EXPLANATION

The purpose of this request is to ensure continued availability of Personal Emergency Response Systems (PERS) to older adults, age sixty (60) and older, who demonstrate a need for the device. Eligible participants with a PERS can summon the Contractor when they need emergency assistance. The Contractor provides monitoring services twenty-four (24) hours per day, seven (7) days per week.

A PERS is a medical alert system specifically designed to assist older adults in a medical emergency. These systems can assist older adults with remaining independent by ensuring they receive help quickly in the event of a medical emergency, such as a fall in the shower that requires medical intervention.

As stated in Exhibit C-1, Revisions to General Provisions, Paragraph 3 of the contract, the Department reserves the right to renew the Contract for up to two (2) additional years, subject to the continued availability of funds, satisfactory performance of services and approval by the Governor and Executive Council. The Department is satisfied with the Contractor's performance and is exercising the right to renew services through this request. Link to Life determines client eligibility appropriately, is consistently responsive to client issues and promptly responds to Department referrals.

Notwithstanding any other provision of the contract to the contrary, no services shall continue after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2020-2021 biennia.

Should the Governor and Executive Council not authorize this request, older adults who live alone may not have the ability to seek help after a fall or during a medical emergency. According to the CDC, one (1) in four (4) older Americans fall each year. Additionally, the CDC reports that falls are the leading cause of traumatic brain injury-related deaths in older adults. Falls threaten older adults' safety and independence and can lead to permanent ailment and enormous personal costs.

Area served: Statewide

Source of Funds: 58% Federal Funds from the U.S. Department of Health and Human Services, Administration for Community Living, Older American Act Title III, Grants for State and Community Programs on Aging – Title IIIB, Catalogue of Federal and Domestic Assistance (CFDA) #93.044, Federal Award Identification Number (FAIN) 18ANHT3SS and 42% General Funds.

In the event that the Federal Funds become no longer available, additional General Funds will not be requested to support this program.

Respectfully submitted,

Christine L. Santaniello,
Director

EXPLANATION

The purpose of this request is to purchase personal emergency response systems that allow elderly adults to secure and maintain maximum independence and dignity. Participants receive a personal emergency response device that they can use to summon the contractor for emergency assistance. The contractor will provide 24/7 monitoring services for a fee of \$30 per client, per month.

The personal emergency response systems provided through this agreement assist eligible individuals to live as independently as possible in safety and with dignity. The Department will measure the contractor's performance based upon the following: The contractor will conduct client surveys on the quality of the services to ensure satisfactory services to the elderly population. Additionally, the contractor will be collecting and reporting data on the number of clients served; the number of hours spent on delivering services to clients; and the locations of the clients receiving services. Information collected by the contractor will be used by the Department to understand gaps in service delivery and to be better informed to engage in more meaningful discussions about this important response system that helps elderly adults remain in their homes and stay connected to their communities.

This contract was competitively bid. A Request for Applications was available on the Department of Health and Human Services' website from July 19, 2016 through August 16, 2016. Two (2) applications were received in response to the Request for Applications. The applications were evaluated based upon the criteria published in the Request for Applications by a team of individuals with program specific knowledge and expertise. GTI, Inc. d/b/a/ Link to Life was selected. The bid summary is attached.

As referenced in the Request for Application and in Exhibit C-1 of this contract, this competitively procured Agreement has the option to be extended for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

Should the Governor and Executive Council not authorize this agreement, personal emergency response systems provided to low income, elderly clients may be reduced, or eliminated, to an extent that it could jeopardize their ability to remain in their homes and in their communities. This could result in the need for more costly long-term care services in traditional nursing homes or community based care programs. Personal emergency response systems allow the elderly adults to secure and maintain independence, health, and quality of life while remaining in their own homes and communities.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
 - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. - k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) **Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

- a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.
