REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Family Assistance to enter into a contract with Michael Kalinowski (Vendor #105260) in an amount not to exceed \$16,027, to provide a True Cost of Care Assessment with a group of urban child care providers, effective April 1, 2013, or date of Governor and Council approval, which ever is later, through March 30, 2014. Funds to support this are available in the following account. Funds are anticipated to be available in the following account in SFY 2014 upon the availability and continued appropriation of funds in future operating budgets, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

Total			\$16,027.00

EXPLANATION

Financial Assistance for Needy Families participants are charged out-of-pocket fees for licensed child care, which is above the State reimbursement rate of an average of \$75.00 per month per child. Since the Financial Assistance for Needy Families grant is statistically less than one month of rent in New Hampshire, it is difficult to find the funds needed for licensed child care. The inability to secure licensed child care seriously impedes the ability to seek or maintain employment. Not inconsequently, children who experience quality child care have a greater chance at success in school and employment. Families who are unable to secure or maintain employment rely on public assistance for longer periods of time. The Department of Health and Human Services Child Development Bureau produces biennial information on provider fees for child care services. However, there is little evidence regarding the actual cost of operating such programs in urban environments. The purpose of this request is to collect data on the actual cost of operating a licensed child care program in urban areas of New Hampshire and compare that cost to the amount charged for licensed child care services. Similar data has previously been collected in rural areas of the State by this vendor. The goal of the True Cost of Care's proposed research and assessment is to further develop the data collection model necessary to enable child care providers and policy-makers to determine a set of financial strategies that will provide community supports to child care for utilizing less General Fund dollars. If these supports can be developed, licensed child care providers will be able to open their doors to families from all economic levels.

Her Excellency, Margaret Wood Hassan
and the Honorable Council

Should Governor and Council not approve this contract the Division will not have the ability to continue the work that has been started on the assessment of the true cost of child care. Child care reimbursement is a crucial service to Financial Assistance to Needy Families who seek to regain their economic self sufficiency. The cost of licensed child care is out of the reach of many low-income families.

This contract was competitively bid. On November 5, 2012 the Division of Family Assistance issued a Request For Proposals #13-DFA-PO-TCCA-06 to solicit proposals for True Cost of Child Care Assessment services. The Request for Proposals was available on the Department of Health and Human Services Website from November 5, 2012 through December 21, 2012. Two proposals were submitted.

The proposals were evaluated by a team of three Department of Health and Human Services employees with knowledge of the Financial Assistance to Needy Families program requirements; policy governing the operation of the New Hampshire Employment Program; business and financial management; and the Division for Children, Youth and Families, Child Development Bureau. The proposals were evaluated based on the criteria published in the Request For Proposals. Michael Kalinowski was selected because his proposal scored the highest. The proposal submitted by Open Minds did not meet the requirements as published. The Bid Summary is attached.

The vendor's performance will be reviewed monthly and includes:

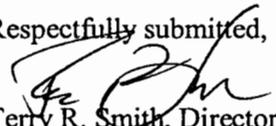

1. On-going progress on the contract;
2. Recruitment materials, agendas created for approval by the Division of Family Assistance, and meeting minutes;
3. Updates of the True Cost of Care Assessment excel tool in each of its stages;
4. Results of the consultant's review of the True Cost of Child Care Assessment excel tool's ability to:
 - Identify individual child care program cost;
 - Identify cost across multiple programs;
 - Information to identify the financial gap between the actual cost of child care and charged cost of child care; and
 - Feedback from the child care providers.

Area served: Statewide

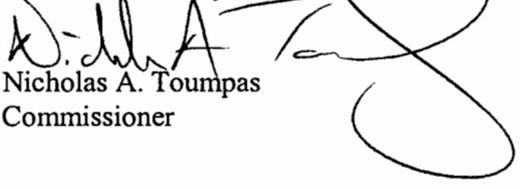

Source of Funds: 100% Federal Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Terry R. Smith, Director

Division of Family Assistance

I. General Terms and Conditions:

The goal of the True Cost of Child Care Assessment (TCCCA) proposed research and assessment is to further develop the data collection model that will contribute to a body of research needed to enable child care providers and policy-makers to develop a set of financial strategies that will provide community supports to child care, with diminished reliance on State government funding. If these supports can be developed, it will allow licensed child care providers to open their doors to families from all economic levels. These programs will meet quality standards that will support children's healthy development. The positive results will secure affordable and quality child care which is required for Financial Assistance for Needy Families (FANF) families' participation in New Hampshire's continued economic development.

II. Program Referral Guidelines:

A. The contractor will meet the expected outcomes listed below:

1. An assessment with 25-30 child care providers will be carried out that will enhance their ability to document and calculate data on child care program cost;

2. The development of an instrument that can be used by individual child care providers to measure their per child costs; and
3. Add to the State's research on the gap between the market rates and the program costs of child care.

