May 27, 2016

Michael Fitzgerald
Administrator
NH DES Air Division
29 Hazen Drive
Concord, NH 03301

Dear Michael:

Re: Invitation to Serve on the Advisory Board for the Assessment of NH's Clean Energy Future & Economic Opportunities Project

I am delighted to invite you to serve on the Advisory Board for the forthcoming Assessment of NH's Clean Energy Future & Economic Opportunities project.

The New Hampshire 10-Year State Energy Strategy released in 2014 by NH's Office of Energy & Planning identified energy priorities and provided strategic recommendations for the State. Following its release, it was clear that further work is required in order to create action that improves the quality of life in NH. This Advisory Board will help guide this critical next step. Your input will help devise a course of implementable action that will matter to all Granite Staters.

This timely and important project is to be developed in a rigorous and impartial manner that examines current and future implications of NH energy policy. The project will assemble and analyze multiple points of view and information sources related to NH clean energy policy.

This project will be led by Dr. Fiona Wilson (UNH Paul College/UNH Center for Social Innovation & Enterprise), Dr. Cameron Wake (UNH Institute for Earth, Oceans and Space/UNH Sustainability Institute), Dr. Christine Foreman (UNH Carsey School of Public Policy/ UNH Institute for Earth, Oceans and Space), and Matt Magnusson (UNH PhD Student). The work is funded by The Nature Conservancy.

We are seeking leading thinkers and visionaries for the Advisory Board who will represent diverse points of view and will be active, engaged, and committed to an open dialogue on energy issues in NH. We feel that you are an excellent candidate who fits these criteria, and we sincerely hope that you will join the Advisory Board. Your extensive expertise and perspective will be extremely valuable to this critical effort.

To help you consider this invitation, I wanted to share the expectations of Advisory Committee members. The Advisory Committee will:
