All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B and Exhibit B-2.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $332,530 as follows:

- 100 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 0 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 0 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

Contractor Initials: MP
Date: 5/21/14

	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
X	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

   A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but

not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should altemate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Commission Expires: _____

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Families in Transition (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 122 Market Street, Manchester, NH 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 665,060.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

d) **Delete Table SAMHSA National Outcome Measures**

Replace with:

Table SAMHSA National Outcome Measures

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening of the initial first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and. • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/ connections	25% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

3) Amendment and modification of Exhibit B;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, through June 30, 2013"
   b) **Change from** Section II: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:"
   Change to: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during each State Fiscal Year of the contract shall not exceed:"
   c) Delete in Section II; "TOTAL: $332,530.00"

4) **Add** Exhibit B-1

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

ITEM # 101

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with Families in Transition (Vendor #157730 B001), 122 Market Street, Manchester, NH 03101, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $332,530.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95846501	$332,530.00
			Subtotal	$332,530.00
			Total	$332,530.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts

include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving ~~treatment for alcohol abuse: 93,990 (7% of~~ population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Families in Transition was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $332,530.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.
  - Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Manchester area.

Source of Funds: 100% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

By: On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.
3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT
5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.
5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.
5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY
6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.
6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.
6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.
7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.
7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.
7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS. The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: MB
Date: 5/23/12

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. **WAIVER OF BREACH.** No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. **NOTICE.** Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. **AMENDMENT.** This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. **THIRD PARTIES.** The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. **HEADINGS.** The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. **SPECIAL PROVISIONS.** Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. **SEVERABILITY.** In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. **ENTIRE AGREEMENT.** This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: Families in Transition

ADDRESS: 122 Market Street, Manchester, NH 03101

EXECUTIVE DIRECTOR: Maureen Beauregard
TELEPHONE: 603-641-9441

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Number of clients to be served during the contract period	$ Awarded
Intensive Outpatient	4.43		87	$332,530
Group – Recovery Support Services *			44	0

* Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing

dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:

The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:

The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101

603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.

- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Based Practices	Based Practices	• NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;

4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F:42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client.

This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Exhibit B
Purchase of Services
Contract Price

I. General Provisions

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2013

CONTRACTOR NAME: Families in Transition

ADDRESS: 122 Market Street, Manchester, NH 03101

AGENCY CONTACT TITLE: Executive Director
AGENCY CONTACT NAME: Maureen Beauregard
TELEPHONE: 603-641-9441

Vendor #157730-B001 Job #95846503 Appropriation #05-095-095-958410-5365-102-500734

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 332,530.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $332,530.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. **Invoicing & Billing:**

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

The remainder of this page is intentionally left blank.

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State

related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

II.

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)

122 Market Street, Manchester, NH 03101

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Applicable program covered:
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

A. *Contract Period: July 1, 2012 or date of G&C Approval, whichever is later, through June 30, 2013*

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" (available at www.whitehouse.gov/sites/default/files/omb/grants/sflll.pdf), in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) *PRIMARY COVERED TRANSACTIONS*

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

STANDARD EXHIBIT H

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

STANDARD EXHIBIT I
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILTY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 and those parts of the HITECH Act applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

BUSINESS ASSOCIATE AGREEMENT

(1) **Definitions.**

a. "Breach" shall have the same meaning as the term "Breach" in Title XXX, Subtitle D. Sec. 13400.

b. "Business Associate" has the meaning given such term in section 160.103 of Tile 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 164.501, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

III. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity
2) Amount of award
3) Funding agency
4) NAICS code for contracts / CFDA program number for grants
5) Program source
6) Award title descriptive of the purpose of the funding action
7) Location of the entity
8) Principle place of performance
9) Unique identifier of the entity (DUNS #)
10) Total compensation and names of the top five executives if:
    a. *More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than $25M annually and*
    b. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.

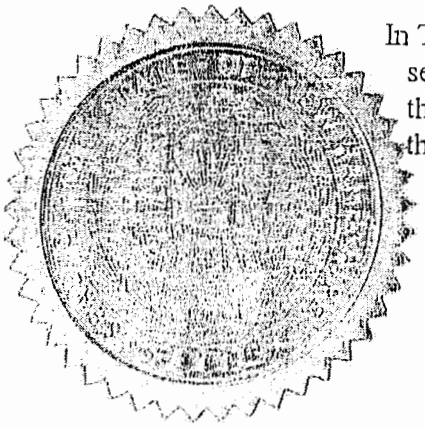
CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that FAMILIES IN TRANSITION is a New Hampshire nonprofit corporation formed May 13, 1994. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.



In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 23rd day of May A.D. 2012

William M. Gardner
Secretary of State

WITHOUT SEAL

CERTIFICATE OF VOTE

I, Susan Grodman, of Families in Transition, do hereby certify that:

1. I am the duly elected Secretary of Families in Transition;
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on May 23, 2012;

   RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the President is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. Maureen Beauregard is the duly elected President of the corporation.
3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 23, 2012.

IN WITNESS WHEREOF, I have hereunto set my hand as the Secretary of the corporation this 23 day of May, 2012.

Susan Grodman, Secretary

STATE OF NEW HAMPSHIRE
COUNTY OF HILLSBOROUGH

The foregoing instrument was acknowledged before me this 23 day of May, 2012 by Susan Grodman.

Amendment #5 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fifth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 5") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Phoenix Houses of New England, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 99 Wayland Avenue, Suite 100, Providence, RI 02906.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #108) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A), (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), (Amendment #3 to the Contract) approved on December 23, 2014 (Item #16), and (Amendment #4 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #5, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $5,271,303.50.

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety, Exhibit B Amendment #4, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #5, Method and Conditions Precedent to Payment.

Contractor Initials: PBM
Date: 7/23/15

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials _____
Date 7/12/15

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $781,014.50 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with the funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with the funding requirements above

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and

Contractor Initials
Date 7/16/15

within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table

An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.

Contractor's Services	Substance Use Disorder Treatment and Recovery Services	DHHS Established Rate	Service Limit
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Medication Assisted Treatment Phase 1 Planning and Phase 2 Implementation: Staff Time	$30 per hour per staff person	Up to $3,360.00

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.
**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.
*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post

discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:

The Contractor shall complete all billing for all services (except for Medication Assisted Treatment Staff Time for Phase I and Phase II), defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor will use the Department supplied billing sheet to complete billing for Medication Assisted Treatment Staff Time for Phase I and Phase II.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation,

can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved plan, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked and amounts being billed for the specific scope of work.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

Report to the Finance Committee of the Board of Directors of

Phoenix Houses of New England, Inc.

September 15, 2014

Phoenix House
Rising Above Addiction

Table of Contents

This report is intended solely for the information and use of the Board of Directors, the Finance Committee and Management of Phoenix Houses of New England, Inc. and should not be used by anyone other than these specified parties.

I. Scope of Services

Services covered under our Engagement Letter:

- Financial statement audit of **Phoenix Houses of New England, Inc.** ("**PH New England**") as of and for the year ended June 30, 2014 in accordance with U.S. Generally Accepted Auditing Standards and Government Auditing Standards (Included in Section V)
- Audit of the Commonwealth of Massachusetts Executive Office for Administration and Finance Operational Services Division Uniform Financial Statements ("UFR") as of and for the year ended June 30, 2014 (In process)
- Federal OMB Circular A-133 compliance audit of **PH New England** for the year ended June 30, 2014 (In process)
- Preparation of an Internal Control letter relating to the fiscal 2014 audit
- Review of **PH New England's** 2014 IRS Form 990 and related state tax filings

II. Required Communications with the Finance Committee

Professional auditing standards require us to communicate the following matters to those individuals responsible for the oversight of the financial reporting process:

Required Communications:	Disposition:
The auditor's responsibility under U.S. generally accepted auditing standards	Our audit was designed to provide reasonable, not absolute, assurance that PH New England's financial statements are presented fairly in accordance with U.S. GAAP. Our responsibilities are more fully explained in our Engagement Letter addressed to Mr. Kevin Kirchoff, included in Section V of this presentation.
Changes in significant accounting policies	No significant changes to report. PH New England's significant accounting policies employed in the preparation of its financial statements are disclosed in Note 2.
Significant management judgments and accounting estimates	Determining allowances for doubtful accounts; allocation of expenses amongst functional expense categories; the useful lives assigned to fixed assets; estimates related to incurred but not reported claims liability; and the fair values assigned to certain financial instruments. We have reviewed the methodologies utilized by management for all significant accounting matters and concluded the estimates appear reasonable.
Audit adjustments (recorded and unrecorded) and omitted disclosures	Please see the following schedule for unrecorded adjustments and omitted disclosure identified as a part of the fiscal 2014 audit.
Responsibility for information in other documents containing audited financial statements and auditors' report	Management is responsible for informing us on a timely basis. We are responsible for reading the document in its entirety and ensuring that there is no information contradictory to the financial statements or knowledge gained during the conduct of our audit.
Consultation with other accountants	Not aware of any such consultations.
Major issues discussed with management prior to retention	None to report.
Difficulties encountered in performing the audit, irregularities or illegal acts	No difficulties were encountered while performing our audit that requires the attention of the Committee. We had the full cooperation of management and free access to all the appropriate information necessary to conduct our financial statement audit.
Material weaknesses or significant deficiencies in the internal control structure. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of control deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention by those charged with governance.	The results of our procedures did not identify any material weaknesses or significant deficiencies.

Phoenix House of New England, Inc.

As of and for the year ended June 30, 2014

Summary of Unrecorded Audit Adjustments

#	Account Description		Debit	Credit

June 30, 2014 and 2013

PHOENIX HOUSES OF NEW ENGLAND, INC.

TABLE OF CONTENTS

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors of
Phoenix Houses of New England, Inc.:

We have audited the accompanying financial statements of Phoenix Houses of New England, Inc. ("PH New England"), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to PH New England's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PH New England's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Phoenix Houses of New England, Inc. as of June 30, 2014 and 2013, and the results of its operations and changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purposes of forming an opinion on the financial statements of PH New England as of and for the years ended June 30, 2014 and 2013, taken as a whole. The supplementary information included on pages 18 and 19 is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

1. ORGANIZATION

Phoenix Houses of New England, Inc. ("PH New England") is a Section 501(c)(3) not-for-profit organization, exempt from federal income taxes under Section 501(a) of the Internal Revenue Code (the "Code"). PH New England is also exempt from state and local taxes under similar provisions. PH New England was established in order to operate therapeutic treatment centers for the rehabilitation of drug and substance abusers throughout New England.

Phoenix House Foundation, Inc. (the "Parent") is the sole member of PH New England and the following affiliated organizations: Phoenix Houses of New York, Inc. and Affiliates (which consists of Phoenix Houses of New York, Inc. and Phoenix Houses of Long Island, Inc.); Phoenix Houses of California, Inc. and Affiliates (which consists of Phoenix Houses of California, Inc.; Phoenix Houses of Los Angeles, Inc.; Phoenix House Orange County, Inc.; and Phoenix House San Diego, Inc.); Phoenix Houses of the Mid-Atlantic, Inc. and Affiliate (which consists of Phoenix Houses of the Mid-Atlantic, Inc. and Phoenix Houses of Mid-Atlantic Property Management, Inc.); Phoenix Programs of Florida, Inc.; Phoenix Houses of Texas, Inc.; American Council for Drug Education, Inc.; Center on Addiction and the Family, Inc.; and Phoenix Houses of New Jersey, Inc.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, the net assets of PH New England and changes therein are classified and reported based upon the existence or absence of donor-imposed restrictions as follows:

- Unrestricted net assets represent expendable resources that are used to carry out PH New England's operations and are not subject to donor-imposed stipulations.
- Temporarily restricted net assets represent resources that contain donor-imposed restrictions that permit PH New England to use or expend such resources only as or when specified. Restrictions are satisfied either by the passage of time or by actions of PH New England.
- Permanently restricted net assets contain donor-imposed restrictions that stipulate that such resources be maintained permanently. PH New England had no permanently restricted net assets at June 30, 2014 and 2013.

Cash and Cash Equivalents

PH New England considers all highly liquid financial instruments, which principally consist of money market funds, with original maturities of three months or less from the date of purchase to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported

amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Donated Goods

Donated goods are recorded as revenues and assets (at fair value when received) and expenses (when used) on the statement of operations and changes in net assets. Food stamps are recorded at face amount, which is the same as fair value, as revenues and assets and are charged to resident sustenance when expended.

Property and Equipment

Property and equipment are stated at cost, if purchased, or if donated, at fair value at the date of gift, less accumulated depreciation and amortization. PH New England capitalizes assets acquired for greater than $1,000 and with useful lives greater than one year. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets as follows:

Buildings and improvements	4 - 40 years
Furniture, fixtures and equipment	3 - 7 years
Computer equipment and vehicles	3 - 5 years

Furniture, fixtures and equipment acquired under capital lease arrangements are amortized on the straight-line method over the shorter of the lease term or the estimated useful life of the asset.

Revenue and Support

Contributions (including unconditional promises to give) are recorded at fair value when received. Revenues and expenses relative to special events are recognized upon occurrence of the respective event. Contributions received with donor stipulations that limit the use of the donated assets are reported as either temporarily or permanently restricted support. Unconditional promises to give, with payments due in future years, are reported as either temporarily restricted or permanently restricted support and discounted to present value. When a donor restriction expires, that is, when a time restriction ends or purpose restriction is fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported on the statement of operations and changes in net assets as net assets released from restrictions. Contributions restricted by donors for the acquisition of property and equipment are released from their restrictions when the respective assets are acquired or constructed and placed into service. Such contributions and related releases are reported below the operating indicator, excess of revenues and gains over expenses and losses under other changes in net assets.

Special Events Revenue

Special events revenue consists of proceeds from fund-raising events, reported net of direct donor benefits. Revenue and related expenses are recognized upon occurrence of the respective events to which they pertain. For the years ended June 30, 2014 and 2013, direct benefits to donor was approximately $0 and $16,000, respectively.

Government Contract Revenue

PH New England's contracts and other program funding arrangements with government agencies are classified as part of operating activities within the unrestricted net asset category and revenue is recognized when earned. PH New England operates under various contracts with government agencies which generally cover a one-year period, subject to annual renewal. The terms of these contracts allow the grantors the right to audit the costs incurred thereunder and adjust contract funding based upon, among other things, the amount of program income received. Any costs disallowed by the grantor would be absorbed by PH New England and any adjustments by grantors would be recorded when amounts are known; however, it is the opinion of management that disallowances, if any, would not be material to the accompanying financial statements.

Client and Third Party Revenue

Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed on a per diem basis. Payment agreements have been entered into with certain commercial insurance carriers. The basis for payment to PH New England under these agreements is based on negotiated rates.

Laws and regulations governing healthcare programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near-term. Noncompliance with such laws and regulations could result in fines, penalties, and exclusion from such programs. The federal government and many states have aggressively increased enforcement under Medicaid antifraud and abuse legislation. PH New England believes that it is in compliance, in all material respects, with all applicable laws and regulations and, is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquires have been made, compliance with such laws and regulations can be subject to future government review and interpretation.

Noncompliance with such laws and regulations could result in repayments or amounts improperly reimbursed, substantial monetary fines, civil and criminal penalties and exclusion from the Medicaid program.

Statement of Operations and Changes in Net Assets

PH New England's operating income includes all unrestricted revenues and expenses. Other items include depreciation on non-operational assets. The statement of operations and changes in net assets also includes the caption "excess of revenues and gains over expenses and losses," which is the performance indicator. Other changes in net assets which are excluded from the performance indicator, consistent with industry practice, include restricted contributions (including assets acquired using contributions which by donor restriction are to be used for the purposes of acquiring such assets).

Concentration of Credit Risk

Financial instruments that potentially subject PH New England to concentrations of credit risk consist principally of cash and cash equivalents. PH New England maintains its cash and cash equivalents in various bank deposit accounts that, at times, may exceed federally insured limits. PH New England's cash and cash equivalents have been placed with high credit quality financial institutions at June 30, 2014 and 2013, and PH New England believes the risk of nonperformance by these financial institutions is remote.

PH New England provides drug and alcohol rehabilitation services through its inpatient and outpatient care facilities. PH New England grants credit without collateral to clients, however, it routinely obtains assignment of (or is otherwise entitled to receive) clients' benefits payable under their health insurance programs, plans, or policies (e.g., Medicaid and commercial insurance providers).

Amounts due from government agencies and other receivables by financial class as a percentage of total accounts receivable at June 30, 2014 and 2013, are as follows:

	2014	2013
Medicaid	18 %	14 %
Commercial insurance	29	24
Other third-party payors	50	59
Self-pay	3	3
	100 %	100 %

Income Taxes

Guidance in the area of "*Accounting for Uncertainty in Income Taxes,*" under the Financial Accounting Standards Board (FASB) Accounting Standard Codification, clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This standard provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The standard also provides guidance on measurement, classification, interest and penalties, and disclosure. The adoption of this standard by PH New England has not had an impact on the accompanying financial statements. The tax years ended 2012, 2013 and 2014 are still open to audit for both federal and state purposes. PH New England has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and, to identify and evaluate other matters that may be considered tax positions.

Subsequent Events

PH New England evaluated its subsequent events through September __, 2014, the date these financial statements were available to be issued.

3. RELATED PARTY TRANSACTIONS

PH New England is charged for administrative services provided by its Parent based upon a cost allocation plan. The administrative expenses charged by the Parent approximate the federally approved indirect cost rate for the Parent and its affiliates on a consolidated basis, adjusted to reflect PH New England's own administrative expenses. During the years ended June 30, 2014 and 2013, such allocated charges totaled $519,000 and $512,000, respectively, and are included as part of the administrative charges from Parent expense on the accompanying statements of operations and changes in net assets.

Amounts reflected as due to Parent on the accompanying statements of financial position of approximately $2,280,000 and $2,181,000 as of June 30, 2014 and 2013, respectively, relate to costs incurred by PH New England but paid for by the Parent.

4. CONTRIBUTIONS RECEIVABLE

At June 30, 2014 and 2013, PH New England's contributions receivable, net, consists of the following:

	2014	2013
Amounts expected to be collected:		
In less than one year	$ 81,931	$ 107,751
In one to three years	25,000	-
	106,931	107,751
Less: Discount to present value (at a rate of 4.01%)	(1,396)	-
	$ 105,535	$ 107,751

Multi-year pledges received are recorded at the present value of their expected future cash flows using a credit adjusted discount rate which articulates with the collection period of the respective pledge. Discount rates assigned to multi-year pledges are not subsequently adjusted.

5. NOTES RECEIVABLE

During May 2012, PH New England entered into a lease and promissory agreement with Central Vermont Community Land Trust ("CVCLT"), a non-profit corporation existing under the laws of the State of Vermont. In conjunction with a new program, PH New England agreed to lease a facility from CVCLT for twenty years. As part of the lease agreement, PH New England entered into a non-interest bearing note of $100,000 payable by CVCLT and secured by a mortgage of and security interest in the property in Barre, Vermont. The principal of this note does not bear interest nor will any principal be due at any time during which the lease between PH New England and CVCLT is in effect and for a period beginning on the date of termination of the lease and ending on the last day of the twelfth calendar month after such date. The principal due shall be reduced by $5,000 each year for the initial twenty year term of the lease, beginning with the commencement of the new program, beginning July 1, 2013. In the event the lease is in effect throughout the entire initial 20 year term, the note shall be deemed paid in full upon the conclusion of such term. In the event the lease terminates prior to the conclusion of the initial lease term, then the remaining principal shall be due and payable on the last day of the twelfth full calendar month following termination of the lease. Interest shall begin to accrue on such remaining principal balance beginning on the first day of the first month following the due date at a rate equal to the U.S. Department of the Treasury One Year Treasury Bill Rate in effect on the due date. At June 30, 2014 and 2013, the balance of this note receivable was $95,000 and $100,000, respectively.

During July 2010, PH New England entered into a lease and promissory agreement with Burlington Housing Authority ("BHA"), a housing authority existing under the laws of the State of Vermont and the City of Burlington. In conjunction with a new program, PH New England agreed to lease a facility from BHA for twenty-five years. As part of the lease agreement, PH New England entered into a non-interest

bearing note of $75,000 due and payable by BHA on the last day of the twelfth full calendar month immediately following the termination of the lease. Interest accrues on the principal balance of this note, beginning on the first day of the first month following the Due Date, at a rate equal to the One Year Treasury Bill rate in effect on that date. At June 30, 2014 and 2013, the balance of this note receivable was $75,000.

6. PROPERTY AND EQUIPMENT, NET

At June 30, 2014 and 2013, property and equipment, net, consists approximately of the following:

	2014	2013
Land	$ 77,000	$ 69,000
Buildings and improvements	9,485,000	8,923,000
Furniture, fixtures and equipment	1,163,000	1,043,000
Computer equipment	801,000	801,000
Vehicles	45,000	45,000
Construction-in-progress	10,000	7,000
	11,581,000	10,888,000
Less: Accumulated depreciation and amortization	(6,854,000)	(6,332,000)
	$ 4,727,000	$ 4,556,000

Included in property and equipment are assets acquired under capital lease arrangements with terms ranging from four to five years. At June 30, 2014 and 2013, furniture acquired under capital lease arrangements had a cost, each year, of approximately $170,000, and accumulated amortization of approximately $160,000 and $142,000, respectively. Principal payments related to these capital leases totaled approximately $10,000 and $23,000, respectively, for the years ended June 30, 2014 and 2013. Amounts outstanding under these capital leases are included in accounts payable and accrued expenses on the accompanying statements of financial position as of June 30, 2014 and 2013 and totaled approximately $15,000 and $25,000, respectively.

Approximate annual principal payments due on capital leases are as follows for the years ended June 30:

2015	$ 12,000
2016	1,000
	$ 13,000

7. LONG-TERM DEBT

At June 30, 2014 and 2013, long-term debt consists of the following:

- On May 1, 2007, PH New England entered into a loan agreement with Citizens Bank of Rhode Island in the amount of $146,000 due in 120 monthly installments with a final balloon payment at the end of the term. The interest rate was fixed at 7.25% for the first five years until June 2012. The rate resets

in the fifth year of the loan at a rate equal to the then 5-Year Treasury Constant Maturity rate plus an additional one hundred and seventy-five basis points (175) which resulted in a rate of 2.59% effective June 2012. The proceeds of the loan were used to purchase and renovate a building. Amounts due under the mortgage are secured by the property purchased. At June 30, 2014 and 2013, the balance of this mortgage payable was approximately $93,000 and $102,000, respectively.

- On July 18, 2008, PH New England entered into a loan agreement with Citizens Bank of Rhode Island in the amount of $200,000 due in 120 monthly installments with a final balloon payment, including interest amortized over fifteen years at a rate of 6.465%, through July 2018. The proceeds of the loan were used to purchase and renovate a building in Holyoke, MA. Amounts due under the mortgage are secured by property in Springfield, MA. At June 30, 2014 and 2013, the balance of this mortgage payable was approximately $143,000 and $155,000, respectively.

Approximate annual principal payments due on all debt are as follows for the years ended June 30:

2015	$ 23,000
2016	24,000
2017	85,000
2018	14,000
2019	90,000
	$ 236,000

8. REVOLVING LOAN FUND

In relation to the acquisition of RICAODD, PH New England assumed an agreement, the Rhode Island Revolving Loan Fund Project- R House, with the State of Rhode Island's Department of Mental Health - Retardation and Hospitals. The revolving loan fund program is a federally mandated program established to provide financial assistance loans to residents of group homes for recovering substance abusers. The State of Rhode Island has provided PH New England with $100,000 to fund these interest-free loans. The revolving loan fund account increases with interest earned on funds on deposit and decreases as a result of uncollectible loans. The loan fund assets are recorded within cash and cash equivalents and other receivables on the accompanying statements of financial position. Outstanding loans receivable as of June 30, 2014 and 2013 were approximately $6,500 and $26,000, respectively.

9. CLIENT AND THIRD-PARTY REVENUE

For the years ended June 30, 2014 and 2013, client and third-party revenue consists approximately of the following:

	2014	2013
Healthcare services	$ 2,811,000	$ 2,075,000
Food stamps	174,000	269,000
Private insurance and client payments	3,789,000	3,068,000
Client fees	1,055,000	1,077,000
School lunch program	75,000	85,000
Education, tutoring, and other	201,000	198,000
	$ 8,105,000	$ 6,772,000

10. TEMPORARILY RESTRICTED NET ASSETS

At June 30, 2014 and 2013, temporarily restricted net assets are available for the following purposes:

	2014	2013
Capital initiatives	$ 13,000	$ 63,000
Program initiatives	96,000	76,000
	$ 109,000	$ 139,000

For the years ended June 30, 2014 and 2013, net assets totaling approximately $191,000 and $17,000, respectively, were released in satisfaction of donor-imposed restrictions for program and capital initiatives.

11. TAX-DEFERRED ANNUITY PLAN

PH New England has a tax-deferred annuity plan, which is sponsored by the Parent, for all eligible employees under Section 403(b) of the Code. PH New England makes contributions equal to 3% to 10% of each active participant's compensation, based on years of service, as defined in the plan agreement. Total contributions to this plan by PH New England for fiscal 2014 and 2013, totaled approximately $462,000 and $420,000, respectively, and is recorded as part of employee benefits and payroll taxes on the accompanying statements of operations and changes in net assets.

12. FUNCTIONAL EXPENSES

PH New England provides drug and alcohol rehabilitative healthcare services to clients and related support activities as described in Note 1. Expenses related to providing these services, included in the statements of operations and changes in net assets for the years ended June 30, 2014 and 2013, are as follows:

	2014	2013
Residential treatment services	$ 13,795,221	$ 12,533,583
Ambulatory treatment services	3,270,394	3,873,810
Healthcare services	2,523,228	2,309,259
Prevention and Education services	-	32,622
Adminstration and General	3,071,808	2,939,191
Fundraising	125,303	144,775
Total expenses	$ 22,785,954	$ 21,833,240

13. COMMITMENTS AND CONTINGENCIES

Lease Commitments

PH New England leases facilities, vehicles and other equipment under various non-cancelable operating leases expiring at various dates through fiscal 2019. Total expense under these leases was approximately $927,000 and $738,000 for the years ended June 30, 2014 and 2013, respectively.

Future minimum rental payments due are approximately as follows for the years ended June 30:

2015	$ 769,000
2016	484,000
2017	395,000
2018	232,000
2019	94,000
	$ 1,974,000

In addition, PH New England rents certain facilities under operating leases on a month-to-month basis. Rent expense relating to these month-to-month leases totaled approximately $312,000 and $417,000 for the years ended June 30, 2014 and 2013, respectively.

Litigation

PH New England is contingently liable under various claims which have arisen in the ordinary course of its business. In the opinion of management, the claims will be defended as appropriate and, in certain cases, are adequately covered by insurance. PH New England believes that the resolution of these matters will not have a material effect on its financial position, changes in net assets or cash flows.

Other

PH New England's title to the facility located in Exeter, RI, is subject to a right of reversion held by the State of Rhode Island if PH New England, or its designee, fails at any time within 25 years from the date of execution of the deed to comply with all the terms and conditions set forth in the deed and related attachments. The deed was executed on November 20, 1990. The terms of the deed include, among other pertinent provisions, that the property be used to provide long-term residential drug dependency treatment,

provide for the increase of current drug dependency treatment slots, conduct research into efficient treatment methods and length of stay, and provide individual and group counseling and training. PH New England believes that it has and will continue to operate this facility consistent with these stated purposes and has included this facility within property and equipment on the accompanying statements of financial position.

SUPPLEMENTARY INFORMATION

PHOENIX HOUSES OF NEW ENGLAND, INC.

Supplemental Information – Schedule of Functional Expenses

This schedule should be read in conjunction with the accompanying report of independent certified public accountants and the financial statements and notes thereto.

IV. Financial Reporting Recommendations

1. Capital Lease Obligations:

It is PH New England's policy to only recognize on its financial statements capital leases with payments due greater than $15,000. As a result of our audit procedures, we identified leases that were less than $15,000 entered into during fiscal 2014 and prior fiscal years that met the criteria for capital lease treatment, however, were accounted for by PH New England as operating leases. Accordingly, we recommend that PH New England review all lease agreements in which it enters into annually to ensure that the related accounting treatment for such arrangements is appropriate.

V. Fiscal 2014 Audit Engagement Letter

Grant Thornton

July 18, 2014

Mr. Kevin Kirchoff
Senior Vice President, Chief Financial Officer

Phoenix House Foundation, Inc.
164 West 74th Street
New York, NY 10023

Grant Thornton LLP
666 Third Avenue, 13th Floor
New York, New York 10017-4011
T 212.599.0100
F 212.370.4520
www.GrantThornton.com

Dear Mr. Kirchoff:

Thank you for discussing with us the requirements of our forthcoming engagement. This letter (the "Engagement Letter") documents our mutual understanding of the arrangements for the services described herein.

Scope of services

Grant Thornton LLP ("Grant Thornton") will audit the statement of financial position of Phoenix Houses of New England, Inc. ("PHNE"), as of June 30, 2014, and the related statements of activities, functional expenses and cash flows for the year then ended.

Our financial statement audit will be conducted in accordance with auditing standards generally accepted in the United States of America ("US GAAS") established by the American Institute of Certified Public Accountants ("AICPA") and the standards for financial audits of the U.S. Government Accountability Office's ("GAO") *Government Auditing Standards* ("GAGAS") issued by the Comptroller General of the United States. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

In assessing the risks of material misstatement, an auditor considers internal control relevant to PHNE's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. GAGAS further requires us to perform

tests of PHNE's compliance with laws, regulations, and provisions of contracts or grant agreements, in which noncompliance could have a direct and material effect on the determination of financial statement amounts. However, a financial statement audit is not designed to provide assurance on compliance or internal control over financial reporting or to identify immaterial instances of noncompliance or internal control deficiencies.

When conducting an audit, the auditor is required to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether caused by fraud or error, to enable the auditor to express an opinion on whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Although not absolute assurance, reasonable assurance is, nevertheless, a high level of assurance. However, an audit is not a guarantee of the accuracy of the financial statements. Even though the audit is properly planned and performed in accordance with professional standards, an unavoidable risk exists that some material misstatements or noncompliance with laws, regulations, and provisions of contracts or grant agreements may not be detected due to the inherent limitations of an audit, together with the inherent limitations of internal control. Also, an audit is not designed to detect errors or fraud that is immaterial to the financial statements.

It should be noted that because the determination of abuse is subjective, we have no responsibility to design the audit to provide reasonable assurance of detecting abuse. Abuse is distinct from fraud and noncompliance. Abuse involves behavior that is deficient or improper when compared with behavior that a prudent person would consider reasonable and necessary business practice given the facts and circumstances.

Pursuant to the Single Audit Act Amendments of 1996 and the provisions of U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* ("OMB Circular A-133") and the Commonwealth of Massachusetts Executive Office for Administration and Finance Operational Services Division reporting requirements, we will also audit PHNE's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014. We will conduct our compliance audit in accordance with US GAAS, GAGAS, OMB Circular A-133 and the Commonwealth of Massachusetts Executive Office for Administration and Finance Operational Services Division reporting requirements. Those standards and OMB Circular A-133 require the auditor to plan and perform the compliance audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements that could have a direct and material effect on each major federal program occurred, to enable the auditor to express an opinion on PHNE's compliance with these requirements in all material respects. A compliance audit includes determining major programs, examining, on a test basis, evidence about PHNE's compliance with those requirements, and performing such other procedures as we considered necessary in the circumstances, including performing tests of internal control to evaluate the effectiveness of the design and operation of controls considered relevant to preventing, or detecting and correcting, material noncompliance with requirements applicable to major programs. Absolute assurance is not attainable because the compliance audit is

conducted on a test basis and compliance with the specific program requirements is subject to the inherent limitations of internal control over compliance, which may not prevent or detect intentional or unintentional noncompliance. Accordingly, material noncompliance may remain undetected. Also, a compliance audit is not designed to detect noncompliance, whether intentional or unintentional, that is immaterial. Our compliance audit does not provide a legal determination of PHNE's compliance with those requirements.

Upon the completion of the foregoing financial statement and compliance audits and subject to their findings, we will render our reports on PHNE's financial statements and on PHNE's compliance with the requirements referred to above that are applicable to each of its major federal programs and will communicate our findings in accordance with US GAAS, GAGAS, and OMB Circular A-133. Our report on PHNE's compliance will include our findings on internal control over compliance; however, no opinion will be expressed on internal control over compliance.

As required by GAGAS, we will also render a report that includes our findings on PHNE's internal control over financial reporting and compliance with laws, regulations, and provisions of contracts or grants, and other matters based on our financial statement audit. Such report will be considered integral to the financial statements and will be referred to in our report thereon. However, providing an opinion on internal control over financial reporting or on compliance with those provisions is not an objective of our financial statement audit, and accordingly, we will not express such an opinion.

You have informed us that PHNE will also prepare financial statements that will not be submitted to comply with a legal, regulatory, or contractual requirement for a GAGAS audit. Accordingly, we will render a separate auditor's report that does not reference GAGAS for such financial statements.

It is possible that circumstances may arise in which our reports may differ from their expected form and content, resulting in a modified report or disclaimer of opinion. Further, if in our professional judgment the circumstances necessitate, we may resign from the engagement prior to completion.

Other information

Management is responsible for providing us with other information that will be included in an annual report or similar document containing the audited financial statements and our auditor's report thereon. Management should provide the information prior to the release of our auditor's report. Our responsibility for such information does not extend beyond the financial information identified in our report. We do not perform any procedures to corroborate the other information contained in these documents. Professional standards require us to read the other information and consider whether the other information, or the manner of its presentation, is materially inconsistent with information appearing in the financial statements. We will bring to management's attention any information that we believe is a material misstatement of fact.

Responsibilities of those charged with governance

Effective two-way communication with the Audit Committee of the Board of Directors (referred to as "those charged with governance") assists us in obtaining information relevant to the audit and also assists those charged with governance in fulfilling their responsibility to oversee the financial reporting process. Those charged with governance play an important role in PHNE's internal control over financial reporting by setting a positive tone at the top and challenging PHNE's activities in the financial arena. Accordingly, it is important for those charged with governance to communicate to us matters they believe are relevant to our engagement. As indicated below, management also has a responsibility to communicate certain matters to those charged with governance and to Grant Thornton.

In connection with our engagement, professional standards require us to communicate certain matters that come to our attention to those charged with governance, such as the following:

- Fraud involving senior management and fraud that causes a material misstatement;
- Illegal acts, unless clearly inconsequential;
- Violations of provisions of contracts or grant agreements and abuse that causes a material misstatement;
- Non-compliance with the provisions of a major federal financial assistance program;
- Failure to report fraud, illegal acts, violations of provisions of contracts or grant agreements, or abuse to specified external parties when required by law or regulation. We may also be required to report such matters directly to the external party;
- Significant deficiencies and material weaknesses in internal control over financial reporting and federal financial assistance;
- Disagreements with management and other serious difficulties encountered;
- Qualitative aspects of significant accounting practices, including accounting policies, estimates, and disclosures; and,
- Audit adjustments and uncorrected misstatements, including missing disclosures.

Management responsibilities

As you are aware, the financial statements and supplementary information are the responsibility of management. Management is responsible for preparing and fairly presenting the financial statements in accordance with accounting principles generally accepted in the United States of America, which includes adopting sound accounting practices and complying with changes in accounting principles and related guidance. Management is also responsible for:

- Providing us with access to all information of which they are aware that is relevant to the preparation and fair presentation of the financial statements, including all financial records, documentation of internal control over financial reporting and federal financial assistance and related information, and any additional information that we may request for audit purposes;

- Providing us with unrestricted access to persons within PHNE from whom we determine it necessary to obtain audit evidence;

- Making us aware of any significant vendor relationships in which the vendor has the responsibility for program compliance;

- Ensuring that PHNE identifies and complies with all laws, regulations, contracts, and grants applicable to its activities and for informing us of any known violations. PHNE should identify and disclose to us all laws, regulations, and provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts or other significant financial data;

- Taking timely and appropriate steps to remedy fraud, illegal acts, violations of contracts or grant agreements, or abuse that we may report;

- Designing, implementing, and maintaining effective internal control over financial reporting and federal financial assistance, which includes adequate accounting records and procedures to safeguard PHNE's assets, and for informing us of all known significant deficiencies and material weaknesses in, and significant changes in, internal control over financial reporting and federal financial assistance;

- Informing us of their views about the risk of fraud within PHNE and their awareness of any known or suspected fraud and the related corrective action proposed;

- Adjusting the financial statements, including disclosures, to correct material misstatements and for affirming to us in a representation letter that the effects of any uncorrected misstatements, including missing disclosures, aggregated by us during the current engagement, including those pertaining to the latest period presented, are immaterial, both individually and in the aggregate, to the financial statements as a whole;

- Establishing and maintaining a process to address and track the status of our findings, conclusions, and recommendations, including providing management's views on such matters as well as planned corrective actions to be included in the report, in a timely manner. This includes informing us of findings and recommendations from previous audits, attestation engagements, or other studies that could have a material effect on the financial statements and whether any related recommendations were implemented;

- Informing us of any events occurring subsequent to the date of the statement of financial position through the date of our auditor's report that may affect the financial statements or the related disclosures;

- Informing us of any subsequent discovery of facts that may have existed at the date of our auditor's report that may have affected the financial statements or the related disclosures;

- Taking corrective action on any reported findings or questioned costs reported to them and preparing a summary schedule of prior audit findings and a corrective action plan, if applicable, as required by OMB Circular A-133;

- Submitting the reporting package (including financial statements, schedule of expenditures of federal awards, auditor's reports and, if applicable, a summary schedule of prior audit findings and a corrective action plan) along with the Data Collection Form to the designated federal clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditor's reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for the audit; and,

- Distributing the report(s), including the financial statements, supplementary information, and the reports thereon, to those officials and organizations requiring them and to make the report(s) available for public inspection upon request.

To assist those charged with governance in fulfilling their responsibility to oversee the financial reporting process, management should discuss with those charged with governance the:

- Adequacy of internal control over financial reporting and federal financial assistance and the identification of any significant deficiencies or material weaknesses, including the related corrective action proposed;

- Significant accounting policies, alternative treatments, and the reasons for the initial selection of, or change in, significant accounting policies;

- Process used by management in formulating particularly sensitive accounting judgments and estimates and whether the possibility exists that future events affecting these estimates may differ markedly from current judgments; and,

- Basis used by management in determining that uncorrected misstatements, including missing disclosures, are immaterial, both individually and in the aggregate, including whether any of these uncorrected misstatements could potentially cause future financial statements to be materially misstated.

We will require management's cooperation to complete our services. In addition, we will obtain, in accordance with professional standards, certain written representations from management, which we will rely upon.

Use of our reports

The inclusion, publication, or reproduction by PHNE of any of our reports in documents such as bond offerings, regulatory filings, and OMB Circular A-133 Data Collection Forms containing information in addition to financial statements may require us to perform additional procedures to fulfill our professional or legal responsibilities. Accordingly, our reports should not be used for any such purposes without our prior permission. In addition, to avoid unnecessary delay or misunderstanding, it is important that PHNE give us timely notice of its intention to issue any such document.

The report on compliance with laws, regulations, and provisions of contracts or grant agreements and internal control over financial reporting and the report on compliance and internal control over compliance related to major programs issued in accordance with OMB Circular A-133, will each include a statement that describes the purpose of the communication, which is to describe the scope of our testing of internal control over financial reporting, internal control over compliance, and compliance, and the result of that testing. Accordingly, these reports are not suitable for any other purpose.

Other services

Supplementary information

Management is responsible for separately preparing the schedule of expenditures of federal awards for the year ended June 30, 2014 in accordance with OMB Circular A-133 and required by the Commonwealth of Massachusetts Executive Office for Administration and Finance Operational Services Division reporting requirements including the organization supplemental information Schedule A (unaudited); program supplemental information Schedule B (unaudited); and the related supporting schedules (unaudited) for the year ended June 30, 2014. In addition, we will also audit the schedule of expenditures of Department Agreements for the year ended June 30, 2014. Such supplementary information, which will be presented for purposes of additional analysis and is not a required part of the financial statements, will be subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These procedures will include comparing and reconciling the supplementary information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. The purpose of our procedures will be to form and express an opinion as to whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

In connection with our procedures, management is responsible for informing us about:

- The methods of measurement and presentation of the supplementary information;
- Whether those methods have changed from the methods used in the prior period and the reasons for the change, if any; and,
- Any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management will present the supplementary information with the audited financial statements. Management is responsible for including our report on the supplementary information in any document that contains the supplementary information and that indicates we reported on it.

We will require management to provide us with certain written representations related to their responsibilities described above, including whether management believes the supplementary information (including its form and content) is fairly presented in accordance with OMB

Circular A-133, the Commonwealth of Massachusetts Executive Office for Administration and Finance Operational Services Division reporting requirements, and the other relevant and applicable criteria used in the preparation of the schedules.

Other reports

We will prepare the federal data collection form required to be submitted to the federal audit clearinghouse.

As mentioned previously, the financial statements, including the data and information set forth therein, are the responsibility of management. With respect to our data collection form preparation services, however, management is also responsible for:

- Making all management decisions and performing all management functions;
- Designating an individual who possesses suitable skills, knowledge or experience, preferably within senior management, to oversee the services;
- Evaluating the adequacy and results of the services performed; and,
- Accepting responsibility for the results of the services.

Accordingly, our data collection form preparation services will not include management functions or making management decisions. However, we may provide advice, research materials, and recommendations to assist you in performing your responsibilities.

Other services

Any other services that you request will constitute a separate engagement that will be subject to our acceptance procedures. Professional standards, laws, and regulations may prescribe limitations on non-audit services we may perform without impairing our independence.

Fees

Standard billings

Our billings for the services set forth in this Engagement Letter, which will be based upon our rates for this type of work, will total $58,900, inclusive of $7,000 for our audit of the Schedule of Department Agreements, will be rendered in installments and are payable within 20 days of receipt.

In addition, we will bill for our expenses, including out-of-pocket expenses, investment valuation services, report and presentation production costs and an administrative charge of six percent of fees to cover items such as copies, postage, supplies, computer and technology usage, software licensing, research and library databases, and similar expense items.

If it appears that the estimated fee will be exceeded, we will bring this to your attention.

Our services under this Engagement Letter include:

- Audit of Phoenix Houses of New England, Inc.'s financial statements as of and for the year ended June 30, 2014;
- OMB Circular A-133 compliance audit of Phoenix Houses of New England, Inc. for the year ended June 30, 2014;
- Audit of the Commonwealth of Massachusetts Executive Office for Administration and Finance Operational Services Division Uniform Financial Statements ("UFR") as of and for the year ended June 30, 2014 of Phoenix Houses of New England, Inc.;
- Audit of the Schedule of Expenditures of Department Agreements for the year ended June 30, 2014; and;
- Prepare a memorandum to management and to the Audit Committee of the Board of Directors on observations and recommendations noted upon our consideration of PHNE's internal control environment, as applicable.

Additional billings

Of course, circumstances may arise that will require us to perform more work. Some of the more common circumstances include: changing auditing, accounting, and reporting requirements from professional and regulatory bodies; incorrect accounting applications or errors in PHNE records; restatements; failure to furnish accurate and complete information to us on a timely basis; and unforeseen events, including legal and regulatory changes. We are enclosing an explanation of various matters that can cause us to perform work in excess of that contemplated by our fee estimate.

At Grant Thornton, we pride ourselves on our ability to provide outstanding service and meet our clients' deadlines. To help accomplish this goal, we work hard to have the right professionals available. This involves complex scheduling models to balance the needs of our clients and the utilization of our people, particularly during peak periods of the year. Last minute client requested scheduling changes result in costly downtime due to our inability to make alternate arrangements for our professional staff.

We will coordinate a convenient time for Grant Thornton to begin work. If, after scheduling our work, you do not provide proper notice, which we consider to be one week, of your inability to meet the agreed-upon date(s) for any reason, or do not provide us with sufficient information required to complete the work in a timely manner, additional billings will be rendered for any downtime of our professional staff.

Adoption of new accounting standards

Professional and regulatory bodies frequently issue new accounting standards and guidance. Sometimes, standards are issued and become effective in the same period, providing a limited implementation phase and preventing us from including the impact in our estimated fees. In such circumstances, we will discuss with you the additional audit procedures and related fees, including matters such as the retrospective application of accounting changes and changes in classification.

Other costs

Except with respect to a dispute or litigation between Grant Thornton and PHNE, our costs and time spent in legal and regulatory matters or proceedings arising from our engagement, such as subpoenas, testimony, or consultation involving private litigation, arbitration, industry, or government regulatory inquiries, whether made at PHNE's request or by subpoena, will be billed to PHNE separately.

Professional standards impose additional responsibilities regarding the reporting of illegal acts that have or may have occurred. To fulfill our responsibilities, we may need to consult with PHNE counsel or counsel of our choosing about any illegal acts that we become aware of. Additional fees, including legal fees, will be billed to PHNE. PHNE agrees to ensure full cooperation with any procedures that we may deem necessary to perform.

Right to terminate services for nonpayment

In the event of nonpayment, we retain the right to (a) suspend the performance of our services, (b) change the payment conditions under this Engagement Letter, or (c) terminate our services. If we elect to suspend our services, such services will not be resumed until your account is paid as agreed. Alternatively, if we elect to terminate our services for nonpayment, PHNE will be obligated to compensate us for all time expended and to reimburse us for all expenses through the date of termination.

Other matters

Relationship to Grant Thornton International Ltd

Grant Thornton is the U.S. member firm of Grant Thornton International Ltd ("GTIL"), an organization of independently owned and managed accounting and consulting firms. References to GTIL are to Grant Thornton International Ltd. GTIL and the member firms are not a worldwide partnership. Services are delivered independently by the member firms. These firms are not members of one international partnership or otherwise legal partners with each other internationally, nor is any one firm responsible for the services or activities of any other firm.

Use of third-party service providers and affiliates

Grant Thornton may use third-party service providers, such as independent contractors, specialists, or vendors, to assist in providing our professional services. We may also use GTIL member firms, other affiliates, or other accounting firms. Such entities may be located within or outside the United States.

Grant Thornton intends to use the technology and resources of the following entities to assist us as follows:

- GT US Shared Services Center India Private Limited ("GTSSC"), an affiliate of Grant Thornton located in Bangalore, India – assists us in providing our professional services
- Capital Confirmation, Inc. – electronic bank confirmation services
- Harvest Investments, Ltd. – valuation of investment portfolio

You hereby consent and authorize us to disclose PHNE information to the above named entities for the purposes described above.

Use of automated data gathering tools

Grant Thornton may use automated data gathering tools developed by us, our affiliates, or third-party service providers, such as SQL scripts to extract data for further analysis for purposes of our engagement. These tools are designed to be executed by PHNE's information technology professionals within PHNE's information systems environment. You hereby consent and authorize us to use these tools only for the purpose of performing our engagement.

Peer review report

GAGAS requires that we provide you with a copy of our most recent triennial quality control review report. Accordingly, our May 31, 2011 Peer Review Report accompanies the Engagement Letter.

