EXPLANATION

The purpose of this request is to perform audits for the New Hampshire Medicaid Electronic Health Record Incentive Program. The vendor will review up to five (5) Eligible Hospitals (EH) and thirty (30) Eligible Professionals (EP) Medicaid Electronic Health Records (EHR) incentive payment records annually based on the EP and EH Pre-Payment Audit Programs and the number of providers

that apply for the New Hampshire Medicaid EHR Incentive Program. The audit will include a risk assessment that identifies high risk areas for post-payment audit, inclusive of eligibility and each of the meaningful use requirements and in alignment with the pre-payment audit programs. The risk assessment will identify specific measures that are more likely subject to incorrect information and those that are least likely to be adequately audited in a pre-payment verification process and include a process for how specific criteria will be audited. The vendor will refer all cases when potential fraud and/or abuse are detected to the Department.

Audits of incentive payments are a required element of the EHR Incentive Program. Providers who receive an EHR incentive payment for either the Medicare or Medicaid EHR Incentive Program potentially may be subject to an audit. Section 4201 of the American Recovery and Reinvestment Act of 2009 (ARRA) provides funding for incentive payments to eligible professionals and eligible hospitals for adoption, implementing, upgrading and the subsequent meaningful use of certified electronic health records. Payments are at 100 percent Federal Financial Participation to States for incentives to eligible Medicaid providers to purchase, implement, and operate certified EHR technology and establish 90 percent Federal Financial Participation for State administrative expenses related to carrying out this provision. 42 CFR Parts 412, 413, 422, and 495, published July 28, 2010, detail the requirements for implementing the Medicaid EHR Incentive Program.

Notwithstanding any other provision of the Contract to the contrary, no services shall be provided after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the legislature and funds encumbered for the SFY 2020-2021 biennia.

Myers and Stauffer LC was selected for this project through a competitive bid process. A Request for Proposals was posted on The Department of Health and Human Services' web site from May 24, 2018 through July 10, 2018.

The Department received one (1) proposal. The proposal was reviewed and scored by a team of individuals with program specific knowledge. The review included a thorough discussion of the strengths and weaknesses of the proposal. The Bid Summary is attached.

As referenced in the Request for Proposal, and in Exhibit C-1 of this contract, this Agreement has the option to extend for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

The following deliverables will be used to measure the effectiveness of the agreement:

- Submit an updated audit plan within forty-five (45) days of the contract effective date;
- Review up to five (5) EH and thirty (30) EP Medicaid EHR incentive payments annually;
- Submit monthly audit progress reports to the Department which will include a list of all audits completed to date, a list of all audits completed during the previous month, detailed findings for each audit, and any additional information as requested by the Department;
- Submit a report to the Department within seven (7) days of discovery of any suspected fraud and/or abuse;
- Submit monthly status reports to the Department which will include action taken on prior open matters, new problems encountered, the schedule status of all open matters identification of any outstanding issues that require the attention of the Department, a separate spreadsheet

deliverable that documents the detailed status of all outstanding audits, a detailed listing of all current audits being conducted, including start date, current status findings and estimated completion date, National Provider Identifier/CMS Certification Number, NH provider number, provider name, payee name, group/individual indicator, program year, payment year, type of provider, attestation type, start date of audit, current status, completion date of audit and audit finding.

- Submit a final report for each audit to the Department on or before the 10th day of each month following the completion date.

Should Governor and Executive not authorize this Request, to procure federally required post-payment audit services, program continuation activity will not be initiated and provider incentive payments shall be delayed or cease entirely. The program interruption could negatively affect the pace of transition to certified electronic health record systems by New Hampshire providers and ultimately impair the Department's progress achieving planned improvements in clinical data quality and more effective and cost efficient program initiatives.

Area served: Statewide

Source of Funds: 90% Federal Funds from the U.S. Department of Health and Human Services, Medical Assistance Program (Medicaid, Title XIX), and 10% General Funds.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Meredith J. Telus

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

Description of Organization (RFP Section 7.2.2.5)

Organizational Overview (RFP Section 7.2.2.5.1)

General Company Overview (RFP Section 7.2.2.5.1.1)

Established in 1977, Myers and Stauffer is a nationally-based CPA and consulting firm dedicated to serving the diverse needs of our government health care clients. Nationally recognized as experts in the area of health care consulting, policy, reimbursement, audit, and compliance, Myers and Stauffer currently services contracts for Medicaid agencies in 48 states. We are one of the very few firms in the country whose focus is on behalf of government agencies to ensure public funds directed to Medicaid and Medicare are expended in compliance with state and federal laws and regulations. We have served health care regulatory and enforcement agencies and worked with Medicaid agencies and CMS for more 40 years. Our experience in providing health care assurance and consulting services to state Medicaid programs, CMS, and the DOJ is unrivaled in the industry.

Ownership and Subsidiaries (RFP Section 7.2.2.5.1.2)

Myers and Stauffer is a limited liability company organized in the state of Kansas and licensed to practice in New Hampshire. We are registered with the state of New Hampshire and a copy of the firm's current registration certificate is included with this proposal in *License, Certificates and Permits* (RFP Section 7.2.2.9).

In the fall of 1998, we entered into a transaction with Century Business Services, Inc. (CBIZ), which resulted in the creation of CBIZ M&S Consulting Services, LLC. CBIZ M&S Consulting Services, LLC is wholly-owned by CBIZ, Inc. As part of this business model, Myers and Stauffer acquires office space, personnel, and other business resources from CBIZ M&S Consulting Services, LLC. These resources, including personnel and consultants, are assigned exclusively to serve the clients of Myers and Stauffer. Myers and Stauffer is wholly-owned by its partners.

AICPA has reviewed our business structure and refers to this model as an alternative practice structure. AICPA professional standards provide specific guidance regarding independence within alternative practice structure firms. These professional standards are published in the Independence, Integrity, and Objectivity section of the AICPA Code of Professional Conduct at ET Section 1.220.020. We fully comply with this, and all other professional standards.