III. Direct Service Requirements

A. The contractor will execute the following:

1. Recruit and convene a group of 25 - 30 licensed child care providers that include family, group and center licensed child care in NH for four required data collection meetings. At these meetings:
 - a. The same group of providers must participate in all four required meetings.
 - b. Providers must be from an urban area that supports a child care database of a minimum of 90 family, group and center licensed child care providers.
 - c. Providers will review their child care expense information from the 2012 calendar year.
 - d. Using the financial data collection tool supplied by the contractor, child care providers will record their expense information
2. Use a flexible financial template to work with the same group of child care providers to review their expenses during a single fiscal year period;
3. Ensure that this group of providers gains the ability to identify and quantify all the expenses required to provide child care services;
4. Execute the plan to encourage child care providers to join this group, stay with the group, and recognize their achievement and contribution to the research.

IV. Contract Staff

- A. The contract staff will have the qualifications, educational competencies, and professional experience required to provide responsible management and delivery of services.
- B. The contractor demonstrates the experience and ability to work with NH licensed child care providers, to achieve the goals of the TCCCA.
- C. The contractor will provide an excel tool capable of:
 1. Listing categories of early child care and education expenses;
 2. Flexibility in these categories to include all possible and probable expenses resulting in a cost per child for child care for an individual child care provider; and
 3. Collecting data and comparing costs per child across multiple child care sites.
- D. The contractor will make provision for meeting space and incentives for the four required data collection meetings to be held during the contract period.

- E. The contractor and any others hired to work under this contract, are required to sign the Division of Family Assistance (DFA) Statement of Confidentiality (See Attachment A). The signed statements must be returned to the Contracts Administrator within thirty (30) days of the Governor and Executive Council approval of the contract.

V. Evaluation of Program Effectiveness

1. Produce an analysis of the financial template that reviews its usefulness to New Hampshire licensed child care providers in producing real time data on child care program expenses and per child cost;
2. Arrange for an independent evaluation of:
 - a. The data collection method;
 - b. The data collection template's ability to produce a valid measure of individual child care provider site cost per child; and
 - c. The potential ability of these two measures to produce a comparison of the fee per child to the cost per child
3. Included in the analysis is the ability to determine the aggregated product of the per child cost versus the aggregated product of the most recent New Hampshire child care market rate survey to produce an estimate of the gap between child care program cost and child care program fees.

VI. Performance Measures:

1. Contractor will recruit a minimum of 25-30 child care providers. 80% of the recruited child care providers will attend 3 out of the 4 required meetings.
2. 80% of the recruited child care providers will complete the collection of their fiscal data for calendar year 2012 using the supplied TCCCA tool.
3. The TCCCA excel tool will provide 100% of the participating child care providers with an actual cost per child for their individual child care program.
4. The TCCCA excel tool will provide the Division of Family Assistance (DFA) the ability to compare per child cost across 100% of the participating child care programs.

VII. Reporting Requirements

- A. The contractor will describe how they will inform the DFA of ongoing progress in the meeting program objectives as laid out in the work plan and timeline by providing a monthly update.

The monthly updates should include:

1. A description of progress;
2. Any materials produced such as recruitment materials;
3. Agendas;
4. Meeting minutes;
5. An example of the TCCCA template in its stages; and
6. Feedback from the child care provider group.

- B. The contractor should identify a recognized professional in New Hampshire economics familiar with education and early child care and education economic models for the review of the template and the resulting data collection validity. This review should be a separate area of a final report that provides an analysis of the data collection process; the effectiveness and utility of the template with New Hampshire child care providers; lessons learned from this project; and suggestions for a statewide data collection system.
- C. Contractor will supply a final report to the DFA providing the contractor's estimate of progress in developing statewide ability to assess per child cost in individual child care programs. The contractor will provide recommendations on the statewide use of the TCCA tool to compare market rate child care fees to actual individual child care costs per program.
- D. After completion of services under this agreement and surviving this agreement, DHHS retains the right to use the **True Cost of Child Care Assessment** template with its logic and formulas for the continuation of use in data analysis and assessment.

SPECIAL PROVISIONS

1. Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. Compliance with Federal and State Laws: If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. Time and Manner of Determination: Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. Documentation: In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. Fair Hearings: The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. Gratuities or Kickbacks: The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. Retroactive Payments: Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. Conditions of Purchase: Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

Contractor Initials: [Signature]
Date: 4/6/13

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. Maintenance of Records: In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. Audit: Contractor shall submit an annual audit to the Department within 60 days after the close of the Contractor fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. Confidentiality of Records: All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. Reports: Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. Completion of Services: Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. Credits: All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. Prior Approval and Copyright Ownership:

All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

16. Operation of Facilities: Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

17. Subcontractors: DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate

- Monitor the subcontractor's performance on an ongoing basis
- Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
- DHHS shall review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
 8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
 9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. (4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

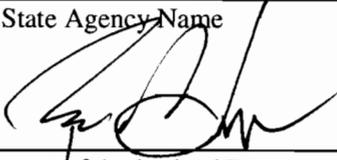

(6) **Miscellaneous**

- a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

- e. **Segregation.** If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. **Survival.** Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.