Hiring of personnel

PHNE acknowledges that hiring current or former Grant Thornton (or GTIL member firm) personnel participating in the engagement may be perceived as compromising our objectivity, and depending on the applicable professional standards, impairing our independence in certain circumstances. Accordingly, prior to entering into any employment discussions with such known individuals, you agree to discuss the potential employment, including any applicable independence ramifications, with the engagement partner responsible for the services.

In addition, during the term of this Engagement Letter and for a period of one (1) year after the services are completed, we both agree not to solicit, directly or indirectly, or hire the other's personnel participating in the engagement without express written consent. If this provision is violated, the violating party will pay the other party a fee equal to the hired person's annual salary in effect at the time of the violation to reimburse the estimated costs of hiring and training replacement personnel, unless the individual is hired in response to a general advertisement made available to the public.

Privacy

Grant Thornton is committed to protecting personal information. We will maintain such information in confidence in accordance with professional standards and governing laws. Therefore, any personal information provided to us by PHNE will be kept confidential and not disclosed to any third party unless expressly permitted by PHNE or required by law, regulation,

legal process, or professional standards. PHNE is responsible for obtaining, pursuant to law or regulation, consents from parties that provided PHNE with their personal information, which will be obtained, used, and disclosed by Grant Thornton for its required purposes.

Documentation

The documentation for this engagement is the property of Grant Thornton and constitutes confidential information. We have a responsibility to retain the documentation for a period of time sufficient to satisfy any applicable legal or regulatory requirements for records retention.

Pursuant to law or regulation, we may be requested to make certain documentation available to regulators, governmental agencies, or their representatives ("Regulators"). If requested, access to the documentation will be provided to the Regulators under our supervision. We may also provide copies of selected documentation, which the Regulators may distribute to other governmental agencies or third parties. You hereby acknowledge we will allow and authorize us to allow the Regulators access to, and copies of, the documentation in this manner.

Electronic communications

During the course of our engagement, we may need to electronically transmit confidential information to each other and to third-party service providers or other entities engaged by either Grant Thornton or PHNE. Electronic methods include telephones, cell phones, e-mail, and fax. These technologies provide a fast and convenient way to communicate. However, all forms of electronic communication have inherent security weaknesses, and the risk of compromised confidentiality cannot be eliminated. PHNE agrees to the use of electronic methods to transmit and receive information, including confidential information.

Standards of performance

We will perform our services in conformity with the terms expressly set forth in this Engagement Letter, including all applicable professional standards. Accordingly, our services shall be evaluated solely on our substantial conformance with such terms and standards. Any claim of nonconformance must be clearly and convincingly shown.

With respect to the services and this Engagement Letter, in no event shall the liability of Grant Thornton and its present, future, and former partners, principals, directors, employees, agents and contractors for any claim, including but not limited to Grant Thornton's own negligence, exceed the fees it receives for the portion of the work giving rise to such liability. This limitation shall not apply to the extent that it is finally determined that any claims, losses, or damages are the result of Grant Thornton's gross negligence or willful misconduct. In addition, Grant Thornton shall not be liable for any special, consequential, incidental, or exemplary damages or loss (nor any lost profits, interest, taxes, penalties, loss of savings, or lost business opportunity) even if Grant Thornton was advised in advance of such potential damages. This paragraph and the paragraph directly below shall apply to any type of claim asserted, including contract, statute, tort, or strict liability, whether by PHNE, Grant Thornton, or others.

Further, PHNE shall, upon receipt of written notice, indemnify, defend, and hold harmless Grant Thornton and its present, future, and former partners, principals, directors, employees,

agents, and contractors from and against any liability and damages (including punitive damages), fees, expenses, losses, demands, and costs (including defense costs) associated with any claim arising from or relating to PHNE's knowing misrepresentations or false or incomplete information provided to Grant Thornton. In the event of any controversy or claim against Grant Thornton arising from or related to the services described herein, Grant Thornton shall be entitled, at its option, to defend itself from such controversy or claim and to participate in any settlement, administrative, or judicial proceedings.

If because of a change in PHNE's status or due to any other reason, any provision in this Engagement Letter would be prohibited by laws, regulations, or published interpretations by governmental bodies, commissions, state boards of accountancy, or other regulatory agencies, such provision shall, to that extent, be of no further force and effect and the Engagement Letter shall consist of the remaining portions.

Dispute resolution

Any controversy or claim arising out of or relating to the services, related fees, or this Engagement Letter shall first be submitted to mediation. A mediator will be selected by agreement of the parties, or if the parties cannot agree, a mediator acceptable to all parties will be appointed by the American Arbitration Association ("AAA"). The mediation will proceed in accordance with the customary practice of mediation. In the unlikely event that any dispute or claim cannot be resolved by mediation, we both recognize that the matter will probably involve complex business or accounting issues that would be decided most equitably to us both by a judge hearing the evidence without a jury. Accordingly, to the extent now or hereafter permitted by applicable law, PHNE and Grant Thornton agree to waive any right to a trial by jury in any action, proceeding, or counterclaim arising out of or relating to our services or this Engagement Letter.

If the above jury trial waiver is determined to be prohibited by applicable law, then the parties agree that the dispute or claim shall be settled by binding arbitration. The arbitration proceeding shall take place in the city in which the Grant Thornton office providing the relevant services is located, unless the parties mutually agree to a different location. The proceeding shall be governed by the provisions of the Federal Arbitration Act ("FAA") and will proceed in accordance with the then current Arbitration Rules for Professional Accounting and Related Disputes of the AAA, except that no pre-hearing discovery shall be permitted unless specifically authorized by the arbitrator. The arbitrator will be selected from AAA, JAMS, the Center for Public Resources, or any other internationally or nationally-recognized organization mutually agreed upon by the parties. Potential arbitrator names will be exchanged within 15 days of the parties' agreement to settle the dispute or claim by binding arbitration, and arbitration will thereafter proceed expeditiously. The arbitration will be conducted before a single arbitrator, experienced in accounting and auditing matters. The arbitrator shall have no authority to award non-monetary or equitable relief and will not have the right to award punitive damages. The award of the arbitration shall be in writing and shall be accompanied by a well-reasoned opinion. The award issued by the arbitrator may be confirmed in a judgment by any federal or state court of competent jurisdiction. Each party shall be responsible for their own costs associated with the arbitration, except that the costs of the arbitrator shall be equally

divided by the parties. The arbitration proceeding and all information disclosed during the arbitration shall be maintained as confidential, except as may be required for disclosure to professional or regulatory bodies or in a related confidential arbitration. In no event shall a demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim would be barred under the applicable statute of limitations.

Authorization

This Engagement Letter sets forth the entire understanding between PHNE and Grant Thornton regarding the services described herein and supersedes any previous proposals, correspondence, and understandings, whether written or oral. If any portion of this Engagement Letter is held invalid, it is agreed that such invalidity shall not affect any of the remaining portions.

Please confirm your acceptance of this Engagement Letter by signing below and returning one copy to us in the enclosed self-addressed envelope.

Sincerely,

GRANT THORNTON LLP

Enc: Matters that can cause work in excess of fee estimate
May 31, 2011 Peer Review Report

Agreed and accepted by:

PHOENIX HOUSES OF NEW ENGLAND, INC.

_____ Date: _____

Kevin Kirchoff
Senior Vice President, Chief Financial Officer

Matters that can cause work in excess of fee estimate

We want you to receive the maximum value for our professional services and to perceive that our fees are reasonable and fair. However, in seeking to provide you with such value, we find there are various matters that can cause us to perform work in excess of that contemplated by our fee estimate. The following explains the matters that arise most frequently.

Changing requirements

Today, there are numerous governmental or rule-making bodies that regularly add or change various requirements. Although we attempt to plan our work to anticipate the requirements that will affect our engagement, three types of situations make this difficult. Sometimes, these new requirements are not communicated in time for us to anticipate their effects in our preliminary planning. Secondly, in spite of our anticipation and planning, the work necessary to comply with new requirements may be underestimated. Finally, in some instances, you may decide that it is advantageous to you to have the new requirements applied immediately.

Incorrect accounting applications or errors in your records

We generally form our fee estimates on the expectation that your accounting records are in good order so that our work can be completed based upon our normal testing and other procedures. However, should we find numerous errors, incomplete records, or disorganized bookkeeping methods, we will have to do additional work to determine that the necessary corrections have been made and properly reflected in the financial statements.

Lack of audit facilitation or timely preparation

To minimize your costs, we plan the means by which your personnel can facilitate the audit (for example, what schedules they will prepare, how to prepare them, the supporting documents that need to be provided, and so forth). We also discuss matters such as availability of your key personnel, deadlines, and working conditions. Indeed, the information concerning these matters that you furnish to us is a key element in our fee quotation. Therefore, if your personnel are unable, for whatever reasons, to provide these materials on a timely basis, it may substantially increase the work we must do to complete the engagement within the established deadlines. Moreover, in some circumstances, this may require a staff withdrawal, as discussed below.

Staff withdrawal

A staff withdrawal consists of our removing one or all staff because the condition of your records, or the inability of your personnel to provide agreed upon materials within the established timetable, makes it impossible for us to perform our work in a timely, efficient manner, as established by our engagement plan. Sometimes, a complete staff withdrawal is necessary to permit an orderly audit approach. A staff withdrawal is not necessarily an adverse reflection on your personnel. However, it involves additional costs, as we must reschedule our personnel, incur additional start-up costs, and so forth, to prevent total engagement costs from increasing significantly.

Unforeseen events

Even though we communicate frequently with clients and plan our engagement with management and their staff, unforeseen events can occur. Examples include accounting problems, litigation, changes in your business or business environment, contractual or other difficulties with suppliers, third-party service providers, or customers, and so forth. When those circumstances occur, additional time is needed to provide you with assistance and to complete our engagement in accordance with professional standards.

New award programs or program non-compliance

Our fee estimates assume that award programs audited as major will remain relatively consistent with prior years. When new awards are received, it may require us to audit additional programs to achieve the appropriate testing coverage. In such circumstances, additional fees may be incurred beyond what was previously contemplated. Furthermore, if the results of our procedures identify material program noncompliance or internal control deficiencies, which require extensive research or discussions with the cognizant, oversight, or funding agency, an expansion of our audit scope and additional audit fees may result.

Again, we emphasize that we strive to give you optimum value for our professional services. Fee quotations are provided based upon the facts and circumstances that you describe to us. However, unlike the sale of products, the performance of professional services is affected by many variables, such as the foregoing, which may cause fee estimates to change.

VI. Fiscal 2014 Audit Representation Letter (Draft)

September __, 2014

Grant Thornton LLP
666 Third Avenue
13th Floor
New York, NY 10017
Attn: Dennis Morrone
Dear Sir or Madam:

We are providing this letter in connection with your audits of the financial statements of Phoenix Houses of New England, Inc. ("PH New England"), which comprise the statements of financial position as of June 30, 2014 and June 30, 2013 and the related statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements. We understand that your audits were made for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

We have fulfilled our responsibility, as set out in the terms of the Engagement Letter, for the preparation and fair presentation in the financial statements of financial position and the statement of operations and changes in net assets and cash flows in accordance with US GAAP. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud, including programs and controls to prevent and detect fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of the surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, as of September _____, 2014, the following representations made to you during your audits.

1. The financial statements referred to above, including the related notes, have been prepared and are fairly presented in accordance with US GAAP.

2. We have prepared an accurate and complete Schedule of Expenditures of Federal Awards in accordance with OMB Circular A-133 and New England Uniform Grant Management Standards ("UGMS"), respectively, for the year ended June 30, 2014 and have included expenditures made during the period being audited for all awards provided by federal agencies in the form of grants, federal cost-

reimbursement contracts, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance.

3. We have provided you with:
   a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements, including all financial records, documentation of internal control over financial reporting, and related information.
   b. Additional information you have requested for audit purposes.
   c. Unrestricted access to persons from whom you determined it necessary to obtain audit evidence.
   d. Minutes of the meetings of Boards of Directors and Committees of Directors or summaries of actions of recent meetings for which minutes have not yet been prepared. All significant board and committee actions are included in the summaries.

4. There have been no communications, written or oral, from regulatory agencies or others concerning noncompliance with, or deficiencies in, financial reporting practices.

5. All transactions have been recorded in the accounting records and are reflected in the financial statements. The adjusting journal entries for the year ended June 30, 2014, which have been proposed by you, are approved by us and will also be recorded in PH New England's accounting records, except as disclosed to you in the following representation #6 of this letter.

6. We believe that the effects of the uncorrected financial statement misstatements, including omitted disclosure outlined in representation #35 of this letter and in the accompanying schedule (Appendix A) are immaterial, both individually and in the aggregate, to the financial statements as a whole.

7. We have considered the results of subrecipient audits and believe there are no adjustments that are necessary to our books and records.

8. There are no significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting of which we are aware.

9. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud. We have no knowledge of fraud or suspected fraud affecting PH New England involving:
   a. Management;
   b. Employees who have significant roles in internal control; or,
   c. Others where the fraud could have a material effect on the financial statements.

10. We have no knowledge of any allegations of fraud or suspected fraud affecting PH New England's financial statements received in communications from employees, former employees, analysts, regulators, or others.

11. We have identified and disclosed to you all laws, regulations, contracts, and grant agreements and other matters that have a direct and material effect on the determination of financial statement amounts.

12. There are no violations or possible violations of, or known instances of noncompliance or suspected noncompliance with, laws, including those related to Medicare and Medicaid antifraud and abuse statutes, including but not limited to the Anti-Kickback Statute, Limitation on Certain Physician Referrals (commonly referred to as the "Stark Law"), and the False Claims Act, in any jurisdiction, as well as charitable registration laws; regulations; contracts, grant agreements; donor restrictions or other matters whose effects should be considered by management when preparing the financial statements, as a basis for recording a loss contingency or for auditor reporting on noncompliance. We have complied with all laws, including charitable registration laws; regulations; contracts; grant agreements; donor restrictions; and other matters.

13. We have established and maintained a process to address and track the status of audit findings, conclusions, and recommendations. We have provided to you our views on such matters, as well as planned corrective actions to be included in the report. We have also identified and informed you of findings and recommendations from previous audits, attestation engagements, or other studies that could have a material effect on the financial statements and whether any related recommendations were implemented or corrective actions taken.

14. PH New England's assets and liabilities are appropriately classified and releases from restriction and reclassifications for the years ended June 30, 2014 and 2013 between net asset categories are reasonable, appropriate and in accord with relevant donor stipulations.

15. PH New England has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

16. The financial statements include all assets and liabilities under PH New England's control.

17. We have disclosed to you the identity of PH New England's related parties and all related party relationships and transactions of which we are aware. Related party relationships and transactions and related amounts receivable from or payable to related parties (including sales, purchases, loans, transfers, leasing arrangements, and guarantees) have been properly accounted for and disclosed in the financial statements in accordance with US GAAP.

    We understand that "related parties" include (1) affiliates of the Entity; (2) entities for which investments in their equity securities would be required to be accounted for by the equity method by the investing entity; (3) trusts for the benefit of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management; and (4) management of the Entity and members of their immediate families.

    Related parties also include (1) other parties with which the Entity may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests; and (2) other parties that can significantly influence the management or operating policies of the transacting parties or that have an ownership interest in one of the transacting parties and can significantly influence the other to an

extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

18. Significant estimates and material concentrations known to management that are required to be disclosed in accordance with US GAAP (*FASB Accounting Standards Codification*™ (ASC) 275, *Risks and Uncertainties*) are properly disclosed in the financial statements.

    Significant estimates are estimates at the date of the statement of financial position that could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.

19. The methods and significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable, consistently applied, and result in a measurement appropriate for financial statement and disclosure purposes. Disclosures related to these estimates and fair value measurements are adequate, complete, and accurate. No events have occurred subsequent to the date of the financial statements through the date of this letter that would require adjustment to these estimates and fair value measurements, or the related disclosures included in the financial statements.

20. There are no guarantees, whether written or oral, under which PH New England is contingently liable.

21. There are no known actual or possible litigation, claims, or assessments that our legal counsel has advised us are probable of assertion whose effects should be considered by management when preparing the financial statements and that should be accounted for and disclosed in accordance with US GAAP (ASC 450, *Contingencies*).

22. There are no other liabilities or gain or loss contingencies that are required to be accounted for or disclosed in accordance with US GAAP (ASC 450, *Contingencies*).

23. PH New England has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets, nor has any asset been pledged as collateral, except with respect to two properties in Springfield, MA for two mortgages to the Citizens Bank of Rhode Island.

24. PH New England has adequate controls over the receipt and recording of contributions, grants and contracts and contributed services.

25. An appropriate composition of assets needed to comply with all donor restrictions has been maintained.

26. The basis for the allocation of expenses is reasonable and complies with the requirements of PH New England's various funding sources for the years ended June 30, 2014 and 2013.

27. PH New England is a tax-exempt organization under the Internal Revenue Code. In addition, PH New England has maintained its tax-exempt status by conducting activities within the scope of its exemptions granted by the Internal Revenue Service.

28. Third-party payor programs in which PH New England participates are based upon complex laws and regulations. Noncompliance with such laws and regulations could result in fines, penalties and exclusion from such programs. PH New England is not aware of any known or any allegation of noncompliance that could have a material adverse effect on its financial statements and management believes that PH New England is in compliance with all applicable laws and regulations.

29. PH New England' contract revenues are subject to audit and possible adjustment by third-party payors. The effects of any such adjustments are recorded when reasonably determinable. Any revenue of this nature or any costs disallowed by the grantor would be absorbed by PH New England; however, it is management's opinion that disallowances, if any, would not be material to its financial statements.

30. At June 30, 2014 and 2013, ASC 410, *Asset Retirement and Environmental Obligations*, did not have a material effect on PH New England' financial statements. Accordingly, management has not disclosed or recorded a liability for an asset retirement obligation associated with any of its properties.

31. At June 30, 2014, PH New England has recorded receivables on its financial statements that represent valid claims against government agencies or other debtors on or before the statement of financial position date and have been appropriately assessed for collectability by management. It is management's opinion that the receivables outstanding at June 30, 2014 are presented at their net realizable value.

32. PH New England has not entered into any derivative or hedging arrangements as of June 30, 2014 and through the date of this letter.

33. PH New England has not entered into any transactions or activities, which could potentially negatively impact its tax-exempt status.

34. PH New England agrees with its third-party consultant's assessment of claims incurred but not reported for fiscal 2014 and has reasonably estimated/reported a liability as of June 30, 2014 for such claims based on the best available information including past claims experience and actual claims reported subsequent to year-end.

35. PH New England has opted not to disclose in the footnotes to its 2014 financial statements its commitments due under capital lease obligations as PH New England deems this omitted disclosure to be immaterial.

36. PH New England is contingently liable under various claims, which have arisen, in the ordinary course of its business. In the opinion of management, the claims will be defended as appropriate and, in certain cases, are adequately covered by insurance and the resolution of which will not have a material effect upon the financial position, changes in net assets or cash flows of PH New England.

37. PH New England's title to the facility located in Exeter, RI, is subject to a right of reversion held by the State of Rhode Island if PH New England, or its designee, fails at any time within 25 years from the date of execution of the deed to comply with all terms and conditions set forth in the deed and related attachments. The deed was executed on November 20, 1990. Terms of the deed include, among other pertinent provisions, that the property be used to provide long-term residual drug dependency treatment, provide for the increase of current drug dependency treatment slots, conduct research into efficient

treatment methods and length of stay, and provide individual and group counseling and training. PH New England believes that it has and will continue to operate this facility consistent with these stated purposes and has included this facility within property and equipment on its 2014 and 2013 statements of financial position.

38. ASC 740, *Income Taxes*, requires that a tax position be recognized or derecognized based on a "more likely than not" threshold. This applies to positions taken or expected to be taken in a tax return. ASC 740 did not have an impact on PH New England' 2014 and 2013 financial statements. PH New England does not believe its financial statements include any uncertain tax positions.

39. We will make the audited financial statements readily available to the intended users of the Schedule of Expenditures of Federal Awards no later than the issuance date of the Schedule of Expenditures of Federal Awards and the auditor's report thereon.

40. PH New England is not subject to the California Nonprofit Integrity Act of 2004 (SB 1262) and there were no changes in circumstances that would change this determination.

41. PH New England's debt arrangements do not have any covenants with which it must comply as of June 30, 2014 and 2013.

42. All events subsequent to the date of the financial statements through the date of this letter and for which US GAAP requires recognition or disclosure in the 2014 financial statements have been recognized or disclosed.

Very truly yours,

VII. Finance Committee Resources

Bringing meaningful information to our clients

As a Not-for-Profit, you must always stay up to date on the latest developments, current challenges and practical solutions, as well as emerging industry knowledge and research. You also need to convey vital information to those you serve in a helpful yet authoritative manner, supplying both industry information and expert opinion on the most effective approach to a wide range of issues. At Grant Thornton, our clients expect the very same from us. That is why we provide timely alerts, surveys and newsletters to keep you informed on issues that may affect your organization.

Your challenges are our focus. Through events (in person and via webcast), publications and sponsorships, our goal is to guide and assist you with meaningful thought leadership.

Events and sponsorships

We offer customized, continued professional education sessions delivered by firm professionals to your boardroom, management teams and those charged with governance.

Finance Committee Resources (continued)

Surveys, newsletters and alerts

ForwardThinking is a timely newsletter that highlights best practices for governance of tax-exempt organizations and provides board and committee members with timely information on current governance issues. Recent issues include:

- Grant Thornton Guide to W-2 reporting of group health insurance costs (issue no. 22)
- Guide to intermediate sanctions for compensation paid to NFP executives (issue no. 21) Safeguarding data privacy (issue no. 20)
- Gazing into the crystal ball: Our predictions for the not-for-profit tax landscape in 2020 (issue no. 19)
- Cloud computing: What you need to know before making the change (issue no. 18)
- Assessing functional expense allocations and related methodologies (issue no. 17)

Serving on the Board of a Not-for-Profit Organization is a booklet offering guidance and best practices for board members of not-for-profit organizations.

Serving on the Audit Committee of a Not-for-Profit Organization is a booklet offering guidance and best practices for audit committee members of not-for-profit organizations.

Tax Hot Topics is a biweekly newsletter written by the tax professionals in our National Tax Office. To make the right choices for your business, you need the latest information on a wide range of tax issues, e.g., IRS rulings, litigation, and state, local and international tax developments.

Finance Committee Resources (continued)

Surveys, newsletters and alerts

NFP Tax Alerts are issued by Grant Thornton's Board Governance Institute. Not-for-Profit Tax Alerts provide you with timely notification of tax issues affecting not-for-profit organizations.

NFP 2014 Grant Thornton Webcast Series is a series of national webcast topics for not-for-profit organizations which provide for 1.5 CPE credits per webcast. In 2014, Grant Thornton will host the following webcasts:

- *September 10, 2014:* The Role of Board Governance and the Organization's Culture of Ethics
- *September 23, 2014:* Enhancing IT Effectiveness Within Your Organization
- *October 22, 2014:* Hot Topics in Compensation and Benefits for Not-for-Profit Entities
- *November 12, 2014:* The State of ERM in Not-for-Profit Organizations

*Please note above dates are subject to change.

1975 Queens College, City University of New York

RESUME

Richard C. Turner

EDUCATION

M.P.A. University of Vermont, Burlington, VT - 1991

B.A. Baldwin Wallace College, Berea, Ohio - 1971
Major: Sociology; Minor: Philosophy

Many hours and a variety of specialized management and supervisory training programs

EMPLOYMENT

3-1-06 to present Vice President and Senior Program Director, Vermont and New Hampshire
Phoenix Houses New England, Inc.
131 Wayland Ave.
Providence, RI 02906

Executive leadership, management, program development, and customer relation activities for the Phoenix house programs in the state of Vermont. Vermont and New Hampshire operate Transitional Living Houses, residential programs outpatient services, an adolescent program, a first time DWI educational program, an evidence based curriculum program for the VT Department of Corrections and an in prison women's substance abuse services program..

1-2005 to present President, Richard Turner Consulting, LLC
99 Ricks Road
Plymouth, VT 05056

Principle owner of a consulting company that has helped agencies organize and manage their operations. Work projects since the agency began have been:

- Facilitating a physical plant strategic plan with Maple Leaf Farm, a residential substance abuse treatment facility.
- Coordinating a substance abuse coalition in Burlington, VT,
- Serving as an Interim Director of Central Vermont Substance Abuse Services, a non profit outpatient substance abuse clinic, in Barre, VT.

- Managing a project on developing a universal screening process for adolescent co-occurring disorders for Washington County, VT

10-2003 – 10-2004 Executive Director of Maple Leaf Farm, Associates
PO Box 120
10 Maple Leaf Rd.
Underhill, VT 05489

Executive leadership and management activities for a 33 bed, non-profit substance abuse treatment facility. Medical detoxification and a clinical treatment are the primary activities for the facility. Regular interaction with the Board of Directors and community stakeholders was important and negotiating with revenue providers and fundraising was conducted regularly.

1992 – 2013 Adjunct Instructor
Community College of Vermont
Trinity College
University of Vermont
Champlain College
Burlington, Vermont

Part time faculty teaching "Introduction to Corrections"; "Correctional Management"; "Juvenile Justice"; "Addictions and Substance Abuse"; and "First Year Seminar" at the above Colleges. Most recent teaching has been at Champlain College.

1992 – 10-2003 Director of Correctional Services,
Vermont Department of Corrections,
103 South Main Street, Waterbury, VT
Supervisor: Steven Gold, Commissioner

Executive responsibility for all correctional services for the Vermont Department of Corrections. Correctional Services include all offender education, program services, work programs, security and supervision conducted in nine correctional facilities and eighteen district offices. Offenders include pre-trial detainees, probationers, incarcerated to short-term and long-term status, pre-release, work release, furloughees, intermediate sanctions and parolees. Duties are conducted through direct supervision of Department executives and operating managers. Fiscal year 2003 operating budget - $95 million, 12,000 probationers and parolees, 2,000 incarcerated, 1500 on intermediate sanction and 1000 employees. Primary leader in the organizational structure, primary leader in the service delivery structure. Retired in October of 2003.

1972 - 1992 Director of Security and Operations, Superintendent, Assistant Superintendent, Casework Supervisor, Caseworker, Residential Treatment Counselor and Correctional Officer
Vermont Department of Corrections
103 South Main Street, Waterbury, VT
Supervisor: Thomas E. Perras, Deputy Commissioner

Responsibilities included executive management and policy level direction setting for the Department's correctional institutions and probation and parole Offices. Direct supervision of four Area Managers and the Division of Correctional Services central office staff. Primary program and design developer for two 350 bed medium security institutions, a 100 bed Work Camp, and a variety of other construction projects. Other responsibilities during the career included executive supervision of a couple of correctional facilities, major correctional program development activities and a variety of direct service activities in the beginning of the career; one of which was a Residential Treatment Counselor in a minimum security correctional facility that provide substance abuse counseling for alcohol and drug related offenders.

RESEARCH AND PROFESSIONAL PROJECTS

1974 Faculty member of the New England School of Alcohol Studies.

Objective

To continue employment at Phoenix House.

Experience

August of 2008-Present — Phoenix House Franklin Center — Franklin, NH

Assistant Director

- Licensed Alcohol and Drug Counselor as of December 8th, 2011
- Lead education groups, process groups, individual sessions
- Trained in Seeking Safety, Motivational Interviewing
- Completing paperwork including: intake, ASI, progress notes, discharge summaries
- Manages administrative duties including: petty cash, check requests and billing third parties
- Working towards Licensed Clinical Supervisor credential
- Involved in Franklin Mayor's Drug Task Force, United Way Capital Region Community Prevention Coalition
- Connect Prevention and Postvention Level One Trainer

November of 2003-December of 2010 — Centerplate (Boston Culinary Group and Keiley's) At Gunstock Mountain Resort — Gilford, NH

Line Cook, Cashier, and Wait Staff

- Operate the cash register
- Customer Service
- Short order cooking, prepping food, supervising buffet lines during functions

June of 2007- August of 2008 (Seasonal) — The Lodge at Belmont — Belmont, NH

Assistant Racing Secretary

- Help operate the racing department
- Help manage approximately twenty staff, responsible for hiring and terminating employees
- Completing hire paperwork, paperwork for social security

June 2005- August 2008 — Napa Auto Parts — Meredith, NH

Parts Salesman

- Responsible for answering phones
- Responsible for keeping the store clean, stocking shelves
- Customer Service Skills

Education

September of 2005 to May of 2008 — New Hampshire Technical Institute — Concord, NH

Associates in Science- Addiction Studies

- Graduated honors with 3.38 GPA
- Vice President of The Human Services Club
- Member of the Student Leadership Team
- Awarded the Glenn Brewster Award for achievement in my degree major

Jennifer Parker

September of 2010- May 2013 | Plymouth State University | Plymouth, NH

Bachelor's in Psychology- Concentration in Mental Health Candidate

- Completed six semesters (three with honors)

June 2013- present | Southern NH University | Manchester, NH

Bachelor's in Psychology- Concentration in Substance Abuse Candidate

- Completed six semesters
- Inducted into the National Society of Leadership and Success (honor society)

Other Community Involvement

September 2011- Present | Belmont Bogie Busters | Belmont, NH

Director from March 2012- Present

- Responsible for overseeing voting
- Organize and run fundraisers throughout the community to benefit Camp Sno Mo (Easter Seals of NH)
- Participate in Old Home Day festivities
- Help maintain snowmobile trails in Belmont

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated May 4, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Phoenix Houses of New England, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 99 Wayland Avenue, Suite 100, Providence, RI 02906.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #108) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A), (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99) and (Amendment #3 to the Contract) approved on December 23, 2014 (Item #16) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to extend the completion date by six (6) months and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.7 Completion Date by extending the date to December 31, 2015.

3. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $5,251,303.50.

4. Amend General Provisions (Form P-37), Block 1.9 Contracting Officer for State Agency, to read: Eric Borrin, Director Contracts and Procurement.

5. Amend General Provisions (Form P-37), Block 1.10 State Agency Telephone Number, to read: (603) 271-9558.

6. Delete in its entirety, Exhibit A Amendment #3, Scope of Services and replace with Exhibit A Amendment #4, Scope of Services.

7. Delete in its entirety, Exhibit B Amendment #3, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #4, Method and Conditions Precedent to Payment.

Scope of Services

A. Population Served

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. Required Treatment Services

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table

Required Services	Treatment Services
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Contractor Initials: _____
Date: 4/17/15

Exhibit A Amendment #4

Service Table	
Required Services	**Treatment Services**
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women -*** Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women -*** High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Contractor Initials: [signature]
Date: 6/5/15

Exhibit A Amendment #4

Service Table	
Required Services	**Treatment Services**
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.
X	Medication Assisted Treatment with Buprenorphine – Phase I The Contractor will develop a work plan, for DHHS approval, for integrating medication assisted treatment with buprenorphine into the treatment services denoted by an "X" described above. The Contract may seek technical assistance in developing this plan through the New Hampshire Center for Excellence. The Contractor will bill for staff time only, as described in Exhibit B, during Phase 1. The Contractor's work plan will include at a minimum the following: • The steps to be taken to begin offering medication assisted treatment with buprenorphine, including the responsible individuals and expected timing. • The provider(s) you will work with for prescription and medical oversight of buprenorphine, including a Memorandum of Understanding with each provider regarding billing and payment practices and how the parties will interact to ensure that integrated care is provided.

C. *Required Provisions for Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.

Contractor Initials: _____
Date: 6/9/15

2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:
New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the

Contractor Initials: PM
Date: 6/5/18

day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.
Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed

by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.

- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:

When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:

The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.

- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety

codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants

Contractor Initials: BM
Date: 6/21/17

related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance

Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working

Contractor Initials: [illegible]
Date: 6/13/13

toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Contractor Initials: _____
Date: 2/3/15

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form*. To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice

Contractor Initials: [signature]
Date: 6/25/15

message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

Contractor Initials: [signature]
Date: 6/1/15

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $ $781,014.50 as follows:

- 48% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 23% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 29% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount
X	Medication Assisted Treatment Phase 1 Planning and Phase 2 Implementation: Staff Time	$30 per hour per staff person	Up to $3,360.00

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.

v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services (except for Medication Assisted Treatment Staff Time for Phase I and Phase II), defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor will use the Department supplied billing sheet to complete billing for Medication Assisted Treatment Staff Time for Phase I and Phase II.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Date 6/5/15

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   1.2. Establishing an ongoing drug-free awareness program to inform employees about
      1.2.1. The dangers of drug abuse in the workplace;
      1.2.2. The grantee's policy of maintaining a drug-free workplace;
      1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
      1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
      1.4.1. Abide by the terms of the statement; and
      1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
   1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, state, zip code) (list each location)

Check ☐ if there are workplaces on file that are not identified here.

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
    11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Sole Source

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services, to amend existing **Sole Source** agreements with two of fifteen vendors by increasing the price limitations by $296,844, from $22,333,404 to $22,630,248 in the aggregate, for a continuum of substance abuse treatment services statewide, effective date of Governor and Executive Council approval through June 30, 2015. There is no change to the original end date of June 30, 2015. These agreements were originally approved by Governor and Executive Council on June 20, 2012, (Item 108 and 102), and were subsequently amended on June 5, 2013, (Item 102A), and on June 18, 2014, (Item 99). 46% Federal, 54% General.

Summary of contracted amounts by vendor:

Contractor	Current Budget	Increase/ Decrease Amount	Revised Modified Budget
Child & Family Services, Manchester, NH	$ 260,409	$ 0	$ 260,409
Concord Hospital, Concord, NH	$ 223,218	$ 0	$ 223,218
Families First of the Greater Seacoast, Portsmouth, NH	$ 86,766	$ 0	$ 86,766
Families in Transition, Manchester, NH	$ 997,590	$ 0	$ 997,590
Grafton County, North Haverhill, NH	$ 208,233	$ 0	$ 208,233
Greater Nashua Council on Alcoholism, Nashua, NH	$ 4,070,835	$ 0	$ 4,070,835
Headrest, Inc., Lebanon, NH	$ 754,350	$ 0	$ 754,350
Horizons Counseling Center, Inc., Gilford, NH	$ 568,728	$ 0	$ 568,728
Manchester Alcoholism Rehabilitation Center, Manchester, NH	$ 3,361,797	$ 0	$ 3,361,797
The Mental Health Center of Greater Manchester, Inc., Manchester, NH	$ 81,342	$ 0	$ 81,342
Phoenix Houses of New England, Inc., Providence, RI	$ 4,372,470	**$ 97,819**	$ 4,470,289
National Council on Alcoholism and Drug Dependence of Greater Manchester, Manchester, NH	$ 1,297,404	$ 0	$ 1,297,404
Southeastern New Hampshire Alcohol and Drug Abuse Services, Dover, NH	$ 3,989,508	$ 0	$ 3,989,508
Tri-County Community Action Program, Berlin, NH	$ 1,835,715	**$199,025**	$ 2,034,740
The Youth Council, Nashua, NH	$ 225,039	$ 0	$ 225,039
Totals	$22,333,404	$296,844	$22,630,248

Funds to support this request are available in the following accounts in SFY 2015, with authority to adjust amounts within the price limitation without further approval from Governor and Executive Council.

05-95-49-491510-2989 HEALTH AND SOCIAL SERVICES, HEALTH AND HUMAN SVCS DEPT OF, HHS: DIV OF COMM BASED CARE SVC, BUREAU OF DRUG & ALCOHOL SVCS, GOVERNOR COMMISSION FUNDS

		Subtotal	$17,946,228	$231,539	$18,177,767
		Grand Total	$22,333,404	$296,844	$22,630,248

EXPLANATION

These **sole source** actions are requested to ensure the continued provision of a statewide continuum of substance abuse treatment services for SFY 2015. Two anticipated vendors declined to contract for the provision of these services, creating a coverage gap. These two amendments close the coverage gap, ensuring services are available statewide for the remainder of SFY 2015. In June 2014, the Department sought Governor and Executive Council approval for amendments with 15 of the affected vendors out of the original 17 that were formerly providing services. Two vendors chose not to continue their agreements, creating a gap in available services in the Monadnock and North Country regions. Tri County Community Action Program and Phoenix Houses of New England, Inc. have agreed to increase their service capacity for these regions ensuring that area residents in need of these services have sufficient access. In combination, the full statewide continuum of services will be provided to the population served. The entire statewide continuum of services includes community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, along with specialized treatment services for pregnant and parenting women and their children.

Funds provided through these agreements are used to support services for individuals who are not eligible for Medicaid or the NHHPP, and services not otherwise covered by Medicaid or the NHHPP. The target population for the services provided through these agreements are for individuals that are either unable to pay for services or able to pay only part of the cost of services, who have or are suspected of having an alcohol or other drug abuse problem, and who are residing in NH.

Should the Governor and Executive Council determine to not authorize this request individual access to these services for these two regions will continue to be diminished as a result of lower provider capacity – leaving people that suffer from substance use disorders waiting for services that could mean the difference between sobriety and overdose. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service may place that Block Grant in jeopardy.

Area served: Statewide

Source of Funds: 46% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, CFDA #93.959, Federal Award Identification Number TI010035-14 and 54% General.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Diane M. Langley
Director

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This 3rd Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 3") dated this 12th day of November, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Phoenix Houses of New England, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 99 Wayland Avenue, Suite 100, Providence, RI 02906.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, (item # 108), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013, (Item # 102A), and further amended by an agreement (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, the State may amend the Contract by written agreement of the parties;

WHEREAS, the State and the Contractor have agreed to add new services to the Agreement;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amend Form P-37, Block 1.8 to read $4,470,289
2) Delete Exhibit A Amendment #2 and replace with Exhibit A Amendment #3
3) Delete Exhibit B Amendment #2 and replace with Exhibit B Amendment #3
4) Delete Exhibit C and replace with Exhibit C Amendment #1
5) Add Exhibit C-1
6) Delete Exhibit G and replace with Exhibit G Amendment #1

Contractor Initials: _____
Date: 11/24/14

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Exhibit A Amendment #3

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women*** - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: BR
Date: 11/24/14

	pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - ***Pregnant Women*** - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. ***Required Services***

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

The Contractor will submit a detailed description of the language assistance services they will provide to persons with Limited English Proficiency to ensure meaningful access to their programs and/or services, within ten (10) days of the contract effective date.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer

clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services, and in accordance with Exhibit B Amendment #3.

For the period of July 1, 2014 to June 30, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $1,555,309 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A Amendment #3, paragraph B. The following terms and conditions detailed in this Exhibit B Amendment #3 shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

Contractor Initials: _____
Date: 11/24/14

X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14; at least three percent (3%) of the funding for the period of July 1, 2014 to June 30, 2015 must be utilized for Outpatient and/or Intensive Outpatient Services.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the

time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A Amendment #3 section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period, and at least three percent (3%) of the funding for the period of July 1, 2014 to June 30, 2015 must be utilized for Outpatient and/or Intensive Outpatient Services. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

The remainder of this page is intentionally left blank.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $5,000,000.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

Please see Attachment A for financial details

EXPLANATION

These **sole source** actions are requested to provide a continuum of substance abuse treatment services for SFY 2015 as the healthcare landscape in New Hampshire rapidly changes with the implementation of the New Hampshire Health Protection Program (NHHPP). Under the New Hampshire Health Protection Program a substance use disorders benefit will be made available in New Hampshire on a limited Medicaid basis for the first time. As a result of these changes and the immediacy with which the New Hampshire Health Protection Program is being implemented, the Department determined it was necessary to put forth a sole source amendment for this transition year. This Requested Action to approve 15 of 15 amendments totaling $7,444,467 is anticipated to be spent state-wide for services that include community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children. Funds are used to support services for individuals who are not eligible for Medicaid or the New Hampshire Health Protection Program and for services not covered by these programs. See Matrix of Services (Attachment B).

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. Previously, the contractors have established rates and sliding fee scales independently; however, for SFY15, Bureau of Drug and Alcohol Services established a universal sliding fee scale for all contracted providers. The required universal sliding fee scale along with standardized service rates will ensure that clients bear the same degree of financial responsibility regardless of which Bureau of Drug and Alcohol Services contracted provider they access services with.

These contracts will continue to allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs of clients within particular regions of the state. Furthermore, the payment structure built into these contracts incentivizes practices that lead to positive client outcomes such as: abstinence, involvement in employment and/or education, and lack of involvement with the criminal justice system.

The following data illustrate the critical need for substance abuse treatment in New Hampshire. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration provides incidence rates for the 12 and over population in New Hampshire. Data collected in 2011/2012 provided the following rates:

- Alcohol Dependence or Abuse: 86,548 (6.79% of population)
- Illicit Drug Dependence or Abuse: 32,160 (2.76% of population)

- Needing but not receiving treatment for alcohol abuse: 73,949 (6.55% of population)
- Needing but not receiving treatment for illicit drug use: 28,563 (2.53% of population)

Recently, heroin and prescription drug use and the consequences of that use have reached epidemic proportion in New Hampshire:

- According to the 2011-2012 National Survey on Drug Use and Health, the rate of New Hampshire's young adults (ages 18 to 25) who reported non-medical use of pain relievers was the 11TH highest of all states, with 11.6% reporting abuse in the past year
- In the last ten years, the number of people admitted to state funded treatment programs rose by 90% for heroin use and by 500% for prescription opiate abuse. The sharpest increase was between 2012 and 2013.
- According to the New Hampshire State Police Forensic Laboratory, of traffic stops and arrests leading to a blood or urine test in 2012, 13%, or 704 arrests, involved heroin
- In 2011, drug-related deaths peaked at 200, more than ever before and four times as many deaths as in 2000, with 80% of drug deaths involving prescription medication, primarily opioid pain relievers

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment services could result in the loss of Federal Block Grant funds made available for these services.

The vendors were originally selected for these agreements through a competitive bid process. The original contracts for SFY 2013 were approved by Governor and Counsel on June 20, 2012, (Items 96, 97, 99 – 110, 112). Amendments for SFY 2014 were approved on June 5, 2013 (Item # 102A), except Grafton County approved on July 10, 2013 (Item # 50) and The Youth Council on June 19, 2013 (Item # 134), with this request providing services for the period July 1, 2014 to June 30, 2015. These amendments represent level funding of all vendors.

This Governor and Executive Council package includes the amendment #2 and a copy of the Governor and Council Letters for amendment #1 and for the original contract for each contractor. An electronic copy of amendment #1 for each contractor can viewed on line at http://sos.nh.gov/GC2.aspx.

The following performance measures will be used to assess the effectiveness of the agreements:

- The timeliness with which providers respond to calls requesting services within 5 business days to conduct initial eligibility screening.
- A $75.00 payment will be paid to the treatment contractor for each client who either completes or transfers to another treatment provider for continuing services.
- A $50.00 client follow-up fee will be paid to the treatment contractor at 3 months and again at 6 months post-discharge for each client who is contacted for follow-up and who meets at least 3 of the outcome criteria below:
    - Abstinence: The client reports reduced or no substance use in the past 30 days.
    - Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
    - Crime and Criminal Justice: The client reports no arrests in the past 30 days.
    - Stability in Housing: The client reports being in stable housing.
    - Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

Area served: State-wide

Source of Funds: 52.9% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant and 47.1% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Diane Langley
Director

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This 2nd Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 2") dated this 15th day of May 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Phoenix Houses of New England, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 99 Wayland Avenue, Suite 100, Providence, RI 02906.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, (item # 108) and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013, (Item # 102A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, the State may amend the Contract by written agreement of the parties; and;

WHEREAS, the parties agree to extend the current contract by one year.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amend Form P-37, Block 1.6 to read:
   a) 05-95-49-491510-29890000-102-500734
   b) 05-95-49-491510-29900000-102-500734
2) Amend Form P-37, Block 1.7 to read June 30, 2015.
3) Amend Form P-37, Block 1.8 to read $4,372,470
4) Delete Exhibit A and replace with Exhibit A Amendment #2
5) Delete Exhibit B and replace with Exhibit B Amendment #2

Contractor Initials: MA
Date: 5/22/14

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
	Outpatient Treatment (ASAM Level 1) - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women – Outpatient Treatment as identified above provided to pregnant & parenting women.
	Intensive Outpatient Treatment (ASAM Level 2.1) – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women*** - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: _____
Date: 5/23/19

	pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women*** - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $1,457,490 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
	Outpatient – Group	$5.00/unit	
	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

Contractor Initials: RM
Date: 5/22/14

X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

   A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for

Contractor Initials: RC
Date: 5/22/14

services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Contractor Initials: _____
Date: 4/22/14

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services, to exercise renewal options with vendors by increasing the price limitations by $7,596,887 in aggregate from $7,596,890 in aggregate to $15,193,777 in aggregate for a continuum of substance abuse treatment services state-wide and extending the completion date from June 30, 2013 to June 30, 2014, effective July 1, 2013 or date of Governor and Council approval, whichever is later.

Summary of contracted amounts by vendor:

Vendor	Amount
Child and Family Services of New Hampshire	$86,803
Concord Hospital, Inc.	$74,406
Families First of the Greater Seacoast	$28,922
Families in Transition	$332,530
Greater Nashua Council on Alcoholism	$1,356,945
Headrest, Inc.	$251,450
Horizons Counseling Center, Inc.	$189,576
Manchester Alcoholism Rehabilitation Center	$1,120,599
The Mental Health Center of Greater Manchester, Inc.	$27,114
Monadnock Family Services	$97,819
Northern Human Services	$199,025
Phoenix Houses of New England, Inc.	$1,457,490
National Council on Alcoholism and Drug Dependence of Greater Manchester	$432,468
Southeastern New Hampshire Alcohol and Drug Abuse Services	$1,329,836
Tri-County Community Action Programs, Inc.	$611,904
TOTAL	$7,596,887

Funds to support this request are anticipated to be available in the following accounts in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts within the price limitation and amend the related terms of the contracts without further approval from Governor and Executive Council.

05-95-49-491510-2989 HEALTH AND SOCIAL SERVICES, HEALTH AND HUMAN SVCS DEPT OF, HHS: DIV OF COMM BASED CARE SVC, BUREAU OF DRUG & ALCOHOL SVCS, GOVERNOR COMMISSION FUNDS (100% General Funds)

05-95-49-491510-2990 HEALTH AND SOCIAL SERVICES, HEALTH AND HUMAN SVCS DEPT OF, HHS: DIV OF COMM BASED CARE SVC, BUREAU OF DRUG & ALCOHOL SVCS, CLINICAL SERVICES (34.4% General 65.6% Federal)

Please see attachment for financial details

EXPLANATION

The requested action seeks approval of 15 of 17 agreements that represent $7,596,887 of the $7,741,314 total anticipated to be spent state-wide to provide a continuum of substance abuse treatment services via the accounting codes listed. These services include community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children. This request seeks to exercise the renewal option that exists within each of the vendor contracts. The Department anticipates that the remaining two agreements will be presented to Governor and Executive Council on June 19, 2013.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, these contracts will continue to allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The vendors were originally selected for this agreement through a competitive bid process. This request covers services for the period July 1, 2013 to June 30, 2014, and anticipates exercising the option to renew for one additional year as provided all of the previous vendor contracts, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with the listed vendors in State Fiscal Year 2013 in the amount of $7,741,314 in the aggregate. This agreement represents level funding of all vendors.

