No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Contractor Initials: [illegible]
Date: 6/4/15

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition, the

Contractor Initials: MW
Date: 6/4/15

Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.
Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $ $13,557.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)

- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

   14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $10,000,000.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
  1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (I)(b) of this certification; and
    11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: MR
Date: 5/29/14

	pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $27,114 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for

services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Contractor Initials: MH
Date: 5/24/17

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The Mental Health Center of Greater Manchester, Inc. (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 401 Cypress Street, Manchester, NH 03103.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 54,228.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

PwT

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The Mental Health Center of Greater Manchester was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $27,114.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Manchester.

Source of Funds: 45.65% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 51.16% General Funds and 3.19% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY

6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE.

In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: RWS

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: The Mental Health Center of Greater Manchester

ADDRESS: 401 Cypress Street, Manchester, NH 03103

EXECUTIVE DIRECTOR: Peter Janelle
TELEPHONE: 603-668-4111

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Outpatient	0.36	Manchester	11	$27,114.00

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit

their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted

to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.

- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,

Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.

2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This

intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. Invoicing & Billing:

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) **Insurance Requirement for (1)** - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State

related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) ***PRIMARY COVERED TRANSACTIONS***

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $43,401.50 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with the funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with the funding requirements above

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will be reimbursed for services provided in accordance with the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described

below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table

An "X" below denotes the services, and their corresponding Rates and Service Limits, the Contractor will be reimbursed for in accordance with the Payment Methodology above.

Contractor Initials _____
Date 7/16/15

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.

ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

1. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

2. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
   The invoice must be submitted to:
   Financial Manager
   Department of Health and Human Services,
   Bureau of Drug and Alcohol Services
   105 Pleasant Street
   Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved plan, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked and amounts being billed for the specific scope of work.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

Independent Auditors' Report

To the Board of Trustees
Child and Family Services of New Hampshire

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Child and Family Services of New Hampshire, which comprise the consolidated statement of financial position as of December 31, 2014, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Child and Family Services of New Hampshire as of December 31, 2014, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

The prior year summarized comparative information has been derived from the consolidated financial statements of Child and Family Services of New Hampshire for the year ended December 31, 2013, which were audited by another auditor who expressed an unmodified opinion on those statements in their report dated March 19, 2014.

Other Matters

Emphasis of Matter

As discussed above, the financial statements Child and Family Services of New Hampshire as of December 31, 2013, and for the year then ended were audited by other auditors. As described in Note 17, these financial statements have been restated. We audited the adjustments described in Note 17 that were applied to restate the 2013 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. However, we were not engaged to audit, review, or apply any procedures to the 2013 financial statements of the Organization other than with respect to such adjustments and, accordingly we do not express an opinion or any other form of assurance on the 2013 financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The Consolidated Schedule of Operating Expenses

is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2015 on our consideration of Child and Family Services of New Hampshire's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Child and Family Services of New Hampshire's internal control over financial reporting and compliance.

Child and Family Services of New Hampshire

Notes to Consolidated Financial Statements

For the Year Ended December 31, 2014

1. Description of Organization

Child and Family Services of New Hampshire (the Organization) is a nonprofit organization, founded in 1850, that currently aids more than 20,000 individuals, statewide, through an array of social services.

These services span the life cycle from prenatal to seniors, and can be grouped into four basic categories:

1. **Early Childhood – Family Support & Education Services**
   Over 4,500 parents received education and support to improve parenting, strengthen families, prevent child abuse and neglect, and ensure healthy development of children. Over 573 young children starting life at a disadvantage, received critical services to ensure a good beginning and to optimize their chance for life-long success. Some of the programs focused on early childhood include:

   Early Support and Services – Early Support and Services provides family-centered support and therapies to infants and toddlers who have developmental disabilities, delays or are at risk of developmental delays. Services work to optimize baby's cognitive, physical, emotional and social development, and chance for success. Services are provided in the child's natural environment (home, daycare, playground, etc.).

   Home Visiting Services – A number of different prevention programs are offered in the home during those critical early years of a child's life. A spectrum of services includes support to new mothers and those struggling to parent; services for children with chronic health conditions; prenatal services for babies being born at a disadvantage into low-income families; and programs to encourage positive early parent/child relationships and promote optimal early childhood development. Services are provided by nurses, social workers, developmental specialists, occupational therapists, health educators, and home visitors.

   Adoption – A licensed child-placing agency, the organization has been forming families through adoption since 1914. The Organization's adoption professionals provide home studies and adoption services for families looking to adopt and provide counselling and support to birthparents who are considering the adoption option.

2. **Children, Youth, and Family - Intervention and Treatment Programs**
The Organization contracts with the State of New Hampshire, the federal government, and insurance companies, to provide a continuum of services for children, adolescents and young adults. Programs are delivered in the home, schools, or community, and include mental health counseling and substance abuse treatment, as well as a complex system of family stabilization and preservation programs, child protection services, and services for at-risk youth. Some of the programs include:

   Foster care – The Organization works with the State of New Hampshire in placing children who've been rescued from dangerous home environments, into safe, stable, loving homes. The Organization recruits and supports foster families and works to facilitate permanency for each child.

   Home Based Services – The Organization has a number of programs provided in the family home that are designed to help families who are struggling through daily life - where children are at risk. Services work to thwart domestic violence, rebuild families, and to improve family functioning. The Organization empowers families with the skills and resources they need to provide for their children and become self-sufficient.

3. **Runaway and Homeless Youth Services**
The Organization is the sole provider of services for runaway and homeless youth in Manchester and the Seacoast. A full spectrum of services features outreach to at-risk youth that includes survival aid on the streets and basic needs fulfillment at the drop-in center, as well as crisis intervention, educational and vocational advocacy, housing, and case management. The Organization also provides behavioral health and substance use counseling where needed. The Organization works with school systems, police, and other agencies in addressing the needs of New Hampshire's homeless youth.

4. **Senior Care and Independent Living**
The Organization helps seniors and individuals with chronic illness or disability, to live at home safely and with dignity, and to maintain quality of life. Under the title of Home Care, services are delivered by homemakers, companions, personal care service providers, and LNAs. The Organization's caregivers go to client homes to help with everything from cooking and cleaning, to personal hygiene, medication reminders, mobility, travel to appointments, paying bills, help with daily tasks, and communication with family members.

Additionally, the Organization runs two unique programs:

Camp Spaulding – Since 1921, Camp Spaulding has helped campers from all types of backgrounds enjoy the benefits of a traditional, resident

camp experience. In 2015, the Organization formed a partnership with the YMCA of Greater Nashua whereby the Organization will own the camp and the YMCA will handle daily operations and summer programming. This collaboration will combine a 94 year camp history, and exceptional facility, strong community support, and the expertise of two premier New Hampshire nonprofit organizations.

The New Hampshire Children's Lobby – Established in 1971, the New Hampshire Children's Lobby is the advocacy wing of Child and Family Services. The program's mission is to improve the lives of children and families through legislative, judicial, and public policy initiatives. This combination of advocacy and direct service practice, uniquely positions the Organization to serve the best interest of New Hampshire children.

2. Significant Accounting Policies

The Organization prepares its consolidated financial statements in accordance with generally accepted accounting principles promulgated in the United States of America (GAAP) for nonprofit organizations. The significant accounting and reporting policies used by the Organization are described subsequently to enhance the usefulness and understandability of the consolidated financial statements.

Net Assets

The consolidated financial statements report net assets and changes in net assets in three classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Unrestricted Net Assets

Unrestricted net assets are resources available to support operations. The only limits on the use of unrestricted net assets are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its organizing documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Temporarily Restricted Net Assets

Temporarily restricted net assets are resources that are restricted by donors for use for a particular purpose or in a particular future period. The Organization's unspent contributions are classified in this net asset class if the donor limited their use, as are the unspent appreciation of its donor-restricted endowment funds.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the consolidated financial statements by reclassifying the net assets from temporarily restricted to unrestricted net assets.

Permanently Restricted Net Assets

Permanently restricted net assets are resources whose use by the Organization is limited by donor-imposed restrictions that neither expire by being used in accordance with a donor's restriction nor by the passage of time. The portion of the Organization's donor-restricted funds that must be maintained in perpetuity are classified in this net asset class, as is the Organization's beneficial interest in perpetual charitable trusts. Unless restricted by the donor, income earned on permanently restricted net assets is expendable to support operations, subject to certain restrictions.

All revenues and net gains are reported as increases in unrestricted net assets in the Statement of Activities unless the use of the related resources is subject to temporary or permanent donor restrictions. All expenses and net losses other than losses on endowment investments are reported as decreases in unrestricted net assets. Net losses on endowment investments reduce temporarily restricted net assets to the extent that temporarily restricted net gains from prior years are unspent and classified there; remaining losses are classified as decreases in unrestricted net assets. If an endowment fund has no net gains from prior years, such as when a fund is newly established, net losses are classified as decreases in unrestricted net assets.

Principles of Consolidation

The consolidated financial statements of the Organization include the accounts of Child and Family Services of New Hampshire and Child and Family Realty Corporation, a commonly controlled organization. All inter-organization transactions have been eliminated.

Cash Equivalents

Cash equivalents are short term, interest bearing, highly liquid investments with original maturities of three months or less, unless the investments are held for meeting donor restrictions. Temporarily restricted cash investments held within investment portfolios are excluded from cash equivalents.

Investments

The Organization maintains pooled investment accounts for its restricted endowments. Realized and unrealized gains and losses are allocated to the individual endowments based on the relationship of the market value of each endowment to the total market value of the pooled investment accounts, as adjusted for additions to or deductions from those accounts.

Accounts Receivable and Revenue

Accounts receivable is recognized when qualifying costs are incurred for cost reimbursement grants or contracts or when a unit of service is provided for performance grants. Grant revenue from federal agencies is subject to independent audit under the Office of Management and Budget Circular A-133 and review by grantor agencies. The review could result in the disallowance of expenditures under the terms of the grants or reductions of future grant awards. Based on prior experience, the Organization's management believes that costs ultimately disallowed, if any, would not materially affect the financial position of the Organization.

Allowance for Doubtful Accounts

The adequacy of the allowance for doubtful accounts for receivables is reviewed on an ongoing basis by the Organization's management and adjusted as required through the provision for doubtful accounts (bad debt expense). In determining the amount required in the allowance account for the year ended December 31, 2014, management has taken into account a variety of factors.

Beneficial Interest

The Organization is the beneficiary of perpetual charitable trusts. The beneficial interest in the trust is reported at its fair value, which is estimated as the fair value of the underlying trust assets. Distributions of income from the trust assets are restricted to use and are reported as increases in temporarily restricted net assets until expended in accordance with restrictions. The value of the beneficial interest in the trust is adjusted annually for the change in its estimated fair value. Those changes in value are reported as increases in permanently restricted net assets because the trust assets will never be distributed to the Organization.

Property and Equipment

Property and equipment is reported at cost, if purchased, and at fair value at the date of donation, if donated. Any such donations are reported as unrestricted support unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use, and contributions of cash that must be used to acquire property and equipment, are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions over the useful life of the asset. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Property and equipment is capitalized if it has a cost of $1,000 or more and a useful life when acquired of more than one year. Repairs and maintenance

time and services to the Organization's program operations and in its fund-raising campaigns. However, the majority of the contributed services do not meet the criteria for recognition in the consolidated financial statements. Generally Accepted Accounting Principles allow recognition of contributed services only if (*a*) the services create or enhance nonfinancial assets or (*b*) the services would have been purchased if not provided by contribution, require specialized skills, and are provided by individuals possessing those skills.

Expense Recognition and Allocation

The cost of providing the Organization's programs and other activities is summarized on a functional basis in the Consolidated Statement of Activities and Consolidated Statement of Functional Expenses. Expenses that can be identified with a specific program or support service are charged directly to that program or support service. Costs common to multiple functions have been allocated among the various functions benefited.

Management and general expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Organization.

Fundraising costs are expensed as incurred, even though they may result in contributions received in future years.

Use of Estimates

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period and the reported amounts of assets and liabilities at the date of the consolidated financial statements. On an ongoing basis, the Organization's management evaluates the estimates and assumptions based upon historical experience and various other factors and circumstances. The Organization's management believes that the estimates and assumptions are reasonable in the circumstances; however, the actual results could differ from those estimates.

Tax Status

Child and Family Services of New Hampshire is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions.

Child and Family Realty Corporation is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(25).

that do not significantly increase the useful life of the asset are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, as follows:

Buildings and improvements	15 – 50 years
Furniture, fixtures, and equipment	5 – 10 years
Vehicles	5 years
Software	5 years

Property and equipment is reviewed for impairment when a significant change in the asset's use or another indicator of possible impairment is present. No impairment losses were recognized in the consolidated financial statements in the current period.

Accounting for Contributions

Contributions, including unconditional promises to give, are recognized when received. All contributions are reported as increases in unrestricted net assets unless use of the contributed assets is specifically restricted by the donor. Amounts received that are restricted by the donor to use in future periods or for specific purposes are reported as increases in either temporarily restricted or permanently restricted net assets, consistent with the nature of the restriction. Unconditional promises with payments due in future years have an implied restriction to be used in the year the payment is due, and therefore are reported as temporarily restricted until the payment is due unless the contribution is clearly intended to support activities of the current fiscal year or is received with permanent restrictions. Conditional promises, such as matching grants, are not recognized until they become unconditional, that is, until all conditions on which they depend are substantially met.

