, with continuation of breastfeeding for 1 year or longer as mutually desired by mother and infant, a recommendation concurred to by the World Health Organization and the Institute of Medicine. (American Academy of Pediatrics Policy Statement on Breastfeeding and the Use of Human Milk, 2012)

*Target based on 2012 & 2013 Data Trend Table averages.
**Exclusive means breast milk only, no supplemental formula, cereal/baby food, or water/fluids.

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE: ADULT

PERFORMANCE MEASURES DEFINITIONS

State Fiscal Year 2015

Primary Care: Adult Performance Measure #1

Measure:*	58%** of adult patients 18 – 85 years of age diagnosed with hypertension will have a blood pressure measurement less than 140/90*** mm at the time of their last measurement.
Goal:	To ensure patients diagnosed with hypertension are adequately controlled.
Definition:	**Numerator-** Number of patients from the denominator with blood pressure measurement less than 140/90 mm at the time of their last measurement. **Denominator-** Number of patients age 18 – 85 with diagnosed hypertension must have been diagnosed with hypertension 6 or more months before the measurement date. (Excludes pregnant women and patients with End Stage Renal Disease.)
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Measure based on the National Quality Forum 0018

**Health People 2020 National Target is 61.2%

***Both the numerator and denominator must be less that 140/90 mm

PRIMARY CARE CLINICAL PERFORMANCE MEASURE DEFINITIONS Fiscal Year 2015

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: 61%* of adolescents aged 11-21 years received an annual health maintenance visits in the past 12 months.

Goal: To enhance adolescent health by assuring annual, recommended, adolescent well -visits.

Definition:

Numerator-
Number of adolescents in the denominator who received an annual health maintenance "well" visit during the reporting year.

Denominator-
Total number of adolescents aged 11-21 years who were enrolled in the primary care clinic as primary care clients during the reporting year period.

Data Source: Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure:	31%* of women and adolescent girls aged 15-44 take multi-vitamins with folic acid.
Goal:	To enhance pregnancy outcomes by reducing neural tube defects.
Definition:	**Numerator-** The number of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid. **Denominator-** The number of women and adolescent girls aged 15-44 who were seen in primary care for a well visit in the past year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

***Target based on 2012 & 2013 Data Trend Table averages.**

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRIMARY CARE - FINANCIAL
PERFORMANCE MEASURE DEFINITIONS
Fiscal Year 2015

Primary Care (PC) Performance Measure #1

Measure: Patient Payor Mix

Goal: To allow monitoring of payment method trends at State funded primary care sites.

Definition: Patients enrolled in Medicare, Medicaid, Commercial insurance, or uninsured.

Data Source: Provided by agency

Primary Care (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: AR Days: Net Patient Accounts Receivable **multiplied by** 365 **divided by** Net Patient Revenue

Data Source: Provided by agency

Primary Care (PC) Performance Measure #3

Measure: Current Ratio

Goal: To allow monitoring of financial sustainability trends at State funded primary care sites.

Definition: Current Ratio = Current Assets **divided by** Current Liabilities

Data Source: Provided by agency

EXHIBIT A– AMENDMENT 1 - PERFORMANCE MEASURES

PRENATAL
PERFORMANCE MEASURES DEFINITIONS
State Fiscal Year 2015

Prenatal (PN) Performance Measure #1

Measure:	85%* of pregnant women who are enrolled in the agency's prenatal program will begin prenatal care during the first trimester of pregnancy.
Goal:	To enhance pregnancy outcomes by assuring early entrance into prenatal care.
Definition:	**Numerator-** Number of women in the denominator who had a documented prenatal visit during the first trimester (on or before 13.6 weeks gestation). **Denominator-** Number of women enrolled in the agency prenatal program who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Prenatal (PN) Performance Measure #2

Measure:	20%* of pregnant women who are identified as cigarette smokers will be referred to QuitWorks-New Hampshire.
Goal:	To reduce tobacco use during pregnancy through focused tobacco use cessation activities at public health prenatal clinics.
Definition:	**Numerator-** Number of women in the denominator who received at least one referral to QuitWorks-New Hampshire during pregnancy. **A referral is defined as signing the patient up for QuitWorks-NH via phone, fax, or EMR. It is not defined as discussing QuitWorks-NH with the patient and encouraging her to sign up.** **Denominator-** Number of women enrolled in the agency prenatal program and identified as tobacco users who gave birth during the reporting year.

Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

*Target set in consultation with the NH Tobacco Program & FY13 Data Trend Table average.

Prenatal (PN) Performance Measure #3

Measure:	79%* of pregnant women will be screened, using a formal valid screening tool, for alcohol and other substance use during every trimester they are enrolled in the prenatal program.
Goal:	To reduce prenatal substance use through systematic screening and identification.
Definition:	**Numerator-** Number of women in the denominator who were screened for substance and alcohol use, using a formal and valid screening tool, during each trimester that they were enrolled in the prenatal program. **Denominator-** Number of women enrolled in the agency prenatal program and who gave birth during the reporting year.
Data Source:	Chart audits or query of 100% of the **total** population of patients as described in the denominator.