The following performance measures will be used to measure the effectiveness of the agreements:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services
ii. Have completed a minimum of 8 days of intensive outpatient treatment services – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for I intensive outpatient treatment services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. Group recovery support aftercare services are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care. These group recovery support services are for clients discharged from substance use disorder treatment services provided under contract with the Bureau of Drug and Alcohol Services on behalf of the Department, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received substance use disorder treatment from a different agency through the statewide care coordination program under agreement with the Bureau of Drug and Alcohol Services on behalf of the Department.

All treatment programs under contract with the Bureau of Drug and Alcohol Services on behalf of the Department are required to report on the National Outcome Measures (see attached) established by the Substance Abuse and Mental Health Services Administration, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the Electronic Health Record/Web Infrastructure Treatment System. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System.

Area served: State-wide

Source of Funds: 52.6% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant and 47.4% General .

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

Approved by:
Nicholas A. Toumpas
Commissioner

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Phoenix Houses of New England (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 99 Wayland Avenue, Suite 100, Providence, RI 02906.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 2,914,980.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

d) **Delete Table SAMHSA National Outcome Measures**

Replace with:

Table SAMHSA National Outcome Measures

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening of the initial first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/ connections	25% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

3) Amendment and modification of Exhibit B;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, through June 30, 2013"
   b) **Change from** Section II: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:"
   Change to: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during each State Fiscal Year of the contract shall not exceed:"
   c) Delete in Section II; "TOTAL: $1,457,490.00"

4) **Add** Exhibit B-1, B-2, B-3 and B-4

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

CERTIFICATE OF VOTE

I, PETER H. HURLEY, of PHOENIX HOUSES OF NEW ENGLAND INC., do hereby certify that:

1. I am the duly elected SECRETARY of the PHOENIX HOUSES OF NEW ENGLAND, INC.;

2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation duly held on MAY 17, 2012;

   RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the EXECUTIVE DIRECTOR is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. PATRICK B. MCENEANEY is the duly elected EXECUTIVE DIRECTOR of the corporation.

3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of MAY 14, 2013.

IN WITNESS WHEREOF, I have hereunto set my hand as the SECRETARY of the corporation this 14 day of MAY, 2013.

Peter H. Hurley

ITEM # 108

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with Phoenix Houses of New England, Inc. (Vendor # 177589), 99 Wayland Ave., Suite 100, Providence, RI 02906, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $1,457,490.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

05-95-95-958410-1387 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, TREATMENT-PREVENTION-STATE

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95841387	$460,130.00
			Subtotal	$460,130.00
			Total	$1,457,490.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Statewide.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Phoenix Houses of New England, Inc. was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $1,457,490.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Statewide.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

By: On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.
3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT
5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.
5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.
5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY
6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.
6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.
6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.
7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.
7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.
7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

Contractor Initials: [signature]
Date: 4/23/12

8. EVENT OF DEFAULT/REMEDIES.
8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):
8.1.1 failure to perform the Services satisfactorily or on schedule;
8.1.2 failure to submit any report required hereunder; and/or
8.1.3 failure to perform any other covenant, term or condition of this Agreement.
8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:
8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;
8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;
8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or
8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.
9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.
9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.
9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.
The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.
14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:
14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and
14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.
14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.
14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials
Date 4/2/12

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Bureau of Drug and Alcohol Services
Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: Phoenix Houses of New England

ADDRESS: 99 Wayland Ave., Suite 100, Providence, RI 02906

EXECUTIVE DIRECTOR: Patrick McEneaney
TELEPHONE: 401-331-4250 x 3202

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Outpatient			
Intensive Outpatient			
Residential – Treatment Adult	Statewide	248	$832,200.00
Residential – Treatment Adolescent	Statewide	46	$217,180.00
Transitional Living Program – Adult	Statewide	45	$361,390.00
Transitional Living Program - Adolescent	Statewide	4	$46,720.00
Group – Recovery Support Services *	Statewide	171	0

* Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.

3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:
New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate

medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to

sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and

whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:

The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement"

(made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not

covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.

f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that

certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this

		standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail

messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street

Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this

exhibit.

3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 460,130.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 326,988.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 670,372.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $1,457,490.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied

exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. Invoicing & Billing:

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted

providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

The remainder of this page is intentionally left blank.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

II.

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)
3 PIERCE RD, DUBLIN, NH 03444 / 106 ROXBURY ST, KEENE NH 03431 / 14 HOLY CROSS RD, FRANKLIN NH 03235

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Applicable program covered:
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

B. Contract Period: July 1, 2012 or date of G&C Approval, whichever is later, through June 30, 2013

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" (available at www.whitehouse.gov/sites/default/files/omb/grants/sflll.pdf), in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. *The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.*

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of

excluded parties). Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) PRIMARY COVERED TRANSACTIONS

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

STANDARD EXHIBIT I
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILTY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 and those parts of the HITECH Act applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

BUSINESS ASSOCIATE AGREEMENT

(1) **Definitions.**

a. "Breach" shall have the same meaning as the term "Breach" in Title XXX, Subtitle D. Sec. 13400.

b. "Business Associate" has the meaning given such term in section 160.103 of Tile 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 164.501, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) **Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

III. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity
2) Amount of award
3) Funding agency
4) NAICS code for contracts / CFDA program number for grants
5) Program source
6) Award title descriptive of the purpose of the funding action
7) Location of the entity
8) Principle place of performance
9) Unique identifier of the entity (DUNS #)
10) Total compensation and names of the top five executives if:
    a. *More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than $25M annually and*
    b. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and National Council on Alcoholism and Drug Dependence/Greater Manchester (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 101 Manchester Street, Manchester, NH 03101.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #107) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A), (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), and (Amendment #3 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $1,577,404.00.

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety, Exhibit B Amendment #3, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #4, Method and Conditions Precedent to Payment.

Contractor Initials: SD
Date: 7/20/15

This amendment shall be effective upon the date of Governor and Executive Council approval.

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials SD
Date 7/20/15

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Contractor Initials SD
Date 7/20/15

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $260,000.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with the funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with the funding requirements above

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the

rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table

An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.

Contractor's Services	Substance Use Disorder Treatment and Recovery Services	DHHS Established Rate	Service Limit
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential– Adult, including pregnant and parenting women	$100.00/day	$700 (7 days) /week
	Low-Intensity Residential Treatment – Adolescent	$128.00/day	$896 (7 days) /week
X	Transitional Living – Adult	$100.00/day	$700 (7 days) /week
X	Transitional Living – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost	Up to the Budget

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
		Reimbursement	Amount

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.
**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.
*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for

clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:

The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

Contractor Initials SD
Date 7/20/15

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.
The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved plan, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked and amounts being billed for the specific scope of work.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

State of New Hampshire
Department of State

CERTIFICATE

I, William M. INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Serenity Place
National Council on Alcoholism and Drug Dependence Affiliate
Manchester, New Hampshire

We have audited the accompanying financial statements of Serenity Place, National Council on Alcoholism and Drug Dependence Affiliate (a non-profit organization), which comprise the statement of financial position as of June 30, 2014 and 2013, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Serenity Place, National Council on Alcoholism and Drug Dependence Affiliate as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted.

Nature of Organization:

Serenity Place, National Council on Alcoholism and Drug Dependence Affiliate (the "Organization") is a non-profit organization existing for the purpose of providing alcohol and drug abuse information, education, referral, crisis intervention, and residential services.

Note 1 - Summary of Significant Accounting Principles:

A. Basis of Presentation

The Organization presents its financial statements on the accrual basis of accounting. The accrual basis recognizes income when earned and expenses when they occur.

B. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid deposits with maturity of three months or less to be cash and/or cash equivalents.

C. Use of Estimates in the Preparation of Financial Statements

Management used estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

D. Accounting Principles

Under current accounting standards, the Organization is required to report information regarding its financial position and activities according to three classes of net assets. Those three classes are as follows:

Unrestricted Net Assets:
The portion of net assets of a not-for-profit Organization that is neither permanently restricted nor temporarily restricted by donor imposed stipulations.

-Continued on Next Page-

Note 1 - Summary of Significant Accounting Principles - continued:

D. Accounting Principles - Continued

Temporarily Restricted Net Assets:
The portion of net assets of a not-for-profit Organization resulting (a) from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations, (b) from other asset enhancements and diminishments subject to the same kinds of stipulations, and (c) for reclassifications to or from other classes of net assets as a consequence of donor-imposed stipulations, their expiration by passage of time, or their fulfillments and removal by actions of the Organization pursuant to those stipulations. Temporarily Restricted Net Assets at June 30, 2014 and 2013 were $28,556 and $18,420, respectively.

Permanently Restricted Net Assets:
The portion of net assets of a not-for-profit Organization resulting (a) from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Organizations, (b) from other asset enhancements and diminishments subject to the same kinds of stipulations, and (c) from reclassifications from or to other classes of net assets as a consequence of donor-imposed stipulations. There are no Permanently Restricted Net Assets at June 30, 2014 and 2013.

E. Income Taxes

The Organization is exempt from Federal Income Tax under Section 501(c)(3) of the Internal Revenue Code. There are no state income taxes due to the fact that the State of New Hampshire recognizes Section 501(c)(3) for exemption of organizations that are organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes. The Center's evaluation on June 30, 2014 and 2013 revealed no uncertain tax positions that would have a material impact of the financial statements.

The Organization's information returns are subject to possible examination by the taxing authorities. For federal purposes the returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

-Continued on Next Page-

Note 1 - Summary of Significant Accounting Principles - Continued:

F. Fixed Assets

Fixed assets are recorded at historical cost at the time of acquisition. Depreciation is calculated by the straight-line method over their estimated useful lives ranging from three to thirty-nine years. Repairs and maintenance are charged to operations as incurred, whereas major betterments are capitalized. The estimated useful lives of the assets are as follows:

Description	Method	Life
Furniture and Fixtures	Straight-Line	5-7 years
Equipment	Straight-Line	3-5 years
Vehicles	Straight-Line	5 years
Buildings and Improvements	Straight-Line	5-39 years

G. Accounts Receivable

Accounts receivable are reported at net realizable value. Net realizable value is equal to the gross amount of receivables less an estimated allowance for uncollectible accounts. Historically, the Organization has not experienced material write offs, and therefore has not established an allowance account.

H. Donor-Restricted Contributions

The Organization's policy is to report donor-restricted contributions whose restrictions are met in the same reporting period, as unrestricted support, as there is no effect to reported restricted net assets.

I. Investments

The Organization accounts for investments following current accounting standards, under which its marketable investment securities are reported at fair market value at the date of the financial statements. Accordingly, realized gains and losses resulting from sales or distributions, as well as unrealized holding gains and losses are included in the statement of activities. Realized gains or losses are reflected as increases or decreases in the Organization's unrestricted net assets. The net change in unrealized holding gains or losses since the last fiscal year end are also recorded as increases or decreases in the Organization's operations. See Note No. 9.

-Continued on Next Page-

Note 1 - Summary of Significant Accounting Principles - Continued:

J. Advertising

The Organization follows the policy of charging the costs of advertising to expense as they are incurred. Advertising expenses were $814 and $1,576 for the years ended June 30, 2014 and 2013, respectively.

K. Functional Allocation of Expenses

The costs of providing the various program services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Note 2 –Receivables:

Receivables are as follows:

	2014	2013
Oxford House	$ 7,500	$ 7,500
US Probation Contract	17,981	1,148
Accounts Receivable	8,488	659
Multiple Offender Program	12,450	13,500
Grant Receivable	35,400	59,000
NH Department of Health and Human Services	73,442	117,292
	$ 155,261	$ 199,099

-Continued on Next Page –

Note 3 - Notes Payable:

At June 30, 2014 and 2013, notes payable were as follows:

	2014	2013
Note Payable to the City of Manchester, bearing a fixed annual interest rate of 0%, payable in annual installments of $5,000. Matures in October 2018. The City has the option to forgive $25,000 over the first 5 years of the note. $5,000 was forgiven for the years ended June 30, 2014 and 2013.	$ 25,000	$ 35,000
Note payable to the City of Manchester, bearing a fixed annual interest rate of 3%, payable in monthly installments of $388. Matured in November 2013.	0	1,926
Total Notes Payable	25,000	36,926
Less: Current Maturities on Notes Payable	(5,000)	(6,926)
Notes Payable – Long-Term Portion	$ 20,000	$ 30,000

Future minimum principal payments are as follows:

For The Fiscal Years Ended June 30,	Notes Payable
2015	$ 5,000
2016	5,000
2017	5,000
2018	5,000
2019	5,000
Totals	$ 25,000

-Continued on Next Page-

Note 4 – State Loan Payable:

At June 30, 2014 and 2013, the organization has a State Loan Payable of $20,000. This loan is for the Oxford House and will be repaid to the State if the Organization decides to not participate in the program.

Note 5 – Temporarily Restricted Net Assets:

Temporarily Restricted Net Assets at June 30, 2014 consist of the following:

Bean Foundation – Building Repairs	$ 20,000
Samuel Hunt Foundation – Building Repairs	8,556
	$ 28,556

Note 6 – Concentration of Credit Risk – Cash in Bank:

The Organization maintains its bank accounts with commercial banks, which could at times exceed federally insured limits. Management considers this risk minimal.

Note 7 – Concentration of Revenue and Support Sources:

The Organization's primary source of revenues are Block Grants for Prevention and Treatment of Substance Abuse passed through by the State of New Hampshire. Revenue is recognized as earned under the terms of the grant contract. Other support originates from charges for private services and miscellaneous income and grants.

Note 8 – Contributions:

Donated materials, equipment and essential services are reflected as contributions in the accompanying financial statements at fair market value, at the date of the donation. The Organization also adopted a policy to record an in-kind donation for food procured at a below market rate from another non-profit organization. These Transactions have been recorded as follows.

	2014	2013
Donated services, materials, equipment and food	$ 28,962	$ 29,480

-Continued on Next Page-

Note 9 – Investments:

The cost and fair market values of investment securities held are as follows:

Description	Cost	Fair Market Value	Accumulated Holding Gains Or (Losses)
Mutual Funds - 2014	$ 45,862	$ 84,144	$ 38,282
Mutual Funds – 2013	$ 43,176	$ 70,022	$ 26,846

Current year unrealized gains (losses) were $11,436 and $8,636 for the years ended June 30, 2014 and 2013, respectively.

Note 10 – Line of Credit:

As of June 30, 2014 there was a $100,000 line of credit available through a commercial bank. The line of credit carries an interest rate of 4.13% as of June 30, 2014. At June 30, 2014 and 2013 there was $36,305 and $37,800, respectively, outstanding on this credit line.

Note 11 – Subsequent Events:

Subsequent events have been evaluated thru January 9, 2015, which is the date the financial statements were available to be issued.

OBJECTIVE

Management level leadership position utilizing community relations, program development, housing oversight, grant writing, networking, fund development, financial, strategic planning/thinking, collaborative processing, board development/management, and managerial experience with opportunity for high community impact and personal growth.

November 2008 to Present – *CEO, Serenity Place, Manchester, NH*
Directly responsible for the administration, development, management and operations of Serenity Place's education programs, withdrawal management program, transitional living programs, intensive outpatient program, open access program, and the REAP (DUI) program according to established policies and procedures.

- Directly manages all aspects of $1.6M dollar+ annual budget including state & federal funds, private foundation and trusts, grant writing, fundraising, donor solicitation and relations, reports to all funders/donors, etc.
- Responsible for building visibility of agency, programs, and public policy positions and community impact.
- Provide vision, continuity, and leadership to ensure that mission and strategic plan are carried out.
- Oversees day-to-day operations, administration, and finances to include development of job specific and organization wide policies and procedures.
- Recruiting, developing, and managing all staff (currently 45 total full and part time staff).
- Provides direct supervision and leadership to the Management Team who oversees all day-to-day operations, programs, and clinical functions (consists of Controller/HR Officer, Development Director, Clinical Director, and Program Director).
- Assists the Board of Directors in developing a financial plan to fund programming, including new initiatives and strategies that will propel the agency forward (i.e., third party billing, Affordable Care Act, etc.).
- Works with the Board of Directors in mission development, vision development, strategic planning and goal fulfillment.
- Reports directly to the Board of Directors on all Serenity Place activities.

December 2007 to November 2008 - *Executive Director, Women's Business Center, Portsmouth, NH*

- Member organization for over 350 woman-owned businesses.
- Provide vision, continuity, and leadership to ensure that mission and strategic plan are accomplished.
- Directly proposes and manages all aspects of the WBC annual budget ($300,000+) including state, federal and private foundation grant writing, fundraising, event planning, donor relations, reporting to all funders/donors, etc.
- Manages development and delivery of curriculum related to programs for members and the public.
- Creates and manages database systems to track all counseling, training, membership demographics, and donor information.
- Oversees day-to-day operations, administration, and finances to include development of job specific and organization wide policies and procedures.
- Recruiting, developing, and managing all staff.
- Manage the image of the WBC and advocating for women business owners.
- Increasing WBC visibility through marketing and publications.
- Reports directly to the Board of Directors.

March 1996 to August 2007 – *Program Director,* New *Hampshire Community Loan Fund, Concord, NH*
NH Statewide IDA Collaborative: Assisted low-income individuals to save more than $1 Million and purchase more than $30 Million in assets.

- Program creation and development which has included policies and procedures, template and forms, and handbook.
- Recruitment of local community partner organizations (more than 20) statewide which has included training of local organization staff.
- Grant writing/fundraising – more than $1.7 million in federal program funds and nearly $6 million in public/private funds including CDFA tax credits.
- Managed development of Access Database Management System for tracking of individual savings, match, funds raised, demographic, training, and other information for reporting purposes.
- Problem-solve and network with all partners through daily contact and/or quarterly Community Partner Meetings.
- Develop and manage annual budgets, controlled expenses, purchased capital equipment when necessary, and worked closely with Finance Department on accounting systems.
- Traveled nationally as an expert in the field.

Home of Your Own Program: Assisted 81 low-income individuals to become homeowners.

- Program development which has included process for delivering homebuyer education to individuals with disabilities and their support teams.
- Created financial packages for potential homeowners and worked closely with lending partners and closing agents through the purchase process.
- Working closely with area agencies for developmental services and other vendor organizations statewide.
- Develop and manage annual budgets, controlled expenses, purchased capital equipment when necessary, and worked closely with Finance Department on accounting systems.
- Grant writing/fundraising – more than $1 million in funds for down payment, closing costs, and rehab associated to purchase through local and regional foundations and the Federal Home Loan Bank of Boston's Affordable Housing Program.
- Supervise and train all in-house staff associated to program.
- Maintain and manage external relations with financial institutions and funding partners which include NH Housing Finance Authority, NH Bureau of Developmental and Behavioral Health Services, NH Developmental Disabilities Council, foundations, etc.
- Understand and educate teams on housing issues as it relates to individual budgets and Medicaid funding.

Transitional Housing and Special Needs Housing Program: Assisted local community organizations to develop loan request packages to NHCLF. After approval of loans, provided long-term technical assistance and portfolio management.

Education:

- Notre Dame College, Manchester, NH – Bachelor of Science Degree in Psychology, Graduate May 1999
- New Hampshire Technical Institute, Concord, NH – Associate in Science Degree in Human Services, Graduate August 1994
- Graduate and Ongoing Student at NeighborWorks® America Training Institutes (transcript of courses completed available upon request)

CPA CANDIDATE

[redacted]

KEY QUALIFICATIONS

- Seven years of experience in a not-for-profit finance office, including accounting for grants
- General ledger accounting and reconciliation, trial balance, financial statement preparation, monthly and annual close
- Financial analysis including projections, capital budgeting, cost, variance, sensitivity, scenario, and benchmarking
- Support of financial statement and other regulatory audits, as well as fraud and internal control audits
- Knowledgeable of payroll tax concerns
- Experienced in researching inconsistencies and implementing remedies
- Development and production of financial reports for external purposes and internal purposes, including for C-level management
- Teaching and presentation of financial concepts
- Desire and passion to contribute in a meaningful way to an organization that makes a positive difference
- CPA candidate – passed all parts of CPA exam (FAR – May 2012, REG – Oct 2012, AUD – Jan 2013, BEC – Feb 2013)

PROFESSIONAL EXPERIENCE

National Council on Alcoholism and Drug Dependence-Greater Manchester (dba Serenity Place) Manchester, NH
Controller/HR Officer 2014 – current

- Responsible for $2m budget and human resources functions, including weekly payroll, of the only agency in Manchester (NH) that serves those coping with Substance Use Disorder who are unable to pay.
- Reduced expenses by changing vendor for credit card services, working with copier lessor to cost savings and eliminating redundancy in insurance coverage.
- Negotiated payment terms with vendors during lean times.
- Instituted e-mailing of paystubs.
- Aligned annual enrollment for various benefits and instituted a 403(b) thrift plan.

Southern New Hampshire University Manchester, NH
Accountant/Financial Analyst 2008 – 2014

- Developed and produced reports of complex financial information for senior management and the Board of Trustees.
- Benchmarked the finance and administration divisions of SNHU against itself and a peer group of nineteen institutions. Requires collaboration with directors of functional units within the division. Report suggests plans for action.
- Served as a resource to staff of other departments who have questions or concerns about departmental budgets, revenues, expenses, accounting, policies or procedures.
- Led an *ad hoc* committee to draft policy revisions and suggest needed policies.

Adjunct faculty – Finance & Accounting 2002 – 2014

- Teach graduate cost accounting, undergraduate introductory corporate finance, student-managed investment fund, personal finance, and graduate/undergraduate Series 7 preparatory course.

Associate Director, Center for Financial Studies 2002 – 2008
Graduate Assistant to the Director, CFS 2001 – 2002

- Responsible for operations of the Center including supervision of staff, budget management, vendor and community relationships, technical reliability and user support.
- Developed and delivered numerous academic papers, seminars, workshops and training sessions to university students, staff, faculty and campus visitors, as well as at academic conferences.
- Chaired University Budget Advisory Committee, 2005 – 2008. During this period, the committee worked with the accounting staff to develop a method for comprehensive analysis of the university's costs.
- Selected for first cohort of the university's Professional Enrichment Program (PEP).

Merrimack H&R Limited — Merrimack, NH

Instructor/Trainer — 1993 – 2000

Enrolled Agent/Tax Preparer — 1992 – 2000

- Supervised and trained tax preparation staff. Taught personal income tax courses to accounting professionals and non-professionals.
- Provided forecasting, budgeting, scenario and variance analysis for small business clients.
- Designed and conducted a feasibility study to determine the likely acceptance by the firm's clientele of financial planning services.

MedNow — Orono, ME

Medical Assistant — 1985 – 1987

- Checked in patients, assisted in laboratory, completed claim forms for third party billing including Maine Medicaid and private insurance companies, posting of insurance payments to patient accounts.

State of New Hampshire
Department of Health and Human Services
Amendment #3 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This third Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 3") dated May 21, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and National Council on Alcoholism and Drug Dependence/Greater Manchester (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 101 Manchester Street, Manchester, NH 03101.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #107) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A) and (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to extend the completion date by six (6) months and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.7 Completion Date by extending the date to December 31, 2015.

3. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $1,557,404.00.

4. Amend General Provisions (Form P-37), Block 1.9 Contracting Officer for State Agency, to read: Eric Borrin, Director Contracts and Procurement.

5. Amend General Provisions (Form P-37), Block 1.10 State Agency Telephone Number, to read: (603) 271-9558.

6. Delete in its entirety, Exhibit A Amendment #2, Scope of Services and replace with Exhibit A Amendment #3, Scope of Services.

7. Delete in its entirety, Exhibit B Amendment #2, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #3, Method and Conditions Precedent to Payment.

Contractor Initials: SD
Date: 6/4/15

8. Delete in its entirety, Exhibit C, Special Provisions and replace with Exhibit C Amendment #1, Special Provisions.

9. Add Exhibit C-1, Revisions To General Provisions.

10. Delete in its entirety Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, and replace with Exhibit D Amendment #1, Certification Regarding Drug-Free Workplace Requirements.

11. Delete in its entirety Standard Exhibit E, Certification Regarding Lobbying, and replace with Exhibit E Amendment #1, Certification Regarding Lobbying.

12. Delete in its entirety Standard Exhibit F, Certification Regarding Debarment, Suspension, and Other Responsibility Matters, and replace with Exhibit F Amendment #1, Certification Regarding Debarment, Suspension, and Other Responsibility Matters.

13. Delete in its entirety Standard Exhibit G, Certification Regarding the Americans with Disabilities Act Compliance, and replace with Exhibit G, Certification of Compliance with Requirements Pertaining to Federal Nondiscrimination, Equal Treatment of Faith-Based Organizations and Whistleblower Protections.

14. Delete in its entirety Standard Exhibit H, Certification Regarding Environmental Tobacco Smoke and replace with Exhibit H Amendment #1, Certification Regarding Environmental Tobacco Smoke.

15. Delete in its entirety Standard Exhibit I, Health Insurance Portability and Accountability Act Business Associate Agreement, and replace with Exhibit I Amendment #1, Health Insurance Portability Act Business Associate Agreement.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

A. Population Served

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. Required Treatment Services

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table	
Required Services	**Treatment Services**
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women –*** Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women -*** Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Contractor Initials: SD
Date: 5/27/15

Exhibit A Amendment #3

Service Table	
Required Services	**Treatment Services**
X	***Transitional Living (ASAM Level 3.1)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Transitional Living (ASAM Level 3.1) - Pregnant Women -*** Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Service Table	
Required Services	Treatment Services
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. Required Provisions for Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment

and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.

Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:

In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

Contractor Initials: SD
Date: 5/27/15

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the

Contractor Initials: SP
Date: 5/27/15

use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Contractor Initials: SD
Date: 5/27/15

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from
http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the

Contractor Initials: SD
Date: 5/27/15

Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Contractor Initials: SP
Date: 5/27/15

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $260,000.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential– Adult, including pregnant and parenting women	$100.00/day	$700 (7 days) /week
	Low-Intensity Residential Treatment – Adolescent	$128.00/day	$896 (7 days) /week
X	Transitional Living – Adult	$100.00/day	$700 (7 days) /week
X	Transitional Living – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.

v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.

- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

   14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $1,000,000.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

Contractor Initials SD
Date 5/27/15

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
   1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, state, zip code) (list each location)

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women*** - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: SD
Date: 5/20/14

	pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

***Evaluation*:**
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Exhibit B Amendment #2

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $432,468 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

Contractor Initials: BD
Date: 5/20/14

X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for

services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

State of New Hampshire
Department of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that NATIONAL COUNCIL ON ALCOHOLISM AND DRUG DEPENDENCE/GREATER MANCHESTER is a New Hampshire nonprofit corporation formed December 7, 1977. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 9th day of May A.D. 2014

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

I, Russell Ouellette, do hereby certify that:
(Name of the elected Officer of the Agency; cannot be contract signatory)

1. I am a duly elected Officer of NCADD Greater Manchester – Serenity Place.
(Agency Name)

2. The following is a true copy of the resolution duly adopted at a meeting of the Board of Directors of

the Agency duly held on May 25, 2011:
(Date)

RESOLVED: That the Executive Director/CEO
(Title of Contract Signatory)

is hereby authorized on behalf of this Agency to enter into the said contract with the State and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and effect as of

the 22nd day of May, 2014.
(Date Contract Signed)

4. Sharon Drake is the duly elected Executive Director/CEO
(Name of Contract Signatory) (Title of Contract Signatory)

of the Agency.

(Signature of the Elected Officer)

STATE OF NEW HAMPSHIRE

County of Hillsborough

The forgoing instrument was acknowledged before me this 5th day of May, 2014,

By Russell Ouellette.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and National Council on Alcoholism and Drug Dependence of Greater Manchester (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 101 Manchester Street, Manchester, NH 03101.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 864,936.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

d) **Delete Table SAMHSA National Outcome Measures**

Replace with:

Table SAMHSA National Outcome Measures

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening of the initial first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/ connections	25% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

3) Amendment and modification of Exhibit B;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, through June 30, 2013"
   b) **Change from** Section II: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:"
   Change to: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during each State Fiscal Year of the contract shall not exceed:"
   c) Delete in Section II; "TOTAL: $432,468.00"

4) **Add** Exhibit B-1 and B-2

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

CERTIFICATE OF VOTE

I, George McNamara, of NCADD Greater Manchester – Serenity Place, do hereby certify that:

1. I am the duly elected President of NCADD Greater Manchester – Serenity Place;
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on May 25, 2011;

   RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the Executive Director is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. Sharon Drake is the duly elected Executive Director of the corporation.
3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 9, 2013.

IN WITNESS WHEREOF, I have hereunto set my hand as the President of the corporation this 9th day of May, 2013.

STATE OF NEW HAMPSHIRE
COUNTY OF HILLSBOROUGH

The foregoing instrument was acknowledged before me this 9th day of May, 2013 by George McNamara.

Notary Public/Justice of the Peace

ITEM # 107

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with National Council on Alcoholism and Drug Dependence of Greater Manchester, (Vendor #177265 B001), 101 Manchester Streetm Manchester, NH 03105, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $432,468.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95846501	$198,914.00
			Subtotal	$198,914.00

05-95-95-958410-1388 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT AND PREVENTION, GOVERNOR

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95848501	$97,024.00

05-95-95-958410-1387 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, TREATMENT-PREVENTION-STATE

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95841387	$136,530.00
			Subtotal	$136,530.00
			Total	$432,486.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

National Council on Alcoholism and Drug Dependence/Greater Manchester was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $432,468.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Manchester area.

Source of Funds: 46% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

By: On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY

6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE.

In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials SD
Date 5/23/12

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Contractor Initials: SP
Date: 5/23/12

NH Department of Health and Human Services
Division of Community Based Care Services
Bureau of Drug and Alcohol Services
Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: National Council on Alcoholism and Drug Dependence of Greater Manchester

ADDRESS: 101 Manchester Street, Manchester, NH 03101

EXECUTIVE DIRECTOR: Sharon Drake
TELEPHONE: 603-625-6980

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Intensive Outpatient	1.0		20	$75,000.00
Transitional Living Program – Adult			44	$357,468.00
Group – Recovery Support Services *			32	0

- Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services
Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:
New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:

The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be

assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:

The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:

For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:

DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.

5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program

at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.

f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner

Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of	Under development

	care	
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information

shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

I. General Provisions

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2013

CONTRACTOR NAME: National Council on Alcoholism and Drug Dependence of Greater Manchester

ADDRESS: 101 Manchester Street, Manchester, NH 03101

AGENCY CONTACT TITLE: Executive Director
AGENCY CONTACT NAME: Sharon Drake
TELEPHONE: 603-625-6980

Vendor #177265-R001

Job #95841387 Appropriation #05-095-095-958410-1387-102-500734
Job #95848501 Appropriation #05-095-095-958410-1388-102-500734
Job #95846501 Appropriation #05-095-095-958410-5365-102-500734

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 136,530.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 97,024.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 198,914.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $432,468.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by

the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. Invoicing & Billing:

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during

which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

The remainder of this page is intentionally left blank.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits..

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) Insurance Requirement for (1) - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) **US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS**
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location) 101 Manchester St, Manchester, Hillsborough, NH 03101, 15 Brook St, Manchester, Hillsborough, NH 03104

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Applicable program covered:
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

C. Contract Period: July 1, 2012 or date of G&C Approval, whichever is later, through June 30, 2013

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" (available at www.whitehouse.gov/sites/default/files/omb/grants/sflll.pdf), in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

NH Department of Health and Human Services

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) ***PRIMARY COVERED TRANSACTIONS***

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

STANDARD EXHIBIT H

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

STANDARD EXHIBIT I
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILTY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 and those parts of the HITECH Act applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

BUSINESS ASSOCIATE AGREEMENT

(1) **Definitions**.

a. "Breach" shall have the same meaning as the term "Breach" in Title XXX, Subtitle D. Sec. 13400.

b. "Business Associate" has the meaning given such term in section 160.103 of Tile 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 164.501, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) **Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

II. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity
2) Amount of award
3) Funding agency
4) NAICS code for contracts / CFDA program number for grants
5) Program source
6) Award title descriptive of the purpose of the funding action
7) Location of the entity
8) Principle place of performance
9) Unique identifier of the entity (DUNS #)
10) Total compensation and names of the top five executives if:
    a. *More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than $25M annually and*
    b. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that NATIONAL COUNCIL ON ALCOHOLISM AND DRUG DEPENDENCE/GREATER MANCHESTER is a New Hampshire nonprofit corporation formed December 7, 1977. I further certify that it is in good standing as far as this office is concerned, having paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 27th day of April, A.D. 2012

William M. Gardner
Secretary of State

WITHOUT SEAL

CERTIFICATE OF VOTE

I, John FitzGerald, III, of NCADD/Greater Manchester – Serenity Place, do hereby certify that:

1. I am the duly elected President of NCADD/Greater Manchester – Serenity Place;
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on March 23, 2011;

   RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the Executive Director is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. Sharon Drake is the duly elected Executive Director of the corporation.
3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 23, 2012.

IN WITNESS WHEREOF, I have hereunto set my hand as the President of the corporation this 23rd day of May, 2012.

John FitzGerald, III

STATE OF NEW HAMPSHIRE
COUNTY OF HILLSBOROUGH

The foregoing instrument was acknowledged before me this 23rs day of May, 2012 by John FitzGerald, III.

Department of Health and Human Services
Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and South Eastern New Hampshire Alcohol and Drug Abuse Services (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 272 County Farm Road, Dover, NH 03820.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #105) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A) and (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), and (Amendment #3 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $4,674,426.00.

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety, Exhibit B Amendment #3, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #4, Method and Conditions Precedent to Payment.

Contractor Initials: [signature]
Date: 7/21/15

This amendment shall be effective upon the date of Governor and Executive Council approval.

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials
Date 7/21/15

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Contractor Initials
Date 7/21/15

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $664,918.00 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with the funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with the funding requirements above

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and

Contractor Initials
Date 7/21/15

within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table

An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.

Contractor's Services	Substance Use Disorder Treatment and Recovery Services	DHHS Established Rate	Service Limit
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential– Adult, including pregnant and parenting women	$100.00/day	$700 (7 days) /week
	Low-Intensity Residential Treatment – Adolescent	$128.00/day	$896 (7 days) /week
X	Transitional Living – Adult	$100.00/day	$700 (7 days) /week
X	Transitional Living – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
			discharge
X	Enhanced Services	Cost Reimbursement	Up to the Budget Amount in Exhibit B-7

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.
**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.
*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the

amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:

The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Contractor Initials _____
Date 7/21/15

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved plan, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked and amounts being billed for the specific scope of work.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

Department of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that SOUTH EASTERN NEW HAMPSHIRE ALCOHOL AND DRUG ABUSE SERVICES is a New Hampshire nonprofit corporation formed August 21, 1979. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 9th day of June A.D. 2015

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

I, Thomas Parks, do hereby certify that:

1. I am a duly elected Officer of Southeastern New Hampshire Alcohol and Drug Abuse Services.

2. The following is a true copy of the resolution duly adopted at a meeting of the Board of Directors of the Agency duly held on July 21, 2015;

RESOLVED: That the Clinical Administrator is hereby authorized on behalf of this Agency to enter into the said contract with the State and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as she may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and effect as of the 21st day of July 2015.

4. Heidi Moran is the duly elected Clinical Administrator of the Agency.

Thomas Parks

STATE OF NEW HAMPSHIRE

Mission Statement

Southeastern New Hampshire Alcohol and Drug Abuse Services (SENHS) located in Dover, NH was founded in 1979 as a private, non-profit agency, and provides a comprehensive range of counseling and treatment services (with multiple levels of care-both outpatient, intensive outpatient, and residential) for individuals and families impacted by alcohol and other drug use disorders. On an annual basis, SENHS serves over 1,460 individuals.

SENHS is a private, not-for-profit (IRS 501 (c) 3) agency serving addicted people, pregnant women, and their families, and their associates without regard to race, religion, color, age, creed, sex, sexual orientation, handicap, or national origin. Our mission is to provide the highest possible quality addiction and recovery support services. Our focus is to promote wellness and quality of life, by helping anyone who has been adversely impacted by substance use disorders, and their consequences.

INDEPENDENT AUDITORS' REPORT

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Southeastern New Hampshire Alcohol & Drug Abuse Services and Affiliate (New Hampshire nonprofit organizations), which comprise the consolidated statements of financial position as of June 30, 2014 and 2013, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Southeastern New Hampshire Alcohol & Drug Abuse Services and Affiliate as of June 30, 2014 and 2013, and the consolidated changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2014, on our consideration of Southeastern New Hampshire Alcohol & Drug Abuse Services' and Affiliate's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southeastern New Hampshire Alcohol & Drug Abuse Services' and Affiliate's internal control over financial reporting and compliance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2014 AND 2013

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Southeastern New Hampshire Alcohol & Drug Abuse Services (the Organization) is a New Hampshire nonprofit organization providing treatment, rehabilitation and intervention services to alcoholics, narcotic addicts, and alcohol and drug abusers, substantially all of whom are residents of New Hampshire. A majority of revenue is derived from contracts with the State of New Hampshire.

Southeastern New Hampshire Alcohol & Drug Abuse Services Foundation (the Affiliate) is also a New Hampshire nonprofit organization that was established to raise funds for the Organization. All revenue is derived from direct public support.

Basis of Accounting

The consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles general accepted in the United States of America, as promulgated by the Financial Accounting Standards (FASB) Accounting Standards Codification (ASC).

Principles of Consolidation

The accompanying consolidated financial statements have been prepared for the Organization and the Affiliate due to the Organization being the sole beneficiary of the Affiliate. All material intercompany transactions have been eliminated.

Basis of Presentation

Financial statement presentation follows the recommendations of the FASB ASC No. 958-210 *Financial Statements of Not-for-Profit Organizations*. Under FASB ASC 958-210, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of June 30, 2014 and 2013, the Organization had no permanently or temporarily restricted net assets.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Cash Equivalents

Cash equivalents include all highly liquid investments with an original maturity date of three months or less. There were no cash equivalents at June 30, 2014 and 2013.

Accounts Receivable

Accounts receivable is stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual receivables from grants, contracts, and others. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the applicable accounts receivable. At June 30, 2014 and 2013, no allowance was deemed necessary.

Property and Equipment

Purchases of property and equipment are recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Costs for repairs and maintenance are charged against operations. Renewals and betterments, which materially extend the life of the assets, are capitalized. Depreciation is provided for using the straight line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Leasehold improvements	15 - 39 years
Vehicles, equipment and furniture	3 - 7 years

Property and equipment at June 30, 2014 and 2013 consisted of the following:

	2014	2013
Leasehold improvements	$ 407,730	$ 407,730
Vehicles	45,703	45,703
Equipment and furniture	228,259	223,210
	681,692	676,643
Less accumulated depreciation	561,496	527,806
	$ 120,196	$ 148,837

Accrued Vacation

The Organization has accrued liabilities for future compensated leave time that its employees have earned and which is vested with the employees. The amounts totaled $37,045 and $38,792, at June 30, 2014 and 2013, respectively.

Refundable Advances
Revenues received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are provided or costs are incurred.

Contributed Support
Contributed support is reported as unrestricted or as restricted depending on the existence of donor or time stipulations that limit the use of the support. The Organization records donor-restricted contributions whose restrictions are met in the same reporting period as unrestricted support.

Income Taxes
The Organization and the Affiliate are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service (IRS) has determined them to be other than private foundations.

Management has reviewed the tax positions for the Organization under ASC No. 740, *"Accounting for Income Taxes"* and determined that the application of FASB ASC No. 740 did not have a material impact on the consolidated financial statements. FASB ASC No. 740 establishes financial accounting and disclosure requirements for recognition and measurement of uncertain tax positions taken or expected to be taken on a U.S. information return. There were no uncertain tax positions as of June 30, 2014 and 2013, and all tax years from 2011 forward are open and subject to IRS examination.

Functional Allocation of Expenses
The costs of providing the various programs and other activities have been summarized in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Advertising
Advertising costs are expensed as incurred.

Concentrations of Risk
The Organization maintains its cash balances at one financial institution. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. As of June 30, 2014 and 2013, the uninsured balances were $525,823 and $672,381, respectively.

A majority of the Organization's services are derived from services performed for New Hampshire citizens. The main source of revenue for the Organization is derived from contracts with the State of New Hampshire. These contracts represent 79% and 74%, respectively, of the Organization's public support and revenue for the fiscal years ended June 30, 2014 and 2013. The accounts receivable related to these contracts totaled $98,064 and $103,435 at June 30, 2014 and 2013, respectively. The Organization does not require collateral or other security to support these financial instruments.

Fair Value of Financial Instruments

Unless otherwise indicated, fair values of all reported assets and liabilities that are financial instruments approximate the carrying values of such amounts.

NOTE 2. NOTES PAYABLE

	2014	2013
Variable note payable to a bank in 59 monthly installments of principal and interest of $2,463 through March 2014. Interest was adjusted every 3 years and was stated at 3% above the Federal Home Loan Bank rate, which was 4.77% during the fiscal years ended June 30, 2014 and 2013. The note was secured by all of the Organization's assets and was paid in full at June 30, 2014.	$ -	$ 22,382
6.49% notes payable to a finance company in 48 monthly installments initially of principal and interest of $1,623 through December 2013. During the year ended June 30, 2012, one vehicle was sold and the loan was paid off. Remaining monthly installments of principal and interest of $1,084 were due through December 2013. The notes were collateralized by certain vehicles of the Organization and were paid in full at June 30, 2014.	-	6,381
Total	$ -	$ 28,763

NOTE 3. BOARD DESIGNATED UNRESTRICTED NET ASSETS

The Board of Directors designated $37,721 of unrestricted net assets for the fiscal years ended June 30, 2014 and 2013. The designation was established to provide for pension contributions for the fiscal years ending June 30, 2015 and 2014, respectively.

NOTE 4. LEASE COMMITMENTS

The Organization leases office and temporary boarding facilities under the terms of a noncancelable operating lease agreement which expires on December 31, 2014, with no renewal options available at this time. Future minimum rental payments as of June 30, 2014 are $26,095 for the year ending June 30, 2015.

During the fiscal year ended June 30, 2013, clients serviced through the Multiple Offender Program created a need for additional facilities. The Organization had a verbal noncommittal agreement with the lessor stipulating a weekly payment of $350 for each individual served. Payments for the fiscal years ended June 30, 2013, totaled $43,750. This program ceased during the fiscal year ended June 30, 2013.

Total rent expense was $56,954 and $99,929 for the years ended June 30, 2014 and 2013, respectively.

NOTE 5. CONTINGENCIES

The Organization receives funds from various funding sources. Under the terms of the agreements, the Organization is required to use the funds for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed by government audits as of June 30, 2014 and 2013.

NOTE 6. RETIREMENT PLAN

The Organization maintains a tax sheltered annuity plan qualified under Section 403(b) of the Internal Revenue Code. The plan covers full-time employees of the Organization. The Organization makes matching contributions up to 3% of gross salaries for qualified employees. Employees may make contributions to the plan up to the maximum amount allowed by the Internal Revenue Code. Plan expenses were approximately $22,712 and $27,700 for the years ended June 30, 2014 and 2013, respectively.

NOTE 7. NONCASH TRANSACTIONS/IN-KIND DONATION

The Organization receives a discount for the rental of certain real estate. For the years ended June 30, 2014 and 2013, the total value of this contribution was $6,000 for each year.

NOTE 8. LINE OF CREDIT

The Organization has a revolving line of credit agreement with a bank in the amount of $50,000 for the years ended June 30, 2014 and 2013. The line requires monthly interest payments on the unpaid principal balance at the rate of 1.50% over the bank's stated index. The rate charged was 4.75% during the fiscal years ended June 30, 2014 and 2013. The line of credit is secured by a security interest in all business assets. The Organization is required to annually observe thirty consecutive days without an outstanding balance. At June 30, 2014 and 2013, there was no outstanding balance on the line.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 26, 2014, the date when the consolidated financial statements were available to be issued.

SOUTHEASTERN NEW HAMPSHIRE ALCOHOL & DRUG ABUSE SERVICES

See Notes to Schedule of Expenditures of Federal Awards

SOUTHEASTERN NEW HAMPSHIRE ALCOHOL & DRUG ABUSE SERVICES

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE A. BASIS OF PRESENTATION

The accompanying schedule of expenditures of Federal Awards (the Schedule) includes the federal grant activity of Southeastern New Hampshire Alcohol & Drug Abuse Services under programs of the federal government for the year ended June 30, 2014. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of Southeastern New Hampshire Alcohol & Drug Abuse Services, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Southeastern New Hampshire Alcohol & Drug Abuse Services.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, *Cost Principles for Non-Profit Organizations,* wherein certain types of expenditures are not allowable or are limited as to reimbursement.

SOUTHEASTERN NEW HAMPSHIRE ALCOHOL & DRUG ABUSE SERVICES

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Southeastern New Hampshire Alcohol & Drug Abuse Services
Dover, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southeastern New Hampshire Alcohol & Drug Abuse Services and Affiliate (New Hampshire nonprofit organizations), which comprise the consolidated statements of financial position as of June 30, 2014 and 2013, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 26, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southeastern New Hampshire Alcohol & Drug Abuse Services and Affiliate's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southeastern New Hampshire Alcohol & Drug Abuse Services and Affiliate's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's and Affiliate's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southeastern New Hampshire Alcohol & Drug Abuse Services' and Affiliate's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organizations' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organizations' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SOUTHEASTERN NEW HAMPSHIRE ALCOHOL & DRUG ABUSE SERVICES

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Directors
Southeastern New Hampshire Alcohol & Drug Abuse Services
Dover, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southeastern New Hampshire Alcohol & Drug Abuse Services' compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Southeastern New Hampshire Alcohol & Drug Abuse Services' major federal programs for the year ended June 30, 2014. Southeastern New Hampshire Alcohol & Drug Abuse Services' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southeastern New Hampshire Alcohol & Drug Abuse Services' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southeastern New Hampshire Alcohol & Drug Abuse Services' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southeastern New Hampshire Alcohol & Drug Abuse Services' compliance.

Opinion on Each Major Federal Program

In our opinion, Southeastern New Hampshire Alcohol & Drug Abuse Services complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Southeastern New Hampshire Alcohol & Drug Abuse Services is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southeastern New Hampshire Alcohol & Drug Abuse Services' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southeastern New Hampshire Alcohol & Drug Abuse Services' internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SOUTHEASTERN NEW HAMPSHIRE ALCOHOL & DRUG ABUSE SERVICES

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2014

SUMMARY OF AUDITORS' RESULTS

1. The auditors' report expresses an unmodified opinion on the consolidated financial statements of Southeastern New Hampshire Alcohol & Drug Abuse Services

2. No material weaknesses or significant deficiencies relating to the audit of the consolidated financial statements are reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.*

3. No instances of noncompliance material to the consolidated financial statements of Southeastern New Hampshire Alcohol & Drug Abuse Services which would be required to be reported in accordance with *Government Auditing Standards,* were disclosed during the audit.

4. No significant deficiencies in internal control over major federal award programs during the audit are reported in the *Independent Auditors' Report on Compliance for Each Major Program and On Internal Control Over Compliance Required by OMB Circular A-133.*

5. The auditors' report on compliance for the major federal award programs for Southeastern New Hampshire Alcohol & Drug Abuse Services expresses an unmodified opinion on all major programs.