Gifts-in-Kind Contributions

The Organization periodically receives contributions in a form other than cash. Contributed property and equipment is recognized as an asset at its estimated fair value at the date of gift, provided that the value of the asset and its estimated useful life meets the Organization's capitalization policy. Donated use of facilities is reported as contributions and as expenses at the estimated fair value of similar space for rent under similar conditions. If the use of the space is promised unconditionally for a period greater than one year, the contribution is reported as a contribution and an unconditional promise to give at the date of gift, and the expense is reported over the term of use. Donated supplies are recorded as contributions at the date of gift and as expenses when the donated items are placed into service or distributed.

The Organization benefits from personal services provided by a substantial number of volunteers. Those volunteers have donated significant amounts of

The Organization follows FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. FASB ASC 740-10 did not have a material impact on the Organization's consolidated financial statements.

The Organization's Federal Form 990 (Return of Organization Exempt From Income Tax) are subject to examination by the IRS, generally for three years after filing.

Reclassifications

Certain accounts in the prior-year consolidated financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year consolidated financial statements.

Fair Value Measurements

The Organization reports its fair value measures using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by Generally Accepted Accounting Principles, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs used to measure fair value are as follows:

- *Level 1.* Quoted prices for identical assets or liabilities in active markets to which the Organization has access at the measurement date.

- *Level 2.* Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:

    — quoted prices for similar assets or liabilities in active markets;

    — quoted prices for identical or similar assets in markets that are not active;

    — observable inputs other than quoted prices for the asset or liability (for example, interest rates and yield curves); and

    — inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

- *Level 3.* Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. However, Level 1 inputs are not available for many of the assets and liabilities that the Organization is required to measure at fair value (for example, unconditional promises to give and in-kind contributions).

The primary uses of fair value measures in the Organization's consolidated financial statements are:

- initial measurement of noncash gifts, including gifts of investment assets and unconditional promises to give.
- recurring measurement of endowment investments (Note 4).
- recurring measurement of beneficial interests in trusts (Note 6).

3. Concentration of Credit Risk - Cash and Cash Equivalents

The carrying amount of the Organization's deposits with financial institutions was $890,520 at December 31, 2014. The difference between the carrying amount and the bank balance represents reconciling items such as deposits in transit and outstanding checks, which have not been processed by the bank at December 31, 2014. The bank balance is categorized as follows:

Insured by FDIC	$ 327,796
Uninsured and uncollateralized	564,264
Total Bank Balance	$ 892,060

4. Investments

Investments at fair value consist of the following at December 31, 2014:

Mutual funds	$ 16,578,298
U.S Treasury obligations	332,694
Total	$ 16,910,992

Under the terms of the Organization's line of credit agreement (Note 8), the Organization has agreed not to pledge these investments as security on any other debt.

For the years ended December 31, 2014 and 2013, expenses relating to investment revenues, including management fees, amounted to $91,915 and $86,474, respectively, and have been netted against investment revenues in the accompanying statements of activities.

The Organization's policy is to avail itself of a Board-approved percentage of investment income for operations with any remaining interest, dividends, or appreciation reinvested. The spending policy approved by the Board of Trustees is 5% of the average fair market value of all investments over the previous twelve quarters.

As discussed in Note 2 to these consolidated financial statements, the Organization is required to report its fair value measurements in one of three levels, which are based on the ability to observe in the marketplace the inputs to the Organization's valuation techniques. Level 1, the most observable level of inputs, is for investments measured at quoted prices in active markets for identical investments as of the December 31, 2014. Level 2 is for investments measured using inputs such as quoted prices for similar assets, quoted prices for the identical asset in inactive markets, and for investments measured at net asset value that can be redeemed in the near term. Level 3 is for investments measured using inputs that are unobservable, and is used in situations for which there is little, if any, market activity for the investment.

The Organization uses the following ways to determine the fair value of its investments:

Mutual funds: Determined by the published value per unit at the end of the last trading day of the year, which is the basis for transactions at that date.

U.S. Treasury Obligations: Determined by the closing bid price on the last business day of the fiscal year if actively traded.

5. Accounts Receivable

Receivables consisted of the following at December 31:

	2014			2013		
	Receivable	Allowance	Net	Receivable	Allowance	Net
Grants receivable	$ 539,091	$ (4,727)	$ 534,364	$ 639,140	$ (6,805)	$ 632,335
Fees for service	107,813	(1,428)	106,385	193,747	-	193,747
Travel advances	150	-	150	-	-	-
	$ 647,054	$ (6,155)	$ 640,899	$ 832,887	$ (6,805)	$ 826,082

6. Beneficial Interest Held in Trust

The Organization is the sole beneficiary of three funds that are administered by the New Hampshire Charitable Foundation (NHCF). One of the funds was established in 2005. Income from the funds is to provide assistance to children attending Camp Spaulding and for capital improvements to the camp. The fund resolution provides that distributions from the funds can be made at the

discretion of the NHCF Board of Directors. The Organization has received distributions from the funds over the last two years.

At December 31, 2014 and 2013, the fair market value of the funds, which approximates the present value of future benefits expected to be received, was $833,116 and $823,141, respectively. The Organization received $24,247 and $28,983 from the funds in 2014 and 2013, respectively.

In addition, the Organization has a split-interest in three charitable remainder trusts. The assets are held in trust by banks as permanent trustees of the trusts. The fair value of these beneficial interests is determined by applying the Organization's percentage interest to the fair value of the trust assets as reported by the trustee.

Trust	Percentage Interest	2014	2013
Greenleaf	100%	$ 405,687	$ 412,530
Spaulding	100%	351,865	358,793
Cogswell	50%	275,185	278,411
Total		$ 1,032,737	$ 1,049,734

In 2014 and 2013, income distributed by these trusts was $18,881 and $39,498, respectively. Beneficial interest in funds held by others is reported at its fair value, which is estimated as the present value of expected future cash inflows on a recurring basis. As discussed in Note 2, the valuation technique used by the Organization is a Level 3 measure because there are no observable market transactions. Changes in the fair value of assets measured at fair value on a recurring basis using significant unobservable inputs are comprised of the following:

Balance at December 31, 2012	$ 1,736,855
Change in value of beneficial interest	136,020
Balance at December 31, 2013	1,872,875
Change in value of beneficial interest	(7,022)
Balance at December 31, 2014	$ 1,865,853

7. Property, Equipment and Depreciation

A summary of the major components of property and equipment is presented below:

	2014	2013
Land and land improvements	$ 1,114,949	$ 1,144,949
Buildings and improvements	7,413,804	8,686,995
Furniture, fixtures and equipment	662,586	1,879,897
Vehicles	97,022	128,606

Subtotal	9,454,951	12,009,055
Less: accumulated depreciation	(3,080,114)	(4,960,478)
Total	$ 6,374,837	$ 7,048,577

8. Line of Credit

The Organization has a $1,500,000 revolving line of credit agreement with a bank. The line of credit expired on June 30, 2014, and was extended through June 30, 2015. The line carries a variable rate of interest at the Wall Street Journal prime rate (3.25% at December 31, 2014), adjusted at each change in the index. At December 31, 2014 the balance on this line of credit was $0.

9. Bonds Payable

During 2007, the New Hampshire Health and Education Facilities Authority (the "Authority") sold $5,540,000 of its Revenue Bonds, Child and Family Services Issue, Series 2007, and loaned the proceeds of the bonds to the Organization to refund its Series 1999 Series Bonds and to finance certain improvements to the Organization's facilities. The Series 2007 Bonds were issued with a variable interest rate determined on a weekly basis. Prior to issuing the Bonds, the Organization entered into an interest rate swap agreement (the "Swap Agreement") with Citizens Bank of NH (the "Counter-party") for the life of the bond issue to hedge the interest rate risk associated with the Series 2007 Bonds. The interest rate swap agreement requires the Organization to pay the Counterparty a fixed rate of 3.915%; in exchange, the Counterparty will pay the Organization a variable rate on the notional amount based on the 67% of one month LIBOR. Counterparty payments to the Organization were intended to offset Organization payments of variable rate interest to bond holders. Counterparty credit worthiness and market variability can impact the variable rates received and paid by the Organization, with the potential of increasing Organization interest payments. As a result, the cost of the interest rate swap for 2014 and 2013 is added to interest expense in the statement of functional expense. The bonds mature in 2038 and can be repaid at any time.

The Organization is required to include the fair value of the swap in the Consolidated Statement of Financial Position, and annual changes, if any, in the fair value of the swap in the Consolidated Statement of Activities. For example, during the bond's 30-year holding period, the annually calculated value of the swap will be reported as an asset if interest rates increase above those in effect on the date of the swap was entered into (and as an unrealized gain in the Consolidated Statement of Activities), which will generally be indicative that the net fixed rate the Organization is paying on the swap is below market expectations of rates during the remaining term of the swap. The swap will be reported as a liability (and as an unrealized loss in the Consolidated Statement of Activities) if interest rates decrease below those in effect on the date the swap was entered into, which will generally be indicative that the net fixed rate the Organization is paying on the swap is above market expectations of rates during the remaining term of the swap. The annual accounting adjustments of value changes in the swap transaction are non-cash recognition requirements, the net effect of which will be zero at the end of the bond's 30-year term. At December 31, 2014 and 2013, the Organization recorded the swap liability position of approximately $1,326,080 and $937,081, respectively. During 2009, there occurred a downgrading of the credit rating of the Counterparty to the letter of credit reimbursement agreement, which triggered a mandatory tender of the Series 2007 Bonds in whole and a temporary conversion of one-hundred percent of the principal amount to a bank purchase mode under the terms of said letter of credit reimbursement agreement. Since it became evident that the credit markets would not soon return to normalcy, the Organization elected to convert the Series 2007 Bonds from a weekly rate mode to a bank purchase mode. This new bank purchase mode created a rate period in which the Series 2007 Bonds bear interest at the tax adjusted bank purchase rate of 68% of the sum of the adjusted period LIBOR (30 day) rate and 325 basis points. The bank purchase mode commenced on July 31, 2009 and expired on July 31, 2014; however, the expiration date was extended by the Counterparty and the Organization had the option to convert back to the weekly rate mode. The Series 2007 Bond documents require the Organization to comply with certain financial covenants. As of December 31, 2014, the Organization was in compliance with these covenants.

The following is a summary of future payments on the previously mentioned bonds payable:

Year	Amount
2015	$ 120,000
2016	125,000
2017	135,000
2018	140,000
2019	140,000
Thereafter	4,185,005
	$ 4,845,005

10. Deferred Loans - NHHFA

Note payable to the New Hampshire Housing and Finance Authority dated June 7, 2005. The face amount of the note is $550,000, does not require the payment of interest, and is due in 30 years. The note is secured by real estate located in Dover, New Hampshire.

Note payable to the New Hampshire Housing and Finance Authority dated May 22, 2007. The face amount of the note is $700,000, does not require the payment of interest, and is due in 30 years. The note is secured by real estate located in Manchester, New Hampshire.

11. Endowment Funds:

The Organization's endowment consists of various individual funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by Generally Accepted Accounting Principles, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Board-designated Investments

As of December 31, 2014, the Board of Trustees had designated $14,963,027 of unrestricted net assets as a general endowment fund to support the mission of the Organization. Since that amount resulted from an internal designation and is not donor-restricted, it is classified and reported as unrestricted net assets.

Donor-designated Endowments

The Board of Trustees of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in

making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organization, and (7) the Organization's investment policies.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are required to be restored from either temporarily restricted or unrestricted net assets, depending on donor stipulations. These deficiencies result from unfavorable market fluctuations that occur causing the original donor restricted contribution, plus accumulated investment earnings that, in accordance with donor stipulations, are required to be added to the original contribution, to fall below the accumulated balances. Donor stipulations for permanently restricted-income restricted funds require the reclassification of realized and unrealized earnings to temporarily restricted net assets. Based on donor stipulations there are no temporarily or permanently restricted funds in deficit.

Investment Policy

The Organization has adopted an investment and spending policy to ensure a total return (income plus capital change) necessary to preserve and enhance the principal of the fund and at the same time, provide a dependable source of support for current operations and programs. The withdrawal from the fund in support of current operations is expected to remain a constant percentage of the total fund, adjusted for new gifts to the fund.

In recognition of the prudence required of fiduciaries, reasonable diversification is sought where possible. Experience has shown financial markets and inflation rates are cyclical, and therefore, control of volatility will be achieved through investment styles. Asset allocation parameters have been developed for various funds within the structure, based on investment objectives, liquidity needs, and time horizon for intended use.

Measurement of investment performance against policy objectives will be computed on a total return basis, net of management fees and transaction costs. Total return is defined as dividend or interest income plus realized and unrealized capital appreciation or depreciation at fair market value.

Spending Policy

The spending policy is 5% of the average total endowment value over the trailing 12 quarters with a 1% contingency margin. This includes interest and dividends paid out to the Organization.

The net asset composition of the endowment investments as of December 31, 2014, is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total Net Endowment Assets
Donor-restricted endowment funds	$ -	$ 594,052	$ 1,353,913	$ 1,947,965
Board-designated endowment funds	14,963,027	-	-	14,963,027
Total funds	$ 14,963,027	$ 594,052	$ 1,353,913	$ 16,910,992

Changes in endowment net assets as of December 31, 2014 are as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total Net Endowment Assets
Endowment net assets, beginning of year	$ 15,147,901	$ 582,272	$ 1,248,514	$ 16,978,687
Contributions	-	-	105,399	105,399
Investment income	463,247	81,165	-	544,412
Net assets released from restriction	(718,287)	(69,385)		(787,672)
Timing variances	70,166	-	-	70,166
Endowment net assets, end of year	$ 14,963,027	$ 594,052	$ 1,353,913	$ 16,910,992

12. Temporarily Restricted Net Assets

Temporarily restricted net assets at December 31 were comprised the following:

	2014	2013
Program restrictions:		
Camp	$ 48,702	$ 49,194
Child abuse prevention	96,079	154,658
Family counseling	19,594	42,438
Homecare	61,299	19,482
Teen and youth	148,587	128,577
Subtotal	374,261	394,349
Capital campaign restrictions:

Subtotal	987,343	1,062,007
Cumulative appreciation on permanently restricted net assets	594,052	582,272
Total	$ 1,955,656	$ 2,038,628

13. Net Assets Released from Restriction

Net assets are released from program restrictions by incurring expenses satisfying the restricted purpose.