* Target based on 2012 & 2013 Data Trend Table averages.

Concord, New Hampshire 03301

APPROVED G&C #127
6/20/12

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Population Health and Community Services, Maternal and Child Health Section, to enter into an agreement with White Mountain Community Health Center (Vendor #174170-R001), 298 White Mountain Highway, PO Box 2800, Conway, New Hampshire 03818, in an amount not to exceed $315,568.00, to provide primary care services and breast and cervical cancer screening, to be effective July 1, 2012 or date of Governor and Executive Council approval, whichever is later, through June 30, 2014. Funds are available in the following accounts for SFY 2013, and are anticipated to be available in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets.

			Sub-Total	$25,742
			Total	$315,568

EXPLANATION

Funds in this agreement will be used to provide breast and cervical cancer screening and office-based primary care services for low-income and uninsured families. This agreement provides funds for services as a last resort; contractor is required to make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid.

Primary health care services include preventive and episodic health care for acute and chronic health conditions for people of all ages, including pregnant women, children, adolescents, adults, and the elderly. Community health agencies that receive support through the Division of Public Health Services deliver primary and preventive health care services to underserved people who face barriers to accessing health care, due to issues such as a lack of insurance, inability to pay, language barriers, and geographic isolation. In addition to medical care, community health centers are unique among primary care providers for the array of patient-centered services they offer, including care coordination, translation, transportation, outreach, eligibility assistance, and health education. These services help individuals overcome barriers to getting the care they need and achieving their optimal health. One area of particular success has been in ensuring that eligible families maintain consistent enrollment in Medicaid for their children. Community health centers provide support for families in filling out applications and ensuring that children have continuity of care.

Community health agencies throughout New Hampshire have demonstrated success in meeting the health care needs of the uninsured and under-insured citizens of the state. Division of Public Health Services funded primary care providers participate in rigorous quality improvement efforts utilizing standard performance measures that focus attention on improving health outcomes for patients. For example, in State Fiscal Year 2011:

- 88% of eligible children served were enrolled in Medicaid/Healthy Kids Gold.
- 86% of children 24-35 months, served received the appropriate schedule of immunizations.
- 82% of infants born to women served received prenatal care beginning in the first trimester of pregnancy.

In addition, breast and cervical cancers continue to be ongoing public health issues for New Hampshire. The Division of Public Health Services, Breast and Cervical Cancer Screening Program provides support for breast and cervical cancer screening services that include clinical examinations, pap smears and referral for mammography. Through this program, women found to have abnormal screening results, following their testing,

receive additional coverage for diagnostic work-up and, if necessary, have their care coordinated through the initiation of treatment.

Should Governor and Executive Council not authorize this Request, a minimum of 7,330 low-income individuals from the Northern Carroll County area may not have access to primary care services, and eligible women may not receive recommended breast and cervical cancer screenings. A strong primary care infrastructure reduces costs for uncompensated care, improves health outcomes, and reduces health disparities. Additionally women that receive recommended breast and cervical cancer screenings are at lower risk of late diagnosis of breast and cervical cancers.

White Mountain Community Health Center was selected for this project through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' web site from January 10, 2012 through February 16, 2012. In addition, a bidder's conference, conference call, and web conference were held on January 19, 2012 to alert agencies to this bid.

Thirteen proposals were received in response to the posting. Each proposal was scored by three professionals, who work internal and external to the Department of Health and Human Services. All reviewers have between three to twenty years experience either in clinical settings, providing community-based family support services, and managing agreements with vendors for various public health programs. Areas of specific expertise include maternal and child health; quality assurance and performance improvement; chronic and communicable diseases and public health infrastructure. The reviewers used a standardized form to score agencies' relevant experience and capacity to carry out the activities outlined in the proposal. Reviewers look for realistic targets when scoring performance measures in addition to detailed workplans including evaluation components. Budgets were reviewed to be reasonable, justified and consistent with the intent of the program goals and outcomes. There were no competing applications within each of the separate service areas. Scores were averaged and all proposals were recommended for funding. In those instances where scores were less than ideal, agency specific remedial actions were recommended and completed. Some primary care agencies are being funded at levels higher than they requested. Agencies were instructed to develop budgets based on previous allocations. While some proposed budgets higher than what was available for funding, others proposed budgets lower than what was available. There was an increase in breast and cervical cancer screening funds that bidders were unaware of when they drafted budgets. Adjustments were made accordingly for those agencies that proposed budgets at levels lower than available funds. This is a contract where that situation occurred. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. These services were contracted previously with this agency in SFY 2011 and SFY 2012 in the amount of $512,174. This represents a decrease of $196,606. The decrease is due to budget reductions.

The performance measures used to measure the effectiveness of the agreement are attached.

Area served: Northern Carroll County.

Source of Funds: 25.22% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau and 74.78% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

Approved by:
Nicholas A. Toumpas
Commissioner

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Prenatal (PN) Performance Measure #1

Measure: Percent of infants born to women receiving prenatal care beginning in the first trimester of pregnancy.

Primary Care Prenatal (PN) Performance Measure #2

Measure: Percent of pregnant women identified as cigarette smokers that are referred to QuitWorks-New Hampshire.

Primary Care Prenatal (PN) Performance Measure #3

Measure: Percent of pregnant women who were screened, using a formal valid screening tool, for alcohol and other drug use during every trimester the patient was enrolled.

Primary Care Child Health Direct (CH – D) Performance Measure #1

Measure: Percent of eligible children enrolled in Medicaid

Primary Care Child Health Direct (CH – D) Performance Measure #2

Measure: Percent of at-risk children who were screened for blood lead between 18 and 30 months of age

Primary Care Child Health Direct (CH – D) Performance Measure #3

Measure: Percent of children age two to nineteen years receiving primary care preventive health services with a Body Mass Index (BMI) percentile greater than or equal to the 85th percentile with documented discussion of encouraging 5 servings of fruits and vegetables/day, 2 hours or less of screen time, 1 hour or more of physical activity and 0 sugared drinks.

Primary Care Child Health Direct (CH – D) Performance Measure #4

Measure: Percent of eligible infants and children with client record documentation of enrollment in Women Infant Children Program.

Primary Care Child Health Direct (CH – D) Performance Measure #5

Measure: Percent of infants who were exclusively breastfed for the first three months, at their four month well baby visit.

Primary Care Financial (PC) Performance Measure #1

Measure: Patient Payor Mix

Primary Care Financial (PC) Performance Measure #2

Measure: Accounts Receivables (AR) Days

Primary Care Financial (PC) Performance Measure #3

Measure: Current Ratio

Primary Care Performance Measures

State Fiscal Year 2013

Primary Care Clinical Adolescent (PC-C) Performance Measure #1

Measure: Percent of adolescents aged 10-21 years who received annual health maintenance visits in the past 12 months.

Primary Care Clinical Prenatal (PC-C) Performance Measure #2

Measure: Percent of women and adolescent girls aged 15-44 who take a multi-vitamin with folic acid.

Subject: Primary Care Services

AGREEMENT

The State of New Hampshire and the Contractor hereby mutually agree as follows:

GENERAL PROVISIONS

1. IDENTIFICATION.

Exhibit A

Scope of Services

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: White Mountain Community Health Center

ADDRESS: 298 White Mountain Highway, PO Box 2800
Conway, New Hampshire 03818
Executive Director: Patricia McMurry
TELEPHONE: 603-447-8900

The Contractor shall:

I. General Provisions

A) Eligibility and Income Determination

1. Office-based primary care services will be provided to low-income individuals and families (defined as ≤ 185% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), in the State of New Hampshire.

2. Breast and Cervical Cancer screening services will be provided to low-income (defined as ≤ 250% of the U.S. Department of Health and Human Services (USDHHS), Poverty Guidelines, updated annually and effective as of July 1 of each year), New Hampshire women age 18 – 64, *uninsured or underinsured.*

3. The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing if, at any time, the practice is closed to new patients, or maintains a wait list for new patients, or any other mechanism is used that limits access for new patients for more than a one month period.

4. The Contractor shall document annually, for each client enrolled in the program, family income and family size, and calculate percentage of the federal poverty level. If calculations indicate that the client may be eligible for enrollment in Medicaid, the Contractor shall complete with the client the most recent version of the 800P form.

5. The Contractor shall implement, and post in a public and conspicuous location, a sliding fee payment schedule, approved in advance by the Division of Public Health Services (DPHS), for low-income patients. Signage must state that no client will be denied services for inability to pay.

    a. As an alternative, the contractor may post, in a public and conspicuous location, a notice to clients that a sliding fee scale is available and that no client will be denied services for inability to pay. The sliding fee scale must be updated annually based on USDHHS Poverty guidelines as published in the Federal Register, submitted to and approved by DPHS *prior to implementation.*

6. The primary care contract entered into here shall be the payer of last resort. The contractor shall make every effort to bill all other payers including but not limited to: private and commercial insurances, Medicare, and Medicaid, for all reimbursable services rendered.

Contractor Initials: PM

Date: 4-4-12

B) Numbers Served

1. The contract funds shall be expended to provide the above services to a minimum of 3665 users annually with 6785 medical encounters, as defined in the Data and Reporting Requirements. Breast and Cervical Cancer Screening for eligible women, as defined by the Breast and Cervical Cancer Program (BCCP), shall be provided to 15 women annually and billed directly to the BCCP. Clinical service reimbursements shall not exceed the Medicare rate.

C) Culturally and Linguistically Appropriate Standards of Care

The Department of Health and Human Services (DHHS) recognizes that culture and language have considerable impact on how consumers access and respond to public health services. Culturally and linguistically diverse populations experience barriers in efforts to access health services. To ensure equal access to quality health services, the Division of Public Health Services (DPHS) expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. *Provide* clients of limited English proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. Offer consumers a forum through which clients have the opportunity to provide feedback to providers and organizations regarding cultural and linguistic issues that may deserve response.