6. There were no audit findings which the auditor would be required to report under section 510(a) of OMB Circular A-133.

7. The program tested as major programs include: Department of Health and Human Services; Block Grants for Prevention and Treatment of Substance Abuse, CFDA 93.959.

8. The threshold for distinguishing Type A and B programs was $300,000.

9. Southeastern New Hampshire Alcohol & Drug Abuse Services was determined to not be a low-risk auditee.

- Responsible for individual case load of over 30 clients
- Developed programming for clients living in agency halfway house, including community service activities and aftercare group.

DANIEL SCOTT BURNFORD, M.ED, MLADC

[redacted]

OBJECTIVE

To be employed as a Master's level clinician (or administrator) in the field of substance abuse. Special interests include: substance abuse counseling, program and policy development, Quality Assurance, contracting, management, DWI education & intervention services, training and teaching.

KEY ACCOMPLISHMENTS

- Participated in the development, structuring, and implementation of our agency DWI IDCMP Program (and former IDIP/Phase II/MOP), and worked collaboratively with Department of Health and Human Service policy makers in the establishment of the rules and regulations which have governed the NH DWI Program Guidelines.
- Participated in Beta testing, and staff support training for the WITS Electronic Record keeping system (which went online state wide on July 1, 2011).
- Developed the Quality Assurance system currently in use at Southeastern NH Services, and created all functional requirements to track outcomes and performance standards.
- Worked collaboratively with Benoit Consulting Services to develop an outcome measurements tracking system for critical agency performance standards currently in use at Southeastern NH Services.
- Developed and Excel based Managed Care data gathering and alert system designed to track Southeastern NH Services clients covered by the New Hampshire Health Protection Program (NHHPP). The purpose of these efforts is to determine when utilization and concurrent reviews are required to be completed for financial reimbursement of agency services. This spreadsheet also captures data relevant to the various types of insurance and funding that clients in our agency are covered under.

KEY LEADERSHIP TRAITS AND TECHICAL SKILLS

Data Analysis	Client Management	Compliance Monitoring
Policy Development	Certified Training Instructor	Quality Control
Process Transformation	Project Management	Systems Development

PROFESSIONAL EXPERIENCE

SOUTHEASTERN NEW HAMPSHIRE SERVICES/IMPAIRED DRIVER CARE MANAGEMENT PROGRAM (IDCMP)
DOVER, NH
October 1999 to Present

IDCMP Program Director-Responsible for all clinical and administrative responsibilities in order to ensure that our program follows all statutory and Department of Health and Human Services-Bureau of Drug and Alcohol Services (BDAS) guidelines.

Essential functions include: staff hiring (aka. Intake & Screening staff, administrative assistant, Care Manager, and IDEP Instructors), providing clinical and administrative supervision to IDCMP staff, monitoring compliance with statutory and administrative requirements, performing Substance Use Disorder Evaluations for all IDCMP clients who meet statutory and rule requirement guidelines for this service, and facilitating "Service Plan" direct contact meetings designed to advise clients of their Service Plan and treatment requirements relevant to the development of their Aftercare plans (for those clients mandated to further counseling).

This position also requires delivering clear and concise communications and resolutions regarding program and policy requirements. These communications often occur with professional counselors, courts, police departments, aggrieved clients, out of state agencies working with our clients, Departments of Safety, and Departments of Health and Human Services.

Alternative Sentencing and Prevention Program Clinical Supervisor- This Southeastern NH Services Program is designed to provide education and intervention services for those individuals experiencing non DWI level drug or alcohol problems. Referrals to this program are typically through the schools, courts, police departments, and offices of probation and parole. The clinical supervisor provides oversight, and coordination of clinical services, and works directly with the ASAP Program coordinator.

Director of Quality Improvement- Responsible for maintaining quality improvement standards and monitoring agency records in accordance with the Department of Health and Human Service standards and the WITS electronic record requirements.

Essential functions include: determination of information/indicators to be monitored, evaluation of agency outcomes, necessary corrective actions when applicable, and the effectiveness of corrective measures employed. The QA Director was also an integral team member in working with our State funders to assist in the training and transitioning of staff from a "paper record" to an "electronic" web based management system (WITS).

Contract Manager-Responsible for the development of all Requests for Proposal's (RFP's) that are paramount in procuring SENHS agency funding. The Contract Manager also coordinates the fiscal aspects of the RFP process with our fiscal agent (Lighthouse Management).

STRAFFORD GUIDANCE CENTER, INC./THE PROSPECTS TREATMENT PROGRAM
ROCHESTER, NEW HAMPSHIRE
January 1998 to October 1999

The Prospects Treatment Program was transferred from a hospital-based setting to a community mental health center in January 1998.

Program Coordinator – Responsible for programmatic and policy development, marketing, clinical supervision, quality assurance indicators, and acting as a liaison within the agency and surrounding communities.

FRISBIE MEMORIAL HOSPITAL/THE PROSPECTS TREATMENT PROGRAM
ROCHESTER, NEW HAMPSHIRE
July 1993 to December 1997

Senior Therapist - Responsible for a caseload of 4-6 adults in a hospital based substance abuse program. Essential functions included: screening clients for admission, communicating admission, continued stay, and discharge criteria rationale to Managed Care (insurance) companies, assessment of client needs, delivery of educational lectures, groups and individual counseling services, as well as discharge and Aftercare planning.

Additional responsibilities included: strong working knowledge of the A.S.A.M (American Society of addiction Medicine) levels of care and dimensional placement criteria, program track development, assisting with staff supervision/intern training, and aiding in the development of policies and procedures to enhance program effectiveness. The senior therapist was also responsible for the development and execution of the Family Education Program.

AMOSKEAG FAMILY COUNSELING CENTER, MANCHESTER, NEW HAMPSHIRE
December 1991 - January 1993 (part time)

Therapist - Provided substance abuse counseling services for this outpatient agency. Services included: performing substance abuse assessments, and providing counseling services for individual, couples, and families.

MERCY HOSPITAL/THE RECOVERY CENTER, PORTLAND, MAINE
October 1991 - July 1993

Therapist – Responsible for a caseload of 6-8 adults in a hospital based substance abuse program. This program was modeled after the "Caron Foundation" in Wernersville, PA.

Essential functions included: providing individual and group counseling sessions, delivery of didactic lectures within our client and family education program settings, Aftercare Planning, and case management services. This position also involved program and assessment tool development to enhance productivity and outcomes. As a therapist at The Recovery Center, I was also required attendance at a one-week intensive orientation and training program at the Caron Foundation in Wernersville, Pennsylvania.

SEABORNE HOSPITAL, DOVER, NEW HAMPSHIRE
July 1987-September 1991

Primary Counselor - Responsible for a clinical caseload of 6-7 adolescents and adults in a hospital based substance abuse program.

Responsibilities included: client assessment, goal driven treatment planning, delivery of didactic lectures, individual, group, and family therapy sessions, along with providing case management, Aftercare, and discharge planning.

Additional responsibilities included: assisting the clinical manager in the development of the cocaine track treatment program, and the implementation of didactic lectures on cocaine pharmacology.

Outpatient Coordinator

Temporarily assigned to this new administrative position at Seaborne Hospital from February-May 1990 for the purpose of developing, organizing and coordinating an outpatient substance abuse program.

Responsibilities included: development of department protocols, policies and procedures, quality assurance and utilization review standards, and daily management of clinical and administrative requirements. This position also included providing evaluation and counseling services to DWI offenders through our Seaborne Hospital Outpatient Department.

Family Program Consultant

Hired part time (after resigning my full time position) for the purpose of developing and executing an Adolescent Family Program for Seaborne Hospital from April 1992 - December 1993.

EDUCATION

UNIVERSITY OF NEW HAMPSHIRE, DURHAM, NEW HAMPSHIRE
M.ED. COUNSELING 1984

SAN DIEGO STATE UNIVERSITY, SAN DIEGO, CALIFORNIA
COLLEGE OF LIBERAL ARTS AND SCIENCES
B.A. 1982
Major: Psychology Minor: Spanish
Overall GPA: 3.4/4.0 In Major: 3.5/4.0

Relevant Classes: Psychology of Drugs and Alcohol, Psychology of Stress and Adaptation, Group Counseling, Counseling Theory and Practice, Abnormal Psychology, Experimental Psychology: Personality and Clinical, Dynamics of Leadership.

Additional Information: Proficient with Microsoft Office and Office for Mac Programs (e.g. Word, Excel, Outlook, Keynote, and PowerPoint), and Apple Computer technologies.

Academic Honors: Dean's List, Alpha Mu Gamma, Residence Hall Association-Honorary (while serving as a Resident Assistant and Summer Hall Director at San Diego State University), Graduate Tuition Scholarships from the University of New Hampshire.

Technologies: Apple Computer Products, Microsoft Office Suite for PC and Apple Based Platforms (Word, Excel, Outlook, Keynote, and PowerPoint).

LICENSURE AND CERTIFICATION

- NH Master Licensed Alcohol and Drug Abuse Counselor (MLADC #0191)
- Certified NH Impaired Driver Education Program (IDEP) Instructor
- Certified PRIME For Life DWI Risk Reduction Instructor

REFERENCES AND LETTERS OF SUPPORT

AVAILABLE UPON REQUEST

[redacted]

Courtney A. Atherton, MA LCMHC, MLADC

Career Objective To obtain mental health and/or substance addictions counseling position within an agency or cooperative practice.

Experience

September 2013 to Present
Clinical IT Coordinator Southeastern NH Services Dover, NH
Responsible for reviewing all electronic clinical records for all agency program services (inpatient, outpatient, intensive outpatient, and impaired driver intervention programs). Duties include clinical oversight of all clinical records to ensure conformance and compliance with state and federal regulations; increase proficiency with staff administration of electronic clinical records, including staff supervision and training. Collaborate with agency's Clinical Director in monitoring and reviewing all clinical documentation, as well as other supervisory duties, such as hiring, scheduling, and training for new/existing clinical and support staff.

Department of Health and Human Services
Amendment #3 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This third Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 3") dated May 4, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and South Eastern New Hampshire Alcohol and Drug Abuse Services (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 272 County Farm Road, Dover, NH 03820.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #105) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A) and (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to extend the completion date by six (6) months and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #3, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.7 Completion Date by extending the date to December 31, 2015.

3. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $4,654,426.00.

4. Amend General Provisions (Form P-37), Block 1.9 Contracting Officer for State Agency, to read: Eric Borrin, Director Contracts and Procurement.

5. Amend General Provisions (Form P-37), Block 1.10 State Agency Telephone Number, to read: (603) 271-9558.

6. Delete in its entirety, Exhibit A Amendment #2, Scope of Services and replace with Exhibit A Amendment #3, Scope of Services.

7. Delete in its entirety, Exhibit B Amendment #2, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #3, Method and Conditions Precedent to Payment.

Contractor Initials: _____

Scope of Services

A. *Population Served*

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. *Required Treatment Services*

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table	
Required Services	**Treatment Services**
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women –*** Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) –*** A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Date: 5-27-15

Exhibit A Amendment #3

Service Table	
Required Services	**Treatment Services**
	Low-Intensity Residential Treatment (ASAM Level 3.1) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Low-Intensity Residential Treatment (ASAM Level 3.1) – Pregnant Women - **Low**-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
X	***Transitional Living (ASAM Level 3.1) -*** Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Transitional Living (ASAM Level 3.1) – Pregnant Women -*** Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.

Contractor Initials: [signature]
Date: 5-27-15

Exhibit A Amendment #3

Service Table	
Required Services	**Treatment Services**
	No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women -*** High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
X	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

Contractor Initials: [signature]
Date: 5-27-15

C. ***Required Provisions for Services***

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:

Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level

1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.
Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and

Contractor Initials: [signature]
Date: 5-31-15

c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.

2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care
3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be

made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and

Contractor Initials: [illegible]
Date: 5-27-15

counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening,

testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall,

Contractor Initials: [signature]
Date: 5-22-15

upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.

5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of

Contractor Initials:
Date: 5-27-15

Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the

work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact

Contractor Initials: AM
Date: 5-27-15

with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Contractor Initials: _____
Date: 5/27/15

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

Contractor Initials: [illegible]
Date: 5.22.15

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Contractor Initials:
Date: 5-27-15

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $664,918.00 as follows:

- 57% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 18% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 25% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week

X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
X	Enhanced Services	Cost Reimbursement	Up to the Budget Amount in Exhibit B-7

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.

Contractor Initials: [signature]
Date 5/27/15

v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.

- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

   14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $1,000,000.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

Contractor Initials TM
Date 5/27/15

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
  1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

Contractor Initials

Date 5/27/15

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (I)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

State of New Hampshire
Department of Health and Human Services
Amendment #2 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This 2nd Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 2") dated this 15th day of May 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and South Eastern New Hampshire Alcohol and Drug Abuse Services (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 272 County Farm Road, Dover, NH 03820.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, (item # 105) and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013, (Item # 102A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, the State may amend the Contract by written agreement of the parties; and;

WHEREAS, the parties agree to extend the current contract by one year.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amend Form P-37, Block 1.6 to read:
   a) 05-95-49-491510-29890000-102-500734
   b) 05-95-49-491510-29900000-102-500734

Exhibit A Amendment #2

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women*** - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: [illegible]
Date: 5-21-14

	pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women*** - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
X	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. ***Required Services***

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B and Exhibit B-6.

Effective July 1, 2014 through June 30, 2015, funds in the amount of $262, 348 are reserved for Outpatient, Intensive Outpatient, and Recovery support services for Pregnant & Parenting Women and Low-Intensity Residential and Medium Intensity Residential – Adolescent/High-Intensity Residential – Adult Pregnant Women.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $1,329,836 as follows:

- 57 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 18 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 25 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual &
X	Outpatient – Group	$5.00/unit	

Contractor Initials: _____
Date: 5-21-14

			group/week
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
X	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

   A. Access to Services:

Contractor Initials: [signature]
Date: 5-7-14

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Commission Expires: March 12, 2019

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Southeastern New Hampshire Alcohol and Drug Abuse Services (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 272 County Farm Road, Dover, NH 03820.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 2,659,672.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

d) **Delete Table SAMHSA National Outcome Measures**

Replace with:

Table SAMHSA National Outcome Measures

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening of the initial first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/ connections	25% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

3) Amendment and modification of Exhibit B;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, through June 30, 2013"
   b) **Change from** Section II: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:"
   Change to: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during each State Fiscal Year of the contract shall not exceed:"
   c) Delete in Section II; "TOTAL: $1,329,836.00"

4) **Add** Exhibit B-1, B-2, B-3, B-4 and B-5

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

CERTIFICATE OF VOTE

I, Thomas Parks, of Southeastern New Hampshire Alcohol and Drug Abuse Services, do hereby certify that:

1. I am the duly elected Treasurer of Southeastern New Hampshire Alcohol and Drug Abuse Services;
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on May 17, 2013;

   RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the Executive Director is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he may deem necessary, desirable, or appropriate.

   Ray McGarty is the duly elected Executive Director of the corporation.
3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 17, 2013.

IN WITNESS WHEREOF, I have hereunto set my hand as the Treasurer of the corporation this 17th day of May, 2013.

Treasurer of the Board

STATE OF NEW HAMPSHIRE
COUNTY OF STRAFFORD

The foregoing instrument was acknowledged before me this 17th day of May, 2013 by Thomas Parks, Treasurer of the Board of Directors.

Virginia Pollard, Notary Public
My Commission Expires: May 9, 2017

ITEM # 105

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with Southeastern New Hampshire Alcohol and Drug Abuse Services (Vendor #155292 B001), 272 County Farm Road, Dover, NH 03820, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $1,329,836.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95846501	$753,339.00
			Subtotal	$753,339.00

05-95-95-958410-1388 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT AND PREVENTION, GOVERNOR

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95848501	$239,491.00

05-95-95-958410-1387 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, TREATMENT-PREVENTION-STATE

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95841387	$337,006.00
			Subtotal	$337,006.00
			Total	$1,329,836.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Dover area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Southeastern New Hampshire Alcohol and Drug Abuse Services was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $1,329,836.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Dover area.

Source of Funds: 56.65% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 40.82% General Funds and 2.53% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

By: On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.
3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT
5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.
5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.
5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY
6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.
6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.
6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.
7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.
7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.
7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS. The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Contractor Initials: BM
Date: 5/22/12

NH Department of Health and Human Services
Division of Community Based Care Services
Bureau of Drug and Alcohol Services
Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: Southeastern NH Alcohol and Drug Abuse Services

ADDRESS: 272 County Farm Road, Dover, NH 03820

EXECUTIVE DIRECTOR: Ray McGarty
TELEPHONE: 603-516-8160

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of Beds	# of FTE's	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Outpatient	N/A	2.11	Dover	66	$158,325.00
IOP – Drug Court	N/A	2.37	Dover	47	$177,606.00
IOP – AVIS GOODWIN (Womens Program)	N/A	3.49	Dover	56	$262,348.00
Residential – Treatment Adult	7.12	N/A	Dover	93	$312,070.00
Transitional Living Program – Adult	12.77	N/A	Dover	52	$419,487.00
Group – Recovery Support Services *	N/A	N/A	N/A	157	0

* Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.

4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:
New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate

replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:

The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:

The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:

For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:

DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and

whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.

4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:

The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement"

(made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not

covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.

f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that

certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm .

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this

		standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services

Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F:42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301

Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.

3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

I. General Provisions

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2013

CONTRACTOR NAME: Southeastern NH Alcohol and Drug Abuse Services

ADDRESS: 272 County Farm Road, Dover, NH 03820

AGENCY CONTACT TITLE: Executive Director
AGENCY CONTACT NAME: Ray McGarty
TELEPHONE: 603-516-8160

Vendor #155292-B001	Job #95841387	Appropriation #05-095-095-958410-1387-102-500734
	Job #95848501	Appropriation #05-095-095-958410-1388-102-500734
	Job #95846501	Appropriation #05-095-095-958410-5365-102-500734

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 337,006.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 239,491.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 753,339.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $1,329,836.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)
ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.
iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by

the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. Invoicing & Billing:

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

NH Department of Health and Human Services

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

   9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

   9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

   9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

    10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

    10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) **Insurance Requirement for (1)** - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance: Dover, New Hampshire

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Applicable program covered:
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

C. Contract Period: July 1, 2012 or date of G&C Approval, whichever is later, through June 30, 2013

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" (available at www.whitehouse.gov/sites/default/files/omb/grants/sflll.pdf), in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) PRIMARY COVERED TRANSACTIONS

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

STANDARD EXHIBIT I
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILTY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 and those parts of the HITECH Act applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

BUSINESS ASSOCIATE AGREEMENT

(1) **Definitions.**

a. "Breach" shall have the same meaning as the term "Breach" in Title XXX, Subtitle D. Sec. 13400.

b. "Business Associate" has the meaning given such term in section 160.103 of Tile 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 164.501, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

II. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity
2) Amount of award
3) Funding agency
4) NAICS code for contracts / CFDA program number for grants
5) Program source
6) Award title descriptive of the purpose of the funding action
7) Location of the entity
8) Principle place of performance
9) Unique identifier of the entity (DUNS #)
10) Total compensation and names of the top five executives if:
    a. *More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than $25M annually and*
    b. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that SOUTH EASTERN NEW HAMPSHIRE ALCOHOL AND DRUG ABUSE SERVICES is a New Hampshire nonprofit corporation formed August 21, 1979. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 2nd day of April A.D. 2012

William M. Gardner
Secretary of State

CERTIFICATE OF VOTE

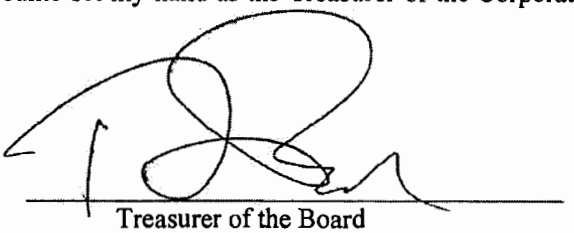
I, Thomas Parks, of Southeastern New Hampshire Alcohol and Drug Abuse Services, do hereby certify that:

1. I am the duly elected Treasurer of the Board of Directors of Southeastern New Hampshire Alcohol And Drug Abuse Services;
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the Corporation, duly held on May 22, 2012;

   RESOLVED: That this Corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the Executive Director is hereby authorized on behalf of this Corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he may deem necessary, desirable, or appropriate. Ray McGarty is the duly elected Executive Director of the Corporation.
3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 22, 2012.

IN WITNESS WHEREOF, I have hereunto set my hand as the Treasurer of the Corporation this 22nd day of May, 2012.



Treasurer of the Board

STATE OF NEW HAMPSHIRE
COUNTY OF STRAFFORD

The foregoing instrument was acknowledged before me this 22nd day of May, 2012 by Thomas Parks, Treasurer of the Board of Directors.

Department of Health and Human Services
Amendment #5 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fifth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 5") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Tri-County Community Action Program, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 30 Exchange Street, Berlin, NH 03570.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #102) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A) and (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), (Amendment #3 to the Contract) approved on December 23, 2014 (Item #16), and (Amendment #4 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #5, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $2,463,504.50

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety, Exhibit B Amendment #4, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #5, Method and Conditions Precedent to Payment.

Contractor Initials: MC
Date: 7-20-15

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials MC
Date 7-20-15

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $408,764.50 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with the funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with the funding requirements above

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor

may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount
X	Medication Assisted Treatment Phase 1	$30 per hour per	Up to $3,300.00

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
	Planning and Phase 2 Implementation: Staff Time	staff person	

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.
**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.
*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post

discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:

The Contractor shall complete all billing for all services (except for Medication Assisted Treatment Staff Time for Phase I and Phase II), defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor will use the Department supplied billing sheet to complete billing for Medication Assisted Treatment Staff Time for Phase I and Phase II.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation,

can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved plan, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked and amounts being billed for the specific scope of work.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

State of New Hampshire
Department of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that TRI-COUNTY COMMUNITY ACTION PROGRAM, INC. (TRI-COUNTY CAP) is a New Hampshire nonprofit corporation formed May 18, 1965. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tri-County Community Action Program, Inc. as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Prior Period Adjustment

The financial statements of Tri-County Community Action Program, Inc. as of June 30, 2013, were audited by other auditors whose report dated March 31, 2014 expressed a qualified opinion on those financial statements. The reason for the qualified opinion on the fiscal year 2013 statements was that the Organization had not previously classified the difference between its assets and liabilities as unrestricted net assets, temporarily restricted net assets and permanently restricted net assets based on the existence or absence of donor-imposed restrictions. The previous auditor stated that the effects on the financial statements of that departure were not readily determinable. As discussed in **Note 14** to the financial statements, the Organization has adjusted its 2013 financial statements to retrospectively apply the change in temporarily restricted net assets. The other auditors reported on the financial statements before the retrospective adjustment.

As part of our audit of the fiscal year 2014 financial statements, we also audited the adjustments described in **Note 14** that were recorded to restate the fiscal year 2013 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2013 financial statements of the Organization other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2013 financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2015, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tri-County Community Action Program, Inc.'s internal control over financial reporting and compliance.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of activities
Tri-County Community Action Program, Inc. (the Organization) is a New Hampshire non-profit corporation that operates a wide variety of community service programs which are funded primarily through grants or contracts from various federal, state, and local agencies.

The Organization's programs consist of the following:

Agency
Tri-County CAP Administration provides central program management support and oversight to our many individual programs. This includes planning and budget development, bookkeeping and accounting, payroll and HR services, legal and audit services, IT support, management support, financial support and central policy development.

Tri-County CAP Administration is the liaison between Tri-County Community Action Program, Inc., Board of Directors and its programs, ensuring that programs comply with agreements made by the Board to funding sources and vendors.

Other responsibilities include the management and allocation of funding received through a Community Services Block Grant, as well as management of the Organization's real estate property.

An example is The Northern Forest Heritage Park (the Park), which provides hundreds of individuals with an educational experience as they visit a full-size replica logging camp, interactive exhibits, the Brown Company House Museum, the Artisans' Display Gallery and gift shop, as well as boat tours, cultural festivals, demonstrations, and competitions. The Park is also available for community and family events.

Head Start
Head Start serves hundreds of children and their families in multiple classrooms and locations throughout three counties. Research demonstrates that children who are healthy learn better. Due to this fact, parents in our program receive assistance in completing medical and dental exams for their children. To further assist in breaking the cycle of poverty, each family enrolled in Head Start receives assistance in completing a family needs assessment, and subsequent support in achieving their self-sufficiency and personal improvement goals.

Guardianship

The Organization's Guardianship program provides advocacy and guardian services for the vulnerable population of New Hampshire residents (developmentally disabled, chronically mentally ill, traumatic brain injury, and the elderly suffering from Alzheimer's, dementia, and multiple medical issues) who need a guardian and who have no family member or friend willing, able, or suitable to serve in that capacity.

Transportation

The Organization's transit program provides various transportation services: public bus routes, door-to-door service by request, long distance medical travel to medical facilities outside our regular service area, and special trips for the elderly to go shopping and enjoy other activities that are located outside the regular service area. The Organization's fleet of 18 wheelchair accessible vehicles offers transportation options to the elderly and disabled, as well as to the general public.

Volunteer

Coos County Retired & Senior Volunteers Program (RSVP) maintains a minimum corps of 330 volunteers, ages 55 and older. These volunteers share their skills, life experiences, and time with over 50 local non-profit and public agencies throughout Coos County that depend on volunteer assistance to meet the needs of their constituents. Our volunteers donate over 50,000 hours yearly.

Workforce Development

The Organization is assisting transitional and displaced workers as they prepare for new jobs, and also assisting currently-employed workers to gain the skills required for better jobs.

The Organization is helping to implement New Hampshire's Unified State Plan for Workforce Development, in line with the federal Workforce Investment Act. Workforce training programs, with training facilities in three towns, provide temporary assistance for needy family (TANF) recipients with 20-30 hours per week of training in the areas of employment skills, computer skills, and business experience, and also place participating TANF recipients in community-based work experience sites.

Alcohol & Other Drugs (AOD)

Services provided through the AOD program include assisting the alcoholic/addicted person on the road to recovery, through three phases: Crisis Intervention, Sobriety Maintenance, and Assessment and Referral to appropriate treatment facilities. The Residential Treatment Programs (Friendship House) provide chemically dependent individuals with the fundamental tools of recovery, including educational classes, group and individual counseling, work and recreational therapy, and attendance at in-house and community-based alcoholics anonymous and narcotics anonymous meetings. The AOD program also offers assistance with its impaired driver programs.

The Friendship House, in December of 2014, had approximately $130,000 worth of investments and improvements due to assistance from Public Services of New Hampshire.

Carroll County Dental

The Tamworth Dental Center (the Center) offers high quality oral health care to children with NH Medicaid coverage. The Organization also serves uninsured and underinsured children and adults using a sliding fee scale that offers income-based discounts for care. The Center accepts most common dental insurances for those who have commercial dental insurance coverage. A school-based project of the Dental Center, School Smiles, offers oral health education, screening, treatment and referrals for treatment to over 1,000 children in 9 schools in the vicinity of the Center.

Carroll County Restorative Justice

The Organization's restorative justice program provides comprehensive alternatives to traditional court sentencing and dispute resolution within the framework of Balanced and Restorative Justice. Two key components of this process are personal accountability for one's actions (diversion) and alternative conflict resolution (mediation). Services are provided by in-house staff, volunteers, and partnered relations with other local service providers.

Support Center

The Organization's Support Center at Burch House is a domestic and sexual violence crisis center that provides direct service and shelter to victims of domestic and sexual violence in Northern Grafton County. Support groups for victims and survivors are provided all year long. Violence prevention programs reach out to students in grades 4-12 and to civic and community groups, as well as to other health and human service professionals in the area.

Supports groups for victims and survivors are provided all year long. Open 24 hours a day, services include: Crisis intervention, emergency shelter, court, hospital and police advocacy and accompaniment, support groups, violence prevention programs reach out to students in grades 4-12 and community outreach trainings and professional presentations to civic and community groups, as well as to other health and human service professionals in the area.

Homeless

Homeless services include an outreach intervention and prevention project that strives to prevent individuals and families from becoming homeless, and assists the already homeless in securing safe, affordable housing. The Organization provides temporary shelter space for homeless clients. The Organization also provides some housing rehabilitation services to help preserve older housing stock.

Energy and Development, and Community Contact

Energy programs provide fuel assistance, electric assistance, utility conservation, and weatherization measures including insulation, air-sealing, energy efficient lighting and refrigerators, hot water conservation measures, minor home repairs, and replacement windows and doors.

Eight Community Contact sites allow for local participant access. Applications for energy assistance program, rental security deposit assistance and other emergency services are taken at these community contact offices. These offices also provide information to the Organization's clients about their other programs and programs available through other organizations in the community.

Elder

The Organization's Elder program provides senior meals in 12 community dining sites, home-delivered meals (Meals on Wheels) to the frail and homebound elderly, and senior nutrition education and related programming. Adult Day Services including respite for those caring for an adult who requires assistance with activities of daily living, support groups, caregiver education, and in-home assessments. The Coos County ServiceLink Aging & Disability Resource Center assists with Medicare counseling, Medicaid assistance, long-term care counseling services, and caregiver supports.

Method of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as promulgated by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under this basis, revenues, other than contributions, and expenses are reported when incurred without regard to the date of receipt or payment of cash.

Basis of presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The Organization had no permanently restricted net assets at June 30, 2014. The Organization had temporarily restricted net assets of $663,213 at June 30, 2014 after the prior period adjustment as described in **Note 14**.

Restricted and unrestricted support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction.

When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Unrestricted net assets include revenues and expenses and contributions which are not subject to any donor imposed restrictions. Unrestricted net assets can be board designated by the Board of Directors for special projects and expenditures.

Temporarily restricted net assets include contributions for which time restrictions or donor- imposed restrictions have not yet been met. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

Permanently restricted net assets include gifts which require, by donor restriction, that the corpus be invested in perpetuity and only the income or a portion thereof (excluding capital gains restricted by State statute) be made available for program operations in accordance with donor restrictions. The Organization had no permanently restricted net assets at June 30, 2014.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. The accounting standards for fair values establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Organization. Unobservable inputs are inputs that reflect the Organization's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is classified into three levels based on the reliability of inputs as follows:

Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2: Valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in markets that are not active or by model-based techniques in which all significant inputs are observable in the market.

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement. The degree of judgment exercised in determining fair value is greatest for instruments categorized as Level 3.

The availability of observable inputs can vary and is affected by a wide variety of factors, including, the type of asset/liability, whether the asset/liability is established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, assumptions are required to reflect those that market participants would use in pricing the asset or liability at the measurement date.

As disclosed in **Note 6**, the note payable which bears monthly interest of 69% of the sum of the one month London Interbank Offered Rate (LIBOR) plus 3.25%, when the Organization's debt service coverage ratio is 1.10; or 3.00% when the Organization's debt service coverage ratio is 1.20. The Organization's purpose in entering into a swap arrangement was to hedge against the risk of interest rate increases on the related variable rate debt and not to hold the instrument for trading purposes. The Organization pays interest at a fixed 3.85%. The arrangement is scheduled to expire on August 2040. The notional amount of the contract was $3,145,412. Accordingly, the swap arrangement, which is a derivative financial instrument, is classified as a cash flow hedge.

For the year ended June 30, 2014, the fair value of the interest rate swap was $49,713 and the unrealized gain was $32,937. The fair value of the swap is included on the balance sheet as a long term liability. No amounts have been reclassified as interest expense and based upon the Organization's intent to hold the derivative until expiration they do not expect to reclassify any unrealized gains or losses to interest expense.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Most of the receivables are amounts due from federal and state awarding agencies and are based upon reimbursement for expenditures made under specific grants or contracts. A portion of the accounts receivable balance represents amounts due from patients at Carroll County Dental and participants in the alcohol and other drug treatment programs. Past due receivables are written off at management's discretion using the direct write off method; this is not considered a departure from accounting principles generally accepted in the United State because the effects of the direct write method approximate those of the allowance method. Management selects accounts to be written off after analyzing past payment history, the age of the accounts receivable, and collection rates for receivables with similar characteristics, such as length of time outstanding.

The Organization does not charge interest on outstanding accounts receivable.

Property and Depreciation

Acquisitions of buildings, equipment, and improvements in excess of $5,000 and all expenditures for repairs, maintenance, and betterments that materially prolong the useful lives of assets are capitalized. Buildings, equipment, and improvements are stated at cost less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Depreciation expense related to assets used solely by an individual program is charged directly to the related program. Depreciation expense for assets used by more than one program is charged to the program based upon a square footage or other similar allocation. Depreciation expense related to administrative assets is included in the indirect cost pool and charged to the programs in accordance with the indirect cost plan. Maintenance and repairs are charged to expense as incurred.

Estimated useful lives are as follows:

Buildings and Improvements	20 to 40 years
Vehicles	5 to 8 years
Furniture and Equipment	5 to 15 years

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated $224,571 as of June 30, 2014.

Nonprofit tax status

The Organization is a *not-for-profit* Section 501(c) (3) organization of the Internal Revenue Code. It has been classified as an Organization that is not a private foundation under the Internal Revenue Code and qualifies for a charitable contribution deduction for individual donors. The Organization files information returns in the United States. The Organization is no longer subject to examinations by tax authorities for years prior to 2009.

The Organization follows FASB ASC, *Accounting for Uncertainty in Income Taxes,* which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. The Organization does not believe they have taken uncertain tax positions , therefore, a liability for income taxes associated with uncertain tax positions has not been recognized.

The Organization's Federal Form 990 (Return of Organization Exempt from Income Tax), subject to examination by the IRS, generally for three years after it is filed.

Retirement plan
The Organization maintains a tax sheltered annuity plan under the provisions of Section 403(b) of the Internal Revenue Code. All employees are eligible to contribute to the plan beginning on the date they are employed. Each employee may elect salary reduction agreement contributions in accordance with limits allowed in the Internal Revenue Code. Employer contributions are at the Organization's annual discretion. In January 2013, payments had ceased, therefore as of June 30, 2014, there were no discretionary contributions recorded. Further information can be obtained from the Organization's 403(b) audited financial statements.

Donated services and goods
Contributed noncash assets are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of noncash assets are recorded as unrestricted support.

Donated property and equipment
Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Use of estimates
The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Functional allocation of expenses
The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited.

Program salaries and related expenses are allocated to the various program and supporting services based on actual or estimated time employees spend on each function as reported on a timesheet.

Workers Compensation expenses are charged to each program based upon the classification of the each employee and allocated to the various program based upon the time employees spend on each function as noted above.

Paid Leave is charged to a leave pool and is allocated to each program as a percentage of total salaries.

Fringe Benefits are charged to a Fringe Benefit Pool. These expenses include employer payroll taxes, pension expenses, health and dental insurance and unemployment compensation. The pool is allocated to each program based upon a percentage of salaries.

Depreciation expense is allocated to each program based upon specific assets used by the program and is reported as depreciation expense on the supplemental statements of functional expenses. Depreciation applicable to assets which are used by multiple programs, primarily buildings, is charged to the benefiting program based upon an analysis of square footage. The same calculation is used to allocate other building costs including insurance. These costs are reported as space costs on the supplemental statements of functional expenses.

Insurance: automobile insurance is allocated to programs based on vehicle usage; building liability insurance is allocated to programs based on square footage of the buildings; and insurance for furniture and equipment is allocated to programs using the book basis of the insured assets.

The remaining shared expenses are charged to an Indirect Cost Pool and are allocated to each program based upon a percentage of program expenses. The expenses include items such as administrative salaries, general liability insurance, administrative travel, professional fees and other expenses which cannot be specifically identified and charged to a program.

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human Services. The proposal effective for the fiscal year beginning July 1, 2013 received provisional approval and is effective until amended. The rate is 12.3%.

Advertising policy

The Organization uses advertising to inform the community about the programs it offers and the availability of services. Advertising is expensed as incurred. The total cost of advertising for the year ended June 30, 2014 was $11,778.

NOTE 2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash on hand, funds on deposit with financial institutions, and investments with original maturities of three months or less. At year end and throughout the year, the Organization's cash balances were deposited with multiple financial institutions. At June 30, 2014, the balances on interest and non-interest bearing accounts were insured by the FDIC up to $250,000. At June 30, 2014, there was approximately $487,000 of deposits held in excess of the FDIC limit. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents and considers this a normal business risk.

Cash Restrictions

The Organization is required to maintain a deposit account with a bank as part of the loan security agreement disclosed at **Note 6**. The required balance in the account is $52,497 and is restricted from withdrawal except to make payments of debt service or as approved by the US Department of Agriculture. Amounts withdrawn to make payments of debt service must be replenished with monthly deposits until the maximum required deposit balance is achieved.

The balance as of June 30, 2014 was $6,219. The Organization was not in compliance with this requirement however, in May 2013, the client began making the required monthly deposits of $437. This amount is included in restricted cash on the Statement of Financial Position.

The Organization is required to maintain a deposit account with another bank as part of a bond issue (see bond payable in **Note 6**). The required balance in the account is $186,516 and is equal to the interest payments on the bond for a 12 month period. The balance as of June 30, 2014 was $187,107, and the Organization was in compliance with this requirement. This amount is included in restricted cash on the Statement of Financial Position.

The Organization maintains a deposit account on behalf of clients who participate in the Guardianship Services Program. The balance in the account is restricted for use on behalf of these clients and an offsetting liability is reported on the financial statements as other current liabilities. The total current liability related to this withdrawal at June 30, 2014 was $403,598. These amounts are included in other liabilities on the Statement of Financial Position. The total restricted cash within this account at June 30, 2014 was $398,354, and is included in the restricted cash balance on the Statement of Financial Position.

During fiscal year 2013, the Court Appointed Special Trustee requested and received $225,000 from private donors. These funds were restricted to use by the Special Trustee under his individual authority. As of June 30, 2014, the remaining balance of these funds is $112,985. This amount is included in restricted cash on the Statement of Financial Position.

NOTE 3. INVENTORY

In 2014, inventory included weatherization materials which have been purchased in bulk. These items are valued at the most recent cost. A physical inventory is taken annually. Cost is determined using the first-in, first-out (FIFO) method.

NOTE 4. PROPERTY

Property consists of the following at June 30, 2014:

	Capitalized Cost	Accumulated Depreciation	Net Book Value
Building	$7,972,540	$ 2,448,604	$ 5,523,936
Equipment	2,214,981	1,570,372	3,785,353
Land	595,467	-	595,467
	$10,782,988	$ 4,018,976	$ 6,764,012

The Organization has use of computers and equipment which are the property of state and federal agencies under grant agreements. The equipment, whose book value is immaterial to the financial statements, is not included in the Organization's property and equipment totals.

Depreciation expense for the year ended June 30, 2014 was $378,065.

The Organization also had building refinancing costs of $17,730. Amortization expense for the year ended June 30, 2014 was $1,478.

NOTE 5. ACCRUED EARNED TIME

Employees of the Organization are eligible to accrue vacation for a maximum of 240 hours. At June 30, 2014, the Organization had accrued a liability for future annual leave time that its employees had earned and vested in the amount of $277,779.

NOTE 6. LONG TERM DEBT

The long term debt of the Organization as of June 30, 2014 consisted of the following:

Note payable requiring 360 monthly installments of $484 including interest at 5% per annum. Secured by general business assets. Final installment due March 2024.	$ 44,319
Note payable requiring 360 monthly installments of $1,746 including interest at 4.5% per annum. Secured by general business assets. Final installment due June 2024.	144,785
Note payable requiring 360 monthly installments of $1,664 including interest at 5% per annum. Secured by general business assets. Final installment due January 2027.	185,470
Note payable requiring 360 monthly installments of $292 including interest at 4.75% per annum. Secured by general business assets. Final installment due April 2030.	38,753
Note payable requiring 360 monthly installments of $74 including interest at 4.75% per annum. Secured by general business assets. Final installment due June 2029.	9,507
Note payable requiring 120 monthly installments of $475 including interest at 4.25% per annum. Secured by a first mortgage on a business condo. Final installment due December 2015.	8,340
Note payable requiring 120 monthly installments of $3,799 including interest at 6.75% per annum. Secured by first mortgages on two commercial properties. Final installment due April 2021.	459,945

Note payable to a related party, interest accrues 6% per annum, no monthly installments, full principal amount plus interest is due August 2012, informally extended.	26,170
Note payable to a non-profit organization (related party), interest accrues 6% per annum, no monthly installments, full principal plus interest due during the Organization's fiscal year end 2013, informally extended.	149,866
Bond payable requiring monthly installments of $15,260 including interest adjusted by a swap agreement with a fixed rate of 3.85%, adjusted by the difference between the fixed amount and a rate of interest equal to 69% of the sum of the 1 month LIBOR rate plus 3.25% (when the Organization's debt service coverage ratio is 1.10) or 3.00% (when the Organization's debt service coverage ratio is 1.20). Secured by first commercial real estate mortgage on various properties and assignment of rents at various properties. Final installment due August 2040.	3,016,868
Note payable requiring 240 monthly installments of $4,518 including interest at 4.16% per annum. Secured by second mortgage on commercial property. Final installment due December 2032.	485,182
	4,569,205
Less current portion due within one year	(315,312)
Total long term debt	$ 4,253,893

The scheduled maturities of long term debt as of June 30, 2014 were as follows:

Years ending June 30	Amount
2015	$ 315,312
2016	142,626
2017	146,154
2018	545,938
2019	134,263
Thereafter	3,284,912
	$ 4,569,205

As described at **Note 2**, the Organization is required to maintain a reserve account with a bank for the first six notes payable listed above. In May 2013, the Organization began making monthly deposits to the reserve account, but had not yet accumulated the required balance.

Failure to meet this requirement may be construed by the Government to constitute default; however, the awarding agency is aware of this issue and has not made a request for advanced payment. The balance in this account as of June 30, 2014 was $6,219.

As described at **Note 2**, the Organization is required to maintain a reserve account with a bank related to the bond payable listed above. Additionally, the Organization is required to maintain a debt coverage ratio of 1:1.10 as stipulated in the loan agreement.

NOTE 7. DEMAND NOTE PAYABLE

The Organization has available a $45,000 unsecured line of credit with Northway Bank, at June 30, 2014. Borrowings under the line bear interest at 6.50% per annum, and totaled $33,611 at June 30, 2014, respectively. The line of credit is unsecured.

The Organization has available a $750,000 line of credit with TD Bank which was secured with real estate mortgages and assignments of leases and rents on various properties as disclosed in the line of credit agreement. Borrowings under the line bear interest at 4.25% per annum, and totaled $400,000 at June 30, 2014. The line is subject to renewal each January.

The Organization has available a $25,000 line of credit with Bank of New Hampshire which is secured with all business assets of the Northern Forest Heritage Park. Borrowings under the line bear interest at 4.25% per annum, and totaled $16,601 at June 30, 2014.

The Organization was issued a revolving line of credit in 2014 with the New Hampshire Department of Administration Services. On June 30, 2014, the outstanding debt totaled $50,839, which included accrued interest of $839.

NOTE 8. LEASES

Capital Leases

The Organization leased equipment from Leaf Financial Corporation under the terms of a capital lease. The economic substance of the lease was that the Organization was financing the acquisition of the assets through the lease, and accordingly, it was recorded in the Organization's assets and liabilities. In 2014, the remaining balance was paid off and the balance was subsequently reduced to zero.

Operating Leases

The Organization has entered into numerous lease commitments for space. Leases under non-cancelable lease agreements have various starting dates, lengths, and terms of payment and renewal. Additionally, the Organization has several facilities which are leased on a month to month basis. For the year ended June 30, 2014, the annual rent expense for leased facilities was $188,455.

Minimum future rental payments under non-cancelable operating leases having initial terms in excess of one year as of June 30, 2014, are as follows:

Years ending June 30	Amount
2015	$ 171,566
2016	93,116
2017	81,757
2018	83,531
2019	70,936
Thereafter	282,000
	$ 782,906

Rent expense for the year ended June 30, 2014 totaled $714,004.

NOTE 9. IN-KIND CONTRIBUTIONS

Contributions of donated services that create or enhance non-financial assets or that require specialized skills and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received.

The Organization records the value of in-kind contributions according to the accounting policy described in **Note 1**. The Head Start, Transportation and Elder Programs rely heavily on volunteers who donate their services to the Organization. These services are valued based upon the comparative market wage for similar paid positions. The Organization is also the beneficiary of a donation of in kind in the form of below market rent for some of the facilities utilized by the Head Start and Elder Programs. The value of the in-kind rent is recorded at the difference between the rental payment and the market rate for the property based upon a recent appraisal.

Many other individuals have donated significant amounts of time to the activities of the Organization. The financial statements do not reflect any value for these donated services since there is no reliable basis for making a reasonable determination.

NOTE 10. CONCENTRATION OF RISK

The Organization receives a large majority of its support from federal and state governments. For the year ended June 30, 2014 approximately $14,018,226 (73%) of the Organization's total revenue was received from federal and state governments. If a significant reduction in the level of support were to occur, it would have an effect on the Organization's programs and activities.

NOTE 11. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following specific program services as of June 30, 2014:

NH Charitable Foundation Grant, Mt. Jasper	$ 32,653
Donations to Special Trustees	50,000
Champagne Family Rescue	616
Berlin Area Renewable Energy Initiative	19,838
Transitions in Caregiving Plus	3,235
10 Bricks Shelter Funds	107,221
Fuel Assistance Emergency Fund	8,689
Donations to Mahoosuc Trail	1,842
Carroll County Transit Program	7,954
Community Contact	3,543
Donations to Maple Fund	1,825
Private Funding for Fuel Assistance Program	149,178
Pellet Stove Program	25,000
Private Funding for Head Start	26,028
Loan Programs	153
Private Funding for Alcohol and Other Drug Program	50,000
Funding for Tyler Blain House	12,595
North Country Transit Other	22,041
Restricted Buildings	140,802
Total temporarily restricted net assets	$ 663,213

NOTE 12. COMMITMENTS AND CONTINGENCIES

Grant Compliance

The Organization received funds under several federal and state grants. Under the terms of the grants the Organization is required to comply with various stipulations including use and time restrictions. If the Organization was found to be noncompliant with the provisions of the grant agreements, the Organization could be liable to the grantor or face discontinuation of funding.

Environmental Contingencies

On March 30, 2009 the Organization's Board of Directors agreed to secure ownership of a 1.2-acre site located in Berlin, New Hampshire. There are 2 buildings on this site designated as the East Wing and West Wing Buildings which were formerly used as a research and development facility for the Berlin Mills Company. The exterior soil and interior parts of the East Wing Building contained contaminants which required environmental remediation. In a letter dated May 2, 2012, the State of New Hampshire Department of Environment Services (the Department) noted that the remedial actions for the exterior soils and parts of the East Wing Building had been completed to the Department's satisfaction.

In addition, the Department noted that the contaminants related to the West Wing Building did not pose an exposure hazard to site occupants, area residents, and the environment provided the West Wing Building is maintained to prevent further structural deterioration. If further deterioration occurs and contaminants are released into the environment, the Organization could be required to take additional action including containment and remediation.

Other Liabilities

During fiscal year 2012, the Organization withdrew $375,000 from an account entrusted to the Organization as part of the Guardianship Program (see **Note 2**). This unauthorized withdrawal was reported to the New Hampshire Assistant Attorney General of the Charitable Trust Division and an agreement was reached to replenish the account. The Organization returned $191,000 during the fiscal year ended June 30, 2013 and $184,000 during the fiscal year ended June 30, 2014 to the Guardianship Services Program account.

In addition to the requirement to return the funds, the Organization was assessed a fee of $5,244 related to the unauthorized use of these funds. This amount was still outstanding at June 30, 2014 as no official notice or request for payment had been received by the Organization.

NOTE 13. RELATED PARTY TRANSACTIONS

As disclosed in **Note 6**, the Organization has a loan payable to the wife of the former Chief Executive Officer. Also in **Note 6**, the Organization has a loan payable to a non-profit organization which also provides pass-through state and federal funding for some of the Organization's programs. See **Note 6** for terms of the note payables. Total note payables to related parties for the year ended June 30, 2014 was $176,036.

NOTE 14. PRIOR PERIOD ADJUSTMENTS

The beginning net assets for 2014 have been restated to correctly classify unrestricted and temporarily restricted net assets. The prior auditors had modified their audit opinion for the year ended June 30, 2013 with regards to these balances stating that the Organization had previously not classified these net asset balances appropriately. They also stated that the effects on the financial statements were not reasonably determinable. During the year ended June 30, 2014, the Organization reviewed their entire unrestricted and temporarily restricted net asset balances and corrected this issue. The effect of the restatement was to increase unrestricted net assets and decrease temporarily restricted net assets for 2013 by $402,386.

There was also another adjustment, totaling a net amount of $76,316, related to refundable advances not recorded at June 30, 2013.

NOTE 15. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through January 19, 2015, the date the financial statements were available to be issued.

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Tri-County Community Action Program, Inc. under programs of the federal government for the year ended June 30, 2014. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of Tri-County Community Action Program, Inc., it is

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 19, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Tri-County Community Action Program Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies: FS-2014-001, FS-2014-002, and FS-2014-003.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tri-County Community Action Program Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Tri-County Community Action Program Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Tri-County Community Action Program Inc.'s major federal programs for the year ended June 30, 2014. Tri-County Community Action Program Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Tri-County Community Action Program Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tri-County Community Action Program Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tri-County Community Action Program Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Tri-County Community Action Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Tri-County Community Action Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Tri-County Community Action Program Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2014

1. The auditors' report expresses an unmodified opinion on the financial statements of Tri-County Community Action Program, Inc.

2. Three significant deficiencies relating to the audit of the financial statements are reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards* and are included in the Findings – Financial Statement Audit below.

3. No instances of noncompliance material to the financial statements of Tri-County Community Action Program, Inc. which would be required to be reported in accordance with *Government Auditing Standards,* were disclosed during the audit.

4. No significant deficiencies in internal control over major federal award programs during the audit are reported in the *Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133.*

5. The auditors' report on compliance for the major federal award programs for Tri-County Community Action Program, Inc. expresses an unmodified opinion on all major programs.

6. There were no audit findings which the auditor would be required to report under section 510(a) of OMB Circular A-133.

7. The programs tested as major programs included:

   Low Income Home Energy Assistance – CFDA #93.568

   Aging Cluster:

      Special Programs for the Aging – Title III, Part B – CFDA #93.044

      Special Programs for the Aging – Title III, Part C – CFDA #93.045

      Nutrition Services Incentive Program – CFDA #93.053

   Community Services Bock Grant – CFDA #93.569

   Head Start – CFDA #93.600

   Temporary Assistance for Needy Families – CFDA #93.558

8. The threshold for distinguishing Type A and B programs was $340,260.

9. Tri-County Community Action Program, Inc. was determined not to be a low-risk auditee.

FINDINGS - FINANCIAL STATEMENTS AUDIT

FS-2014-001

Condition: The Organization records their monthly receivables based on the invoicing done by the Program Directors. The non-contract billings are recorded as miscellaneous receivables for the year-end balance. Management reviews subsequent cash receipts to capture any payments that may have been overlooked by a Program Director when completing their reports for year end.

Criteria: A system needs to be developed to ensure that all financial information, including the receivable balances and estimates for allowance for doubtful accounts, is captured and reported in the financial statements.

Cause: Procedures have not been fully designed and implemented over the accounts receivable in order to safeguard the assets.

Effect: Although we did not encounter receivables that were not properly recorded, there is the risk that the miscellaneous receivables balance would be misstated.

Recommendation: The Organization should design and implement policies and procedures for the recording, reporting and collection of all receivables.

Management Response: Management agrees with this finding. Due to the structure of the Organization, billing needs to be initiated by the program departments after reviewing their monthly results from their records and the Organization's accounting system. The Finance Department reviews the revenue and expense reports to review for flags (such as budget variances) that indicate possible unbilled items due to an unexpected revenue and expense imbalance. Monthly inquiries are made of Department Directors to ask about potential unbilled items. Written procedures will be created for Directors and/or their designees to follow to help prevent missed billings, receivable adjustments, and/or the accrual of as yet unbilled but earned receivables.

FS-2014-002

Condition: The Organization failed to comply with the requirements to report net assets as unrestricted, temporarily restricted, and permanently restricted.

Criteria: The Organization needs to have a process in place to identify restrictions on grants and donations, as well as monies received from Federal funds.

Cause: The predecessor auditor provided guidance to management on how to record the net assets.

Effect: The Organization required assistance and guidance on how to calculate the amount of Federal funds included in temporarily restricted net assets, resulting in a prior period adjustment.

Recommendation: The Organization needs to develop a policy to properly record the donations and grants to the appropriate net asset classification.

Management Response: Management agrees with this finding. The predecessor auditor and former fiscal management had discussions related to the treatment of the net asset section. The Organization decided to seek and utilize the guidance of the predecessor auditor. Before this finding current management was reviewing and questioning the prior recommended net asset classifications. After review of documentation and consulting with the current auditors, the current management concurs that net assets need to be classified differently and that specific written instructions are required to insure proper classification in the future. Subsequent to June 30, 2014, management analyzed the net asset balances and posted adjustments to properly classify net assets by restriction.at June 30 2014.

FS-2014-003

Condition: The Organization failed to design and implement procedures to control and monitor the use of a certain bank account and the proper recording of another account.

Criteria: Controls over the bank accounts must be designed and implemented to prevent, or detect and correct, errors including misappropriations.

Cause: A lack of internal control procedures over the Organization's bank accounts, noted above, and the reconciliation of those accounts.

Effect: One bank account was not properly recorded in the Organization's general ledger, resulting in an adjustment to the trial balance. Another bank account was reported on a cash basis, rather than an accrual basis, and had to be adjusted accordingly.

Recommendation: Management should further improve controls over the bank accounts in order to ensure that they are being reported properly.

Management Response: Management agrees with this finding. Although immaterial to the financial statements in this instance, Management agrees that all bank accounts need to be recorded and reconciled properly due to the responsibility related to the custody of these cash assets. The Organization has corrected the issue related to both referenced accounts above and is performing further research to ensure no other such accounts have been omitted.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS

FOR THE YEAR ENDED JUNE 30, 2013

Financial Statement Audit

FS-2013-01

Condition: Although some improvements have been made since the prior year audit, the financial reporting system continues to be inadequate in its ability to identify, capture, and record information. Procedures to prevent, or detect and correct material misstatements in the financial statements are not effective. Customary accounting procedures were not fully implemented and those procedures which did exist were not consistently done in a timely manner.

Audit fieldwork was scheduled to begin on September 30, 2013, three months after the fiscal year end. Although we held a pre-audit conference on June 13, 2013 and provided the Chief Financial Officer with specific requests for information, we did not receive an adjusted trial balance until September 26, 2013 which, when received, was labeled as "Draft".

When we arrived to perform audit procedures, the client was in still in the process of reconciling revenues and total expenditures to a worksheet used to prepare the draft Schedule of Expenditures of Federal Awards (SEFA). This process was required, because as noted in the prior year audit deficiencies letter, there were many inaccuracies in the posting of revenue throughout the year. Many adjustments were required before the financial reporting system accurately reported the total revenues by program. Therefore a final SEFA could not be prepared until January 2014. This also made it difficult for program managers to manage their programs since the revenue as reported to them during the year was incorrectly allocated by source.

The financial reporting system was closed on a monthly basis without ensuring all accounts payable invoices relating to the period were posted. Entries for internal expenses such as depreciation and occupancy costs were missing from several month end reports. These errors not only caused an issue for program managers during the fiscal year because financial information used to support reimbursement requests frequently changed when these adjustments were finally calculated and posted, but also caused determining final expenditures by program extremely difficult.

Additionally, although reconciliations of most balance sheet accounts had been prepared at year end, there had been little to no effort made to reconcile the annual amounts for payroll, depreciation, or occupancy costs to the trial balance. Our audit procedures found issues with the depreciation and occupancy costs as reported on the trial balance which were later corrected through adjusting entries.

It was also noted that on the Aging Cluster quarterly program service reports, that the amounts reported as expenditures of the program were incorrect because the departments are not receiving timely financial reports with correct financial information.

Recommendation: The Organization should continue its efforts to further enhance and refine the financial reporting system so that information can be obtained in a timely manner.

Prior Year Management Response: Management agrees with this finding.

The Organization did have difficulty with completing the preparation for the audit and closing out the year. The prior year audit was not finished until March 31st, and it appears that the new Chief Financial Officer and Senior Accountant, who started in May 2013 and June 2013 respectively, spent their time acclimating themselves as best they could.

The Organization was struggling to keep its doors open and much activity and effort was being placed on survival activities like cash management. Management expects that closing out the fiscal year and audit preparation will be much quicker in FY14 as the Organization's financial stability has improved significantly and less staff time and energy is diverted to survival efforts.

Management agrees with the finding that not all accounts payable expenses were being properly recorded by the end of the posting period. Because the Organization was so strapped for cash, it would close the monthly quickly, usually around the 5th of the month, so that it could send out billings. Some accounts payable invoicing was not being recorded in the monthly posting period, usually due to a lag in receiving invoices from vendors. The Organization would capture these payables in the next month.

Management sees this as a problematic process that frankly will probably continue until there is an adequate cash reserve. The Organization is currently working on improving cash reserves by selling off surplus real estate. The Lancaster property has already sold, an offer has been made on the Ashland property (contingent upon a vote at Town Meeting), and a proposal is being negotiated for the Northern Forest Heritage Park property. The School Street property in Berlin is actively on the market. As each property closes, a portion of the proceeds will move into a cash reserve account, so the Organization will be able to remedy this problem over time.

Starting late in fiscal 2013, and continuing to the present time, on the advice of a consultant, the Organization changed its methodology of posting depreciation, posting to the departments where the item is used, rather than to the whole agency. The posting is now done monthly, rather than annually, as previously done.

Current Status: We have found significant improvement over the Organization's ability to identify and record information, as well as the procedures to prevent, or detect and correct material misstatements. We have identified one item (FS-2014-002) that we would consider to be a significant deficiency that needs adjustment in order to produce financial statements.

FS-2013-02

Condition: Procedures for the recording of receivables are poorly designed and inadequate to ensure reporting in accordance with generally accepted accounting principles

In fiscal year 2013, the Organization began utilizing the accounts receivable module of the financial reporting system. This system was used for a portion of the year and was not used for all types of receivables. Programs with significant client activity such as the Dental Center, Restorative Justice, Alcohol and Other Drugs and Transportation track their receivables using a variety of systems which range from patient billing systems to excel worksheets. Because the fiscal department does not track receivables for these program areas, the finance department has no way to ensure that all receivables have been recorded, an allowance has been established for doubtful accounts, or that collection efforts are made to ensure payment is received.

Recommendation: The Organization should design and implement policies and procedures for the recording, reporting and collection of all receivables.

Prior Year Management Response: Management agrees with this finding.

In April, 2013 the Organization initiated the use of the "accounts receivable" module for contract receivables. Later that year, the Organization also began the process of recording receivables for non-contract billings, such as for Alcohol & Other Drugs and Dental receivables. This is a new process for the Organization, but staff seems to be taking it very seriously. Staff in the finance department now have a method to remind program directors when non-contract receivable information is due. This has been a work in progress, but management believes the information is much more accurate now.

Receivables for the Alcohol & Other Drugs and Dental programs require more intensive attention. The Chief Financial Officer is working with the leadership of those two programs, both to collect what is collectable from old accounts, and to put procedures in place to better assure payments in the future. It is likely that there will always be some accounts from both of these programs that will remain uncollectable, due to the population the Organization serves: low-income, transient, jail-bound in some cases. But we need to follow best practices to ensure as much as possible is collected at the point of service, and to stay in touch with clients after they have left.

Current Status: The Organization records their monthly receivables based on invoicing done by the Program Directors. The non-contract billings are recorded as miscellaneous receivables for the year-end balance. Management reviews subsequent cash receipts to capture any payments that may have been overlooked by a Program Director when completing their reports for year end. If there was a delay in payment to the Organization, there is the risk that the miscellaneous receivables would be misstated. During our testing in the current year, we noted the Organization had properly captured the appropriate receivables balance (FS-2014-001).

FS-2013-03

Condition: Although the Organization states in its accounting policies that it complies with the requirements to report net assets as unrestricted, temporarily restricted, and permanently restricted, it appears that finance department personnel did not fully understand the requirements related to each classification.

This was evidenced by the Chief Financial Officer closing all temporarily restricted net asset accounts from fiscal year 2012 into one summary account, thereby losing the detail of which grant had remaining temporarily restricted funds to be expended.

It was further evidenced by the entries related to the sale of vehicles by the transportation program, the proceeds of which have to be used to reacquire new vehicles. This amount was recorded as sales revenue and not identified as temporarily restricted proceeds until questioned by the auditor.

Furthermore, the Organization lacks a process to identify the amount of temporarily restricted net assets at year end because they are unable to correctly adjust the financial reporting system to report the total expenditures by program, do not have a mechanism in place to calculate the restricted revenues in excess of expenditures once correctly adjusted, and do not appear to be working toward developing a methodology to correct this deficiency.

Recommendation: The Organization should develop a policy regarding the acceptance of donations and other grants. This should be completed in conjunction with consideration of a risk management policy. The Organization should create a standard form which should include an identification of any restrictions imposed by the donors on the award since many private donors fail to stipulate this in their own documentation. The finance department employees, as well as other program staff, should be educated on the proper classification of net assets. The accounting system or other mechanism should be utilized to track revenues which are unexpended at the fiscal year end. If the donation is restricted as to the allowable time frame for expenditure, then the donation should be returned to the donor. If there is no time restriction then they should record these assets as temporarily restricted in the financial statements. These funds should be made available in the subsequent year for continuation of the donated purpose.

Prior Year Management Response: Management agrees with this finding.

There is a policy regarding the acceptance of donations and other grants, but it appears to be outdated, and does not include a standard form which would document the donor's restrictions as to the use of funds. Management will work with the finance department to ensure that the policy is updated and such a form is created. Moreover, the finance department will be directed to create a simple, less cumbersome system to track expended and unexpended grant and donation revenues, and record them accurately in the financial statements.

Current Status: We noted that there were some items within temporarily restricted net assets that related to programs and should be transferred to unrestricted, resulting in a prior period adjustment (FS-2014-002).

FS-2013-04

Condition: Procedures to allocate shared occupancy costs to the benefiting programs were inadequate and failed to allocate the costs accurately. Furthermore, reconciliation procedures that would have identified the errors were not performed.

Recommendation: Procedures to identify, allocate and reconcile occupancy costs to the benefitting programs should be refined to ensure that all costs are captured, properly allocated and posted to the financial reporting system.

Prior Year Management Response: Management agrees with this finding.

FY 2013 was the first year that the Organization moved to capture occupancy costs and assign them to benefitting programs, rather than to the agency as a whole. Naturally, with so many properties, and so many programs, there have been some errors in implementing this process. But it does seem to capture true programs costs much better than the previous method. Management's position is that the agency needs to get this right, so there is a process for cost allocation that can be used in future years.

Management plans to review occupancy costs regularly, to ensure that they are captured. Finance department now reconciles occupancy costs quarterly for accuracy, and this practice will continue.

Current Status: During our testing, we noted that the costs were allocated properly and that reconciliation procedures were performed.

FS-2013-05

Condition: The listing of property and equipment as originally received from the Organization did not include $661,615 of assets which were included in the total assets per the trial balance. Further inquiry revealed that the Chief Financial Officer had removed the assets from the listing because they were fully depreciated and planned to post a journal entry to remove the asset balance and related depreciation from the accounts. However, no procedures were performed to identify if the assets were still in existence and still being used by the Organization.

Recommendation: Design and implement a policy for property and equipment which includes the requirement to periodically take a physical inventory of assets currently in use and to update the fixed asset as needed for additions and disposals.

Prior Year Management Response: Management agrees with this finding.

In the new Accounting Policy and Procedure Manual, there is a process for property and equipment that allows the Organization to dispose of or write off fully depreciated assets.

During FY 2014, the Chief Operating Officer assigned an employee to list all property and equipment in existence, and there is a draft that needs to be reviewed, so there is a listing of all the Organization's assets in one place. This list will be reviewed at least annually in the future.

Current Status: The assets mentioned were added back to the schedule and the full listing was reviewed by management. Those assets that were no longer in existence, or in service, were removed from the listing and the accounts were reconciled to the trial balance.

FS-2013-06

Condition: The Organization failed to design and implement procedures to control and monitor the use of the organizations bank accounts.

A test of the controls over the bank reconciliation process identified missing reconciliations for July 2013 for nine bank accounts used for the senior meal site locations, senior wheels program and the Head Start policy council. These bank accounts are reconciled at the individual site/program locations and a copy of the reconciliation is to be sent to the fiscal department for review. The July reconciliations had not been received by the fiscal department as of September 30, 2013, the first date of audit fieldwork. Although the reconciliation had been identified as missing by the Accounting Manager, the Chief Financial Officer had not requested or obtained the missing items. The balances in the account were immaterial however; failure to monitor and enforce controls may create opportunities for fraud or errors to go undetected.

Confirmations of account balances with banking institutions revealed two accounts with the Woodsville Guaranty Savings Bank which were not listed in the financial reporting system and appeared to have been overlooked. The accounts balances were immaterial however, the accounts should be closed if no longer being used. Bank accounts which are not monitored and reconciled may create opportunities for fraudulent activity.

Examination of the operating bank account reconciliation revealed an unusual adjustment related to the line of credit. The operating account is tied to a line of credit which is automatically drawn upon when checks presented for payment exceed the available bank balance. At fiscal year end, the organization had $96,818 in outstanding checks against a bank balance of $5,832. The checks had not been presented for payment and therefore the line of credit had not been accessed to cover the overdraft, however, the Organization recorded a reconciliation adjustment to increase cash by the amount of available credit on the line of credit. As a result, the bank balance and the line of credit balance were overstated by the available credit line of $122,648.

Recommendation: Because of the liquid nature of cash, preventative controls should be the first area of focus because controls often identify the error too late to prevent the loss of resources. Management should further refine controls over the bank accounts to strengthen the internal control system.

Prior Year Management Response: Management agrees with this finding.

The need for better controls of cash and bank accounts is a priority for the Organization's management. In FY 2014, the Organization closed several smaller, problematic accounts, where getting programs managers to reconcile was a challenge.

The finance department will now reconcile all bank accounts monthly, before the month is closed. The Organization management commits to ensuring that unusual practice, such as writing checks that exceed the available cash, will not take place.

Current Status: There were bank reconciliations prepared monthly for all bank accounts and amounts agreed to the trial balance; however, we did note that the Head Start Policy Council bank account was not properly recorded on the trial balance of the Organization and the Guardianship account was being reported on a cash basis, rather than accrual basis, creating two adjusting entries (FS-2014-003).

FS-2013-07

Condition: Although the client is preparing a worksheet to reconcile the payroll reports from the payroll module of the accounting system to the quarterly 941 reports, the reconciliation process did not include a reconciliation to the totals per the general ledger accounts. Reconciling to the general ledger is an important control which helps to identify miss-postings which may otherwise go unnoticed due to the large dollar amount and transaction volume processed through the payroll general ledger accounts. This control is especially important at the Organization because the accounting system includes an additional step of posting to a summary account and then allocating the costs to the individual program general ledger accounts. Assuming that the amount posted to the summary account equals the amount posted to the individual program general ledger accounts without verification could create an opportunity for errors or fraud to be undetected.

Recommendation: Management should implement procedures to include a quarterly reconciliation of the payroll information to the general ledger accounts.

Prior Year Management Response: Management agrees with this finding.

The Organization now has a process for reconciliation of payroll at every payroll period. This reconciliation is conducted by the Organization's senior accountant, and his work is overseen by the Chief Financial Officer. Payroll is now being reconciled down to the individual program general account level through the year-to-date time sheet charges, by the activity report in our accounting system.

Current Status: During our testing, we noted that the payroll accounts were properly reconciled to the 941 returns with no exceptions.

FS-2013-08

Condition: A general journal entry was posted to record the liability for cred it card transactions which were included on a statement which spanned the fiscal year end. The entry correctly recorded the liability, however the expenses were posted to a summary account which was included in miscellaneous expenses rather than posting each expense to the appropriate expense account. As a result, although the liability is correctly recorded, the expense is not reported by natural classification or by function. Additionally, the expense will not be included in expenses which were eligible for grant reimbursement.

Recommendation: Procedures should be implemented to ensure that all expenses are posted to the correct general ledger account including those posted through general journal entries.

Prior Year Management Response: Management agrees with this finding.

During FY 2014, the Organization created a new credit card policy designed to provide better internal controls, and direct expenses to the programs where they belong. Beginning in FY 2014, the Finance department is recording all outstanding payables down to the grant award level. This should ensure more accurate accounting of expenses, and also allow the Organization to capture all allowable federal and state reimbursements.

Current Status: During our testing, we noted that the credit card transactions were appropriately recorded to the proper expense accounts and by function.

FS-2013-09

Condition: Procedures over the control of the weatherization/better buildings materials inventory are inadequate.

The Organization purchases inventory in bulk for use by all of the weatherization programs. The materials used by the Better Buildings program are recorded on a worksheet and an entry should be posted at year end to transfer the expense related to the program from a general expense account to a Better Buildings program specific account. The Organization failed to post this entry which caused the Better Building program costs to be understated by approximately $39,300.

Additionally, the finance department makes one entry at the end of the fiscal year to adjust the balance in the inventory account to agree to the value calculated from a physical count. However, no procedure exists to track and record the value of the items removed from inventory to ensure that all inventory has been accounted for and used for the weatherization programs.

Recommendation: The Organization should develop a system which would allow the tracking of items removed from inventory so that the expense can be properly recorded. In this manner, the ending inventory should require minimal adjustment at year end, costs can be properly allocated by program, and any errors or misappropriations can be detected.

Prior Year Management Response: Management agrees with this finding.

Prior to FY 2014 there does not seem to have been an adequate system for internal control of the Weatherization materials inventory. Since that time, there has been a change in leadership in the program, and new procedures for tracking inventory.

Currently, as items are removed from inventory and used to weatherize homes, the Weatherization Director tracks each job's actual use of materials, as well as labor and other expenses. The process of tracking expenses and revenues is overseen by the EHCCO Division Director and reported regularly to the Finance department. The CFO reviews these inventory uses, revenues and expenses, and makes value adjustments in the balance sheet quarterly. The Organization now conducts a physical count of materials each quarter, and captures these in journal entries. Finance department has also created a written policy and procedure regarding procurement and inventory management.

Current Status: During our testing we found that updated controls were in place over the inventory and that the inventory was being reconciled. The Organization has improved their internal controls over the last fiscal year and is still in the process of making updates to improve their procedures. We noted during our testing of internal controls that there were missing signatures of approval and signs-offs on routing sheets; however, these appear to be isolated incidents.

FS-2013-10

Condition: Management failed to design and implement a procedure to ensure that the drawdown of federal funds was only for immediate needs and that reimbursement was requested only after the costs had been incurred.

Advanced funding of $533,667 for program costs for the fuel assistance program funded through federal CFDA 93.568 was received on 10/31/12. Expenditures for the grant period had not been incurred however the funds were spent on organizational operating expenses.

Recommendation: The Organization should continue in its efforts to design and implement procedures to ensure that funds advanced by an awarding agency are expended as closely as possible to receipt of the advance.

Prior Year Management Response: Management agrees with this finding.

This particular finding is vital for the Organization's future program integrity. The Organization MUST comply with cash management requirements regarding the drawdown of an awarding agency's funds. Management believes that the spirit of the Auditor's recommendation has been followed in FY 2014. For example, the Organization began a procedure of drawdowns with Head Start and RSVP that guaranteed that funds were not requested until payroll and accounts payable were completed and only represented costs to date. Other major federal accounts such as CSBG were drawn only on a 1/12th basis, and FAP monies were segregated into a separate restricted account which prohibited movement of funds without dual signatories from Senior Management.

However, Management commits to taking the additional step of creating a policy and procedure that contains language specifically referencing how monies advanced by an awarding agency are to be treated.

Current Status: Corrected.

Single Audit

SA-2013-01

Condition: Our audit of the controls over the Better Buildings Program revealed that the Organization failed to comply with Davis-Bacon Act wage requirements.

The current year issue was identified and reported by NH Community Development Finance Authority during a monitoring visit in July 2013 and related to the June 2013 payroll. Additionally, we identified issues with the May 2013. Both of these errors were after the fiscal 2012 deficiency letter was issued which identified a similar finding related to the Weatherization Program.

Additionally per the Better Buildings grant document, certified payrolls were to be sent to the NH Office of Energy and Planning within 7 days of payroll processing. The Organization did not comply with this requirement.

Recommendation: The Organization should design and implement a system to comply with Davis Bacon Wage requirements.

Prior Year Management Response: Management commits to complying with Davis-Bacon Act wage requirements.

As of FY 2014, the Better Buildings program no longer exists. In future, when the Organization takes on projects that are subject to Davis-Bacon, Management will ensure that all requirements under the Act will be met. The Organization will seek the guidance of an employment attorney to ensure its practices are designed to be fully compliant.

Current Status: Corrected.

SA 2013-02

Condition: The listing of property and equipment did not include any information regarding the source of funds used to acquire or improve each asset. Some of the assets were purchased with federal funds in accordance with grant requirements. However, depreciation related to those assets would not be an allowable expenditure for grant reimbursement. The Organization did not have a procedure in place to identify assets purchased with federal funds and to ensure that the depreciation related to the assets was charged to the correct program for proper financial reporting, but not included in expenses submitted for reimbursement for grant compliance.

Recommendation: Procedures should be implemented which would include the identification of assets purchased with federal funds and a mechanism for tracking and posting the related depreciation expense.

Prior Year Management Response: Management agrees with this finding.

In FY 2014, the Finance department created a "Federal, un-reimbursable" code in its accounting software, to keep track of non-allowable depreciation expenses.

Starting with a reminder to Program Directors in March, 2014, Management will take the additional step of making sure Program Directors and Finance staff are all well-versed in the requirement to identify assets purchased with federal funds.

Current Status: Corrected.

SA 2013-03

Condition: Procedures have not been designed or implemented to allocate expenses to grants with periods which differ from the Organization's fiscal year.

The Head Start grant year includes the period of February 1 to January 31 of each year. Because the Organization did not post depreciation on a monthly basis until March of 2013, no depreciation was posted to the grant year which ended on January 31, 2013. However, 12 months of depreciation was posted to the grant year ending January 31, 2014 although only 5 months of depreciation was attributable to this time frame.

Similarly, in-kind occupancy costs were not allocated to the correct grant year. No in-kind occupancy costs were charged to the grant year which ended on January 31, 2013. Instead all in-kind occupancy costs were charged to the grant year ended January 31, 2014.

Recommendation: Posting expenses on a monthly basis will help to alleviate issues related to differing grant periods. However, careful review of financial information by an individual independent of the preparation will help to identify errors with calculations and application of allocation methods.

Prior Year Management Response: Management agrees with this finding.

It appears that when the Organization began posting expenses on a monthly basis, this was a step in the right direction. But it also appears that initially, a careful review of the information reported was not done.

Management appreciates the Auditor's suggestion that the Organization should not only post expenses on a monthly basis, but also provide a careful review by someone not involved in the preparation, as a check against errors. The current process is that the Senior Accountant prepares the journal entries for grant accounts monthly, and these entries are reviewed and approved by the Chief Financial Officer monthly.

Current Status: Corrected.

SA 2013-04

Condition: Controls over the accumulation of allowable costs and related reimbursement requests for the Better Buildings program were inadequate.

Testing of reimbursement requests for 3 out of 10 requests submitted during the fiscal year identified 2 out of the 3 requests selected could not be reconciled to the financial reporting system. In both cases, the administrative costs did not agree to the financial reports. Additionally, in one case the program costs did not agree to the financial reports. Of the 3 requests tested, 2 requests were not approved by the appropriate personnel.

Because the grant remained open after the current fiscal year end, the Organization had an opportunity to research and correct the issue prior to the grant close out.

Recommendation: Procedures must be designed and implemented which provide for the accumulation of information which will allow for an accurate reimbursement request, supported by verifiable data to be prepared.

Prior Year Management Response: Management agrees with this finding.

The new Weatherization Director has begun a reconciling process using accounting software to put together reimbursements. He also obtains signatures of senior staff, who review his work prior to transmission of billing. This practice was begun October 2013 and continues today.

Current Status: Corrected.

SA 2013-05

Condition: In testing expenditures for the Head Start program, we noted numerous reimbursement requests which lacked the employee's signature and the approval of the supervisor.

Recommendation: We recommend that procedures be implemented which would require proper approval of all invoices, including expense reimbursements prior to payment.

Prior Year Management Response: Management agrees with this finding.

In FY 14 a process was created where any employee requesting reimbursement is required to prepare and sign the employee reimbursement form. A supervisor is required to review and approve the reimbursement, and the Payroll Accountant is required to review the reimbursement and make sure it was free of error, charged to the correct expense and element codes, accompanied by adequate backup documents and appropriately approved. The Payroll Accountant then requests the Chief Financial Officer signature on the document before release of payment.

Current Status: Corrected.

SA 2013-06

Condition: In testing reporting required for the Aging cluster, we noted that the reports for the quarter ended June 2013 were filed late for both the transportation program as well as the senior meals program. Additionally we noted that the number of trips reported on the March quarterly report for transportation reported 64 fewer trips than were actually reimbursed. Further inquiry with the Program Director revealed that the trips were properly reimbursed but were mistakenly left off the quarterly report.

It was also noted that on the Aging cluster quarterly program service reports, the amounts reported as expenditures of the program were incorrect.

Recommendation: We recommend that procedures be implemented which would require a reconciliation of supporting data to the quarterly reports. We also recommend that a schedule be developed to ensure timely filing of reports.

Prior Year Management Response: Management agrees with this finding.

In FY14 a process will be developed to ensure the timely filing of accurate reports.

Current Status: Corrected.

EDUCATION: Master of Science, Graduate Program in Community Mental Health, SNHU, Major - Co-occurring psychiatric and addictive disorders - 2005.
Master of Science in Human Services, Major in Community Psychology, Springfield College, 1994.
B.S., Human Services, Springfield College, 1991.

LICENSES: NH Licensed Clinical Mental Health Counselor – 2007-Prersent
NH Masters Licensed Alcohol Counselor and Drug Counselor – 1994-Present

AREAS OF EFFECTIVENESS:

Program Development

Developed, coordinated, and facilitated a Pre/natal substance abuse screening and early intervention program.

Revised, updated, and integrated hospital-wide discharge planning policy.

Implemented and facilitated Student Assistance Program for N.H.-SAU#7.

Initiated alternative forms of the therapeutic processes (i.e. meditative and guided imagery, relaxation techniques) for an inpatient residential substance abuse treatment facility.

Chaired, organized, and implemented a 2-year Strategic Plan for local human service agency with over 150 employees.

Management and Administration

Managed hospital social service department, to include all department head duties and supervision of hospital chaplain and utilization review RN, plus all direct service of hospital-related social work duties.

Implemented and coordinated all aspects of clinical treatment for North Country Shelter, North American Family Institute.

Managed Outpatient Clinical Substance Abuse Office for 13 months prior to administrative support hiring.

Management of private practice from 1994 - present, with numerous HMO/PPO contractual agreements, including DCYF-NH.

WORK HISTORY: Clinical Director – Friendship House, Bethlehem, NH – 6/18/12 - present
Private Practice in Psychotherapy - Gorham, NH - 7/2007 to present.
Clinical Coordinator, North American Family Institute - North Country Shelter, Jefferson, NH 3/2006 - 4/2007.
Supervision for Licensed Clinician Candidates since 2007.

Northern New Hampshire Mental Health and Disability Services, therapist and case manager, Berlin, NH - 2/2003 - 2/2006.

Addictions Counselor, Trainer, Lifestyle Consultant, Private Practice, Berlin/Gorham, NH 1/94 - 2/2003.

Director of Social Services, Androscoggin Valley Hospital, Berlin, NH 11/97 to 02/99

Founders Hall Outpatient, Substance Abuse Counselor, 2/91 to 1/94.

Northern N.H. Council on Alcoholism, Derby's Lodge, residential substance abuse counselor/program counselor/weekend manager (now Friendship House, Bethlehem, N.H.), 11/86 to 6/88 and 7/89 to 2/91.

Adjunct Faculty, Granite State College 2006 - Present.

Adjunct Faculty, Springfield College - 1995.

PROFESSIONAL ACTIVITIES: Member Coos County Coalition
Past member NH Coalition on Substance Abuse, Mental Health, & Aging.
Board Member of N.H. Alcohol and Drug Abuse Counselors Association.
Past Member, Androscoggin Valley Domestic Violence Council, Berlin, N.H.
Trainer for numerous community agencies, task forces, etc.
Member Berlin/Gorham Adolescent Drug Court Treatment Team
Member NH Attorney General/Office of Victim Witness Assistance Mental Health Provider Network

EDUCATION

Master of Science, Social Work - Columbia University, New York, New York
Bachelor of Arts - Quinnipiac University, Hamden, Connecticut

PROFESSIONAL EXPERIENCE

REHABILITATIVE RESOURCES, INC. 2012 - 2013
One of the larger agencies providing services to people with developmental disabilities in Massachusetts. Serving hundreds of clients in 44 residential facilities, employment supports and day habilitation programs all over the state. $25 million in annual revenue and over 600 full and part-time staff.

- **CEO**

Recruited to this position at an agency in need of change, in a time of distress. Followed a 31-year CEO, and reporting to a Board of Directors that expects transformation. Re-configured the senior leadership team, designed a five-year strategic planning process, and began agency-wide healing and cultural re-invigoration.

- **Organizational Development:** Leveraged the agency's considerable reputational and financial assets into distinct advantages in preparing for its 5-year strategic plan.
  - Met nearly every employee directly, either through individual team meeting visits, or through three regional town hall-style events, the first time this has happened.
  - Launched company-wide strategic planning process, involving stakeholders at every level and region of the organization.

- **Executive Development:** Reorganized senior management team into a streamlined, truly decision-making group. Set the conditions and expectations to become a high performing team. Secured executive coaching for leaders where necessary.

- **Community and Market Development:** Met with all major funders to understand their perceptions of the company, and to re-set a new focus on customer service excellence. Performed evaluations of the competitive environment, and began to build strategic coalitions with potential partners for new business.

ARIZONA'S CHILDREN ASSOCIATION 2011 to 2012
Arizona's oldest multi-service nonprofit, located in every county in the state, serving over 45,000 children and families every year in over 20 different programs, including behavioral health, substance abuse, foster care. $40 million in annual revenue and nearly 750 full and part-time staff.

➢ **CEO**

Recruited to this position as successor to a 20-year CEO. Executed a financial turnaround: moving a projected $750,000 deficit to break-even status within five months.

- **Organizational Development:** Stabilized financials and worked with Board and staff to create an aggressive five-year plan for growth:
  - Engaged program leaders, Finance team and fundraising to overcome previous year's losses and improve performance in turning around current year financials.
  - Re-organized senior program leaders from regional structure to lines of business, resulting in much better program consistency and communication with staff.

- **Executive Development:** Empowered Executive team to make decisions without micro-managing. Created an environment where creativity and execution exist side by side.

- **Community Relations:** Reached out to community leaders, funders, donors, competitors and potential partners. Made sure to be accessible, to offer our agency's support.

GOODWILL INDUSTRIES OF NORTHERN NEW ENGLAND 2007 to 2010
Serving Maine, New Hampshire and Vermont, with $60 million in annual revenue. Employing 1400 people and serving over 20,000 individuals per year with services including developmental disability, brain injury and behavioral health. 25 stores and 30 program locations in three states.

➢ **CEO**

Recruited to this position to create and execute a new strategic plan. Increased annual revenue by $20 million in three years to $60 million. Doubled the number of clients served during the same period. Greatly improved employee and community relations.

- **Organizational Development:** Created Goodwill's strategic plan for Board approval, carried out its plans and achieved exceptional results:

  - Grew state and federal revenue by $10 million per year through increases in grants, fees and philanthropy.
  - Maximized growth of retail business, earning $10 million in new profitable revenue annually within three years.
  - Initiated and implemented two acquisitions of other nonprofits.
  - Increased agency margins each year, exceeding $1.9 million in F.Y. 2010.
  - Championed new initiatives in quality improvement, employee relations and safety.

- **Executive Development:** Stabilized and grew a strong executive team, breaking down silos to achieve trust and true team performance. Created learning opportunities and career development for staff at all levels.

- **Community and Government Relations:** Increased Goodwill's profile through improved marketing, branding and partnerships with other organizations. Built strong relations with Departments of Health and Human Services, Attorney General's Office and Congressional delegations. Greatly expanded engagement with volunteers.

GENESIS BEHAVIORAL HEALTH, Laconia, New Hampshire 2002 to 2007
One of ten community mental health programs licensed by the Division of Behavioral Health in New Hampshire. $8 million organization provides comprehensive mental health care.

➢ **Executive Director**

Recruited to this organization to assume management responsibility and implement an aggressive turnaround. Guided management team to drive growth and service quality. Grew revenue by 35%, generating over $1 million in new margins, in a time of shrinking state funds.

- ***Organizational Development:*** Directed organizational analysis, strategic planning and company-wide initiatives. Returned organization and balance sheet to fiscal health.
- ***Executive Development:*** Led a successful management restructuring, stabilizing the executive team. Helped Board of Directors become a stronger, more cohesive group.
- ***Community & Government Relations:*** Built a bridge to community and government through marketing and education events as well as personal contacts.

WARREN SHEPELL CONSULTANTS, Toronto, Ontario 2000 to 2001
One of Canada's leading behavioral health firms, supporting 1500+ client organizations and generating $35 million annually. Ranked one of "50 best managed private companies in Canada" by Arthur Andersen and Financial Post.

➢ **Vice President, Operations**

Managed nation-wide counseling operations provided by mental health professionals and para-professionals. Managed a $19 million budget.

- ***Staffing:*** Led a national network of over 1100 Doctorate and Master's level professionals, providing service to over 70,000 clients per year
- ***Service / Network Management & Expansion:*** Directed the management of 28 offices coast to coast, to support new contracts. Played key role in 18% one-year revenue growth and 20% profit margins.
- ***Business Development & PR:*** Participated in sales efforts, resulting in winning key accounts. Represented company as a media spokesperson.

CHC- WORKING WELL, Mississauga, Ontario 1989 to 2000
One of Canada's largest behavioral health providers. Contracts with 1200+ client organizations, generating $30 million annually.

- ➢ **Vice President, Research & Development** - 1998 to 2000
- ➢ **National Director, Client Services** - 1995 to 1998
- ➢ **Regional Manager, Client Services** - 1993 to 1995
- ➢ **Area Manager, Client Services** - 1991 to 1993
- ➢ **Employee Assistance Counselor** - 1989 to 1991

Extensive Board service involvement

Robert Boschen. Jr., CMA, MBA

SUMMARY/OBJECTIVE

Professional with excellent managerial, analytical, financial and teamwork skills. Able to take the lead or supporting role on crucial projects. Accustomed to tight, rapid deadlines and innovative, proactive and reactive work environments. Can adjust to varied software systems and research situations rapidly, and able to teach a team to do so. Seek professional managerial/analytical operations position within driving distance of North Conway, New Hampshire.

SKILLS/ABILITIES

- Certified Management Accountant (CMA).
- Goal oriented manager with ability to manage assigned budget.
- Ability to supervise and manage staff to set and achieve directed goals.
- Comfortable working with all levels of staff and management.
- Ability to implement, manage and direct crucial programs – financial and operational.
- Excellent analytical abilities - including capital budgeting, cost/benefit analysis, and benchmarking analysis.
- Detailed exposure to mergers and acquisitions. Can coordinate purchasing and Requisition for Proposals.
- Manufacturing (cost accounting), construction, governmental and service industry exposure.
- Knowledge of internal and external corporate and governmental reporting needs.
- Worked on and led various projects which saved employers sizable tax and operating expense dollars.
- Can construct complete accounting/reporting system. Can implement controls related to accounting and systems.
- Excellent with mainframe and PC based software packages including Excel, PowerPoint, and Access.

WORK EXPERIENCE

Town of Falmouth — **Falmouth, Maine**
Director of Finance — **August 2011 –Present**

- Responsible for financial operations and reporting related to the $11 million budget for the Town – population 11,165 A vibrant coastal town in Maine, in 2011 Falmouth was among the "Top Cities to Live and Learn" in the United States, according to the second-annual national ranking released by Forbes Magazine.
- Finance area includes, but is not limited payroll, budgeting, accounting, purchasing, investments and financial analysis/forecasting. Report directly to Town Manager. On the Senior Management Team.
- Responsible for and prepared the Town CAFR (Comprehensive Annual Financial Report). Have received the Government Finance Officers Award for Excellence in Financial Reporting for fiscal year 2011 and 2012. Presently will outsource part of this to free up more time for strategic planning/special projects.
- Responsible for financial presentation to Standard and Poor's – Credit rating raised from AA+ to AAA.
- Decentralized/reassigned clerical finance duties such as property tax bill creation, payroll and invoice entry out to entitywide clerical workers. Finance, through a bookkeeper and accountant, now supervises/coordinates such duties.
- Decentralized budgeting and purchasing duties entitywide - creating more accountability for the departments. Finance and Administration now supervises/coordinates such duties.
- Restructured the Finance department and positions within it. Prior staff duties of the Finance Director, such as bank reconciliations and high level monthly financial reports have been moved to staff in order to allow the Finance Director to manage. Replaced the Budget & Purchasing Director with a Staff Accountant.
- Created a reporting system that allows departments to run their own financial reports and at any time.
- Created five year forecasting model. Performed Requests for Proposal that led to new banking partner.
- Manage financial staff and all their duties. Responsible for government financial reports.
- Responsible for staff that coordinates the MUNIS system. Major version upgrade occurred at the time of my arrival.
- Finance Department budget is $250K. Responsible for the accounts payable for the combined City/School budget of $42 million. Responsible for investments of $30 million.

City of Waterville — **Waterville, Maine**
Director of Finance/Treasurer — **October 2006 – August 2011**

- Responsible for financial operations and reporting related to the $16 million budget for the City – population 15,600 - a service center that expands to roughly 40,000 during the work day. Finance area includes, but is not limited to tax and fee collections, payroll, budgeting, accounting and financial analysis/forecasting, lien procedures and investments.
- Report directly to City Manager. On the Senior Management Team.
- Responsible for and prepare the City CAFR (Comprehensive Annual Financial Report).
- Manage financial staff and all their duties. Responsible for government financial reports.
- Responsible for financial presentation to Standard and Poor's – Credit rating raised from A- to A+
- Responsible for staff that coordinates the MUNIS system. Modules include but are not limited to G/L, payroll, fixed assets, billing, and accounts payable. System implementation began at the time of my arrival.
- Finance Department budget is $450K. Interact with all levels of City government.
- Responsible for the accounts payable and payroll for the combined City/School budget of $36 million

State of Maine, Department of Health and Human Services (DHHS), Augusta, Maine Nov 2003 - Oct 2006

Director of Finance for the Office of Medical Services (Medicaid) *Aug 2005 – Oct 2006*

Director of Finance & Reimbursement for Bureau of Medical Services (Medicaid) *Nov 2003 – Jul 2005*

- Responsible for financial operations, strategies and tactics for the over $2.3 billion budget for the MaineCare (Medicaid) and related Medicare budget. This consisted of approximately 25% to 30% of the State of Maine's budget and insures over 20% of the State of Maine's population.
- Duties became more sophisticated financial analysis, forecasting and reporting oriented as two separate units related to reimbursement were elevated to their own Division status with their own full Directorships.
- Reported directly to Deputy Commissioner of Finance for DHHS. On the Senior Management Team (SMT) of the Office/Bureau. Interacted with all levels of State government including the Governor's Office for Health Planning.
- Consistently managed and balanced sensitive political implications with financial issues.
- Dealt with numerous providers on their fiscal issues and requests for informal reviews of reimbursement.
- Bureau contained about 240 employees. Approximately 100 reported to the Director of Finance and Reimbursement position. These included financial staff responsible for ORACLE financials.
- Responsible for budget, financial analysis, rate setting, third party liability, data capture & control and AR/AP cash unit.
- Incorporated a monthly budget and detailed budgeting/forecasting model for MaineCare. Refined a cash flow model to insure sufficient State and Federal funds are available.
- The Certificate of Need Unit (CON) for hospitals was under this Division until combined with other CON areas.
- Executive Committee member on the new Maine Claims Management System (MECMS). This was a $25MM to $30MM system that became the claims processing system for MaineCare.
- Developed and maintained an interim payment system that supplemented the payments for MECMS.
- Reviewed policies and regulations for the Bureau to ensure financial issues are in compliance.

M&H Logging and Construction **Rangeley, Maine**

Controller **September 2001 – November 2003**

- Responsible for the financials, human resources, and office operations (including information technology) for a construction business and its related entities including a logging corporation and a land enterprise. Company grew from 30 to 70 employees.
- Initiated working capital updates and monthly closings. Included percentage-of-completion analyses.
- Managed two offices responsible for payroll, billing, accounts payable, job accounting and various other duties.
- Responsible for insurance audits and price proposal bids from insurance companies for all insurances.
- Coordinated worker's compensation cases. Managed land accounts.
- Prepared forms for sales taxes, unemployment taxes, W-2s, 1099s, fuel excise tax refunds, and other related forms.
- Kept W-9s and insurance certificates updated. A project to update these saved the companies tens of thousands of dollars in insurance fees. Maintained system hardware and software integrity.
- Updated an in-house project tracking system and devising a method to reconcile it to the Peachtree Accounting System.

Franklin Community Health Network **Farmington, Maine**

Controller **October 1997 – September 2001**

- Reported directly to CFO for this rural health network that had about $63 million in revenues.
- Involved in coordination of Certificate of Need to expand hospital facilities. Expansion was about $12.5 million.
- Vastly improved analysis and reporting tools used by the Finance Department and the Network.
- Involved with various special projects, many that involve heavy legal contact – one, providing Charity Care for the indigent, as the start-up and continuing project manager, the other, a community based health card, as a financial manager. Both were featured in the New England section of the Wall Street Journal. The former program received national attention in various large publications including the Chicago Tribune and Boston Globe. It was featured on the Today show as a revolutionary new program in health care.
- Presentations to all boards including parent, hospital, physician association and others.
- Analyzed and created budgets to obtain grants. Coordinated governmental grant audit.
- Created a consolidated network income statement, balance sheet, and self-standing statement of cash flows.
- Coordinated contracts with outside providers and strategic partners. One project, required support as a financial manager, involved a forward thinking managed care cardiovascular program saving thousands per patient on cardiac rehabilitation.
- Involved in various other strategic and tactical projects including purchases of buildings and medical practices.
- Involved in contract negotiation, including prices, and writing/formation of contracts. Created reports in MEDITECH.

Aetna, Inc and Aetna Life and Casualty **September 1991- July 1997**
Aetna, Inc. - Aetna/US Healthcare - Midwest Region ***Chicago, Illinois***
Director Planning and Budgeting ***September 1996 - July 1997***

- Responsible for operating plans, membership reporting and budget for the Midwest region (one of six and the largest). $52 million in operating expenses. $1.4 billion revenue. $375 million projected profit.
- Analyzed contribution margin, medical PMPM, and operating expenses on a monthly basis. Made recommendations to improve the results related to these measures.
- Built reports and data gathering methods from foundation up. Presentations to senior management.
- Corrected/prepared financials for startup HMO state filing. Managed special projects and financial planning staff.

Aetna Life & Casualty Company - Pharmacy - Finance Department ***Middletown, Connecticut***
Director/CFO - Finance ***February 1994 - September 1996***

- Complete responsibility for Finance Department. Reported to CEO. Cost center manager duties.
- Detailed exposure to mergers and acquisitions. Taught audit department to perform non-statistical sampling.
- $825 million in revenue in 1996. Exceeded $1.1 billion by 1997. Profits of $4 million in 1993 expanded to $32 million for 1996. Created 1996 to 1998 strategic plans.
- Converted billing method to be in line with industry standards. This improved our competitive marketing status.
- Responsible for financial reporting, controls, rebates, accounts payable, accounts receivable, pricing, policies and procedures, budgeting, accounting research, special projects, and other financial duties.
- Worked on projects to improve systems, automate reports, and increase data integrity. Coordinated major project to integrate Pharmacy data and systems into Aetna standard reporting systems.

Aetna Life & Casualty Company - Information Technology ***Hartford, Connecticut***
Expense Management Consultant & Account Representative ***September 1991 - February 1994***

United Technologies - Otis Elevator International/Hamilton Standard **Connecticut**
Senior Tax Specialist, Consolidations Accountant & G/L Systems Admin. **February 1988 - September 1991**

Kaiser Permanente, Accountant - Medical Group **Hartford, Connecticut, Dec 1986 - Feb. 1988**

KMG Main Hurdman, Tax Specialist **Stamford, Connecticut, March 1986 - Dec 1986**

State of New Hampshire
Department of Health and Human Services
Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated May 4, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Tri-County Community Action Program, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 30 Exchange Street, Berlin, NH 03570.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #102) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013 (Item #102A) and (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99) and (Amendment #3 to the Contract) approved on December 23, 2014 (Item #16) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to extend the completion date by six (6) months and increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.7 Completion Date by extending the date to December 31, 2015.

3. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $2,443,504.50

4. Amend General Provisions (Form P-37), Block 1.9 Contracting Officer for State Agency, to read: Eric Borrin, Director Contracts and Procurement.

5. Amend General Provisions (Form P-37), Block 1.10 State Agency Telephone Number, to read: (603) 271-9558.

6. Delete in its entirety, Exhibit A Amendment #3, Scope of Services and replace with Exhibit A Amendment #4, Scope of Services.

7. Delete in its entirety, Exhibit B Amendment #3, Methods and Conditions Precedent to Payment, and replace with Exhibit B Amendment #4, Method and Conditions Precedent to Payment.

Contractor Initials: MC
Date: 5-11-15

8. Delete in its entirety Standard Exhibit D, Certification Regarding Drug-Free Workplace Requirements, and replace with Exhibit D Amendment #1, Certification Regarding Drug-Free Workplace Requirements.

9. Delete in its entirety Standard Exhibit E, Certification Regarding Lobbying, and replace with Exhibit E Amendment #1, Certification Regarding Lobbying.

10. Delete in its entirety Standard Exhibit F, Certification Regarding Debarment, Suspension, and Other Responsibility Matters, and replace with Exhibit F Amendment #1, Certification Regarding Debarment, Suspension, and Other Responsibility Matters.

11. Delete in its entirety Standard Exhibit H, Certification Regarding Environmental Tobacco Smoke and replace with Exhibit H Amendment #1, Certification Regarding Environmental Tobacco Smoke.

12. Delete in its entirety Standard Exhibit I, Health Insurance Portability and Accountability Act Business Associate Agreement, and replace with Exhibit I Amendment #1, Health Insurance Portability Act Business Associate Agreement.

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

Scope of Services

A. *Population Served*

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. *Required Treatment Services*

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table	
Required Services	**Treatment Services**
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Contractor Initials: WMC
Date: 5-11-15

Exhibit A Amendment #4

Service Table	
Required Services	**Treatment Services**
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women -*** Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women -*** High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Contractor Initials: UW
Date: 5-11-15

Service Table	
Required Services	**Treatment Services**
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.
X	***Medication Assisted Treatment with Buprenorphine – Phase I*** The Contractor will develop a work plan, for DHHS approval, for integrating medication assisted treatment with buprenorphine into the treatment services denoted by an "X" described above. The Contract may seek technical assistance in developing this plan through the New Hampshire Center for Excellence. The Contractor will bill for staff time only, as described in Exhibit B, during Phase 1. The Contractor's work plan will include at a minimum the following: • The steps to be taken to begin offering medication assisted treatment with buprenorphine, including the responsible individuals and expected timing. • The provider(s) you will work with for prescription and medical oversight of buprenorphine, including a Memorandum of Understanding with each provider regarding billing and payment practices and how the parties will interact to ensure that integrated care is provided.

C. Required Provisions for Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.

2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:
New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the

day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.
Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed

by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.

- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:

When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:

The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.

- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety

Contractor Initials: MC
Date: 5.11.15

codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants

Contractor Initials: MC
Date: 5.11.15

related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance

Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working

toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form*. To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is

able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $408,764.50 as follows:

- 35% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 43% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week

	Enhanced Services	Cost Reimbursement	Up to the Budget Amount
X	Medication Assisted Treatment Phase 1 Planning and Phase 2 Implementation: Staff Time	$30 per hour per staff person	Up to $3,300.00

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.

v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services (except for Medication Assisted Treatment Staff Time for Phase I and Phase II), defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor will use the Department supplied billing sheet to complete billing for Medication Assisted Treatment Staff Time for Phase I and Phase II.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:

The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   1.2. Establishing an ongoing drug-free awareness program to inform employees about
      1.2.1. The dangers of drug abuse in the workplace;
      1.2.2. The grantee's policy of maintaining a drug-free workplace;
      1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
      1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
      1.4.1. Abide by the terms of the statement; and
      1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
  1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, state, zip code) (list each location)

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Amendment #3 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This 3rd Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 3") dated this 12th day of November, 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Tri-County Community Action Program, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 30 Exchange Street, Berlin, NH 03570.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, (Item # 102), and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013, (Item # 102A), and further amended by an agreement (Amendment #2 to the Contract) approved on June 18, 2014, (Item #99), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, the State may amend the Contract by written agreement of the parties;

WHEREAS, the State and the Contractor have agreed to add new services to the Agreement;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amend Form P-37, Block 1.8 to read $2,034,740
2) Delete Exhibit A Amendment #2 and replace with Exhibit A Amendment #3
3) Delete Exhibit B Amendment #2 and replace with Exhibit B Amendment #3
4) Delete Exhibit C and replace with Exhibit C Amendment #1
5) Add Exhibit C-1
6) Delete Exhibit G and replace with Exhibit G Amendment #1

Contractor Initials: MC
Date: 11-20-14

This amendment shall be effective upon the date of Governor and Executive Council approval.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women*** - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: MC
Date: 11-20-14

	pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - ***Pregnant Women*** - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	~~***Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5)***~~ – Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	~~***Recovery Support Services:***~~ Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at ~~risk~~.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

~~New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment~~ Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of ~~such treatment distributed to the network of community based organizations, health care providers and~~ social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure ~~necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities~~ Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no ~~more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions~~ on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 ~~business days. The Contractor must refer pregnant women to the State when the Contractor has~~ insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using ~~legitimate medications to assist their recovery and will not have policies that allow them to refuse~~ admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility ~~requirements~~:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated ~~attestation and have the client sign this document. A copy of the signed attestation shall~~ be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes ~~administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of~~ Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not ~~eligible for DHHS funded services~~.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services must be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- ~~Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment~~ program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- ~~Such persons refuse treatment.~~

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently ~~motivated to take advantage of the proposed level of service or interim services. If the client is not able to~~ access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with ~~their dependent children, either through on-site care or through arrangements with an off-site legal~~ childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other ~~therapeutic interventions for women that may address issues of relationships, sexual abuse,~~ physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- ~~Obtains client/patient authorization to communicate with PCP office.~~
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing ~~residential services shall make available, either on-site or through agreements with health care providers,~~ tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include ~~handicapped accessibility and being wheelchair accessible~~.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. ~~Culturally and linguistically diverse populations experience barriers in efforts to access services.~~ To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

The Contractor will submit a detailed description of the language assistance services they will provide to persons with Limited English Proficiency to ensure meaningful access to their programs and/or services, within ten (10) days of the contract effective date.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:

The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer

clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services, and in accordance with Exhibit B Amendment #3.

For the period of July 1, 2014 to June 30, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $810,929 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A Amendment #3, paragraph B. The following terms and conditions detailed in this Exhibit B Amendment #3 shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14; at least twenty-five percent (25%) of the funding for the period of July 1, 2014 to June 30, 2015 must be utilized for Outpatient and/or Intensive Outpatient services.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the

time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A Amendment #3 section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period and at least 25% of the funding for the period of July 1, 2014 to June 30, 2015 must be utilized for Outpatient and/or Intensive Outpatient services. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

The remainder of this page is intentionally left blank.

Contractor Initials: MC

Date: 1-20-14

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed

19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $2,000,000.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

Contractor Name:
Tri-County Community Action Program, Inc.

11.20.14
Date

Name: Michael Coughlin
Title: Chief Executive Officer

Department of Health and Human Services
Amendment #2 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This 2nd Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 2") dated this 15th day of May 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Tri-County Community Action Program, Inc. (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 30 Exchange Street, Berlin, NH 03570.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, (item # 102) and amended by an agreement (Amendment #1 to the Contract) approved on June 5, 2013, (Item # 102A), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, the State may amend the Contract by written agreement of the parties; and;

WHEREAS, the parties agree to extend the current contract by one year.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amend Form P-37, Block 1.6 to read:
   a) 05-95-49-491510-29890000-102-500734
   b) 05-95-49-491510-29900000-102-500734
2) Amend Form P-37, Block 1.7 to read June 30, 2015.
3) Amend Form P-37, Block 1.8 to read $1,835,715
4) Delete Exhibit A and replace with Exhibit A Amendment #2
5) Delete Exhibit B and replace with Exhibit B Amendment #2

Contractor Initials: MC
Date: 5/29/14

This amendment shall be effective upon the date of Governor and Executive Council approval.

Exhibit A Amendment #2

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
	Outpatient Treatment (ASAM Level 1) - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women – Outpatient Treatment as identified above provided to pregnant & parenting women.
	Intensive Outpatient Treatment (ASAM Level 2.1) – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living)*** – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
X	***Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women*** - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: MC
Date: 5/29/14

	pregnant & parenting women.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent)*** - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women*** - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $611,904 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
	Outpatient – Group	$5.00/unit	
	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
X	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

Contractor Initials: MC
Date: 5/29/14

X	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
X	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
X	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for

services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

Board Resolution: Resolution of the Corporation

That the Tri-County Community Action Program, Inc. Chief Executive Officer, Michael Coughlin is hereby authorized on behalf of this Corporation to enter into said contracts with the Federal Government, State of New Hampshire, and any other parties as deemed necessary and to execute any and all documents, agreements and other instruments and amendments, revisions or modifications thereto, as may be deemed necessary, desirable or appropriate for the Corporation; this authorization being in force and effective until September 30, 2014.

This resolution is made with the understanding that any major new undertakings or commitments will be preceded by Board approval.

Approved by the Board of Directors – 2-25-2014

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and Tri-County Community Action Program, Inc. (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 30 Exchange Street, Berlin, NH 03570.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 1,223,811.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

d) **Delete Table SAMHSA National Outcome Measures**

Replace with:

Table SAMHSA National Outcome Measures

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening of the initial first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/ connections	25% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

3) Amendment and modification of Exhibit B;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, through June 30, 2013"
   b) **Change from** Section II: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:"
   Change to: "The total amount of all payments made to the Contractor for **cost and** expenses incurred in the performance of the services during each State Fiscal Year of the contract shall not exceed:"
   c) Delete in Section II; "TOTAL: $611,907.00"

4) **Add** Exhibit B-1 and B-2

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

CERTIFICATE OF VOTE/AUTHORITY

I, Todd C. Fahey, do hereby certify that:

1. I am the Special Trustee appointed by the NH Probate Court to act on behalf of, and with all the powers of, the Tri-County Community Action Program, Inc. (the "Corporation"), Board of Directors (as per Order of the 1st Circuit - Probate Division - hereto as Exhibit A);

2. The following are resolutions of the corporation, duly enacted on May 14, 2013:

   RESOLVED: That this Corporation may enter into any and all contracts, amendments, renewals, revisions or modifications thereto, with the State of New Hampshire, acting through its Department of Health and Human Services.

   RESOLVED: That the Corporation's Chief Operating Officer ("COO") is hereby authorized on behalf of this Corporation to enter into said contracts with the State, and to execute any and all documents, agreements, and other instruments, and any amendments, revisions, or modifications thereto, as he may deem necessary, desirable or appropriate.

3. Peter Higbee is the Corporation's COO.

4. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 14, 2013.

IN WITNESS WHEREOF, I have hereunto set my hand as the Special Trustee of the corporation this 14th day of May, 2013.

Todd C. Fahey, Special Trustee

STATE OF NH
COUNTY OF COÖS

The foregoing instrument was acknowledged before me this 14th day of May, 2013, by Special Trustee Todd C. Fahey.

CASE #314-2012-EQ-00288

ORDER

Before the court is an emergency (*ex parte*) request for hearing and petition for the immediate appointment of a special trustee to act in the stead of the board of trustees of Tri-County Community Action Program, Inc., a 501(c) (3) organization (Tri-County). The petition was filed with the court by the Office of Attorney General, Director of Charitable Trusts (the Director) via fax on December 13, 2012 and a copy was provided to Wayne T. Moynihan, Esq., counsel for Tri-County. Because of the nature of the relief requested, as well as the allegations contained in the petition, the request for immediate hearing was GRANTED. A hearing was scheduled and held on Friday morning, December 14, 2012 at the 6th Circuit Probate Division. The Director of Charitable Trusts, Anthony I. Blenkinsop, Esq. was present for the hearing with other members of his staff, including Terry M. Knowles, Assistant Director of Charitable Trusts. Attorney Moynihan, who has filed a general appearance on behalf of the Tri-County board of directors, appeared telephonically. Also present for the hearing was Todd C. Fahey, Esq., the proposed special trustee. Prior to the hearing, Attorney Moynihan filed a partial answer and notice of no objection to the appointment of a special trustee.

Having considered the allegations in the petition and the respective presentations made by the parties at the hearing, the court makes the following order:

1. While the petition has only been circulated by email and/or fax at this point, Attorney Moynihan has acknowledged receipt of service on behalf of Tri-County and, without objection, the court finds that service of process has been accomplished. The Director shall file the original petition with the 1st Circuit-Probate Division forthwith. Mr. Moynihan shall have thirty (30) days from the date of this order to file any responsive pleading to the petition on behalf of Tri-County.

2. Effective as of the date of this order, Todd C. Fahey, Esq. of Orr & Reno, P.A., Concord, New Hampshire, is appointed as a special trustee of Tri-County with all powers under the by-laws of Tri-County and the laws of the State of New Hampshire to act as the Board of Trustees for Tri-County. Without limiting the generality of the foregoing, the special trustee is granted all necessary power to operate the entity and its programs, conserve and/or expend charitable assets as appropriate and lawful, manage personnel matters including decisions regarding the hiring and/or termination of employment of personnel, recruit a new board of directors subject to approval of this court, review and analyze all records of the entity, determine appropriate levels of insurance coverage, ensure proper licensing, and file all appropriate and necessary reports and forms with Federal and State entities, including, but not limited to the IRS, Secretary of State, and the Charitable Trusts Unit.

3. Until further notice from this court, the power and authority of the current board of directors is suspended, but board members are not discharged of their duties.

4. Tri-County, through its suspended board of directors, executive staff, and employees, shall cooperate fully with the special trustee and shall retain all of its records, of any source or nature, including all electronic records of any kind, and shall make any and all records and financial information of Tri-County available to the special trustee, at his request, throughout the term of the special trustee's appointment. Should the special trustee not receive the cooperation of any such individuals he may file an appropriate motion with this court.

5. Within fourteen (14) days of this order, Tri-County shall provide the special trustee and the Director of Charitable Trusts with an accurate list of the names and addresses of its board members and officers for calendar year 2012, including members or officers who were new to the board, or left the board during this time.

6. The special trustee shall be responsible for determining, as a preliminary matter, whether Tri-County can be a viable non-profit entity moving forward, what is necessary to bring financial stability to the entity, and how best to ensure a continuity of services as are currently provided to its customers/service population.

7. The special trustee may charge a rate of up to $275 per hour, to be billed on a monthly basis to Tri-County, to the attention of the chief executive officer or individual acting in such a capacity, with a copy to the Director of Charitable Trusts. The special trustee may also incur reasonable and necessary expenses necessary to his work as special trustee, which he may bill to Tri-County. Tri-County shall pay the special trustee's monthly bill within fifteen (15) days of receipt and shall immediately place in reserve $7,500.00 for the purpose of satisfying any special trustee billing. Any party may request a hearing on the special trustee's bill(s), which the Court will

schedule at its discretion. The special trustee may also be permitted to withdraw upon motion to the Court if Tri-County shall fail to make payment as required herein.

8. The special trustee may retain the services of at least one additional professional individual to assist him with his work as a special trustee. Attorney Fahey has suggested that he might retain John Gilbert as a consultant. Mr. Gilbert's fees shall be discussed in the first instance with the Director and the court shall be notified of the billing rate upon agreement; if an agreement cannot be reached, the issue shall be presented to the court. Billing and payment of this individual to be handled in accordance with the provisions of paragraph 7, above. Should the special trustee determine it necessary to retain additional individuals or entities to assist him in his work, including bankruptcy counsel, he shall file a motion requesting authority to take such action with the court.

9. Commencing January 15, 2013, the special trustee shall file quarterly reports with this court regarding his progress, and the status of resolving Tri-County's financial, governance, and compliance issues. Copies of these reports shall be provided to the Director of Charitable Trusts. The special trustee and the Director of Charitable Trusts may request periodic meetings with each other to discuss the progress of the special trustee and the special trustee may request a hearing before the court at his discretion to address any matters under his jurisdiction.

10. The Court, upon its own motion, or upon motion of the special trustee, or the Director of Charitable Trusts, may terminate the appointment of the special trustee when the issues set forth in the Petition have been satisfactorily addressed.

11. This order concerns the appointment of a special trustee. Nothing in this order shall limit the authority of the Office of the Attorney General to bring any other necessary enforcement action against Tri-County, its board, or its employees or agents, as it deems necessary under its common law and/or statutory authority, in any appropriate judicial forum.

12. **A status conference is scheduled for 11:00 a.m. on Tuesday, January 15, 2013 in the 6th Circuit Probate Division in Concord.** The special trustee, appropriate and authorized representatives of Tri-County, and the Director of Charitable Trusts, shall be required to attend this conference for the purposes of discussing and determining an appropriate course of action, as well as any other issues as may be necessary. A further order of the court may be issued following that hearing.

SO ORDERED.

SFY 2013	102-500734	Contracts for Prog Svc	95841387	$193,179.00
			Subtotal	$193,179.00
			Total	$611,907.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, statewide

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Tri County Community Action Programs, Inc., was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $611,907.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Statewide.

Source of Funds: 46% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.15% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

1.16 Approval by the N.H. Department of Administration, Division of Personnel (*if applicable*) By:	Director, On:
1.17 Approval by the Attorney General (Form, Substance and Execution) By: Jeanne P. Herrick, Attorney	On: 4 June 2012
1.18 Approval by the Governor and Executive Council By:	On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY

6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

Contractor Initials: 5/4
Date: 5/22/12

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: _____
Date: 5/25/10

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

NH Department of Health and Human Services
Division of Community Based Care Services
Bureau of Drug and Alcohol Services
Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: Tri-County Community Action Programs, Inc.

ADDRESS: 30 Exchange Street, Berlin, NH 03570

EXECUTIVE DIRECTOR: Joseph Costello
TELEPHONE: 603-869-2210

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Residential – Treatment Adult		Statewide	138	$463,730.00
Transitional Living Program – Adult		Statewide	18	$148,177.00
Group – Recovery Support Services *			78	0

* Group Recovery Support Services are funded by the Department of Health & Human Services, Access To Recovery initiative.

B. Required Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:
New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:

The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be

assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:

The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:

For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:

DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.

5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program

at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.

f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner

Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of	Under development

	care	
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made

to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

I. General Provisions

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2013

CONTRACTOR NAME: Tri-County Community Action Program

ADDRESS: 30 Exchange Street, Berlin, NH 03570

AGENCY CONTACT TITLE: Executive Director
AGENCY CONTACT NAME: Joseph Costello
TELEPHONE: 603-869-2210

Vendor #177195-B009

Job #95841387 Appropriation #05-095-095-958410-1387-102-500734
Job #95848501 Appropriation #05-095-095-958410-1388-102-500734
Job #95846501 Appropriation #05-095-095-958410-5365-102-500734

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 193,179.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 137,281.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 281,447.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $611,907.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for

performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.

iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)

ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.

iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization.

Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. Invoicing & Billing:

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. **Allocation of Funding:**

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. **Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:**

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. **Charitable Choice:**

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

NH Department of Health and Human Services

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) **Insurance Requirement for (1)** - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

The remainder of this page is intentionally left blank.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

II.

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, State, zip code) (list each location)

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Applicable program covered:
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

B. *Contract Period: July 1, 2012 or date of G&C Approval, whichever is later, through June 30, 2013*

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" (available at www.whitehouse.gov/sites/default/files/omb/grants/sflll.pdf), in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. *The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.*

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of

excluded parties). Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) ***PRIMARY COVERED TRANSACTIONS***

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

STANDARD EXHIBIT H

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

STANDARD EXHIBIT I
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILTY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 and those parts of the HITECH Act applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

BUSINESS ASSOCIATE AGREEMENT

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in Title XXX, Subtitle D. Sec. 13400.

b. "Business Associate" has the meaning given such term in section 160.103 of Tile 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 164.501, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

III. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity
2) Amount of award
3) Funding agency
4) NAICS code for contracts / CFDA program number for grants
5) Program source
6) Award title descriptive of the purpose of the funding action
7) Location of the entity
8) Principle place of performance
9) Unique identifier of the entity (DUNS #)
10) Total compensation and names of the top five executives if:
    a. *More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than $25M annually and*
    b. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.

Amendment #4 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This fourth Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 4") dated July 16, 2015, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The Youth Council (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 112 Pearl Street, Nashua, NH 03060.

WHEREAS, pursuant to an agreement approved by the Governor and Executive Council on June 20, 2012, (Item #112) (hereinafter referred to as "Contract"), and amended by an agreement (Amendment #1 to the Contract) approved on June 19, 2013 (Item #134), (Amendment #2 to the Contract) approved on June 18, 2014 (Item #99), and (Amendment #3 to the Contract) approved on June 24, 2015 (Item #29) by Governor and Executive Council, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract and in consideration of certain sums specified;

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract;

WHEREAS, pursuant to the Agreement (section 18 of the General Provisions of the Form P-37), the Agreement may be modified or amended only by written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the State and the Contractor agree to add scope of work and to increase the price limitation; and

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties agree as follows:

1. Except as specifically amended and modified by the terms and conditions in this Amendment #4, the obligations of the parties shall remain in full force and effect in accordance with the terms and conditions set forth in the Contract as referenced above.

2. Amend General Provisions (Form P-37), Block 1.8 Price Limitation to read: $282,545.50.

3. Add Exhibit A-1, Scope of Services

4. Delete in its entirety Exhibit B Amendment #3, Methods and Conditions Precedent to Payment and replace with Exhibit B Amendment #4, Methods and Conditions Precedent to Payment.

Contractor Initials: AH
Date: 7/16/15

This amendment shall be effective upon the date of Governor and Executive Council approval.

Scope of Services

1. Provisions Applicable to All Services

1.1. The Contractor shall complete the Scope of Work described in Exhibit A-1 from the effective date of Amendment #4 through September 30, 2015.

1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

2.1. The Contractor shall provide for Department approval, within 5 business days from the effective date of the Amendment #4, a plan that describes the scope of work that will be provided to improve current services and/or to expand capacity for substance use disorder treatment and recovery support services, as defined in Section 2.2. below.

2.1.1. The Contractor may amend the Department approved plan, defined in Section 2.1 above, by submitting an amended plan to the Department for approval, before the end date in Section 1.1. above.

2.2. The Contractor shall complete at least one of the Improving Current Services and Expanding Capacity projects from the four Categories listed below (Sections 2.2.1 through 2.2.4):

2.2.1. Improving Existing Facilities such as, but not limited to:

2.2.1.1. Installing camera systems to increase safety for clients and staff.

2.2.2. Purchasing Equipment, Software, and Program Supplies such as, but not limited to:

2.2.2.1. Replacing equipment that is not in good working order to improve staff efficiency and client safety;

2.2.2.2. Purchasing equipment to support new staff being hired to expand service capacity;

2.2.2.3. Purchasing equipment to improve the treatment experience for clients;

2.2.2.4. Purchasing computers to allow clients to look for work and otherwise prepare to transition back into and contribute to the community;

2.2.2.5. Purchasing Electronic Medical Record, Billing, and other software systems to increase efficiency and meet Federal requirements;

Contractor Initials GH
Date 7/16/15

2.2.2.6. Purchasing toiletries and other necessities for clients who are not yet able to purchase these on their own.

2.2.3. Purchasing Program Materials (curricula, journals, books, etc.) such as:

2.2.3.1. Replacing program materials that are outdated, worn out and/or depleted;

2.2.3.2. Purchasing new program materials to implement and/or expand evidence based practices for new and current programs.

2.2.4. Paying for Staff/Consultant Costs such as, but not limited to:

2.2.4.1. Temporarily increasing the hours of existing staff to complete short-term projects, such as developing policies, procedures, protocols, forms and case management formats for new programs to expand capacity;

2.2.4.2. Training new and existing staff to implement and/or expand evidence based practices for new and current programs;

2.2.4.3. Hiring consultants to assist with obtaining necessary licensures and designing new programming to expand capacity;

2.2.4.4. Staff or consultant time to survey the service gaps in the community and develop strategies and programming for filling those gaps;

2.2.4.5. Covering the initial costs of hiring new staff to increase efficiency by filling current gaps in program staffing or to expand capacity.

2.2.5. The Contractor may propose an alternate Improving Current Services and Expanding Capacity project(s) that is not list above in Sections 2.2.1 through 2.2.4. and that is compliance with the Catalog of Domestic Assistance ##93.959.

2.3. The Contractor will submit a progress report to the Department by September 10, 2015 against the defined plan approved by the Department.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services and Exhibit A-1, Scope of Services.

A. Funding for Exhibit A, Amendment #3

For the period of July 1, 2015 through December 31, 2015, funding for Exhibit A Amendment #3 is funded by various sources as a percentage of the total amount of $37,506.50 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32% General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with the funding requirements above.

The Contractor shall comply with Sections II through VIII for payment and invoicing instructions for services provided in Exhibit A Amendment #3.

B. Funding for Exhibit A-1, Scope of Services

From the effective date of Amendment #4 through September 30, 2015, the State shall pay the Contractor an amount not to exceed $20,000, for the services provided by the Contractor pursuant to Exhibit A-1, Scope of Services.

Funding is 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);

The Contractor agrees to provide the services in Exhibit A-1, Scope of Services in compliance with the funding requirements above

The Contractor shall comply with Section IX for payment and invoicing instructions for services provided in Exhibit A-1, Scope of Services.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor

may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table

An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.

Contractor's Services	Substance Use Disorder Treatment and Recovery Services	DHHS Established Rate	Service Limit
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.
**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.
*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.

iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:
- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.

- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

IX. Payment and Invoicing Instructions for Exhibit A-1, Scope of Services

A. Payment for said services shall be made as follows:

i. The Contractor will submit one invoice by October 10, 2015, which identifies and requests reimbursement for authorized expenses incurred for the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

ii. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement.

The invoice must be submitted to:
Financial Manager
Department of Health and Human Services,
Bureau of Drug and Alcohol Services
105 Pleasant Street
Concord, NH 03301

B. The invoice shall include an itemized listing of expenses, amounts and dates when the expenses incurred.

C. The Contractor shall provide supporting documentation to support evidence of actual expenditures identified on the invoice and in accordance with the Department approved plan, such as but not limited to: a copy of the approval from the Department to expend the funding; a detailed description of the scope of work that was completed; copies of invoices for purchases; and/or the names of the Contractor's staff, dates and hours worked and amounts being billed for the specific scope of work.

D. Allowable costs and expenses shall be determined by the Department in accordance with applicable state and federal laws and regulations.

E. The Contractor shall not bill for reimbursement of expenses incurred before or after the period defined in Section "I. Funding, B. Funding for Exhibit A-1," above.

F. The Contractor shall obtain Department approval prior to incurring the expense to provide the scope of work described in the Department approved plan.

G. Notwithstanding anything to the contrary herein, the Contractor agrees that funding under this contract may be withheld, in whole, or in part, in the event of noncompliance with any State of Federal law, rule or regulation applicable to the services provided, or if the said services have not been completed in accordance with the terms and conditions of this Agreement.

H. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds are defined in Section "VI Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds," above.

THE YOUTH COUNCIL, INC.

Financial Statements

For The Year Ended June 30, 2014

Seelye & Schulz
P.A., Certified Public Accountants

November 24, 2014

To The Board of Directors
The Youth Council, Inc.
112 West Pearl Street
Nashua, NH 03060

To The Board of Directors,

In planning and performing our audit of the financial statements of The Youth Council, Inc. as of and for the year ended June 30, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered The Youth Council, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

Significant Deficiencies - A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. Material Weakness - A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control. We believe the following constitutes a material weakness:

451 Amherst St.
Nashua, N.H. 03063
(603) 886-1900

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Youth Council, Inc. as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Accompanying Notes Are An Integral Part of These Financial Statements.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Agency provides counseling, diversion programs, and onsite services designed to strengthen families, improve decision-making skills, and reduce involvement with the legal system for children, teens, and families struggling with abuse, neglect, substance abuse, behavioral difficulties, and parenting stress.

Accounting Method

Support, revenue and expenses are recorded on the accrual basis of accounting. Contract revenue is recognized when services are rendered. Donations are recorded when unconditionally pledged. Expenses are recorded when the obligation has been incurred.

Contributions of donated non-cash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, which are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Agency that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Financial Statement Presentation

The Agency reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets – Result from activities that have no restrictions placed on them by the funding sources.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

Temporarily Restricted Net Assets – Result from funding which has either time or use restrictions placed on it by the funding sources. The balance at June 30, 2014, consists of the following:

Program and management services	$ 12,725

Permanently Restricted Net Assets – Result from funding which has permanent restrictions placed on it by the funding source.

Accounts Receivable

The Agency utilizes the reserve method of accounting for bad debts. Management determines the allowance based on its historical information and a review of the individual balances. A reserve of $2,400 was required as of June 30, 2014.

Property, Equipment and Depreciation

Property and equipment is recorded at cost (or fair market value if donated) and is depreciated using the straight-line method over estimated useful lives as follows:

Description	Life
Building	30 years
Furniture & fixtures	3-7 years
Building improvements	7-31.5 years

Other Assets

Loan fees are being amortized on the straight line basis over ten years. Amortization expense for the year ended June 30, 2014, was $80. The unamortized loan fee of $1,361 from the prior mortgage was expensed for a total amortization amount of $1,441.

Cash Flows

For purposes of the statement of cash flows, the Organization considers all short-term securities purchased with a maturity of three months or less to be cash equivalents.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Youth Council, Inc. is generally exempt from income taxes pursuant to the Internal Revenue Code Section 501(c)(3). However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income.

The current year unrelated business income tax is zero. The Agency qualified for the health insurance premium credit which will be refunded in the amount of $871.

The Organization's income tax filings are subject to audit by various taxing authorities. As of June 30, 2014, the Organization's open audit periods included years ending June 30, 2011 through 2014. The Organization believes it has met all the requirements to maintain its not-for-profit status.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

NOTE B. NOTE PAYABLE

The Youth Council, Inc. was obligated on the following note at June 30, 2014:

Note payable bank, interest at 4.5%, payable in monthly installments of $2,022, secured by real estate, in May 2024 the remaining principal becomes a demand note	$ 361,400
Less current portion	8,172
	$ 353,228

NOTE B. NOTE PAYABLE (Continued)

Annual principal payments for the next five fiscal years are as follows:

Fiscal Year End June 30,	Principal
2015	$ 8,172
2016	8,548
2017	8,940
2018	9,351
2019	9,781
Thereafter	316,608
	$ 361,400

NOTE C. SATISFACTION OF USAGE RESTRICTIONS

Net assets are released from donor restrictions by incurring expenses that satisfy use restrictions or the passage of time restrictions.

The following net assets were released from restrictions during the year ended June 30, 2014:

Program and management services	$ 5,863

NOTE D. COMMERCIAL RENTAL EXPENSES

Rental expenses relate to the 44% of the Agency's building that was rented to others and consist of the following:

Depreciation & amortization	$ 8,741
Tax preparation	500
Insurance	5,319
Building repairs	3,665
Utilities	2,772
Interest	10,875
Bad debt	2,400
Real estate taxes	1,865
	$ 36,137

NOTE E. PENSION PLAN

The Organization adopted a qualified 403(b) retirement plan for employees who are at least 21 years of age, working at least 30 hours per week, and have completed 30 days of employment. The plan allows for employee contributions in accordance with the Internal Revenue Code. There is no provision for a contribution by the Organization.

NOTE F. MANAGEMENT SERVICES AFFILIATE

The Agency was engaged by four unrelated parties to provide advisory and bookkeeping services. Service fees totaling $60,350 were recorded as a reduction of staff payroll of $57,137 and program costs of $3,213 in the accompanying Statement of Functional Expenses.

NOTE G. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of financial instruments including cash, accounts receivable, accounts payable and short-term debt approximated fair value as of June 30, 2014, because of the relatively short maturity of these instruments. The recorded values of notes payable and long-term debt approximate their fair values, as interest approximates market rates.

NOTE H. SUBSEQUENT EVENTS

Management has evaluated events through date November 24, 2014, the date that the financial statements were available to be issued.

SUMMARY

Proven nonprofit leader with more than 25 years of experience in agency/project management and community collaboration. In addition to providing strategic leadership for nonprofits and community coalitions, I am skilled in public speaking and writing, and committed to personal and professional growth. Further, I have built a cadre of connections in New Hampshire and around the country through leadership roles and through being selected as a fellow with the Robert Wood Johnson Foundation.

NONPROFIT LEADERSHIP

Community Health Institute, Bow, NH, 2013 – present. Consultant. Subcontracted to help develop a Center for Excellence in Court Diversion engaging community stakeholders, developing learning community and implementing evaluation and sustainability strategies to ensure on-going quality of court diversion programs in New Hampshire.

The Youth Council, Nashua, NH, 1996 - present . Executive Director. Revitalized 23-year-old nonprofit to become premiere youth-serving agency in greater Nashua, NH, offering innovative intervention and treatment programs for children, teens and families. Introduced outcome measures, evidence-based practices and business process improvements and developed numerous collaborative relationships with area schools, police and other nonprofits.

Merrimack Safeguard, 2010 – present. Project Director. Appointed to lead assessment, capacity building and planning for community coalition through Drug Free Communities grant. Spearheaded development of logic model and action plan following federal guidelines, and facilitated coalition infrastructure development including volunteer leadership, by law creation and branding. Developed system tools to promote accountability and follow-through.

NH Teen Institute, 2007 - 2010. Executive Director, Facilitated sustainability of 24-year-old nonprofit. Revitalized mission, introduced evidence-based practice, spearheaded shift to the next developmental stage. Facilitated board transition, policies and practices toward heightened accountability. Transitioned to new leadership in January 2011.

STATE-LEVEL APPOINTMENTS

Governor's Commission on Alcohol and Other Drugs. Public Member. 2001 – 2013. Appointed to serve in an advisory capacity regarding the delivery of effective and coordinated substance abuse prevention, intervention, treatment and recovery services. Executive Committee member. Prevention Task Force, 2010 – present.

Reclaiming Futures. Advisory Board. 2002 – 2007. Appointed to NH District Court's initiative to connect courts, communities and substance-involved youth. Reviewed best practices toward developing coordinated system of care.

New Futures. 2001 – 2005. Member, Board of Directors, 2001 - 2003. Appointed to board of nonprofit devoted to policy and programming toward reducing underage drinking and increasing access to treatment. Served on Executive Committee. Invited to join National Advisory Board of Adolescent Treatment Initiative in 2004.

Endowment for Health. 1999 – 2002. Appointed by Attorney General as founding board member of $85million health care conversion foundation. Served on steering committee, named co-chair of first Program Development Committee, and as board liaison to grant review team recommending $2.5million of initial grant awards.

PERSONAL & PROFESSIONAL GROWTH

CADCA National Coalition Academy, training completed February 2011.

Robert Wood Johnson Foundation *Developing Leadership in Reducing Substance Abuse*. Fellow. 2002 - 2006. Selected as one of 10 emerging leaders for investment toward building personal and professional leadership skills. Interviewed colleagues and wrote book entitled *Leaders Unmasked: A Celebration of Guts and Grace* as final project.

Project Connect, a Robert Wood Johnson initiative to train emerging leaders to work with elected officials, 2003.

Radiant Communication Strategies, a consultative training to develop communications skills, 2002.

CIVIC ENGAGEMENT

Rotary Club of Nashua West. Member, 1997 - present. President, 2013-14. Board of Directors 2008 – present. Membership chair 2007- 2012. Volunteer Coordinator 2004 – present; Special Projects chair 2005 – 2007;

United Way of Greater Nashua. 1996 – present. Outcome Measures (1997), Management Assistance (1998) and Community Needs Assessment (1999, 2002, 2004, 2007, 2009, 2013).

Merrimack Drug Advisory Council/Merrimack Safeguard. 1996 – 2010. Active member of community collaboration preventing alcohol and other drug problems. Appointed as project director for Drug Free Communities Grant in 2010.

Leadership Greater Nashua, a program of the Nashua Chamber of Commerce, 1999.

Nashua Mayor's Task Force on Youth. 1997 – 2002.

Rivier College Counseling Advisory Board. 1993 - 2000.

Child Welfare Advisory Board. 1997–2000.

State Leadership Team. Concord, NH. 1995 - 1996.

Network. Nashua, NH. 1993 - 1997.

Child Welfare League of America. Washington, DC. 1993 - 1996. Served on *Family-Focused Working Group* comprised of leaders in family- centered care from around the country. Contributed two articles to CWLA's *Mapping a New Direction Resource Guide*.

HONORS & AWARDS

New Futures, 2013. *Dr. Tom Fox Excellence Award* for sustained leadership, excellence and exemplary contributions to the field of alcohol and other drug problems in New Hampshire.

Nashua Telegraph, 2013. Named one of Greater Nashua's 25 Extraordinary Women.

Rotary Club of Nashua West, 2006. Paul Harris Fellow contribution, Award of Excellence, Creative Idea award.

Community Champion, 2002. WMUR and Citizens Bank.

New Hampshire Children's Trust Fund, 2000.Outstanding management in program evaluation.

Commendation NH Governor Jeanne Shaheen,1999. Excellence in leadership on behalf of children and families.

Rivier College Annual Counseling Award,1999. Distinguished contributions to students and the community.

OTHER EXPERIENCE

Empty Nest Glassworks/Small Business Owner. Lampwork Artist, 2008 – present. Skilled in hand-melting glass gifts and jewelry using oxygen/propane torch and glass rods. Facebook fan page has grown to over 175 members. Member of The Craftworkers' Guild, Bedford, NH since 2014.

Nashua Children's Home, Nashua, New Hampshire, 1983-1996. Director of Program Management /Community Relations. 1993-1996. Promoted to created positions to implement family-centered philosophy in residential and home-based programs. Presented at workshops from Boys Town to Washington, DC on family-centered practices. Clinical Experience 1983-1993. Counseled children, teens and families struggling with abuse, neglect, behavioral difficulties and emotional handicaps. Served as Family Program Supervisor, Therapist and Residential Counselor.

EDUCATION

Master of Arts in Counseling, with distinction. Rivier University, Nashua, New Hampshire, 1990.

Bachelor of Arts, cum laude. Connecticut College, New London, Connecticut, 1983. Majors: Sociology-Based Human Relations and Child Development. Dean's List, American Association of University Women Award.

Patricia A. Duffy, MA, LCMHC

Exhibit A Amendment #3

Scope of Services

A. Population Served

The Contractor will provide substance use disorder treatment services to New Hampshire residents who:

- meet diagnostic, financial, and other eligibility criteria, as defined in Section C, Clients Eligible for Treatment Services; and
- Reside in any city or town, or who are homeless, in New Hampshire.

B. Required Treatment Services

The Contractor will provide treatment services as identified in the **Service Table** below. An "X" denotes the services that the Contractor will provide to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Service Table

Required Services	Treatment Services
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Outpatient Treatment providers must provide assessment to all clients to determine the appropriate ASAM (October 2013) level of care. If this level is higher than ASAM Level 1, the outpatient provider must refer the client to the appropriate level of care and provide interim services until the client is able to enter the appropriate level of care.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women –*** Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 2.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.

Contractor Initials: [illegible]
Date: 5/11/15

Exhibit A Amendment #3

Service Table	
Required Services	**Treatment Services**
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board. No client shall be admitted to an ASAM Level 3.1 program without first having an evaluation and referral from an ASAM Level 1 provider.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. No client shall be admitted to an ASAM Level 3.5 program without first having an evaluation and referral from an ASAM Level 1 provider.

Service Table	
Required Services	**Treatment Services**
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. Required Provisions for Services

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals who have been administered Narcan to reverse the effects of an opioid overdose either in the 14 days prior to screening or in the period between screening and admission to the program.
3) Individuals with a history of injection drug use including the provision of interim services within 14 days.
4) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
5) Individuals with substance use co-occuring mental health disorders.
6) Individuals with Opioid Use Disorders.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment

and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs must be in compliance with the most recent DHHS requirements relative to the Institute for Mental Disease (IMD) Exclusion.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
Programs above ASAM Level 1 may not accept clients in the absence of a recommendation to the program's level of care based on an evaluation by and ASAM Level 1 provider. ASAM Level 1 programs may not provide services other than evaluation until an evaluation has been completed and a level of care recommendation established. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers.
The Contractor shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. If a client contacts the contractor and has not obtained an evaluation and ASAM Level of Care recommendation, the contractor shall refer the client to an ASAM Level 1 provider to obtain this. If the client has obtained and evaluation and ASAM Level of Care recommendation from an ASAM Level 1 provider, but the contractor cannot provide that level of care to the client, the contractor shall refer the client to a program that can provide the appropriate ASAM level of care. If the contractor is an ASAM Level 1 provider or if the client's ASAM Level of Care recommendation is consistent with the level of care provided by the contractor, the contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for evaluation services will be seen for the initial evaluation within 5 business days and a final evaluation narrative and ASAM level of care recommendation and referral will be completed within 10 business days.

Those who have completed an evaluation and ASAM level of care recommendation and referral and screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.
    b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services. The provider shall assist the client with the Medicaid/NHHPP enrollment process if they are believed to be eligible for these programs.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed, which is the DHHS rate for the service in those instances in which DHHS pays any portion of the service fee. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.
5. Medication Assisted Treatment with Buprenorphine eligibility: Only those clients who are simultaneously engaged in other clinical services with the provider are eligible for these services.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the

Contractor Initials: CMT
Date: 5/11/15

use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.

2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
No client shall be eligible for treatment services without first having an evaluation and referral from an ASAM Level 1 provider. The required evaluation may be conducted by any ASAM Level 1 provider, regardless of DHHS contract status, but will only be DHHS reimbursed for DHHS contracted providers. If this evaluation is completed by a contracted provider, the evaluation shall include administration of either the ASI or GAIN.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from
http://www.kap.samhsa.gov/products/manuals/index.htm

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be a LADC, MLADC, or Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts, and the development of a regional substance misuse/abuse Continuum of Care. The Contractor is highly encouraged to serve on one of the work groups and/or leadership groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the

Contractor Initials: CJH
Date: 3/11/15

Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.

3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form found at the following link:* www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Contractor Initials: [illegible]
Date: 5/11/15

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

Method and Conditions Precedent to Payment

I. Funding

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A Amendment #3, Scope of Services.

For the period of July 1, 2015 through December 31, 2015, funding for this Agreement is funded by various sources as a percentage of the total amount of $ $37,506.50 as follows:

- 46% Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22% General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

The Contractor agrees to provide the services in Exhibit A Amendment #3, Scope of Services in compliance with funding requirements above.

II. Payment Methodology

The Contractor will be reimbursed for providing and delivering the services identified in Exhibit A Amendment #3, section B. The following terms and conditions detailed in this Exhibit B Amendment #3 will apply to all services unless expressly stated otherwise.

The Contractor will use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Effective July 1, 2014, the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

The remainder of this page is left intentionally blank.

Service Reimbursement Table			
An "X" below denotes the services, and their corresponding Rates and Service Limits; the Contractor will be reimbursed for in accordance with the Payment Methodology above.			
Contractor's Services	**Substance Use Disorder Treatment and Recovery Services**	**DHHS Established Rate**	**Service Limit**
X	Evaluation – ASAM Level 1 providers only	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit***	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week
	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
X	Recovery Support Services: Individual	$15.00/unit***	$160 of combined individual & group/week
X	Recovery Support Services: Group	$5.00/unit***	
X	Recovery Support Services: Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Recovery Support Services: Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Cost Reimbursement	Up to the Budget Amount

* The Contractor will bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. **Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY15.**

III. Performance Incentives:

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

Contractor Initials CAH
Date 5/11/15

D. Performance Incentive Payout Limits:
Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

E. Failure to Meet Deliverables:
The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

F. Invoicing & Billing:
The Contractor shall complete all billing for all services defined in this Agreement through the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

V. Availability of Alternative Funding:
The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

VI. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:
The Contractor agrees to use the SAPT funds as the payment of last resort.
Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)

- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VII. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VIII. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
   7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
   8.1. Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
   8.2. Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
   8.3. Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
   9.1. Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
   9.2. Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports:** Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.
    11.1. Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
    11.2. Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

12. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
    13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Equal Employment Opportunity Plan (EEOP):** The Contractor will provide an Equal Employment Opportunity Plan (EEOP) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of $500,000 or more. If the recipient receives $25,000 or more and has 50 or

more employees, it will maintain a current EEOP on file and submit an EEOP Certification Form to the OCR, certifying that its EEOP is on file. For recipients receiving less than $25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEOP Certification Form to the OCR certifying it is not required to submit or maintain an EEOP. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEOP requirement, but are required to submit a certification form to the OCR to claim the exemption. EEOP Certification Forms are available at: http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, $150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.
When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:
    19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
    19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
    19.3. Monitor the subcontractor's performance on an ongoing basis

19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS
As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:

   4. CONDITIONAL NATURE OF AGREEMENT.
   Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A Amendment #3, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;

   10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

   10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

   10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

   10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

   10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. Subparagraph 14.1.1 of the General Provisions of this contract, is deleted and the following subparagraph is added:

   14.1.1 Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $1,000,000 per occurrence with additional general liability umbrella coverage of not less than $1,000,000.

Contractor Initials: CMH

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
   - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
   - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
     - 1.2.1. The dangers of drug abuse in the workplace;
     - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
     - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
     - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
   - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
   - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
     - 1.4.1. Abide by the terms of the statement; and
     - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
   - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
   1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.

2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (street address, city, county, state, zip code) (list each location)

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS

Programs (indicate applicable program covered):
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-I.)

3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
    - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
    - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (I)(b) of this certification; and
    - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
    - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
    - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND WHISTLEBLOWER PROTECTIONS

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;

- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;

- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);

- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;

- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;

- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;

- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;

- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;

- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

Contractor Name:

Title: Executive Director

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

HEALTH INSURANCE PORTABLITY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the Agreement agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations.

b. "Business Associate" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164 and amendments thereto.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH
Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Department of Health and Human Services
Amendment #2 to the Substance Use Disorder Treatment and Recovery Support Services Contract

This 2nd Amendment to the Substance Use Disorder Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment 2") dated this 15th day of May 2014, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The Youth Council (hereinafter referred to as "the Contractor"), a non-profit corporation with a place of business at 112 Pearl Street, Nashua, NH 03060.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, (item # 112) and amended by an agreement (Amendment #1 to the Contract) approved on June 19, 2013, (Item # 134), the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 of the Agreement, the State may amend the Contract by written agreement of the parties; and;

WHEREAS, the parties agree to extend the current contract by one year.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amend Form P-37, Block 1.6 to read:
   a) 05-95-49-491510-29890000-102-500734
   b) 05-95-49-491510-29900000-102-500734
2) Amend Form P-37, Block 1.7 to read June 30, 2015.
3) Amend Form P-37, Block 1.8 to read $225,039
4) Delete Exhibit A and replace with Exhibit A Amendment #2
5) Delete Exhibit B and replace with Exhibit B Amendment #2

Contractor Initials: [illegible]
Date: 5/19/14

This amendment shall be effective upon the date of Governor and Executive Council approval.

Scope of Services

A. Population Served

Services are available to New Hampshire residents who meet diagnostic, financial, and other eligibility criteria for Department of Health and Human Services supported substance use disorder services as defined in Section C, Clients Eligible for Treatment Services.

B. The Contractor shall provide treatment services as identified below:

Service Table - An "X" denotes that the Contractor shall provide that service(s) to eligible individuals in accordance with all applicable laws, rules, and regulations and terms and conditions of this Agreement.

Required Services	*Treatment Services*
X	***Outpatient Treatment (ASAM Level 1)*** - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Clients may be enrolled in outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Outpatient Treatment (ASAM Level 1) – Pregnant & Parenting Women*** – Outpatient Treatment as identified above provided to pregnant & parenting women.
X	***Intensive Outpatient Treatment (ASAM Level 2.1)*** – A combination of individual and group substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day for a minimum of three days per week. Clients receiving less than this level of service should be enrolled in an outpatient program. Clients may be enrolled in intensive outpatient treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Intensive Outpatient Treatment (ASAM Level 2.1) – Pregnant & Parenting Women*** - Intensive Outpatient Treatment as identified above provided to pregnant & parenting women.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Clients may be enrolled in low-intensity residential treatment and recovery support services simultaneously when clinically appropriate. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days. Residents typically work in the community and may pay a portion of their room and board.
	Low-Intensity Residential Treatment (ASAM Level 3.1, Formerly Transitional Living) – Pregnant Women - Low-Intensity Residential Treatment as identified above provided to

Contractor Initials: [illegible]
Date: 3/19/14

	pregnant & parenting women.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
	High-Intensity Residential – Adult (ASAM Level 3.5, Formerly: Residential – Treatment Adult) and Medium Intensity Residential – Adolescent (ASAM Level 3.5, Formerly: Residential – Treatment Adolescent) - Pregnant Women - High-Intensity Residential – Adult and Medium Intensity Residential – Adolescent as identified above provided to pregnant women.
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5) - Residential treatment services for pregnant and parenting women and their children. Continued service and transfer/discharge decisions are based on ASAM Criteria (October 2013). Clinical staff shall conduct a redetermination of ASAM level of care in response to any changes impacting level of risk on any ASAM dimension on an on-going basis and no less than every 30 days.
X	***Recovery Support Services:*** Group or individual services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Examples of recovery support services include, but are not limited to: assisting clients with enrollment in Medicaid, the New Hampshire Health Protection Program (NHHPP), or private insurance, anger management, financial management, communication skills, spiritual support, parenting skills, health management, case management, organization and time management, recovery coaching, recovery mentoring, stress management, and vocational services. Programs may focus on a single recovery support service or provide a curriculum that includes an array of recovery support services. Types of Recovery Support Services are listed below:
X	• Continuous recovery monitoring services are regular follow-ups with clients to assess the status of the client's recovery, identify any needs the client may have and help the client to address those needs, and provide early intervention for client's who have relapsed or who's recovery is otherwise at risk.
	• Enhanced Services are specialized services that remove barriers to a client's participation in treatment. Examples of these services are child care while a parent is participating in treatment or transportation to and/or from the treatment site.
X	***Recovery Support Services*** as identified above provided to pregnant & parenting women.

C. *Required Services*

Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:

Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). Any contractor with an American Society of Addiction Medicine (ASAM) (October 2013) Level 3.3 or higher level program must secure this licensing for all Level 3 programs housed within the same facility as the Level 3.3 program. In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:

The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client should be referred to a DHHS funded provider where they are able to access interim services.

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
In order to be eligible for DHHS supported services, a client must meet all eligibility criteria described below. Eligibility determination shall be conducted as follows:

1. Substance Use Disorder, Financial Eligibility & Residency Screening: The contractor shall complete the eligibility screening module in the Web Information Technology System (WITS) to determine if the client meets residency, financial, and substance use disorder potential eligibility requirements:
    a. Residency: The client must be a resident of New Hampshire or homeless in New Hampshire to be eligible for DHHS supported services; and
    b. Financial Eligibility: The client's income must be below 400% of Federal Poverty Level (FPL) to be eligible for DHHS supported services based on the sliding fee scale described below. Once the screening has been completed, the contractor shall print the associated attestation and have the client sign this document. A copy of the signed attestation shall be maintained in the client file. The client's financial eligibility shall be reassessed no less than every 120 days.; and
    c. Potential for a Substance Use Disorder: The client must screen positive for a potential substance use disorder to be eligible for DHHS funded services.
2. Evaluation: The contractor shall conduct a full substance abuse evaluation, which includes administration of either the Addiction Severity Index (ASI) in WITS or Global Appraisal of Individual Needs (GAIN).
    a. Substance Use Disorder: This evaluation shall be used to determine if the client meets Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM5) criteria for a substance use disorder. Clients who meet DSM5 criteria for a substance use disorder are eligible for DHHS funded services. Client who do not meet these criteria are not eligible for DHHS funded services.

b. Level of Care: For clients who have met all other eligibility requirements, this evaluation shall be used to determine the appropriate level of care for the client based on ASAM (October 2013) criteria. The client is eligible for DHHS funded services at the assessed level of care unless such a level of care is unavailable or the client chooses to enter a lower level of care. If the assessed level of care in unavailable, the client may choose to enter the next higher level of care.

3. Medicaid/NHHPP Eligibility: The contractor shall determine whether or not the client is eligible for Medicaid/NHHPP coverage for the identified level of care. If the client is not eligible for Medicaid/NHHPP coverage for the identified level of care, the client may be eligible for DHHS funded services. If the client is eligible for Medicaid/NHHPP coverage for the identified level of care, the client is not eligible for DHHS funded services.
4. Insurance Coverage: The contractor shall determine whether or not the client has insurance that will cover services at the identified level of care. If the client does not have insurance that will reimburse for these services at a rate equal to or greater than the DHHS rate, the client is eligible for DHHS funded services. If the client has insurance that will reimburse for these services at an amount equal or greater to the DHHS reimbursement rate, the client is not eligible for DHHS funded services. The contractor may not charge the combination of the client, any 3rd party payor, and DHHS more than the maximum charge allowed. These parties shall be charged in the following order:
    a. The maximum allowed charge will be billed to the client's insurer, if applicable.
    b. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
    c. The balance of the maximum allowed charge after deducting the client's portion and the insurance payment, if applicable, shall be charged to DHHS.

Sliding Fee Scale:

The contractor shall not charge the combination of the client, any 3rd party payor and BDAS an amount greater than the maximum rate allowed for each service. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

- Client Income is 0% - 138% of FPL: 100% of the allowed charge less any amount paid for by insurance.
- Client Income is 139% - 149% of FPL: 92% of the allowed charge less any amount paid for by insurance.
- Client Income is 150% - 199% of FPL: 88% of the allowed charge less any amount paid for by insurance.
- Client Income is 200% - 249% of FPL: 75% of the allowed charge less any amount paid for by insurance.
- Client Income is 250% - 299% of FPL: 60% of the allowed charge less any amount paid for by insurance.
- Client Income is 300% - 349% of FPL: 43% of the allowed charge less any amount paid for by insurance.
- Client Income is 350% - 399% of FPL: 33% of the allowed charge less any amount paid for by insurance.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services. If the client is not able to access interim services at the contractor's agency for geographic or other reasons, the client shall be referred to a DHHS funded provider where they are able to access interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and

the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:
The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:
For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:
DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.

3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English are such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:
The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.
2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): *http://www.hhs.gov/ocr/privacy/*
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document *http://www.dhhs.nh.gov/business/rfp/index.htm*.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see *http://www.dhhs.nh.gov/irb/*

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include withdrawal management services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment and ASAM guidelines.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

Evaluation:
The contractor shall conduct a full substance abuse evaluation, which includes administration of either the ASI or GAIN to determine eligibility for services. This evaluation must be updated every 120 days or when the client transitions to a different level of care.

Assessment of Risk for Self-Harm/Suicide: The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

Use of Best Practices: The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the WITS electronic case management system.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the Access to Recovery (ATR) initiative administered by the BDAS so long as this initiative remains available on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while

the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (evaluation, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes clinically managed low-intensity treatment programs under contract with the BDAS on behalf of DHHS as well as care coordination and recovery support services made available through DHHS contracted providers; the ATR initiative administered by BDAS, so long as this initiative remains available; and/or any other resources that become available to pay for these services that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, so long as the ATR initiative remains available, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic case management) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions.

Data and Reporting Requirements:
1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.

4. The Contractor shall comply with all research and/or information systems development activities for the electronic case management/Web Information Technology System (CM/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client evaluations including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:
The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:
1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy

of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS contractor recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

The remainder of this page is intentionally left blank.

Method and Conditions Precedent to Payment

The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services, and in accordance with Exhibit B.

Funding for this Agreement is funded by various sources as a percentage of the total amount of $75,013 as follows:

- 46 % Federal Funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant (CFDA #93.959);
- 22 % General Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention and Treatment Funds; and
- 32 % General funds.

I. Payment Methodology

The Contractor shall be reimbursed for providing and delivering the services listed in Exhibit A, paragraph B. The following terms and conditions detailed in this Exhibit B shall apply to all services unless expressly stated otherwise.

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the Service Reimbursement Table below. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2015 (effective July 1, 2014) the contractor will receive a payment for each service at the rates and within the limits described below. For clients receiving DHHS supported services, the contractor may not charge the client, any 3rd party payor, and DHHS a combined rate that is more than the rate established by BDAS for that level of service or any other fees. These parties shall be charged in the following order:

1. The maximum allowed charge will be billed to the client's insurer, if applicable.
2. The client will be charged their portion of the maximum allowed charge based on the BDAS published sliding fee scale.
3. The balance of the maximum allowed charge, after deducting the client's portion and insurance payment, if applicable, shall be charged to DHHS.

Service Reimbursement Table - A check mark indicates the services and corresponding rates the Contractor will be reimbursed for.

Check mark indicates applicable service	Service	DHHS Established Rate	Service Limit
X	Evaluation	$225	1 every 90 days
X	Outpatient – Individual	$18.75/unit***	$190 of combined individual & group/week
X	Outpatient – Group	$5.00/unit	
X	Intensive Outpatient*	$80.00/day	$320 (4 days)/week
	Low-Intensity Residential – Adult	$100.00/day	$700 (7 days) /week

Contractor Initials: GMB
Date: 5/19/14

	Low-Intensity Residential – Adolescent	$128.00/day	$896 (7 days) /week
	High-Intensity Residential – Adult	$130.00/day	$910 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Room & Board Only	$66.00/day	$462 (7 days) /week
	Specialty Residential Treatment for Pregnant & Parenting Women (ASAM Level 3.5): Clinical Services	$162.60/day	$1138.20 (7 days) /week
	Medium Intensity Residential – Adolescent	$170.00/day	$1190 (7 days) /week
	Recovery Support Services		
X	Individual	$15.00/unit	$160 of combined individual & group/week
X	Group	$5.00/unit	
X	Continuous Recovery Monitoring – Attempted**	$15.00/contact	$60 of combined attempted and completed/month for the first 6 months post discharge
X	Continuous Recovery Monitoring – Completed	$15.00/contact	
	Enhanced Services	Varied	

* Providers may bill the per diem rate for Intensive Outpatient Treatment services only on those days when the client attends individual and/or group counseling associated with the program. It is expected that each day of attendance includes a minimum of 3 hours of group and/or individual counseling services.

**Attempted Contact is at least 3 attempts to contact a client over the course of at least one week.

*** A unit is equal to 15 minutes of service
It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. Failure to meet this requirement may result in amendment to or termination of the contract. At a minimum, contractors must provide the array of services they contracted to provide for in SFY14.

1. **Performance Incentives:**

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received and shall conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact. For each client who screens eligible for

Contractor Initials: [illegible]
Date: 3/19/19

services and starts receiving services, whether for the identified level of care or interim services, within 10 business days following the eligibility screening, the treatment contractor will receive an incentive payment of $75.00. Access incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

B. Completion:

For each client who is discharged from the program because they have completed treatment or transferred to another treatment provider as recorded in the Discharge Type field of the WITS Discharge Module, the treatment contractor will receive an incentive payment of $75.00. Completion incentives will be calculated and paid on a monthly basis for services in the previous calendar month.

C. Client Outcomes:

If a client who was discharged from the program meets at least 3 of the Outcome criteria below in the 3rd and/or 6th month post-discharge, as evidenced by the WITS Follow-Up module, the treatment contractor will receive an incentive payment in the amount of $50. The 3rd month post discharge is considered to be 60 – 120 days post discharge. The 6th month post discharge is considered to be 150 – 210 days post discharge. Outcomes incentives will be calculated and paid on a monthly basis for clients meeting criteria in the previous calendar month. It is expected that at least 50% of discharged clients will be contacted for 3 and/or 6 month follow-up over the contract year.

i. Abstinence: The client reports reduced or no substance use in the past 30 days.
ii. Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
iii. Crime and Criminal Justice: The client reports no arrests in the past 30 days.
iv. Stability in Housing: The client reports being in stable housing.
v. Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

D. Performance Incentive Payout Limits:

Performance incentives are limited to no more than 6% of the total contract amount annually. The total amount paid out during the contract year will never exceed the total contract amount. DHHS is not obligated to make payment for any incentives that occur outside of the current contract year; however, incentives may be carried over to future contract years at the discretion of DHHS.

2. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

3. Invoicing & Billing:

All billing shall be completed via the WITS system according to protocols established by BDAS.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

II. Allocation of Funding:

It is incumbent upon the contractor to monitor service array and utilization to ensure that a consistent level of service will be available throughout the contract period. Utilization and array will also be monitored by the Department via WITS. The contractor is prohibited from spending down more than the sum of the total contract amount that includes the cost of the client services and related incentives.

III. Availability of Alternative Funding:

The New Hampshire Department of Health and Human Services may terminate or amend the contract should alternate third party payors, including Medicaid, the New Hampshire Health Protection Program and/or insurance available on the New Hampshire Insurance Exchange cover any of the services included in this contract.

IV. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

V. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

VI. Notwithstanding paragraph 18 of the General Provisions of this Agreement P-37, an amendment limited to adjusting amounts within the budgets and within the price limitation, can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

CERTIFICATE OF VOTE

I, Laura Franco, of The Youth Council, do hereby certify that:

1. I am the duly elected President of the Board of Directors of The Youth Council;
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on March 19, 2009;

   RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Community Based Care Services.

   RESOLVED: That the Executive Director is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. Elizabeth G. Houde is the duly elected Executive Director of the corporation.
3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 19, 2014.

IN WITNESS WHEREOF, I have hereunto set my hand as the President of the Board of Directors of the corporation this 19th day of May 2014.

Laura Franco, MBA, President

STATE OF NEW HAMPSHIRE
COUNTY OF HILLSBOROUGH

The foregoing instrument was acknowledged before me this 19th day of May 2014 by Laura Franco.

State of New Hampshire
Department of Health and Human Services
Amendment #1 to the Substance Abuse Treatment and Recovery Support Services Contract

This first Amendment to the Substance Abuse Treatment and Recovery Support Services contract (hereinafter referred to as "Amendment #1") dated this April 24th day of 2013, is by and between the State of New Hampshire, Department of Health and Human Services (hereinafter referred to as the "State" or "Department") and The Youth Council (hereinafter referred to as "the Contractor"), a nonprofit corporation with a place of business at 112 West Pearl Street, Nashua, NH 03060.

WHEREAS, pursuant to an agreement (the "Contract") approved by the Governor and Executive Council on June 20, 2012, the Contractor agreed to perform certain services based upon the terms and conditions specified in the Contract as amended and in consideration of certain sums specified; and

WHEREAS, the State and the Contractor have agreed to make changes to the scope of work, payment schedules and terms and conditions of the contract; and

WHEREAS, pursuant to the General Provisions, Paragraph 18 and Exhibit C, Paragraph 17, the State may, extend the agreement by one year by written agreement of the parties;

WHEREAS the State desires to have the Contractor continue to provide the services as specified in the agreement for another one year period;

NOW THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained in the Contract and set forth herein, the parties hereto agree as follows:

1) Amendment and modification of P-37 "Agreement";
   a) Change Completion date in Block 1.7 of the P-37 to read June 30, 2014.
   b) Change Price Limitation in Block 1.8 of the P-37 to read $ 150,026.00

2) Amendment and modification of Exhibit A;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013"
   b) **Change** II A **from:** "The contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:"
      Change to: "The contractor shall provide treatment services, in each State Fiscal Year, in the geographic area(s)/location(s) as specified below:"
   c) **Change** II B Group Recovery Support Services **from**: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

Change to: "Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS."

d) **Delete Table SAMHSA National Outcome Measures**

Replace with:

Table SAMHSA National Outcome Measures

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening of the initial first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/ connections	25% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

3) Amendment and modification of Exhibit B;
   a) **Delete** "CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, through June 30, 2013"
   b) **Change from** Section II: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:"
   Change to: "The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services during each State Fiscal Year of the contract shall not exceed:"
   c) Delete in Section II; "TOTAL: $75,013.00"

4) **Add** Exhibit B-1

This amendment shall be effective upon the date of Governor and Executive Council approval.

IN WITNESS WHEREOF, the parties have set their hands as of the date written below,

ITEM # 112

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with The Youth Council (Vendor #154886 B001), 112 West Pearl Street, Nashua, NH 03060, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $75,013.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

			Subtotal	$23,713.00
			Total	$75,013.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Nashua area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The Youth Council was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $75,013.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Nashua.

Source of Funds: 45.89% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.95% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins

By: Director, On:

1.17 Approval by the Attorney General (Form, Substance and Execution)

By: Jeanne P. Herrick, Attorney On: 4 June 2012

1.18 Approval by the Governor and Executive Council

By: On:

2. EMPLOYMENT OF CONTRACTOR/SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly described in the attached EXHIBIT A which is incorporated herein by reference ("Services").

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the governor and Executive Council of the State of new Hampshire, this Agreement, and all obligations of the parties hereunder, shall not become effective until the date the Governor and Executive Council approve this Agreement ("Effective Date"). Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Contractor notice of such termination. The State shall not be required to transfer funds from any other account to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT B which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in the block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY

6.1 In connections with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provision of Executive Order No. 11246 ("Equal Employment Opportunity") as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. The Contractor further agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

9. DATA/ACCESS/CONFIDENTIALITY/ PRESERVATION.

9.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the state, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this agreement for any reason other than the completion of the Services, the contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the Attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE.

In the performance of this Agreement the contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of the Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than $250,000 per claim and $2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than fifteen (15) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each

Contractor Initials: [signature]
Date: 3/22/12

Certificates (s) of insurance shall contain a clause requiring the insurer to endeavor to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than ten (10) days prior to written notice of cancellation or modification of the policy.

15. WORKERS' COMPENSATION

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the contractor is subject to the Requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 2810A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

17. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United State Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

18. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

19. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to the express their mutual intent, and no rule of construction shall be applied against or in favor of any party.

20. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. HEADINGS. The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. SPECIAL PROVISIONS. Additional provisions set forth in the attached EXHIBIT C are incorporated herein by reference.

23. SEVERABILITY. In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire Agreement and understanding between the parties, and supersedes all prior Agreements and understandings relating hereto.

Date 3/22/12

NH Department of Health and Human Services
Division of Community Based Care Services
Bureau of Drug and Alcohol Services
Substance Use Disorder Treatment Services
Exhibit A

I. General Provisions

CONTRACT PERIOD: July 1, 2012, or date of G&C approval, whichever is later, Through June 30, 2013

CONTRACTOR NAME: The Youth Council

ADDRESS: 112 West Pearl Street, Nashua, NH 03060

EXECUTIVE DIRECTOR: Betsy Abrahams
TELEPHONE: 603-889-1090

II. Scope of Services

A. The Contractor shall provide treatment services in the geographic area(s)/location(s) as specified below:

Treatment Modality	# of FTE's	Geographic Area(s)/ Location(s)	Minimum number of clients to be served during the contract period	$ Awarded
Outpatient	1.00	Nashua	31	$75,013.00

B. Required Services
Priority Admission:

1) The Contractor shall give admission preference to pregnant women and women with dependent children, even if the children are not in their custody, as long as parental rights have not been terminated, including the provision of interim services within the required 48 hour time frame.
2) Individuals with a history of injection drug use including the provision of interim services within 14 days.
3) Individuals with a primary diagnosis of a substance use disorder, which may also include a co-occurring mental health disorder.
4) Individuals on medication-assisted treatment for co-occurring substance abuse and mental health disorders or various opiate replacement therapies, including, but not limited to, methadone, buprenorphine and naltrexone.

Required Outreach:

New Hampshire Department of Health & Human Services (DHHS) programs receiving federal treatment Block Grant funds requires that Contractors must publicize services available to pregnant or parenting women and injection drug users in need of substance abuse treatment and that these individuals receive preference for admission to treatment. This may be done as follows, but is not limited to, street outreach programs, ongoing public service announcements (radio/television), regular advertisements in local/regional print media, posters placed in targeted areas, and frequent notification of availability of such treatment distributed to the network of

community based organizations, health care providers and social service agencies. The Contractor will submit their outreach plans to DHHS through the Bureau of Drug and Alcohol Services (BDAS) within 60 days of contract effective date.

Health Facilities Administration Licensing Requirements:
Housing programs with substance abuse treatment services at the same location will need to secure necessary licensing as a Residential Rehabilitation Facility by the DHHS Bureau of Health Facilities Administration, as appropriate, see He-P 807 at the following link: (http://www.gencourt.state.nh.us/rules/state_agencies/he-p800.html). In the case of residential treatment and housing at the same site, residential programs should plan to treat no more than 16 pregnant or parenting women at any given time to comply with federal Medicaid restrictions on Institute for Mental Diseases (IMD) exclusion criteria. This restriction would not apply to programs in which the client's residence is in a separate location from the treatment program.

Capacity Reporting:
The Contractor must contact BDAS, as agent for DHHS, when their capacity has reached 90% within 5 business days. The Contractor must refer pregnant women to the State when the Contractor has insufficient capacity to provide services to any such pregnant women who seek the services of the program. Sending e-mail to the BDAS Clinical Services Unit Administrator may complete this notification process.

Access to Services:
The Contractor shall respond to calls requesting treatment and/or transitional living program services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within 2 business days following the day the call was received. The Access Criteria as defined in Exhibit B must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted.

The Contractor is required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

Limitations on Exclusionary Criteria:
American Society for Addiction Medicine (ASAM) Patient Placement Criteria, in and of itself, shall not be a reason to deny a higher level of care to an individual, if the lower level of care is unavailable or inaccessible. Level of care will be determined by the administration of the Addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN).

Contractors receiving grant funds from DHHS will not discriminate against clients who are using legitimate medications to assist their recovery and will not have policies that allow them to refuse admission to treatment or to discharge clients from treatment based on the use of appropriately prescribed medications and various opiate replacement therapies, including, but not limited to, methadone and buprenorphine, as well as other forms of medication-assisted treatment for co-occurring substance abuse and mental health disorders.

Clients Eligible for Treatment Services:
A client who is either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH.

Sliding Fee Scale:
The Contractor shall adopt a sliding fee scale based on federal poverty guidelines as published in the most recent Federal Register (http://aspe.hhs.gov/poverty/). The Contractor must provide the client with the cost of services

and a fee scale prior to rendering services. The Contractor's sliding fees scale and fee schedule shall be submitted to BDAS, as agent for DHHS, within 60 days of contract effective date. Changes in the sliding fee scale or service fee schedule shall be submitted to the BDAS on behalf of DHHS within 30 days of the change.

The Contractor shall bill clients in accordance with a sliding fee scale based on federal poverty guidelines. The fee schedule shall include a no-cost option approved by BDAS on behalf of DHHS. All reasonable efforts shall be made to collect payment of bills. A client's inability to pay shall not preclude admission to the program and treatment.

With respect to minority age individuals, a minor child shall not be denied services as a result of the parent's unwillingness to pay the fee or the minor child's decision to receive confidential services pursuant to RSA 318-B:12-a.

Waiting List Management:
When a person who is pregnant or an injection substance abuser seeks treatment and there are no appropriate treatment services available within the required time frame as outlined below, interim services **must** be made available. The Contractor agrees to maintain the wait list management system in WITS that includes a unique patient identifier and include information on dates of requests for admission to treatment, provision of interim services and source for those services, referrals made for treatment or interim services, and disposition of clients on the waiting list.

- The waiting list must contain a mechanism that identifies and counts the number of applicants who present and are determined to be appropriate for substance abuse treatment but are unable to be placed as there is no capacity;
- Maintain contact with individuals awaiting admission; and,
- Admit or transfer waiting list clients at the earliest possible time to an appropriate treatment program within a reasonable geographic area.

The Contractor shall remove a client awaiting treatment from the waiting list only when one of the following conditions exists:

- Such persons cannot be located for admission into treatment *or*
- Such persons refuse treatment.

Specific Interim Services for Pregnant Women, Women with Dependent Children and Injection Drug Users:
The Contractor agrees to contact the BDAS Clinical Services Unit if a pregnant women and women with dependent children or individuals with a history of injection drug use, cannot be accepted into treatment within specific time frames, and agrees that interim services will be provided or facilitated by the Contractor. Interim services for pregnant women must include counseling on the effects of alcohol and drug use on the fetus, referrals for prenatal care, and counseling and education about HIV and tuberculosis. Interim services for injection drug users must also include counseling and education in the risks of needle sharing, about the risks of transmission to sexual partners and infants, and referral for HIV, Hepatitis C and tuberculosis screening/testing. All interim services shall be documented in the client's clinical record in the WITS system.

Interim Services for other Clients:
The Contractor shall provide, or refer the client to, interim services until level of service identified in the level of care assessment is available and/or the client is willing and assessed as being sufficiently motivated to take advantage of the proposed level of service or interim services.

Services to pregnant and parenting women:
The Contractor further agrees that childcare will be made available to women who are in treatment with their dependent children, either through on-site care or through arrangements with an off-site legal childcare provider. Other services required are as follows:

- The family is treated as a unit and, therefore, admits both women and their children into treatment services, if appropriate.
- The Contractor shall provide or arrange for primary medical care for women who are receiving substance abuse services, including prenatal care.
- The Contractor shall provide or arrange for childcare while the women are receiving services even if the children are not in their custody, as long as parental rights have not been terminated.
- The Contractor shall provide or arrange for primary pediatric care for the women's children, including immunizations.
- The Contractor shall provide or arrange for gender-specific substance abuse treatment and other therapeutic interventions for women that may address issues of relationships, sexual abuse, physical abuse, and parenting, and childcare while the women are receiving these services.
- The Contractor shall provide or arrange for therapeutic interventions for children in custody of women in treatment, which may, among other things, address the children's developmental needs, their issues of sexual and physical abuse, and neglect.
- The Contractor shall provide or arrange for sufficient case management and transportation services to ensure that the women and their children have access to the services provided for above.
- If a pregnant, pregnant injection drug using or Injection Drug Using person refuses treatment or says (s)he is not interested in treatment, the wait list report shall be completed with the engagement activities attempted.
- If a pregnant, pregnant injection drug using or Injection Drug Using person no shows or cancels treatment, interim services must be provided, as stipulated above and the wait list report shall be completed that demonstrates the activities of follow up, engagement and substance abuse treatment services offered.

Relationship(s) with Primary Health Care:
The Contractor shall arrange and coordinate services and exchange of information with other health care providers and agencies which:

- Identifies the client's current Primary Care Provider (PCP) at screening and/or intake.
- If the client has no current PCP, the Contractor shall identify available provider(s) in the client's local area such as a federally qualified community health center, community health center, or other local health services.
- Obtains client/patient authorization to communicate with PCP office.
- If no authorization is completed initially, the Contractor shall educate client as to the importance of engaging the PCP in ongoing care and address the client's concerns as part of treatment, with goal of obtaining authorization before discharge.
- Sends the discharge summary to PCP and offers to discuss recovery issues with the provider.
- Arranges (or has the client arrange) a post-discharge appointment with PCP for the client/patient for follow-up of the substance use disorder.

Tobacco Cessation:
The Contractor shall have policies and procedures for both client and Contractor staff, that not only creates a tobacco-free environment as required by law, but to offer tobacco cessation tools and programming. Tobacco use, in and of itself, shall not be grounds for administrative discharge from the program. Initially, all clients shall be assessed for motivation in stopping the use of tobacco products. Providers may tap into resources such as the DPHS Tobacco Prevention & Control Program (TPCP) and the certified tobacco cessation counselors available through the QuitLine. Other resources for providers include:

Breathe New Hampshire
145 Hollis St., Unit C
Manchester, NH 03101
603-669-2411 (phone) or 1-800-835-8647

The New Hampshire Medicaid program covers:

- Nicotine Replacement Therapy (NRT) Gum,
- NRT Patch,
- NRT Nasal Spray,
- NRT Lozenge,
- NRT Inhaler,
- Varenicline (Chantix),
- Bupropion (Zyban),
- Group Counseling and/or
- Individual Counseling. Up to 12 individual counseling sessions are covered per year through a mental health provider (Note: These sessions would NOT be in addition to other mental health counseling sessions under Medicaid). Pregnant women also have the option of group counseling. For more information, visit the website at: http://www.dhhs.state.nh.us/DHHS/MEDICAIDPROGRAM/default.htm

Tuberculosis:

The Contractor shall make available tuberculosis services (defined as screening, counseling, testing, and treatment) directly, or through other providers, to each client receiving treatment. In the case of an individual denied admission due to lack of capacity, the substance abuse treatment Contractor will refer the individual to another provider of tuberculosis services if appropriate. All Contractor providing residential services shall make available, either on-site or through agreements with health care providers, tuberculosis services, including screening, testing, counseling and referral for medical treatment.

Physical location and facilities:

For the purpose of providing the services described in Section II of the Scope of Services, the Contractor shall obtain and maintain a suitable space complying with all fire, health, and safety codes to include handicapped accessibility and being wheelchair accessible.

The Contractor shall obtain written prior approval of DHHS, acting through BDAS, before entering into any agreement concerning relocation of the service site.

Culturally and Linguistically Appropriate Standards of Care:

DHHS recognizes that culture and language have considerable impact on how consumers access services. Culturally and linguistically diverse populations experience barriers in efforts to access services. To ensure equal access to quality services, DHHS expects that Contractors shall provide culturally and linguistically appropriate services according to the following guidelines:

1. Assess the ethnic/cultural needs, resources and assets of their community.
2. Promote the knowledge and skills necessary for staff to work effectively with consumers with respect to their culturally and linguistically diverse environment.
3. When feasible and appropriate, provide clients of Limited English Proficiency (LEP) with interpretation services. Persons of LEP are defined as those who do not speak English as their primary language and whose skills in listening to, speaking, or reading English arc such that they are unable to adequately understand and participate in the care or in the services provided to them without language assistance.
4. The Contractor is responsible for reasonable accommodations in arranging for interpreter services for hearing impaired clients.
5. The Contractor offers consumers or clients a forum through which those individuals have the opportunity to provide feedback to the Contractor regarding cultural and linguistic issues that may deserve response.

Compliance with State and Federal Laws:

The Contractor is responsible for compliance with all relevant state and federal laws. Special attention is called to the following statutory responsibilities:

1. All services provided pursuant to this Contract shall be subject to the most current proposed or formalized rules and regulations promulgated by DHHS, pursuant to RSA 541-A.

2. The Contractor shall maintain adherence to federal and state confidentiality laws specifically: 42 CFR Part 2B, N.H. RSA 318 B:12 and N.H. RSA 172:8-A and the Health Insurance Portability and Accountability Act (HIPAA): http://www.hhs.gov/ocr/privacy/
3. The Contractor shall meet the standards outlined in NH Administrative Rule He-A 300, Certification and Operation of Alcohol and other Drug Disorder Treatment Programs. This administrative rule is currently expired and under revision. The Contractor should plan to meet the requirements as outlined in the expired rule until the revisions are completed. He-A 300 can be viewed on the RFP link to this document http://www.dhhs.nh.gov/business/rfp/index.htm.
4. The Contractor shall, upon the direction of the State, provide court-ordered evaluation in their catchment area and a sliding scale fee shall apply and the inability to pay shall not interfere with the completion and submission of the court-ordered evaluation and shall, upon the direction of the State, offer treatment to those individuals pursuant to RSA 172:13.
5. Contractors considering research, including research conducted by student interns, using individuals served by this contract as subjects must adhere to the legal requirements governing human subjects' research. Contractors must inform the DHHS via contact with BDAS prior to initiating any research involving subjects or participants related to this contract. In addition, research conducted on subjects served by this contract may need to be approved by the New Hampshire Department of Health & Human Services Committee for the Protection of Human Subjects (NH DHHS CPHS) see http://www.dhhs.nh.gov/irb/

Client Stabilization:
The Contractor will be expected to arrange for medical clearance for all clients receiving treatment services supported by DHHS administered by BDAS to assure that they are not at risk for acute withdrawal from alcohol and certain drugs. The Contractor shall be expected to provide a range of integrated services that include social detoxification/stabilization services that follow detoxification guidelines outlined in Treatment Improvement Protocol (TIP) #45, Detoxification and Substance Abuse Treatment.

Clinical Services:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
b. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
c. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
d. A full-time Executive Director, not filling any of the positions described above.

The Contractor will provide one or more of the following services as outlined in Section II.A above.

Outpatient Treatment - Substance abuse treatment services provided in individual and group counseling sessions in a non-residential setting. Although duration of services is determined by clinical indicators, average duration of for outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Intensive Outpatient Treatment - Substance abuse treatment services conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats, for a minimum of three days per week, for a total of a minimum of nine hours of treatment services per week. This

intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following, such as a once per week treatment aftercare group continuing for an additional 1-2 months as clinically indicated for both. Although duration of services is determined by clinical indicators, average duration of intensive outpatient services is expected to be approximately 90 days or less, after which clients are referred for care coordination under a continuous recovery monitoring model that in turn will refer clients for group aftercare recovery support services as indicated.

Residential Treatment - Short-term residential substance abuse treatment designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. This level of care includes the provision of an initial period of stabilization services once an individual has been medically cleared to participate in the program. Although the length of stay may be determined by clinical indicators, average length of stay is expected to be approximately 28 days or less. Long-term, extended care residential treatment services, also referred to as Clinically Managed High Intensity Residential Treatment (CMHIRT), is limited to pregnant and parenting women and their children.

Transitional Living – Residential substance abuse treatment services are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Although length of stay may be determined by clinical indicators, the average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

***Assessment of Risk for Self-Harm/Suicide*:** The Contractor shall have policies and practices for assessing risk of self-harm at all phases of treatment, such as at initial contact, during screening, intake, admission, on-going treatment services and at discharge, and a process for referral when necessary to include referrals to mental health services.

The Contractor shall develop policies, programs and protocols in accordance with SAMHSA guidelines as outlined in the Treatment Improvement Protocols (TIPs) and Technical Assistance Publications (TAPs). These publications can be downloaded from http://www.kap.samhsa.gov/products/manuals/index.htm .

The Contractor is required to use the Addiction Severity Index (ASI) or Global Appraisal of Individual Needs (GAIN) assessment tools, the SAMHSA/NIDA MATRS treatment-planning model and the Web Infrastructure for Treatment Services (WITS) electronic health record.

Care Coordination:
The Contractor is required to assess each client's need/appropriateness for residential transitional living services and to **refer all clients for care coordination services** made available through the ATR initiative administered by the BDAS on behalf of DHHS that would commence following the initial course of treatment. Contractors are required to address motivational issues with clients for them to participate effectively in the care coordination and recovery support services. Contractors are required to have clients sign the "ATR Client Participation Agreement" (made available by BDAS), indicating that they either agree or opt out of participating in these services. The contractor will facilitate all clients who agree to participate in these services to complete the Client Participation Agreement and upon obtaining a signed release of information, refer clients to an ATR Care Coordinator Program at least two weeks prior to anticipated date of discharge (dis-enrollment) from services. Assessing the need for aftercare services is expected to take place while the client is involved within the most recent episode of care, with a referral being made and accepted by the care coordination service prior to the client being discharged.

The Contractor must provide the following for use by the care coordination program:

- Private space for interviewing/meeting with clients.
- Access to internet (either wired or wireless) in the meeting space
- Telephone in the meeting space and
- A contact person at the Contractor's site for logistics.

It is the expectation of the BDAS at DHHS that, upon completion of appropriate signed releases, the Contractor will provide the care coordination program with necessary information from the clinical record (assessment, treatment plan, progress notes, etc.) for the care coordination program to develop a service plan with the client.

Group Recovery Support Services:
Are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 50% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. These group recovery support services are for clients discharged from substance use disorder (SUD) treatment services provided under contract with BDAS on behalf of DHHS, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received SUD treatment from a different agency through the statewide care coordination program under agreement with BDAS on behalf of DHHS.

All group recovery support services will be funded through the New Hampshire Access to Recovery (ATR) initiative, which will require all providers (except those offering outpatient services only) under contract with BDAS on behalf of DHHS to become an approved Access to Recovery (ATR) providers for these particular services (reference Administrative Rules He-A 405.03 and He-A 405.04). Agencies under contract with BDAS on behalf of DHHS to provide only outpatient substance abuse treatment are not required, to provide these services.

All alcohol and other drug treatment providers under contract with the BDAS on behalf of DHHS are required to address with all clients, the need for continuing services. This includes transitional living programs under contract with the BDAS on behalf of DHHS as well as care coordination and group recovery support services made available through the ATR initiative administered by BDAS that would commence following the initial course of treatment. The referral for these services should take place prior to discharge from the initial course of treatment.

Residential Treatment Services, including services to Residential Services to Pregnant and Parenting Women:
The Contractor shall provide the following:

a. A minimum of one (1) substance abuse counselor on site each day of the week during primary treatment hours. The substance abuse counselor shall have a bachelor's degree or equivalent in social work/psychology, guidance or nursing and/or a certificate in the field of addiction studies from an approved educational institution or educational/life experience.
e. A minimum of one (1) substance abuse support staff on site each day of the week during all hours not covered by a substance abuse counselor. The substance abuse support staff must have a high school or General Equivalency Diploma (GED). Preference is given to individuals who have completed additional courses or taken training in substance use disorders or other health fields.
f. An intake/admission coordinator on site Monday through Friday of each week. The intake/admission coordinator shall have one (1) years' work experience in the field of addiction studies.
g. A full-time Executive Director, not filling any of the positions described above.

Relevant Policies and Guidelines:
The services provided for in this agreement shall be in addition to the services provided for in any other agreement between the State of New Hampshire, any of its agencies, or any of its officers, and the Contractor.

Without limiting the generality of any other provisions of this agreement, the Contractor shall cooperate fully with, and answer all questions of representatives of the State conducting any periodic or special review of the performance of the Contractor or any inspection of the facilities of the Contractor.

Publications Funded Under Contract:
All products produced under this contract are in the public domain. All products (written, video, audio) produced, reproduced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution, or use. The Contract shall credit DHHS on all materials produced under this contract.

Subcontracting/Consultants:
If the Contractor subcontracts any portion of the services with an agency or individual, the Contractor must submit a copy of the subcontract, or proposed subcontract. That subcontract must address the qualifications and credentials of the individual or agency to perform the service, the specific service deliverables, the timeline for implementation of the services to be delivered, and the cost, including total cost of the subcontract and total cost per hour of individuals or agencies performing these services. The Contractor is ultimately responsible for the services delivered under the contract. Use of consultants shall be similarly described in terms of qualifications and credentials, service deliverables and hourly consultant rate.

Student Internships:
The Contractor shall establish policies and procedures related to student interns that address minimum coursework, experience and core competencies for those interns having direct contact with individuals served by this contract. Student interns shall complete an approved ethics course prior to beginning the internship.

Staff Licensing Requirements:
The ratio of licensed to non-licensed service providers shall be as follows:
Agencies must have at least one Licensed, or Masters Licensed, Alcohol and Drug Counselor (LADC/MLADC) for each two unlicensed counselors providing substance abuse treatment services and a sufficient number of MLADCs or LADCs with the Licensed Clinical Supervision (LCS) credential to adequately provide for clinical supervision of all clinical staff. This requirement shall be met by the Contractor no later than six (6) months after the date of the Contract effective date.

Updated resumes, which clearly indicate the staff member is employed by the Contractor, including current positions of staff supported by funds provided through this Contract, shall be forwarded to the BDAS as agent for DHHS. The documentation shall include a copy of the New Hampshire Alcohol and Drug Counselor License.

Staff Certification Requirements:
In addition to the requirements for LADCs, all Contractor milieu staff in residential settings and transitional living programs and staff providing recovery support aftercare group services shall be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification under RSA 330-C (http://www.gencourt.state.nh.us/rsa/html/NHTOC/NHTOC-XXX-330-C.htm). Certification must be completed within six (6) months of the contract's approval date.

Staff providing recovery support services are expected to be Certified Recovery Support Workers (CRSW) under the Board of Alcohol and Drug Abuse Professional Practice, or working toward that certification. Peer recovery support services made available through Recovery Community Organizations (RCOs), under agreement with BDAS on behalf of DHHS, shall be provided by individuals certified by those organizations (CRSW not required for peer recovery support services).

Supervision:
Ongoing clinical supervision will include weekly discussion of cases with suggestions for resources or therapeutic approaches, co-therapy, and periodic assessment of progress. When enough candidates are under supervision, group supervision may be included to help optimize the learning experience.

The content of supervision must include knowledge, skills, values, and ethics with specific application to the practice issues faced by the supervisee, including the core functions as described in the Twelve Core Functions of Alcohol and Drug Counseling.

The content of supervision must also include the standards of practice and ethical conduct, with particular emphasis given to the counselor's role and appropriate responsibilities, professional boundaries, and power dynamics.

In addition, all contracted treatment providers must participate in the Clinical Supervisor Learning Collaborative (LC) by June 30, 2013. This LC is provided by the Center for Excellence, under contract with DHHS. This LC will include a team from each contracted treatment provider that includes at least one agency clinical supervisor and at least one senior clinical staff. A Clinical Supervision Learning collaborative will be offered in SFY 2013.

Staffing Changes:
BDAS as agent for DHHS shall be notified of changes in key personnel with updated resumes that clearly indicate the staff member is employed by the Contractor submitted within five (5) working days. Key personnel are those staff for whom at least 10% of their work time is spent providing alcohol or other drug abuse treatment services.

1. New Hires: The Contractor shall notify BDAS on behalf of DHHS in writing within one month of hire when a new administrator or coordinator or any staff person essential to carrying out this scope of services is hired to work in the program. A resume of the employee, which clearly indicates the staff member is employed by the Contractor, shall accompany this notification.

2. Vacancies: The Contractor shall notify BDAS on behalf of DHHS in writing within 14 calendar days, if at any time, any site funded under this agreement does not have adequate staffing to perform all required services for more than one month.

Other Requirements:
The Contractor shall attend trainings and/or meetings as requested by DHHS.

ATR and Recovery Support Services:
All DHHS funded treatment and recovery support service providers must also be approved Access to Recovery (ATR) providers, as this will be the source of funding for these recovery support services through the Voucher Management System (VMS). Information on becoming an ATR provider can be found on the DHHS website: http://www.dhhs.nh.gov/dcbcs/bdas/atr/becomingprovider.htm

Regional Network Participation:
The Contractor will designate administrative level staff to regularly participate in the Regional Network and contribute to overall regional network strategic planning, monitoring, evaluation, and cross systems communication efforts. The Contractor is highly encouraged to serve on one of the work groups and contribute to data collection, regional strategic planning and evaluation. Participation will be measured by the annual Partner Survey (http://www.partnertool.net/) administered by NH Center for Excellence under contract with BDAS as agent for DHHS.

Performance Measures:
All treatment programs under contract with BDAS on behalf of DHHS are required to report on the National Outcome Measures (NOMs) established by the SAMHSA, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the WITS (electronic health record) system. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System (EHR/WITS).

