**CHRISTOPHER D. CLEMENT, SR.**  
**COMMISSIONER**

**JEFF BRILLHART, P.E.**  
**ASSISTANT COMMISSIONER**

Bureau of Highway Maintenance  
(Well Section)  
November 29, 2012

Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Transportation to enter into a contract with Wragg Brothers of Vermont, Inc. of Ascutney, VT, (Vendor #160458) in the amount of \$26,907.00 for a 6-inch drilled well and pump on the property of Mark Simon, 531 Canaan Street, Canaan, NH from the date of Governor and Council approval through January 18, 2013, unless extended by the Department in accordance with the Standard Specifications. 100% Highway funds.

Funding is available as follows:

**FY 2013**

Salted Wells Account	
04-96-96-960515-3066	
400-500870 Highway Contract Payments	\$26,907.00

**EXPLANATION**

Results of investigations and water analysis has been evaluated, and it has been determined that the existing water supply has been contaminated by highway chlorides. The Department is therefore obligated to obtain a new water supply for the owner. This proposal is in conformity with RSA 228:34.

This contract was advertised and four bids were received and publicly opened on November 8, 2012. Wragg Brothers of Vermont, Inc., was the low bidder at \$26,907.00 and the Department considers this bid to be reasonable.

page 2

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution; and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Services' Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

Sincerely,

Christopher D. Clement, Sr.  
Commissioner

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both primary and secondary data collection techniques. The primary data was gathered through direct observation and interviews, while secondary data was obtained from existing reports and databases.

The third section details the statistical analysis performed on the collected data. This involves the use of descriptive statistics to summarize the data and inferential statistics to test hypotheses. The results of these analyses are presented in a clear and concise manner, highlighting the key findings of the study.

Finally, the document concludes with a discussion of the implications of the findings. It suggests that the results have significant implications for the field of study and provides recommendations for further research. The author also acknowledges the limitations of the study and offers suggestions for how these can be addressed in future work.