5. The contractor shall maintain a program policy that sets forth compliance with Title VI, Language Efficiency and Proficiency Citation 45 CFR 80.3(b) (2). The policy shall describe the way in which the items listed above were addressed and shall indicate the circumstances in which interpretation services are provided and the method of providing service (e.g. trained interpreter, staff person who speaks the language of the client, language line).

D) State and Federal Laws

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. The Contractor shall report all cases of communicable diseases according to New Hampshire RSA 141-C and He-P 301, adopted 6/3/08.

2. Persons employed by the contractor shall comply with the reporting requirements of New Hampshire RSA 169:C, Child Protection Act; RSA 161:F46, Protective Services to Adults, RSA 631:6, Assault and Related Offences and RSA 130:A, Lead Paint Poisoning and Control.

3. Immunizations shall be conducted in accordance with RSA 141-C and the Immunization Rules promulgated hereunder.

E) Relevant Policies and Guidelines

1. The Contractor shall design and provide the services described above to meet the unique and identified health needs of the populations within the contracted service area.

Contractor Initials: RM

Date: 4-4-12

2. Primary Care funds shall be targeted to populations in need. Populations in need are defined as follows:

   a) uninsured;

   b) under-insured;

   c) families and individuals with significant psychosocial and economic risk, including low income status;

   d) all life cycles including perinatal, child, adolescent, adult, and elderly who meet one or more of the above criteria.

3. The Contractor shall design and implement systems of governance, administration, financial management, information management, and clinical services which are adequate to assure the provision of contracted services, and to meet the data and reporting requirements. These systems shall meet the most current minimum standards described in at least one of the following: Health Resources and Services Administration (HRSA) Office of Performance Review protocols, Joint Commission on Accreditation of Health Care Organizations (JCAHO), Accreditation Association for Ambulatory Healthcare (AAAHC), Community Health Accreditation Program (CHAP), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey.

4. *The Contractor shall have an agency emergency preparedness and response plan in accordance with HRSA Health Center Emergency Management Program Expectations, Document #2007-15 or most recent version. Such plan shall also include a Continuity of Operations plan.*

5. The Contractor shall carry out the work as described in the performance Workplan submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

6. No Workplan is required by the Breast and Cervical Cancer Program (BCCP). The contractor shall be required to respond to the Quality Improvement Feedback Report twice a year.

7. The Contractor shall carry out the work as described in the Supplemental Funding Form submitted with the proposal and approved by the Rural Health and Primary Care Section (RHPCS), and the Maternal and Child Health Section (MCHS).

F) Publications Funded Under Contract

1. The DHHS and/or its funders will retain COPYRIGHT ownership for any and all original materials produced with DHHS contract funding, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports.

2. All documents (written, video, audio, *electronic*) produced, reproduced, or purchased under the contract shall have prior approval from DPHS before printing, production, distribution, or use.

3. The Contractor shall credit DHHS on all materials produced under this contract following the instructions outlined in Exhibit C (14).

G) Subcontractors

1. If any services required by this Exhibit are provided, in whole or in part, by a subcontracted agency or provider, the Division of Public Health Services (DPHS), Maternal and Child Health Section must be notified in writing *and approve the subcontractual agreement*, prior to initiation of the subcontract.

Contractor Initials PM

Date 4-4-12

2. In addition, the original DPHS contractor will remain liable for all requirements included in this Exhibit and carried out by subcontractors.

II. Minimal Standards of Core Services

A) Service Requirements

1. *Medical Home*

The Contractor shall provide a Medical Home that:

a) *Facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family.*

b) ***Provides care facilitated by registries, information technology, health information exchange, and other means to assure that patients get the indicated care when and where they need and want it in a culturally and linguistically appropriate manner.***

2. Primary Care Services

The Contractor shall provide office-based primary care services to populations in need who reside in the contractor's service area. Primary care services shall include:

a) Health care provided by a New Hampshire licensed MD, DO, APRN, or PA, including diagnosis and treatment of acute and chronic illnesses within the scope of family practice; preventive services, screenings, and health education according to established, documented state or national guidelines; assessment of need for social and nutrition services, and appropriate referrals to health, *oral health*, and behavioral health specialty providers.

b) ***Referral to the WIC Nutrition Program for all eligible pregnant women, infants and children.***

c) In-hospital care for conditions within the scope of family practice must be provided at a hospital, within the agency service area, through a staff clinician with full hospital privileges, or in the alternative, through a formal referral and admissions procedure available to clients on a 24 hour/7 day a week basis.

d) Access to a healthcare provider, directly or by referral or subcontract, by telephone twenty-four hours per day, seven days per week.

e) Assessment of psychosocial risk for all clients at least annually and for children at scheduled preventive care visits, including, at a minimum, age appropriate assessment of safety in the home, domestic violence, adequacy of food and housing, care and welfare of children, transportation needs, and provision of necessary social services to address the priority needs and safety issues of clients and families.

f) Falls prevention screening for patients 65 years and older using the algorithm and guidelines of the American Geriatrics Society.

g) Behavioral health care directly or by referral to an agency or provider with a sliding fee scale.

h) *Nutrition assessment for all clients as part of the health maintenance visit.* Therapeutic nutrition services shall be provided *as indicated* directly or by referral to an agency or provider with a sliding fee scale. These services shall be recorded in the medical record.

i) Formal arrangements with a local hospital for emergency care must be in place and reviewed annually.

Contractor Initials: PMC

Date 4-4-12

j) Home health care directly or by referral to an agency or provider with a sliding fee scale.

k) Assisted living and skilled nursing facility care by referral.

l) *Oral screening annually for all clients 19 years and older to note obvious dental decay and soft tissue abnormalities with a reminder to the patient that poor oral health impacts total health.*

m) *Diagnosis and management of pediatric and adult patients with asthma provided according to National Heart Lung Blood Institute, National Asthma Education and Prevention Program, Expert Panel Report 3: Guidelines for the Diagnosis and Management of Asthma, 2007.*

2. Breast and Cervical Cancer Screening

a) Women age 18 to 64 who are eligible for Breast and Cervical Cancer Program (BCCP) services according to income (equal to or under 250% of poverty, underinsured/uninsured) *and insurance status* criteria shall be provided the following services:

i. cervical cancer screening including a pelvic examination and Pap smear;
ii. annual breast cancer screening including a clinical breast exam, mammogram and,
iii. referrals for diagnostic and treatment services based on screening results,
iv. case management services.

b) All referrals under this provision shall be to approved certified laboratory, pathology, radiology, and surgical services. Mammography units shall be accredited by the American College of Radiology, and must be FDA certified under MQSA. Laboratories shall be CLIA certified.

c) All services shall be provided in accordance with the Breast and Cervical Cancer Program (BCCP) Policy and Procedure Manual.

d) Follow-up and tracking of all tests done, and referrals made shall be provided in accordance with the minimum standards outlined in the Breast and Cervical Cancer Program Policy and Procedure Manual.

e) All services for women enrolled in the Breast and Cervical Cancer Program (BCCP) shall be billed directly to the BCCP in accordance with protocols established by the Breast and Cervical Cancer Program.

3. Reproductive Health Services

The Contractor shall provide prenatal, interconceptional and preconception medical care, social services, nutrition services, education, and nursing care to all women of childbearing age. Preconceptional care includes the preconception, interconceptional, and postpartum periods in women's health. It is recommended that preconceptional and interconceptional care visits focus on maintaining or achieving the optimal health of the mother, lowering the risk of future adverse pregnancy outcomes, the family's future plans, and how additional children fit into that plan. Preconceptional counseling may be done during an office, group or home visit.

a) In the event prenatal care is not provided directly by the Contractor a formal Memorandum/a of Agreement for coordinated referral to an appropriately qualified provider must be maintained.

b) Prenatal care shall, at minimum, be provided in accordance with the Guidelines for Perinatal Care, sixth or most current edition, the American Academy of Pediatrics, the American College of Obstetricians and Gynecologists, and /or the Centers for Disease Control.

c) Age appropriate reproductive health care shall, at a minimum, be provided in accordance with the American College of Obstetricians and Gynecologists, or the USDHHS Centers for Disease Control (CDC) current guidelines.

d) *Pregnant women enrolled in the WIC Nutrition Program shall be referred to WIC for breastfeeding education and referral to the WIC Nutrition Program peer counselors.*

e. Family planning counseling for prevention of subsequent pregnancy following an infant's birth shall be discussed with the infant's mother *at the first postpartum visit and at the infant's 2-month visit and other visits as appropriate.* Rationale for birth intervals of 18-24 months shall be presented.

f) A referral to a Title X Family Planning Clinic or other reproductive health care provider shall be made as appropriate.

4. Services for Children and Adolescents

The Contractor shall provide as a minimum, comprehensive and age-appropriate health care, screenings, and health education according to the American Academy of Pediatrics' most recent periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent. Children and adolescent visits shall include:

a) Blood lead testing shall be performed in accordance with "New Hampshire Childhood Lead Poisoning Screening and Management Guidelines", issued by the New Hampshire Department of Health and Human Services, 2009 or subsequent revisions.

b) All children enrolled in either Healthy Kids-Gold or the Women, Infant, and Children (WIC) Program and/or who are ≤ 185% poverty, regardless of town of residence, are required to have a blood lead test at ages one and two years. All children ages three to six years who have not been previously tested shall have a capillary or venous blood lead test performed.

c) All children shall be screened for iron deficiency anemia as outlined in the Centers for Disease Control and Prevention document "Recommendations to Prevent and Control Iron Deficiency in the United States (4/2/98)".