14. Defined Contribution Plan

The Organization sponsored a defined contribution plan (the Plan) that covered all employees at day of hire and who were at least twenty-one years of age. A pretax voluntary contribution is permitted by employees up to limits imposed by the Internal Revenue Code and other limitations specified in the Plan. There were no contributions made to the plan by the Organization for the years ended December 31, 2014 and 2013, respectively.

15. Operating Leases

The Organization leases office space under the terms of non-cancellable lease agreements that are scheduled to expire at various times through 2018. The Organization also rents additional facilities on a month to month basis.

Rent expense under these agreements totaled $120,966 and $123,341 for the years ended December 31, 2014 and 2013, respectively.

Estimated future minimum lease payments on the above leases are as follows:

Year	Amount
2015	$ 82,707
2016	82,707
2017	16,217
2018	3,621
Total	$ 185,252

16. Concentrations of Risk

The majority of the Organization's grants are received from agencies of the State of New Hampshire. As such, the Organization's ability to generate resources via grants is dependent upon the economic health of that area and of the State of New Hampshire. An economic downturn could cause a decrease in grants that coincides with an increase in demand for the Organization's services.

The Organization invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment

securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Consolidated Statement of Financial Position.

17. Beginning Net Assets Restatement

In fiscal year 2014, the Organization determined that certain funds previously categorized as temporarily restricted net assets were not subject to donor restrictions. In addition, deferred loans from NHHFA were restated to properly reflect their face value. Accordingly, beginning net assets as of December 31, 2014 have been restated in order to properly reflect donor restricted net assets, as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Net Assets, Beginning of Year	$ 14,136,915	$ 2,943,580	$ 3,121,389	$ 20,201,884
Reclassify program funds	904,952	(904,952)	-	-
Restate deferred loan balances	(904,957)	-	-	(904,957)
Net Assets, Beginning of Year, as restated	$ 14,136,910	$ 2,038,628	$ 3,121,389	$ 19,296,927

18. Subsequent Events

Subsequent events have been evaluated through March 31, 2015, which is the date the consolidated financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the consolidated financial statements would be required.

Scope of Services

A. Population Served

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. Required Treatment Services

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table	
Required Services	**Treatment Services**
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Date: 5/8/17

Exhibit A Amendment #3

Service Table	
Required Services	**Treatment Services**
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Service Table	
Required Services	**Treatment Services**
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. Required Provisions for Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment

and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.

Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the

use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101

Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Contractor Initials: RAS
Date: 5/8/15

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from
http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the

Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $ $43,401.50 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will be reimbursed for services provided in accordance with the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.

- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

   14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $4,000,000.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

Contractor Initials BAT

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
   1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $86,803 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but

not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Commission Expires:

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Child and Family Services of New Hampshire (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 464 Chestnut Street, Manchester, NH 03105.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 173,606.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Child and Family Services of New Hampshire was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $86,803.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Manchester area.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY

6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

Contractor Initials: KM
Date: 5/22/12

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE.

In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: MTM 5/22/12

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Number of clients to be served during the contract period	$ Awarded
Intensive Outpatient	1.16		23	$86,803
Group – Recovery Support Services *			12	0

* Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing

public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their

dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:

The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:

The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101

603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:

The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:

For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:

DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.

- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm .

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention

and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*

Use of Evidenced-	Use of Evidenced-	• WITS Electronic Health Record • ASI or GAIN Assessment

Based Practices	Based Practices	• NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;

4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F:42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client.

This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 27,404.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 19,474.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 39,925.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $86,803.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by

the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. **Failure to Meet Deliverables:**

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. **Invoicing & Billing:**

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

III. ***Allocation of Funding:***

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

IV. ***Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:***

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.

- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. *Charitable Choice:*

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) **Insurance Requirement for (1)** - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

II.

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) PRIMARY COVERED TRANSACTIONS

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Concord Hospital, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 250 Pleasant Street, Suite 5400, Concord, NH 03301.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #106) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A), (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), and (Amendment #3 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $280,421.00.

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety Exhibit B Amendment #3, Methods and Conditions Precedent to Payment and replace with Exhibit B Amendment #4, Methods and Conditions Precedent to Payment.

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials _____
Date 7/21/2015

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $37,203.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with funding requirements.

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor

Contractor Initials MH
Date 7/21/2015

may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.

X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.

ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved project, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked, and amounts being billed for the specific project.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

CONTENTS

INDEPENDENT AUDITORS' REPORT

The Board of Trustees
Concord Hospital, Inc.

We have audited the accompanying consolidated financial statements of Concord Hospital, Inc. and Subsidiaries (the System), which comprise the consolidated balance sheets as of September 30, 2014 and 2013, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the System as of September 30, 2014 and 2013, and the results of its operations, changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant areas which are affected by the use of estimates include the allowance for doubtful accounts and contractual adjustments, estimated third-party payor settlements, and actuarial assumptions used in determining pension expense, health benefit plan expense, workers' compensation costs and malpractice losses.

Concentration of Credit Risk

Financial instruments which subject the Hospital to credit risk consist primarily of cash equivalents, accounts receivable and investments. The risk with respect to cash equivalents is minimized by the Hospital's policy of investing in financial instruments with short-term maturities issued by highly rated financial institutions. The Hospital's accounts receivable are primarily due from third-party payors and amounts are presented net of expected contractual allowances and uncollectible amounts. The Hospital's investment portfolio consists of diversified investments, which are subject to market risk. The State Street S&P 500 CTF exceeded 10% of investments as of September 30, 2014 and 2013.

Cash and Cash Equivalents

Cash and cash equivalents include money market funds and secured repurchase agreements with original maturities of three months or less, excluding assets whose use is limited or restricted.

The Hospital maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Hospital has not experienced any losses on such accounts.

Supplies

Supplies are carried at the lower of cost, determined on a weighted-average method, or market.

Assets Whose Use is Limited or Restricted

Assets whose use is limited or restricted include assets held by trustees under indenture agreements, workers' compensation reserves, quasi-endowment funds, designated assets set aside by the Board of Trustees, over which the Board retains control and may, at its discretion, subsequently use for other purposes, and donor-restricted investments.

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Spending Policy for Appropriation of Assets for Expenditure

In accordance with the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA), the System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (a) the duration and preservation of the fund; (b) the purpose of the organization and the donor-restricted endowment fund; (c) general economic conditions; (d) the possible effect of inflation and deflation; (e) the expected total return from income and the appreciation of investments; (f) other resources of the organization; and (g) the investment policies of the organization.

Spending policies may be adopted by the System, from time to time, to provide a stream of funding for the support of key programs. The spending policies are structured in a manner to ensure that the purchasing power of the assets is maintained while providing the desired level of annual funding to the programs. The System has a current spending policy on various funds currently equivalent to 5% of twelve-quarter moving average of the funds' total market value.

Accounts Receivable and the Allowance for Doubtful Accounts

Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectibility of accounts receivable, the System analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for doubtful accounts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the System analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for doubtful accounts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the System records a provision for doubtful accounts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

The System's allowance for doubtful accounts for self-pay patients represented 87% of self-pay accounts receivable at September 30, 2014 and 2013. The total provision for the allowance for doubtful accounts was $32,476 and $31,493 for the years ended September 30, 2014 and 2013, respectively. The System also allocates a portion of the allowance and provision for doubtful accounts to charity care, which is reflected within net patient service revenue, net of contractual allowance and discounts, in the accompanying consolidated statements of operations. The System's self-pay bad debt writeoffs increased $212, from $32,284 in 2013 to $32,496 in 2014. The change in bad debt writeoffs was a result of collection trends.

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Temporarily and Permanently Restricted Net Assets

Gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of donated assets. Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose. When a donor restriction expires (when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported as either net assets released from restrictions for operations (for noncapital related items) or as net assets released from restrictions used for purchases of property and equipment (capital related items). Permanently restricted net assets have been restricted by donors to be maintained in perpetuity.

Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying consolidated financial statements.

Net Patient Service Revenue

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, per diem payments and fee schedules. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Changes in these estimates are reflected in the financial statements in the year in which they occur. For the years ended September 30, 2014 and 2013, net patient service revenue in the accompanying consolidated statements of operations increased by approximately $2,914 and $1,366, respectively, due to actual settlements and changes in assumptions underlying estimated future third-party settlements.

Revenues from the Medicare and Medicaid programs accounted for approximately 27% and 3% and 28% and 3% of the System's net patient service revenue for the years ended September 30, 2014 and 2013, respectively. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation.

The Hospital recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured patients, the Hospital provides a discount approximately equal to that of its largest private insurance payors. On the basis of historical experience, a significant portion of the Hospital's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the Hospital records a significant provision for doubtful accounts related to uninsured patients in the period the services are provided.

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Property and Equipment

Property and equipment is stated at cost at time of purchase, or at fair value at time of donation for assets contributed, less any reductions in carrying value for impairment and less accumulated depreciation. The System's policy is to capitalize expenditures for major improvements and charge maintenance and repairs currently for expenditures which do not extend the lives of the related assets. Depreciation is computed using the straight-line method in a manner intended to amortize the cost of the related assets over their estimated useful lives. For the years ended September 30, 2014 and 2013, depreciation expense was $25,336 and $24,859, respectively.

The System has also capitalized certain costs associated with property and equipment not yet in service. Construction in progress includes amounts incurred related to major construction projects, other renovations, and other capital equipment purchased but not yet placed in service. Interest capitalized as part of construction projects was $23 during 2013. There was no interest capitalized during 2014.

Gifts of long-lived assets such as land, buildings or equipment are reported as unrestricted support, and are excluded from the excess of revenues and gains over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Federal Grant Revenue and Expenditures

Revenues and expenses under federal grant programs are recognized as the grant expenditures are incurred.

Bond Issuance Costs/Original Issue Discount or Premium

Bond issuance costs incurred to obtain financing for construction and renovation projects and the original issue discount or premium are being amortized by the straight-line method, which approximates the effective interest method, over the life of the respective bonds. The original issue discount or premium is presented as a component of bonds payable.

Charity Care

The System provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates (Note 11). Because the System does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The System determines the costs associated with providing charity care by calculating a ratio of cost to gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. Funds received from gifts and grants to subsidize charity services provided for the years ended September 30, 2014 and 2013 were approximately $349 and $607, respectively.

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the System are reported at fair value at the date the promise is received. Conditional promises to give and intentions to give are reported at fair value at the date the condition is met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of donated assets.

Excess of Revenues and Gains Over Expenses

The System has deemed all activities as ongoing, major or central to the provision of health care services and, accordingly, they are reported as operating revenue and expenses, except for unrestricted contributions and pledges, the related philanthropy expenses, investment income and loss on extinguishment of debt which are recorded as nonoperating income (loss).

The consolidated statements of operations also include excess of revenues and gains over expenses. Changes in unrestricted net assets which are excluded from excess of revenues and gains over expenses, consistent with industry practice, include the change in net unrealized gains and losses on investments other than trading securities or losses considered other than temporary, permanent transfers of assets to and from affiliates for other than goods and services, the minimum pension liability adjustment and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

Estimated Workers' Compensation and Health Care Claims

The provision for estimated workers' compensation and health care claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported.

Income Taxes

The Hospital, CRHCDC, CRHVC, CH/DHC and the Trust are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code, and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Management evaluated the System's tax positions and concluded the System has maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment to or disclosure in the accompanying consolidated financial statements. With few exceptions, the System is no longer subject to income tax examination by the U.S. federal or state tax authorities for years before 2011.

Advertising Costs

The System expenses advertising costs as incurred, and such costs totaled approximately $215 and $184 for the years ended September 30, 2014 and 2013, respectively.

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Subsequent Events

Management of the System evaluated events occurring between the end of its fiscal year and December 8, 2014, the date the consolidated financial statements were available to be issued.

2. **Transactions With Affiliates**

The System provides funds to CRHC and its affiliates which are used for a variety of purposes. The System records the transfer of funds to CRHC and the other affiliates as either receivables or directly against net assets, depending on the intended use and repayment requirements of the funds. Generally, funds transferred for start-up costs of new ventures or capital related expenditures are recorded as charges against net assets. For the years ended September 30, 2014 and 2013, transfers made to CRHC were $(125) and $(212), respectively, and transfers received from Capital Region Health Care Services Corporation (CRHCSC) were $437 and $507, respectively.

A brief description of affiliated entities is as follows:

- CRHCSC is a for-profit provider of health care services, including an eye surgery center and assisted living facility.
- Concord Regional Visiting Nurse Association, Inc. and Subsidiary (CRVNA) provides home health care services.
- Riverbend, Inc. provides behavioral health services.

Amounts due the System, primarily from joint ventures, totaled $2,866 and $3,363 at September 30, 2014 and 2013, respectively. Amounts have been classified as current or long-term depending on the intentions of the parties involved. Beginning in 1999, the Hospital began charging interest on a portion of the receivables ($931 and $968 at September 30, 2014 and 2013, respectively) with principal and interest (6.75% at September 30, 2014) payments due monthly. Interest income amounted to $64 and $67 for the years ended September 30, 2014 and 2013, respectively.