SAMHSA National Outcome Measures:

DOMAIN	*OUTCOME*	*SUBSTANCE ABUSE TREATMENT MEASURES*
Abstinence	Abstinence from Alcohol and Drug Use	65% of clients that have met the minimum participation requirement are abstinent within the past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Employment Education	Increased/retained employment. Return to/stay in school	Employment rates or enrollment in school rates for clients are 25% greater at 6 months after admission to care coordination compared to at time of admission to treatment program.
Crime and Criminal Justice	Decrease criminal justice involvement	50% Reduction in the number of client arrests in past 30 days at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Stability in Housing	Increased stability in housing	10% Increase in the number of clients in stable housing at 6 months following admission to care coordination services compared to at time of admission to treatment program.
Access	Reduce the wait time for Intake & Admission	• 80% of clients will receive a telephone eligibility screening within 2 business days of first contact with the Contractor and those who screen eligible will receive an intake within 5 business days of the eligibility screening and • 80% of clients who meet admission criteria will be admitted to services or interim services within 5 business days of intake.
Retention	Increase retention in substance abuse treatment	70% of clients that have participated in the minimum participation requirement. See section in the following pay for performance paragraph.
Capacity	Increase service capacity	Increase by 10% the (unduplicated) number of clients receiving service from previous year – DHHS will not be held to this standard for SFY 2013 due to significant budget reductions.
Social Connectedness	Increased recovery supports/connections	50% of clients participate in care coordination and post treatment recovery support services (RSS).
Perception of Care	Client perception of care	Under development
Cost Effectiveness	Cost effectiveness (average cost)	Average Contractor cost per client for services provided per client are within 10% of the average statewide cost per client of service for each modality of service.
Use of Evidenced-Based Practices	Use of Evidenced-Based Practices	• WITS Electronic Health Record • ASI or GAIN Assessment • NIDA/SAMHSA MATRS Treatment Planning model • Clinical model for treatment services recognized by National Registry of Evidence Based Programs and Practices (NREPP).

Data and Reporting Requirements:

1. Without limiting the generality of any other provisions of this agreement, the Contractor shall provide any periodic or special reports required by the DHHS.
2. The Contractor shall notify BDAS, as an authorized agent of DHHS, whenever the Contractor has reached ninety percent capacity to admit new clients. In addition the Contractor shall have a waiting list management policy in accordance with the SAPT Block Grant requirements. This 90% notification process will become automatic when this operation is fully functional in WITS.
3. The Contractor shall notify DHHS through BDAS, within one working day, if sufficient capacity is not available to provide treatment services to a pregnant woman, parenting woman or injection drug user within the required time frames and a referral elsewhere is not successful and interim services cannot be provided.
4. The Contractor shall comply with all research and/or information systems development activities for the electronic health record/Web Infrastructure for Treatment Services (EHR/WITS) conducted by, or authorized by, DHHS.
5. The Contractor shall administer any client surveys, client assessments including the addiction Severity Index (ASI) or the Global Appraisal of Individual Needs (GAIN), client treatment outcome instruments, the M.A.T.R.S. Treatment Planning Tool, as required by DHHS.
6. The Contractor must have the ability to communicate and submit required reports via the Web-based submission system and/or e-mail, for treatment s and recovery support services and interim services. All required clinical and documentation activities shall be entered in WITS unless specifically granted an exception by BDAS on behalf of DHHS.

Critical Incident/Sentinel Event Reporting:

The Department's Sentinel Event policy is contained in the following link: http://www.dhhs.nh.gov/dcbcs/sentinel.htm

Division of Community Based Care Services (DCBCS) Sentinel Event Notification:
The preceding events require the immediate verbal notification to the BDAS Assistant Administrator or Clinical Services Unit Administrator upon the discovery of a sentinel event involving an individual(s) receiving services through a DHHS substance use disorder treatment Contractor.

Since the initial and immediate verbal notification of a sentinel event is likely to include protected health information (PHI) as identified below, the Contractor of services to individuals receiving services funded by the DHHS shall disclose PHI in a private and secure manner. Contractors and vendors should not leave voice-mail messages, but instead make direct telephone contact with the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee. If direct telephone contact is not possible, a voice mail message may be left without protected health information, such as medications and relevant medical and psychiatric diagnoses. As soon as possible after the initial verbal notification, the Contractor will mail or fax a completed *Sentinel Event Reporting Form* as directed in this protocol.

Notification shall include the following:

1. Name and phone number of the individual reporting.
2. Name, date of birth (DOB), medications and all relevant medical and psychiatric diagnoses of individual(s) involved;
3. Location, date, and time of event;
4. Description of the event including what, when, where, how, and other relevant information and identification of any other individuals involved;
5. Legal status of the individual involved with regard to guardianship and power of attorney;
6. Community, guardian, family and/or families' knowledge of the event; and
7. Contractor contact person and contact information.

It shall be the responsibility of the BDAS Assistant Administrator or Clinical Services Unit Administrator or designee to notify the DCBCS Quality Improvement Director by e-mail as soon as the BDAS Clinical Administrator or designee becomes aware a Sentinel Event has occurred. The DCBCS Quality Improvement Director shall make immediate notification to the Commissioner. Internal e-mails within the Department may contain PHI and all Department employees will utilize safeguards to ensure the privacy of the PHI as stated in the DHHS General Manual Health Insurance Portability and Accountability Act (HIPAA) policy #504.

Each DCBCS bureau recognizes its responsibility to report evidence of neglect, abuse or exploitation to the appropriate regulatory agencies as required by RSA 161-F: 42-57 and RSA 169-C:29. In any case of known or suspected neglect, abuse or exploitation, the Contractor aware of the situation shall follow all applicable rules relative to individual rights protection procedures.

Written follow up information is to be forwarded by the reporting Contractor to the appropriate BDAS Administrator listed below within 72 hours by completing the *Sentinel Event Reporting Form.* To protect clients' confidential information, reporting Contractors should submit the *Sentinel Event Reporting Form* either by fax to the BDAS Assistant Administrator or the BDAS Clinical Services Unit Administrator by a mail service that provides delivery confirmation.

Bureau of Drug and Alcohol Services
Assistant Administrator
105 Pleasant Street
Concord, NH 03301
Or by fax to the BDAS Administrator's Office at 271-6105;

Follow-up information is the responsibility of the Contractor and should be submitted in a way as to protect clients' confidential information such as by mail with delivery confirmation and should include:

1. The *Sentinel Event Reporting Form(www.dhhs.nh.gov/dcbcs/documents/sentinelform.pdf)*;
2. Additional details as they are learned or if the status of the situation changes; and,
3. Copies of newspaper articles.

The BDAS Assistant Administrator or BDAS Clinical Services Unit Administrator is responsible for forwarding a copy of the *Sentinel Event Reporting Form* received from a Contractor to the DCBCS Quality Improvement Director at:

Division of Community Based Care Services
Quality Improvement Director
129 Pleasant Street
Concord, New Hampshire 03301
Or by fax: 271- 4912

Additionally, DHHS requires critical incident reporting. The Contractor shall report all critical incidents/sentinel events to the BDAS Clinical Services Unit Administrator immediately via telephone. Every effort shall be made to reach the BDAS administrator directly. If a voice message is necessary, sufficient provider contact information shall be provided so that DHHS is able to reach the reporter, or other responsible staff, immediately.

A critical incident includes, but is not limited to, any child or adult protective services report to the Division of Children, Youth and Families (DCYF), or the Bureau of Elderly and Adult Services (BEAS), respectively, regarding any incident involving 1) a staff/employee to youth or client, 2) youth to youth, or 3) client to client. This includes incidents that occur while a client is on leave, or on a pass, from the Contractor and may be off site at the time the incident occurred.

A sentinel event is an unexpected occurrence involving the death or serious physical or psychological injury, or risk thereof, signaling the need for immediate investigation and response.

Death or any serious injury or medical emergency regarding staff or clients that requires emergency medical attention (EMT or other emergency personnel at the Contractor's site, or a hospital emergency room visit), or any crime reportable to law enforcement, or any other serious incident must also be reported to DHHS as described below.

Reportable sentinel events include, but are not limited to, any occurrence that meets any of the following criteria:

1. An unanticipated death or permanent loss of function, not related to the natural course of an individual's illness or underlying condition.
2. Homicide or suicide of any individual receiving DHHS funded care, treatment or services, that had been discharged from a Department funded program or facility within 30 days of the event, or has been evaluated by a service Contractor within the preceding 30 days;
3. Sexual assault or rape of any individual receiving DHHS funded care, treatment or services by another client or employee of any Department funded program or facility where there is an act that was witnessed or there is sufficient clinical evidence obtained by the Contractor to support allegation of nonconsensual sexual contact.
4. Unauthorized departure of an individual receiving DHHS funded services, from a facility providing care, resulting in death or permanent loss of function.
5. Medication error that results in death, paralysis, coma, or other permanent loss of function.
6. Delay or failure to provide DHHS funded Contractor services that result in death or permanent loss of function.
7. Abuse as a result of the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, or mental anguish. This includes staff neglect or indifference to infliction of injury or intimidation of one individual by another.
8. Neglect as a result of the failure to provide the goods and services necessary to avoid physical harm, mental anguish or mental illness.
9. Assault of or by a client of the Contractor that results in the injury of the person or another person of such severity that medical attention is required.
10. Arson resulting in property loss.
11. High profile events, which may include media coverage and/or police involvement.

On-Site Reviews:

1. The Contractor shall allow a team or person authorized by DHHS to periodically review the Contractor's systems of governance, administration, data collection and submission, clinical, and financial management in order to assure systems are adequate to provide the contracted services.
2. Reviews shall include, but not be limited to, client record reviews to measure compliance with this exhibit.
3. The Contractor shall make corrective actions as advised by the review team if contracted services are not found to be provided in accordance with this exhibit.
4. DHHS staff shall contact the Contractor in advance of the site visit, so that the Contractor shall have sufficient time to prepare any guidance/reporting systems or logs that will be reviewed at the site visit.

I. General Provisions

CONTRACT PERIOD: July 1, 2012 or date of G&C approval, whichever is later, through June 30, 2013

CONTRACTOR NAME: The Youth Council

ADDRESS: 112 West Pearl Street, Nashua, NH 03060

AGENCY CONTACT TITLE: Executive Director
AGENCY CONTACT NAME: Betsy Abrahams
TELEPHONE: 603-889-1090

Vendor #154886-B001

Job #95841387 Appropriation #05-095-095-958410-1387-102-500734
Job #95848501 Appropriation #05-095-095-958410-1388-102-500734
Job #95846501 Appropriation #05-095-095-958410-5365-102-500734

II. Funding Sources

The total amount of all payments made to the Contractor for cost and expenses incurred in the performance of the services, as detailed in Exhibit B, during the period of the contract shall not exceed:

$ 23,713.00 for Substance Abuse Treatment Services, funded from 90% General funds and 10% Highway funds.

$ 16,876.00 for Substance Abuse Treatment Services, funded from 100% general funds from the Governor's Commission on Alcohol and Other Drug Prevention, Intervention and Treatment.

$ 34,424.00 for Substance Abuse Treatment Services, funded from 100% federal funds from the Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment (SAPT) Block Grant, CFDA 93.959.

TOTAL: $75,013.00

III. Payment Methodology

The Contractor shall agree to use and apply all contract funds from the State for costs and expenses as detailed in the approved contract budget(s). Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. Starting in State Fiscal Year 2013 (effective July 1, 2012) the contractor will receive a payment for each modality of services at a rate of one-twelfth (1/12) of the annual amount approved in the contract for that modality, less any pay for performance factors (utilization, access and retention) that apply. The annual contract approved amount prorated to the monthly portion is considered the BASE monthly reimbursement amount.

1. Performance Utilization:

A. Utilization Performance Criteria for all residential, outpatient and intensive outpatient treatment services:

Utilization criteria will be applied exclusively on a month-by-month basis, Contractors will not be retroactively reimbursed at the higher rate for past months even if the Contractor later meets the higher utilization rates year to date. Utilization criteria is first applied to monthly billing submitted by the Contractor to determine the total amount of expenses eligible for reimbursable, after which access and retention criteria are applied to determine if that amount will be reimbursed at 95% or 100% according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

B. Utilization Methodology by Modality:

i. Outpatient: Utilization for Outpatient is factored at a rate of 100 direct clinical hours per month per FTE. One hundred (100) clinical hours equates to 100% utilization. Outpatient utilization does not require separate consideration for individual or group outpatient counseling, the total of both is based on direct clinical hours of service. The FTEs for the contract are determined based upon the level of funding provided for outpatient divided by $75,000 (e.g. Agency ABC funding for outpatient services is $168,750 divided by $75,000 per FTE results in 2.25 FTE.)
ii. Intensive Outpatient: Utilization for Intensive Outpatient is determined in the same manner as Outpatient based on Full Time Equivalent. Individual or group intensive outpatient counseling are combined in determining the utilization rate with the total of both based on direct clinical hours of service.
iii. Residential Treatment/transitional living/halfway house: Utilization for all residential services is factored by taking the amount of funding for the modality of residential services and dividing it by the *bed day rate* to determine the total number of bed days per year, and then diving this amount by 365 days to determine the "beds per day factor" (which is equal to the number of beds being funded) for this modality of residential services. Utilization for residential treatment is factored by multiplying the "beds per day factor" by the actual number of days in a given month. As an example, say agency ABC is funded in the amount of $438,000 to provide 28-day residential treatment services for adults. Given that the per day bed rate for adult residential treatment services is $120 per day, the agency would be expected to provide 3,650 ($438,000/$120) bed days per year / 365 days per year = 10 beds per day. Utilization for residential treatment is factored by multiplying the "beds per day factor" by

the actual number of days in a given month; in this example the number of bed days for April would be 30 (days in April) X 10 beds per day or 300 beds at 100% utilization.

2. Utilization Access and Retention Payment Criteria Requirement

Contractors will receive the billing amount net of utilization rates, for each billing month in which the agency has met both the Access and Retention criteria outlined below for the given month. Any Agency not meeting both the Access and Retention criteria will receive reimbursement at 95% of the amount after first factoring utilization. Access and retention criteria do not include recovery support services. Performance criteria will be applied exclusively on a month-by-month basis, contractors will not be retroactively reimbursed at the 100% rate for past months even if the contractor later meets the Access and Retention rates year to date.

A. Access to Services:

Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.

ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

B. Retention:

A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)

ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.

iii. Have completed a minimum of 14 days of residential treatment service

iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

3. Failure to Meet Deliverables:

The Contractor shall comply with all contract requirements as detailed in Exhibit A section B, Required Services. Upon determination that Contractor may not be meeting the required deliverables, within two (2) weeks BDAS will provide a written correction action plan. Within two (2) weeks of notification of the corrective action plan, Contractor will provide a written remedial plan. BDAS will monitor the corrective actions for 60 days. Failure to meet requirements of the corrective action plan within 60 days may result in withholding of any or all payments or termination of the contract.

4. Invoicing & Billing:

Invoices shall be submitted by the Contractor to the State in a form satisfactory to the State for each modality of service. Said invoices shall be submitted within twenty (20) working days following the end of the month during

which the contract activities were completed, and the final invoice shall be due to the State no later than sixty (60) days after the contract Completion Date.

The Contractor shall have written authorization from the State prior to using contract funds to purchase or lease any equipment with a cost in excess of two thousand five hundred dollars ($2500) and with a useful life beyond one year.

IV. Allocation of Funding:

Any reallocation of funds between modalities of service requires prior written justification and approval from BDAS on behalf of DHHS. Reallocation of funds cannot exceed the total approved contracted amount.

V. Limitations and restrictions of federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds:

The Contractor agrees to use the SAPT funds as the payment of last resort.

Restrictions on SAPT Block Grant on State and Contractor expenditures include:
The State may not:

- Provide inpatient hospital services except under those conditions outlined in the regulations.
- Make cash payments to intended recipients of substance abuse services.
- Purchase or improve land.
- Purchase, construct, or permanently improve buildings or other facilities.
- Purchase major medical equipment.
- Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds. (in-kind)
- Provide financial assistance to any entity other than a public or non-profit private entity.
- Provide individuals with hypodermic needles or syringes.
- Expend more than the amount of Block Grant funds expended in FFY91 for treatment services provided in penal or correctional institutions of the State.

The Contractor shall not:

- Use any federal funds provided under this contract for the purpose of conducting testing for the etiologic agent for Human Immunodeficiency Virus (HIV) unless such testing is accompanied by appropriate pre and post-test counseling.
- Use any federal funds provided under this contract for the purpose of conducting any form of needle exchange, free needle programs or the distribution of bleach for the cleaning of needles for intravenous drug abusers.

VI. Charitable Choice:

Federal Charitable Choice statutory provisions ensure that religious organizations are able to equally compete for Federal substance abuse funding administered by SAMHSA, without impairing the religious character of such organizations and without diminishing the religious freedom of SAMHSA beneficiaries (see 42 USC 300x-65 and 42 CFR Part 54 and Part 54a, 45 CFR Part 96, Charitable Choice Provisions and Regulations). Charitable Choice statutory provisions of the Public Health Service Act enacted by Congress in 2000 are applicable to the SAPT Block Grant program. No funds provided directly from SAMHSA or the relevant State or local government to organizations participating in applicable programs may be expended for inherently religious activities, such as worship, religious instruction, or proselytization. If an organization conducts such activities, it must offer them separately, in time or location, from the programs or services for which it receives funds directly from SAMHSA or the relevant State or local government under any applicable program, and participation must be voluntary for the program beneficiaries.

Exhibit C

SPECIAL PROVISIONS

1. **Contractors Obligations:** The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. **Documentation:** In addition to the determination forms, required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

    8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 **Fiscal Records:** Books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 **Statistical Records:** Statistical, enrollment, attendance, or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's

responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in this Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. **Reports: Fiscal and Statistical**: The Contractor agrees to submit the following reports at the following times if requested by the Department:

12.1 **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. **Completion of Services:** Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. **Credits:** All documents, notices, press releases, research reports, and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document, etc.), was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services with funds provided in part or in whole by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. **Operation of Facilities:** Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the Contractor with respect to the operation of the facility or the provision of the services at such facility. If any government license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

16. **Insurance:**

As referenced in the Request for Proposal, Comprehensive General Liability Insurance Acknowledgement Form, the Insurance requirement checked under this section is applicable to this contract:

(a) **Insurance Requirement for (1)** - 501(c) (3) contractors whose annual gross amount of contract work with the State does not exceed $500,000, per RSA 21-I:13, XIV, (Supp. 2006): The general liability insurance requirements of standard State contracts for contractors that qualify for nonprofit status under section 501(c)(3) of the Internal Revenue Code and whose annual gross amount of contract work with the State does not exceed $500,000, is comprehensive general liability insurance in amounts of not less than $1,000,000 per claim or occurrence and $2,000,000 in the aggregate. *These amounts may NOT be modified.*

17. **Renewal:**

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to renew for one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

18. **Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:**

4. CONDITIONAL NATURE OF AGREEMENT.
Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

19. **Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language;**

10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.

10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.

10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.

10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.

10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

SPECIAL PROVISIONS – DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean the section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Whenever federal or state laws, regulations, rules, orders, and policies, etc., are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc., as they may be amended or revised from time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. Refer to RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated there under.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

The remainder of this page is intentionally left blank.

Standard Exhibit D

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act to 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I – FOR GRANTEES OTHER THAN INDIVIDUALS

b) US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

This certification is required by the regulations implementing Sections 5151-51-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). the January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630 of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services,

(i) 129 Pleasant Street

(ii) Concord, NH 03301

1) The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employee's about:

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) *Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:*

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten (10) calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted by:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

Place of Performance (112 West Pearl Street, Nashua, NH 03060)

Standard Exhibit E

CERTIFICATION REGARDING LOBBYING

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Section 319 of Public Law 101-121, Government wide Guidance for New Restrictions on Lobbying, and 31 U.S.C. 1352, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

US DEPARTMENT OF HEALTH AND HUMAN SERVICES – CONTRACTORS
US DEPARTMENT OF EDUCATION – CONTRACTORS
US DEPARTMENT OF AGRICULTURE – CONTRACTORS

Applicable program covered:
*Temporary Assistance to Needy Families under Title IV-A
*Child Support Enforcement Program under Title IV-D
*Social Services Block Grant Program under Title XX
*Medicaid Program under Title XIX
*Community Services Block Grant under Title VI
*Child Care Development Block Grant under Title IV

C. Contract Period: July 1, 2012 or date of G&C Approval, whichever is later, through June 30, 2013

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).

(2) If any funds, other than Federal appropriated funds, have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" (available at www.whitehouse.gov/sites/default/files/omb/grants/sflll.pdf), in accordance with its instructions, attached and identified as Standard Exhibit E-I.

(3) The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Standard Exhibit F

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

1. Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transition. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transition," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntary excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rule implementing Executive Order 12549: 45 CFR Part 76.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. *The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction", provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.*

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

(1) PRIMARY COVERED TRANSACTIONS

1. **The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:**

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   b. Have not within a three-year period preceding this proposal (contract) been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

d. Have not within a three-year period preceding this application/proposal (contract) had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Lower Tier Covered Transactions

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

STANDARD EXHIBIT H

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions of this contract agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

STANDARD EXHIBIT I
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILTY ACT
BUSINESS ASSOCIATE AGREEMENT

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the Health Insurance Portability and Accountability Act, Public Law 104-191 and with the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160 and 164 and those parts of the HITECH Act applicable to business associates. As defined herein, "Business Associate" shall mean the Contractor and subcontractors and agents of the Contractor that receive, use or have access to protected health information under this Agreement and "Covered Entity" shall mean the State of New Hampshire, Department of Health and Human Services.

BUSINESS ASSOCIATE AGREEMENT

(1) Definitions.

a. "Breach" shall have the same meaning as the term "Breach" in Title XXX, Subtitle D. Sec. 13400.

b. "Business Associate" has the meaning given such term in section 160.103 of Tile 45, Code of Federal Regulations.

c. "Covered Entity" has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations.

d. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR Section 164.501.

e. "Data Aggregation" shall have the same meaning as the term "data aggregation" in 45 CFR Section 164.501.

f. "Health Care Operations" shall have the same meaning as the term "health care operations" in 45 CFR Section 164.501.

g. "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act, TitleXIII, Subtitle D, Part 1 & 2 of the American Recovery and Reinvestment Act of 2009.

h. "HIPAA" means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the Standards for Privacy and Security of Individually Identifiable Health Information, 45 CFR Parts 160, 162 and 164.

i. "Individual" shall have the same meaning as the term "individual" in 45 CFR Section 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR Section 164.501(g).

j. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Parts 160 and 164, promulgated under HIPAA by the United States Department of Health and Human Services.

k. "Protected Health Information" shall have the same meaning as the term "protected health information" in 45 CFR Section 164.501, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

l. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.501.

m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.

o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreasonable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.

p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Use and Disclosure of Protected Health Information.

a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, the Business Associate shall not, and shall ensure that its directors, officers, employees and agents, do not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:

I. For the proper management and administration of the Business Associate;
II. As required by law, pursuant to the terms set forth in paragraph d. below; or
III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HITECH Act, Subtitle D, Part 1, Sec. 13402 of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. Business Associate shall report to the designated Privacy Officer of Covered Entity, in writing, any use or disclosure of PHI in violation of the Agreement, including any security incident involving Covered Entity data, in accordance with the HITECH Act, Subtitle D, Part 1, Sec.13402.

b. The Business Associate shall comply with all sections of the Privacy and Security Rule as set forth in, the HITECH Act, Subtitle D, Part 1, Sec. 13401 and Sec.13404.

c. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

d. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section (3)b and (3)k herein. The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard provision #13 of this Agreement for the purpose of use and disclosure of protected health information.

e. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

f. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

g. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

h. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

i. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such

information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

j. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.

k. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity; all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.

e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND

II. TRANSPARENCY ACT (FFATA) COMPLIANCE

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than $25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of $25,000 or more. If the initial award is below $25,000 but subsequent grant modifications result in a total award equal to or over $25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), the Department of Health and Human Services (DHHS) must report the following information for any sub-award or contract award subject to the FFATA reporting requirements:

1) Name of entity
2) Amount of award
3) Funding agency
4) NAICS code for contracts / CFDA program number for grants
5) Program source
6) Award title descriptive of the purpose of the funding action
7) Location of the entity
8) Principle place of performance
9) Unique identifier of the entity (DUNS #)
10) Total compensation and names of the top five executives if:
    a. *More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than $25M annually and*
    b. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions of the contract agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (*Reporting Sub-award and Executive Compensation Information*), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.

Totals	22,630,248.00	4,032,881.00	26,663,129.00

Funds are anticipated to be available in State Fiscal Years 2016 in the following accounts, upon availability and continued appropriation of funds in the future operating budget, with authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office if needed and justified, without approval from Governor and Executive Council.

Please see attachment for fiscal details.

EXPLANATION

These **sole source** actions are requested to provide a continuum of substance abuse treatment services for an additional six months. This will allow the Department the additional time to develop and publish a request for proposals that meets the changes for substance use disorder treatment services for the State of New Hampshire.

The fifteen Contractors will continue providing their current services such as: community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children. Additionally, this amendment includes funding for four vendors to develop and implement Medication Assisted Treatment Services, with two of the four subsequently providing Medication Assisted Treatment Services. These medication assisted treatment services are a critical component of combating the on-going opioid epidemic and associated spike in overdose deaths. These Contracted funds are used to support services for individuals who are not eligible for Medicaid or the New Hampshire Health Protection Program and for services not covered by these programs.

The Contractors will treat eligible clients who are unable to pay for services or able to pay only part of the cost of services, and who have or is suspected of having an alcohol or other drug abuse problem, and who are a resident of the State of New Hampshire or are homeless in New Hampshire.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment services could result in the loss of Federal Block Grant funds made available for these services.

The vendors were originally selected for these agreements through a competitive bid process. The original contracts for SFY 2013 were approved by Governor and Counsel on June 20, 2012, (Items 96, 97, 99 – 110, 112). Amendments for SFY 2014 were approved on June 5, 2013 (Item # 102A), except Grafton County approved on July 10, 2013 (Item # 50) and The Youth Council on June 19, 2013 (Item # 134), Amendments for SFY 2015 were approved on June 28, 2014 (Item #99), with this request providing services for the period July 1, 2015 to December 31, 2015.

This Governor and Executive Council package includes the amendment #3 and a copy of the Governor and Council Letters for the original contract and Amendments #1 and #2 for each contractor. An electronic copy of Amendments #1 and #2 for each contractor can viewed on line at http://sos.nh.gov/GC2.aspx.

The following performance measures will be used to assess the effectiveness of the agreements:

- The timeliness with which providers respond to calls requesting services within 5 business days to conduct initial eligibility screening.
- A $75.00 payment will be paid to the treatment contractor for each client who either completes or transfers to another treatment provider for continuing services.
- A $50.00 client follow-up fee will be paid to the treatment contractor at 3 months and again at 6 months post-discharge for each client who is contacted for follow-up and who meets at least 3 of the outcome criteria below:
    - Abstinence: The client reports reduced or no substance use in the past 30 days.
    - Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
    - Crime and Criminal Justice: The client reports no arrests in the past 30 days.
    - Stability in Housing: The client reports being in stable housing.
    - Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

Area served: Statewide

Source of Funds: 52.7% Federal Funds from the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, CFDA #93.959, Federal Award Identification Number TI010035-14 and 47.3% General.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services, to amend existing **Sole Source** agreements with two of fifteen vendors by increasing the price limitations by $296,844, from $22,333,404 to $22,630,248 in the aggregate, for a continuum of substance abuse treatment services statewide, effective date of Governor and Executive Council approval through June 30, 2015. There is no change to the original end date of June 30, 2015. These agreements were originally approved by Governor and Executive Council on June 20, 2012, (Item 108 and 102), and were subsequently amended on June 5, 2013, (Item 102A), and on June 18, 2014, (Item 99). 46% Federal, 54% General.

Summary of contracted amounts by vendor:

Contractor	Current Budget	Increase/ Decrease Amount	Revised Modified Budget
Child & Family Services, Manchester, NH	$ 260,409	$ 0	$ 260,409

		Grand Total	$22,333,404	$296,844	$22,630,248

EXPLANATION

These **sole source** actions are requested to ensure the continued provision of a statewide continuum of substance abuse treatment services for SFY 2015. Two anticipated vendors declined to contract for the provision of these services, creating a coverage gap. These two amendments close the coverage gap, ensuring services are available statewide for the remainder of SFY 2015. In June 2014, the Department sought Governor and Executive Council approval for amendments with 15 of the affected vendors out of the original 17 that were formerly providing services. Two vendors chose not to continue their agreements, creating a gap in available services in the Monadnock and North Country regions. Tri County Community Action Program and Phoenix Houses of New England, Inc. have agreed to increase their service capacity for these regions ensuring that area residents in need of these services have sufficient access. In combination, the full statewide continuum of services will be provided to the population served. The entire statewide continuum of services includes community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, along with specialized treatment services for pregnant and parenting women and their children.

Funds provided through these agreements are used to support services for individuals who are not eligible for Medicaid or the NHHPP, and services not otherwise covered by Medicaid or the NHHPP. The target population for the services provided through these agreements are for individuals that are either unable to pay for services or able to pay only part of the cost of services, who have or are suspected of having an alcohol or other drug abuse problem, and who are residing in NH.

Should the Governor and Executive Council determine to not authorize this request individual access to these services for these two regions will continue to be diminished as a result of lower provider capacity – leaving people that suffer from substance use disorders waiting for services that could mean the difference between sobriety and overdose. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service may place that Block Grant in jeopardy.

Area served: Statewide

Source of Funds: 46% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, CFDA #93.959, Federal Award Identification Number TI010035-14 and 54% General.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Please see Attachment A for financial details

EXPLANATION

These **sole source** actions are requested to provide a continuum of substance abuse treatment services for SFY 2015 as the healthcare landscape in New Hampshire rapidly changes with the implementation of the New Hampshire Health Protection Program (NHHPP). Under the New Hampshire Health Protection Program a substance use disorders benefit will be made available in New Hampshire on a limited Medicaid basis for the first time. As a result of these changes and the immediacy with which the New Hampshire Health Protection Program is being implemented, the Department determined it was necessary to put forth a sole source amendment for this transition year. This Requested Action to approve 15 of 15 amendments totaling $7,444,467 is anticipated to be spent state-wide for services that include community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children. Funds are used to support services for individuals who are not eligible for Medicaid or the New Hampshire Health Protection Program and for services not covered by these programs. See Matrix of Services (Attachment B).

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. Previously, the contractors have established rates and sliding fee scales independently; however, for SFY15, Bureau of Drug and Alcohol Services established a universal sliding fee scale for all contracted providers. The required universal sliding fee scale along with standardized service rates will ensure that clients bear the same degree of financial responsibility regardless of which Bureau of Drug and Alcohol Services contracted provider they access services with.

These contracts will continue to allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs of clients within particular regions of the state. Furthermore, the payment structure built into these contracts incentivizes practices that lead to positive client outcomes such as: abstinence, involvement in employment and/or education, and lack of involvement with the criminal justice system.

The following data illustrate the critical need for substance abuse treatment in New Hampshire. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration provides incidence rates for the 12 and over population in New Hampshire. Data collected in 2011/2012 provided the following rates:

- Alcohol Dependence or Abuse: 86,548 (6.79% of population)
- Illicit Drug Dependence or Abuse: 32,160 (2.76% of population)

- Needing but not receiving treatment for alcohol abuse: 73,949 (6.55% of population)
- Needing but not receiving treatment for illicit drug use: 28,563 (2.53% of population)

Recently, heroin and prescription drug use and the consequences of that use have reached epidemic proportion in New Hampshire:

- According to the 2011-2012 National Survey on Drug Use and Health, the rate of New Hampshire's young adults (ages 18 to 25) who reported non-medical use of pain relievers was the 11TH highest of all states, with 11.6% reporting abuse in the past year
- In the last ten years, the number of people admitted to state funded treatment programs rose by 90% for heroin use and by 500% for prescription opiate abuse. The sharpest increase was between 2012 and 2013.
- According to the New Hampshire State Police Forensic Laboratory, of traffic stops and arrests leading to a blood or urine test in 2012, 13%, or 704 arrests, involved heroin
- In 2011, drug-related deaths peaked at 200, more than ever before and four times as many deaths as in 2000, with 80% of drug deaths involving prescription medication, primarily opioid pain relievers

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment services could result in the loss of Federal Block Grant funds made available for these services.

The vendors were originally selected for these agreements through a competitive bid process. The original contracts for SFY 2013 were approved by Governor and Counsel on June 20, 2012, (Items 96, 97, 99 – 110, 112). Amendments for SFY 2014 were approved on June 5, 2013 (Item # 102A), except Grafton County approved on July 10, 2013 (Item # 50) and The Youth Council on June 19, 2013 (Item # 134), with this request providing services for the period July 1, 2014 to June 30, 2015. These amendments represent level funding of all vendors.

This Governor and Executive Council package includes the amendment #2 and a copy of the Governor and Council Letters for amendment #1 and for the original contract for each contractor. An electronic copy of amendment #1 for each contractor can viewed on line at http://sos.nh.gov/GC2.aspx.

The following performance measures will be used to assess the effectiveness of the agreements:

- The timeliness with which providers respond to calls requesting services within 5 business days to conduct initial eligibility screening.
- A $75.00 payment will be paid to the treatment contractor for each client who either completes or transfers to another treatment provider for continuing services.
- A $50.00 client follow-up fee will be paid to the treatment contractor at 3 months and again at 6 months post-discharge for each client who is contacted for follow-up and who meets at least 3 of the outcome criteria below:
    - Abstinence: The client reports reduced or no substance use in the past 30 days.
    - Employment/Education: The client reports increased or retained employment or the client reports returning to or staying in school.
    - Crime and Criminal Justice: The client reports no arrests in the past 30 days.
    - Stability in Housing: The client reports being in stable housing.
    - Social Connectedness: The client reports engagement in Recovery Support Services, Care Coordination, and/or Community Based Support Groups in the past 30 days.

Area served: State-wide

Source of Funds: 52.9% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant and 47.1% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Please see attachment for financial details

EXPLANATION

The requested action seeks approval of 15 of 17 agreements that represent $7,596,887 of the $7,741,314 total anticipated to be spent state-wide to provide a continuum of substance abuse treatment services via the accounting codes listed. These services include community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children. This request seeks to exercise the renewal option that exists within each of the vendor contracts. The Department anticipates that the remaining two agreements will be presented to Governor and Executive Council on June 19, 2013.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, these contracts will continue to allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The vendors were originally selected for this agreement through a competitive bid process. This request covers services for the period July 1, 2013 to June 30, 2014, and anticipates exercising the option to renew for one additional year as provided all of the previous vendor contracts, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with the listed vendors in State Fiscal Year 2013 in the amount of $7,741,314 in the aggregate. This agreement represents level funding of all vendors.

The following performance measures will be used to measure the effectiveness of the agreements:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services
ii. Have completed a minimum of 8 days of intensive outpatient treatment services – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for I intensive outpatient treatment services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. Group recovery support aftercare services are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care. These group recovery support services are for clients discharged from substance use disorder treatment services provided under contract with the Bureau of Drug and Alcohol Services on behalf of the Department, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received substance use disorder treatment from a different agency through the statewide care coordination program under agreement with the Bureau of Drug and Alcohol Services on behalf of the Department.

All treatment programs under contract with the Bureau of Drug and Alcohol Services on behalf of the Department are required to report on the National Outcome Measures (see attached) established by the Substance Abuse and Mental Health Services Administration, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the Electronic Health Record/Web Infrastructure Treatment System. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System.

Area served: State-wide

Source of Funds: 52.6% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant and 47.4% General .

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

June 4, 2013

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug and Alcohol Services, to exercise renewal options with vendors by increasing the price limitations by $150,026 in aggregate from $13,507,879 in aggregate to $13,657,905 in aggregate for a continuum of substance abuse treatment services state-wide and extending the completion date from June 30, 2013 to June 30, 2014, effective July 1, 2013 or date of Governor and Council approval, whichever is later.

Summary of contracted amounts by vendor: 52.6% Federal 47.4% General

Vendor	Amount
The Youth Council	$150,026
TOTAL	$150,026

Funds to support this request are anticipated to be available in the following accounts in SFY 2014 upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts within the price limitation and amend the related terms of the contracts without further approval from Governor and Executive Council.

05-95-49-491510-2989 HEALTH AND SOCIAL SERVICES, HEALTH AND HUMAN SVCS DEPT OF, HHS: DIV OF COMM BASED CARE SVC, BUREAU OF DRUG & ALCOHOL SVCS, GOVERNOR COMMISSION FUNDS (100% General Funds)

Please see attachment for financial details

EXPLANATION

The requested action seeks approval of the 16th of 17 agreements (Governor and Council approved 15 of the agreements as a single item on June 5, 2013) and represents $150,026 of the $7,741,314 total anticipated to be spent state-wide to provide a continuum of substance abuse treatment services via the accounting codes listed. These services include community based outpatient, intensive outpatient, residential, transitional living, and

recovery support services, including specialized treatment services for pregnant and parenting women and their children. This request seeks to exercise the renewal option that exists within each of the vendor contracts. The Department anticipates that the remaining agreement will be presented to Governor and Executive Council in July, 2013.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, these contracts will continue to allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The vendors were originally selected for this agreement through a competitive bid process. This request covers services for the period July 1, 2013 to June 30, 2014, and anticipates exercising the option to renew for one additional year as provided all of the previous vendor contracts, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with the listed vendors in State Fiscal Year 2013 in the amount of $7,741,314 in the aggregate. This agreement represents level funding of all vendors.

The following performance measures will be used to measure the effectiveness of the agreements:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services
ii. Have completed a minimum of 8 days of intensive outpatient treatment services – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for I intensive outpatient treatment services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Contractors, with the exception of those agencies that only offer outpatient services, are required to develop the capacity for group recovery support aftercare services for a minimum of 25% of the number treatment clients (including outpatient and transitional living program clients) they are under contract to serve. Group recovery support aftercare services are services that are consistent with an individual's recovery plan that prevent relapse and enhance or remove barriers to recovery. Recovery Support Services include, but are not limited to, guidance in financial management, parenting, vocational training, life management and spiritual counseling as well as transportation and child-care. These group recovery support services are for clients discharged from substance use disorder treatment services provided under contract with the Bureau of Drug and Alcohol Services on behalf of the Department, which may include clients that had received SUD treatment from the Contractor or a different agency. Contractors are only allowed to access these services for their clients or clients that had received substance use disorder treatment from a different agency through the statewide care coordination program under agreement with the Bureau of Drug and Alcohol Services on behalf of the Department.

All treatment programs under contract with the Bureau of Drug and Alcohol Services on behalf of the Department are required to report on the National Outcome Measures (see attached) established by the Substance Abuse and Mental Health Services Administration, as required in the Federal Substance Abuse Prevention and Treatment Block Grant, via the Electronic Health Record/Web Infrastructure Treatment System. The Department of Health and Human Services reserves the right to consider Contractor performance across all of the domains in future funding decisions. The Contractor is expected to meet or exceed these percentages as measured by the Electronic Health Record/Web Infrastructure Treatment System.

Area served: State-wide

Source of Funds: 52.6% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant and 47.4% General .

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

			Subtotal	$27,404.00
			Total	$86,803.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Child and Family Services of New Hampshire was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $86,803.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Manchester area.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

ITEM # 106

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with Concord Hospital, Inc. (Vendor #177653 B014), 250 Pleasant Street, Concord, NH 03301, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $74,406.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

05-95-95-958410-1387 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, TREATMENT-PREVENTION-STATE

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95841387	$23,490.00
			Subtotal	$23,490.00
			Total	$74,406.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Concord area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Concord Hospital, Inc. was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $74,406.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Concord.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

Fiscal Year	Class/Object	Class Title	Job Number	Amount
SFY 2013	102-500734	Contracts for Prog Svc	95846501	$28,922.00
			Total	$28,922.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Portsmouth area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts

include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Families First of the Greater Seacoast was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $28,922.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.

ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Portsmouth New Hampshire.

Source of Funds: 100% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

			Total	$1,356,945.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Greater Nashua area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Greater Nashua Council on Alcoholism D/B/A Keystone Hall was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $1,356,945.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Greater Nashua area.

Source of Funds: 61.43% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 36.32% General Funds and 2.25% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

SFY 2013	102-500734	Contracts for Prog Svc	95841387	$79,383.00
			Subtotal	$79,383.00
			Total	$251,450.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Lebanon Area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Headrest, Inc., was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $251,450.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Lebanon Area.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

ITEM # 99

His Excellency, Governor John H. Lynch
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Community Based Care Services, Bureau of Drug & Alcohol Services, to enter into an agreement with Horizons Counseling Center, Inc. (Vendor #156808 B001), 25 Country Club Road, Suite 705, Gilford, NH 03249, to provide for a continuum of substance abuse treatment services, in an amount not to exceed $189,576.00 to be effective July 1, 2012 or date of Governor and Council approval, whichever is later, through June 30, 2013. Funds are available in the following accounts for State Fiscal Year 2013:

05-95-95-958410-5365 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES, HHS: COMMISSIONER, DCBCS TREATMENT & PREVENTION, ALCOHOL AND OTHER TREATMENT

SFY 2013	102-500734	Contracts for Prog Svc	95841387	$59,849.00
			Subtotal	$59,849.00
			Total	$189,576.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Gilford, Laconia and Plymouth areas.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Horizons Counseling Center, Inc. was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $189,576.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Gilford, Laconia and Plymouth areas.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins

			Total	$27,114.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The Mental Health Center of Greater Manchester was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $27,114.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Manchester.

Source of Funds: 45.65% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 51.16% General Funds and 3.19% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

SFY 2013	102-500734	Contracts for Prog Svc	95841387	$460,130.00
			Subtotal	$460,130.00
			Total	$1,457,490.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Statewide.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Phoenix Houses of New England, Inc. was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $1,457,490.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Statewide.

Source of Funds: 45.99% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

			Total	$432,486.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Manchester area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

National Council on Alcoholism and Drug Dependence/Greater Manchester was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. 			Total	$1,329,836.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Dover area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Southeastern New Hampshire Alcohol and Drug Abuse Services was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $1,329,836.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Dover area.

Source of Funds: 56.65% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 40.82% General Funds and 2.53% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

			Total	$611,907.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, statewide

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

Tri County Community Action Programs, Inc., was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $611,907.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Statewide.

Source of Funds: 46% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.85% General Funds and 3.15% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins

			Subtotal	$23,713.00
			Total	$75,013.00

EXPLANATION

The purpose of this agreement is to provide a continuum of substance abuse treatment services such as community based outpatient, intensive outpatient, residential, transitional living, and recovery support services, including specialized treatment services for pregnant and parenting women and their children, in the Nashua area.

Client eligibility for treatment services is targeted at those either unable to pay for services or able to pay only part of the cost of services, and who has or is suspected of having an alcohol or other drug abuse problem, and who is a resident of the State of New Hampshire or is homeless in NH. All clients discharged from treatment services supported by this contract will be referred to care coordination and recovery-support aftercare services as clinically appropriate, supported separately by the Federal Access to Recovery Grant.

The State is migrating toward a Resiliency and Recovery Oriented Systems of Care. Recovery-oriented systems of care are networks of organizations, agencies and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. In addition, this contract will allow the State to improve the quality and array of services available to clients. Quality improvement efforts include the exchange of data and information that will support "data driven" prevention and treatment programming to better address the needs to the region.

The New Hampshire Office of Energy and Planning reported the 2009 Population Estimates of New Hampshire Cities and Towns as 1,324,575. The National Survey on Drug Use and Health commissioned by the Substance Abuse and Mental Health Services Administration in 2008/2009 reported the following demographic data for New Hampshire:

- Alcohol Abuse: 97,630 (7% of population)
- Alcohol dependence: 44,850 (3% of population)
- Illicit Drug Abuse: 43,810 (3% of population)
- Illicit Drug Dependence: 32,240 (2% of population)
- Substance Abuse: 126,630 (10% of population)
- Needing but not receiving treatment for alcohol abuse: 93,990 (7% of population)
- Needing but not receiving treatment for illicit drug use: 39,390 (3% of population)

In addition, the New Hampshire Medical Examiner office reported 172 drug related overdose deaths in NH during 2010. The New Hampshire Administrative Office of the Courts reported 9,500 arrests and 5,000 convictions for Driving While Impaired in 2009. Approximately 90% of individuals arrested for Driving While Impaired have an underlying substance abuse disorder according to the National Institute on Alcohol Abuse and Alcoholism.

Should the Governor and Executive Council determine to not authorize this Request, agencies would not have sufficient resources to promote, implement and provide the array of services necessary to provide individuals with substance use disorders the necessary tools to achieve, enhance and sustain recovery. In addition, failure to obligate the federal funds in the Substance Abuse Prevention and Treatment Block Grant to community based programs to provide alcohol and other drug treatment service would place that Block Grant in jeopardy.

The Youth Council was selected for this agreement through a competitive bid process. A Request for Proposals was posted on the Department's web site on March 6, 2012 through April 2, 2012. In addition, a bidder's conference was held on March 12, 2012.

A total of 19 proposals were received. A review committee of three professionals reviewed each proposal. All reviewers have between three to twenty years experience managing agreements with vendors for various public health programs. Areas of specific expertise include: maternal and child health; substance abuse prevention and treatment; chronic and communicable diseases; and public health infrastructure. Eighteen of the proposals were selected for funding based on review criteria that included availability of funds, consistency with stated funding priorities, technical score, and equitable geographic distribution. The agency that was not selected did not meet the minimum scoring criteria established for funding. The Bid Summary is attached.

This request covers services for the period July 1, 2012 to June 30, 2013, with an option to renew for one additional year, pending availability of funding, the agreement of the parties and approval of Governor and Council. These services were contracted previously with this agency in State Fiscal Year 2012 in the amount of $75,013.00. This agreement represents level funding.

The following performance measures will be used to measure the effectiveness of the agreement:

- Utilization criteria will be applied exclusively on a month-by-month basis according to the criteria below.

i. Contracts running at 90% to 100% of utilization in a given month will be reimbursed at 100% of the contracted rate for that month.
ii. Contracts running at 80% to 89% of utilization in a given month will be reimbursed at rate of 95% of the contracted rate for that month.
iii. Contracts running below 80% of utilization in a given month will be reimbursed at the rate of utilization for that month (for example for a given month in which utilization was 59% the contractor would be reimbursed at 59% of the contracted rate for that month).

- Treatment contractors shall respond to calls requesting services, whether an initial or subsequent call, from clients or referring agencies as soon as possible and within at least 2 business days following the day the call was received. The following Access Criteria must be met for a minimum of 80% of prospective clients (from clients or referring agencies) for the month in which billing is being submitted:

i. Treatment contractors are required to conduct initial eligibility screening as soon as possible, ideally at the time of first contact (direct communication by phone or in person) with the client or referring agency, but not later than 5 business days following the date of first contact.
ii. Those who have screened eligible for services will start receiving services, whether for the identified level of care or interim services, within 10 business days follow the eligibility screening.

- A minimum of 70% of clients, which have completed or otherwise are no longer receiving services, will have met the minimum retention standards for the modality of services received as noted below:

i. Have completed a minimum of 6 sessions of outpatient treatment services (OP)
ii. Have completed a minimum of 8 days of intensive outpatient treatment services (IOP) – only those days in which a client has participated in minimum of 10 units (2.5 hours) of service per day (12 units per day is the standard for IOP services) may be counted.
iii. Have completed a minimum of 14 days of residential treatment service
iv. Has completed a minimum of 28 days in a transitional living/halfway house residential program.

Area served: Nashua.

Source of Funds: 45.89% Federal Funds from Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, 50.95% General Funds and 3.16% Other (Highway) Funds.

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.