d) Age-appropriate anticipatory guidance, dietary guidance, and *feeding practice counseling* for optimal oral health shall be provided at each well child visit according to the American Academy of Pediatrics' periodicity schedule "Recommendations for Preventive Pediatric Health Care" and "Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents", Third Edition or most recent edition. Starting at age 6 months, it is recommended that all children receive an oral health assessment at every well child visit.

e) Supplemental fluoride shall be prescribed as needed based upon the fluoride levels in the child's *drinking* water supply. The fluoride dosage regimen accepted by the American Academy of Pediatrics shall be followed. No fluoride shall be prescribed without obtaining water from private wells or noting the presence or absence of fluoride in the public water supply. *Supplemental fluoride may include bottled water containing fluoride and topical applications such as varnishes.*

f) *For infants enrolled in the WIC Nutrition Program, parents shall be referred to WIC for breastfeeding support and referral to the WIC Nutrition Program peer counselors.*

Contractor Initials: RMC

Date: 4-4-12

5. Sexually Transmitted Infections

Primary Care Services shall provide age appropriate screening and treatment of sexually transmitted infections.

a) Treatment for sexually transmitted infections shall be provided according to the United States Centers for Disease Control Sexually Transmitted Diseases Treatment Guidelines, 2010 or subsequent revisions.

b) All clients, including women, shall be offered HIV testing following the most current recommendations of the United States Centers for Disease Control.

c) The contractor shall be responsible for ensuring referral to appropriate treatment services for any woman found to screen positive.

d) Appropriate risk reduction counseling shall be provided based on client needs.

6. Substance Use Services

a) A substance use screening history using a formal, validated screening tool shall be obtained for all clients as soon after entry into care as possible. Substance use counseling *or other substance abuse intervention, treatment, or recovery services* by an appropriately credentialed provider shall be provided on-site, or by referral, to clients with identified needs for these services. *For these identified clients, ongoing primary care services should include follow up monitoring relative to substance abuse.*

b) All clients, including pregnant women, identified as smokers shall receive counseling *using the 5A's (ask, advise, assess, assist, and arrange) treatment available through the NH Tobacco Helpline* as cited in the US Public Health Services report "Tobacco Use and Dependence", 2008, or "Smoking Cessation During Pregnancy: *A Clinician's Guide to Helping Pregnant Women Quit Smoking*", American College of Obstetricians and Gynecologists, 2011. *With prior approval, agencies may also opt to participate in the DPHS best practice initiative of the 2A's and R (ask, advise and refer).*

7. Immunizations

a) The Contractor shall adhere to the most current version of the "Recommended Adult Immunization Schedule United States", approved by the Advisory Committee on Immunization Practices, the American College of Obstetricians and Gynecologists, and the American Academy of Family Physicians.

b) The Contractor shall administer vaccines according to the most current version of the *"Recommended Immunization Schedule for Persons Aged 0 Through 6 Years - United States", and "Recommended Immunization Schedule for Persons Aged 7 Through 18 Years – United States"* approved by the Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians, based upon availability of vaccine from the New Hampshire Immunization Program.

8. Prenatal Genetic Screening

a) A genetic screening history shall be obtained on all prenatal clients as soon after entry into care as possible.

b) All pregnant women should be offered voluntary genetic screening for fetal chromosomal abnormalities at the appropriate time following recommendations found in the American College of Obstetricians and Gynecologists' "Screening for Fetal Chromosomal

Contractor Initials PM

Date 4-4-12

Abnormalities (2007)" or more recent guidelines. The Contractor shall be responsible for ensuring referral to appropriate genetic testing and counseling for any woman found to have a positive screening test.

9. Additional Requirements

a) The Contractor's Medical Director shall participate in the development and approval of specific guidelines for medical care that supplement minimal clinical standards. Supplemental guidelines should be reviewed, signed, and dated annually, and updated as indicated.

b) Contractors considering clinical or sociological research using clients as subjects must adhere to the legal requirements governing human subjects research. Contractors must inform the DPHS, MCHS prior to initiating any research related to this contract.

c) *The Contractor shall provide information to all employees annually about the Medical Reserve Corps Unit within their Public Health Region to enhance recruitment.*

d) *The Contractor shall provide information to all employees annually regarding the Emergency System for the Advance Registration of Volunteer Health Professionals (ESAR-VHP) managed by the NH Department of Health and Human Services' Emergency Services Unit, to enhance recruitment.*

B) Staffing Provisions

The Contractor shall have, at minimum, the following staff positions:

a) executive director

b) fiscal director

c) registered nurse

d) clinical coordinator

e) medical service director

f) nutritionist *(on site or by referral)*

g) social worker

Staff positions required to provide direct services on-site include:

a) registered nurse

b) clinical coordinator

c) social worker

1. Qualifications

All health and allied health professionals shall have the appropriate New Hampshire licenses whether directly employed, contracted, or subcontracted.