Contributions to affiliates and other community organizations from temporarily restricted net assets were $146 and $135 in 2014 and 2013, respectively.

(In thousands)

3. Investments and Assets Whose Use is Limited or Restricted

Investments totaling $12,390 and $2,384 at September 30, 2014 and 2013, respectively, are comprised primarily of cash and cash equivalents. Assets whose use is limited or restricted are carried at fair value and consist of the following at September 30:

	2014	2013
Board designated funds:		
Cash and cash equivalents	$ 2,598	$ 2,416
Fixed income securities	38,060	36,488

3. **Investments and Assets Whose Use is Limited or Restricted (Continued)**

Investment income, net realized gains and losses and net unrealized gains and losses on assets whose use is limited or restricted, cash and cash equivalents, and other investments are as follows at September 30:

	2014	2013
Unrestricted:		
Interest and dividends	$ 3,173	$ 2,936
Investment income from trust funds administered by others	533	496
Net realized gains (losses) on sales of investments	7,987	(1,632)
	11,693	1,800
Restricted:		
Interest and dividends	250	200
Net realized gains (losses) on sales of investments	734	(134)

Temporarily restricted	383	2,019
Permanently restricted	392	466
	$ 3,402	$25,355

In compliance with the System's spending policy, portions of investment income and related fees are recognized in other operating revenue on the accompanying consolidated statements of operations. Investment income reflected in other operating revenue was $1,693 and $1,550 in 2014 and 2013, respectively.

Investment management fees expensed and reflected in nonoperating income were $884 and $736 for the years ended September 30, 2014 and 2013, respectively.

The funds-of-funds are invested with seven investment managers and have various restrictions on redemptions. Five of the managers holding amounts totaling approximately $31 million at September 30, 2014 allow for monthly redemptions, with notices ranging from 5 to 15 days. Two managers holding amounts totaling approximately $15 million at September 30, 2014 allow for quarterly redemptions, with a notice of 45 or 65 days. Two of the funds also require a one-year lock on initial deposit of funds. One fund also may include a fee estimated to be equal to the cost the fund incurs in converting investments to cash (maximum of 1.5%).

The table below sets forth a summary of changes in plan assets using unobservable inputs (Level 3):

4. Defined Benefit Pension Plan (Continued)

The System accounts for its defined benefit pension plan under ASC 715, *Compensation Retirement Benefits*. This Statement requires entities to recognize an asset or liability for the overfunded or underfunded status of their benefit plans in their financial statements.

The following table summarizes the Plan's funded status at September 30, 2014 and 2013:

	2014	2013
Pension benefits:		
Fair value of plan assets	$ 151,055	$ 131,706
Projected benefit obligation	(199,121)	(172,761)

3. Investments and Assets Whose Use is Limited or Restricted (Continued)

The following summarizes the Hospital's gross unrealized losses and fair values, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position at September 30, 2014 and 2013:

	Less Than 12 Months		12 Months or Longer		Total	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
2014						
Marketable equity securities	$ 1,188	$ (142)	$34,834	$(1,687)	$36,022	$ (1,829)

	$48,499	$(1,543)	$ 8,847	$(1,000)	$57,346	$(2,543)

In evaluating whether investments have suffered an other-than-temporary decline, based on input from outside investment advisors, management evaluated the amount of the decline compared to cost, the length of time and extent to which fair value has been less than cost, the underlying creditworthiness of the issuer, the fair values exhibited during the year, estimated future fair values and the System's intent and ability to hold the security until a recovery in fair value or maturity. Based on evaluations of the underlying issuers' financial condition, current trends and economic conditions, management believes that unrealized losses related to securities that have suffered an other-than-temporary decline in value are not material to these consolidated financial statements.

4. Defined Benefit Pension Plan

The System has a noncontributory defined benefit pension plan (the Plan), covering all eligible employees of the System and subsidiaries. The Plan is a cash balance plan that provides benefits based on an employee's years of service, age and the employee's compensation over those years. The System's funding policy is to contribute annually the amount needed to meet or exceed actuarially determined minimum funding requirements of the *Employee Retirement Income Security Act of 1974* (ERISA).

1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

Investments and Investment Income

Investments are carried at fair value in the accompanying consolidated balance sheets. Investment income (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues and gains over expenses unless the income is restricted by donor or law. Gains and losses on investments are computed on a specific identification basis. Unrealized gains and losses on investments are excluded from the excess of revenues and gains over expenses unless the investments are classified as trading securities or losses are considered other-than-temporary. Periodically, management reviews investments for which the market value has fallen significantly below cost and recognizes impairment losses where they believe the declines are other-than-temporary.

Beneficial Interest in Perpetual Trusts

The System has an irrevocable right to receive income earned on certain trust assets established for its benefit. Distributions received by the System are unrestricted. The System's interest in the fair value of the trust assets is included in assets whose use is limited. Changes in the fair value of beneficial trust assets are reported as increases or decreases to permanently restricted net assets.

Investment Policies

The System's investment policies provide guidance for the prudent and skillful management of invested assets with the objective of preserving capital and maximizing returns. The invested assets include endowment, specific purpose and board designated (unrestricted) funds.

Endowment funds are identified as permanent in nature, intended to provide support for current or future operations and other purposes identified by the donor. These funds are managed with disciplined longer-term investment objectives and strategies designed to accommodate relevant, reasonable, or probable events.

Temporarily restricted funds are temporary in nature, restricted as to time or purpose as identified by the donor or grantor. These funds have various intermediate/long-term time horizons associated with specific identified spending objectives.

Board designated funds have various intermediate/long-term time horizons associated with specific spending objectives as determined by the Board of Trustees.

Management of these assets is designed to increase, with minimum risk, the inflation adjusted principal and income of the endowment funds over the long term. The System targets a diversified asset allocation that places emphasis on achieving its long-term return objectives within prudent risk constraints.

1. Description of Organization and Summary of Significant Accounting Policies

Organization

Concord Hospital, Inc., (the Hospital) located in Concord, New Hampshire, is a not-for-profit acute care hospital. The Hospital provides inpatient, outpatient, emergency care and physician services for residents within its geographic region. Admitting physicians are primarily practitioners in the local area. The Hospital is controlled by Capital Regional Health Care Corporation (CRHC).

In 1985, the then Concord Hospital underwent a corporate reorganization in which it was renamed and became CRHC. At the same time, the Hospital was formed as a new entity. All assets and liabilities of the former hospital, now CRHC, with the exception of its endowments and restricted funds, were conveyed to the new Hospital. The endowments were held by CRHC for the benefit of the Hospital, which is the true party in interest. Effective October 1, 1999, CRHC transferred these funds to the Hospital.

In March 2009, Concord Hospital created The Concord Hospital Trust (the Trust), a separately incorporated, not-for-profit organization to serve as the Hospital's philanthropic arm. In establishing the Trust, the Hospital transferred philanthropic permanent and temporarily restricted funds, including board designated funds, endowments, indigent care funds and specific purpose funds, to the newly formed organization together with the stewardship responsibility to direct monies available to support the Hospital's charitable mission and reflect the specific intentions of the donors who made these gifts. Concord Hospital and the Trust constitute the Obligated Group at September 30, 2014 and 2013 to certain debt described in Note 6.

Subsidiaries of the Hospital include:

Capital Region Health Care Development Corporation (CRHCDC) is a not-for-profit real estate corporation that owns and operates medical office buildings and other properties.

Capital Region Health Ventures Corporation (CRHVC) is a not-for-profit corporation that engages in health care delivery partnerships and joint ventures. It operates ambulatory surgery and diagnostic facilities in cooperation with other entities.

CH/DHC, Inc. d/b/a Dartmouth-Hitchcock-Concord (CH/DHC) is a not-for-profit corporation that provides clinical medical services through a multi-specialty group practice. CH/DHC was formed under a joint agreement between the Hospital and DH-Concord.

The Hospital, its subsidiaries and the Trust are collectively referred to as the System. The consolidated financial statements include the accounts of the Hospital, the Trust, CRHCDC, CRHVC and CH/DHC. All significant intercompany balances and transactions have been eliminated in consolidation.

4. **Defined Benefit Pension Plan (Continued)**

The System considers various factors in estimating the expected long-term rate of return on plan assets. Among the factors considered include the historical long-term returns on plan assets, the current and expected allocation of plan assets, input from the System's actuaries and investment consultants, and long-term inflation assumptions. The System's expected allocation of plan assets is based on a diversified portfolio consisting of domestic and international equity securities, fixed income securities, and real estate.

The System's investment policy for its pension plan is to balance risk and returns using a diversified portfolio consisting primarily of high quality equity and fixed income securities. To accomplish this goal, plan assets are actively managed by outside investment managers with the objective of optimizing long-term return while maintaining a high standard of portfolio quality and proper diversification. The System monitors the maturities of fixed income securities so that there is sufficient liquidity to meet current benefit payment obligations. The System's Investment Committee provides oversight of the plan investments and the performance of the investment managers.

Amounts included in expense during fiscal 2014 and 2013 consist of:

	2014	2013
Components of net periodic benefit cost:		
Service cost	$ 8,447	$ 8,711
Interest cost	9,052	7,940
Expected return on plan assets	(10,903)	(10,156)
Amortization of prior service cost and gains and losses	2,737	4,428
Net periodic benefit cost	$ 9,333	$ 10,923

The accumulated benefit obligations for the plan at September 30, 2014 and 2013 were $187,040 and $161,290, respectively.

	2014	2013
Weighted average assumptions to determine benefit obligation:		
Discount rate	4.78%	5.38%
Rate of compensation increase	2.00	2.00
Weighted average assumptions to determine net periodic benefit cost:		
Discount rate	5.38%	4.40%
Expected return on plan assets	8.00	8.00
Cash balance credit rate	5.00	5.00
Rate of compensation increase	2.00	2.00

In selecting the long-term rate of return on plan assets, the System considered the average rate of earnings expected on the funds invested or to be invested to provide for the benefits of the plan. This included considering the plan's asset allocation and the expected returns likely to be earned over the life of the plan, as well as the historical returns on the types of assets held and the current economic environment.

4. Defined Benefit Pension Plan (Continued)

The loss and prior service credit amount expected to be recognized in net periodic benefit cost in 2015 are as follows:

Actuarial loss	$ 4,100
Prior service credit	(33)
	$ 4,067

The System funds the pension plan and no contributions are made by employees. The System funds the plan annually by making a contribution of at least the minimum amount required by applicable regulations and as recommended by the System's actuary. However, the System may also fund the plan in excess of the minimum required amount.

Cash contributions in subsequent years will depend on a number of factors including performance of plan assets. However, the System expects to fund $12,000 in cash contributions to the plan for the 2015 plan year.

Benefit payments, which reflect expected future service, as appropriate, are expected to be paid as follows:

Year Ended September 30	Pension Benefits
2015	$ 10,359
2016	11,426
2017	13,556
2018	14,132
2019	15,106
2020 – 2024	89,267

5. Estimated Third-Party Payor Settlements

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare

Inpatient and outpatient services rendered to Medicare program beneficiaries are primarily paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical diagnosis and other factors. In addition to this, the System is also reimbursed for medical education and other items which require cost settlement and retrospective review by the fiscal intermediary. Accordingly, the System files an annual cost report with the Medicare program after the completion of each fiscal year to report activity applicable to the Medicare program and to determine any final settlements.

The physician practices are reimbursed on a fee screen basis.

5. **Estimated Third-Party Payor Settlements (Continued)**

Disproportionate Share Payments and Medicaid Enhancement Tax

Under the State of New Hampshire's tax code, the State imposes a Medicaid Enhancement Tax (MET) equal to 5.5% of net patient service revenues, with certain exclusions. The amount of tax incurred by the System for fiscal 2014 and 2013 was $16,437 and $16,541, respectively.

In the fall of 2010, in order to remain in compliance with stated federal regulations, the State of New Hampshire adopted a new approach related to Medicaid disproportionate share funding retroactive to July 1, 2010. Unlike the former funding method, the State's approach led to a payment that was not directly based on, and did not equate to, the level of tax imposed. As a result, the legislation created some level of losses at certain New Hampshire hospitals, while other hospitals realized gains. In addition, as part of the State of New Hampshire's biennial budget process for the two-year period ended June 30, 2013, the State eliminated disproportionate share payments to certain New Hampshire hospitals, including the System. For the year ended June 30, 2014, the State of New Hampshire restored a portion of disproportionate share funding, and the System received $5,099 in disproportionate share payments which are recorded within unrestricted revenue and other support.

During 2014, the Centers for Medicare and Medicaid Services (CMS) began an audit of the State's program and the disproportionate share payments made by the State in 2011, the first year that those payments reflected the amount of uncompensated care provided by New Hampshire hospitals. It is possible that subsequent years will also be audited by CMS. At the date of these consolidated financial statements, CMS's audit was still in process, and the System has received no indication of adjustments, if any, that may be made to disproportionate share payments received in prior years. As such, no amounts have been reflected in the accompanying consolidated financial statements related to this contingency.

The System amended certain past MET returns based upon further guidance which provided that certain exclusions can be deducted from net patient service revenues. During 2014, the State completed an initial audit of those amended returns. The outcome of the amended returns and related audits is uncertain at the date of these consolidated financial statements, and no amounts have been reflected in these consolidated financial statements related to those matters

Medicaid

Inpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. Outpatient services rendered to Medicaid program beneficiaries are reimbursed under fee schedules and cost reimbursement methodologies subject to various limitations or discounts. The Hospital is reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicaid program.

