Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
State House  
Concord, NH 03301

**REQUESTED ACTION**

Authorize the Department of Health and Human Services, Office of Medicaid Business and Policy to enter into a **retroactive sole source** amendment with Dr. Ben Lewis, Ed. D, (Vendor #265755), 135 Bear Rock Road, White Pond, Windsor, NH 03244 to provide professional services by leading and assisting in the implementation of the quality assurance review and monitoring of the DHHS Health Facilities Licensing oversight regarding Lakeview Neurorehabilitation Center, Effingham, NH by extending the completion date from March 2, 2016 to June 30, 2016 with no change to the price limitation of \$62,352 effective March 3, 2016. The original agreement was approved by Governor and Executive Council on June 10, 2015 (Late Item #A). This is a zero cost amendment. 50% Federal Funds, 50% General Funds.

Funds to support this request are available in the following account in State Fiscal Year 2015 and State Fiscal Year 2016, upon the availability and continued appropriation of funds in the future operating budget, with the ability to adjust encumbrances between State Fiscal Years through the Budget Office without Governor and Executive Council approval, if needed and justified.

FISCAL YEAR	CLASS	TITLE	ACTIVITY CODE	AMOUNT

2016	102-500734	Social Service Contracts	95010051	\$39,352
			<b>TOTAL:</b>	<b>\$62,352</b>

**EXPLANATION**

The purpose of this **sole source** amendment is to extend the contract completion date to allow the vendor to participate in the Department's more extensive quality assurance review of the DHHS Health Facilities Licensing function and of the DHHS roles, responsibilities, and processes and procedures for the investigations of abuse, neglect and exploitation and complaint review.

This is **retroactive** because the Department did not receive the properly executed contracts within the required timeframe.

Although the reviews of Lakeview Neurorehabilitation Center have been completed, Dr. Lewis remains a critical participating member of the team commissioned to review the Department's regulatory and oversight functions. Based on Dr. Lewis' evaluation, the Department is requesting

an extensive review of the resources, needs and structure of the DHHS Health Facilities Licensing Unit. He will provide recommendations on how to ensure greater oversight, improving processes, improving communication, and setting consistent quality monitoring standards for the unit. Dr. Lewis will lead quality assurance reviews of the Department's Health Facilities Licensing oversight function, including a quality assurance review of the roles and responsibilities of DHHS relative to allegations, complaints and investigations of abuse and neglect. He will also conduct a thorough review all relevant statutes, regulations, licensing standards, including but not limited to, RSA 151 and the He-P 800 rules, including but not limited to He-P 807 and make recommendations for changes as appropriate.

Dr. Lewis was recommended to the Department because of his extensive experience in evaluation and quality improvement and has worked for the New Hampshire Department of Corrections in that capacity. Dr. Lewis is currently a surveyor with the Joint Commission on the Accreditation of Healthcare Operations. He was previously employed by Dartmouth Medical School as Director of Administration, Department of Psychiatry and also served as clinical associate and instructor.

Dr. Lewis is well qualified to provide high quality professional assistance and the expert independent assessment and recommendations that is needed and that will be beneficial to the Department, the State, and all interested parties.

Should the Governor and Executive Council not approve this request, the Department would not have access to the extensive experience necessary to complete the necessary quality assurance reviews, evaluations and improvements.

Area Served: Statewide

Source of Funds: 50% General Funds, 50% Federal Funds.

In the event that Federal Funds become no longer available, additional General Funds will not be requested to support this contract.

**REQUESTED ACTION**

Authorize the Department of Health and Human Services to enter into a **retroactive, sole source** agreement with Dr. Ben Lewis, Ed. D, of Windsor NH, to provide professional services and participate in the Department's monitoring of the Plan of Correction submitted by the Lakeview Neurorehabilitation Center, Effingham, NH and to lead and assist in the implementation of a quality assurance review of the DHHS Health Facilities Licensing oversight function in an amount not to exceed \$62,352 retroactive to March 2, 2015 through March 2, 2016.

Funds to support this request are available in the following account for State Fiscal Year 2015 and anticipated to be available in State Fiscal Year 2016, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

2016	102-500734	Social Service Contracts	95010051	\$39,352

**EXPLANATION**

The purpose of this Request is to enter into a **retroactive, sole source** agreement with Dr. Lewis for the provision of professional services to continue participating in the Department's monitoring of the Plan of Correction submitted by the Lakeview Neurorehabilitation Center. Dr. Lewis was previously engaged to participate in the licensing review of Lakeview Neurorehabilitation Center, which resulted in the Plan of Correction under which Lakeview Neurorehabilitation Center is now operating. Due to the ongoing and serious nature of the Department's oversight of Lakeview Neurorehabilitation Center, Dr. Lewis has remained as a critical participating member of the team that is closely monitoring compliance with the Plan of Correction and is working with the Department at risk.

In addition, the Governor commissioned a review of the Department's regulatory and oversight functions relative to licensing, adult protection, child protection and developmental disabilities. The report made several recommendations with regard to the structure and resources of the Department's regulatory oversight, including the statutory and regulatory framework that governs the operation of residential health facilities like Lakeview Neurorehabilitation Center. Dr. Lewis will lead a quality assurance review of the Department's Health Facilities Licensing oversight function, including a quality assurance review of the roles and responsibilities of DHHS relative to allegations, complaints, and investigations of abuse and neglect received, reviewed and/or investigated by Adult Protective Services, the Bureau of Developmental Disabilities, Health Facilities Licensing, and the Division for Children, Youth and Families.

Dr. Lewis will build on the recommendations made in the Governor's commissioned report which called for a review of the resource, needs and structure of the DHHS Health Facilities Licensing Unit and to ensure greater oversight, improve processes and communication, and for setting consistent quality monitoring standards. Dr. Lewis will work closely with and assist the Department in the implementation of such recommendations and improvements. Dr. Lewis is well-qualified to provide review of the structure, make appropriate recommendations and assist in the implementation of those recommendations.

Dr. Ben Lewis has extensive experience in evaluation and quality improvement and has worked for the New Hampshire Department of Corrections in that capacity. Dr. Lewis is currently a surveyor with the Joint Commission on the Accreditation of Healthcare Operations. He was previously employed by Dartmouth Medical School as Director of Administration, Department of Psychiatry and also served as clinical associate and instructor.

Dr. Lewis will provide valuable independent and expert review of the Department's oversight structure and process and of the regulatory structure regarding the services being provided to the severely developmentally disabled and traumatic brain injured population being served. Dr. Lewis will also provide valuable insight and assistance in the implementation of improvements in the regulatory scheme and oversight and quality assurance systems employed by the State.

Dr. Lewis is well qualified to provide high quality professional assistance and the expert independent assessment and recommendations that is needed and that will be beneficial to the Department, the State and all interested parties.

Should Governor and Executive Council not approve this request, the Department would not have access to the valuable insight and assistance in the implementation of improvements which are necessary to complete the review commissioned by the Governor.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

BFL  
6/1/15

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

  - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).