In addition the following minimum qualifications shall be met for:

a) Registered Nurse

Contractor Initials: [signature]

Date: 4-4-12

a. A registered nurse licensed in the state of New Hampshire. Bachelor's degree preferred. Minimum of one-year experience in a community health setting.

b) Nutritionists:
   a. A Bachelor's degree in nutritional sciences or dietetics, or a Master's degree in nutritional sciences, nutrition education, or public health nutrition or current Registered Dietitian status in accordance with the Commission on dietetic Registration of the American Dietetic Association.

   b. Individuals who perform functions similar to a nutritionist but do not meet the above qualifications shall not use the title of nutritionist.

c) Social Workers shall have:
   a. A Bachelor's or Master's degree in social work or Bachelor's or Master's degree in a related social science or human behavior field. A minimum of one year of experience in a community health or social services setting is preferred.

   b. Individuals who perform functions similar to a social worker but do not meet the above qualifications shall not use the title of social worker.

d) Clinical Coordinators shall be:
   a. A registered nurse (RN), physician, physician assistant, or nurse practitioner with a license to practice in New Hampshire.

   b. The coordinator is a clinical position that oversees and takes responsibility for the clinical and administrative functions of each program.

   c. The coordinator may be responsible for more than one MCH funded program.

2. New Hires

The Contractor shall notify the Maternal and Child Health Section (MCHS) in writing within one month of hire when a new administrator, clinical coordinator, or any staff person essential to carrying out contracted services is hired to work in the program. A resume of the employee shall accompany the aforesaid notification.

3. Vacancies

a) The Contractor must notify the MCHS in writing if any critical position is vacant for more than one month, or if at any time funded under this contract does not have adequate staffing to perform all required services for more than one month. This may be done through a budget revision.

b) Before an agency hires new program personnel that do not meet the required staff qualifications, the agency shall notify the MCHS in writing requesting a waiver of the applicable staffing requirements. The Section may grant waivers based on the need of the program, individuals' experience, and additional training.

C) Coordination of Services

1. The Contractor shall coordinate, where possible, with other service providers within the contractor's community. At a minimum, such collaboration shall include interagency referrals and coordination of care.

2. The Contractor shall participate in activities *in the Public Health Region in which they provide services* as appropriate. These activities enhance the integration of community-based public health

Contractor Initials RVK

Date 4-4-12

prevention and health care initiatives that are being implemented by the contractor and may include community needs assessments, public health performance assessments, and/or the development of regional health improvement plans.

3. The Contractor agrees to *participate* in and coordinate public health activities as requested by the Division of Public Health Services during any *disease outbreak* and/or *emergency*, natural or man made, affecting the public's health.

4. The Contractor is responsible for case management of the client enrolled in the program and for program follow-up activities. Case management services shall promote effective and efficient organization and utilization of resources to assure access to necessary comprehensive medical, nutritional, and social services for clients.

5. The Contractor shall assure that *appropriate, responsive, and timely* referrals and linkages for other needed services are made, carried through, and documented. Such services shall include, but not be limited to: dental services, genetic counseling, high risk prenatal services, mental health, social services, including domestic violence crisis centers, substance abuse services; and family planning services, Early Supports and Services Program, local WIC/CSF Program, Home Visiting New Hampshire Programs and health and social service agencies which serve children and families in need of those services.

D) Meetings and Trainings

The contractor will be responsible for sending staff to meetings and training required by the MCHS program, including but not limited to:

1. MCHS Agency Directors' meetings

2. Prenatal and Child Health Coordinators' meetings

3. MCHS Agency Medical Services Directors' meetings

III. Quality or Performance Improvement (QI/PI)

A) Workplans

1. Performance Workplans are required for this program and are used to monitor achievement of standard measures of performance of the services provided under this contract. The workplans are a key component of the RHPCS and the MCHS performance-based contracting system and of this contract. Outcomes shall be reported by clinical site.

2. Submit Performance Workplans and Workplan Outcome reports according to the schedule and instructions provided by the MCHS. The MCHS shall notify the Contractor at least 30 days in advance of any changes in the submission schedule.

3. The Contractor shall incorporate required and developmental performance measures, defined by the MCHS into the agency's Performance Workplan. Reports on Workplan Progress/Outcomes shall detail the Performance Workplan plans and activities that monitor and evaluate the agency's progress toward performance measure targets.

4. The Contractor shall comply with modifications and/or additions to the workplan and annual report format as requested by RHPCS and MCHS. MCHS will provide the contractor with reasonable notice of such changes.

5. Agencies contracting for Primary Care Services must submit the workplans for Primary Care *Clinical and Financial*, Child Health, and Prenatal Care.

Contractor Initials: PM

Date 4-4-12

B) Additional Reporting requirements

In addition to Performance Workplans, the Contractor shall submit to MCHS the following data and information listed below which are used to monitor program performance:

1. In years when contracts or amendments are not required, the DPHS Budget Form, Budget Justification, Sources of Revenue and Program Staff list forms must be completed according to the relevant instructions and submitted as requested by DPHS and, at minimum, by April 30 of each year.