The physician practices are reimbursed on a fee screen basis.

Other

The System has also entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the System under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined rates.

5. Estimated Third-Party Payor Settlements (Continued)

The accrual for estimated third-party payor settlements reflected on the accompanying consolidated balance sheets represents the estimated net amounts to be paid under reimbursement contracts with the Centers for Medicare and Medicaid Services (Medicare), the New Hampshire Department of Welfare (Medicaid) and any commercial payors with settlement provision. Settlements for the Hospital have been finalized through 2010 for Medicare and Medicaid.

6. Long-Term Debt and Notes Payable

Long-term debt consists of the following at September 30, 2014 and 2013:

	2014	2013
2.0% to 5.0% New Hampshire Health and Education Facilities Authority (NHHEFA) Revenue Bonds, Concord Hospital Issue, Series 2013A; due in annual installments, including principal and interest ranging from $1,543 to $3,555 through 2043, including unamortized original issue premium of $3,429 in 2014 and $3,550 in 2013	$ 46,714	$ 47,860
1.71% fixed rate NHHEFA Revenue Bonds, Concord Hospital Issue, Series 2013B; due in annual installments, including principal and interest ranging from $1,860 to $3,977 through 2024	27,550	31,011
1.3% to 5.6% NHHEFA Revenue Bonds, Concord Hospital Issue, Series 2011; due in annual installments, including principal and interest ranging from $2,737 to $5,201 through 2026, including unamortized original issue premium of $233 in 2014 and $252 in 2013	37,362	40,841
	111,626	119,712
Less current portion	(8,131)	(7,931)
	$103,495	$111,781

In February 2013, $48,631 (including an original issue premium of $3,631) of NHHEFA Revenue Bonds, Concord Hospital Issue, Series 2013A, were issued to assist in the funding of a significant facility improvement project and to advance refund the Series 2001 NHHEFA Hospital Revenue Bonds. The facility improvement project included enhancements to the System's power plant, renovation of certain nursing units, expansion of the parking capacity at the main campus and various other routine capital expenditures and miscellaneous construction, renovation and improvements of the System's facilities. As a result of the advance refunding, the unamortized bond issuance costs and original issue discount related to the Series 2001 NHHEFA Hospital Revenue Bonds were included in loss on extinguishment of debt and totaled $1,483 for the year ended September 30, 2013. As of September 30, 2013, none of the Series 2001 advance refunded bonds remained outstanding.

6. **Long-Term Debt and Notes Payable (Continued)**

In April 2013, $32,421 of NHHEFA Revenue Bonds, Concord Hospital Issues, Series 2013B, were issued to advance refund the Series 2004 NHHEFA Hospital Revenue Bonds. As a result of the bond refinancing, the unamortized bond issuance costs and original issue premium related to the Series 2004 NHHEFA Hospital Revenue Bonds were included on loss on extinguishment of debt and totaled $1,686 for the year ended September 30, 2013. As of September 30, 2013, $31,800 of advance refunded bonds, which were considered extinguished for purposes of these consolidated financial statements, remained outstanding. These were redeemed in full during 2014.

In March 2011, $49,795 of NHHEFA Revenue Bonds, Concord Hospital Issue, Series 2011, were issued to assist in the funding of a significant facility improvement project and pay off the Series 1996 Revenue Bonds. The project included expansion and renovation of various Hospital departments, infrastructure upgrades, and acquisition of capital equipment. The project began during fiscal year 2011 and was completed in fiscal year 2012.

Substantially all the property and equipment relating to the aforementioned construction and renovation projects, as well as subsequent property and equipment additions thereto, and a mortgage lien on the facility, are pledged as collateral for the Series 2011 and 2013A and B Revenue Bonds. In addition, the gross receipts of the Hospital are pledged as collateral for the Series 2011 and 2013A and B Revenue Bonds. The most restrictive financial covenants require a 1.10 to 1.0 ratio of aggregate income available for debt service to total annual debt service and a day's cash on hand ratio of 75 days. The Hospital was in compliance with its debt covenants at September 30, 2014 and 2013.

The obligations of the Hospital under the Series 2013A and B and Series 2011 Revenue Bond Indentures are not guaranteed by any of the subsidiaries or affiliated entities.

Interest paid on long-term debt amounted to $4,138 and $4,892 for the years ended September 30, 2014 and 2013, respectively.

The aggregate principal payments on long-term debt for the next five fiscal years ending September 30 are as follows:

2015	$ 8,131
2016	8,337
2017	8,570
2018	8,822
2019	9,061
Thereafter	65,043
	$107,964

7. Commitments and Contingencies

Malpractice Loss Contingencies

Prior to February 1, 2011, the System was insured against malpractice loss contingencies under claims-made insurance policies. A claims-made policy provides specific coverage for claims made during the policy period. The System maintained excess professional and general liability insurance policies to cover claims in excess of liability retention levels. The System has established reserves to cover professional liability exposures for incurred but unpaid or unreported claims. The amounts of the reserves have been determined by actuarial consultants and total $3,908 and $4,692 at September 30, 2014 and 2013, respectively, and are reflected in the accompanying consolidated balance sheets within accrued pension and other long-term liabilities. The possibility exists, as a normal risk of doing business, that malpractice claims in excess of insurance coverage may be asserted against the System.

Effective February 1, 2011, the System insures its medical malpractice risks through a multiprovider captive insurance company under a claims-made insurance policy. Premiums paid are based upon actuarially determined amounts to adequately fund for expected losses. At September 30, 2014, there were no known malpractice claims outstanding for the System which, in the opinion of management, will be settled for amounts in excess of insurance coverage, nor were there any unasserted claims or incidents which required loss accruals. The captive retains and funds up to actuarial expected loss amounts, and obtains reinsurance at various attachment points for individual and aggregate claims in excess of funding in accordance with industry practices. The System's interest in the captive represents approximately 28% of the captive. Control of the captive is equally shared by participating hospitals. The System has recorded its interest in the captive's equity, totaling approximately $420 and $1,335 at September 30, 2014 and 2013, respectively, in other noncurrent assets on the accompanying consolidated balance sheets. Changes in the System's interest are included in nonoperating income on the accompanying consolidated statements of operations.

In accordance with Accounting Standards Update No. 2010-24, "*Health Care Entities*" (Topic 954): *Presentation of Insurance Claims and Related Insurance Recoveries,* at September 30, 2014 and 2013, the Hospital recorded a liability of approximately $19,750 and $12,900, respectively, related to estimated professional liability losses. At September 30, 2014 and 2013, the Hospital also recorded a receivable of $19,750 and $12,900, respectively, related to estimated recoveries under insurance coverage for recoveries of the potential losses. These amounts are included in accrued pension and other long-term liabilities, and bond issuance costs and other assets, respectively, on the consolidated balance sheets.

Workers' Compensation

The Hospital maintains workers' compensation insurance under a self-insurance plan. The plan offers, among other provisions, certain specific and aggregate stop-loss coverage to protect the Hospital against excessive losses. The Hospital has employed independent actuaries to estimate the ultimate costs, if any, of the settlement of such claims. Accrued workers' compensation losses of $2,526 and $2,456 at September 30, 2014 and 2013, respectively, have been discounted at 3% (both years) and, in management's opinion, provide an adequate reserve for loss contingencies. A trustee held fund has been established as a reserve under the plan.

7. **Commitments and Contingencies (Continued)**

Litigation

The System is involved in litigation and regulatory investigations arising in the ordinary course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the System's financial position, results of operations or cash flows.

Health Insurance

The System has a self-funded health insurance plan. The plan is administered by an insurance company which assists in determining the current funding requirements of participants under the terms of the plan and the liability for claims and assessments that would be payable at any given point in time. The System recognizes revenue for services provided to employees of the System during the year. The System is insured above a stop-loss amount of $440 on individual claims. Estimated unpaid claims, and those claims incurred but not reported at September 30, 2014 and 2013, have been recorded as a liability of $4,508 and $5,034, respectively, and are reflected in the accompanying consolidated balance sheets within accounts payable and accrued expenses.

Operating Leases

The System has various operating leases relative to its office and offsite locations. Future annual minimum lease payments under noncancellable lease agreements as of September 30, 2013 are as follows:

Year Ending September 30:	
2015	$ 4,476
2016	4,356
2017	3,775
2018	3,339
2019	3,246
Thereafter	18,243
	$37,435

Rent expense was $8,156 and $8,456 for the years ended September 30, 2014 and 2013, respectively.

8. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at September 30:

	2014	2013
Health education and program services	$13,604	$12,821
Capital acquisitions	1,195	1,053
Indigent care	188	181
For periods after September 30 of each year	102	72
	$15,089	$14,127

Income on the following permanently restricted net asset funds is available for the following purposes at September 30:

	2014	2013
Health education and program services	$17,088	$15,513
Capital acquisitions	803	803
Indigent care	1,810	1,810
For periods after September 30 of each year	142	114
	$19,843	$18,240

9. Patient Service and Other Revenue

Net patient service revenue for the years ended September 30 is as follows:

	2014	2013
Gross patient service charges:		
Inpatient services	$ 400,259	$393,992
Outpatient services	515,503	469,048

Medicaid	69,545	68,347
Other	181,548	170,770
	599,203	552,294
Total Hospital net patient service revenue (net of contractual allowances and discounts)	413,139	402,548
Other entities	29,812	29,684
	$ 442,951	$432,232

(In thousands)

9. Patient Service and Other Revenue (Continued)

An estimated breakdown of patient service revenue, net of contractual allowances, discounts and provision for doubtful accounts recognized in 2014 and 2013 from these major payor sources, is as follows for the Hospital. The provision for doubtful accounts for subsidiaries of the Hospital was not significant in 2014 and 2013.

	Hospital			
	Gross Patient Service Revenues	Contractual Allowances and Discounts	Provision for Doubtful Accounts	Net Patient Service Revenues Less Provision for Doubtful Accounts
2014				
Private payors (includes coinsurance and deductibles)	$ 426,874	$(181,548)	$ (9,337)	$235,989
Medicaid	85,624	(69,545)	(1,049)	15,030
Medicare	467,071	(348,110)	(1,869)	117,092

	$ 954,842	$(552,294)	$(30,878)	$371,670

Electronic Health Records Incentive Payments

The CMS Electronic Health Records (EHR) incentive programs provide a financial incentive for the "meaningful use" of certified EHR technology to achieve health and efficiency goals. To qualify for incentive payments, eligible organizations must successfully demonstrate meaningful use of certified EHR technology through various stages defined by CMS. Revenue totaling $2,196 and $3,719 associated with these meaningful use attestations was recorded as other revenue for the years ended September 30, 2014 and 2013, respectively. In addition, a receivable amount of $674 and $1,616 was recorded within prepaid expenses and other current assets at September 30, 2014 and 2013, respectively.

10. Functional Expenses

The System provides general health care services to residents within its geographic location. Expenses related to providing these services are as follows for the years ended September 30:

	2014	2013
Health care services	$313,042	$306,213
General and administrative	62,305	59,447
Depreciation and amortization	25,397	25,047
Medicaid enhancement tax	16,437	16,541
Interest expense	4,057	4,720
	$421,238	$411,968

Fundraising related expenses were $751 and $690 for the years ended September 30, 2014 and 2013, respectively.

11. Charity Care and Community Benefits (Unaudited)

The Hospital maintains records to identify and monitor the level of charity care it provides. The Hospital provides traditional charity care, as well as other forms of community benefits. The cost of all such benefits provided is as follows for the years ended September 30:

	2014	2013
Community health services	$ 2,721	$ 2,627
Health professions education	3,814	4,141
Subsidized health services	27,911	23,938
Research	89	89
Financial contributions	948	1,061
Community building activities	53	45
Community benefit operations	96	49
Charity care costs (see Note 1)	16,666	13,304
	$52,298	$45,254

In addition, the Hospital incurred costs for services to Medicare and Medicaid patients in excess of the payment from these programs of $70,152 and $51,171 in 2014 and 2013, respectively.

(In thousands)

12. Concentration of Credit Risk

The Hospital grants credit without collateral to its patients, most of whom are local residents of southern New Hampshire and are insured under third-party payor agreements. The mix of gross receivables from patients and third-party payors as of September 30 is as follows:

	2014	2013
Patients	14%	18%
Medicare	35	37
Anthem Blue Cross	14	12
Cigna	6	5
Medicaid	11	10
Commercial	19	17
Workers' compensation	1	1
	100%	100%

13. Volunteer Services (Unaudited)

Total volunteer service hours received by the Hospital were approximately 37,300 in 2014 and 36,500 in 2013. The volunteers provide various nonspecialized services to the Hospital, none of which has been recognized as revenue or expense in the accompanying consolidated statements of operations.

14. Fair Value Measurements

Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the System uses various methods including market, income and cost approaches. Based on these approaches, the System often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The System utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the System is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

(In thousands)

14. Fair Value Measurements (Continued)

Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

In determining the appropriate levels, the System performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

The following presents the balances of assets measured at fair value on a recurring basis at September 30:

	Level 1	Level 2	Level 3	Total
2014				
Cash and cash equivalents	$ 32,352	$ –	$ –	$ 32,352
Fixed income securities	46,014	–	–	46,014

(In thousands)

14. Fair Value Measurements (Continued)

The System's Level 3 investments consist of so called alternative investments and trust funds administered by others. The alternative investments consist primarily of interests in limited partnership funds that are not publicly traded. The fair value measurement is based on significant unobservable inputs.

Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. As such, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying consolidated balance sheets and statements of operations.

A reconciliation of the fair value measurements using significant unobservable inputs (Level 3) is as follows for 2014 and 2013:

	Trust Funds Administered by Others	Alternative Investments
Balance at September 30, 2012	$10,212	$ 69,967
Purchases	–	10,900
Sales	–	(13,167)
Net realized and unrealized gains	466	12,948
Balance at September 30, 2013	10,678	80,648
Purchases	–	27,468
Sales	–	(467)
Net realized and unrealized gains	392	4,044
Balance at September 30, 2014	$11,070	$111,693

In accordance with ASU 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the table below sets forth additional disclosures for investment funds (other than mutual funds) valued based on net asset value to further understand the nature and risk of the investments by category:

	Fair Value	Unfunded Commit-ments	Redemption Frequency	Redemption Notice Period
September 30, 2014:				
Funds-of-funds	$61,418	$ –	Monthly	5 – 15 days
Funds-of-funds	50,275	–	Quarterly	45 – 90 days*
September 30, 2013:				
Funds-of-funds	$42,265	$ –	Monthly	5 – 15 days
Funds-of-funds	38,383	–	Quarterly	45 – 65 days

* $9 million subject to a one year lock-up period.

Investment Strategies

Fixed Income Securities

The primary purpose of fixed income investments is to provide a highly predictable and dependable source of income, preserve capital, and reduce the volatility of the total portfolio and hedge against the risk of deflation or protracted economic contraction.

Marketable Equity and Other Securities

The primary purpose of marketable equity investments is to provide appreciation of principal and growth of income with the recognition that this requires the assumption of greater market volatility and risk of loss. The total marketable equity portion of the portfolio will be broadly diversified according to economic sector, industry, number of holdings and other characteristics including style and capitalization. The System may employ multiple equity investment managers, each of whom may have distinct investment styles. Accordingly, while each manager's portfolio may not be fully diversified, it is expected that the combined equity portfolio will be broadly diversified.

The System invests in other securities that are considered alternative investments that consist of limited partnership interests in investment funds, which, in turn, invest in diversified portfolios predominantly comprised of equity and fixed income securities, as well as options, futures contracts, and some other less liquid investments. Management has approved procedures pursuant to the methods in which the System values these investments at fair value, which ordinarily will be the amount equal to the pro-rata interest in the net assets of the limited partnership, as such value is supplied by, or on behalf of, each investment from time to time, usually monthly and/or quarterly by the investment manager. These investments are classified as Level 2 or 3, depending on the nature of the underlying assets and valuation methodologies used as reported by the fund managers.

System management is responsible for the fair value measurements of investments reported in the consolidated financial statements. Such amounts are generally determined using audited financial statements of the funds and/or recently settled transactions. Because of inherent uncertainty of valuation of certain alternative investments, the estimate of the fund manager or general partner may differ from actual values, and differences could be significant. Management believes that reported fair values of its alternative investments at the balance sheet dates are reasonable.

Inflation-Protected Securities

The primary purpose of inflation-protected securities is to provide protection against the negative effects of inflation.

14. Fair Value Measurements (Continued)

Fair Value of Other Financial Instruments

Other financial instruments consist of accounts and pledges receivable, accounts payable and accrued expenses, estimated third-party payor settlements, and long-term debt and notes payable. The fair value of all financial instruments other than long-term debt and notes payable approximates their relative book values as these financial instruments have short-term maturities or are recorded at amounts that approximate fair value. The fair value of the System's long-term debt and notes payable is estimated using discounted cash flow analyses, based on the System's current incremental borrowing rates for similar types of borrowing arrangements. The carrying value and fair value of the System's long-term debt and notes payable amounted to $111,626 and $132,106, respectively, at September 30, 2014, and $119,712 and $129,976, respectively, at September 30, 2013.

Experience

Counselor at Substance Use Services: Concord Hospital: Concord, New Hampshire

November 2012-Present

Program Director/SENHS Multiple Offender Program: Dover, New Hampshire

December 2009-November 2012

- I provided consultation to the Executive Director and Clinical Supervisor of SENHS while the Multiple Offender Program was in the developmental stages: I designed forms, trained staff, and developed checks and balances system to ensure efficiency, and adherence to all applicable agency and administrative rules.
- I supervised 4 full time and 5 part-time staff. I reprised the duties of my former position at the Laconia Multiple Offender Program, albeit with more direct interaction with clients: teaching segments of the 65 hour education component, running group sessions, and meeting with clients in individual sessions and for Exits.
- I became very familiar with the ATR care coordination system, and skilled at inputting client information, to include ASI and GPRA. I was responsible for monitoring all aspects of aftercare and ensuring compliance.

Program Director/Multiple Offender Program: Laconia, New Hampshire
September 9, 2008-October 29, 2009

- Devised and implemented workflow methods for more efficient management of the program, while working to balance the needs of all stakeholders. This included, but was not limited to: revising forms, rewriting policies, streamlining procedures, hiring key staff, and improving communication amongst staff, and with other agencies and providers.

- Worked closely with treatment providers: with both Department of Motor Vehicles and Department of Safety (NH DMV)staff; and with representatives of the Courts.
- Restructured the aftercare component of the program in order to maximize efficiency, professionalism, and customer service.
- Supervised 30 full and part-time staff. Assessed strengths, delegated work, and provided feedback for continual process improvement for staff development. Facilitated monthly staff meetings. Provided clinical supervision for clinical staff. I supervised treatment team on a monthly basis as part of ongoing supervision for clinical staff.
- Collected and analyzed data to improve Driving While Impaired (DWI) recidivism outcomes.
- Provided input while putting together Administrative Rules for MOP; familiar with process.

March 2005-September 2008: Clinical Supervisor: State of New Hampshire,M.O.P.

March 2000-March 2005: Substance Abuse Counselor: State of New Hampshire, M.O.P.

2004-Taught IDIP classes on a part-time basis at SENHS, teaching the PRI curriculum.
1996-2000 - full time wait staff in Alton Bay, New Hampshire, while attending NHTI.
1980-1996-full time Assistant Manager for Star Market Corporation in Massachusetts, and Bake Shop Manager for a Star Market Agency store in New Hampshire.
1977-1980-Military Police, United States Army, honorably discharged.

Relevant Professional Accomplishments

- Licensed Clinical Supervisor since 2012
- Certified Public Manager (Level)-June 2007
- Adjunct Faculty Member of NHTI since 2006
- Licensed Alcohol and other Drug Counselor (LADC) since September 2004
- Impaired Driver Intervention Program (IDIP) certified since 2003
- Prevention Research Institute (PRI) certified since 2001
-

Other Accomplishments that have enhanced my professional skills

- Completed the Hospice Volunteer Training in June of 2007
- Reiki II certified since 2005

Summary

I have demonstrated outstanding communication skills, as well as organizational skills, in the positions I have been employed in over the years. I am skilled at putting together evaluations, running groups, teaching, writing case notes, and utilizing evidence-based practices. I value a good sense of humor and have a passion for learning and teaching.

Scope of Services

A. *Population Served*

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. *Required Treatment Services*

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table	
Required Services	**Treatment Services**
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women –*** Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Service Table	
Required Services	**Treatment Services**
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Exhibit A Amendment #3

Service Table	
Required Services	**Treatment Services**
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Provisions for Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment

and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.

Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

Contractor Initials: MB
Date: 6/5/16

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the

use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Contractor Initials: [illegible]
Date: 6/5/15

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the

Contractor Initials: MJD
Date: 6/5/15

Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Contractor Initials: _____
Date: 6/5/15

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $ $37,203.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)

- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed

19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   1.2. Establishing an ongoing drug-free awareness program to inform employees about
      1.2.1. The dangers of drug abuse in the workplace;
      1.2.2. The grantee's policy of maintaining a drug-free workplace;
      1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
      1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
      1.4.1. Abide by the terms of the statement; and
      1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

Contractor Initials NM

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
   1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to

	pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or

Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf);*
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $74,406 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

   A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for

services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Contractor Initials: _____
Date: 5/21/14

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Concord Hospital (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 250 Pleasant Street, Concord, NH 03301.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 148,812.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Concord area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Concord Hospital, Inc. was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $74,406.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Concord.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.
3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT
5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.
5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.
5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY
6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.
6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.
6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.
7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.
7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.
7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: KBS
Date: 5/23/2012

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

ADDRESS: 250 Pleasant Street, Suite 5400, Concord, NH 03301

EXECUTIVE DIRECTOR: Monica Edgar, APRN, MLADC
TELEPHONE: 603-227-7000 x4039

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Minimum Number of clients to be served during the contract period	$ Awarded
Outpatient	.43	Concord	13	$32,400
Intensive Outpatient	.56	Concord	11	$42,006
Group – Recovery Support Services *			12	0

* Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and

injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:
Breathe New Hampshire

145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care

coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with

BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm .

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*

Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of

		service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.

2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F:42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 23,490.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 16,693.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 34,223.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $74,406.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds

per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. **Utilization Access and Retention Payment Criteria Requirement**

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. **Failure to Meet Deliverables:**

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. **Invoicing & Billing:**

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. *Allocation of Funding:*

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(b) Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

II.

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) PRIMARY COVERED TRANSACTIONS

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

III. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity

Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Families First of the Greater Seacoast (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 100 Campus Drive, Suite 12, Portsmouth, NH 03801.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #100) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A), (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), and Amendment #3 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $121,227.00.

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety Exhibit B Amendment #3, Methods and Conditions Precedent to Payment and replace with Exhibit B Amendment #4, Methods and Conditions Precedent to Payment.

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials LMT
Date 7/22/15

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $14,461.00 as follows:

- 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 0% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 0% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with funding requirements.

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the

rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.

ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved project, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked, and amounts being billed for the specific project.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

Families First of the Greater Seacoast
Portsmouth, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of Families First of the Greater Seacoast (a nonprofit organization) which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors
Families First of the Greater Seacoast

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Families First of the Greater Seacoast as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

Notes to Financial Statements

June 30, 2014 and 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Families First of the Greater Seacoast (the Organization) was organized in 1986 to provide health care services for pregnant low income women and teenagers. Since that time, it has expanded to include comprehensive medical and family support services for all family members, including primary care, dental, well child care, substance abuse counseling, parenting education, and home visitation programs. A Board of Directors, consisting of members of the surrounding communities, directs long-term operations of the Organization, with an executive director handling day-to-day activities. The Organization is a Federally Qualified Health Center

Basis of Presentation

The financial statements of the Organization have been prepared using the accrual method of accounting in accordance with professional standards. Under these standards, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted assets, and permanently restricted net assets. Unrestricted net assets are those that are not subject to donor-imposed stipulations. Temporarily restricted net assets are those whose use by the Organization has been limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled or otherwise removed by actions of the Organization. Permanently restricted net assets are those that are subject to donor-imposed stipulations that they be maintained permanently by the Organization.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period Actual results could differ from the estimates

Net Patient Service Revenue

Revenue is recorded at the Organization's standard charges for patient services rendered. Under the terms of agreements with Medicare, Medicaid and other third party payors, reimbursement for the care of program beneficiaries may differ from the standard charges. Differences are recorded as contractual adjustments, which are reflected as an adjustment to patient service revenue together with patient discounts. Credit is extended without collateral.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Since the Organization does not pursue collection of amounts determined to qualify as charity care, these amounts are reported as deductions from revenue (see note 11).

Notes to Financial Statements

June 30, 2014 and 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Grants and Contracts

The Organization receives funding from the federal Public Health Service Agency for its homeless and healthcare program under a Bureau of Primary Health Care (BPHC) grant program.

Support received under other grants and contracts with governmental agencies and private foundations is reported as revenue when terms of the agreement have been met.

Deferred Revenue

Deferred revenue represents grant and contract funds received for which grant and contract revenue has not been earned.

Contributions

Contributions, including pledges, are recognized as revenues in the period received or pledged. The Organization reports contributions of cash and other assets received with donor-imposed time or purpose restrictions as temporarily restricted support. When a donor restriction expires, i.e., when a stipulated time restriction or purpose restriction ends, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

An allowance for uncollectible pledges is provided based on historical experience and management's evaluation of outstanding pledges at the end of each year. As of June 30, 2014 and 2013, the allowance for uncollectible unconditional promises to give was $2,000, respectively.

Contributions received with donor-imposed restrictions that are met in the same year as received are reported as unrestricted revenues.

Investment Income

Income and net unrealized and realized gains or losses on investments of endowment and similar funds are reported as follows:

- as increases in temporarily restricted net assets if the terms of the gift or state law impose restrictions on the use of the income; or
- as increases in permanently restricted net assets if the terms of the gift require that they be added to the principal of a permanent endowment fund; if not, they are reported as temporarily restricted net assets; or
- as increases in unrestricted net assets in all other cases

Cash and Cash Equivalents

For the purpose of reporting cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents

Notes to Financial Statements

June 30, 2014 and 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. At June 30, 2014 and 2013, the allowance for doubtful accounts was $51,984 and $52,289, respectively.

In evaluating the collectability of accounts receivable, the Organization analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Organization analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill, the Organization records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

The Organization's allowance for doubtful accounts for self-pay patients was increased from 48% of self-pay accounts receivable at June 30, 2013, to 51% of self-pay accounts receivable at June 30, 2014. In addition, the Organization's self-pay write-offs decreased $6,000 from $43,860 for fiscal year 2013 to $37,860 for fiscal year 2014. Both were the result of positive trends experienced in the collection of amounts from self-pay patients in fiscal year 2014. The Organization has not changed its charity care or uninsured discount policies during fiscal years 2014 and 2013. The Organization does not maintain a material allowance for doubtful accounts from third-party payors, nor did it have significant write-offs from third-party payors.