2. The Sources of Revenue report must be resubmitted at any point when changes in revenue threaten the ability of the agency to carry out the planned program.

3. Completed Uniform Data Set (UDS) tables reflecting program performance in the previous calendar year, by March 31 of each year.

4. The Perinatal Client Data Form (PCDF) shall be submitted electronically according to the instructions set forth by the MCHS.

5. A copy of the agency's updated Sliding Fee Scale including the amount(s) of any client fees and the schedule of discounts must be submitted by March 31st of each year. The agency's sliding fee scale must be updated annually based on the US DHHS Poverty guidelines as published in the Federal Register.

6. An annual summary of program-specific patient satisfaction results obtained during the prior contract period and the method by which the results were obtained shall be submitted annually as an addendum to the Workplan Outcome/Progress reports.

C) On-site reviews

1. The contractor shall allow a team or person authorized by the Division of Public Health Services to periodically review the contractor's systems of governance, administration, data collection and submission, clinical and financial management, and delivery of education services in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include client record reviews to measure compliance with this exhibit.
3. The contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. On-Site reviews may be waived or abbreviated at the discretion of MCHS, upon submission of satisfactory reports of reviews such as Health Services Resources Administration (HRSA): Office of Performance Review (OPR), or reviews from nationally accreditation organizations such as the Joint Commission for the Accreditation of Health Care Organizations (JCAHO), Medicare, the Community Health Accreditation Program (CHAP), Accreditation Association for Ambulatory Healthcare (AAAHC), or the Centers for Medicare and Medicaid Services (CMS) Rural Health Clinic Survey. Abbreviated reviews will focus on any deficiencies found in previous reviews, issues of compliance with this exhibit, and actions to strengthen performance as outlined in the agency Performance Workplan.

Primary Care Services

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2014

CONTRACTOR NAME: **White Mountain Community Health Center**

ADDRESS: **298 White Mountain Highway, PO Box 2800**
Conway, New Hampshire 03818
Executive Director: **Patricia McMurry**
TELEPHONE: **603-447-8900**

Vendor #174170-R001	Job #90080000	Appropriation #010-090-51900000-102-500731
	#90073001	#010-090-51490000-102-500731
	#90080081	#010-090-56590000-102-500731

1. The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during the period of the contract shall not exceed:

   $269,826 for Primary Care Services, funded from 19.95% federal funds from the US Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau (CFDA #93.994) and 80.05% general funds.

   $20,000 for Primary Care Services, funded from 100% general funds.

   $25,742 for Breast and Cervical Cancer Screening, funded from 100% federal funds from the Center for Disease Control (CFDA #93.283).

TOTAL: $315,568

2. The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in the attached budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State.

3. This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the month up to an amount not greater than one-twelfth of the contract amount. Reimbursement greater than one-twelfth of the contract amount in any month shall require prior, written permission from the State.

4. Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each of the Service category budgets. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date. Said invoice shall contain a description of all allowable costs and expenses incurred by the Contractor during the contract period.

Contractor Initials: PM

Date: 4-4-12

5. Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred in the performances of the services.

6. The Contractor may amend the contract budget for any Service category through line item increases, decreases, or the creation of new line items provided these amendments do not exceed the contract price for that particular Service category. Such amendments shall only be made upon written request to and written approval by the State. Budget revisions will not be accepted after June 20th of each contract year.

7. The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars ($300) and with a useful life beyond one year.

The remainder of this page is intentionally left blank.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

Contractor Initials: [signature]

Date: 4-4-12

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directed connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Contractor Initials: RM

Date: 4-4-12

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department

    12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

    12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

    14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Public Health Services, with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:** Select either (1) or (2) below:

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard state contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the state does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

X (1) The contractor certifies that it **IS** a 501(c) (3) contractor whose annual total amount of contract work with the State of New Hampshire does **not** exceed $500,000.

Insurance Requirement for (2) - All other contractors who do not qualify for RSA 21-I:13, XIV, (Supp. 2006), Agreement P-37 General Provisions, 14.1 and 14.1.1. Insurance and Bond, shall apply: The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefits of the State, the following insurance: comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per incident or occurrence. *These amounts MAY be modified if the State of NH determines contract activities are a risk of lower liability.*

☐ (2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

Contractor Initials: JM

Date: 4-4-12

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

Contractor Initials: PMC

Date 4-4-12

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,
129 Pleasant Street
Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

   (b) Establishing an ongoing drug-free awareness program to inform employee's about:

      (1) The dangers of drug abuse in the workplace;
      (2) The grantee's policy of maintaining a drug-free workplace;
      (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
      (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

   (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

   (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

      (1) Abide by the terms of the statement; and

Contractor Initials: RMC

Date: 4-4-12

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)

Standard Exhibit E

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

Contract Period: **7/1/12** or date of G&C Approval, whichever is later, through **6/30/14**

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", "provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Contractor Initials: [signature]

Date: 4-4-12

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