Property and Equipment

Property and equipment are stated at cost. Depreciation is being provided by use of the straight-line method over the estimated useful lives ranging from three to thirty years.

Investments

Investments are reported at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets.

The Organization's investment policy and spending policy for permanently restricted and board designated investments is as follows:

Endowment Policy

- The primary investment objective for endowment funds is to preserve and protect assets by earning a total return appropriate for each account. In doing so, the Organization will consider each accounts time horizon, liquidity needs, risk tolerance, and restrictions.

Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Objectives

- The Finance Committee of the Board of Directors has authorized the investment advisor to invest in portfolios of equity securities, fixed income securities, and short-term (cash) investments.
- Within the fixed income portfolio, the majority of assets should be investment grade or better, with below investment grade exposure not to exceed 15%.
- Endowment funds designated for restriction by the Board of Directors will maintain a mix of 20%-40% equity securities, 10%-35% fixed income securities, and 0%-20% short-term investments. Donor restricted funds will maintain a mix of 10%-35% equity securities, 65%-80% fixed income securities, and 0%-20% short-term investments.
- The investment advisor will maintain reasonable diversification at all times. Equity positions of any one company may not exceed 5% of the portfolio, nor shall the portfolio have more than 25% of the entire portfolio in any one sector.
- The Finance Committee will meet with the investment advisor no less than annually to review performance, investment objectives, and asset allocation.

Spending Policy

- The Board of Directors has established an endowment spending policy of appropriating for distribution each year 5% of the endowment fund's average fair market value over the prior 20 quarters.

Income Taxes

The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal income taxes has been made. The Organization is not classified as a private foundation.

Management evaluated the Organization's tax positions and concluded that the Organization had taken no uncertain tax positions that required adjustment to the financial statements. When necessary, the Organization accounts for interest and penalties related to uncertain tax positions as part of its provision for federal and state income taxes. The Organization does not expect that unrecognized tax benefits arising from tax positions will change significantly within the next 12 months. The Organization is subject to U.S. federal and state examinations by tax authorities for years ended June 30, 2011 through June 30, 2014.

Functional Expenses

The expenses of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, expenses have been allocated among the programs and supporting services benefited. Expenses that can be identified with a specific program and support service are allocated directly. Other expenses that are common to several functions are allocated according to statistical bases.

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods, including market, income and cost approaches. Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Organization is required to provide the following information according to the fair value hierarchy The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices for identical assets and liabilities traded in active exchange markets, such as the New York Stock Exchange.

- Level 2 – Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

- Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation

  In determining the appropriate levels, the Organization performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

  For the years ended June 30, 2014 and 2013, the application of valuation techniques applied to similar assets and liabilities has been consistent The following is a description of the valuation methodologies used for instruments measured at fair value:

  Investment Securities

  The fair value of investment securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the instrument (see note 19)

NOTE 2 – CASH AND CASH EQUIVALENTS

The Organization maintains cash balances at two local financial institutions These accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 The Organization has established a policy where excess cash is transferred between accounts at separate financial institutions to maintain balances within FDIC insured limits

Notes to Financial Statements

June 30, 2014 and 2013

NOTE 3 – GRANTS RECEIVABLE

Grants receivable as presented on the statements of financial position represent payment due on grants from state and federal agencies and other organizations and are considered fully collectible by management as of June 30, 2014 and 2013.

NOTE 4 – ACCOUNTS RECEIVABLE

The composition of accounts receivable at June 30 was as follows:

	2014	2013
Medicaid	$ 80,870	$ 44,717
Medicare	26,615	26,174

Less than one year	$239,990	$338,748
One to five years	370,000	-
	$609,990	$338,748

The discount rate was not material and, therefore, not applied in 2014 or 2013.

NOTE 6 – OTHER RECEIVABLES

The Organization renders services to individuals who are beneficiaries of the Federal Medicare and Medicaid programs. Charges for services to beneficiaries of these programs were billed to the Medicare and Medicaid intermediary. Settlements for differences between the interim rates paid by Medicare and the Organization's actual cost for rendering care are based on annual cost report filings. The estimated amounts due to or from Medicare are reflected in the accompanying financial statements as other receivables and are recorded as an increase or decrease to patient service revenue in the year the related care is rendered. Any adjustments to the estimates are recorded as adjustments to patient service revenue in the year of final determination. For years prior to July 1, 2011, the Organization was also required to file Medicaid cost reports. All outstanding Medicaid cost settlements are final.

	$282,850	$247,992

NOTE 8 – INVESTMENTS – ENDOWMENT

The Organization's Board of Directors has interpreted state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent donor stipulations to the contrary. Accordingly, the Organization classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization.

Investments are reported at their fair value and consist of the following at June 30:

	2014	2013
Money Market Funds	$ 151,671

Totals		$192,509	$1,200,021	$1,392,530

NOTE 9 – AMOUNT DUE – FISCAL AGENT

The Organization acts as fiscal agent for fundraisers supporting the Billy Cheverie Memorial Scholarship Fund. During the year ended June 30, 2013, the Organization had received $6,000 from event proceeds and had paid $9,000 in scholarships, donations, and other administrative expenses. There was no activity during the year ended June 30, 2014. The remaining $195 as of June 30, 2014 and 2013, respectively, is included in the statements of financial position as a current asset (cash, fiscal agent) and current liability (amount due, fiscal agent).

NOTE 10 – LINE OF CREDIT

The Organization has a $250,000 commercial line of credit with TD Bank. The interest rate is variable at the Wall Street Journal prime rate (3.25% at June 30, 2014 and 2013, respectively) until May 23, 2015. The line is secured by all business assets of the Organization excluding the permanently restricted funds. Balance due on the line at June 30, 2014 was $243,849.

Notes to Financial Statements

June 30, 2014 and 2013

NOTE 11 – CLIENT SERVICE REVENUE

The Organization recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of contractual rates for the services rendered. It recognizes significant amounts of patient service revenue at the time services are rendered even though it does not assess the patient's ability to pay. For uninsured patients who do not qualify for charity care, the Organization recognizes revenue on the basis of its standard rates for services provided On the basis of historical experience, a significant portion of the Organization's uninsured patients will be unable or unwilling to pay for the services provided. Accordingly, the Organization records a significant provision for bad debts related to uninsured patients in the period the services are provided.

Patient service revenue, net of contractual allowances and discounts, recognized in the period from these major payor sources, is as follows:

	2014	2013
Gross patient service charges	**$3,320,218**	$3,135,768
Contractual adjustments	**(218,033)**	(205,230)
Charity care	**(1,478,714)**	(1,353,185)
Patient service revenue	**$1,623,471**	$1,577,353

The Organization accepts patients regardless of their ability to pay. A patient is classified as a charity patient by reference to certain established policies, which define charity services as those services for which no payment is anticipated. In assessing a patient's eligibility for charity care, the Organization uses federally established poverty guidelines. The Organization is required to provide a full discount to patients with annual incomes at or below 100% of the poverty guidelines. For those patients with income between 100% and 200% of poverty guidelines, fees must be charged in accordance with a sliding scale discount policy based on family size and income. No discounts may be provided to patients with incomes over 200% of federal poverty guidelines.

Charity care is measured based on services provided at established rates but is not included in patient service revenue. Costs and expenses incurred in providing these services are included in operating expenses. The Organization determines the costs associated with providing charity care by calculating a ratio of costs to gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. Under this methodology, the estimated costs of caring for charity care patients for the years ended June 30, 2014 and 2013 were approximately $1,971,000 and $1,830,000, respectively. Charges for services rendered to individuals from whom payment is expected and ultimately not received are charged off to provision for bad debt

NOTE 12 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets consisted of the following at June 30

	2014	2013
Unrestricted pledges receivable	**$607,990**	$337,248

Notes to Financial Statements

June 30, 2014 and 2013

NOTE 13 – PERMANENTLY RESTRICTED NET ASSETS

During the year ended June 30, 1999, the Organization established a permanently restricted endowment fund as a result of a donor changing their intent on a previous contribution

During the year ended June 30, 2004, the Organization received a challenge contribution from a donor. The donor stipulated that the funds were to be added to the Organization's permanently restricted endowment fund and that the annual interest earned was available for current operations. In conjunction with receipt of this contribution, the Organization conducted a capital campaign Donors were advised that contributions received would be added to the endowment fund and that 100% of the annual income would be available for current operations.

NOTE 14 – DONATED SERVICES

The Organization received various donated supplies and services during the years ended June 30, 2014 and 2013. Donated supplies and services are recorded at their estimated fair values on the date of receipt. In-kind contributions are included in contributions in the statements of activities and in-kind expenses are included in the corresponding functional expense line in the statements of functional expenses. Donated supplies and services consisted of the following for the years ended June 30:

	2014	2013
Professional physician and dental services	$ 59,256	$ 56,313

NOTE 16 – PENSION PLAN

The Organization sponsors a defined contribution 401(k) plan for all eligible employees. Employer discretionary contributions are funded at a percentage of eligible employees' salaries. The Organization did not incur expenses under the plan for the years ended June 30, 2014 and 2013.

NOTE 17 – FUNCTIONAL EXPENSES

The Organization's principle programs are as follows:

Primary Care Program

The purpose of this program is to provide comprehensive medical care to families of the community on a sliding fee scale basis. Services provided include well and sick child care, immunizations, adult care, laboratory testing, social services and counseling, substance abuse counseling and smoking cessation programs.

This program provides access to comprehensive prenatal care. Pregnant women who live at 185% of poverty level or below, and all teens, who reside in the community are eligible to participate in this program. Some of the services provided are medical care, laboratory testing, infant delivery, social services and counseling, nutritional counseling, childbirth, breastfeeding and parenting education, substance abuse counseling and smoking cessation programs.

This program also includes a medication assistance program, which provides uninsured and under-insured patients with vouchers to obtain low cost short-term prescriptions and helps the patients enroll for assistance from pharmaceutical companies to obtain long-term medication for chronic conditions.

Dental Program

This program provides access to comprehensive dental health services to families of the community on a sliding scale basis. Services include oral health screening, preventative and restorative care.

Homeless Program

This program provides a healthcare access point that includes medical and dental care for individuals and families experiencing or on the verge of homelessness in a two county area of New Hampshire. A mobile healthcare team provides outreach and health services to individuals and families unable to receive these services in a more traditional health care setting

Family Support Programs

These programs were designed to strengthen and support families. Families, who reside in Rockingham County, or Eliot, York and Kittery, Maine, regardless of income, are eligible to participate in these programs. Services provided include volunteer parent aide program, drop-in family support center, parenting classes, mothers' support groups, fathers' support programs, parent/toddler playgroups, children's activity groups, and a monthly newsletter to provide information about available resources for families

Family Resource and Support (DCYF)

The Family Resource and Support Program provides home based family support services and child care coordination and payment

Scope of Services

A. Population Served

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. Required Treatment Services

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table

Required Services	Treatment Services
	Outpatient Treatment (ASAM Level 1) - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
	Intensive Outpatient Treatment (ASAM Level 2.1) – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Service Table	
Required Services	**Treatment Services**
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Service Table	
Required Services	**Treatment Services**
	Recovery Support Services: Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. Required Provisions for Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment

and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.

Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:

In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the

use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from
http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the

Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Contractor Initials: KBT
Date: 5/13/15

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $14,461.00 as follows:

- 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 0% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 0% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

Contractor Initials _____

Date 5/13/15

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)

- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
  1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (I)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
	Outpatient Treatment (ASAM Level 1) - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
	Intensive Outpatient Treatment (ASAM Level 2.1) – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: IVRS
Date: 5/21/14

	pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	Recovery Support Services: Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or

Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf);*
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $28,922 as follows:

- 100 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 0 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 0 % General funds.

i. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but

not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Families First of the Greater Seacoast (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 100 Campus Drive, Suite12, Portsmouth, New Hampshire.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20th, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 57,844.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with Families First of the Greater Seacoast (Vendor # 166629) , 100 Campus Drive, Suite 12, Portsmouth, New Hampshire, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $28,922.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95846501	$28,922.00
			Total	$28,922.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Portsmouth area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts

include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Families First of the Greater Seacoast was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $28,922.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Portsmouth New Hampshire.

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY

6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: Families First of the Greater Seacoast

ADDRESS: 100 Campus Drive, Suite 12, Portsmouth, New Hampshire

EXECUTIVE DIRECTOR: Helen B. Taft
TELEPHONE: 603-422-8208 x 120

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Pregnant & Parenting Women - Outpatient	.39	Portsmouth	6	$28,922.00

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters

placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their

dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:

The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:

The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101

603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,

- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:

The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:

For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:

DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.

- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention

and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by

		National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. **Invoicing & Billing:**

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT

Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

   8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) **Insurance Requirement for (1)** - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State

related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of thc rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $166,265.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #5 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with funding requirements.

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the

rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

X	Enhanced Services	Cost Reimbursement	Up to the Budget Amount in Exhibit B-3****

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.
*** A unit is equal to 15 minutes of service
**** Payment for Enhanced Services will be made on cost reimbursement basis and in accordance with Exhibit B-3. The Contractor will submit an invoice by the 15th of the month for actual expenses incurred in the prior month. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations. The Contractor will provide supporting documentation to support evidence of actual expenditures. For Vehicle Expense, the Contractor will provide the Department for approval within 10 days of the effective date of the contract, a loan payment schedule. Total payments to the Contractor will not exceed the total of the Contractor's loan invoices. The Contractor will submit copies of their loan invoices each month.

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post

discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:

The Contractor shall complete all billing for all services (except for Medication Assisted Treatment Staff Time for Phase I and Phase II), defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor will use the Department supplied billing sheet to complete billing for Medication Assisted Treatment Staff Time for Phase I and Phase II.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation,

can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved project, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked, and amounts being billed for the specific project.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Families in Transition, Inc. and Subsidiaries

We have audited the accompanying consolidated financial statements of Families in Transition, Inc. and Subsidiaries (the Organization), which comprise the consolidated statement of financial position as of December 31, 2014 and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Organization as of December 31, 2014, and the consolidated changes in its net assets and its consolidated cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited the Organization's 2013 consolidated financial statements and, in our report dated March 28, 2014, expressed an unmodified opinion on those audited consolidated financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2013, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived, adjusted as described in the following paragraph.

Adjustment to Prior Period Summarized Comparative Information

As disclosed in Note 11, the Organization has restated its beginning 2013 consolidated net assets to include a previously unrecognized contribution of property to Housing Benefits, Inc.'s Dover Housing Project.

As part of our audit of the 2014 consolidated financial statements, we audited the adjustment described in Note 11 that was applied to restate beginning 2013 consolidated net assets. In our opinion, such adjustment is appropriate and has been properly applied.

Other Matter

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, which consists of the consolidating statement of financial position as of December 31, 2014, and the related consolidating statements of activities and functional expenses for the year then ended, is presented for purposes of additional analysis, rather than to present the financial position and changes in net assets of the individual entities, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Organization

Families in Transition, Inc. (FIT or the Organization) is a New Hampshire nonprofit, incorporated on May 13, 1994, to provide housing and comprehensive social services to individuals and families who are homeless or at risk of becoming homeless in certain areas of southern New Hampshire, including Manchester, Concord and Dover.

The Organization directly owns and operates housing programs in facilities located on Amherst Street, Spruce Street and Douglas Street in Manchester, New Hampshire. Additional housing facilities are owned and operated by several limited partnerships of which the Organization is the sole general partner. These limited partnerships include Millyard Families II Limited Partnership (Millyard II), located on Market Street in Manchester, New Hampshire; Bicentennial Families Concord Limited Partnership (Bicentennial), located at Bicentennial Square in Concord, New Hampshire; Family Bridge Limited Partnership (Family Bridge), located on Second Street in Manchester, New Hampshire; and Family Willows Limited Partnership (Family Willows), located on South Beech Street in Manchester, New Hampshire (collectively referred to as the Limited Partnerships).

In 2008, the Organization created a Community Development Housing Organization, Housing Benefits, Inc. (Housing Benefits). Housing Benefits identifies and develops new housing units and refurbishes existing units to meet the persistent need of combating homelessness. Completed housing units are located on School & Third Streets, Lowell Street, Belmont Street, and Market Street (Millyard Families I), in Manchester, New Hampshire as well as an additional housing unit located on Central Avenue in Dover, New Hampshire. An additional housing unit became operational in 2014, located on Hayward Street in Manchester, New Hampshire.

In 2012, the Organization became the sole member of Manchester Emergency Housing, Inc. (MEH), a New Hampshire nonprofit corporation providing immediate shelter to homeless families in the Manchester, New Hampshire area. MEH is the only family shelter in Manchester, New Hampshire.

The Organization also owns 100% of Family OutFITters, LLC (OutFITters), a limited liability corporation. OutFITters operates independent thrift stores in Concord and Manchester, New Hampshire with the sole purpose of generating an alternate funding stream for the Organization.

The Limited Partnerships, Housing Benefits, MEH and OutFITters constitute the subsidiaries of the Organization.

In 2012, the Organization became the sole member of The New Hampshire Coalition to End Homelessness, a statewide entity, whose mission is to "eliminate the causes for homelessness through research, education and advocacy". The activity of this entity is not deemed material and has not been included in the consolidated financial statements.

1. Summary of Significant Accounting Policies

Principles of Consolidation

The Organization has several wholly-owned corporations which include Brick Mill House Families II, Inc. (Brick Mill), Bicentennial Families Concord, Inc. (Bicentennial Families), Second Street Family Mill, Inc. (Family Mill), and Big Shady Tree, Inc. (Big Shady Tree) (collectively referred to as the General Partners), all of which are New Hampshire corporations. These wholly-owned corporations represent the .01% sole general partners in the Limited Partnerships, whereby Brick Mill is general partner of Millyard II, Bicentennial Families is general partner of Bicentennial, Family Mill is general partner of Family Bridge and Big Shady Tree is general partner of Family Willows.

Since the General Partners have control in the Limited Partnerships, in accordance with Financial Accounting Standards Board *Accounting Standards Codification* Topic 810-20-25, *Consolidation*, each of the Limited Partnerships' financial statements are required to be consolidated with the Organization's consolidated financial statements. The limited partners' ownership interest is reported in the consolidated statements of financial position as noncontrolling interest.

The consolidated financial statements include the net assets of the Organization, the Limited Partnerships, the General Partners, Housing Benefits, MEH and OutFITters. All significant inter-entity balances and transactions are eliminated in the accompanying consolidated financial statements.

Comparative Information

The consolidated financial statements include certain prior year summarized comparative information in total, but not by net asset classification. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Accordingly, such information should be read in conjunction with the Organization's December 31, 2013 consolidated financial statements, from which the summarized information was derived.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

Net assets and revenues, expenses, gains, and losses are classified as follows based on the existence or absence of donor imposed restrictions.

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor imposed stipulations that they be maintained permanently by the Organization. The donors of these assets permit the Organization to use all or part of the income earned on related contributions for general or specific purposes. The Organization had no permanently restricted net assets as of December 31, 2014 and 2013.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Organization records donor-restricted contributions whose restrictions are met in the same reporting period as unrestricted support in the year of the gift.

The Organization reports contributions of land, buildings or equipment as unrestricted support, unless a donor places explicit restriction on their use. Contributions of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted support and reclassified to unrestricted net assets when the assets are acquired and placed in service.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts which, at times, may exceed the federally insured limits. Management regularly monitors the financial institutions, together with their respective cash balances, and attempts to maintain the potential risk at a minimum. The Organization has not experienced any losses in such accounts and management believes it is not exposed to any significant risk on these accounts.

Restricted deposits are those deposits of cash and cash equivalents not generally available for operating costs, but restricted to particular uses including operating and replacement reserves for rental properties as well as certain other social services and programs.

Property and Equipment

Property and equipment are recorded at cost or, if donated, at estimated fair market value at the date of donation less accumulated depreciation. The Organization's capitalization policy requires the capitalization of capital expenditures greater than $1,000, while ordinary maintenance and repairs are charged to expense. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets, ranging from 5 to 30 years. Assets not in service are not depreciated.

Volunteer Services (unaudited)

A number of volunteers have donated their time to the Organization's various programs and administrative services. The value of these services has not been included in the accompanying consolidated financial statements since the volunteers' time does not meet criteria for recognition. The estimated value of donated time for the years ended December 31, 2014 and 2013, is approximately $810,000 and $780,000, respectively.

Functional Expense Allocation

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

The Organization is a tax-exempt Section 170(b)(1)(A)(vi) public charity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been reflected in these financial statements.

The standards for accounting for uncertainty in income taxes require the Organization to report any uncertain tax positions and to adjust its financial statements for the impact thereof. As of December 31, 2014 and 2013, the Organization determined that it had no tax positions that did not meet the more-likely-than-not threshold of being sustained by the applicable tax authority. The Organization files an informational return in the United States. This return is generally subject to examination by the federal government for up to three years.

No provision for taxes on income is made in the Limited Partnerships' financial statements since, as a partnership, all taxable income and losses are allocated to the partners for inclusion in their respective tax returns.

Reclassification

Certain amounts in the 2013 financial statements have been reclassified to conform to the current year's presentation.

2. Property and Equipment

Property and equipment consisted of the following:

	2014	2013
Land	$ 3,112,699	$ 2,304,135
Land improvements	595,300	502,948
Buildings and improvements	27,743,643	26,035,016
Furniture and fixtures	496,456	503,087
Equipment	336,464	372,668
Vehicles	214,065	214,065
	32,498,627	29,931,919
Less: accumulated depreciation	6,386,721	5,575,556
Property and equipment, net	$ 26,111,906	$ 24,356,363

During 2012, the Organization began the development of the Hayward Street Permanent Supportive Housing Program (Hayward St. Program) through funding received by Housing Benefits from the U.S. Department of Housing and Urban Development, passed through the City of Manchester, New Hampshire, known as Neighborhood Stabilization Program grants. The funds were used to purchase a vacant lot in Manchester, New Hampshire and to construct a building used to provide housing and supportive services to individuals and families who are homeless. The facility contains four 2-bedroom apartments and two 1-bedroom apartments. In addition, tenants receive comprehensive supportive services designed to ensure long-term stability and wellness. At December 31, 2013, the Organization had incurred costs of approximately $1.1 million presented in the Organization's consolidated statement of financial position as development in process.

At December 31, 2014, the Organization had invested approximately $1.5 million in the Hayward St. Program. On March 1, 2014, the Hayward St. Program was placed into service and the assets were transferred from development in process and at December 31, 2014 are presented in the Organization's consolidated statement of financial position in property and equipment, net.

In June 2014, land located at Spruce Street and Massabesic Street in Manchester, New Hampshire, was donated to FIT from the City of Manchester. This land will be used to be developed into the Hollow's Community Garden and Learning Center. The project is intended to improve the quality of life of at-risk children and families by providing immediate hunger relief, expanding food access and delivering hands-on educational experiences.

In September 2014, a three-family building and land located on Spruce Street in Manchester, New Hampshire, was donated to FIT from the City of Manchester. The property was transferred from FIT to Housing Benefits. Housing Benefits intends to rehabilitate the project into rental housing for low-income households. All construction will incorporate energy efficiencies to the maximum extent possible to reduce operating costs and ensure long-term affordability.

3. Development in Process

In 2014, the Organization began the pre-construction phase on its Family Place Resource Center and Shelter through funding received from New Hampshire Housing Finance Authority (NHHFA), Community Development Finance Authority funds and donations. The facility will house a new and expanded family shelter as well as a comprehensive resource center designed to meet the needs of homeless families and children. The shelter will consist of 12 emergency housing units for families in immediate need of shelter. The services include, but are not limited to, centralized assessment and referral, hot meals, access to an onsite food pantry, onsite medical care and therapeutic preschool programming for children. The project is expected to cost approximately $1.8 million and is expected to be completed in 2015. At December 31, 2014, the Organization had invested approximately $200,000 in the facility.

4. Line of Credit

The Organization has an unsecured line of credit agreement, renewed annually, with a financial institution in the amount of $100,000. During the term of the agreement, the interest rate on any outstanding principal balance shall be equal to the base rate, as defined by the financial institution, with a floor of 4%. There was no outstanding balance or activity as of and for the years ended December 31, 2014 and 2013.

7. Commitments

Under the terms of the Limited Partnerships' Regulatory Agreements with NHHFA, each Limited Partnership is required to make deposits to various escrow accounts to fund expected future costs.

Each Limited Partnership has entered into a Land Use Restriction Agreement with NHHFA, as a condition of the allocation of low-income housing tax credits by NHHFA. Pursuant to the covenant, the Limited Partnerships are required to remain in compliance with Code Section 42 for the compliance period and an extended use period, unless terminated sooner.

8. Retirement Plan

The Organization has a tax deferred retirement plan which is available to all employees working greater than 25 hours a week. All employees are eligible to participate and are fully vested with the first contribution. The Organization matches contributions at 100% up to 3% of compensation. The Organization contributed $31,138 and $32,692 during the years ended December 31, 2014 and 2013, respectively.

9. Housing Action New Hampshire

In 2011, the Organization entered into a Fiscal Sponsorship Agreement with Housing Action New Hampshire (HANH), an unincorporated association. Authority to manage the programmatic activities of HANH is vested solely in HANH. The Organization maintains the books and financial records for HANH in accordance with U.S. GAAP. HANH funds are presented in the Organization's consolidated statement of financial position as funds held as fiscal agent.

10. Noncontrolling Interest

Scope of Services

A. Population Served

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. Required Treatment Services

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table	
Required Services	**Treatment Services**
	Outpatient Treatment (ASAM Level 1) - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
	Intensive Outpatient Treatment (ASAM Level 2.1) – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Required Services	**Treatment Services**
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Service Table	
Required Services	**Treatment Services**
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
X	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Provisions for Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment

and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.

Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:

In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements

with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:

The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:

The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative

discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from
http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block

Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.
Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon

as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.
A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a

hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $ $166,265.00 as follows:

- 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 0% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 0% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

**** Payment for Enhanced Services will be made on cost reimbursement basis and in accordance with Exhibit B-3. The Contractor will submit an invoice by the 15th of the month for actual expenses incurred in the prior month. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations. The Contractor will provide supporting documentation to support evidence of actual expenditures. For Vehicle Expense, the Contractor will provide the Department for approval within 10 days of the effective date of the contract, a loan payment schedule. Total payments to the Contractor will not exceed the total of the Contractor's loan invoices. The Contractor will submit copies of their loan invoices each month.

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services (except for Medication Assisted Treatment Staff Time for Phase I and Phase II), defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor will use the Department supplied billing sheet to complete billing for Medication Assisted Treatment Staff Time for Phase I and Phase II.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health

Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

   14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $5,000,000.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted

1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (I)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
	Outpatient Treatment (ASAM Level 1) - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
	Intensive Outpatient Treatment (ASAM Level 2.1) – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: MB
Date: 5/21/14

	pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	Recovery Support Services: Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
X	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire

Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
